2020-2022 Police Uniforms & Equipment Bid Specifications

Preference will be given to Suppliers who can provide pricing for the majority of items.

Items listed by brand name are preferred. Substitutions may be allowed, however please include the substituted brand names for each item you wish to substitute. Suppliers with the least amount of substitutions may be given preference. If a substitution is made, please make sure to include the substituted brand name for each item you wish to substitute.

In the "Item Number" column, please fill in your company's item number which we would use to order the product, if it is different from what is listed. Please list the prices you are quoting in the "Price" column.

We have listed an estimated amount for you to get an idea of what we might order annually, but this is only an estimation, the actual number ordered during the agreement could be more or less than amount.

All orders are to be shipped to the Raytown Police Department and there shall be no shipping costs on any order (including special orders), make sure to factor those costs in your quote.

If there is an upcharge for a larger size, that cost will need to be listed on the quote for those items, otherwise all sizes shall be the price on the quote.

Feel free to use the notes column to explain any additional information.

Suppliers with a user friendly website will be given preference, especially if we are able to order online and still receive our quoted prices.

Please see the rest of the specifications at the bottom of the bid list.

Please contact Detective Brad Schwarz at 816-737-6120 or Schwarzb@raytownpolice.org if you have any questions or concerns.

CITY OF RAYTOWN
Request for Committee Action

Date: January 29, 2020
To: Sales Tax Oversight Committee
From: Captain Dyon Harper, Police Department

Action Requested: A finding from the Sales Tax Oversight Committee (STOC) that the purchase and up fit of a police vehicle meets the intent of the sales tax.

Recommendation: Recommend approval as submitted.

Analysis: The Police Department has a vehicle replacement plan for replacing vehicles in the police fleet. The replacement is determined through a cooperative effort with Public Works and the City maintenance garage.

Replace one (1) marked police unit: This unit will replace one marked unit (\$35,500.00 is budgeted for one police vehicle.)

Up fit of equipment and markings for one (1) marked police unit: This is for the markings and up fit of equipment for the new unit. The body style changed so some equipment will not transfer to the new vehicle and some new equipment will have to be purchased. \$20,000.00 is budgeted for vehicle markings and up fit; however the actual cost should be well below that amount. The final cost will be dictated by the amount of new equipment that will have to be purchased. The Police Department intends to transfer as much equipment from the old vehicle to the new vehicle as possible, to reduce up fitting costs.

Alternative: Not purchase the vehicle and equipment and risk service interruption in the event of a vehicle failure.

Total Cost – \$55,500.00

Account – Capital – 205.32.00.100.57000

11. **Information:** No provision of this contract shall be construed as limiting the Legislative Division of Post Audit from having access to information pursuant to K.S.A. 46-1101 *et seq.*
12. **The Eleventh Amendment:** "The Eleventh Amendment is an inherent and incumbent protection with the State of Kansas and need not be reserved, but prudence requires the State to reiterate that nothing related to this contract shall be deemed a waiver of the Eleventh Amendment."

CITY OF RAYTOWN
Request for Committee Action

Date: 01-24-2020
To: Sales Tax Oversight Committee
From: Captain Michelle Rogers, Police Department

Action Requested: Approve the purchase of a Dell Rugged 14 Model Series CVSA Lap Top.

Recommendation: Recommend approval as submitted.

Analysis: The Police Department utilizes the Computer Voice Stress Analyzer (CVSA) for criminal investigations and pre-employment investigations. We have been utilizing the same computer since 2010 and it is no longer covered under warranty and is outdated. The cost of the new computer is 9,995.00. However we will be trading in our current CVSA and the total cost will be \$5,995.00. This is a Capital Expense – 205-32-00-100-57000

No bid is required as NITV is the sole source for the CVSA as well as all manufacturer approved certification training programs related to any version of the CVSA.

Alternatives: Not purchase the computer and risk failure of our current computer. We would then need to pay to have an outside examiner perform our tests.

2020-2022 Police Uniforms & Equipment Bid Specifications

Preference will be given to Suppliers who can provide pricing for the majority of items.

Items listed by brand name are preferred. Substitutions may be allowed, however please include the substituted brand names for each item you wish to substitute. Suppliers with the least amount of substitutions may be given preference. If a substitution is made, please make sure to include the substituted brand name for each item you wish to substitute.

In the "Item Number" column, please fill in your company's item number which we would use to order the product, if it is different from what is listed. Please list the prices you are quoting in the "Price" column.

We have listed an estimated amount for you to get an idea of what we might order annually, but this is only an estimation, the actual number ordered during the agreement could be more or less than amount.

All orders are to be shipped to the Raytown Police Department and there shall be no shipping costs on any order (including special orders), make sure to factor those costs in your quote.

If there is an upcharge for a larger size, that cost will need to be listed on the quote for those items, otherwise all sizes shall be the price on the quote.

Feel free to use the notes column to explain any additional information.

Suppliers with a user friendly website will be given preference, especially if we are able to order online and still receive our quoted prices.

Please see the rest of the specifications at the bottom of the bid list.

Please contact Detective Brad Schwarz at 816-737-6120 or Schwarzb@raytownpolice.org if you have any questions or concerns.

Thanks. I have included the bid spec sheet and several pages of items that we typically buy and use at our department. I had to use two different excel lists to get it all together, so if they look different that is why. If you have any questions feel free to contact me.

Good afternoon Mike,

I have included the bid spec sheet and several pages of items that we typically buy and use at our department. I had to use two different excel lists to get it all together, so if they look different that is why. If you have any questions feel free to contact me.

Thanks,

Det. Brad Schwarz

Advanced Image Slider

The Advanced Image Slider feature will be programmed so that a Slider may be added to any section or sub-section of the public website. Each Slider will support up to 5 images uploaded by the Client on its administrative website.

Images must be correctly sized according to specifications (to be determined; will be communicated by GovOffice to the Client) in order to display optimally within the Image Slider.

Images within the Image Slider may be captioned; captions also are self-admin.

Filmstrip + Icons

The Filmstrip feature will be styled and programmed to appear on the homepage only of the Responsive design and include development of up to 10 Icons for use within the Filmstrip.

Sizing and the number of Icons within the Filmstrip that will appear at one time (without arrowing backward or forward) will depend on the professional judgment of the graphic designer.

The Icons will be uploaded to the Filmstrip by GovOffice by way of the Homepage Setup. Each Icon may be linked to any interior page or to any external Web page and may be activated/ deactivated as the Client wishes.

Advanced Notifications Banner

The Client's design will be programmed to include a Notifications Banner for the purpose of communicating notices, reminders, announcements, etc. A Notifications Banner may be added to any section or sub-section of the website and be activated only if a Notification has been created and turned on in the administrative website.

The banners will be a solid bar that sports one color site-wide and features a close out button. Notifications may be a line of text (either hyperlinked or not), and while there is no limit to the number of notifications posted at a time, it is suggested that the number of active notifications be kept to a minimum in the interest of usability by website visitors.

Local Weather Integration

The Local Weather Integration feature is a feed from the National Weather Service website at weather.gov. The linked display will show the current temperature and weather condition and be programmed to appear in the header of each page.

On tablets and smartphones the screen will be shrunk, and the desktop navigation menu will switch to a mobile menu (☰). At that point the weather feed will move from the header area of the website to the navigation menu.

Carousel

The Carousel feature is included in the Premium RWD package but is optional to use; if used, it will be programmed to appear only on one page (homepage is most common). The Carousel will support up to 10 items at a time, and, provided it is activated on the administrative website and the images are turned on, the Carousel will slide from right to left of the live website.

Images within the Carousel must be correctly sized according to specifications (to be determined; will be communicated by GovOffice to the Client) in order to display optimally. Each item may be titled and linked to any Web page, internal or external. The Carousel itself will be styled with one solid color, and each item's title font will match the font type of section titles, promotion titles, and sidebar titles throughout the website.

Process of Premium Level Responsive Website Design Package

This project will be a 2 draft, 3 revision process whereby the GovOffice Design Team will create up to two drafts that reflect the goals and objectives shared by the Client during the initial interview. When ready, the drafts will be submitted to the Client for evaluation. Upon selection of the preferred draft (1 out of the 2) by the Client, GovOffice will further develop it with up to 3 rounds of revision before asking for final approval.

Complete Navigation Analysis & Restructure

Content professionals will analyze the entire site navigation menu and then organize and label up to 231 pages according to best practices of usability and information architecture for professional, Responsive website designs.

First the Client will be asked to purge any dated section, sub-section, and content such as text, uploaded images, items, sidebars, and related links from the website in order to streamline the project. Then the entire navigation menu of the Client's current, live website will be analyzed.

Next a test site with a proposed navigation restructure mock-up will be created and shared with the Client. The Client will be encouraged to submit feedback after the initial mockup, and GovOffice will subsequently make revisions. These exchanges will continue until the navigation menu on the test site meets the Client's approval. Upon approval, the navigation menu restructure as shown on the test site will be built on the live website.
