PENALTY—NON-EXHIBITION OF CATTLE.

- If a Champion or Junior Champion shall be disqualified or shall be found to be unqualified to compete in the class for which it was entered, or to compete for the Championship or Junior Championship as the case may be, then the Championship or Junior Championship shall be awarded to the animal which was awarded the Reserve Championship or Reserve Junior Championship as the case may be.

Machines to shape Australia's progress

You can see them this year at the 1950 Royal Easter Show—the machines that will literally shape Australia's future progress.

You can examine them in detail at the Tutt-Bryant Stand (Stand 152), opposite the Manufacturers' Hall and the Woodchop.

Your interest, whether layman or engineer, will be aroused by machines for open-cut mining, quarrying, tunneling, logging, loading, and the construction of roads, dams and aerodromes.

You will realise at our exhibit why we pride ourselves on our interpretation of the meaning of "Service." You are sure to appreciate the many little thoughtful services gladly offered all visitors to our display.

You will be welcome at the Tutt-Bryant Stand. We hope you will avail yourself of the invitation to visit us, which we sincerely extend to you.

BECTIVE HEREFORD STUD

BECTIVE DEFENCE

The Bective Hereford Stud was founded in 1929 with the purchase of females from Hobartville, Golf Hill, Ennisview and Mount Leonard and Glengary dispersal sales. Since then the best sires sold in Sydney have been procured and used in the Stud with the result that the Stud is finding ready sale for both males and females that are offered, and has also figured prominently in the Show ring in Sydney and Brisbane and locally. The aim of the breeders is to produce soft, early-maturing, well-marked types of cattle with good heads, broad in the buttocks and standing square on their feet. Bective bulls meet with ready sale when offered, and universally purchasers' comments are very encouraging and pleasing to the breeders.

A RAILWAY QUIZ.

• Have you seen the Railway Show Exhibit?

You should not miss the opportunity of seeing this interesting working model of a railway system. It is in the Manufacturers' Hall.

• Are you making good use of the Railway Office on the Showground?

It is there for your convenience. You will find it in Bent Street, under the Members' Grandstand, open from 9.30 a.m. to 5.00 p.m.

• Have you had a trip in an air-conditioned train?

Modern air-conditioned expresses are now operating between Sydney and Nowra, Sydney and Albury, and Sydney and Newcastle.

• Are you consigning all your freight by rail?

If so, you will be helping the transport system that helps you in various ways—concession rates on show exhibits, reduced rates for store and starving stock, rebates of freight to encourage various industries, and low rates on primary products.

S. R. NICHOLAS,
Secretary for Railways.

CONDITIONS.

These competitions are for the purpose of educating and encouraging cattle exhibitors and attendants to parade exhibits before a Judge in the most efficient

manner. Suitable attire of competitors and condition of animals, although highly desirable, shall not be the deciding factor except in the case of equality of competitors.

There shall be two competitions and a Championship, viz:—

(a) Senior Paraders' Competition.

(From this competition one parader, from each breed shall be selected to contest the Championship Prizes), and

(b) Junior Paraders' Competition.

(The winner shall be eligible to contest the Championship Prizes).

The Senior Paraders' Competition shall be restricted to exhibitors and their principal herdsman.

The Junior Paraders' Competition shall be restricted to exhibitors' cattle attendants, other than exhibitors and principal herdsman.

From the contestants in the Senior Paraders' Competition one parader, in each breed, shall be selected to contest the Championship Prizes on Friday, 7th April. The selection shall be made during the judging of the cattle classes on Saturday and Monday, 1st and 3rd April.

The winner of the Junior Paraders' Competition shall be eligible for the Championship.

The Senior competition shall commence as soon as the exhibits in each class enter the Judging Ring on Saturday and Monday, 1st and 3rd April. The selected competitor from each breed shall be the one who, in the opinion of the competition selectors, parades his animals in the most efficient manner. Account will be taken of difficulties which a competitor may have in controlling an exhibit.

A competitor shall not be placed at an advantage or disadvantage as a result of parading animals in a less or greater number of classes.

Each competitor shall be allotted an armband number which must be worn in each class, and in the championship judging. The armband number shall be the only form of identification.

The Championship Paraders' Competition shall take place on Friday, 7th April. Each selected senior competitor and the winner of the Junior Paraders' Competition shall parade an animal as though under judging conditions.

One judge shall decide the Championship Prizes.

TRULINE

Brick Machines

TRULINE cement brick-making machines are approved and acclaimed by Dept. of Works and Housing, Commonwealth Experimental Building Station, Ryde, N.S.W., and other local council authorities.

TRULINE cement brick-making machines ensure a reliable supply of bricks when and wherever required.

As suitable materials, sand, gravel, ashes, and cement, are practically always available, the possibility and advantages of TRULINE BRICK MACHINES are unlimited.

Brick construction has numerous advantages over other building materials in outlying districts, in that fire risks are lessened, upkeep reduced, white ant problem eliminated, and climatic conditions equalised.

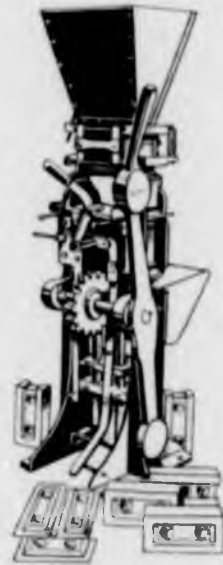

The machines are semi-automatic, simple and easy to operate, factory tested and ready to use.

Bricks made in TRULINE machines are of first-class quality and can be coloured or mottled if so desired.

THE TRULINE BRICK MACHINE WILL BE ON DISPLAY AND DEMONSTRATED AT ANTHONY HORDERN AND SONS LTD. (AGRICULTURAL SECTION) DURING THE ROYAL EASTER SHOW.

THE TRULINE "POWER" CEMENT BRICK-MAKING MACHINE WILL ALSO BE DEMONSTRATED.

The machines and their products are on display and demonstrated at the manufacturer's factory at all times.
