The Regional Income Tax Agency (RITA, the Agency) is seeking proposals to purchase and install 4 Hewlett Packard Enterprise (HPE) Synergy blade servers, 3 HPE remote office servers and to increase the disk space on the production and QAT storage area networks (SANs).

Proposals must be submitted electronically to rfp@ritaohio.com no later than 12:00 p.m. E.S.T., November 25, 2019.

The Agency reserves the right to reject any and all proposals, or any part of any proposal, or to waive informalities or defects in proposals, as the Board of Trustees of the Agency deems to be in the best interest of the Agency.

Cordially,

Donald W. Smith
Executive Director

INTRODUCTION

The Agency desires to begin moving its server hardware technology over to the HP Synergy platform. RITA has already performed the necessary analysis to determine the technical specifications of the hardware to be purchased. The technical information is in the table labelled **HP Synergy** in the Hardware Information section below.

In addition, there are 3 remote office servers that serve as network file servers in three of RITA's remote offices. The technical specifications for the servers are in the table labelled **Remote Office servers** in the Hardware Information section below.

As part of this purchase, the Agency also desires to upgrade the disk space for the storage area networks (SANs) that support the production server environment and the Quality Assurance and Testing environment. The technical specifications for the servers are in the tables labelled **Production SAN** and **QAT SAN** in the Hardware Information section below.

The proposal that is submitted must include all of the quantities, part numbers and descriptions as outlined in the tables in the Hardware Information section. A separate Microsoft Excel file containing this information can be provided upon request to assist you in properly formatting your proposal. Price quotes must also clearly identify the items that are hardware, software, maintenance and professional services.

It is important to note that RITA is providing the list of hardware they desire to purchase and is seeking competitive pricing from qualified vendors for both hardware, maintenance and professional installation services. If we have a missing component from one of the solutions you feel warrants a discussion, please include the item and the associated cost in your quote and note it in your response. We will review and schedule a follow-up discuss if deemed necessary.

The Agency is not responsible for any costs incurred by the respondent in preparation of the proposal. RITA reserves the right to negotiate with the vendors submitting proposals in order to obtain the most favorable terms, conditions and pricing for the Agency as determined by the Agency in its sole discretion. Also, as deemed in the best interest of the Agency by the Board of Trustees, RITA reserves the right to reject any or all parts of the proposals it receives.
