

**RECLAMATION DISTRICT NO. 1000
BOARD OF TRUSTEES
REGULAR BOARD MEETING**

1633 GARDEN HIGHWAY
SACRAMENTO, CA 95833

**FRIDAY, SEPTEMBER 9, 2022
8:00 A.M.**

WEB & TELEPHONE MEETING ONLY

MODIFIED BROWN ACT REQUIREMENTS IN LIGHT OF STATE OF EMERGENCY

In compliance with CA Assembly Bill 361, members of the Board of Trustees and members of the public will participate in this meeting by teleconference. The call-in information for the Board of Trustees and the public is as follows:

Join the meeting from your computer, tablet or smartphone.

<https://www.gotomeet.me/rd1000>

You can also dial in using your phone.

United States (Toll Free): [1 866 899 4679](tel:18668994679)

United States: [+1 \(571\) 317-3116](tel:+15713173116)

Access Code: 539-716-757

If you don't already have the GoToMeeting application downloaded, please allow yourself additional time prior to the meeting to install the free application on your computer, tablet, or smartphone. The application is not required to participate via phone.

Any member of the public on the telephone may speak during Public Comment or may email public comments to kking@rd1000.org and comments will be read from each member of the public. During this period of modified Brown Act Requirements, the District will use best efforts to swiftly resolve requests for reasonable modifications or accommodations with individuals with disabilities, consistent with the Americans with Disabilities Act, and resolving any doubt whatsoever in favor of accessibility. Requests for reasonable modifications under the ADA may be submitted to the email address noted above, or by phone directly to the District.

All items requiring a vote of the Board of Trustees will be performed as a roll call vote to ensure votes are heard and recorded correctly. In addition, the meeting will be recorded and participation in the meeting via GoToMeeting and/or phone will serve as the participants acknowledgment and consent of recordation.

1. PRELIMINARY

- 1.1. Call Meeting to Order
- 1.2. Roll Call
- 1.3. Approval of Agenda
- 1.4. Pledge of Allegiance
- 1.5. Oath of Office – Trustee Thomas Smith
- 1.6. Committee Assignments
- 1.7. Conflict of Interest (*Any Agenda items that might be a conflict of interest to any Trustee should be identified at this time by the Trustee involved*)

2. PRESENTATIONS

No Scheduled Presentations

3. PUBLIC COMMENT (NON-AGENDA ITEMS)

Any person desiring to speak on a matter which is not scheduled on this agenda may do so under the Public Comments section. Speaker times are limited to three (3) minutes per person on any matter within RD 1000's jurisdiction, not on the Agenda.

Public comments on agenda or non-agenda items during the Board of Trustees meeting are for the purpose of informing the Board to assist Trustees in making decisions. Please address your comments to the President of the Board. The Board President will request responses from staff, if appropriate. Please be aware the California Government Code prohibits the Board from taking any immediate action on an item which does not appear on the agenda unless the item meets stringent statutory requirements (see California Government Code Section 54954.2 (a)).

Public comments during Board meetings are not for question and answers. Should you have questions, please do not ask them as part of your public comments to the Board. Answers will not be provided during Board meetings. Please present your questions to any member of RD 1000 staff via e-mail, telephone, letter, or in-person at a time other than during a Board meeting.

4. INFORMATIONAL ITEMS

- 4.1. [GENERAL MANAGER'S REPORT](#): Update on activities since the August 2022 Board Meeting.
- 4.2. [OPERATIONS MANAGER'S REPORT](#): Update on activities since the August 2022 Board Meeting.
- 4.3. [DISTRICT COUNSEL'S REPORT](#): Update on activities since the August 2022 Board Meeting.

5. CONSENT CALENDAR

The Board considers all Consent Calendar items to be routine and will adopt them in one motion. There will be no discussion on these items before the Board votes on the motion, unless Trustees, staff or the public request specific items be discussed and/or removed from the Consent Calendar.

- 5.1. [APPROVAL OF MINUTES](#): Approval of Minutes from the August 12, 2022 Regular Board Meeting.
- 5.2. [TREASURER'S REPORT](#): Approve Treasurer's Report for August 2022.
- 5.3. [EXPENDITURE REPORT](#): Review and Accept Report for August 2022.

AGENDA

*RD 1000 Board Meeting
September 9, 2022*

- 5.4. BUDGET TO ACTUAL REPORT: Review and Accept Report for August 2022.
- 5.5. ASSEMBLY BILL 361: Review and Consider Adoption of Resolution No. 2022-09-01 - Proclaiming a Local Emergency, Ratifying the Covid-19 State of Emergency, and Authorizing Remote Teleconference Meetings of Reclamation District No. 1000 Pursuant to The Ralph M. Brown Act.
- 5.6. WARRANT FOR FUND TRANSFER: Review and Consider Approval of Warrant for Transferring Funds between Investment Accounts.

6. SCHEDULED ITEMS

- 6.1. COMPREHENSIVE FINANCIAL PLAN: Review and Discuss Draft Phase 2.2 Property Related Fee Study and Consider Circulation for Public Comment.

7. BOARD OF TRUSTEE’S COMMENTS/REPORTS

7.1. BOARD ACTIVITY UPDATES:

7.1.1. RD 1000 Committee Meetings Since Last Board Meeting

- Executive Committee (Gilbert & Lee Reeder) August 31, 2022
- Finance Committee (Gilbert, Bains & Burns) August 31, 2022

7.1.2. RD 1000 Committees No Meetings Since Last Board Meeting

- Legal Committee (Avdis, Barandas, & Gilbert)
- Operations Committee (Bains, Barandas & Burns)
- Personnel Committee (Bains & Barandas)
- Urbanization Committee (Lee Reeder & Burns)

8. CLOSED SESSION

No Closed Session Items

9. ADJOURN

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 4.1

TITLE: General Manager's Report – September 2022

SUBJECT: Update on Activities Since the August 2022 Board of Trustees Meeting

EXECUTIVE SUMMARY:

This Staff Report is intended to report the noteworthy activities and events of the District. Noteworthy activity from August 2022 is provided below:

1. Administration Services

a. Human Resources

- i. No Update.

b. Comprehensive Financial Plan

- i. Staff Presented the Phase 2.2 Technical Report to the Board of Trustees on May 13, 2022. Staff continues to work on outreach regarding the proposed fee and has scheduled numerous meetings kicking off in June 2022.
- ii. 4Natomas.org launched on June 1, 2022. This website is being used as the landing point for all information relative to the District's work on the potential property related fee which the Board of Trustee will consider this fall.
- iii. Finance Committee reviewed the draft Phase 2.2 Storm Water Service Fee Study on August 31, 2022.

c. Strategic Communication Services

- i. GM King and Staff continue to work with Allen Strategic on a weekly basis for the various Outreach and Education Programs of import to the District.

2. District Operations

a. Routine Operations & Maintenance:

- i. District Crews continue to perform routine maintenance and operations of the District's infrastructure. See Agenda Item 4.2 for information regarding activities performed in August 2022.

3. Capital Improvement Projects

a. CIP Update

- i. KSN is currently working on Pumping Plant #8 Preliminary Design and construction phasing plan. Their electrical team is working on the preliminary design report and readying to engage structural to vet

feasibility of the site alternatives. With the operating sequences confirmed, the modeling team is underway on building the Plant 8 replica model used to diagnose and fix the cavitation issues. We expect to have design drawings and formal test plan from the modeling team that will be shared within the next few weeks.

4. Natomas Levee Improvement Projects

The Corps continues to work with the State and SAFCA on borrow for the project. Sites being studied and tested include the Sacramento Regional Sanitation District treatment plant stockpile; Port of West Sacramento; and the Brookfield property in Sutter County adjacent to the PGCC south of Howsley Road which could provide sufficient borrow for the remainder of the Natomas Project. SAFCA was not able to negotiate terms for using borrow from the Sutter Point development. The Corps has changed the borrow site for completing Reach B to include material from the Port of West Sacramento since material from the Lower American River sites are now being reused on-site and are no longer available for Natomas. The Corps is evaluating needs for each Reach and available sources to minimize delays and maximize efficiency.

a. Reach A

- i. The Contract was awarded in September 2021 to Ahtna-Great Lakes (joint venture) for the base contract levee work. The contractor has completed their pre-construction submittals and is mobilizing to initiate the test section for the cutoff wall construction. Construction will last for three years.
- ii. Modifications to Plant 1B have been included in the project and the Corps is expected to exercise the option to include Plant 1A by the end of September. The contract includes the provisions in the agreement between the District and SAFCA to ensure Plant 1A and 1B are operational during the flood season throughout the project and partial operation of Plant 1B during the irrigation season for rice drainage.
- iii. SAFCA/State continue coordinating with the Corps on SMUD, AT&T and PGE relocations which are underway but have delayed the start of construction.

b. Reach B

- i. Construction continued on Reach B including relocation of the Riverside Canal and replacement of other Natomas Water Company facilities. The Corps is working on logistics to acquire borrow material from the Port of Sacramento.
- ii. Outfall, discharge pipes, pumps and electrical replacement has been completed. Plant 3 was tested this past month, however issues with a temperature control switch were discovered, additional testing will need to be performed after switch installation. All four pumps are operational. San Juan Road has been reopened.

TITLE: General Manager's Report – September 2022

- iii. Construction at the I-5 window crossing the Sacramento River south of Bayou Road which began in 2021, has entered a second season and is scheduled to be complete by November 2022. RD 1000 has issued temporary use permit to the contractor. A detour is in place at Garden Highway and North Bayou Rd, this will remain through mid-November.
- c. Reach C
 - i. The Reach C project is complete, and the District is providing the operation and maintenance.
- d. Reach D
 - i. The reconstruction of Pumping Plant 4, discharge pipes and outfall structure has entered month 17. The plant will be non-operational this flood season as the electrical protection equipment delivery is September 2023. Completion target date of Plant 4 is September 2022. Coordinating with USACE, M&H and NMWC related to minor temporary power for electrical building and exterior lighting after contractor demobilizes from site.
 - ii. The Corps is working on the package to turn the previously completed levee improvements in Reach D over to the non-federal sponsors (and RD 1000) though the District has effectively taken over the O&M of the levee.
- e. Reach E
 - i. The plans and specifications for this reach are complete. The Corps is doing its final internal review and working with their contracting group to advertise the project for construction with contract award in November 2022. Construction will be in 2023 and 2024.
 - ii. SAFCA has acquired all the right of way for construction and utility relocations. This includes the Brookfield property which could yield sufficient borrow for the remainder of the Natomas project. SAFCA is coordinating with PG&E for the relocation of the utility poles scheduled to be completed in 2022.
- f. Reach F
 - i. The State, SAFCA and RD 1000 have provided comments to the Corps on the 95% plans. We continue working with the Corps on key issues affecting design; particularly the proposed takes on properties with existing structures, the work near Pumping plant No. 6, relocate or design around WAPA tower, and the borrow source currently proposed from the former Brookfield property now owned by SAFCA.
 - ii. Critical issues include right of way acquisition (some which require relocations); WAPA tower (lead time for relocation more than a year); utility relocations and borrow source. Based on potential right of way acquisition and utility relocation delays, the Corps is revising their schedule to delay

TITLE: General Manager's Report – September 2022

construction until 2025 with completion as late as 2027. SAFCA is trying to reduce the right of way acquisition time to allow construction to commence sooner.

g. Reach G

- i. See notes above for Reach F as Reaches F and G are combined into a single design and construction contract.

h. Reach H

- i. Construction at Reach H continues, including fence relocations, landside lower patrol road and I-80 berm. SAFCA continues acquisition of rights needed to complete patrol road and fence relocations. This project will continue through 2022 as these contract modifications are negotiated and rights of way acquired. Paving has been completed from the Arden/Garden Connector to Pump Plant #8.

i. Reach I

- i. Construction of the cutoff wall has been completed and project finalization and turnover to SAFCA and the District is in progress. A final construction report has been submitted for SAFCA and the District to review.
- ii. Design for the Reach I Contract 2 to construct a patrol / maintenance road and perform levee slope flattening has been completed. SAFCA is working on real estate acquisition and coordination with utilities for relocation. Contract for tree removal was awarded in January 2022 and has stopped now. The remaining trees will be removed in late 2022 (November/December). The levee construction is scheduled to be done in 2023.

j. Other Projects

- i. Plant 5 replacement—The Corps has awarded the design contract to the Stantec/Kleinfelder team. The new pumping plant will be located approximately 400 feet east from the current location. A kick-off meeting was held on-site in late August with the District providing our recommendations and standards to be compatible with our other pumping plants. The current schedule is for construction in 2024.
- ii. Highway 99 Window – HDR Engineers are doing the design for the closure of the Highway 99 crossing gap at the Natomas Cross Canal. 95% plans were reviewed in May 2022 with no significant issues identified. Next milestone is 100 % plan review in October 2022. Caltrans is now engaged with the project and provided their comments on the proposed lane closures to allow the cutoff wall constructed across the travel lanes but concur in general with the proposal. The schedule is to award the contract in June 2023 and construction completed by December 2023.

TITLE: General Manager's Report – September 2022

5. Miscellaneous

- a. Sacramento Area Flood Control Agency (SAFCA)
 - i. Board Meeting – August 18, 2022 (Attachment No. 1)

Board of Directors Action Summary of August 18, 2022 - 3:00 PM

WEBEX MEETING

Directors/Alternates Present: Ashby, Burns, Conant, Desmond, Frost, Holloway, Kennedy, Lee Reeder, Nottoli, Serna, and Shah

Directors Absent: Harris and Jennings

ROLL CALL

PUBLIC COMMENTS

CONSENT MATTERS

Motion by Director Conant and seconded by Director Holloway to approve Resolution Nos. 2022-089; 2022-090; 2022-077; 2022-091; and 2022-092 of Consent Matters. No members of the public requested to speak.

AYES: Ashby, Conant, Desmond, Frost, Holloway, Kennedy, Lee Reeder, Serna, Shah, Burns

NOES: (None)

ABSTAIN: (None)

ABSENT: Harris, Jennings, Nottoli

RECUSAL: (None)

1. Resolution No. 2022-089 - Proclaiming a Local Emergency Persists, Re-Ratifying the COVID-19 State of Emergency, and Re-Authorizing Remote Teleconference

Meetings of the Sacramento Area Flood Control Agency Board of Directors Pursuant to the Ralph M. Brown Act (Goldberg)

2. Approving the Action Summary for July 21, 2022 (Russell)
3. Resolution No. 2022-090 - Authorizing the Executive Director to Work with the State of California and Regional Partners to Adjust the Date of Attainment of the Urban Level of Flood Protection for Levees Within the State Plan of Flood Control in Recognition of U.S. Army Corps of Engineers Scheduling Contingencies (Bardini)
4. Resolution No. 2022-091 - Authorizing the Executive Director to Execute Amendment No. 12 to Contract No. 775 with Psomas for Topographic Mapping and Right of Way Engineering Services Related to the Natomas Levee Improvement Project (Bassett)
5. Resolution No. 2022-092 - Authorizing the Executive Director to Execute Amendment No. 4 to Contract No. 1528 with Geosyntec Consultants, Inc. for Professional Services Related to the American River Common Features 2016 Project (Ghelfi)

SEPARATE MATTERS

6. Resolution of Appreciation No. 2022-093 - Recognizing Nadine Ann Bradford for Her Contributions to the Sacramento Area Flood Control Agency (Johnson)

Motion By Director Mat Conant, seconded by Director Sue Frost to approve Resolution No. 2022-093.

AYES: Ashby, Conant, Desmond, Frost, Holloway, Kennedy, Nottoli, Lee Reeder, Serna, Shah, Burns

NOES: (None)

Respectfully submitted,
Lyndee Russell

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 4.2

TITLE: Operations Manager’s Report – September 2022

SUBJECT: Update on Activities Since the August 2022 Board of Trustees Meeting

EXECUTIVE SUMMARY:

This Staff Report is intended to inform the Board and serve as the official record of the activities the District’s field staff engaged in for the month of August 2022. As well as provide information regarding District facility use and local weather impacts on District facilities and river levels. Noteworthy activities include mowing along the inner and outer perimeter of the District including garbage removal along Garden Highway and the NEMDC. Staff is currently mechanically removing sediment from the West Drain and the M-7 ditch, which hasn’t been performed in over 15years. Along with assistance from staff, Aqua Terra completed our biannual primrose treatment within the West Drainage Canal, North Drainage Canal and East drainage canal, including Fisherman’s Lake and Bannon Canal. We are in the process of coordination with AT&T to install a fiber connection at the Corporation Yard. A new weather-head and initial electrical components have been installed. I anticipate the permanent connection will be made within the next month or so. SCADA components have been ordered related to the alarm call-out feature for Pumping Plant #1B, #2, #3 and #8. After the completion of PP#4, we will look to integrate call-out features at that plant.

The Operations Manager’s report was created to provide monthly updates to the Board of Trustees on field related activities within the District boundaries, as well as provide a historical record. This allows for the District and the public an opportunity to refer back to data trends over time regarding the weather impact on District facilities, crew activities, and local river and canal conditions as well as general District activities from month to month.

RECOMMENDATION:

There are no staff recommendations, the information provided is strictly informational.

Rain Totals Since
July 1, 2022 = 0"

Safety Topics for the Month of August

- Personal Protective Equipment – Face Protection
- Personal Protective Equipment – Hand Protection/Chemicals
- Personal Protective Equipment – General Hazards
- Personal Protective Equipment – Foot Protection

District Requests Received

The District received multiple requests related to trash, debris and abandoned vehicles along District facilities. Staff and local law enforcement were deployed to remove these items within District boundaries.

The chart below represents various activities the field crew spent their time working on during the month of August, 2022.

RD 1000 Field Crew	*Field Hours Worked	Activity
	402	Mowing
	237	Week Control
	152	Ditch Maintenance
	141	Equipment Maintenance/Repairs
	88	Garbage

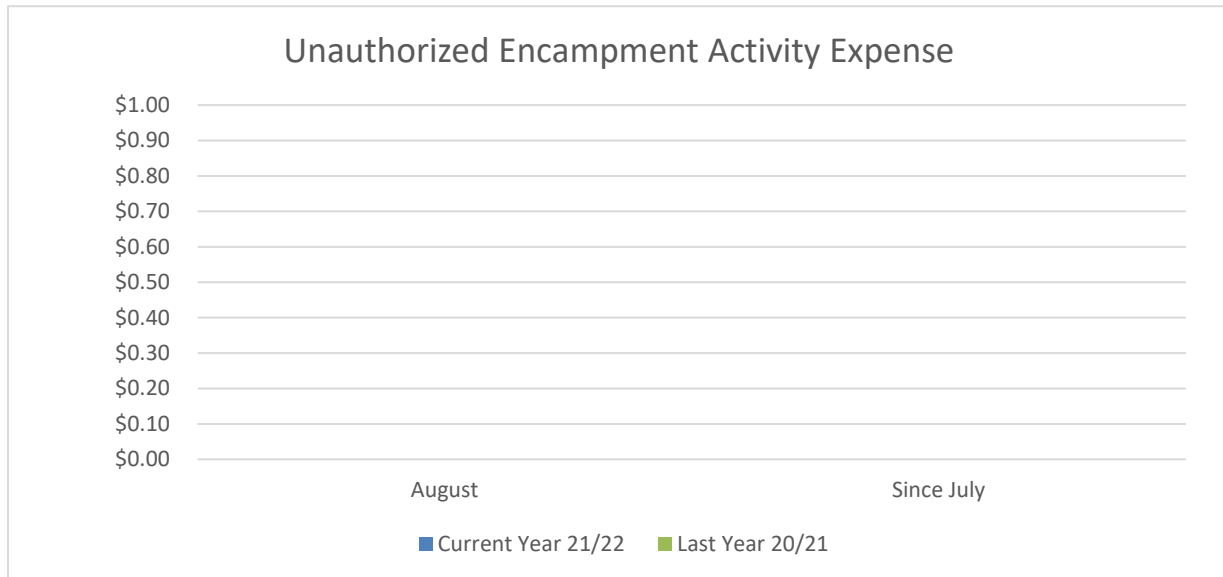

**Hours worked do not include the Operations Manager's time.*

Pumping

There were no pumping activities in the month of August.

Unauthorized Encampment Activity There were no unauthorized encampment activities in the month of August.

Unauthorized Encampment Activity – Year to Date There has been no unauthorized encampment activity for the current fiscal year.

Operations Manager's Report August 2022

1. Capital Improvement Projects

a. CIP Update

- i. KSN is currently working on Pumping Plant #8 Preliminary Design and construction phasing plan. Their electrical team is working on the preliminary design report and readying to engage structural to vet feasibility of the site alternatives. With the operating sequences confirmed, the modeling team continues to perform testing under different conditions and sump modifications. Plant 8 replica model used to diagnose and fix the cavitation issues. Physical modeling of pump sump started. Only minor issues were identified. Team working through proposed upgrades to bring sump into full compliance. Follow-up tests of for minor mods to Pumps 8&9 were not productive. Current review is to add divider wall. We expect to have design drawings and formal recommendation following the hydraulic analysis and testing that is currently in progress.
- ii. Analysis to update costs are in progress as it relates to the PP#8 pump reimbursement agreement with SAFCA, which includes hydraulic calculations for mitigation of capacity impacts from the previous levee construction project.
- iii. Plant 1A safety improvements are currently under review, M&H will provide preliminary recommendations soon.
- iv. Electrical Condition assessment complete, analysis and reporting in progress.
- v. PP#1B trash rack guide and chain replacement is complete.

2. Developmental Project Updates

a. MAP

- i. Reviewed comment from County on new RD1000 basinwide model impacting I-5 drainage infrastructure, including south of I-5. Potential increase of pumping and or channel improvements.

b. Greenbriar

- i. Greenbriar – Sac City has reviewed final reimbursement costs to RD1000.

- c. Upper West Side
 - i. Coordinating with Sac County regarding questions about pumping plant operational details.
- d. City of Sacramento Discharge Pipes
 - i. Sac City has discontinued work at Sump 58 (American River) & Sump 132 (Lower NEMDC).
- e. Sutter Pointe
 - i. Mass grading plan has been reviewed. Completed review of plans pertaining to new small lift pump station to discharge water from detention lakes.
- f. Misc. Caltrans
 - i. Coordinating efforts ongoing with the planned work at San Juan (EDC).
- g. Elkhorn Blvd/Powerline
 - i. B plans for Elkhorn extension have been reviewed and comments submitted.
- h. SMUD levee crossing at Swabbies
 - i. Permit review and endorsed. Will monitor activities when construction begins.
- i. Anton Dev Co Fong Ranch Road
 - ii. Met with City Parks and Rec to review drainage for the new park.
- j. Panhandle
 - i. Reviewed and commented on tentative map showing RD1000 ditches to be removed. Drainage study is being prepared.
- k. Northpointe Industrial Park
 - i. Completed backcheck of plans with no issues.
- l. Ninos Parkway Trail – B Drain
 - i. Bridge at B drain. Plans received 06/22/2022, currently under review.
- m. 920 San Juan Road
 - i. Reviewing NOI. Drainage study requested
- n. NorthLake Development
 - i. Drawings currently under review.

- o. MAP Schnitzer
 - i. Meeting scheduled to review M-7 drainage canal piping. Piping of drain was rejected by RD 1000.
- p. Airport South Industrial
 - i. New proposal for area south of I-5 and east of powerline road. Area is in floodway with significant RD1000 facilities on four sides. Significant detention proposed, but no drainage study at this time. Currently reviewing grading plans supporting documents for application.
- q. Pleasant Grove Truck Facility
 - i. Coordinating with engineer related to site drainage.

3. General Engineering Updates

- a. Basinwide Model
 - i. Stakeholder (City, Sacramento, Sutter Counties) kickoff held on 5/4. Sacramento County provided review comments. Most are clarifications, but a few model updates proposed. Review by MAP and Upper West Side designers included. No further comments expected from the City.
- b. Facility Mapping Tool
 - i. Working with M&H to complete field mapping tool (GIS)
- c. PGCC Culvert Video Inspections
 - i. Working with M&H to perform.

4. NLIP Projects

- a. Reach A
 - i. Weekly progress meetings/technical reviews
- b. Reach B
 - i. Weekly progress meetings/technical reviews
- c. Reach D
 - i. Weekly progress meetings/technical reviews
- d. Reach H
 - i. Weekly progress meetings/technical reviews
- e. I-5 Window
 - i. Weekly progress meetings/technical reviews

Maintenance Work Schedule				
	1-Aug	1-Aug Through 8-Aug	31-Aug 15-Aug	22-Aug
Crew 1				
Beto Gutierrez				
Truck # 57	Leave	Leave	* Aquatic vegetation application in Zone D & A	* Aquatic vegetation application in Zone A & J
Crew 2				
John Chilton				
Truck # 56	* Mowing activities in Zone D * Tree trimming along D-2 & D-3 ditches * Garbage removal throughout the District	* Mowing activities in Zone D & D-2/D-3 Ditches * Garbage removal throughout the District	* Mowing activities in Zone D & A * Garbage removal throughout the District	* Mowing activities in Zone A & J * Garbage removal throughout the District
Crew 3				
Taylor Tikalski				
Truck # 55	* Mowing activities in Zone D * Tree trimming along D-2 & D-3 ditches * Utilized water truck for fire suppression during mowing activities.	* Mowing activities in Zone D * Garbage removal throughout the District	* Mowing activities in Zone D * Garbage removal throughout the District	* Mowing activities in Zone A, J and the Pleasant Grove System * Utilized water truck for fire suppression during mowing activities.
Crew 4				
Bryan Hall				
Truck # 69	* Unit #37 - Body and hand throttle repairs * Unit #45 DPF repairs	* Unit #52 - Mower head repairs * Unit #45 - Replaced temperature sensor and DPF repairs * Unit #37 - Tire repairs * Unit #50 Battery Replacement, spray hose replacement and performed P.M. * Unit #22 - Tire Repair	* Unit #45 - Mower head repairs * Unit #37 - Fuel system and PTO repairs * B.I.T. Inspection and Air Brake Training Course * Unit #53 - PTO repairs	* Unit #19 - Hydraulic system repairs * Unit #45 - Mower head and charging system repairs * Unit #37 - Throttle and charging system repairs * Unit #52 - HVAC system repairs
Crew 5				
Ray Lewis				
Truck: #58	* Mowing activities in Zone D * Tree trimming along D-2 & D-3 ditches * Garbage removal throughout the District	* Garbage removal throughout the District * Utilized water truck for fire suppression during mowing activities.	* Mowing activities in Zone A * Garbage removal throughout the District * Utilized water truck for fire suppression during mowing activities.	* Mowing activities in Zone A & J * Garbage removal throughout the District
Crew 6				
Michael Rhoads				
Truck: #59	* Mechanically cleaned the M-7 Ditch from I-5 to Powerline Rd. * Transported heavy equipment throughout the District * Completed Primrose aquatic treatment	* Aquatic vegetation application in Zone D	* Aquatic vegetation application in Zone G * Culvert repairs at M-3 Ditch behind the Corp Yard	* Aquatic vegetation application in Zone I * Mechanically cleaning the West Drain from the Corp Yard to I-5.
Crew 7				
Mark Jenkins				
Truck #60	* Mechanically cleaning the M-2 Ditch & the West Drain from I-5 to Powerline Rd. * Completed Primrose aquatic treatment * Utilized water truck for fire suppression during mowing activities.	* Mechanically cleaning the West Drain from I-5 to Powerline Rd.	* Mechanically cleaning the West Drain from I-5 to Powerline Rd.	* Mechanically cleaning the West Drain from I-5 to Powerline Rd.

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 4.3

TITLE: District Counsel's Report – September 2022

SUBJECT: Update on Activities Since the August 2022 Board of Trustees Meeting

EXECUTIVE SUMMARY:

Reclamation District 1000's (RD 1000; District) General Counsel, Rebecca Smith and/or Scott Shapiro to provide verbal report of work performed during the month of August 2022.

STAFF RESPONSIBLE FOR REPORT:

Kevin L. King, General Manager

Date: 09/02/2022

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 5.1

TITLE: Approval of Minutes

SUBJECT: Approval of Minutes from August 12, 2022 Regular Board

EXECUTIVE SUMMARY:

This staff report serves as the official record of the Board of Trustees monthly meetings. This document details meeting participants, proof of items discussed, summaries of board meeting discussion, and the Board's actions. Staff recommends Board approval of meeting minutes from the following Board Meetings:

- August 12, 2022 Regular Board Meeting (Attachment No. 1)

The Ralph M. Brown Act (Gov. Code §54950 et seq.) governs meetings by public commissions, boards and councils, and public agencies in California. The Act facilitates public transparency and public participation in local government decisions. The Act also contains specific exemptions from the open meeting requirements where governmental agencies have a demonstrated need for confidentiality. To further comply with transparency, Reclamation District No. 1000 documents meetings of the Board of Trustees through Board Minutes.

RECOMMENDATION:

Staff recommends the Board approve the Minutes from the following Board Meeting:

- August 12, 2022 Regular Board Meeting (Attachment No. 1)

ATTACHMENTS:

1. August 12, 2022 Regular Board Meeting

STAFF RESPONSIBLE FOR REPORT:

 Joleen Gutierrez, Administrative Service Manager

Date: 09/01/2022

 Kevin L. King, General Manager

Date: 09/01/2022

**RECLAMATION DISTRICT NO. 1000
BOARD OF TRUSTEES MEETING**

**AUGUST 12, 2022
MEETING MINUTES**

In compliance with CA Assembly Bill 361, members of the Board of Trustees and members of the public participated in this meeting by teleconference. Present were Board Vice President Elena Lee Reeder; Trustee Nick Avdis; Trustee Jag Bains; Trustee Tom Barandas; Trustee Chris Burns; General Co-Counsel Rebecca Smith; General Co-Counsel Scott Shapiro; General Manager Kevin King; Operations Manager Gabe Holleman; Administrative Services Manager Joleen Gutierrez; Admin. Assistant Christina Forehand.

1. PRELIMINARY

1.1. Call Meeting to Order

Board Vice President Elena Lee Reeder called the meeting to order.

1.2. Roll Call

ASM Gutierrez called the roll.

Trustees Present: Elena Lee Reeder, Jag Bains, Tom Barandas, Chris Burns

Trustees Absent: Thom Gilbert, Nick Avdis

Trustee Nick Avdis arrived at 8:01 am

1.3. Approval of Agenda

Moved/Second: Trustee Chris Burns/Trustee Tom Barandas

Ayes: Trustee Elena Lee Reeder, Trustee Jag Bains, Trustee Tom Barandas, Trustee Chris Burns,
Trustee Nick Avdis

Noes: None

Abstain: None

Absent: Trustee Thom Gilbert

Action: The motion to approve August 12, 2022, Board Meeting Agenda is approved.

1.4. Pledge of Allegiance

Trustee Chris Burns led the Pledge of Allegiance.

1.5. Conflict of Interest (*Any Agenda items that might be a conflict of interest to any Trustee should be identified at this time by the Trustee involved*)

There were no conflicts of interest identified by the Trustees.

2. PRESENTATIONS

There were no scheduled presentations.

3. PUBLIC COMMENT (NON-AGENDA ITEMS)

Any person desiring to speak on a matter which is not scheduled on this agenda may do so under the Public Comments section. Speaker times are limited to three (3) minutes per person on any matter within RD 1000's jurisdiction, not on the agenda.

No public comments were made.

4. INFORMATIONAL ITEMS

4.1. GENERAL MANAGER'S REPORT: Update on activities since the July 2022 Board Meeting.

General Manager Kevin King provided a verbal update on District activities.

GM King stated his time has been focused on public outreach for the property-related fee of the 4Natomas program. He continues to attend a variety of community meetings, reviewing advertising opportunities and outreach plans. GM King shared that a district radio ad is currently airing on iHeart Media targeting the Natomas community. During the first four days of airing on the radio, three thousand impressions were made. A second radio ad is scheduled to run beginning September 1. Other outreach efforts will include electronic billboards along Interstate 80 (east and westbound lanes). The first electronic ad will be visible on August 15.

GM King also touched base on the election postcard that was discussed last month. He reports that overall, the feedback is positive, however, community awareness of RD1000 and its services is still low. He anticipates the trustee appointment, to fill the current board vacancy, will be made on August 23 at the Sacramento County Board of Supervisors meeting.

GM King made known that the Sacramento County Board of Supervisors approved an ordinance to limit camping on critical infrastructure. The ordinance will return to the Board on August 23. Critical infrastructure has been identified to include levee systems and floodways.

Counsel Scott Shapiro clarified that two hearings are required for an ordinance. If it is passed on August 23, the ordinance will go into effect 30 days after. RD1000 employees will be able to call the sheriff for enforcement of the ordinance should a situation arise. Counsel Shapiro recommends posting signage stating the provisions of the ordinance and indicators of critical infrastructure so that the public is clear on what the ordinance entails.

Trustee Nick Avdis expressed his gratitude to the Board of Supervisors for voting in favor of the ordinance. The encampments on the floodways have become a major source of trash in the water. He inquired about the parameters regarding the definition of critical infrastructure as it pertains to the riverside of Garden Highway, specifically the NEMDC.

Counsel Shapiro clarified that the levee, patrol roads, pumping stations, and drainage canals are covered under the definition of critical infrastructure being used. All facilities within twenty-five feet of the channels are also considered critical infrastructure. Any part of the river itself is considered a flood-prone area and is under weather-based restrictions.

Trustee Avdis inquired about the NEMDC and if there would be a strip of land that was not covered in these parameters.

GM King affirmed that NEMDC land would be included. The patrol roads near the NEMDC count as critical infrastructure and therefore include any land within twenty-five feet as critical infrastructure. He also stated that most encampments are in flood channels. When the water level starts to rise, they may attempt to move onto the levees. The ordinance will help prevent this.

Trustee Elena Lee Reeder made it known that several of the signs that had been posted around Garden Highway had been stolen or damaged. She inquired as to what the plan was to prevent

sign removal. GM King responded that he was unsure what the plan would be at this time but that it would be discussed.

Trustee Lee Reeder brought up the CBS interview regarding the boat that caught fire and asked GM King to email it to the other trustees. GM King mentioned that a link was provided in the previous General Manager's Report; adding that CBS did a follow-up interview regarding the fee program.

4.2. OPERATIONS MANAGER'S REPORT: Update on activities since the July 2022 Board Meeting.

Operations Manager Gabe Holleman stated that 50% of the properties had their hedge modification completed as part of the Seeing Levees Saving Lives campaign. He also stated that the safety manual is being reviewed and will be brought back next month.

Trustee Chris Burns inquired if the safety manual included the handling of chemicals being used in the yard, to which Operations Manager Holleman confirmed.

General Manager King added that KSN and Utah State University set up a scaled-down model to look at our pump arrangement. Some of the findings were critical: issues such as cavitation were present.

4.3. DISTRICT COUNSEL'S REPORT: Update on activities since the July 2022 Board Meeting.

Counsel Rebecca Smith stated that she and Counsel Scott Shapiro have been working with the County on the ordinance previously mentioned. They are also working on preparation for the fee study.

General Manager King made known that Counsel also assisted with preparation for the Trustee election.

5. **CONSENT CALENDAR**

The Board considers all Consent Calendar items to be routine and will adopt them in one motion. There will be no discussion on these items before the Board votes on the motion, unless Trustees, staff, or the public request specific items be discussed and/or removed from the Consent Calendar.

Pulled for Discussion

Trustee Chris Burns requested item 5.7 be pulled for discussion.

Moved/Second: Trustee Elena Lee Reeder/Trustee Nick Avdis

Ayes: Trustee Elena Lee Reeder, Trustee Nick Avdis, Trustee Jag Bains, Trustee Tom Barandas, Trustee Chris Burns

Noes: None

Abstain: None

Absent: Trustee Thom Gilbert

Action: Motion to approve Consent Calendar Items 5.1-5.6, 5.8, and 5.9 is approved.

Discussion of Item 5.7

Trustee Chris Burns suggested that conflicts of interest should be reviewed by the Legal Committee, rather than a non-attorney individual. Trustee Nick Avdis supported this suggestion.

Counsel Scott Shapiro inquired if the suggestion is for the current action item or if the suggestion entails all future conflict of interests.

Trustee Burns stated that the Legal Committee should review the entire process.

Counsel Shapiro stated Downey Brand's interest in the issue. He made it known that sending an item to the Legal Committee would cause a month's delay before Downey Brand can work with the item.

Trustee Burns asked about the deadlines regarding transferring the properties to the City. Counsel Shapiro indicated there is no deadline, but that the state is withholding money from SAFCA until the properties are transferred. He also suggested that the Board send this process to the Legal Committee for review, to which Trustee Burns disagreed.

GM King suggested that the conflict-of-interest waiver for the Natomas Mutual Water Company (NMWC) be approved today to move forward with the SAFCA property transfer and acquisition. The process of conflict-of-interest waivers would then be discussed at a future Legal Committee meeting and subsequently return to the Board.

Trustee Burns inquired about the possibility of approving the NMWC conflict of interest waiver, to which Counsel Shapiro explained that the action would be to approve GM King's ability to sign off on the waiver.

Trustee Burns created a motion to approve General Manager's authority to sign the NMWC waiver and for the Legal Committee to review and authorize future conflicts of interest.

Trustee Jag Bains asked if the review of conflicts of interest by the Legal Committee would require consultation with GM King.

Counsel Shapiro stated that the Legal Committee would review the waivers, but the Board would still have to approve them.

GM King clarified that the motion would give the Legal Committee the authority to review and approve conflict of interest waivers.

Moved/Seconded: Trustee Chris Burns/Trustee Jag Bains

Ayes: Trustee Elena Lee Reeder, Trustee Nick Avdis, Trustee Jag Bains, Trustee Tom Barandas, Trustee Chris Burns

Noes: None

Abstain: None

Absent: Trustee Thom Gilbert

Action: Motion to approve Item 5.7 to authorize General Manager King to sign the NWMC Conflict of Interest Waiver and to authorize the Legal Committee to review and approve future conflict of interest waivers is approved.

- 5.1. APPROVAL OF MINUTES: Approval of Minutes from the July 8, 2022, Regular Board Meeting.
- 5.2. TREASURER'S REPORT: Approve Treasurer's Report for July 2022.
- 5.3. EXPENDITURE REPORT: Review and Accept Report for July 2022.

- 5.4. BUDGET TO ACTUAL REPORT: Review and Accept Report for July 2022.
- 5.5. ASSEMBLY BILL 361: Review and Consider Adoption of Resolution No. 2022-08-01 - Proclaiming a Local Emergency, Ratifying the Covid-19 State of Emergency, and Authorizing Remote Teleconference Meetings of Reclamation District No. 1000 Pursuant to The Ralph M. Brown Act.
- 5.6. CRITICAL INFRASTRUCTURE CLEANUP: Review and Consider Adoption of Resolution No. 2022-08-02 - Authorizing the Enforcement of Chapter 8.140 of Sacramento City Code Upon District Property and Facilities.
- 5.7. CONFLICT OF INTEREST WAIVERS: Review and Consider Authorizing the General Manager to Approve Conflict of Interest Waivers.
- 5.8. DECLARATION OF SURPLUS ASSETS AND DISPOSAL AUTHORIZATION: Review and Consider Declaration of Surplus Assets and Authorizing the General Manager to Dispose of Assets in 2022.
- 5.9. SACRAMENTO & SAN JOAQUIN DRAINAGE DISTRICT ABATEMENT PILOT PROGRAM: Review and Consider Authorizing the General Manager to Execute Agreement with Sacramento and San Joaquin Drainage District

6. **SCHEDULED ITEMS**

There were no scheduled items.

7. **BOARD OF TRUSTEE'S COMMENTS/REPORTS**

7.1. BOARD ACTIVITY UPDATES:

7.1.1. RD 1000 Committee Meetings Since Last Board Meeting

- Executive Committee (Gilbert & Lee Reeder) August 3, 2022

7.1.2. RD 1000 Committees No Meetings Since Last Board Meeting

- Finance Committee (Gilbert, Bains, & Burns)
- Legal Committee (Avidis, Barandas, & Gilbert)
- Operations Committee (Bains, Barandas & Burns)
- Personnel Committee (Bains & Barandas)
- Urbanization Committee (Lee Reeder & Burns)

8. **CLOSED SESSION**

8.1. No Closed Sessions Items Scheduled.

9. **ADJOURN**

Moved/Second: Trustee Chris Burns/Trustee Elena Lee Reeder

Ayes: Trustee Elena Lee Reeder, Trustee Nick Avidis, Trustee Jag Bains, Trustee Tom Barandas, Trustee Chris Burns

Noes: None

Abstain: None

Absent: Trustee Thom Gilbert

Action: Motion to adjourn the meeting is approved.

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 5.2

TITLE: Treasurer's Report

SUBJECT: Approve Treasurer's Report for August 2022

EXECUTIVE SUMMARY:

This Staff Report is intended to inform the Board of the current total funds in the District's checking and money market accounts, Sacramento County Treasurer Fund, State Treasurer Local Agency Investment Fund (LAIF), and the City of Sacramento Pooled Investment Fund.

The Staff Report attachment provides the monthly beginning and ending balances of its Operations and Maintenance cash flow. The report considers the current month's receipts, fund to fund transfers, accounts payable, and payroll. Notable fund and cash flow items during August 2022 are featured in the attached Treasurer's Report.

The District maintains funds in the California State Controller Local Agency Investment Fund (LAIF), the Sacramento County Treasurer, and Bank of the West. The District's primary source of income is property assessments. Assessments are collected through respective Sacramento and Sutter County tax bills.

Annually, the Board of Trustees approves a Resolution designating officers and signatories to the Operations and Maintenance Fund held by the Sacramento County Treasurer. The District's Financial Reserve Policy guides current, future, and unexpected funding requirements. The District's Investment Policy guides investments made by the District of any surplus or reserve funds it may have.

RECOMMENDATION:

Staff recommends the Board approve the August 2022 Treasurer's Report.

AGENDA ITEM NO. 5.3

TITLE: Expenditure Report

SUBJECT: Review and Accept Reports for August 2022

EXECUTIVE SUMMARY:

This Staff Report advises the Board of monthly expenditures and explains any expenses outside of the usual course of business. Staff recommends the Board review and accept the Expenditure Report for August 2022.

Expenses

The Administrative Services Manager reviews and the General Manager approves expenditures. This activity is disclosed monthly as an attachment to this staff report.

The Expenditure Report (Attachment 1) has a few note items: \$43,000 to Aqua Terra LLC for aquatic herbicides, \$45,866.84 to Keentek, Inc. for boardroom audio visual/sound system, and \$20,000 deposit to USPS for election related business reply mail account.

RECOMMENDATION:

Staff recommends the Board review and accept the Expenditure Reports for August 2022.

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 5.4

TITLE: Budget to Actual Report

SUBJECT: Review and Accept Report for August 2022

EXECUTIVE SUMMARY:

This Staff Report provides a monthly budgetary snapshot of how well the District meets its set budget goals for the fiscal year. The monthly Budget to Actual Report contains a three-column presentation of actual expenditures, budgeted expenditures, and the Budget percentage. Each line item compares budgeted amounts against real-to-date expenses. Significant budgeted line item variances (if any) will be explained in the Executive Summary of this report.

Attachment 1 provides a report for the month ending August 2022. The most significant expenditures to date under Administration are Memberships. Significant expenses under Personnel are Group Insurance, contributions toward retiree health, Payroll Taxes, Pension, and normal costs for Annuitant Health Care. Significant expenses under Operations are supplies/materials, and utilities.

BACKGROUND:

The Board of Trustees adopts a budget annually in June. District staff prepares the budget, which presents the current year's budget versus expenditures and a proposed budget for the upcoming fiscal year.

Three Board committees review the draft budget before being presented to the Board for adoption in June. The Personnel Committee reviews the wage and benefits portion of the budget. The Operations Committee reviews the Capital expenditures Budget. After the two committees review and make recommendations to the budget, the final draft is prepared for the Finance Committee to consider. After review by the Finance Committee, the final Proposed Budget is presented to the entire Board for adoption at a regular Board meeting.

RECOMMENDATION:

Staff recommends the Board review and accept the Budget to Actual Report for August 2022

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 5.5

TITLE: Assembly Bill 361

SUBJECT: Review and Consider Adoption of Resolution No. 2022-09-01

EXECUTIVE SUMMARY:

On September 16, 2021, Governor Gavin Newsom signed Assembly Bill 361 into law, codifying certain modified requirements for teleconference meetings held by state and local public agencies, similar to those previously authorized and extended by executive order during the COVID-19 State of Emergency. This staff report briefly summarizes AB 361 and describes what Reclamation District No. 1000 (District) must do to utilize the modified requirements for holding remote meetings.

BACKGROUND:

The Ralph M. Brown Act (Brown Act), which governs local public agency meetings, traditionally permitted agencies to utilize teleconferencing (audio or video) for public meetings, subject to certain heightened requirements aimed to preserve public participation.

- Agendas must identify each teleconference location
- Agendas must be posted at each teleconference location
- Physical access for the public must be provided at each teleconference location
- Board actions must be taken by roll call vote
- One board member must be physically present at each meeting location and quorum of the board must participate within the agency's jurisdictional boundaries
- Members of the public must have an opportunity to address the Board from any teleconference location

(Gov. Code, § 54953(b)(3).) However, the rising spread of COVID-19 and the imposition of stay-at-home orders made some of those teleconference requirements untenable, leaving many public agencies unable to hold meetings at all.

On March 4, 2020, Governor Newsom proclaimed a State of Emergency due to COVID-19. Pursuant to that State of Emergency Proclamation, the Governor issued a series of executive orders (N-25-20, N-29-20, and N-35-20) which, among other things, provided several exceptions to the normal Brown Act teleconference rules to permit local agencies to continue meeting while stay-at-home orders were in effect or where meeting in person would pose a risk to health or safety. The executive orders allowed agencies to meet without first identifying or providing public access to each teleconference location, and without maintaining a physical presence of members

TITLE: AB 361

within agency boundaries, though roll call votes and public participation were still required. On June 15, 2021, as vaccinations increased and in-person restrictions eased, Governor Newsom issued Executive Order N-08-21 which provided the Brown Act modifications would expire on September 30, 2021.

AB 361:

With the State of Emergency still in place and variant cases on the rise, AB 361 was introduced to provide a longer-term solution for teleconference meetings during states of emergency, effective until January 1, 2024. While not limited to COVID-19, the legislation mirrors many of the allowances made under the Governor’s executive orders. AB 361 amends Section 54953 of the Government Code to allow the legislative body of a local agency to meet remotely without complying with the normal teleconference rules for agenda posting, physical location access, or quorum rules. To do so, one of three scenarios must exist, all of which require that the Governor has proclaimed a State of Emergency pursuant to Government Code section 8625:

- A. State or local officials have imposed or recommended measures to promote social distancing;
- B. The agency is holding a meeting for the purpose of determining whether meeting in person would present imminent risks to the health or safety of attendees; or
- C. The agency is holding a meeting and has determined that meeting in person would present imminent risks to the health or safety of attendees.

(Gov. Code, § 54953(e)(1).)

An agency that holds a meeting under either of the three scenarios must continue to post its agenda in the time required by the Brown Act, and ensure that the public is able to address the board directly through teleconference means. (*Id.* at subd. (e)(2).) If a disruption prevents the public agency from broadcasting the meeting or receiving public comments in real time, the board may take no further action until those functions are restored; any actions taken during such a disruption are subject to legal challenge. (*Id.*)

Assuming the State of Emergency remains in effect and an agency wishes to continue meeting under the modified rules, it must adopt an initial resolution within 30 days of the first teleconference meeting (which applies retroactively to that first meeting), and then must adopt an extension resolution at least every 30 days thereafter. (*Id.* at subd. (e)(3).) The resolutions must contain findings stating that the agency has reconsidered the circumstances of the State of Emergency and at least one of the following circumstances exist:

- i. The State of Emergency continues to directly impact the ability of the members to meet safely in person; or
- ii. State or local officials continue to impose or recommend measures to promote social distancing.

TITLE: AB 361

(*Id.*) The requirement for agencies to affirm by resolution every 30 days that the State of Emergency continues to necessitate remote meetings did not exist under the executive orders, and may present a logistical challenge for agencies that meet quarterly—or even monthly when meetings are separated by more than 30 days. Where an agency is not able to rely on regular meetings to adopt extension resolutions within that time frame, the agency has two potential options:

- Hold a special “AB 361” remote meeting within the 30-day window simply to re-authorize the AB 361 exceptions.
- Allow the initial resolution or extension resolution to lapse and approve a new initial resolution at the next agency meeting, subject to the same substantive and procedural requirements as the first.

It should be noted it is not entirely clear from the text of the statute that an agency may simply adopt a new initial resolution after failing to adopt an extension resolution within 30 days, and still take advantage of the retroactive application of the modified teleconference rules for that meeting. For a number of practical reasons, including the variability of active COVID-19 cases and the development of new state or local recommendations and orders, it might become necessary to do so. A conservative approach, and the one we recommend, would be to avoid lapses by holding a special meeting every 30 days to reauthorize the modified teleconference rules.

Once AB 361 authorization lapses, the normal Brown Act rules will apply and an agency seeking to hold a teleconference meeting will once again be required to post agendas and provide public access at each remote location, identify those locations in the agenda, and maintain a quorum of the board within agency boundaries. If a meeting is not held in conformity with AB 361, board members may not teleconference from their residences or other locations which are not open and accessible to the public.

CLARIFICATION ON IMPLEMENTATION DATE:

Upon its signing on September 16, 2021, AB 361 became effective immediately. However, on September 20, 2021, the Governor issued Executive Order N-15-21, clarifying that the changes in AB 361 shall be suspended until October 1, 2021, when the modified Brown Act provisions under Executive Order N-08-21 are set to expire.

CONCLUSION:

AB 361 provides relief to many agencies that have grown accustomed to the modified Brown Act teleconference rules under the emergency executive orders, though the 30-day authorization window could require agencies to hold more special meetings. Without the AB 361 exceptions, agencies will be obligated to return to normal in-person meetings or provide public access at each remote location under the traditional teleconference rules, starting October 1, 2021.

TITLE: AB 361

RECOMMENDATION:

Staff recommends the Board review and consider adoption of Resolution No. 2022-09-01

STAFF RESPONSIBLE FOR REPORT:

Kevin L. King, General Manager

Date: 09/01/2022

RECLAMATION DISTRICT NO. 1000
RESOLUTION NO. 2022-09-01

**A RESOLUTION OF THE BOARD OF TRUSTEES OF RECLAMATION DISTRICT NO. 1000
PROCLAIMING A LOCAL EMERGENCY PERSISTS, RE-RATIFYING THE COVID-19 STATE OF
EMERGENCY, AND RE-AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF RECLAMATION
DISTRICT NO. 1000 PURSUANT TO THE RALPH M. BROWN ACT.**

At a regular meeting of the Board of Trustees of Reclamation District No. 1000 held at the District Office on the 9th day of September 2022, the following resolution was approved and adopted:

WHEREAS, Reclamation District No. 1000 (District) is committed to preserving and nurturing public access and participation in meetings of the Board of Trustees; and

WHEREAS, all meetings of the District are open and public, as required by the Ralph M. Brown Act (Gov. Code, §§ 54950 – 54963) (“Brown Act”), so that any member of the public may attend, participate, and watch the District’s legislative body conduct its business; and

WHEREAS, Assembly Bill 361 added Government Code section 54953(e) to make provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; and

WHEREAS, a proclamation is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District’s boundaries, caused by natural, technological, or human-caused disasters; and

WHEREAS, it is further required that state or local officials have imposed or recommended measures to promote social distancing, or, the legislative body meeting in person would present imminent risks to the health and safety of attendees; and

WHEREAS, the Board of Trustees previously adopted a Resolution, number 2022-08-01 on August 12, 2022, finding that the requisite conditions exist for the District to conduct remote teleconference meetings without compliance with paragraph (3) of subdivision (b) of section 54953; and

WHEREAS, such conditions persist in the District, specifically, on March 4, 2020, Governor Gavin Newsom proclaimed a State of Emergency to exist in California due to the threat of COVID-

19; despite sustained efforts, the virus continues to spread and has impacted nearly all sectors of California; and

WHEREAS, the Board of Trustees does hereby find that the ongoing risk posed by the highly transmissible COVID-19 virus has caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District; and

WHEREAS, as a consequence of the local emergency persisting, the Board of Trustees does hereby find that the District shall continue to conduct its meetings without compliance with paragraph (3) of subdivision (b) of Government Code section 54953, as authorized by subdivision (e) of section 54953, and that the Board shall comply with the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of subdivision(e) of section 54953; and

WHEREAS, all meeting agendas, meeting dates, times, and manner in which the public may participate in the public meetings of the District and offer public comment by telephone or internet-based service options including video conference are posted on the District website and physically outside of the District office.

NOW, THEREFORE BE IT RESOLVED THAT:

Section 1. Recitals. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. Affirmation that Local Emergency Exists. The Board has reconsidered the conditions of the state of emergency and proclaims that a local emergency persists throughout the District because the high risk of transmissibility of COVID-19 continues to pose an imminent risk to the safety of persons in the District.

Section 3. Re-ratification of Governor’s Proclamation of a State of Emergency. The Board hereby ratifies the Governor of the State of California’s Proclamation of State of Emergency, effective as of its issuance date of March 4, 2020.

Section 4. Remote Teleconference Meetings. District staff are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act.

Section 5. Effective Date of Resolution. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) October 9, 2022, or such time the Board of Trustees adopts a subsequent resolution in accordance with Government Code section 54953(e)(3) to extend the time during which the District may continue to teleconference without compliance with paragraph (3) of subdivision (b) of section 54953.

ON A MOTION BY Trustee _____, seconded by Trustee _____, the foregoing resolution was passed and adopted by the Board of Trustees of Reclamation District No. 1000, this 9th day of September 2022, by the following vote, to wit:

AYES: Trustees:

NOES: Trustees:

ABSTAIN: Trustees:

RECUSE: Trustees:

ABSENT: Trustees:

Thomas M. Gilbert
President, Board of Trustees
Reclamation District No. 1000

CERTIFICATION:

I, Joleen Gutierrez, Secretary of Reclamation District No. 1000, hereby certify that the foregoing Resolution 2022-09-01 was duly adopted by the Board of Trustees of Reclamation District No. 1000 at the regular meeting held on the 9th day of September 2022 and made a part of the minutes thereof.

Joleen Gutierrez, District Secretary

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 5.6

TITLE: Warrant for Fund Transfer

SUBJECT: Review and Consider Approval of Warrant for Transferring Funds between Investment Accounts

EXECUTIVE SUMMARY:

Reclamation District 1000 maintains an Operation and Maintenance Fund with the Sacramento County Treasury pursuant to Water Code section 50657, and Reclamation District 1000 assumes responsibility for disbursement of such Revolving Fund. Funds held in the Reclamation District 1000 Operation and Maintenance fund held by the Sacramento County Treasurer may be withdrawn or paid solely by a warrant signed by any four or more of the Trustees of the District as identified in the District's approved Resolution No. 2022-06-02.

REQUEST:

Staff requests a fund transfer via warrant for \$1 million from the District's O/M Fund with the Sacramento County Treasury. One million dollars will replenish the District's LAIF fund for day-to-day District expenses. One million will provide funding toward Board approved local partnership projects (i.e., interior levee recertification work and geotechnical exploration).

The State Controller's Local Agency Investment Fund (LAIF) fund serves as the District's primary fund for transfers between the District's 'local' bank accounts (money market/checking) to manage cash-flow and cover the District's day-to-day expenses. The benefits of having available funds in LAIF are a potentially higher return rate, higher liquidity, and same-day transfers.

RECOMMENDATION:

Staff recommends the Board approve a warrant for transferring funds between investment accounts.

FINANCIAL IMPACT:

Fund rebalance between the District's O/M Fund and LAIF account.

STAFF RESPONSIBLE FOR REPORT:

Joleen Gutierrez, Administrative Services Manager

Date: 09/01/2022

Kevin L. King, General Manager

Date: 09/01/2022

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 6.1

TITLE: Comprehensive Financial Plan

SUBJECT: Review and Discuss Draft Phase 2.2 Property Related Fee Study and Consider Circulation for Public Comment

EXECUTIVE SUMMARY:

The Board of Trustees of Reclamation District 1000 (RD 1000; District) embarked on a Comprehensive Financial Plan in 2020, to assess the long-term financial stability of the District. To assist the District on this endeavor, the District retained the services of NBS, Inc. A three-step process has culminated in the need to generate an additional \$3.3 million in annual revenue.

The Phase 2.2 Property Related Fee Study (Attachment No. 1) provides the District with a revenue proposal to address those needs, in order for the District to address current and projected expenditure requirements. Staff requests the Board review the Draft Fee Study and consider circulation for public comment. If approved for circulation, the District will distribute the information to all property owners for a minimum of 45-days and will conclude the public comment period at a public hearing on November 18, 2022.

1. INTRODUCTION

1.1 Purpose of the Fee Study

This Property Related Fee Study (Fee Study) provides the data analysis, rationale, and recommended calculations to establish the Property Related Fee (Fee) which is proposed herein to provide funding for Reclamation District No. 1000's (District) storm drain services to real property within the District's jurisdiction.

This Fee Study describes the methodology and develops the rate which proportionately allocates the costs of providing storm drain services to the parcels within the District. The rate was developed by carefully reviewing the costs of each service and allocating those costs based on an analysis of the parcel data provided by the County of Sacramento and the County of Sutter. The rate methodology is described in detail in Section 4 of this Fee Study.

The Fee must comply with all applicable laws as described in Section 2 of this Fee Study.

1.2 NBS' Assumptions and Reliance

NBS relied on a number of underlying data sources to develop the proposed rate herein. The data includes, but is not limited to, the following.

1. County of Sacramento and County of Sutter Assessor's parcel data (Assessor's Data)
2. Reclamation District No. 1000 description and cost of services
3. State of California, Office of Environmental Health Hazard Assessment's Impervious Surface Coefficient data
4. SCI Consultants' mapping of the RD 1000's jurisdictional boundary, and sub-areas not receiving storm drain services

NBS believes and assumes the above information, including the District's budgets, capital improvement costs, and information from District staff and the District's consultants to be reliable, although NBS has not independently verified this data. NBS' use of such information and assumptions is reasonable for the purpose of this Fee Study and its recommendations.

2. LEGISLATIVE COMPLIANCE

2.1 Assessment and Property Related Fee Reform (Proposition 218)

Adopted in 1996, Proposition 218 added Article XIII D to the California Constitution and thereby established new procedural and substantive requirements for property related fees and charges. The following requirements are found in Article XIII D Section 6.

- (a) Procedures for New or Increased Fees and Charges. An agency shall follow the procedures pursuant to this section in imposing or increasing any fee or charge as defined pursuant to this article, including, but not limited to, the following:

(1) The parcels upon which a fee or charge is proposed for imposition shall be identified. The amount of the fee or charge proposed to be imposed upon each parcel shall be calculated. The agency shall provide written notice by mail of the proposed fee or charge to the record owner of each identified parcel upon which the fee or charge is proposed for imposition, the amount of the fee or charge proposed to be imposed upon each, the basis upon which the amount of the proposed fee or charge was calculated, the reason for the fee or charge, together with the date, time, and location of a public hearing on the proposed fee or charge.

(2) The agency shall conduct a public hearing upon the proposed fee or charge not less than 45 days after mailing the notice of the proposed fee or charge to the record owners of each identified parcel upon which the fee or charge is proposed for imposition. At the public hearing, the agency shall consider all protests against the proposed fee or charge. If written protests against the proposed fee or charge are presented by a majority of owners of the identified parcels, the agency shall not impose the fee or charge.

(b) Requirements for Existing, New or Increased Fees and Charges. A fee or charge shall not be extended, imposed, or increased by any agency unless it meets all of the following requirements:

(1) Revenues derived from the fee or charge shall not exceed the funds required to provide the property related service.

(2) Revenues derived from the fee or charge shall not be used for any purpose other than that for which the fee or charge was imposed.

(3) The amount of a fee or charge imposed upon any parcel or person as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel.

(4) No fee or charge may be imposed for a service unless that service is actually used by, or immediately available to, the owner of the property in question. Fees or charges based on potential or future use of a service are not permitted. Standby charges, whether characterized as charges or assessments, shall be classified as assessments and shall not be imposed without compliance with Section 4.

(5) No fee or charge may be imposed for general governmental services including, but not limited to, police, fire, ambulance or library services, where the service is available to the public at large in substantially the same manner as it is to property owners. Reliance by an agency on any parcel map, including, but not limited to, an assessor's parcel map, may be considered a significant factor in determining whether a fee or charge is imposed as an incident of property ownership for purposes of this article. In any legal action contesting the validity of a fee or charge, the burden shall be on the agency to demonstrate compliance with this article.

(c) Voter Approval for New or Increased Fees and Charges. Except for fees or charges for sewer, water, and refuse collection services, no property related fee or charge shall be imposed or increased unless and until that fee or charge is submitted and approved by a majority vote of the property owners of the property subject to the fee or charge or, at the option of the agency, by a

two-thirds vote of the electorate residing in the affected area. The election shall be conducted not less than 45 days after the public hearing. An agency may adopt procedures similar to those for increases in assessments in the conduct of elections under this subdivision.

This Fee Study addresses the following Proposition 218 requirements.

Article XIII D Section 6.

(a) (1) The listing of all assessor's parcels and the proposed Fee for each is provided in Appendix C. The basis upon which the amount of the proposed Fee is calculated is found in Section 4 and the reason for the Fee or charge is found in Section 3.

(b) (1) The total cost of services limitation can be found in Section 6.3.

(2) The Fee use limitation can be found in Section 8.

(3) The proportional cost limitation can be found in Section 4.4 and 5.2.

(4) The future services prohibition can be found in Section 6.2.

(5) The general governmental services prohibition can be found in Section 3.2. The Fee is proposed to only be levied on assessor's parcels as found in Section 3.4.

(c) The District will conduct a property owner election per Section 2.2

2.2 Proposition 218 Omnibus Implementation Act

Shortly after Proposition 218 was adopted, the Legislature adopted the Proposition 218 Omnibus Implementation Act of 1997 (the Omnibus Act) to clarify the measure. The Omnibus Act was further amended by SB 231 which became effective January 1, 2018 (the Amended Act). As it relates to storm drains, the Amended Act defined the meaning of "sewer" services to include "...services necessary to collect, treat, or dispose of sewage, industrial waste, or surface or storm waters, and any entity that collects, treats, or disposes of any of these necessarily provides sewer service."¹ This amendment causes storm drain services to be placed in the same category as sewer, water, and refuse collection services which are exempted from approval by a vote of the property owners, or of the electorate, as described above in Article XIII D Section 6(c). The scope of the Amended Act's exemption for sewer services has yet to be tested by legal action, and as such the District is taking the conservative approach of presenting the Fee for the voter approval process of Article XIII D Section 6(c).

¹ Government Code §53751.(m)

1826248v2

3. DISTRICT DATA

3.1 Background

The District is a special district formed by the California State legislature and has been providing storm drain and flood protection services since 1911. The District's primary focus is to protect the property in the Natomas basin from flooding. The District maintains over 40 miles of levees surrounding the perimeter of the basin to keep floodwaters from the Sacramento River, American River, Natomas East Main Drain Canal, Pleasant Grove Creek Canal, and Natomas Cross Canal out of the basin. In addition, the District operates and maintains hundreds of miles of canals and seven pump stations in the interior to collect and safely discharge stormwater within the Natomas basin back into the river systems.

The District's local system of storm drains, levees, creeks, canals, pumps, and pipes collect stormwater to help protect the District's communities from flooding by holding and conveying stormwater.

The District's storm drain system consists of channels, drains, pipes, and pumps which all require regular maintenance, repair, and reconstruction. Without repairs or improvements, there is increased risk of flooding. The District's existing property assessment charge has not increased since 1996. The proposed Fee is needed to fund the continued operations and maintenance services together with the Capital Improvement Program (CIP) for the storm drain system.

The District's flood risk is quite high because it sits at a low elevation on a flood plain and is largely surrounded by levees. In most other areas, stormwater drains by gravity, however the District's storm drain system relies on a complex system of pumps to lift and then drain stormwater into nearby creeks and rivers.

3.2 Services Provided

A property related fee must be charged according to the proportional cost to provide service to each parcel. The District's Responsibility Statement, which follows below, summarizes the District's services.

On behalf of and in communication with the residents of the Natomas Basin, the District meets its flood protection Mission by operating and maintaining:

- *The perimeter levee system to prevent exterior floodwaters from entering the Natomas Basin*
- *The District's interior canal system to collect the stormwater runoff and agricultural drainage from within the Natomas Basin*
- *The District's pump stations to safely discharge interior stormwater and agricultural drainage out of the Natomas Basin*

The District's services are categorized into two service functions. First, is the protection from flooding by exterior waters which are managed by the levee system. Second, is the management and safe discharge of interior stormwater flows. The District's exterior flood protection costs are separately funded by the existing special assessment levied on property within the District and contributions from other agencies such as the Sacramento Area Flood Control Agency (SAFCA). The exterior flood protection work is not included in the services funded by this Fee

STORM DRAIN SERVICES - INTERIOR DRAINAGE & PUMPING PLANTS

The District's interior drainage system consists of 30 miles of main drainage canals, about 150 miles of drainage ditches, and seven main pumping stations. The drainage system collects stormwater runoff, seepage waters, and agricultural drainage and delivers them to the pumping plants for disposal into the Sacramento River or other adjacent creeks.

Maintenance of ditches and canals consists of silt and debris removal as required to maintain capacity; removing trash and other debris dumped, repairing slips and other erosion; and treating vegetation that reduces canal capacity and limits flows with herbicides. In addition, the canals and interior levees must be mowed on a regular basis, particularly in the urban areas, to reduce fire hazards. With the continued urbanization of Natomas, the canal maintenance costs have increased significantly.

Maintenance and operation of the pumping plants consist of normal mechanical up-keep such as lubrication, checking and replacing worn or broken parts, maintenance of supporting structures, electrical components, monitoring during a flood, and furnishing power. The total power costs fluctuate with the amount of rainfall and runoff in any given year, but overall, this is the largest single cost in the District's annual operations and maintenance budget other than personnel costs. In addition to the routine operation and maintenance costs, the District has undertaken capital improvements to the pump stations including repairs to trash racks, pump motors, and other mechanical/electrical parts. As the pumping facilities age, more capital improvements are anticipated to keep them operational. Also, the District will need to replace these pump stations when they exceed their useful life. The current discharge capacity of the pumping plants and their original dates of construction (and major modifications) are as follows:

- Plant 1A. 1916 - Four pumps with a total capacity of 621 cfs.
- Plant 1B. 2003 - Six pumps with a total capacity of 834 cfs.
- Plant 2. 1920 - (reconstructed in 1976 and again in 2013) Two pumps for a total capacity of 120 cfs.
- Plant 3. 1939 - (reconstructed in 2001) Four pumps with a total capacity of 276 cfs.
- Plant 4. 1964 - (reconstructed in 1985) Three pumps with a total capacity of 306 cfs.
- Plant 5. 1965 - Three pumps with a total capacity of 57 cfs
- Plant 6. 1974 - Four pumps with a total capacity of 230 cfs.
- Plant 8. 1984 - (modifications in 2001) Nine pumps with a total capacity of 779 cfs.

In addition to the main perimeter pump stations, the District operates and maintains two small pump stations along its West Drain to lift stormwater and agricultural runoff from adjacent ditches into the West Drain near San Juan Road. These pump stations were constructed in 1997 with a combined capacity of 7 acre feet per hour. The storm drain services listed above are not general governmental services as defined above in Section 2.1 of this Fee Study.

3.3 Cost of Services Summary

The revenue requirement to fund all of the District's annual operations, maintenance, and capital improvements was identified in the previously prepared Phase 1.0 Financial Plan Technical Memorandum dated January 7, 2021. The District provided additional guidance as reflected in Section 1.2 of the subsequent Phase 2.1 Rate Modeling Report dated December 2021. Section 2.3 of Phase 2.1 Rate

Modeling Report showed the District’s total revenue needs to be \$5,500,000 per year. This amount provides funding for all Operations & Maintenance costs together with funding the District’s CIP.

The District allocated 40% of the total costs to flood protection (Levees) and 60% to storm drain (Canals & Pumps) services. The District’s total annual revenue need of \$5,500,000 is therefore allocated \$2,200,000 for flood protection and \$3,300,000 for storm drain services. As stated in the previous section, the \$2,200,000 levee protection costs are funded by contributions from other agencies and the existing special assessment.

The chart below models a new proposed property related fee becoming effective for FY2023/24, initially sized at \$3,300,000 per year, and escalating at 2% per year. The model includes the District’s CIP costs which are averaged over the first 10 years at \$3.7M per year. The below chart compares projected total revenues and expenses.

3.4 Parcel Data Summary

The following table provides a summary of parcel counts and gross parcel area for parcels grouped into Customer Classes based upon the Assessor’s Data. The Customer Classes were developed per Section 4.2 of this Fee Study. The Fee is proposed to only be charged upon assessor’s parcels of real property.

Customer Class ¹	Parcel Count	% of Parcels	Parcel Area ²
Agriculture	183	0.56%	457,972,820
Airport	11	0.03%	17,816,036
Church & Welfare	13	0.04%	2,499,556
Common Area	356	1.08%	7,914,372
Exempt	336	1.02%	49,757,027
Golf	9	0.03%	12,110,548
Industrial	234	0.71%	79,747,783
MFR	3,359	10.24%	41,575,302
Miscellaneous	329	1.00%	5,180,541
Office	217	0.66%	23,978,985
Park	298	0.91%	64,618,747
Personal Care & Health	9	0.03%	1,168,144
Public & Utilities	275	0.84%	186,419,071
Retail / Commercial	188	0.57%	20,971,817
SFR1	25,487	77.67%	153,406,147
SFR2	29	0.09%	74,352,991
Vacant	1,483	4.52%	872,516,887
TOTALS	32,816	100.00%	2,072,006,774

1. MFR = Multi-Family Residential, SFR = Single-Family Residential

2. Gross Parcel Area in Square Feet (SqFt.)

The dwelling unit counts for the Multi-Family Residential (MFR) parcels are shown in the table below.

Customer Class	Dwelling Unit Count
MFR	25,991

4. RATE METHODOLOGY

As discussed in Section 2.1 of this Fee Study, the California Constitution requires that “[t]he amount of a fee or charge imposed upon any parcel or person as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel.”²

NBS developed the Fee for storm drain services to be charged upon each parcel based upon the following concepts:

1. The District’s storm drain infrastructure and the associated storm drain services are designed and sized to manage an estimated total amount of stormwater flows.
2. The total costs to provide the storm drain service is proportionate to the total amount of estimated stormwater flows which require management by the District.
3. The cost to provide the storm drain service to each parcel is proportionate to the ratio of the estimated stormwater flows generated by each parcel as compared to the total estimated stormwater flows generated by all parcels served.

Therefore, the total cost to provide the storm drain service can be allocated to each parcel based upon each parcel’s proportionate share of the total estimated stormwater flows generated by all the parcels served. This method of using estimated stormwater flows for each parcel as the basis to allocate the proportional cost of storm drain services is an industry best practice. This relationship is represented in the calculation below.

$$(Total\ Cost\ of\ Service) \times (Each\ Parcel's\ \% \ of\ Total\ Runoff) = (Each\ Parcel's\ Proportional\ Cost\ of\ Service)$$

4.1 Estimation of Runoff – Net Impervious Area

For the purpose of estimating stormwater flows in this context, the primary method and industry standard is to estimate the amount of impervious surface area present on a parcel. An impervious surface is a hard surface that covers the ground such as a building, driveway, parking lot, patio, sidewalk, or other surface condition that prevents water from percolating directly into the ground. This may include consideration of the ground itself, which is comprised of various soil types, soil conditions such as moisture content, plant types and plant coverage densities. All surfaces (even vacant property) will generate stormwater flows unless improvements are installed to retain all runoff on site.

These impervious surfaces create stormwater runoff that must be managed by the storm drain system. This impervious area is determined to be the governing data point and is directly proportionate to estimating the amount of stormwater runoff created by a parcel and therefore allocating the proportionate cost of the services to each parcel.

Different properties will generate different amounts of stormwater runoff according to their land use. The calculation of estimated stormwater flows is allocated according to the Net Impervious Area (NIA) of each parcel in the District’s boundary which receives service. The NIA is calculated by multiplying the gross parcel area by an Impervious Surface Coefficient (ISC).

² California Constitution Article XIII D Section 6.(b)(3)
1826248v2

4.2 Impervious Surface Coefficient

To estimate the amount of NIA on a given parcel an ISC is used. The ISC represents the percentage of a parcel that is composed of an impervious surface in relation to the total parcel area, as represented in the calculation below.

$$(ISC) = (Net\ Impervious\ Area) \div (Total\ Parcel\ Area)$$

Land uses can vary greatly in the percentages of impervious surface area. Land uses such as an agricultural use will be very different from an industrial use in terms of percentages of total impervious area. Individual ISCs were developed to recognize these differences among various land uses and associated surface types.

This Fee Study relies upon the State of California, Office of Environmental Health Hazard Assessment,³ California Environmental Protection Agency's Impervious Surface Coefficients as presented in the User's Guide for the California Impervious Surface Coefficients (December 2010) (ISC Report). The ISC Report includes data from property in the County of Sacramento in its analysis and subsequent calculation of ISCs which enhances the data's applicability to RD1000. While the ISC Report is a State-wide benchmark for ISCs, it is especially applicable to the District's land use analysis and ISC development. The ISCs were developed based upon statistical analysis of the data sets of each particular land use category. For Customer Classes without a directly matching ISC, an ISC was estimated using comparable data.

The ISC considers land use (and density of use for residential property) to estimate the relative impervious surfaces for each Customer Class. The ISC is a factor used to discount the gross parcel area down to the NIA. For example, a golf course parcel has an ISC of 0.10, and an industrial parcel has an ISC of 0.80. This means that each acre (43,560 SqFt) of golf course property is multiplied by 0.10 to arrive at 4,356 square feet of NIA and each acre of industrial property is multiplied by 0.80 to arrive at 34,848 square feet of NIA.

$$(Total\ Parcel\ Area) \times (ISC) = (Net\ Impervious\ Area)$$

In order to match the appropriate ISC to a parcel, the land use must be evaluated. NBS relied on the County Assessors' land use data to assign ISCs which correspond to the land uses found in the ISC Report. NBS created Customer Classes to best join the Assessor's data to the ISC Report data. The creation of Customer Classes allows the grouping of parcels which share similar service demand (share of proportional cost) characteristics and are assigned to a Customer Class based upon the applicable Assessor's data. The Customer Classes correspond to respective ISCs. The Customer Classes were developed in accordance with the practices described in the American Water Works Association Manual M1, Principles of Water; Rates, Fees and Charges (Seventh Edition), Chapter III.2.

Appendix A contains the listing of applicable Assessors' land use codes and the associated assignment to a Customer Class. In the case where an ISC for a particular Customer Class was not provided in the ISC Report, NBS performed independent research and/or relied upon data from similar jurisdictions to estimate the ISC. NBS developed Residential and Non-Residential Customer Classes based on the Assessor's secured roll data as described below.

³ <https://oehha.ca.gov/>

1826248v2

Non-Residential parcels are found to have more uniform ISCs which relate solely to land use and no additional dwelling unit density calculations are required. The ISCs for all Customer Classes are assigned per the table below.

Customer Class	ISC
Agriculture	0.04
Airport	0.30
Church & Welfare	0.80
Common Area	0.30
Exempt	0.00
Golf	0.10
Industrial	0.86
MFR	0.74
Miscellaneous	0.10
Office	0.80
Park	0.10
Personal Care & Health	0.80
Public & Utilities	0.44
Retail / Commercial	0.86
SFR1	0.54
SFR2 (excess area only)	0.04
Vacant	0.10

4.2.1 RESIDENTIAL LAND USES

NBS developed three residential Customer Classes comprised of two single-family classes and one multi-family class. The residential Customer Classes were created to provide ease of understanding by the property owners, streamline administration which lowers overhead costs, and allow the adjustment or correction of outlying data points.

NBS assigned single-family parcels to a Customer Class first according to the Assessor’s land use code as shown in Appendix A, and next according to the gross parcel area. The two single-family Customer Classes are segregated based upon the gross parcel area criteria shown below.

- SFR1 Standard Lot Parcel Gross Area <= 10 acres
- SFR2 Large Lot Parcel Gross Area > 10 acres

NBS assigned all multi-family parcels to the MFR Customer Class based upon the Assessors’ land use code as shown in Appendix A.

4.2.2 NON-RESIDENTIAL LAND USES

NBS assigned Non-Residential parcels to a Customer Class according to the Assessors’ land use codes as shown in Appendix A.

1826248v2

4.3 Residential Dwelling Unit Density and ISCs

As previously discussed, the ISC is used to approximate the impervious surface area of a parcel based upon the general utilization of each parcel. NBS developed the Customer Classes in order to best match an ISC to a particular land use.

Additional consideration must be given to the Residential Customer Classes since the ISC will vary according to the density of the dwelling units. It is clear that a higher number of dwelling units per acre will result in an increase in the amount of impervious surface area per acre and therefore a higher ISC.

To arrive at the appropriate ISC for the Residential Customer Classes, the average gross parcel area for all parcels in the Customer Class was used to establish the dwelling unit density per acre for that Customer Class. This is represented in the calculation below. The terms are specific to the Residential Customer Classes.

$$(Total\ Parcel\ Area\ for\ all\ Parcels) \div (Total\ Number\ of\ Parcels^4) = (Average\ Parcel\ Area)$$

$$(1\ Acre) \div (Average\ Parcel\ Area) = (Density\ of\ Dwelling\ Units\ per\ Acre)$$

The parcel data tables in Section 3.4 of this Fee Study show the majority (appx. 78%) of all parcels in the District are in the SFR1 Customer Class, so this class was selected for the sample ISC calculation below⁵.

Customer Class	Total Gross Area (SqFt)	Total Parcels	Avg. Gross Area per Parcel
SFR1	153,406,147	÷ 25,487	= 6,019

Customer Class	1 Acre (SqFt)	Avg. Gross Area per Parcel	Dwelling Units per Acre
SFR1	43,560	÷ 6,019	= 7.2371

The dwelling units per acre are rounded to 7 and the ISC Report calculates an ISC of 0.54 for Residential properties of 7 dwelling units per gross acre. This process is also performed for the MFR Residential Customer Class to determine the respective ISC. Note, the SFR Customer Classes have 1 dwelling unit per parcel where MFR Customer Classes may have more than 1 dwelling unit per parcel, and this must be considered in the calculation to arrive at the correct ISC for the MFR Customer Class.

The following Section describes the methodology for calculating each parcel’s stormwater runoff.

4.4 Net Impervious Area Calculations

Once a parcel’s gross area (or average gross area in the case of the Residential uses) and the applicable ISC is known, the NIA of each Residential Customer Class or each parcel for Non-Residential parcels can be calculated. The NIA is directly proportional to the estimated amount of stormwater runoff generated by each parcel and serves as the reasonable basis to proportionally allocate the costs to provide the storm drain service to each parcel.

$$(Total\ Cost\ of\ Storm\ Drain\ Services) \div (Total\ NIA\ Served) = (\$ \text{ per NIA for the Storm Drain Service})$$

⁴ For the MFR Customer Class, the value is Total Number of MFR Dwelling Units.

⁵ This sample calculation does not include the addition of the SFR2 gross area as outlined in the succeeding Sections.

4.4.1 SFR1 STANDARD LOT RESIDENTIAL PROPERTY (GROSS AREA <= 10 ACRES)

The SFR1 Standard Lot Size Residential Customer Class was created to include all single family residential parcels with a gross parcel area equal to or less than 10 acres. To calculate the NIA for the SFR1 Customer Class, all parcels within the SFR1 class have the gross parcel area averaged⁶. Then the appropriate ISC for the SFR1 class is determined as shown in Section 4.3 of this Fee Study. The resulting average gross acreage per dwelling is multiplied by the ISC to determine the NIA per SFR1 parcel in the SFR1 Customer Class and is represented in the calculation below. Note, the SFR1 Customer Class rate is calculated on a per parcel basis where the MFR Customer Class rate is calculated on a per dwelling unit basis, and this must be kept in mind to arrive at the correct NIA.

$$\text{Average Gross Parcel Area per Parcel} \times \text{ISC} = \text{NIA per SFR1 Parcel}$$

4.4.2 SFR2 LARGE LOT RESIDENTIAL PROPERTY (GROSS AREA > 10 ACRES)

There are a 29 SFR2 parcels larger than 10 acres. These parcels are “outliers” in the data. They could not reasonably be included in the SFR1 Customer Class. To maintain the integrity of calculating the Fee according to the proportional cost of service, these parcels are proposed to bear an additional amount calculated as follows.

These large lot SFR2 parcels were examined using overhead imagery and several were found to have evidence of agricultural activity (i.e., row plowing). Therefore, to account for this activity, all acreage over 10 acres⁷ will be considered to have an agricultural use and therefore be multiplied by the Agriculture ISC (0.04) to arrive at the SFR2 parcel’s excess NIA. This excess NIA will be charged according to the Non-Residential Property rate and the resulting amount will be added to the standard SFR1 rate. The excess acreage charge calculation is shown below.

$$\begin{aligned} (\text{Gross Acres}) - (\text{First 10 SFR1 Acres}) &= (\text{Excess Acres}) * (\text{ISC } 0.04) = (\text{Excess NIA}) * (\text{Rate per NIA Acre}) = \\ &= (\text{Excess Acreage Charge}) + (\text{SFR1 Rate}) = (\text{Total Charge for each SFR2 Parcel}) \end{aligned}$$

A sample calculation for a 20 acre SFR2 parcel is shown below.

$$\begin{aligned} (20 \text{ Gross Acres}) - (10 \text{ SFR1 Acres}) &= (10 \text{ Excess Acres}) * (\text{ISC } 0.04) = (0.40 \text{ Excess Acres}) = (17,424 \text{ Excess} \\ &\text{SqFt.}^8) * (\$0.0076 \text{ Rate per NIA SqFt.}) = (\$132.42 \text{ Excess Acreage Charge}) + (\$26.71 \text{ SFR Base Rate}) = \\ &= (\$159.13 \text{ Total Charge for the sample SFR2 Parcel}) \end{aligned}$$

4.4.3 NON- RESIDENTIAL PROPERTY

For each Non-Residential Customer Class, all parcels are assigned the respective ISC as shown in Section 4.3 of this Fee Study. Each parcel’s gross acreage is multiplied by the ISC to determine the NIA for each parcel and is represented in the calculation and resulting table below.

$$\text{Gross Parcel Area} \times \text{ISC} = \text{NIA for each Parcel}$$

⁶ The SFR1 gross parcel area includes the first 10 acres of the SFR2 parcels as discussed in the succeeding Section.

⁷ The SFR2 first 10 acres were added into the total SFR1 gross acreage.

⁸ Converted to Square Feet

4.4.4 TOTAL ISC SUMMARY

The calculations to arrive at the estimated NIA per parcel serves as the reasonable and proportional allocation of costs to provide storm drain service to each parcel.

Customer Class	Gross Parcel Area ¹	ISC	Net Impervious Area ¹
Agriculture	457,972,820	0.04	18,318,914
Airport	17,816,036	0.30	5,344,810

5. RATE STRUCTURE

As discussed in Section 2.1 of this Fee Study, the California Constitution requires that “[t]he amount of a fee or charge imposed upon any parcel or person as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel.”⁹

5.1 Rate Calculation

Section 4. of this Fee Study declares the basis of proportionately allocating the costs to provide the storm drain service to each parcel is based upon each parcel’s proportionate share of the total estimated stormwater flows generated by all the parcels served and is shown again below.

$$\text{Total Cost of Service} \times \text{Each Parcel's \% of Total Runoff} = \text{Each Parcel's Proportional Cost of Service}$$

Sections 4.1 through 4.4 of this Fee Study described the calculations which develop the data necessary to determine each parcel’s proportionate share of runoff which is equal to each parcel’s share of the total NIA. The result of this calculation can best be expressed in terms of cost per NIA (in SqFt) as shown below.

$$\begin{aligned} & (\text{Total Cost of Service}) \div (\text{Total NIA}) = (\$ \text{ per NIA}) \\ & (\$3,300,000) \div (428,418,551) = (\$0.0077 \text{ per Net Impervious SqFt.}) \end{aligned}$$

5.2 Administrative Billing Adjustment & Rounding

If approved, the District will apply the Fee to the County Secured Property Tax Rolls of both Sacramento and Sutter Counties annually. In order to properly allocate a minimum Fee to parcels which will fund the provision of the service and the associated administrative costs, a base charge of \$1.00 per parcel per year is established. This \$1.00 base charge provides for an equal allocation of administrative costs as these costs are generally incurred on a per parcel basis.

In addition to the above, charges submitted for collection on the Secured Property Tax Rolls must be submitted in even cents. The calculated annual Fee will be rounded up one cent where needed to accomplish an even cents submittal.

The application of the \$1.00 minimum charge and the rounding up to even cents described above results in the generation of revenue greater than 1% above the stated revenue requirement. Therefore, the rate of \$0.0077 per Net Impervious SqFt. calculated in Section 5.1 is adjusted downward to \$0.0076 per Net Impervious SqFt. in order to most accurately allocate costs and collect the required revenue.

⁹ California Constitution Article XIII D Section 6.(b)(3)
1826248v2

6. MAXIMUM ANNUAL RATES

6.1 Maximum Annual Rates

The Maximum Annual Rates for the Residential Customer Classes are shown in the table below.

Residential Property		2023/24 Maximum Annual Rate	Per
SFR1	Parcel Gross Area <= 435,600 SqFt. (10 Acres)	\$26.71	Parcel
SFR2	Parcel Gross Area = 435,600 SqFt. (First 10 Acres)	\$26.71	Parcel
	+ Additional Excess Area over 10 Acres ¹	\$0.0076	Excess NIA ²
MFR	All Multi-Family Parcels	\$9.00	Dwelling Unit

1. See Section 4.4.2

2. Shown per Square Foot. Equals \$331.0560 per acre

The Maximum Annual Rates for the Non-Residential Customer Classes are shown in the table below.

Non-Residential Property	2023/24 Maximum Annual Rate Per Net Impervious SqFt. ¹
Agriculture	\$0.0076
Airport	\$0.0076
Church & Welfare	\$0.0076
Common Area	\$0.0076
Exempt	\$0.0076
Golf	\$0.0076
Industrial	\$0.0076
Miscellaneous	\$0.0076
Office	\$0.0076
Park	\$0.0076
Personal Care & Health	\$0.0076
Public & Utilities	\$0.0076
Retail / Commercial	\$0.0076
Vacant	\$0.0076

1. Shown per Square Foot. Equals \$331.0560 per acre

Certain Non-Residential parcels are affected by the \$1.00 per year minimum billing amount described in Section 5.2 of this Fee Study above. These Non-Residential parcels contain less than 130 Net Impervious Square Feet. All Non-Residential parcels that contain less than 130 Net Impervious Square Feet will have a billing adjustment to a total bill amount of \$1.00 per year. Non-Residential parcels have an average of 79,255 Net Impervious Square Feet.

The above rates demonstrate the proportional allocation of the costs to provide the service to each parcel based on each parcel's percentage of total Net Impervious Area. If any proportionality is found to be lost in this allocation or in the services provided, the District may make funds available from other sources to restore the required proportionality.

1826248v2

6.2 Exempt Property

Since not all properties receive service, each parcel must be evaluated to determine if service is received. No Fee shall be charged to any assessor's parcels that meet any of the following conditions.

1. Assessor's parcels that solely comprise a street or roadway (either publicly or privately owned) and are considered by the District to be part of the storm drain conveyance system.
2. Assessor's parcels determined by the District to be comprised of area, which is part of, or appurtenant to, the District's storm drain system and receives no storm water service.
3. Assessor's parcels determined by the District to not receive service¹⁰.
4. Assessor's parcels determined by the District which detain all runoff on site.

6.3 Rate Decrease and Increase

If, in any Fiscal Year, the District determines that the revenue to be raised from the application of the Maximum Annual Rates exceed the projected cost to provide the services described in Section 3.2 of this Fee Study, the District shall reduce the Maximum Annual Rates for such Fiscal Year "Proportionately" to appropriately fund the services. "Proportionately" means the ratio of the Annual Rate is equal to the Maximum Annual Rate charged to all assessor's parcels. The resulting rate shall become the Annual Rate effective for the respective Fiscal Year.

The Maximum Annual Rate is subject to increase 2% each fiscal year over the prior fiscal year's Maximum Annual Rate.

7. BILLING AND COLLECTION

7.1 Collection on the Tax Roll

The Fee will be submitted annually to County Secured Property Tax Rolls of both Sacramento and Sutter Counties and collected in the same manner and at the same time as other charges levied by the District. The Fee shall be billed as needed to fund the cost of services and shall be subject to increase or decrease per Section 6.3. of this Fee Study.

7.2 Method of Fee Calculation

The Rates developed in this Fee Study shall be applied to calculate the Fee charged to each assessor's parcel each year as provided in Appendix B.

8. USE OF FUNDS

The District shall deposit the Fees collected in a separate account and only use the revenue for the services listed herein. The revenues are limited to paying the costs of services as described in Section 3.2 of this Fee Study and may not be used for any other purpose.

¹⁰ There are certain parcels which receive storm drain service from other jurisdictions, or who do not drain into the District's capture and discharge system are therefore not charged the storm drain services portion of the Fee.

APPENDIX B

RECLAMATION DISTRICT No. 1000 Storm Drain Fee Calculation Methodology

A property related fee as hereinafter defined shall be levied and collected on all Assessor's Parcels within the boundary of Reclamation District No. 1000 (District) commencing on July 1, 2023, in an amount determined by the Board of Trustees or its designee, through the application of the fee calculation methodology as described below. All Assessor's Parcels in the District, unless exempted by law or by the provisions hereof, shall be charged the property related fee for the purposes, to the extent, and in the manner herein provided. The property related fee's establishment, charge, and use of revenues shall comply with the California Constitution Article XIID Section 6, and the California Government Code §53750 et. seq.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Accessory Dwelling Unit" or "ADU" means a secondary residential unit of limited size, as defined in California Government Code Section 65852.2 as that may be amended from time to time, that is accessory to a primary dwelling unit. The ADU may be on the same Assessor's Parcel as the primary dwelling unit or may be on a separate Assessor's Parcel created for the ADU. Accessory Dwelling Units are not considered Dwelling Units for purposes of the Fee.

"Alternative Data" means data obtained by the District which may more accurately represent an Assessor Parcel's Land Use Code, Gross Parcel Area, number of dwelling units, and/or any other data affecting the calculation of the Fee.

"Annual Rate" means the rate established each Fiscal Year to generate the necessary revenue required to fund the cost of Services as described in Section E herein.

"Assessor's Data" means Land Use Code, gross parcel area, number of dwelling units and/or other information regarding assessor's parcels contained in the records of the County Assessor affecting the calculation of the Fee.

"Assessor's Parcel" or "Parcel" means a lot or parcel shown in an Assessor's Parcel Map with an assigned Assessor's Parcel Number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel number.

"Assessor's Parcel Number" means a series of fourteen numbers/digits that are used by the County Assessor as a file number to inventory or identify property.

"Billing Period" means the regular annual billing cycle for the District's existing charges levied upon the County Secured Property Tax Rolls.

"Board of Trustees" means the Board of Trustees of the District.

APPENDIX B

"**County**" means either the County of Sacramento or the County of Sutter, as applicable.

"**County Assessor**" means the Assessor of the County of Sacramento or the Assessor of the County of Sutter, as applicable.

"**Customer Class**" means the grouping of Assessor's Parcels which share similar service demand (share of proportional cost) characteristics and are assigned to a class based upon the applicable Property Data. The Customer Classes correspond to respective Impervious Surface Coefficients. The Customer Classes were developed in accordance with the practices described in the American Water Works Association Manual M1, Principles of Water; Rates, Fees and Charges (Seventh Edition), Chapter III.2.

"**District**" means Reclamation District No. 1000.

"**Fee**" means the property related fee described herein.

"**Fee Administrator**" means Reclamation District No. 1000, or designee thereof, responsible for calculating the property related fee, and/or providing for the billing and collection of the property related fee.

"**Fee per Billing Period**" means the amount of the Fee charged to each Assessor's Parcel as calculated annually per Section D.

"**Fiscal Year**" means the period starting July 1 and ending on the following June 30.

"**Gross Parcel Area**" means the total area of an Assessor's Parcel as shown in the Property Data.

"**Impervious Surface Coefficient (ISC)**" means the factor developed by the State of California Environmental Protection Agency, Office of Environmental Health Hazard Assessment (<https://oehha.ca.gov/>) as presented in the User's Guide for the California Impervious Surface Coefficients (December 2010). The ISC is the decimal value that reflects the percentage of any land use category that is made up of hardened surfaces. The factor is used to approximate the Impervious Surface Area of an Assessor's Parcel based upon the general utilization of, and/or number of dwelling units located upon, the Assessor's Parcel(s). In any case where an ISC was not available for a particular Customer Class, the District relied upon data from the DISTRICT to estimate the ISC.

"**Land Use Code**" means the code assigned by the County Assessor used to describe an Assessor's Parcel's land use.

"**Maximum Annual Rate**" means the Maximum Annual Rate for each Fiscal Year as shown in Section C.

"**Minimum Fee per Billing Period**" means one dollar (\$1) per Assessor's Parcel per year.

"**Net Impervious Surface Area**" means the Gross Parcel Area multiplied by the Impervious Surface Coefficient. The resulting area value serves as the reasonable basis to proportionally allocate the costs to provide the storm drain service to each Assessor's Parcel.

APPENDIX B

"**Property Data**" means Assessor's Data, Assessor's Map and/or Alternative Data which is determined by the Fee Administrator to be most accurate and that which is used as the basis to calculate the Fee.

"**Proportionately**" means the ratio of the Annual Rate is equal to the Maximum Annual Rate charged to all Assessor's Parcels.

"**Rate per Billing Period**" means the Annual Rate effective for the applicable Fiscal Year.

"**Services**" means the District's Storm Drainage System Operations, Maintenance and Capital Improvement Program as further defined in Section 3.2 of Reclamation District No. 1000's Storm Drain Property Related Fee Study prepared by NBS dated August 2022 (Fee Study).

"**State**" means the State of California.

"**Unit Count**" means the number of multifamily dwelling units located upon an Assessor's Parcel as shown in the Property Data.

B. ASSIGNMENT TO CUSTOMER CLASSES

Each Fiscal Year, or more frequently as determined by the District, all Assessor's Parcels shall be evaluated and assigned to a Customer Class as shown on the table below. Assignment to Customer Classes shall be based upon the Property Data.

Customer Class	
Agriculture	Office
Airport	Park
Church & Welfare	Personal Care & Health
Common Area	Public & Utilities
Exempt	Retail / Commercial
Golf	SFR1
Industrial	SFR2 (excess area only)
MFR	Vacant
Miscellaneous	

For residential property, assignment to a Customer Class shall be first according to the Land Use Code, and next according to the Gross Parcel Area. There are two categories of residential Customer Classes, which are single family and multifamily categories.

The single-family category contain two Customer Classes based upon the Gross Parcel Area.

SFR1 = Single Family Residential Parcel with Gross Area <= 435,600 SqFt. (10 Acres)

SFR2 = Single Family Residential Parcel with Gross Area > 435,600 SqFt. (10 Acres)

APPENDIX B

The multifamily category contains one Customer Class.

MFR = All Multi-Family Property

For non-residential property, assignment to a Customer Class shall be according to the Land Use Code.

Attachment A contains the listing of all Land Use Codes and the associated assignment to a Customer Class.

C. MAXIMUM ANNUAL RATES

The Maximum Annual Rates for the Residential Customer Classes are shown in the table below.

Residential Property		2023/24 Maximum Annual Rate	Per
SFR1	Parcel Gross Area <= 435,600 SqFt. (10 Acres)	\$26.71	Parcel
SFR2	Parcel Gross Area = 435,600 SqFt. (First 10 Acres)	\$26.71	Parcel
	+ Additional Excess Area over 10 Acres ¹	\$0.0076	Excess NIA ²
MFR	All Multi-Family Parcels	\$9.00	Dwelling Unit

1. See Section 4.4.2 of the Fee Study

2. Shown per Square Foot. Equals \$331.0560 per acre

The Maximum Annual Rates for the Non-Residential Customer Classes are shown in the table below.

Non-Residential Property	2023/24 Maximum Annual Rate Per Net Impervious SqFt.
Agriculture	\$0.0076
Airport	\$0.0076
Church & Welfare	\$0.0076
Common Area	\$0.0076
Exempt	\$0.0076
Golf	\$0.0076
Industrial	\$0.0076
Miscellaneous	\$0.0076
Office	\$0.0076
Park	\$0.0076
Personal Care & Health	\$0.0076
Public & Utilities	\$0.0076
Retail / Commercial	\$0.0076
Vacant	\$0.0076

1. Shown per Square Foot. Equals \$331.0560 per acre

APPENDIX B

D. METHOD OF CALCULATING THE FEE PER BILLING PERIOD

The Fee per Billing Period shall be calculated as follows.

Step 1: Determine the Rate per Billing Period.

Step 2: Assign all Assessor's Parcels to a Customer Class per Section B.

Step 3: Calculate the preliminary fee per billing period for each Customer Class.

A. For Residential Property: Customer Classes SFR1&2 & MFR

Multiply the Rate per Billing Period by the number of dwelling units (SFR Classes have one dwelling unit) to arrive at the preliminary fee per billing period.

B. For SFR2 Parcels Only¹

Calculate the Additional Excess Area Charge on gross parcel area over 10 Acres as follows.

Step 1: Calculate the Excess Acres.

$$(Gross\ Acres) - (First\ 10\ SFR1\ Acres) = (Excess\ Acres)$$

Step 2: Calculate the Excess NIA.

$$(Excess\ Acres) * (ISC\ 0.04^2) = (Excess\ NIA)$$

Step 3: Calculate the Excess NIA Charge.

$$(Excess\ NIA) * (Rate\ per\ NIA\ Acre^3) = (Excess\ Acreage\ Charge)$$

Step 4: Calculate the total SFR2 Charge.

$$(Excess\ Acreage\ Charge) + (SFR1\ Rate) = (Total\ Charge\ for\ each\ SFR2\ Parcel)$$

¹ See Section 4.4.2 of the Fee Study

² Agriculture ISC = 0.04

³ Non-Residential Rate 2023/24 = \$0.0076 per Net Impervious SqFt.

APPENDIX B

A sample calculation for a 20 acre SFR2 parcel is shown below.

$$\begin{aligned} &(20 \text{ Gross Acres}) - (10 \text{ SFR1 Acres}) = (10 \text{ Excess Acres}) * (\text{ISC } 0.04) = \\ &(0.40 \text{ Excess Acres}) = (17,424 \text{ Excess SqFt.}^4) * (\$0.0076 \text{ Rate per NIA SqFt.}) = \\ &(\$132.42 \text{ Excess Acreage Charge}) + (\$26.71 \text{ SFR Base Rate}) = \\ &(\$159.13 \text{ Total Charge for the sample SFR2 Parcel}) \end{aligned}$$

C. For Non-Residential Property: All other Customer Classes

The preliminary fee per billing period for Non-Residential Property shall be calculated as follows:

X = Gross Parcel Area

Y = Impervious Surface Coefficient for the respective Customer Class

Z = Rate per Billing Period

X x Y x Z = Preliminary fee per billing period per Assessor's Parcel

Step 4: Apply the Minimum Fee per Billing Period as applicable

Review the preliminary fee per billing period for each Assessor's Parcel and apply the greater of the preliminary fee per billing period as calculated in Step 3 above, or the Minimum Fee per Billing Period, to arrive at the Fee per Billing Period.

A change of Property Data may be recognized at any time and may result in a new Fee per Billing Period. If the change results in an increase of the Fee per Billing Period, this is not considered an "increase" according to, and in the context of, the California Government Code §53750(h)(3).

E. REDUCTION AND INCREASE OF THE FEE

Each Fiscal Year the District shall determine the revenue required to provide the Services. If the District determines that the revenue to be raised from the application of the Maximum Annual Rates is less than or equal to the projected cost to provide the totality of the services described in Section 3.2 of the Fee Study, the District shall charge the Maximum Annual Rate for the respective Fiscal Year. This rate shall then become the Annual Rate effective for the respective Fiscal Year.

If the District determines that the revenue to be raised from the application of the Maximum Annual Rates exceed the projected cost to provide the totality of the services described in Section 3.2 of the Fee Study, the District shall reduce the Maximum Annual Rates for such Fiscal Year "Proportionately" to appropriately fund the services. This rate shall then become the Annual Rate effective for the respective Fiscal Year.

⁴ Converted to Square Feet

APPENDIX B

A change of Property Data may be recognized at any time and may result in a new Fee per Billing Period. If the change results in an increase of the Fee per Billing Period, this is not considered an "increase" according to, and in the context of, the California Government Code §53750(h)(3).

The Maximum Annual Rate is subject to increase 2% each fiscal year over the prior fiscal year's Maximum Annual Rate.

F. EXEMPTIONS

No Fee shall be charged to any Assessor's Parcels that meet any of the following conditions.

1. Assessor's parcels that solely comprise a street or roadway (either publicly or privately owned).
2. Assessor's parcels determined by the District to be comprised of area, which is part of, or appurtenant to, the District's storm drain system.
3. Assessor's parcels determined by the District to not receive Service.
4. Assessor's parcels determined by the District which detain all runoff on site.

G. APPEALS AND INTERPRETATIONS

Any property owner may file a written appeal of the Fee with the Fee Administrator claiming that the Property Data, the amount, or calculation of the fee is not correct. The appeal shall contain the following information.

1. The Assessor's Parcel Number (APN) of the property in question.
2. The name, phone number, mailing address, and email address, if available, of the property owner.
3. The specific reason the fee is in error.
4. All documentation supporting the appeal.

An appeal may be filed at any time. If additional documentation is required, or insufficient documentation was submitted, a representative of the District will notify the property owner in writing. Once the District has determined that sufficient documentation has been submitted, The Fee Administrator will perform the review. The Fee Administrator shall review the appeal, meet with the appellant if the Fee Administrator deems necessary, and advise the appellant of its determination.

If any appeal involves disputed Assessor's Data, the property owner shall also submit a request to the County Assessor requesting a correction of the property characteristics maintained by the County Assessor. If applicable, a copy of this request shall be included in the appeal documentation.

If the property owner disagrees with the Fee Administrator's decision relative to the appeal, the property owner may then file a written appeal with the General Manager of the District. The General Manager shall provide the property owner written notice of his or her decision to the

APPENDIX B

owner at the owner's address as soon as practicable The General Manager's decision is the District's final administrative determination of the matter.

If the decision of the Fee Administrator or subsequent decision by the General Manager of the District requires the Fee to be modified or changed in favor of the property owner, the District shall correct the amount in the next feasible billing from the date of correction.

This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to filing any legal action by such owner.

H. MANNER AND TERM OF COLLECTION

The Fee will be collected in the same manner and at the same time as other charges by the District levied upon the County Secured Property Tax Rolls . The Fee shall be levied as needed to fund the cost of Services and shall be subject to reduction per Section E.

RECLAMATION DISTRICT 1000

DATE: SEPTEMBER 9, 2022

AGENDA ITEM NO. 7.1.1

TITLE: Committee Meeting Minutes

SUBJECT: Committee Meeting Minutes since the August Board Meeting

EXECUTIVE SUMMARY:

Executive Committee Meeting – August 31, 2022

A meeting of the Reclamation District No. 1000 Executive Committee was held on Wednesday, August 31, 2022, at 8:00 a.m. via GoToMeeting and Conference Call. In attendance was Trustee Lee Reeder. Staff in attendance were General Manager King and General Counsel Smith. There were no members of the public present, therefore no public comments were received.

General Manager King presented the proposed agenda for the September 9, 2022, Board of Trustees meeting. The Committee reviewed the agenda and approved.

With no further business on the Executive Committee Agenda, meeting adjourned at 8:27 a.m.

Finance Committee Meeting – August 31, 2022

A meeting of the Reclamation District No. 1000 Finance Committee was held on Wednesday, August 31, 2022, at 4:30 p.m. via GoToMeeting and Conference Call. In attendance were Trustees Gilbert and Bains. Staff in attendance were General Manager King, General Counsel Shapiro, Finance Consultant Ghironzi, and Operations Manager Holleman. There were no members of the public present, therefore no public comments were received.

General Manager King presented the Draft Phase 2.2 Fee Study. The Committee reviewed the provided information and recommended moving the item forward to the September 9, 2022, Board of Trustees meeting.

With no further business on the Finance Committee Agenda, meeting adjourned at 4:45 p.m.

Urbanization Committee Meeting – August 31, 2022

A meeting of the Reclamation District No. 1000 Urbanization Committee was held on Tuesday, September 6, 2022, at 10:00 a.m. via GoToMeeting and Conference Call. In attendance were Trustees Lee Reeder and Burns. Staff in attendance were General Manager King, Admin. Services Manager Gutierrez, Admin Assistant Forehand, Outreach Consultant Grotenhuis, and Operations Manager Holleman. There were no members of the public present, therefore no public comments were received.

General Manager King presented website and social analytics reports from the 3rd Quarter of 2022. The Committee also received an update on the various outreach efforts that the District has been performing over the past 6 months. Staff also presented 5 different RD 1000 logos for

TITLE: Committee Meeting Minutes

review by the Committee. The Committee provided feedback on the logos and staff will work to refine the proposed logos for further review.

With no further business on the Urbanization Committee Agenda, meeting adjourned at 11:01 a.m.

STAFF RESPONSIBLE FOR REPORT:

Kevin L. King, General Manager

Date: 09/07/2022
