Market Commentary

COPYRIGHT © JONES LANG LASALLE IP, INC. All Rights Reserved

UK housing market overview

The UK housing market continues to adjust to varying levels of political and legislative change. In August 2018, interest rates increased for the first time since the global financial crash, rising from 0.5% to 0.75%, where they remain today. Brexit uncertainty continues to subdue the UK economy; the Brexit deadline was pushed back again to 31 January 2020 and a general election will now take place on 12 December 2019.

Annual housing transaction volumes were slightly lower in the year to September 2019 compared with a year earlier, but remain in-line with the previous quarter, according to the HMRC.

National house prices continue to rise and house price growth in the UK for the year to September was 1.3%, up slightly from 1.50% pa three months earlier and down from 2.9% pa a year ago. Average prices increased by 1.6% in Q3 2019, in line with price increases in Q2 2019.

Annual house price growth was positive across all regions except Greater London and the East of England for the year ending September 2019. House price growth in London was -0.4% pa, well below the UK average increase. House price growth was highest in the North West at 2.8% pa, followed by Wales at 2.6% pa. House price growth was stronger in northern regions than in southern regions in the year to September 2019.

According to the September 2019 RICS survey, activity remained subdued across the sales market and new instructions decreased to its weakest reading in three years. Prices are still expected to rise at a national level over the coming twelve months, driven mainly by the northern regions.

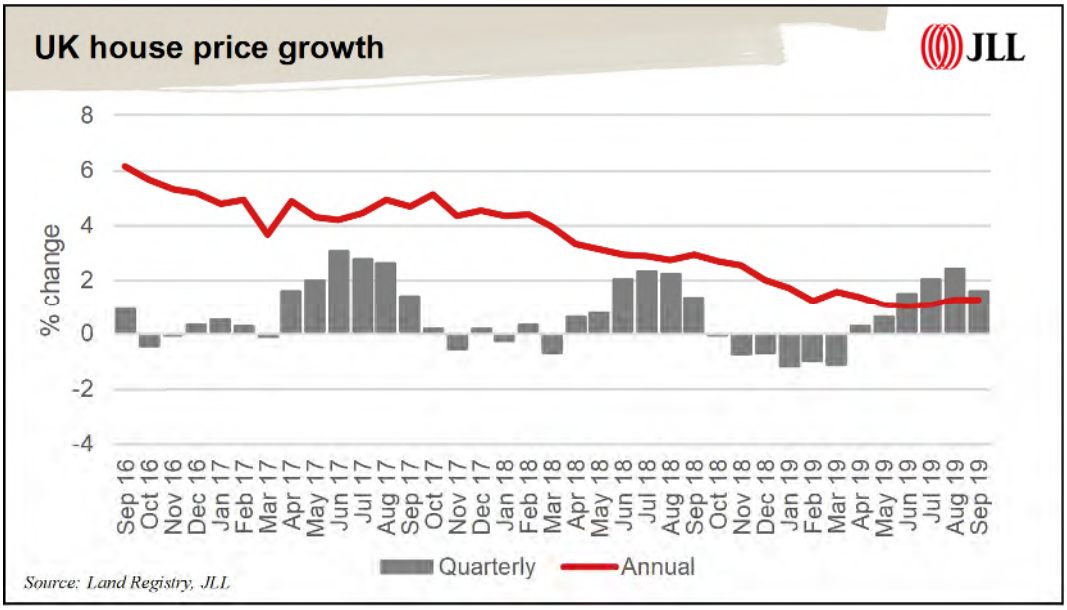
Construction starts in England decreased in the year to Q2 2019, while completions increased over the same period. The number of annual starts now stands at 160,650 and the number of completions at 173,670. These are some of the highest levels recorded since 2008, although still well below the delivery target of circa 300,000 new homes pa.

UK housing market analysis

Using a selection of data from Government sources, including Land Registry, HMRC and MHCLG, as well as survey data collected by the RICS (the Royal Institution of Chartered Surveyors), this section provides a detailed analysis of the UK housing market.

House price growth

In the three months to September 2019, house prices increased by 1.6%, slightly above the increase of 1.5% in the preceding three months. Annual price growth remained positive at 1.3% in the year to September 2019, up from 1.0% in the preceding three months.

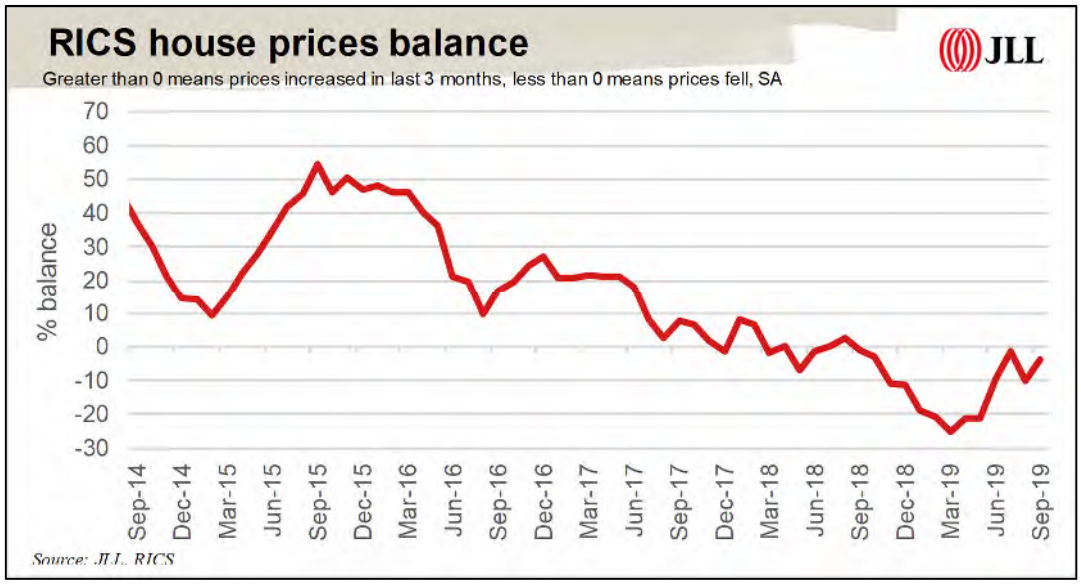


Housing supply and demand

The following section analyses data from the RICS Housing Market Survey, a useful tool when analysing demand, supply and pricing in the UK housing market. The data is sourced from a survey of chartered surveyors across the UK and it includes a range of questions from their future perceptions of the market to how the market has moved in the preceding three months.

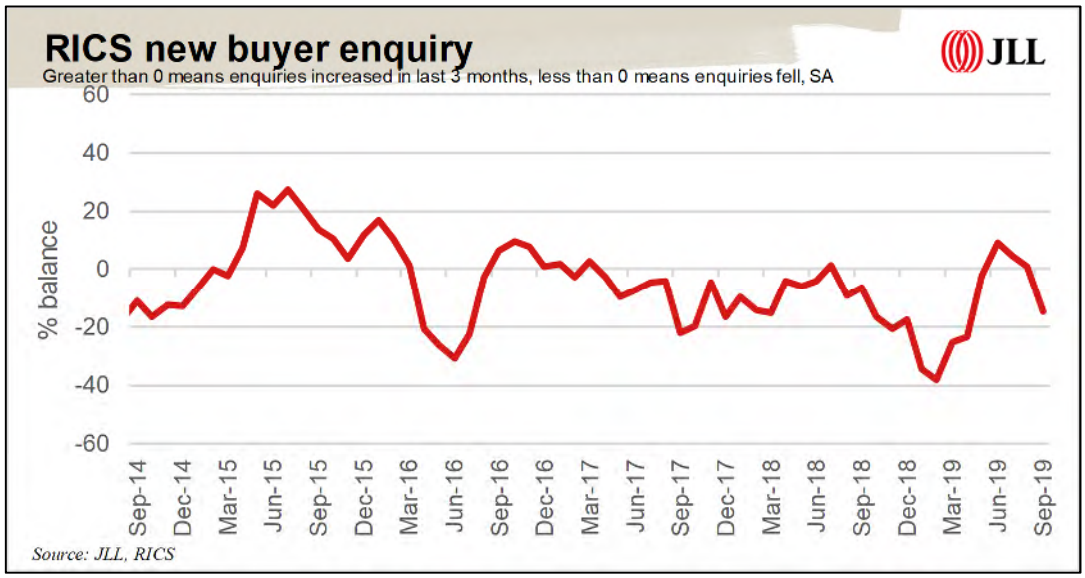
Several results are presented through a balance of surveyor views. Results below zero indicate that demand/supply/price is falling while positive values reveal a rise in demand/supply/price. Each value describes the rate at which demand/supply/price is growing or falling which are useful in analysing the momentum of the market. The findings of the survey are presented below.

The RICS survey reveals that, on a seasonally adjusted basis, the price balance was -4% in September 2019. This is up from June 2019, when the price balance was -9%. This suggests that while surveyors continue to assert that house prices are falling, they are decreasing at a slower rate than in the preceding three months.

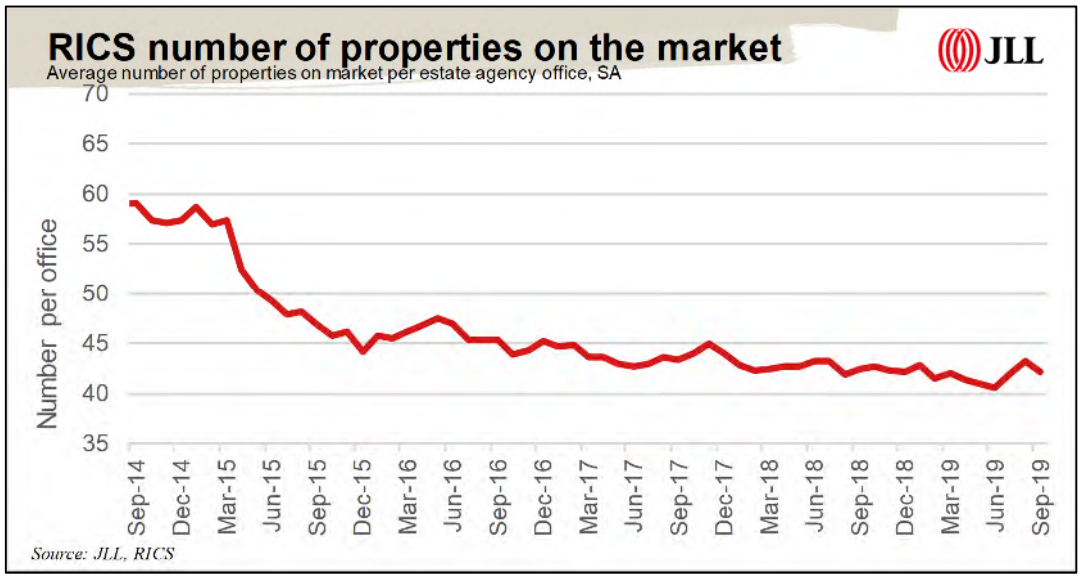


The chart below reveals the difference in the proportion of surveyors who believe that the number of new buyer enquiries, in the last three months, has risen against those who believe that they have fallen. Any figures below zero indicate that more surveyors feel that demand has fallen rather than risen in the last three months. The balance reveals not only the changes in demand but also how quickly levels of demand have moved.

The RICS survey reveals that, on a seasonally adjusted basis, housing demand decreased in the three months to September 2019. 14% more surveyors believe that new buyer demand has fallen rather than risen in the three months to September 2019, following a steady increase in the three months to June 2019.

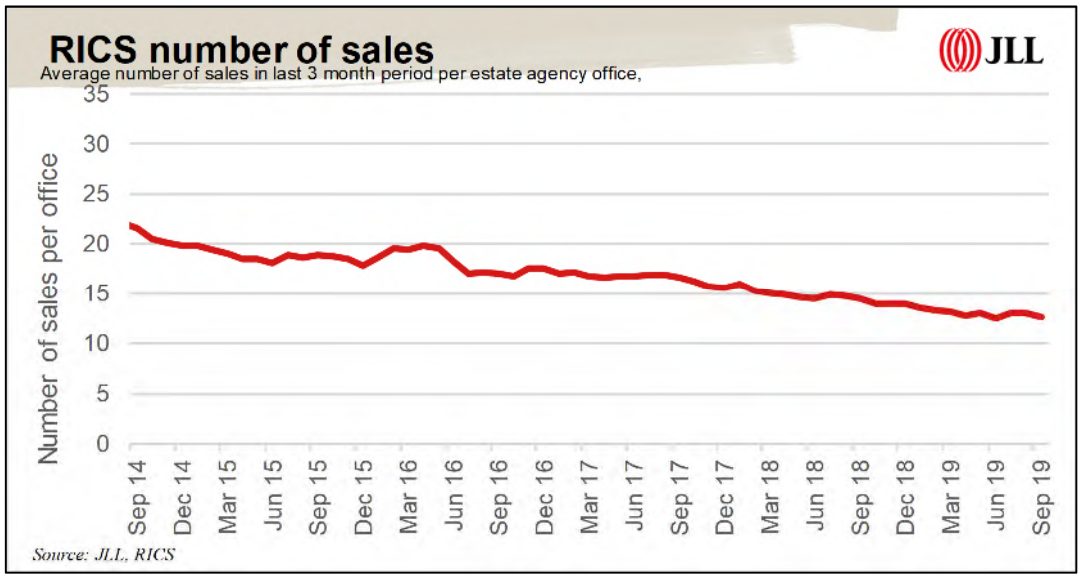


According the RICS survey, the average number of properties on the market has remained steady following a sharp fall between March 2015 and December 2015. In September 2019, the average number of properties on the market per estate agency office rose slightly to 42, up from 40 the previous quarter and in line with September 2018.

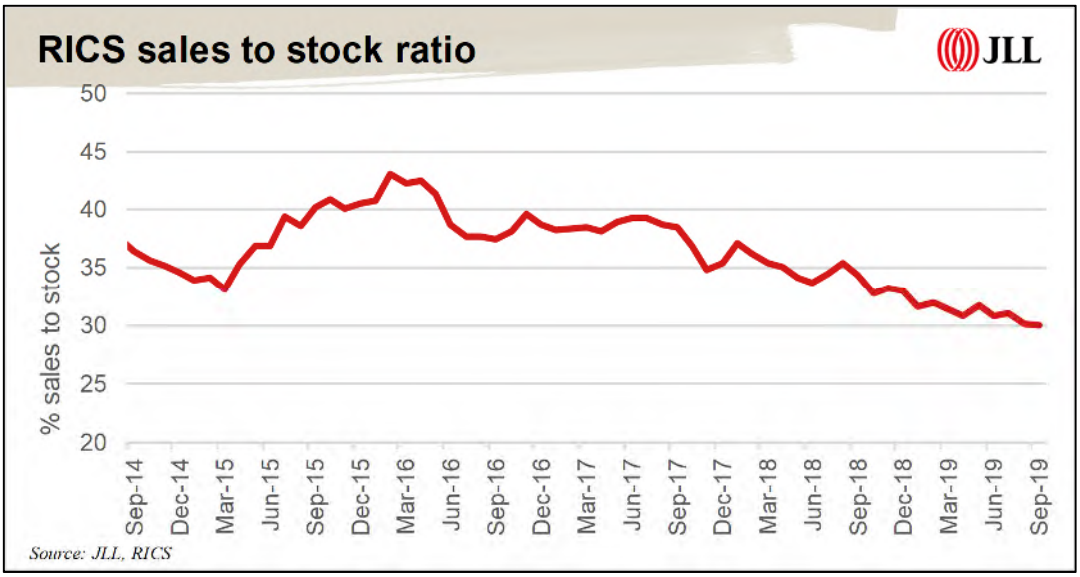


The average number of sales per month per estate agency office showed no change during the three months to September 2019, but has been slowly decreasing since mid-2014.

As of the end of September 2019, estate agency offices were selling approximately 13 homes on average during the preceding three-month period, down from 15 homes a year earlier.



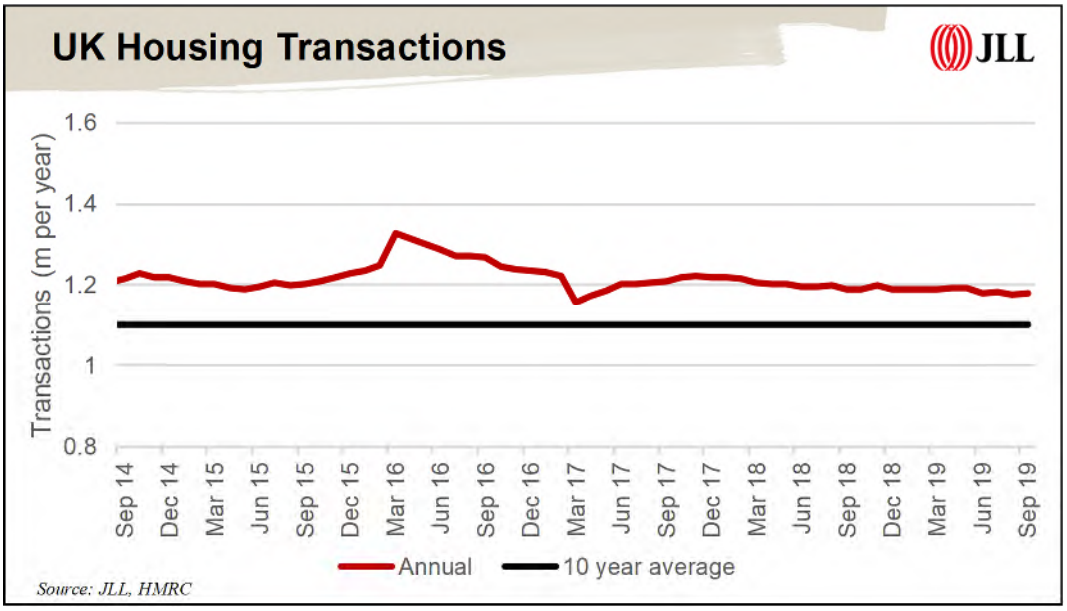
Further data from the RICS survey reveals that the sales to stock ratio has decreased slightly in September 2019. The sales to stock ratio in September 2019 was 30, in-line with June 2019 and slightly down from 34 in September 2018. This implies a slight easing in housing market conditions on recent quarters.



Housing transactions

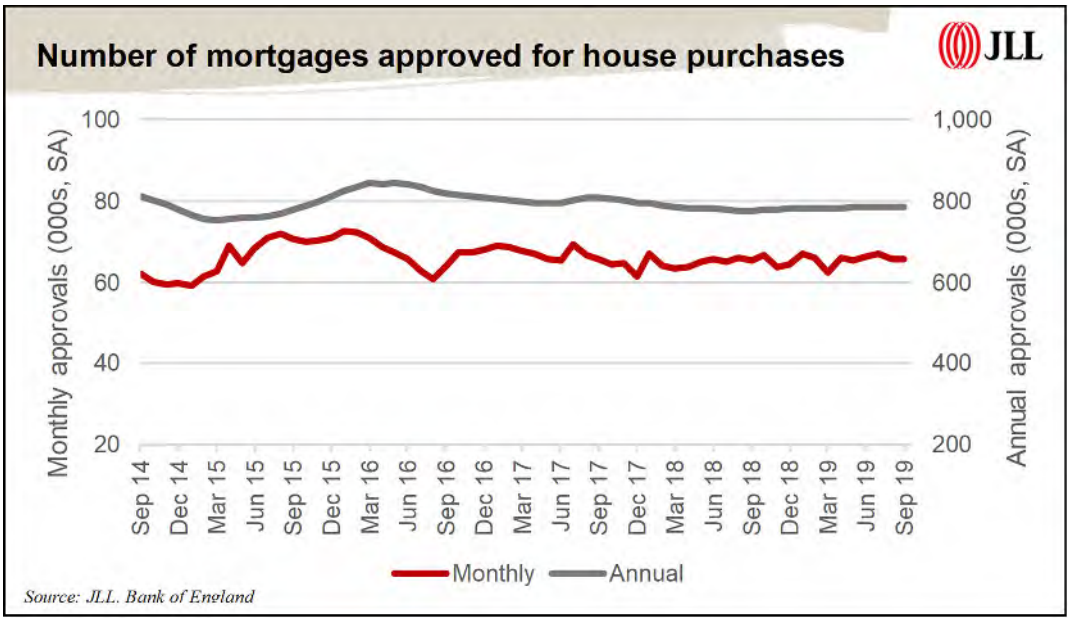
HMRC data reveals that annual transactions showed no change in Q3 2019 compared with the previous three months. Transactions have generally been falling since the spike in March 2016 before the introduction of the second home stamp duty tax but have levelled-off in recent months.

In the year to September 2019, there were 1.18 million transactions in the UK, compared to 1.19 million transactions a year earlier. Annual transactions remain above the 10-year average of 1.10 million.



The mortgage market

Data from the Bank of England shows that national house lending has been relatively stable of late on an annual basis.

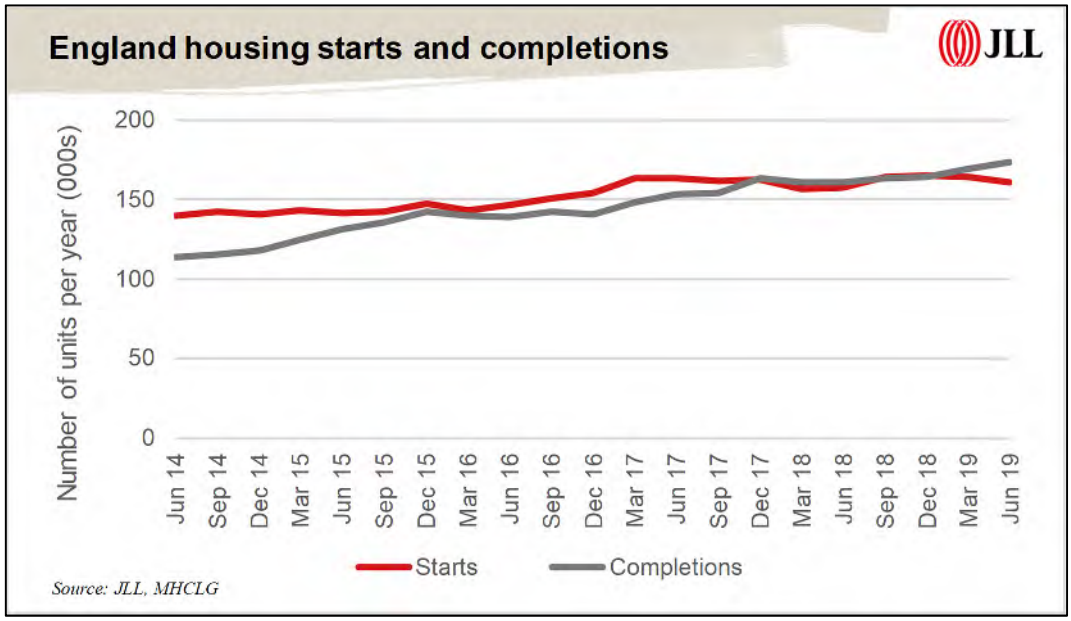


Housing development

The number of housing starts in England decreased slightly in the year to Q2 2019. There were approximately 160,650 starts in the year to Q2, below the 163,820 starts in Q1, and above the 157,330 in Q2 2018.

Annual completions across England increased by 7.8% in the year to June 2019. There were 173,670 completions, compared with 161,120 a year earlier.

Over the past ten years, housing construction in England has consistently been well below the delivery target of 240,000-300,000 homes per annum.

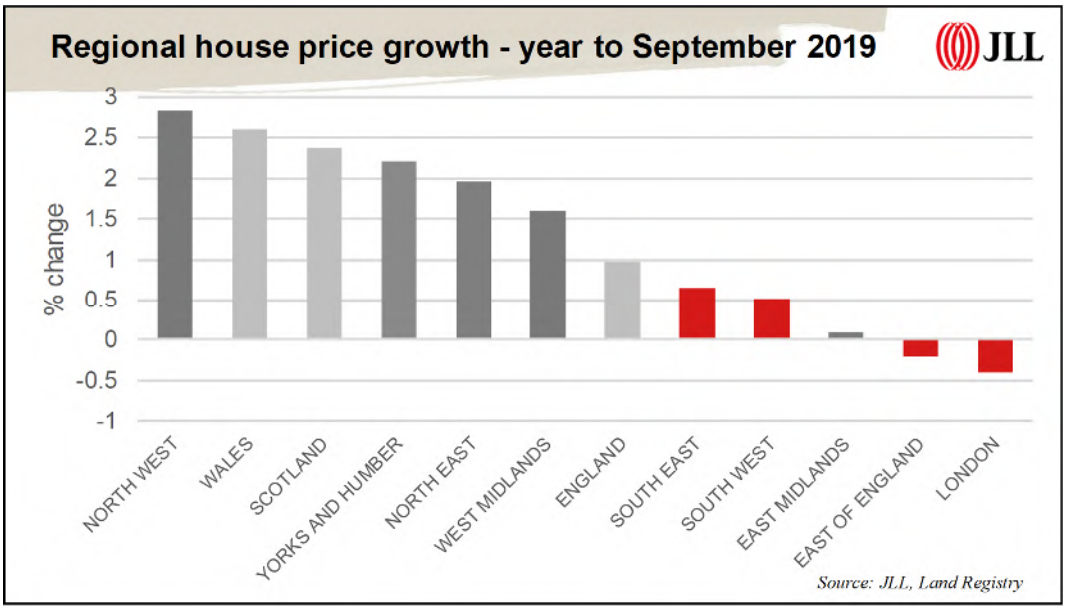


Regional house price growth

Data from Land Registry reveals that house prices have increased in all regions in the year to September 2019 with the exception of London and the East of England.

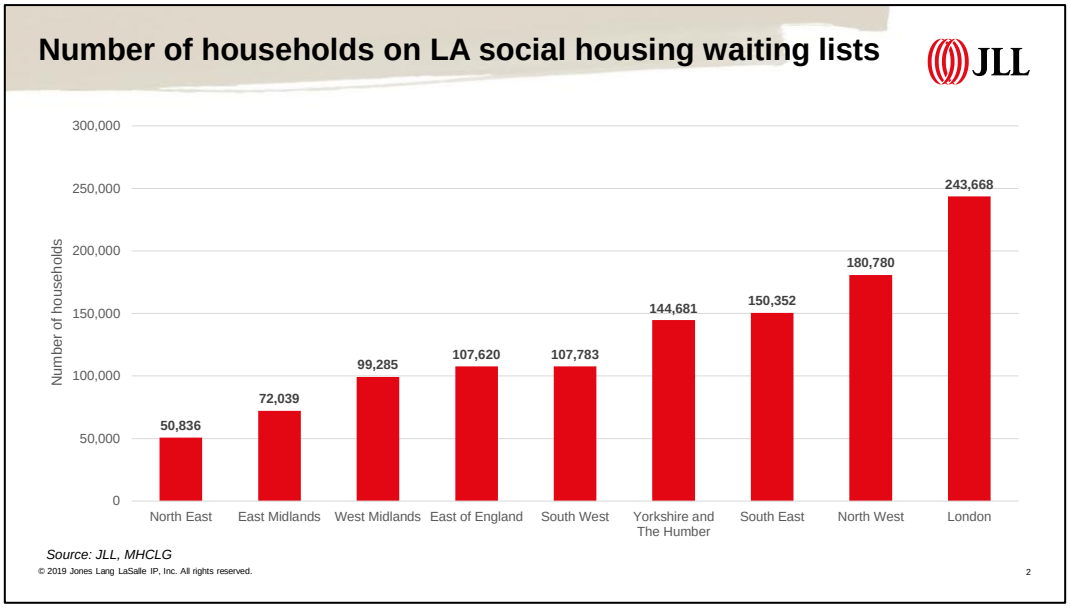
The usual North-South price growth divide has flipped on its head in recent years. The North West, Wales and Scotland saw the highest house price growth, while London and the East were the slowest of all the UK regions.

Regional house price growth in the North West increased by 2.8% in the year to September 2019. London saw a fall of 0.4% and house prices in the East of England decreased by 0.2% in the same period.



Housing Demand Levels

In order to ascertain the demand levels for social housing, we have looked at the Local Authority affordable housing waiting lists collated by the MHCLG. The latest figures state that there are over 1.16 million households in need of sub-market housing across England. The graph below offers a regional breakdown of this affordable housing demand, highlighting that all regions are in need of more affordable housing.



To put these waiting lists into context and better highlight the depth of demand for social housing units by region, the graph below compares these figures to the number of affordable housing completions. To offer a more accurate reflection of social housing construction rates, and to prevent large-scale regeneration projects skewing figures, a five-year average of the completion rate has been used. For every social housing unit built in the South West, there are currently 26 households in need of housing assistance. In Yorkshire & the Humber, the number of households per unit built climbs to 111. This clearly highlights that there is a significant demand for social housing across all regions in the UK. This is also a static representation of demand levels and not looking at any increase in number of households on the waiting list.

Job Ref: JM/920000000057315

Dear Sirs

3,249 Affordable Housing units owned by Sanctuary Housing Association ("SHA") and 93 Affordable Housing units owned by Sanctuary Affordable Housing Limited ("SAHL" and, together with SHA, the "English Borrowers") relating to the issue by the Issuer of its £350,000,000 2.375 per cent. Secured Bonds due 2050

We are pleased to attach our Report in connection with the above.

This Report is issued for the benefit and use of the Addressees and for inclusion in the admission particulars for the issue of the Bonds (the "Admission Particulars" and the "Bond Issue") and may only be used in connection with the Admission Particulars and the Bond Issue. We hereby give our consent to the publication of this Report within the Admission Particulars and accept responsibility for the information contained in this Report.

To the best of our knowledge (having taken all reasonable care to ensure that such is the case) the information given in this Report is in accordance with the facts and does not omit anything likely to affect the import of such information.

Before this Report or any part of it is reproduced or referred to in any document, circular or statement (other than the Admission Particulars in respect of the Bonds), our written approval as to the form and context of such publication must be obtained.

Executive Summary

This summary should be read in conjunction with the main body of our Report. Section numbers are supplied where relevant.

Introduction

The date of this Report is 8 April 2020.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 3,342 properties for loan security purposes.

Properties

The portfolio comprises 2,875 social housing units located across England.

The portfolio contains a mixture of different tenures as summarised in the table overleaf and set out in greater detail in section 3 of this Report.

In addition, there are 50 garages and parking spaces and 417 units in the portfolio which form ancillary accommodation, have been sold on long leases or fully staircased. The English Borrowers' interest in the properties is considered to be de minimis for the purpose of this exercise and so these properties have been included at nil value. Furthermore, please note that these properties have not been included in any unit counts or other statistics in this Report.

We have inspected the exterior of all units in the portfolio and have seen a representative sample of 10% internally (section 3).

Valuations

The effective date of valuation is 8 April 2020.

Our valuation of the 311 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£21,730,000
(twenty-one million, seven hundred and thirty thousand pounds)

Our valuation of the 2,564 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£336,270,000
(three hundred and thirty-six million, two hundred and seventy thousand pounds)

Our valuation of all 272 properties owned by Sanctuary Housing Association being valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

£17,625,000
(seventeen million, six hundred and twenty-five thousand pounds)

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Our valuation of all 2,512 properties owned by Sanctuary Housing Association being valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£322,802,000
(three hundred and twenty-two million, eight hundred and two thousand pounds)

Our valuation of all 39 properties owned by Sanctuary Affordable Housing Limited being valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

£4,105,000
(four million, one hundred and five thousand pounds)

Our valuation of all 52 properties owned by Sanctuary Affordable Housing Limited being valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£13,468,000
(thirteen million, four hundred and sixty-eight thousand pounds)

The following tables summarise our opinions of value by Company:

Sanctuary Housing Association Properties

Portfolio Analysis

Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers ("RPs") in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (LHA) for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio's location and composition;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales;
- there are currently 1.16 million households on local authority waiting lists across England; and
- based on current levels of affordable housing supply (new build) across England, there are 50 households on the waiting list for every new property being built.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Weaknesses:

- the age of some of the properties mean they would require extensive refurbishment in the near future; and
- whilst we have been prudent in applying our MV-VPs, MRs and sales rates, there are well-documented challenges at present to the domestic sales and lettings market.

Opportunities:

- increased efficiencies driven by mergers between Housing Associations;
- rationalisation of RPs' stock allowing for more efficient asset management; and
- investment of REITs and other funds into the sector as whole.

Threats:

- changes in Government policy such as a further period of rent cuts or changing the Rent Regime to CPI only;
- results of the Hackitt Review could lead to retrospective remedial repairs and alterations being enforced upon RPs; and
- sharp increase in the cost of materials and labour to carry out any repairs and maintenance work on existing stock and meet development plans.

Suitability of Security

Your instructions require us to comment on whether the properties we have valued provide adequate security for the Bond Issue.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our Report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.

Based on our inspections, we are satisfied that the properties we inspected internally, are being maintained to an acceptable social housing standard, in line with Regulator of Social Housing ("RSH") regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our Report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a "Global Pandemic" on the 11th March 2020, has impacted global financial markets. Travel restrictions have been implemented by many countries.

Market activity is being impacted in many sectors. As at the valuation date, we consider that we can attach less weight to previous market evidence for comparison purposes, to inform opinions of value. Indeed, the current response to COVID-19 means that we are faced with an unprecedented set of circumstances on which to base a judgement.

Our valuations are therefore reported on the basis of "material valuation uncertainty"' as per VPS 3 and VPGA 10 of the RICS Red Book Global. Consequently, less certainty – and a higher degree of caution – should be attached to our valuation than would normally be the case. Given the unknown future impact that COVID-19 might have on the real estate market, we recommend that you keep the valuation of this portfolio under frequent review.

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

Subject to the information presented within this Report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this portfolio is suitable for security purposes.

Stock

The stock is summarised by count of unit type for each business stream as follows:

Property Type	General Needs	Sheltered	Affordable Rent	Supported	Intermediate Rent	Shared Ownership

1 Introduction

1.1 Background

Jones Lang LaSalle Limited ("JLL") has been instructed to prepare a valuation of 2,784 properties owned by SHA and 91 properties owned by SAHL (together, the "Portfolio").

1.2 Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This Report has been prepared by James Massey MRICS (Valuer Number: #5036140) under the supervision of Marc Burns, both James and Marc are Directors in the Affordable Housing team at JLL. The report has been countersigned by Richard Petty FRICS (Valuer Number: #0089005), Lead Director of Living Advisory at JLL.

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this Report.

The effective date of valuation is 8 April 2020.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the English Borrowers' accounts. This Report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this Report. We understand that values given in the English Borrowers' accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the English Borrowers. This is an entirely different basis of valuation from that used for loan security purposes.

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the English Borrowers, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the English Borrowers is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2019) and that we do not anticipate this situation changing in the foreseeable future.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

1.3 Instructions

Our Report is prepared in accordance with the English Borrowers' formal instructions.

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

1.4 Status of Valuer

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility within JLL is considered no later than the end of 2025.

1.5 Material valuation uncertainty due to Novel Coronavirus (COVID – 19)

The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a "Global Pandemic" on the 11th March 2020, has impacted global financial markets. Travel restrictions have been implemented by many countries.

Market activity is being impacted in many sectors. As at the valuation date, we consider that we can attach less weight to previous market evidence for comparison purposes, to inform opinions of value. Indeed, the current response to COVID-19 means that we are faced with an unprecedented set of circumstances on which to base a judgement.

Our valuations are therefore reported on the basis of "material valuation uncertainty"' as per VPS 3 and VPGA 10 of the RICS Red Book Global. Consequently, less certainty – and a higher degree of caution – should be attached to our valuation than would normally be the case. Given the unknown future impact that COVID-19 might have on the real estate market, we recommend that you keep the valuation of this portfolio under frequent review.

1.6 The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

1.7 Deregulatory Measures

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These are very significant for the UK social housing sector, as they give RPs greater freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the regulator to prevent asset management actions.

These deregulatory measures, inter alia, give RPs the freedom to dispose of assets without the regulator's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

There are already early signs that these measures are having an effect on RPs' thinking, and on their business plans, as they begin to adopt a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, through our day to day work, we are beginning to see more analytical requirements in terms of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs are in any way sacrificing their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

As mentioned, some RPs are steadily starting to build in an element of void sales into some stock rationalisation bids, however in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

2 Methodology

2.1 Valuation Model

We have undertaken our valuation of the Portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this Portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the Portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

In accordance with section 1.5, whilst we recognise that there is a growing active market for the sale of tenanted stock between RPs, we have not split the Portfolio into 'lots' to reflect this and have, in accordance with our instructions, valued the properties as a single portfolio.

Against the income receivable for each Portfolio, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing (where applicable). We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2 Information Provided

The principal source of background data for the Portfolio has been the rent roll for each property provided by the English Borrowers. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

A location plan of the Portfolio is provided as Appendix 2.

2.3 Inspections

We derived our inspections strategy by giving full regard to:

- the geographical spread of the stock;
- the concentration (and thereby its exposure to risk); and

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

- the property types.

We have satisfied ourselves as to the quality of location and the general condition and level of fixtures and fittings provided to the properties, and we have derived our valuation assumptions accordingly.

In accordance with our instructions, we have inspected all schemes externally and a representative sample of 10% of the stock was inspected internally. Our inspections were carried out between Monday 24 February and Friday 20 March 2020.

A representative selection of photographs is provided as Appendix 3.

2.4 Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with the English Borrowers' rents; and
- analysing data provided by the English Borrowers.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

3 General Commentary

Schedules summarising the following data for each property within the Portfolio form Appendix 1 of this Report:

- address;
- unit type;
- title number; and
- tenure.

3.1 Locations

The properties within the Portfolio are located across England as shown in the table below:

Counties	General Needs	Sheltered	Affordable Rent	Supported	Intermediate Rent	Shared Ownership
Buckinghamshire	48	-	9	-	-	-
Cheshire	481	105	85	1	-	5
Devon	44	51	9	-	-	-
Essex	95	324	44	-	-	20
Greater London	811	70	22	26	6	7
Greater Manchester	63	-	11	-	-	-
Hampshire	47	-	3	-	-	-
Lancashire	2	-	43	-	-	-
Merseyside	163	39	-	23	-	-
North Yorkshire	31	-	2	-	-	-
Oxfordshire	17	-	4	-	-	-
Staffordshire	27	118	1	-	-	-
West Sussex	18	-	-	-	-	-
Total	**1,847**	**707**	**233**	**50**	**6**	**32**

A location plan of the Portfolio is provided at Appendix 2.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

3.2 Property Types

The following table summarises the different property types within the Portfolio:

Property Type	General Needs	Sheltered	Affordable Rent	Supported	Intermediate Rent	Shared Ownership
Rooms	-	-	-	2	-	-
Studio flats	17	2	-	-	-	-
1 bed flats	319	576	25	27	6	2
2 bed flats	491	64	35	17	-	5
3 bed flats	219	2	3	-	-	-
4 bed flats	74	-	7	-	-	-
1 bed houses	14	-	8	-	-	-
2 bed houses	214	-	67	4	-	12
3 bed houses	430	-	80	-	-	9
4 bed houses	48	-	2	-	-	4
1 bed bungalows	9	31	-	-	-	-
2 bed bungalows	8	32	6	-	-	-
3 bed bungalows	4	-	-	-	-	-
Total	**1,847**	**707**	**233**	**50**	**6**	**32**

3.3 Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties within the Portfolio are a mixture of ages as shown in the table below:

Age	Houses	Flats	Bungalows	Rooms	**Total**
Pre-1919	4	53	-	2	**59**
1920-1949	1	768	2	-	**771**
1950-1979	395	359	56	-	**810**
1980s	143	374	3	-	**520**
1990s	128	105	2	-	**235**
2000s	144	210	25	-	**379**
Post 2010	77	22	2	-	**101**
Total	**892**	**1,891**	**90**	**2**	**2,875**

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

Based on our inspections, we are satisfied that the properties we inspected internally are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

4 Valuation Commentary – Rented Stock

4.1 Introduction

There are 2,843 rented properties in the Portfolio. The rented properties within the Portfolio are a mixture of general needs, Affordable Rent, intermediate rent, supported and sheltered social housing properties.

4.2 Tenancies

The majority of the properties (2,839) are let on assured tenancies. We understand that these are 'standard' assured tenancies. The remaining 4 units are let on secure tenancies.

4.3 Rental Income

The following table summarises the total income that SHA and SAHL receive from the Portfolio annually:

Business Stream	Units	Annual Income	Average Rent
General Needs	1,847	£9,387,436	£97.74
Sheltered	707	£3,197,526	£86.97
Affordable Rent	233	£1,451,607	£119.81
Supported	50	£253,546	£97.52
Intermediate Rent	6	£56,915	£182.42
Total	**2,843**	**£14,347,030**	**£97.05**

The Statistical Data Return ("SDR") is an annual online survey completed by all private RPs of social housing in England. The latest return for 2017/18 provides the average social rents charged by all RPs for general needs and sheltered/supported properties. The following table compares the English Borrowers' average rents with the average sector rents in the same localities:

Size	Average Sector Rent - General Needs	SHA's General Needs	Average Sector Rent -Sheltered & Supported	SHA's Sheltered & Supported
0 bedrooms	£97.65	£77.06	£100.30	£106.19
1 bedrooms	£93.13	£80.52	£99.83	£86.30
2 bedrooms	£109.83	£96.13	£97.21	£94.32
3 bedrooms	£116.71	£104.81	£124.77	£95.33
4 bedrooms	£141.00	£120.47	-	-
Average	**£111.12**	**£97.74**	**£99.50**	**£87.67**

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

According to the Valuation Office Agency, LHA is set at the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

The following table sets out a comparison of the English Borrowers' average rents with the average LHA in the Portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks).

Property Type	Average Passing Rent	Average LHA	Average Market Rents	% of LHA	% of Market Rent
General Needs	£97.74	£226.12	£248.44	43.2%	39.3%
Sheltered	£86.97	£142.73	£146.35	60.9%	59.4%
Affordable Rent	£119.81	£173.53	£183.07	69.0%	65.4%
Supported	£97.52	£196.50	£225.20	49.6%	43.3%
Intermediate Rent	£182.42	£260.64	£300.00	70.0%	60.8%

We are unable to verify the accuracy of the rent roll provided to us by the English Borrowers.

4.4 Affordability

In addition, we have looked at the passing rents as a proportion of local net weekly earnings as reported by the Office of National Statistics in its 2019 Annual Survey of Hours and Earnings. The results for each region are shown in the table below and, in our opinion, demonstrate that the rents being charged by the English Borrowers are affordable.

Region	Average Weekly Earnings	General Needs	As %age	Affordable Rent	As %age	Sheltered & Supported	As %age
North West	£412.56	£86.45	21.0%	£103.39	25.1%	£85.31	20.7%
Yorkshire and the Humber	£402.64	£85.40	21.2%	£97.14	24.1%	-	-
West Midlands	£420.52	£84.18	20.0%	£86.07	20.5%	£76.53	18.2%
East of England	£461.73	£97.35	21.1%	£137.13	29.7%	£83.13	18.0%
Greater London	£546.18	£107.47	19.7%	£196.25	35.9%	£122.89	22.5%
South East	£476.14	£107.52	22.6%	£126.29	26.5%	-	-
South West	£407.26	£89.32	21.9%	£99.16	24.3%	£83.79	20.6%

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

4.5 EUV-SH Rental Growth

We have modelled rental growth of CPI plus 1% in our EUV-SH valuation models into perpetuity.

4.6 MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the Portfolio.

We have assumed that it will take between 2 and 6 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

The average increases we have modelled per year for houses and flats in each of our valuations range from 19.5% to 28.1%.

4.7 Relet Rates

Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. The annual rates of tenancy turnover experienced by housing associations vary considerably between localities and between different property types. In regard to assured tenancies, national turnover rates are typically within the range of 5.0% to 11.0%, with higher rates of turnover in the North than in the South.

We have adopted rates of 5.0% (houses) and 5.0% (flats) and 8.0% (sheltered) and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.11.

4.8 Sales Rates

In accordance with section 1.6, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices in each of the regions over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Valuation Category	Annual Sales (Houses)	Annual Sales (Flats)
GN & Sheltered - East	5.0%	4.0%
GN & Sheltered - London	0.0%	4.0%
GN & Sheltered - North West	4.0%	4.0%
GN & Sheltered - South East	8.0%	10.0%
GN & Sheltered - South West	5.0%	6.0%

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Valuation Category	Annual Sales (Houses)	Annual Sales (Flats)
GN & Sheltered - West Mids	15.0%	4.0%
GN & Sheltered - Yorks & Humber	15.0%	4.0%
Supported North	0.0%	6.0%
Supported South	20.0%	8.0%

This equates to 75 flat sales and 40 house sales in the first year and 2,211 sales in total over 50 years. This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

4.9 Right to Buy

Following announcements made in the Budget delivered on 8 July 2015 we anticipate that the tenants of some of the properties within the Portfolio may in future have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). The National Housing Federation ("NHF") put an offer to Government in September 2015 in which it proposed the implementation of an extended RTB on a voluntary basis. The Voluntary Right to Buy ("VRtB") was described as a compromise with a view to securing the independence of housing associations and the best deal on compensation (for discounts) and flexibilities (the ability to refuse the VRtB in relation to certain properties).

In the Autumn Statement 2016 it was announced that the Government would fund a large-scale regional pilot of the VRtB for housing association tenants. It was expected that over 3,000 tenants would be able to buy their own home with VRtB discounts under the initial pilot scheme.

The initial pilot scheme in 2016 involved only five housing associations. A second pilot scheme across the Midlands commenced in August 2018 and will run for a period of two years. The second pilot scheme is aimed at testing two aspects of the voluntary agreement that the original pilot scheme did not cover, namely:

- one-for-one replacement; and
- portability of discounts.

The wider terms of the overall extension of RTB and therefore any consideration of the impact of RTB or RTA on valuations would be speculative. We consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.10 Outgoings

In forming our opinion of the net rental income generated by the Portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing either English Borrower's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the Portfolio.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the Portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.11 Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2019 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2019 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.70% of their gross income through bad debts and 1.38% through void losses. Both of these figures reflect a slight increase from 2018 but slower than the previous two years.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

The average rates we have adopted for bad debts and voids as a percentage of gross income for each of our EUV-SH and MV-T valuations are summarised in the table below:

Valuation Category	Bad debts & voids Year 1 (EUV-SH)	Bad debts & voids Year 1 (MV-T)
GN & Sheltered - East	2.0%	9%
GN & Sheltered - London	2.0%	9%
GN & Sheltered - North West	2.0%	8%
GN & Sheltered - South East	2.0%	9%
GN & Sheltered - South West	2.0%	8%
GN & Sheltered - West Mids	2.0%	8%
GN & Sheltered - Yorks & Humber	2.0%	8%
Supported North	2.5%	9%
Supported South	2.5%	10%
Restricted GN & Sheltered - East	2.0%	-
Restricted GN & Sheltered - East Mids	2.0%	-
Restricted GN & Sheltered - North West	2.0%	-
Restricted GN & Sheltered - South East	2.0%	-
Restricted GN & Sheltered - South West	2.0%	-
Restricted GN & Sheltered - West Mids	2.0%	-

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Valuation Category	Bad debts & voids Year 1 (EUV-SH)	Bad debts & voids Year 1 (MV-T)
Restricted GN & Sheltered - Yorks & Humber	2.0%	-

4.12 Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the English Borrowers. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2019 Global Accounts, the average cost of management across the sector is £1,016 per unit and the average management cost per unit for SHA and SAHL are £840 per annum and £821 per annum, respectively.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be significantly less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted rates of £625 per unit for management and administration in our valuations on the basis of EUV-SH.

We have assumed that a mortgagee in possession would expect to spend between 7% and 10% of rental income on management and administration in our valuations on the basis of MV-T.

4.13 Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2019 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £1,951 per unit and the average maintenance costs per unit for SHA and SAHL are £2,365 per annum and £1,623 per annum, respectively. This Global Accounts average figure is an increase of 6.7% on that reported in the 2018 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low-start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.3 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 1.0% (real) per annum.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£751
Cyclical repairs	Year 1	£333
Day-to-day repairs	Year 1	£413
Total Average Costs	**Year 1**	**£1,497**

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

4.14 Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the Portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the Portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.5% and 6.0% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 2 to 6 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of between 7.5% and 8.0% (rental income), and between 9.25% and 10.0% (sales) for our MV-T cashflows.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

5 Valuation Commentary - Shared Ownership

5.1 Introduction

There are 32 shared ownership properties within the Portfolio. SHA currently owns 62.3% of the equity in the units owned by it and a rent is charged on this percentage. SAHL currently owns 60.5% of the equity in the units owned by it and a rent is charged on this percentage.

5.2 Rental Levels

According to the information provided by SHA and SAHL, the average gross weekly rental level is £116.25 and £98.25, respectively, against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

5.3 Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

It should also be noted that although, in general, rents in the sector will be linked to CPI, the rents for shared ownership properties will grow as set out in the signed leases for each property. We have not had sight of these leases and assume that they have the standard rent review provisions (upwards only, indexed linked at RPI plus 0.5%) set out in the model shared ownership lease, published by the National Housing Federation.

We have grown rents at a rate of RPI plus 0.5% in line with this guidance and the terms of the existing leases.

5.4 Outgoings

In forming an opinion of the net rental income generated by the Portfolio, we have allowed between 2.0% and 4.0% of gross rental income for management.

5.5 Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

5.6 Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.7 Discount Rate

For our EUV-SH valuation we have adopted discount rates of between 4.75% and 5.0% on the rental income and between 7.25% and 7.5% on sales.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

5.8 Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our cashflow model. We have assumed that equity is sold in 25% tranches.

The rates we have adopted in our cashflow are as follows:

S.O. South

Years	Tranche Sales p.a.
Years 0-2	0
Years 3-10	2
Years 11-25	1
Years 26-50	0

S.O. North

Years	Tranche Sales p.a.
Years 0-5	0
Years 6-10	1
Years 11-40	0
Years 41-50	0

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it should be noted that in our valuations, the majority of the value (circa 62.4% and 63.5%) is attributed to the rental income.

6 Valuation

6.1 Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 1. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the Portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this Report.

6.2 Asset Value for Loan Security Purposes

Our valuation of all 272 properties owned by Sanctuary Housing Association being valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

£17,625,000
(seventeen million, six hundred and twenty-five thousand pounds)

Our valuation of all 2,512 properties owned by Sanctuary Housing Association being valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£322,802,000
(three hundred and twenty-two million, eight hundred and two thousand pounds)

Our valuation of all 39 properties owned by Sanctuary Affordable Housing Limited being valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

£4,105,000
(four million, one hundred and five thousand pounds)

Our valuation of all 52 properties owned by Sanctuary Affordable Housing Limited being valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£13,468,000
(thirteen million, four hundred and sixty-eight thousand pounds)

Sanctuary Housing Association Freehold Properties

Our valuation of the 272 freehold properties owned by SHA that have been valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

£17,625,000,
(seventeen million, six hundred and twenty-five thousand pounds)

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Our valuation of the 2,474 freehold properties owned by SHA that have been valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£319,695,000
(three hundred and nineteen million, six hundred and ninety-five thousand pounds)

Sanctuary Housing Association Leasehold Properties

There are 0 leasehold properties owned by SHA that have been valued on the basis of EUV-SH only.

Our valuation of the 38 leasehold properties owned by SHA that have been valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£3,107,000
(three million, one hundred and seven thousand pounds)

Sanctuary Affordable Housing Limited Freehold Properties

Our valuation of the 39 freehold properties owned by SAHL that have been valued on the basis of EUV-SH, in aggregate as at the date of valuation, is:

£4,105,000,
(four million, one hundred and five thousand pounds)

Our valuation of the 17 freehold properties owned by SAHL that have been valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£2,716,000
(two million, seven hundred and sixteen thousand pounds)

Sanctuary Affordable Housing Limited Leasehold Properties

There are 0 leasehold properties owned by SAHL that have been valued on the basis of EUV-SH only.

Our valuation of the 35 leasehold properties owned by SAHL that have been valued on the basis of MV-T, in aggregate as at the date of valuation, is:

£10,752,000
(ten million, seven hundred and fifty-two thousand pounds)

6.3 Asset Value by Tenure

Our valuation of each individual tenure is shown in the following table:

Category	Unit Count	Basis of Value	EUV-SH	MV-T
GN & Sheltered - East	368	MV-T	£20,320,000	£36,790,000
GN & Sheltered - London	909	MV-T	£70,690,000	£195,520,000
GN & Sheltered - North West	923	MV-T	£43,930,000	£71,390,000
GN & Sheltered - South East	71	MV-T	£4,680,000	£9,240,000

7 Bases of Valuation

Our valuations have been prepared in accordance with the RICS Red Book.

7.1 Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

7.2 Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.3 Expenses

No allowance is made in our valuations for any expenses of realisation.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

7.4 Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

The transfer of properties between RPs is exempt from Stamp Duty Land Tax ("SDLT"). Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5 VAT

Our valuations are exclusive of VAT on disposal.

8 Sources of Verification of Information

8.1 General

We have relied upon the description, tenancy type and current rental income provided to us by the English Borrowers and we have been unable to verify the accuracy of that data.

8.2 Tenure

Unless otherwise stated in this Report, each English Borrower holds a freehold interest or long leasehold interest with not less than 80 years unexpired in respect of its properties. We confirm that there will be no material difference in the MV-T and EUV-SH cashflow valuations between these two holding interests.

8.3 Title

We have reviewed the certificates of title prepared by Gowling WLG (UK) LLP (the “Certificates”) and the overview report prepared by Addleshaw Goddard LLP (the "Report") can confirm that our valuations fully reflect the disclosures contained therein.

In respect of each property that we have valued on the basis of MV-T we confirm that we have reviewed the Certificates and Report and confirm that each such property can be disposed of on an unfettered basis (subject only to existing tenancies disclosed in the Certificates but not subject to any security interest, option of other encumbrance or to any restriction preventing or restricting its sale to or use by any person for residential use).

8.4 Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this Report

8.5 Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this Report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

8.6 Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.7 Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.8 Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.9 Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.10 Japanese Knotweed

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

8.11 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by either English Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

8.12 Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the "the Red Book". Such figures should not be used for any other purpose other than in the context of this valuation.

8.13 Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.14 Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.15 The Equality Act

From our inspections the properties appear to comply with the requirements of the Equality Act 2010.

8.16 Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

8.17 Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.18 Plans and Maps

All plans and maps included in our Report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.19 Compliance with Building Regulations and Statutory Requirements

Unless otherwise stated in our Report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

Market Commentary

COPYRIGHT © JONES LANG LASALLE IP, INC. All Rights Reserved

UK housing market overview

The UK housing market continues to adjust to varying levels of political and legislative change. In August 2018, interest rates increased for the first time since the global financial crash, rising from 0.5% to 0.75%, where they remain today. Brexit uncertainty continues to subdue the UK economy; the Brexit deadline was pushed back again to 31 January 2020 and a general election will now take place on 12 December 2019.

Annual housing transaction volumes were slightly lower in the year to September 2019 compared with a year earlier, but remain in-line with the previous quarter, according to the HMRC.

National house prices continue to rise and house price growth in the UK for the year to September was 1.3%, up slightly from 1.50% pa three months earlier and down from 2.9% pa a year ago. Average prices increased by 1.6% in Q3 2019, in line with price increases in Q2 2019.

Annual house price growth was positive across all regions except Greater London and the East of England for the year ending September 2019. House price growth in London was -0.4% pa, well below the UK average increase. House price growth was highest in the North West at 2.8% pa, followed by Wales at 2.6% pa. House price growth was stronger in northern regions than in southern regions in the year to September 2019.

According to the September 2019 RICS survey, activity remained subdued across the sales market and new instructions decreased to its weakest reading in three years. Prices are still expected to rise at a national level over the coming twelve months, driven mainly by the northern regions.

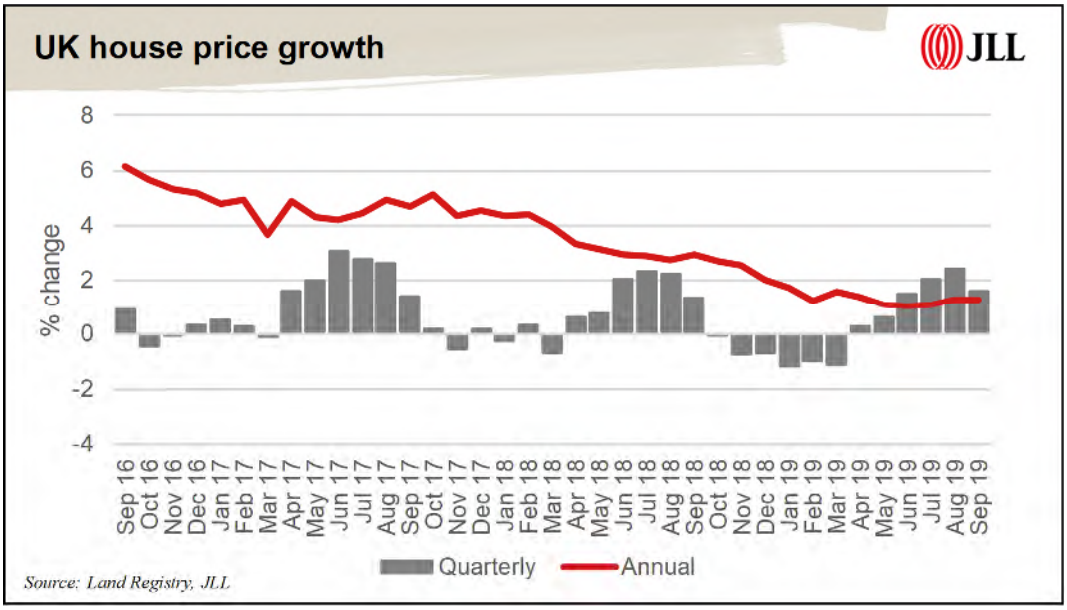
Construction starts in England decreased in the year to Q2 2019, while completions increased over the same period. The number of annual starts now stands at 160,650 and the number of completions at 173,670. These are some of the highest levels recorded since 2008, although still well below the delivery target of circa 300,000 new homes pa.

UK housing market analysis

Using a selection of data from Government sources, including Land Registry, HMRC and MHCLG, as well as survey data collected by the RICS (the Royal Institution of Chartered Surveyors), this section provides a detailed analysis of the UK housing market.

House price growth

In the three months to September 2019, house prices increased by 1.6%, slightly above the increase of 1.5% in the preceding three months. Annual price growth remained positive at 1.3% in the year to September 2019, up from 1.0% in the preceding three months.

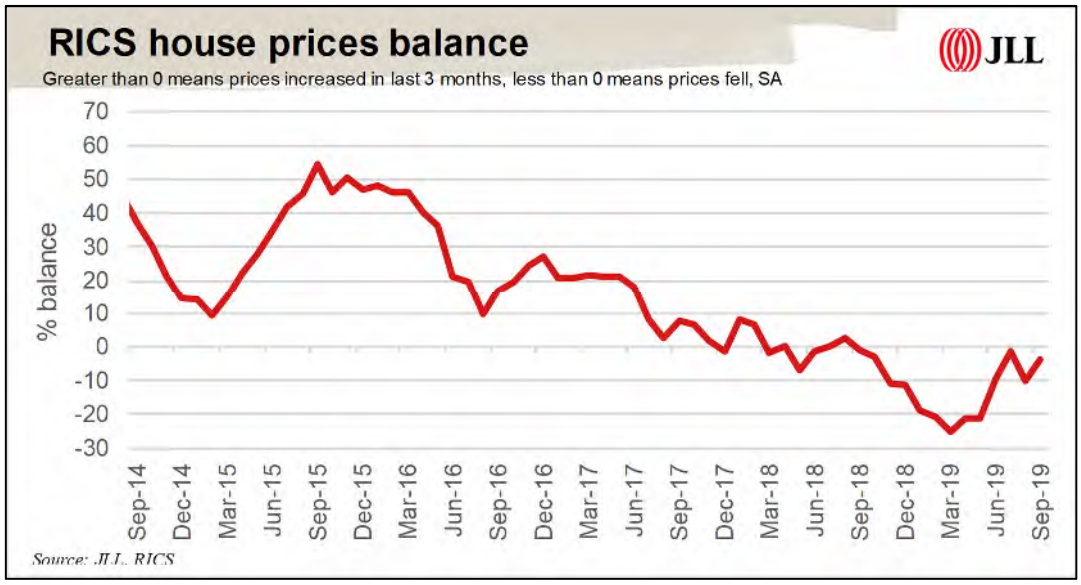


Housing supply and demand

The following section analyses data from the RICS Housing Market Survey, a useful tool when analysing demand, supply and pricing in the UK housing market. The data is sourced from a survey of chartered surveyors across the UK and it includes a range of questions from their future perceptions of the market to how the market has moved in the preceding three months.

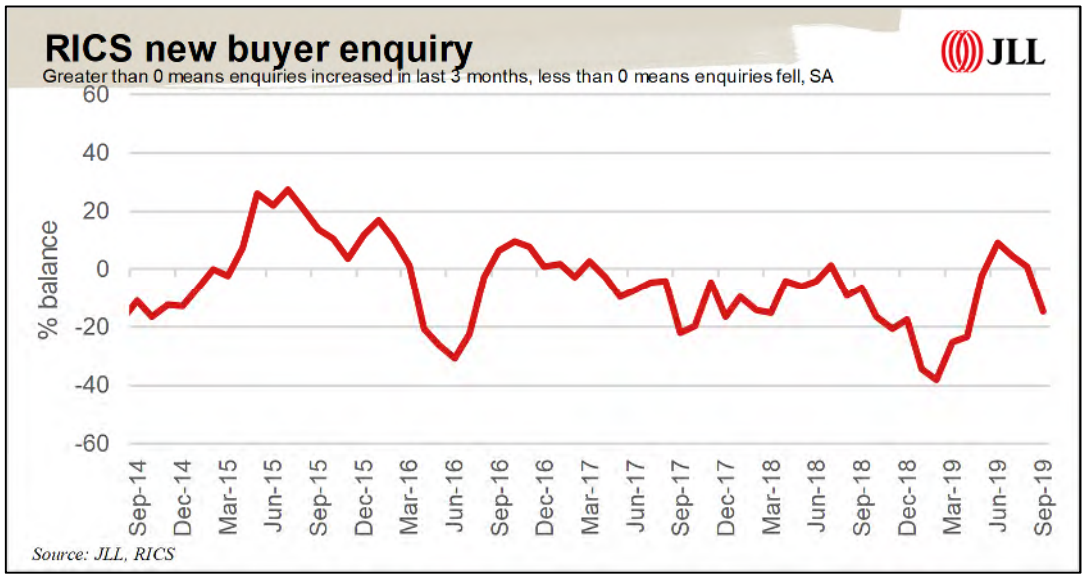
Several results are presented through a balance of surveyor views. Results below zero indicate that demand/supply/price is falling while positive values reveal a rise in demand/supply/price. Each value describes the rate at which demand/supply/price is growing or falling which are useful in analysing the momentum of the market. The findings of the survey are presented below.

The RICS survey reveals that, on a seasonally adjusted basis, the price balance was -4% in September 2019. This is up from June 2019, when the price balance was -9%. This suggests that while surveyors continue to assert that house prices are falling, they are decreasing at a slower rate than in the preceding three months.

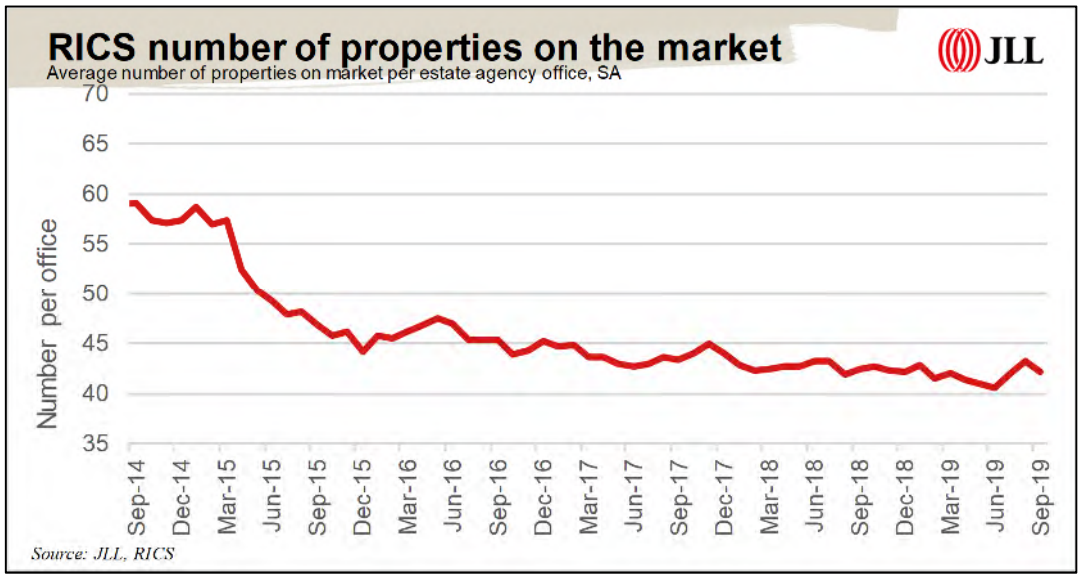


The chart below reveals the difference in the proportion of surveyors who believe that the number of new buyer enquiries, in the last three months, has risen against those who believe that they have fallen. Any figures below zero indicate that more surveyors feel that demand has fallen rather than risen in the last three months. The balance reveals not only the changes in demand but also how quickly levels of demand have moved.

The RICS survey reveals that, on a seasonally adjusted basis, housing demand decreased in the three months to September 2019. 14% more surveyors believe that new buyer demand has fallen rather than risen in the three months to September 2019, following a steady increase in the three months to June 2019.

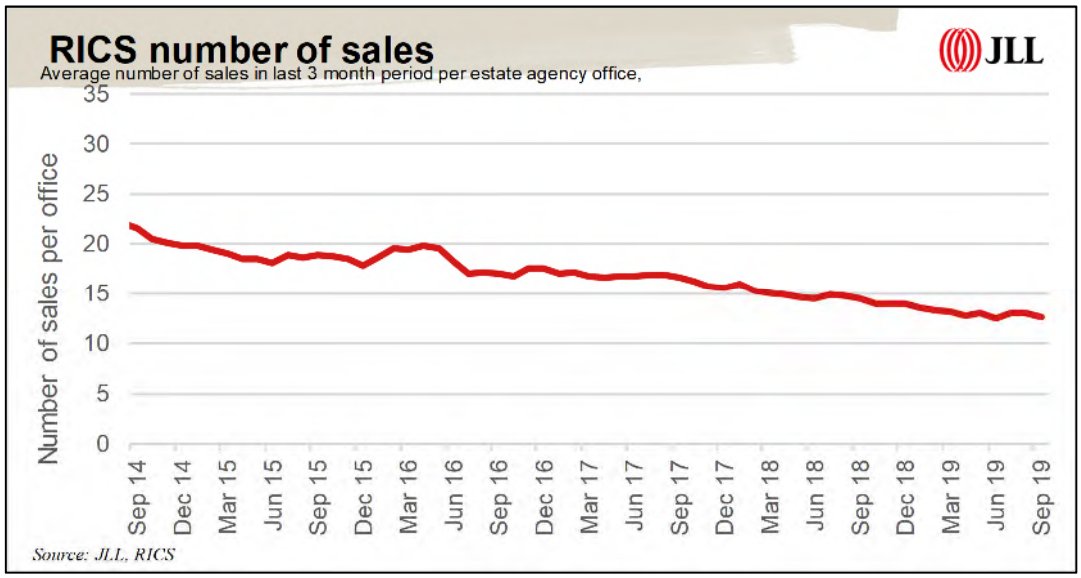


According the RICS survey, the average number of properties on the market has remained steady following a sharp fall between March 2015 and December 2015. In September 2019, the average number of properties on the market per estate agency office rose slightly to 42, up from 40 the previous quarter and in line with September 2018.

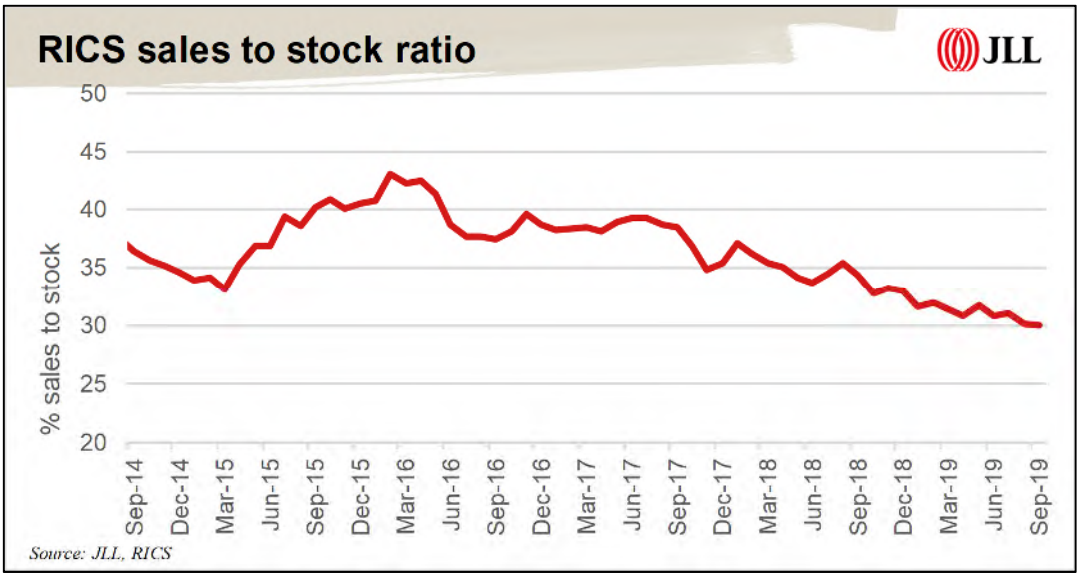


The average number of sales per month per estate agency office showed no change during the three months to September 2019, but has been slowly decreasing since mid-2014.

As of the end of September 2019, estate agency offices were selling approximately 13 homes on average during the preceding three-month period, down from 15 homes a year earlier.



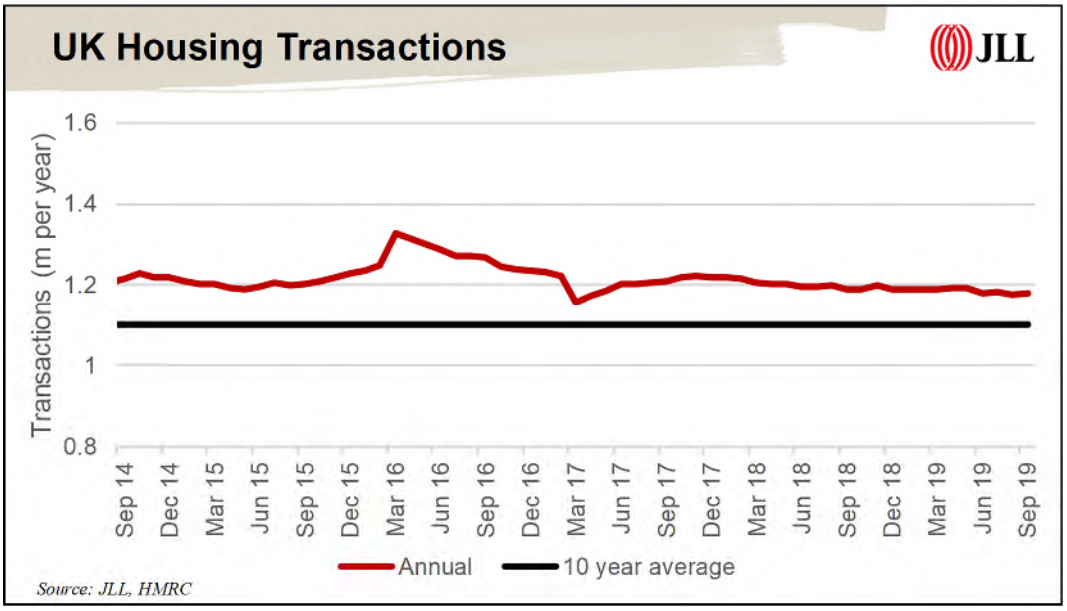
Further data from the RICS survey reveals that the sales to stock ratio has decreased slightly in September 2019. The sales to stock ratio in September 2019 was 30, in-line with June 2019 and slightly down from 34 in September 2018. This implies a slight easing in housing market conditions on recent quarters.



Housing transactions

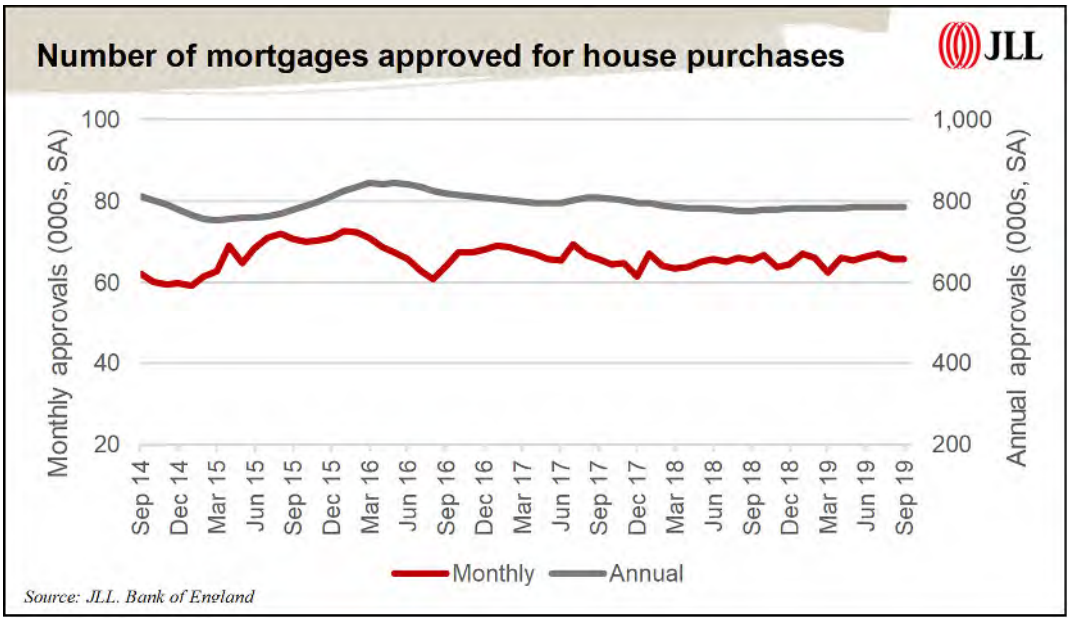
HMRC data reveals that annual transactions showed no change in Q3 2019 compared with the previous three months. Transactions have generally been falling since the spike in March 2016 before the introduction of the second home stamp duty tax but have levelled-off in recent months.

In the year to September 2019, there were 1.18 million transactions in the UK, compared to 1.19 million transactions a year earlier. Annual transactions remain above the 10-year average of 1.10 million.



The mortgage market

Data from the Bank of England shows that national house lending has been relatively stable of late on an annual basis.

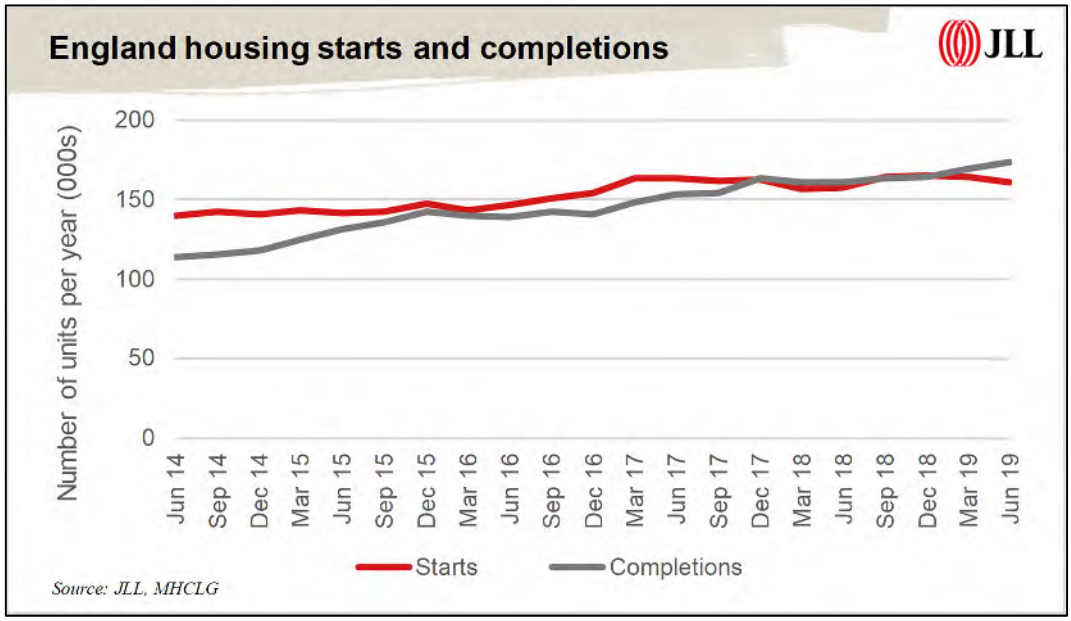


Housing development

The number of housing starts in England decreased slightly in the year to Q2 2019. There were approximately 160,650 starts in the year to Q2, below the 163,820 starts in Q1, and above the 157,330 in Q2 2018.

Annual completions across England increased by 7.8% in the year to June 2019. There were 173,670 completions, compared with 161,120 a year earlier.

Over the past ten years, housing construction in England has consistently been well below the delivery target of 240,000-300,000 homes per annum.

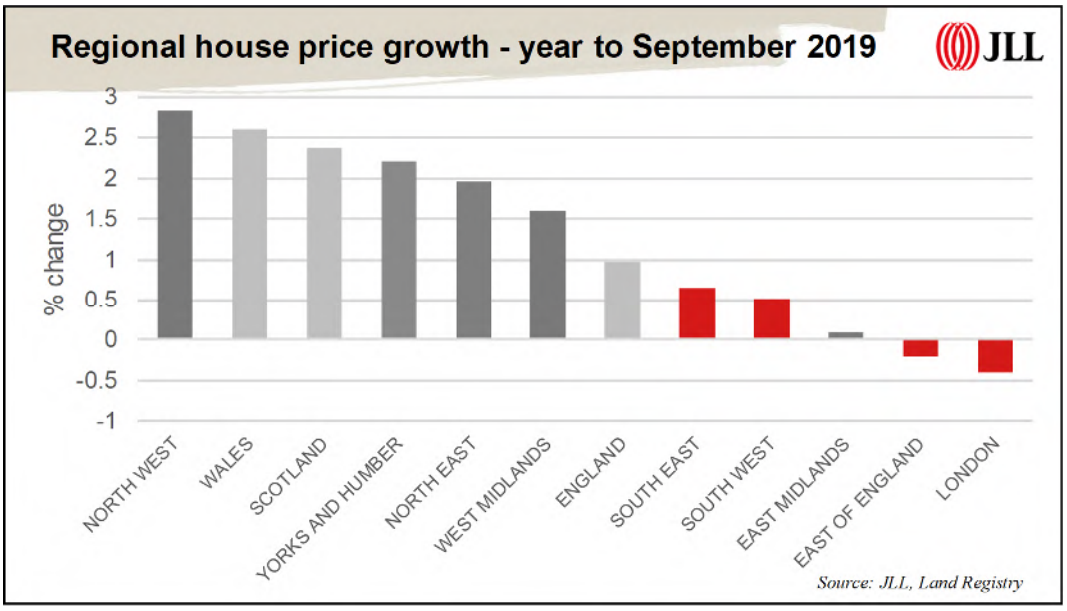


Regional house price growth

Data from Land Registry reveals that house prices have increased in all regions in the year to September 2019 with the exception of London and the East of England.

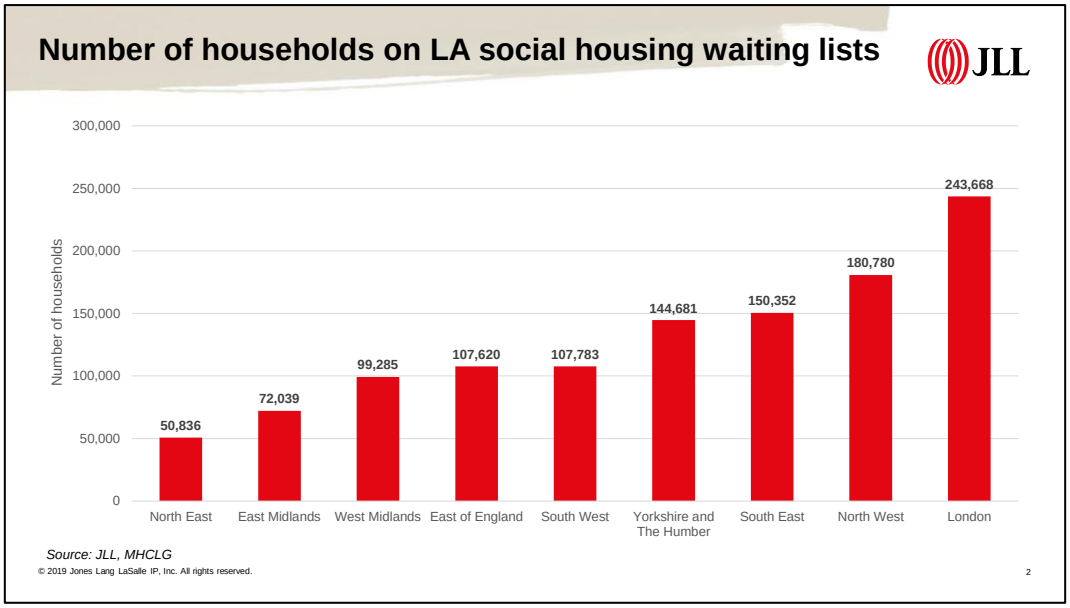
The usual North-South price growth divide has flipped on its head in recent years. The North West, Wales and Scotland saw the highest house price growth, while London and the East were the slowest of all the UK regions.

Regional house price growth in the North West increased by 2.8% in the year to September 2019. London saw a fall of 0.4% and house prices in the East of England decreased by 0.2% in the same period.



Housing Demand Levels

In order to ascertain the demand levels for social housing, we have looked at the Local Authority affordable housing waiting lists collated by the MHCLG. The latest figures state that there are over 1.16 million households in need of sub-market housing across England. The graph below offers a regional breakdown of this affordable housing demand, highlighting that all regions are in need of more affordable housing.



To put these waiting lists into context and better highlight the depth of demand for social housing units by region, the graph below compares these figures to the number of affordable housing completions. To offer a more accurate reflection of social housing construction rates, and to prevent large-scale regeneration projects skewing figures, a five-year average of the completion rate has been used. For every social housing unit built in the South West, there are currently 26 households in need of housing assistance. In Yorkshire & the Humber, the number of households per unit built climbs to 111. This clearly highlights that there is a significant demand for social housing across all regions in the UK. This is also a static representation of demand levels and not looking at any increase in number of households on the waiting list.

Executive Summary

This summary should be read in conjunction with the main body of our report. Section numbers are supplied where relevant.

Introduction

The date of this report is 8th April 2020

Jones Lang LaSalle Limited has been instructed to value a portfolio of 3,679 residential properties together with 9 commercial units for loan security purposes.

Properties

The portfolio comprises 3,558 social and affordable housing units together with 121 ancillary/communal areas that are located across Scotland with the largest concentrations in Glasgow (c. 31%), Cumbernauld (c. 25%), Dundee (c. 17%) and Paisley (12%). The remainder of the portfolio is in Aberdeen, Arbroath, Fraserburgh, Lenzie, Peterhead, and Renfrew. From our inspections, the majority of the properties are primarily of modern build (built since 2001). The portfolio contains a mixture of different tenures as set out at Appendix 5.

We have within the last 15 months inspected the exterior of all units within this portfolio and have inspected a representative sample of 5% internally.

Valuations

The effective date of the valuation is 8th April 2020.

Our valuation of the 306 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH") of the Heritable interest (the Scottish equivalent of Freehold), in aggregate, at the valuation date is:

£21,240,000
(twenty one million two hundred and forty thousand pounds)

Our valuation of the 3,252 properties being valued on the basis of Market Value subject to Tenancies ("MV-T") of the Heritable interest (the Scottish equivalent of Freehold), in aggregate, at the valuation date is:

£259,760,000
(two hundred and fifty nine million seven hundred and sixty thousand pounds)

The following table summarises our opinions of value (formally stated in section 5) of the heritable interest (the Scottish Equivalent of Freehold) in this portfolio at the date of valuation:

Category	Unit Count	Basis of Value	EUV-SH	MV-T	Indicative MV-VP
General Needs Rented Post 2001	2,026	EUV-SH/MV-T	£124,850,000	£173,370,000	£279,615,000
General Needs Rented Post 2001 (Restricted)	153	EUV-SH	£8,900,000	-	£11,095,000
General Needs Rented Pre 2001	999	EUV-SH/MV-T	41,970,000	60,370,000	79,960,000
Mid-Market Rented	161	EUV-SH/MV-T	£12,690,000	£22,430,000	£25,485,000

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Category	Unit Count	Basis of Value	EUV-SH	MV-T	Indicative MV-VP
Mid-Market Rented (Restricted)	124	EUV-SH	£11,530,000	-	£14,990,000
Sheltered	19	EUV-SH/MV-T	£850,000	£1,090,000	£2,040,000
Sheltered (Restricted)	20	EUV-SH	£300,000	-	£1,200,000
Supported	47	EUV-SH/MV-T	£2,250,000	£2,500,000	£3,785,000
Supported (Restricted)	9	EUV-SH	£510,000	-	£1,005,000
Nil Value Units	121	N/A	-	-	-
Total (Inc. Nil Value Units)	**3,679**		**£203,850,000**	**£259,760,000**	**£419,175,000**

**Indicative MV-VP assumes no restrictions for all properties.*

In addition, there are 9 commercial properties that are interspersed throughout the portfolio that have an aggregate Market Value or £975,000.

Portfolio Analysis

Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Social Landlords ("RSLs") in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (LHA) for each region and tenure type; and
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio's location and composition.

Weaknesses:

- c. 35% of the properties are of an age that means they would require a continued maintenance programme; and
- whilst we have been prudent in applying our MV-VPs, MRs and sales rates, there are well-documented challenges at present to the domestic sales and lettings market.

Opportunities:

- increased efficiencies driven by mergers between Housing Associations;
- rationalisation of RSLs' stock allowing for more efficient asset management; and
- investment of REITs and other funds into the sector as whole.

Threats:

- changes in Government/ Regulatory policy such as a rent cuts/control or changing the Rent Regime to CPI only;

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

- results of the Hackitt Review could lead to retrospective remedial repairs and alterations being enforced upon RSLs;
- sharp increase in the cost of materials and labour to carry out any repairs and maintenance work on existing stock and meet development plans; and
- the current global outbreak of the Novel Coronavirus (COVID-19) is affecting the global markets. It's too early to gauge the effect, if any, on housing demand for these areas (both lettings and sale) however, at the time of writing the market appears to be functioning normally.

Suitability of Security

Your instructions require us to comment on whether the properties we have valued provide adequate security for the Bond Issue.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this portfolio of properties, then it would be possible to achieve a sale to another RSL that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our Report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.

Based on our inspections, we are satisfied that the properties we inspected internally, are being maintained to an acceptable social housing standard, in line with Scottish Housing Regulator ("SHR") regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Lender Action Points

Based on our inspections, we are satisfied that the properties we inspected internally, are being maintained to an acceptable social housing standard, in line with SHR regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our report none of the properties are of 18m or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a "Global Pandemic" on the 11th March 2020, has impacted global financial markets. Travel restrictions have been implemented by many countries.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Market activity is being impacted in many sectors. As at the valuation date, we consider that we can attach less weight to previous market evidence for comparison purposes, to inform opinions of value. Indeed, the current response to COVID-19 means that we are faced with an unprecedented set of circumstances on which to base a judgement.

Our valuations are therefore reported on the basis of "material valuation uncertainty"' as per VPS 3 and VPGA 10 of the RICS Red Book Global. Consequently, less certainty – and a higher degree of caution – should be attached to our valuation than would normally be the case. Given the unknown future impact that COVID-19 might have on the real estate market, we recommend that you keep the valuation of this portfolio under frequent review.

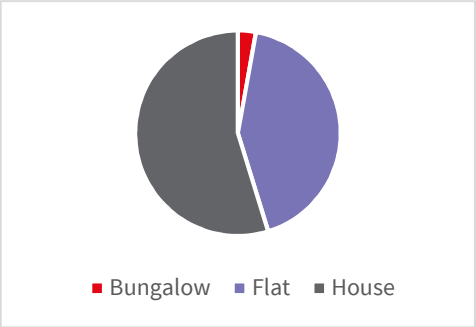
Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site. Our valuation assumes that none exists within the demise or proximity of any of the properties.

Stock

The stock is best illustrated as follows:

Type	0	1	2	3	4	5	6	7	8	Total
Bungalow		21	67	9	2	1				100
Flat	21	190	1,057	228	9	4			1	1,510
House		40	702	1,009	165	30	1	1		1,948
Total	**21**	**251**	**1,826**	**1,246**	**176**	**35**	**1**	**1**	**1**	**3,558**

**Not including the 121 nil value units.*



Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented valuations:

Assumption	EUV-SH	MV-T*
Rental income growth - houses (Year 1)	0.5%	Capped at 20% 2.0% all MMR Units
Rental income growth - flats (Year 1)	0.5%	Capped at 20% 2.0% all MMR Units
Sales rate (houses & flats)	N/A	4.0% (MMR within 2-4 years)
Bad debts and voids (Year 1)	1.25% - 2.0%	5.0%
Management costs	£605 - £645	10.0% of Gross Income
Management cost growth inflator	0.5%	N/A
Total repairs costs (Year 1)	£800 - £1,167	£800 - £1,167
Repair cost growth inflator	0.5%	0.5%
Discount rate (income)	5.75% - 7.0% 10% for the 21 Misc. Supported Units)	6.5% - 7.5% 10% for the 21 Misc. Supported Units)
Discount rate (sales)	N/A	7.5%

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Not applicable to those units for which the valuations are restricted to EUV-SH only.

This summary should be read in conjunction with the remainder of the valuation report and must not be relied upon in isolation.

1 Introduction

1.1 Background

Sanctuary Scotland Housing Association Limited ("SSHA") has instructed Jones Lang LaSalle Limited ("JLL") to prepare a valuation of 3,679 properties which they own and charged to Prudential Trustee Company Limited (the "Security Trustee") ("PTCL"). This valuation report will be relied upon by PTCL to help determine whether the properties continue to provide suitable and adequate security for a loan.

1.2 Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards 2017 published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book") and the RICS Valuation – Global Standards 2017 – UK National Supplement effective from 14 January 2019.

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This report has been prepared by Allan Briggs MRICS (Valuer Number: 1120141) and Geoff Ferguson MRICS (Valuer Number: 5608880) of JLL.

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this report.

The valuation date is 8th April 2020.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in SSHA's accounts. This report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this report. We understand that values given in SSHA's accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost SSHA. This is an entirely different basis of valuation from that used for loan security purposes.

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with SSHA, or the properties being valued, to ensure that there is no conflict of interest.

1.3 Instructions

Our report is prepared in accordance with our General Terms and Conditions of Business (Appendix 2).

We have been instructed to prepare our valuations on the following bases where applicable:

- Existing Use Value for Social Housing ("EUV-SH");
- Market Value subject to existing Tenancies ("MV-T"); and

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

- Market Value assuming Vacant Possession ("MV-VP") – on a non-reliance basis.

In addition, we have provided indicative Market Values for 9 commercial units that are either vacant, occupied by SSHA or leased out.

We have valued on these bases, unless otherwise stated in this report.

1.4 Status of Valuer

In preparing this report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

1.5 Certificates of Title

We have previously reviewed (i) the Certificates of Title, dated 13 February 2015, that were produced by Messrs Burness Paull and (ii) the final Certificate of Titles / CoT Overview Reports issued by Messrs Burness Paull and Messrs Addleshaw Goddard LLP between the 2nd – 16th December 2019. We can confirm that our valuations, at the date of this valuation report, fully reflect the disclosures.

In this case 153 general needs rented, 124 mid-market rented and one supported scheme have been restricted to EUV-SH following our review of the aforementioned. In addition, 20 sheltered units in Fraserburgh have been limited to EUV-SH as we consider that this valuation basis is appropriate for this property type, levels of rent, use and location.

1.6 Professional Indemnity Insurance ("PII")

We will maintain for a period of six years following the date of delivery of the Valuation PII with a well-established insurance office or underwriter of repute at a level adequate for the purpose of this report for as long as such insurance remains available at commercially reasonable rates and terms (it being our duty to use all reasonable endeavours to obtain such terms and rates). Such insurance shall be written to cover our obligations to you. We shall immediately inform you as soon as we become aware that any such PII is not being maintained in accordance with this report or for any reason becomes void or unenforceable.

In accordance with our Terms of Engagement, or as otherwise agreed in writing, we confirm that our legal liability under this instruction will be capped to be the lesser of 50% of the value basis applied of the properties or £75m aggregate (at this time), notwithstanding the amount set out in our Terms and Conditions of Business included at Appendix 2. We further confirm that we hold sufficient professional indemnity insurance.

1.7 Material valuation uncertainty due to Novel Coronavirus (COVID – 19)

The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a "Global Pandemic" on the 11th March 2020, has impacted global financial markets. Travel restrictions have been implemented by many countries.

Market activity is being impacted in many sectors. As at the valuation date, we consider that we can attach less weight to previous market evidence for comparison purposes, to inform opinions of value. Indeed, the current response to COVID-19 means that we are faced with an unprecedented set of circumstances on which to base a judgement.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Our valuations are therefore reported on the basis of "material valuation uncertainty"' as per VPS 3 and VPGA 10 of the RICS Red Book Global. Consequently, less certainty – and a higher degree of caution – should be attached to our valuation than would normally be the case. Given the unknown future impact that COVID-19 might have on the real estate market, we recommend that you keep the valuation of this portfolio under frequent review.

1.8 The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between English Registered Providers (RPs). This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RSLs/RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

2 Methodology

2.1 Valuation Model

We have undertaken our valuation of the portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity. The exception to this is the 161 unrestricted Mid-Market Rented (MMR) units, that have been valued on a MV-T basis, whereby we have assumed that they are leased on Scottish Assured Tenancies (SAT's) or Private Rented Tenancies (PRT's) and as such can be sold off in a more aggressive manor.

For the purposes of our valuation, we have split this portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

We have in accordance with our instructions, valued the properties as a single portfolio.

Copies of each of our cashflow summaries are attached to the report at Appendix 5.

Against the income receivable for each portfolio, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance and day-to-day repairs. We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 3.

2.2 Information Provided

The principal source of background data for the portfolio has been the rent roll for each property provided by SSHA. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by SSHA (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

Location plans of the portfolio are provided at Appendix 5.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

2.3 Inspections

We derived our inspections strategy by giving full regard to 3,679 units:

- the geographical spread of the stock;
- the concentration (and thereby its exposure to risk); and
- the property types.

We have satisfied ourselves as to the quality of location and the general condition and level of fixtures and fittings provided to the properties, and we have derived our valuation assumptions accordingly.

In accordance with our then instructions, we inspected all schemes externally and a representative sample of 5% of the stock was inspected internally.

Our inspections were carried out between the 13th – 21st February 2019 and between the 30th September – 3rd October 2019.

2.4 Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with online research;
- examining local benchmark affordable rents and comparing these with SSHA's rents; and
- analysing data provided by SSHA.

3 Valuation Commentary – Rented Stock

3.1 Introduction

There are in total 3,679 properties in the portfolio of which 121 are non-income producing ancillary/communal. The rented properties within the portfolio are a mixture of 3,178 General Needs, 285 MMR, 39 Sheltered and 56 Supported Units together with an additional 121 nil value units i.e. communal areas, play parks etc. In addition, there are 9 commercial units that are either vacant, occupied by SSHA or leased out.

Schedules summarising the following data for each property within the portfolio form Appendix 4 of this report:

- UPRN/AO
- address;
- unit type and bedroom number;
- tenancy type; and
- net weekly rent.

3.2 Locations & Property Types

The properties within the portfolio are located in Scotland and comprise a range of houses, flats and bungalows.

The combined stock is summarised by count of unit type for each business stream as follows:

Assumption/Cashflow Designation	Valuation Base	No. Units
General Needs Rented (Post 2001)	EUV-SH/MV-T	2,026
Bungalow		44
Flat		859
House		1,123
General Needs Rented (Post 2001) Restricted	EUV-SH	153
Bungalow		11
Flat		63
House		79
General Needs Rented (Pre 2001)	EUV-SH/MV-T	999
Bungalow		25
Flat		260
House		714
MMR	EUV-SH/MV-T	161
Flat		161
MMR (Restricted)	EUV-SH	124
Flat		106
House		18
Sheltered	EUV-SH/MV-T	19
Bungalow		19
Sheltered (Restricted)	EUV-SH	20
Flat		20

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

Assumption/Cashflow Designation	Valuation Base	No. Units
Supported	EUV-SH/MV-T	47
Bungalow		1
Flat		41
House		5
Supported (Restricted)	EUV-SH	9
House		9

In addition, there are a combined 121 non-income producing units within this portfolio that are integral to particular schemes operation but have a nil value designation together with 9 commercial properties.

3.3 Condition

At the date of inspection, the properties within the portfolio are a mixture of ages and construction type. The majority of the portfolio, c. 73% of the portfolio, has been constructed after 2001. In addition, c. 57% of the stock is low density housing/bungalows.

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

3.4 Tenancies

Unless otherwise stated, we understand that the General Needs Rented units are let on a Scottish Secure Tenancy Agreement, as created by the Housing (Scotland) Act 2001 and amended by the Housing (Scotland) Act 2014.

We have assumed the MMR properties are occupied under Short Assured Tenancy Agreements under the Housing (Scotland) Act 2001. This type of tenancy agreement will state the length of time of the lease, normally 6 months or 1 year, and at the end of that time, the tenancy will automatically renew itself unless the tenant or the landlord provides written Notice of a Termination. These tenancies therefore do not have a security of tenure beyond the lease term.

As of 1 December 2017, anyone signing a new tenancy for a private let, signed the new Private Residential Tenancy, under the Private Housing (Tenancies) (Scotland) Act 2016. This has no end date and can only be terminated by a tenant giving written notice to their landlord, or by the landlord using one of the 18 grounds for eviction. All landlord and tenant disputes will be heard in a new specialist Tribunal.

Of the 18 grounds that allow a landlord to end a tenancy, 8 are mandatory, which means that the Tribunal must grant an Eviction Order if any one or more of these grounds is found to exist. Of most relevance to the Valuation are the first 2 mandatory grounds for recovering possession:

- The landlord intends to sell the property for market value within three months of the tenant leaving the property; and
- The property is to be sold by the mortgage lender for the property.

In addition to the properties, which are let directly to tenants of SSHA, there are also 4 schemes that are subject to leases, and are agency managed:

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

- 17 Abercorn Street, Paisley – 14 flats leased to Loretto Care – the original lease commenced on 28 November 2008 and initially ran to 27 November 2011, but was subsequently extended to 27 November 2017, and has until recently been operating by tacit relocation. We have now been advised that a new lease commenced 1 March 2019, with an expiry date of 28 February 2029, although the tenant has an option to extend the lease for a further 5 years.
- Muirshiel Avenue, Glasgow – 9 houses leased to Scottish Association for Mental Health - the original lease commenced on 30 September 2009, and this has now been extended by a further 3 years, to 29 September 2021.
- Plenshin Court, Glasgow – 2 houses (No. 5 & 9) leased to Key HA (3 year leases commenced 1 April 2015 - now extended to 16 October 2020 and 31 March 2021 respectively); 1 house (No.11) to leased to Real Life Options (lease commenced 17 October 2017 and runs for 3 years).

We have had regard to these leases and the information provided by SSHA within our valuation model.

3.5 Rental Income

It is the policy of SSHA to review rents at the end of each financial year. We have been provided with details of the projected rental income for 2019/20, and it is these rents that have been incorporated in the first year of our cashflow valuations.

In making our assessment of future rent policy for this Valuation, we have taken into consideration the present policy statements of The Scottish Government, evidence of rent levels from other social landlords in the area, and other information on "affordability" and housing benefit levels.

Unless otherwise noted the valuation assumes that there are no Section 75 Agreements, binding Nomination Agreements (or at least not binding to a mortgagee in possession or potential purchaser of the portfolio), or other restrictive covenants/agreements, which would be binding upon a subsequent purchaser and restrict any of the properties to the continued provision of social/affordable housing to rent. The EUV-SH valuation assumes that the rent continues at "affordable" levels, with vacant stock remaining in the social housing rental sector, while the MV-T valuation assumes a sale on the open market with vacant units capable of sale to an owner occupier. The exception to this are, as noted, the 124 restricted MMR units and the 153 restricted general needs rented units.

The table below shows average weekly rents (inclusive of service charges) for RSL properties in the Central belt, Tayside and Aberdeenshire regions of Scotland based on the Scottish Housing Regulator's RSL Statistics for 2018/19.

Average Weekly RSL Rents (2018/19)					
	SSHA	Link Gp	Glasgow HA	Hillcrest Homes	Grampian HA
1 Apt	£60.39 (56)	£65.39 (251)	£67.72 (2,683)	£34.47 (217)	£61.88 (7)
2 Apt	£76.48 (927)	£77.46 (2,727)	£76.91 (7,233)	£73.10 (2,454)	£75.88 (934)
3 Apt	£87.98 (3,214)	£88.43 (2,591)	£81.84 (20,207)	£86.43 (2,310)	£87.90 (1,425)
4 Apt	£96.53 (2,265)	£96.86 (1,075)	£95.68 (8,035)	£94.28 (994)	£97.35 (814)
5+ Apt	£102.75 (404)	£105.63 (122)	£104.80 (1,246)	£102.68 (115)	£111.51 (107)

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

While providing a useful comparison, we would caution that this type of comparison excludes any 'weighting' for property age, type or condition.

Social Landlords in Scotland have in the recent past been under pressure to set rent levels in order to maximise private investment in new stock and to make full provisions for major repairs, particularly to older properties. Rental policies to address these problems have varied and, until recently, annual rent increases have tended to be at a level of inflation plus, but this is beginning to change as tenant affordability and reduced welfare payments become more of a factor.

We are also conscious that the policy on Housing Benefits remains the responsibility of Westminster and this needs to be taken into consideration when valuing rental income streams in Scotland. Whilst there are currently no centrally imposed restrictions on future annual rent increases for RSL stock in Scotland, any future changes in national housing policy may affect the ability for Scottish Social Housing providers to individually determine their future rent policy.

The ongoing Welfare Reform agenda announced by the UK Government is, in the short term, likely to restrict the increase in the level of financial support available to some tenants to less than the current level of inflation. Whilst this is a factor that will affect tenant affordability, there will be a continuing need for RSLs to adopt rent increases which complement their business plan requirements.

Accordingly, and taking account of the current rent levels, we have typically adopted a long-term rent policy of inflation plus 1.0% per annum in our valuations on the basis of EUV-SH, but have restricted rental growth in the early years (Yrs 2-4) to inflation plus 0.5%.

One of the main assumptions of the 'Market Value' approach to valuation is that the existing social rents are uplifted to a level that reflects the local private rented market. Based on our knowledge of the area, we have increased existing social rents to a level that is closer to the levels achieved in the private lettings market, whilst having regard for the highest level of housing benefit available to claimants and capping our rents at the appropriate levels

The UK Government's Welfare Reform Act 2007 changed the current housing benefit system for private sector tenants from April 2008 with Housing Benefit being replaced by the Local Housing Allowance. That is:

- Paid directly to tenants rather than landlords in the majority of cases; and
- Paid at fixed rates depending on the area and the household size, instead of directly related to the property involved.

The up to date weekly Local Housing Allowances for the Highlands & Islands BMRA, which came into effect in April 2019, are shown below. LHA figures are updated annually, and these figures remain valid to 31 March 2020.

	Aberdeen & Shire	Dundee & Angus	Greater Glasgow	North Lanarkshire	Renfrewshire/ Inverclyde
1 bedroom	£97.81	£79.24	£94.82	£80.55	£80.55
2 bedrooms	£133.48	£103.85	£120.03	£99.06	£101.54
3 bedrooms	£172.60	£128.19	£137.31	£113.92	£125.42
4 bedrooms	£228.99	£189.07	£212.21	£167.31	£190.80

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

The uplift in rents in the valuation has typically been introduced over a period of up to 5 years, where applicable, and, thereafter, the annual rent increase is assumed at inflation plus 0.5%.

Within this valuation, the cashflow assumptions for rent loss to voids & bad debts, and the annual cost of management and responsive maintenance have been adjusted upwards to reflect the higher turnover and costs normally associated with market rented properties.

3.6 MV-T Rental Growth

Where applicable, passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the portfolio.

We have assumed that it will take up to 5 years for assured rents to increase to market levels and thereafter for rents to rise at 0.5% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations. For the MMR units the passing rents are at or around LHA and as such we have allowed for 2% increase for the first year and 0.5% (real) per annum thereafter.

The number of years' growth and average increases we have modelled per year for houses and flats in each of our valuations are shown in the cashflow summaries at Appendix 4.

3.7 Sale of Vacant Units

In addition to preparing an Existing Use Valuation, our instructions also require a valuation based on Market Value subject to Tenancies, which makes the assumption that units that fall vacant can, where appropriate, be sold on the open market.

We have previously reviewed (i) the Certificates of Title, dated 13 February 2015, that were produced by Messrs Burness Paull and (ii) the final Certificate of Titles / CoT Overview Reports issued by Messrs Burness Paull and Messrs Addleshaw Goddard LLP between the 2nd – 16th December 2019. We can confirm that our valuations, at the date of this valuation report, fully reflect the disclosures.

For those unrestricted properties the valuation assumes that there are no Section 75 Agreements, binding Nomination Agreements (or at least not binding to a mortgagee in possession or potential purchaser of the portfolio), or other restrictive covenants/agreements, which would prevent the sale of void units on the open market with vacant possession.

For these unrestricted rented units, the cashflow analysis shows a gradual reduction in stock numbers over a 50-year period down to a residual or rump level which is typically between 30% and 40% of the opening stock level.

The sale prices used within the valuations have been adjusted to reflect general wear and tear, and an allowance has also been made for marketing/selling costs and a period of rent loss. As noted we have assumed in the MV-T valuation calculation for the 161 unrestricted MMR units could be sold off within a 2-4 year period as they are on Short Assured Tenancies.

On the basis of our inspections and recent research, we formed the opinion that should the properties within this valuation be offered on the open market with vacant possession, there would, at the right price level, be a reasonable level of demand from purchasers.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

We have estimated the vacant possession selling price of the units from local sales comparisons and included a selling cost to cover legal fees etc. We have also assumed a five-month void period between the property falling vacant and the Capital Receipt. The valuation assumes that sale prices will typically rise by inflation plus 1% per annum long-term (apart from Yr. 1 in which we have restricted capital growth to inflation only).

Attached at Appendix 6 is a Scottish residential market overview.

3.8 Right to Buy

The Housing (Scotland) Act 2014 provides that right to buy ended for all tenants of social housing in Scotland on 1 August 2016.

3.9 Outgoings

In forming our opinion of the net rental income generated by the portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing SSHA's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

3.10 Bad Debts and Voids

Within our EUV-SH valuation of the general needs rented stock we have included an average annual provision for rent loss to voids and bad debts of between 1.25% to 1.50% of the gross rental income. For the MMR and sheltered units, a higher rate of 2.0% has been adopted.

In our MV-T valuations, the annual provision for rent loss to voids and bad debts has been increased to 5.0% to reflect the higher tenant turnover normally associated with market rented properties. This is for all tenure types where applicable.

In addition to the ongoing Welfare Reform agenda announced by the UK Government, there are also legislative provisions with regard to under occupation, and the methods by which Housing Benefit payments will be made and these, combined with the proposed rent increases, may add to future arrears, bad debts and void costs. We have taken the view that most RSLs should be able to manage this change, but there is a risk of some impact on void and bad debt levels.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

3.11 Management Costs

Management costs have been included in the valuation on the basis of a competitive bid from an alternative social housing landlord, and our assessment of typical private sector costs.

In our valuations on the basis of EUV-SH we have adopted rates of between £605 and £655 per unit for management and administration, depending on the age and type of property.

We have assumed that a mortgagee in possession would expect to spend 10.0% of rental income on management and administration in our valuations on the basis of MV-T, subject to a minimum level based our EUV-SH assumptions.

Our discounted cashflow model makes an allowance of 0.5% per annum for 'real' cost increases to the management costs throughout the valuation.

3.12 Repairs and Maintenance

For the purpose of this valuation, we have constructed a 30 year planned maintenance programme for each scheme using the information and attributes gathered at the time of our inspections, information from our own database of component life spans and replacement costs, and the investment programme provided to us by SSHA, including information on recent works carried out to the properties. The planned maintenance programme takes into consideration the location of the properties, and variations of size, type, and construction.

We are satisfied that the planned maintenance costs included within the valuation, in conjunction with our annual provisions for cyclical and responsive maintenance, should be sufficient to keep the properties in good and tenantable condition throughout the period of our valuation cashflows.

For "new build" units, we have made the assumption that the construction has been satisfactorily completed and that they have been built under the NHBC Build Mark Scheme, Zurich Municipal Newbuild and Rebuild Schemes, the Premier Guarantee Scheme, or their equivalent. Where property has been built for rental purposes, we acknowledge that no such insurance will normally be available, and that the future saleability will rely on proper supervision of construction, and the defect liability contract between SSHA and the builder.

We would caution that no investigations were carried out which would allow us to comment on issues of contamination or pollution. We have assumed that, as part of any past development works, normal site investigations were carried out, and that any recommendations provided by consultants have been fully implemented.

As part of our normal information gathering, we specifically asked SSHA if they were aware of any ongoing structural, environmental, or contamination issues affecting the properties being valued, and they have advised us that they are unaware of any such problems.

In 2004, The Scottish Government issued guidance on the introduction of the Scottish Housing Quality Standard (SHQS), giving details of the content of the Standard and setting a target date of 2015 for bringing houses up to this Standard. To meet the Standard, the house must be:

- *Compliant with the tolerable standard*
- *Free from serious disrepair*

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

- *Energy efficient*
- *Provided with modern facilities and services*
- *Healthy, safe and secure*

The Energy Efficiency Standard for Social Housing (EESSH) is a mandatory standard for Social Landlords to meet by 2020, and was brought into force by the Scottish Government in March 2014. EESSH succeeds the targets and guidance in the Scottish Housing Quality Standard (SHQS), and superseded the SHQS from 2015. The Standard aims to improve the energy efficiency of social housing and reduce energy consumption, fuel poverty, and the emission of greenhouse gases.

The Scottish Housing Regulator monitors and reports on Social Landlords compliance with the EESSH and from 2015/16 expects all Social Landlords to submit data on an annual basis to them on their compliance with the standard. Whilst Social Landlords are not expected to produce 100% EPCs for EESSH compliance purposes they may however choose as good practice to work towards this target. At this time, we have not made provision for any additional cost potentially arising out of EESSH, due to the various grants and subsidies currently available to the sector for energy efficiency measures/improvements as well as the day to day active management of Social Landlords in working towards compliance of this Standard by 2020.

We have been advised by SSHA that this housing stock meets the SHQS standard, subject to any exemptions or abeyances; in respect of EESSH, all of the properties are compliant.

In addition to the planned maintenance costs, we have also included a provision for unsurveyed repair and maintenance costs such as cyclical and responsive or voids maintenance. These have been included within the valuations on the basis of comparable evidence and our assessment of future costs.

In our EUV-SH valuation, we have included an annual provision for responsive & voids maintenance of between £400 and £450 per unit (inclusive of VAT), and between £235 and £265 per unit (inclusive of VAT) for cyclical maintenance and servicing. The exact provision depending on the age and type of property. For the sheltered units we have allowed for an annual responsive cost of £200 per unit (inclusive of VAT).

In our MV-T valuations, in order to reflect the higher tenant turnover normally associated with market rented properties, we have included an additional allowance of £50 per unit per annum for responsive & voids maintenance.

Our discounted cashflow model makes an allowance of 0.5% per annum for 'real' cost increases to the planned maintenance and annual maintenance costs throughout the 30 years of the Valuation.

3.13 Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

- the condition of the portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted a real discount rates of between 5.75% and 6.25% on net rental income for the General Needs Rented properties and 6.5% for the Mid-Market Rent properties. For the various supported / sheltered properties we have adopted a discount rate of 7.0% on the net rental income with the exception of the 21 Miscellaneous where 10% has been applied.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 5 years (where applicable). In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of 7.50% for our MV-T cashflows.

The discount rates we have used in each of our valuations are shown in the cashflow summaries at Appendix 4.

3.14 Market Value subject to Vacant Possession (MV-VP)

We have undertaken research into MV-VPs in locations covered by the portfolio. We have assessed the average value of dwellings on a property by property basis. The values adopted are based on comparable research and reflect the diversity of the stock and the different areas.

4 Valuation Commentary – Commercial Properties

4.1 Introduction

As noted above there are 9 commercial units that are either vacant, occupied by SSHA or leased out. We have been advised that these are not to form part of any future borrowing at this time. In this instance we have employed the vacant possession valuation methodology to those properties that are either vacant or owner-occupied and a secondary investment valuation methodology for those schemes that are leased. In this instance we would comment on the following individual Market Values.

Address	Type	Leased	Monthly Rent	Valuation
7 Stoneyetts Drive, Woodilee, Lenzie, G66 3EW	Shop	Commercial Lease	£1,125	£125,000
1 Donside Street, Aberdeen, AB24 2PJ	Office	Commercial Lease	£1,200	£50,000
95 Turnberry Avenue, Dundee, DD2 3TL	Shop	Commercial Lease	£1	£60,000
197 Turnberry Avenue, Dundee, DD2 3WN	Shop	Commercial Lease	£344	£40,000
105 Turnberry Avenue, Dundee, DD2 3WN	Shop	Commercial Lease	£0	£100,000
684 Argyle Street, Glasgow, G3 8GT	Shop	0	£0	£250,000
185 Turnberry Avenue, Dundee, DD2 3WN	Office	0	£0	£125,000
187 Turnberry Avenue, Dundee, DD2 3WN	Shop	0	£0	£50,000
15 Abercorn Street, Paisley, PA3 4AY	Facility	Commercial Lease	£4,333	£175,000

Please note that we have not internally inspected or measured the units and have relied solely on the information provided by SSHA

5 Valuation

5.1 Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH");
- Market Value subject to existing Tenancies ("MV-T"); and
- Market Value assuming Vacant Possession ("MV-VP") – on a non-reliance basis.

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 4. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

In addition, we have provided indicative Market Values for 9 commercial units that are either vacant, occupied by SSHA or leased out.

The definitions of the bases of valuation are set out in full in section 6 of this report.

5.2 Asset Value for Loan Security Purposes

- **General Needs Rented (3,252 Unrestricted Units)**

Our valuation of the heritable title (Scottish equivalent of Freehold) of 3,252 properties made up of: unrestricted 3,025 general needs rented units, the 161 MMR units, the 19 sheltered units and the 47 supported units being valued on the basis of EUV-SH, in aggregate, at the valuation date is:

£182,610,000
(one hundred and eighty two million, six hundred and ten thousand pounds)

Our valuation of the heritable title (Scottish equivalent of Freehold) of 3,252 properties made up of: the unrestricted 3,025 general needs rented units, the 161 MMR units, the 19 sheltered units and the 47 supported units being valued on the basis of MV-T, in aggregate, at the valuation date is:

£259,760,000
(two hundred and fifty nine million, seven hundred and sixty thousand pounds)

- **General Needs Rented (306 Restricted Units)**

Our valuation of the heritable title (Scottish equivalent of Freehold) of 306 properties made up of: the restricted 153 general needs rented units, the 124 MMR units, the 20 sheltered units and the 9 supported units being valued on the basis of EUV-SH, in aggregate, at the valuation date is:

£21,240,000
(twenty one million, two hundred and forty thousand pounds)

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

**Note 121 units are not included in the above as they have a nil value apportioned because they are ancillary or communal to the wider operation of the rest of the portfolio plus one general needs rented unit. These are recorded within the unit summary at Appendix 4 for the completeness of reporting.*

***Note 9 commercial units not included in the above but they have been stated at section 4.1 above.*

5.3 Asset Value by Tenure / Restriction

Our valuation of each individual tenure is shown in the following table:

Category	Unit Count	Basis of Value	EUV-SH	MV-T	Indicative MV-VP
General Needs Rented Post 2001	2,026	EUV-SH/MV-T	£124,850,000	£173,370,000	£279,615,000
General Needs Rented Post 2001 (Restricted)	153	EUV-SH	£8,900,000	-	£11,095,000
General Needs Rented Pre 2001	999	EUV-SH/MV-T	41,970,000	60,370,000	79,960,000
Mid-Market Rented	161	EUV-SH/MV-T	£12,690,000	£22,430,000	£25,485,000
Mid-Market Rented (Restricted)	124	EUV-SH	£11,530,000	-	£14,990,000
Sheltered	19	EUV-SH/MV-T	£850,000	£1,090,000	£2,040,000
Sheltered (Restricted)	20	EUV-SH	£300,000	-	£1,200,000
Supported	47	EUV-SH/MV-T	£2,250,000	£2,500,000	£3,785,000
Supported (Restricted)	9	EUV-SH	£510,000	-	£1,005,000
Nil Value Units	121	N/A	-	-	-
Total (Inc. Nil Value Units)	**3,679**		**£203,850,000**	**£259,760,000**	**£419,175,000**

5.4 Reinstatement Cost

We have also prepared a broad indication of the aggregate reinstatement cost of the portfolio of 3,679 residential properties and 9 commercial units, as guidance for insurance purposes. It should not be used directly to calculate the premium that would be paid to insure this portfolio of properties.

We consider the aggregate reinstatement cost of the portfolio to be in the order of:

£510,000,000
(five hundred and ten million pounds)

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

6 Bases of Valuation

Our valuations have been prepared in accordance with the RICS Red Book.

6.1 Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards 2017 – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

6.2 Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

6.3 Expenses

No allowance is made in our valuations for any expenses of realisation.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

6.4 Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

The transfer of properties between RSLs is exempt from Stamp Duty Land Tax ("SDLT"). Our MV-T valuations include fees of up to 5.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

6.5 VAT

Our valuations are exclusive of VAT on disposal.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

7 Sources of Verification of Information

7.1 General

We have relied upon the description, tenancy type and current rental income provided to us by SSHA and we have been unable to verify the accuracy of that data.

7.2 Tenure

We have assumed that the Borrower holds Heritable interests (Scottish equivalent of English freehold) in these properties unless otherwise stated in this report.

7.3 Title

We reviewed the final Certificate of Titles / CoT Overview Reports issued by Messrs Burness Paull and Messrs Addleshaw Goddard LLP respectively within correspondence dated between 2nd – 16th December 2019, and can confirm that our valuations, at the date of this valuation report, fully reflect the disclosures.

In this case 153 general needs rented, and 124 mid-market rented units have been restricted to EUV-SH. In addition, the 20 sheltered units have been limited to EUV-SH as we consider that this valuation basis is appropriate for this property type, levels of rent and use.

In particular we note that there are a number of nominations for certain council areas. Following dialogue and correspondence last year with Messrs Addleshaw Goddard LLP & Messrs Burness Paull they have certified that the nominations do not purport to bind successors in title and do not prohibit the onward sale. As such we have applied MV-T to these units.

We were also provided with an electronic copy of the final signed version of the Certificate of Title dated 13 February 2015, that was produced by Messrs Burness Paull.

Based on our review of this document, we would make mention of the following restrictions/ conditions that impact on our valuations:

- For the property at Muirshiel Avenue, Glasgow (General Needs/Supported), we note that there is a limitation on use for the purpose of affordable housing units only, and we have therefore restricted the basis of valuation for these units, both general needs and supported, to EUV-SH only.
- For the property at Priesthill Crescent, Glasgow, we note that these units are subject to a rent restriction of RPI only for 30 years from 27 November 2001, and this has been allowed for in the EUV-SH valuation provided within this report. Our understanding is that this rent restriction is personal to SSHA, and does not impact therefore on the MV-ST valuation.

We have where appropriate made an allowance for these restrictions within our valuations.

7.4 Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this report.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

7.5 Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

7.6 Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

7.7 Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

7.8 Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

7.9 Japanese Knotweed

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

7.10 Energy Performance Certificates (EPCs)

The Energy Efficiency Standard for Social Housing (EESSH) aims to improve the energy efficiency of social housing in Scotland. It will help to reduce energy consumption, fuel poverty and the emission of greenhouse gases. The EESSH is based on the minimum Energy Performance Certificate (EPC) rating.

7.11 Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

7.12 Reinstatement Value

The figure provided in section 5.4 is a broad indication of the cost of reinstating the property to the current specifications provided without liability. The floor areas we have adopted in order to arrive at these figures are an average for each type of dwelling only. We have neither measured the property for this purpose nor been provided with floor areas.

Our figures are based on a limited inspection carried out for market valuation purposes (by a Valuation Surveyor rather than a Building Surveyor) and, therefore, our inspections of the structures are inadequate for a reliable reinstatement figure to be obtained.

Our figures for reinstatement cost assessment have been derived by reference to the BCIS Guide to Building Prices. To this figure a regional variation adjustment has been made then an amount has been added for professional fees, demolition, site clearance and VAT.

Our figures are based on general prices and indices at the date of valuation which are subject to fluctuation. Reinstatement figures should be therefore reviewed at regular intervals to allow for any inflationary tendencies. No allowance has been made in our figures for inflation during the insurance year or any subsequent construction period. Similarly, we have not included an allowance for any loss of rent during the reconstruction period.

Our figures do not include any allowances for any items which might more appropriately be considered to be plant and machinery.

Unless otherwise stated, we have assumed the properties are neither Listed buildings nor located in a Conservation Area. If they were found to be either of these, the reinstatement value reported may be subject to a higher level of uncertainty than would generally be the case due to possible requirements of reconstructing a Listed building or building in a Conservation Area.

We have not considered details of the insurance policy in place. Our figure should not be relied upon. If reliance is required it will be necessary for our building surveyors to be instructed to undertake a detailed inspection and consideration of the structure and form of construction of the buildings, and to provide a specific report.

© 2020 Jones Lang LaSalle IP, Inc. All rights reserved

7.13 Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

7.14 The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

7.15 Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

7.16 Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

7.17 Plans and Maps

All plans and maps included in our report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

7.1 Compliance with Building Regulations and Statutory Requirements

Unless otherwise stated in our report none of the properties are of 18m or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

To: Paul Dallimore <Paul.Dallimore@sanctuary-housing.co.uk>
Subject: RE: Sanctuary Capital PLC- Secured Bond Issue - Sanctuary Scotland Housing Association - 2020 desktop valuation

Sorry Paul

Thought I got back to you on this.

As mentioned ill not charge for the 2,650 units last year but rather restate them in the report as the ink is hardly dry on the final December report if you are happy with that approach. Regarding the additional 1,027 units may I propose a fee of £5,000 plus VAT (assuming no inspections are required which I believe to be the case)?

On another point, by tomorrow we will have completed the inspections for the NBS and THFC stock (saving 1 supported scheme in Dundee).

All the best
Allan

Subject: Sanctuary Capital PLC- Secured Bond Issue - Sanctuary Scotland Housing Association - 2020 desktop valuation

Hi Allan

I trust this email finds you well.

Sanctuary Treasury Limited/Prudential Trustee Company Limited require a desktop valuation of the Sanctuary Scotland Housing Association stock reported on in 2014 and 2019. The valuation basis will need to be EUV-SH (existing use value for social housing) and MV-T (market value - subject to tenancies). The report is to be delivered to the lender no earlier than 31 March 2020, with your draft valuation figures by Friday 28 February 2020.

An instruction letter will be issued shortly. I enclose the short particulars of the properties.

Please reply with a fee quote for the work based the enclosed property details.

Kind regards

Paul Dallimore

These General Principles should be read in conjunction with JLL's General Terms and Conditions of Business except insofar as this may be in conflict with other contractual arrangements.

1 RICS Valuation - Global Standards 2017

All work is carried out in accordance with the Professional Standards, Valuation Technical and Performance Standards and Valuation Applications contained in the RICS Valuation – Global Standards 2017 published by the Royal Institution of Chartered Surveyors and the RICS Valuation – Global Standards 2017 – UK national supplement as applicable ("the RICS Red Book"), by valuers who conform to the requirements thereof. Our valuations may be subject to monitoring by the RICS. The valuations are undertaken by currently Registered RICS Valuers.

2 Valuation Basis:

Our reports state the purpose of the valuation and, unless otherwise noted, the basis of valuation is as defined in "the RICS Red Book". The full definition of the basis, which we have adopted, is set out in our report and appended to these General Principles.

3 Assumptions and Special Assumptions:

Where we make an 'assumption' or 'special assumption' in arriving at our valuations, we define these terms in accordance with "the RICS Red Book" as follows:

Assumption: A supposition taken to be true.

Special Assumption: An assumption that either assumes facts that differ from the actual facts existing at the valuation date, or that would not be made by a typical market participant in a transaction on the valuation date.

We will not take steps to verify any assumptions.

4 Disposal Costs Taxation and Other Liabilities:

No allowances are made for any expenses of realisation, or for taxation, which might arise in the event of a disposal. All property is considered as if free and clear of all mortgages or other charges, which may be secured thereon. However, we take into account purchaser's costs in investment valuations in accordance with market conventions.

No allowance is made for the possible impact of potential legislation which is under consideration.

Valuations are prepared and expressed exclusive of VAT payments, unless otherwise stated.

5 Sources of Information:

Where we have been provided with information by the client, or its agents, we assume that it is correct and complete and is up to date and can be relied upon. We assume that no information that has a material effect on our valuations has been withheld.

In respect of valuations for loan security purposes, commissioned by a lending institution, we may also rely on information provided to us by the Borrower or its advisors. In such cases, we have similarly assumed that all information is correct, complete, up-to-date and can be relied upon and that no pertinent information has been withheld.

COPYRIGHT © JLL IP, INC. 2019. All Rights Reserved

6 **Title and Tenancy Information:**

We do not normally read leases or documents of title. We assume, unless informed to the contrary, that each property has a good and marketable title, that all documentation is satisfactorily drawn and that there are no encumbrances, restrictions, easements or other outgoings of an onerous nature, which would have a material effect on the value of the interest under consideration, nor material litigation pending. Where we have been provided with documentation we recommend that reliance should not be placed on our interpretation without verification by your lawyers. We have assumed that all information provided by the client, or its agents, is correct, up to date and can be relied upon.

7 **Tenants:**

Although we reflect our general understanding of a tenant's status in our valuations i.e. the market's general perception of their creditworthiness, enquiries as to the financial standing of actual or prospective tenants are not normally made unless specifically requested. Where properties are valued with the benefit of lettings, it is therefore assumed, unless we are informed otherwise, that the tenants are capable of meeting their financial obligations under the lease and that there are no arrears of rent or undisclosed breaches of covenant.

8 **Measurements/Floor Areas:**

All measurement is carried out in accordance with either the International Property Measurement Standards (IPMS) or the Code of Measuring Practice (6th Edition) issued by the Royal Institution of Chartered Surveyors, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the International Property Measurement Standards (IPMS) or the Code of Measuring Practice referred to above.

9 **Site Areas:**

Site areas are generally calculated using proprietary digital mapping software and are based on the site boundaries indicated to us either at the time of our inspection, or on plans supplied to us. No responsibility is accepted if the wrong boundaries are indicated to us.

10 **Estimated Rental Values:**

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of capital value and is generally on the basis of Market Rent, as defined in "the RICS Red Book". Where circumstances dictate that it is necessary to utilise a different rental value in our capital valuation, we will generally set out the reasons for this in our report. Such a figure does not necessarily represent the amount that might be agreed by negotiation, or determined by an Expert, Arbitrator or Court, at rent review or lease renewal or the figure that might be obtained if the property or unit were being let on the open market.

11 **Town Planning, Acts of Parliament and Other Statutory Regulations:**

Information on town planning is, wherever possible, obtained either verbally from local planning authority officers or publicly available electronic or other sources. It is obtained purely to assist us in forming an opinion of capital value and should not be relied upon for other purposes. If reliance is required we recommend that verification be obtained from lawyers that:

i the position is correctly stated in our report;

ii the property is not adversely affected by any other decisions made, or conditions prescribed, by public authorities; and

iii that there are no outstanding statutory notices.

COPYRIGHT © JLL IP, INC. 2019. All Rights Reserved

Our valuations are prepared on the basis that the premises (and any works thereto) comply with all relevant statutory and EC regulations, including fire regulations, access and use by disabled persons, control and remedial measures for asbestos in the workplace, the Energy Performance of Buildings Directive and any applicable bye laws. All buildings are assumed to have Energy Performance Certificates.

Our valuation does not take into account any rights, obligations or liabilities, whether prospective or accrued, under the Defective Premises Act 1972, or the Health and Safety at Work etc. Act 1974.

12 **Structural Surveys:**

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects. Unless stated otherwise in our reports we assume any tenants are fully responsible for the repair of their demise either directly or through a service charge.

13 **Deleterious Materials:**

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

14 **Site Conditions:**

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

15 **Environmental Contamination:**

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

16 **Insurance:**

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms. In particular, we will have regard to the following:

Composite Panels

Insurance cover, for buildings incorporating certain types of composite panel may only be available subject to limitation, for additional premium, or unavailable. Information as to the type of panel used is not normally available. Accordingly, our opinions of value make no allowance for the risk that insurance cover for any property may not be available, or may only be available on onerous terms.

Terrorism

Our valuations have been made on the basis that the properties are insured against risks of loss or damage including damage caused by acts of Terrorism as defined by the Terrorism Act 2000. We have assumed that the insurer, with whom cover has been placed, is reinsured by the Government backed insurer, Pool Reinsurance Company Limited.

COPYRIGHT © JLL IP, INC. 2019. All Rights Reserved

Flood and Rising Water Table

Our valuations have been made on the assumption that the properties are insured against damage by flood and rising water table. Unless stated to the contrary our opinions of value make no allowance for the risk that insurance cover for any property may not be available, or may only be available on onerous terms.

17 Outstanding Debts:

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

18 Confidentiality and Third Party Liability:

Our Valuations and Reports are confidential to the party to whom they are addressed and for the specific purpose to which they refer, and no responsibility whatsoever is accepted to any third parties. Neither the whole, nor any part, nor reference thereto, may be published in any document, statement or circular, or in any communication with third parties, without our prior written approval of the form and context in which it will appear.

19 Statement of Valuation Approach:

We are required to make a statement of our valuation approach. The following provides a generic summary of our approach.

The majority of institutional portfolios comprise income producing properties. We usually value such properties adopting the investment approach where we apply a capitalisation rate, as a multiplier, against the current and, if any, reversionary income streams. Following market practice we construct our valuations adopting hardcore methodology where the reversions are generated from regular short term uplifts of market rent. We would normally apply a term and reversion approach where the next event is one which fundamentally changes the nature of the income or characteristics of the investment. Where there is an actual exposure or a risk thereto of irrecoverable costs, including those of achieving a letting, an allowance is reflected in the valuation.

Vacant buildings, in addition to the above methodology, may also be valued and analysed on a comparison method with other capital value transactions where applicable.

Where land is held for development we adopt the comparison method when there is good evidence, and/or the residual method, particularly on more complex and bespoke proposals.

There are situations in valuations for accounts where we include in our valuation properties which are owner-occupied. These are valued on the basis of existing use value, thereby assuming the premises are vacant and will be required for the continuance of the existing business. Such valuations ignore any higher value that might exist from an alternative use.

20 Capital Expenditure Requirement:

Where buildings are undergoing works, such as refurbishment or repairs, or where developments are in progress, we have relied upon cost information supplied to us by the client or their appointed specialist advisors.

21 Goodwill, Fixtures and Fittings:

Unless otherwise stated our valuation excludes any additional value attributable to goodwill, or to fixtures and fittings which are only of value, in situ, to the present occupier.

22 Plant and Machinery:

No allowance has been made for any plant, machinery or equipment unless it forms an integral part of the building and would normally be included in a sale of the building.

COPYRIGHT © JLL IP, INC. 2019. All Rights Reserved

23 Services:

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

24 Land and Building Apportionments:

When instructed, we will provide apportionments between land and buildings for depreciation purposes only. Such apportionments are not valuations and should not be used for any other purpose unless specified in the report.

25 Portfolio Valuations:

In respect of valuations of portfolios of properties, our overall valuation is an aggregate of the individual values of each individual property. The valuation assumes, therefore, that each property would be marketed as an individual property and not as part of a portfolio. Consequently no portfolio premium or discount has been reflected and any consequence of marketing a range of individual properties together has also not been reflected in our valuations. However, if adjoining or complementary properties might achieve a higher value by being marketed together (known as "prudent lotting"), we have reported the higher value that would emerge.

26 Rating:

Any information regarding rating has generally been obtained from the Valuation Office website. We will not investigate whether any rating assessment is a fair assessment or considered the likelihood of an appeal being successful.

27 Plans and Maps:

All plans and maps included in our report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

General Terms and Conditions of Business: Scotland

1. AGREEMENT

1.1. These Terms together with any Engagement set out the terms on which JLL will provide the Services to the Client. Each of the provisions provided in the Agreement are severable and distinct from the others.

1.2. The Engagement shall prevail to the extent of any conflict between the Terms, and the Engagement. The Agreement supersedes any previous arrangement concerning its subject matter. Unless the Parties agree otherwise, these Terms shall apply to any future instructions from the Client, although such instructions may be subject to a separate Engagement.

2. INTERPRETATION

The following definitions and rules of interpretation apply in these Terms:

2.1. **Definitions**

"Affiliates" includes in relation to either Party each and any subsidiary or holding company of that Party and each and any subsidiary of a holding company of that Party and any business entity from time to time controlling, controlled by, or under common control with, that Party, and **"holding company"** means a holding company as defined in section 1159 of the Companies Act 2006 or a parent undertaking as defined in section 1162 and schedule 7 of the Companies Act 2006, and **"subsidiary"** means a subsidiary as defined in section 1159 of the Companies Act 2006 or a subsidiary undertaking as defined in section 1162 and schedule 7 of the Companies Act 2006;

"Agreement" means any Engagement and these Terms together;

"Client" means the Party who enters into the Agreement with JLL;

"Data Protection Legislation" shall mean GDPR and any national implementing laws, regulations and secondary legislation in force in the United Kingdom from time to time;

"Engagement" means the agreement, letter of engagement or engagement agreement or email and any schedules/appendices sent to the Client by JLL (or agreed in writing) which sets out details of the Services to be provided to the Client pursuant to the Agreement;

"GDPR" means the General Data Protection Regulation ((EU) 2016/679) and in this Agreement: "controller", "processor", "data subject", "personal data", "personal data breach", "supervisory authority", and "processing" shall have the meaning set out in the GDPR, and references to "personal data" shall in addition mean personal data related to the Agreement.

"Insolvent" means in relation to:

(a) a company (including any body corporate), that it:

(i) is unable to pay its debts as they fall due;

(ii) becomes or is deemed insolvent;

(iii) has a notice of intention to appoint an administrator filed at Court in respect of it, has an administrator appointed over, or has an administration order in relation to it, or has appointed a receiver or an administrative receiver over, or an encumbrancer takes possession of or sells the whole or part of its undertaking, assets, rights or revenue;

(iv) passes a resolution for its winding up or a court of competent jurisdiction makes an order for it to be wound up or dissolved or it is otherwise dissolved (other than a voluntary winding up solely for the purpose of a solvent amalgamation or reconstruction); or

(v) enters into an arrangement, compromise or composition in satisfaction of its debts with its creditors or any class of them or takes steps to obtain a moratorium or making an application to a court of competent jurisdiction for protection of its creditors;

(b) a partnership, that it is dissolved by reason of the bankruptcy of one or more of its partners;

(c) an individual, that they are bankrupt; and

(d) a Party based outside Scotland, that it is considered insolvent by the laws applicable to that Party;

"JLL" means Jones Lang LaSalle Limited of 30 Warwick Street London W1B 5NH registered in England and Wales with company number 01188567 and/or any Affiliate of JLL that provides the Services to the Client;

"Materials" means all materials, equipment, documents and other property of JLL made available to the Client by JLL in carrying out the Services;

"Party" means either the Client or JLL (as the context requires) and **"Parties"** shall mean both of them;

"Services" means the Services set out in the Engagement or as otherwise agreed in writing between the Parties;

"Terms" means these terms and conditions.

2.2. Unless the context otherwise requires, words in the singular shall include the plural, and in the plural, shall include the singular.

COPYRIGHT © JONES LANG LASALLE IP, INC. 2019. All Rights Reserved

2.3. A reference to a statute or statutory provision is a reference to it as it is in force as at the date of the Agreement and shall include all subordinate legislation made as at the date of the Agreement under that statute or statutory provision.

2.4. A reference to writing or written unless otherwise specified herein includes email.

2.5. Any words following the terms including, include, in particular or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.

2.6. Headings are for convenience only and do not affect the interpretation of this Agreement.

3. SERVICES

3.1. JLL shall provide the Services using reasonable care and skill.

3.2. JLL has no obligation to provide any services other than the Services and has no obligation to provide nor any liability for:

a) an opinion on the price of a property (unless specifically agreed in writing);

b) any advice regarding the condition of a property (unless specifically agreed in writing);

c) the security or management of a property unless specifically instructed to arrange it;

d) the safety of any third party entering any premises; or

e) the management or payment of any third party suppliers.

3.3. Where the Parties have agreed that JLL shall carry out estate agency business, JLL shall (i) report in writing all offers it receives regarding the relevant property; and (ii) comply with its obligations under the Estate Agents Act 1979 and regulations made under that Act together with any other similar laws and regulations.

3.4. Where agreed in writing JLL shall use reasonable endeavours to meet any performance dates. JLL shall not be responsible for any failure to meet performance dates due to causes outside its reasonable control and time shall not be of the essence for the performance of the Services.

3.5. JLL shall have the right to make any changes to the Services which are necessary to comply with any applicable law, regulation, safety requirement, or which do not materially affect the nature or quality of the Services and JLL shall notify the Client in any such event.

3.6. Without prejudice to clause 9.2(b), JLL will take all appropriate steps to identify, prevent or manage a conflict of interest that may arise in the course of business. In the event that an actual or potential conflict of interest is identified, JLL will recommend a course of action.

4. CLIENT OBLIGATIONS

4.1. The Client shall:

a) notify JLL promptly if it considers that any details or requirements set out in the Engagement are incomplete or inaccurate;

b) co-operate with JLL in all matters relating to the Services;

c) provide JLL, its employees, agents, consultants and subcontractors, with access to the relevant property as reasonably required by JLL to provide the Services; and

d) obtain and maintain all necessary licences, permissions and consents which may be required by the Client before the date on which the Services are to start.

4.2 The Client shall promptly provide JLL with such information and materials as it may reasonably require in order to supply the Services and warrants that:

a) such information is complete and accurate and was obtained and drafted in accordance with all applicable laws;

b) it shall ensure that where the information and material include representations or descriptions of a property, that such information and material contain no misrepresentation or false impression;

c) where the Client will advertise a property under JLL's logo, that such advertisement (including its content and context in which it will appear) is approved in writing by JLL prior to its publication; and

d) it shall immediately notify JLL on becoming aware of any changes or issues that may render inaccurate any information or material provided to JLL.

4.3. In the event of any act or omission by the Client in breach of the Agreement or failure by the Client to perform any relevant obligation (Client Default):

COPYRIGHT © JONES LANG LASALLE IP, INC. 2019. All Rights Reserved

a) JLL shall without limiting its other rights or remedies have the right to suspend performance of the Services until the Client remedies the Client Default, and to rely on the Client to relieve JLL from the performance of any of its obligations to the extent the Client Default prevents or delays JLL's performance of any of its obligations; and

b) JLL shall not be liable for any costs or losses sustained or incurred by the Client arising directly or indirectly from the Client Default.

4.4. The Client is responsible for effecting and maintaining adequate property and public liability insurance in relation to its activities and any relevant properties owned or occupied by it and shall be responsible for the safety of any person entering the relevant properties.

4.5 Where the Client constitutes more than one legal person, the liability of such persons shall be joint and several.

5. PAYMENTS

5.1. Whenever possible, the fees and expenses (if known) for the Services shall be as set out in the Engagement. Where fees and expenses for the Services are not specified in writing, JLL shall be entitled to the fee specified by the Royal Institution of Chartered Surveyors (RICS) or if there is none specified, by any other applicable professional body chosen by JLL (acting reasonably) or, if none is specified, a fair and reasonable fee by reference to time spent delivering the Services; and reimbursement of any expenses properly incurred by JLL on the Client's behalf.

5.2. All amounts payable by the Client under the Agreement are exclusive of value added tax (VAT) or similar taxes which the Client shall pay at the applicable rate.

5.3. In consideration of the provision of the Services, the Client shall pay each invoice submitted by JLL in accordance with the Agreement within 28 days from the date of invoice.

5.4. If the Client fails to make any payment due to JLL under the Agreement by the due date for payment, then JLL reserves the right to charge late payment interest after the due date on the overdue amount at the rate of 4% per cent per annum above the Bank of England's official bank rate from time to time. Such interest shall accrue on a daily basis from the due date until actual payment of the overdue amount, whether before or after judgment. The Client shall pay the interest together with the overdue amount.

5.5. If termination of the Agreement takes place prior to the Services being completed, JLL shall, without limitation to its other rights and remedies under this Agreement or at law, be entitled to receive from the Client a reasonable fee proportionate to the part of the Services performed to the date of termination.

6. INTELLECTUAL PROPERTY RIGHTS

6.1. All intellectual property rights in or arising out of or in connection with the Services including the intellectual property rights in Materials shall be owned by JLL unless otherwise expressly agreed in writing. For this purpose **"intellectual property rights"** means patents, utility models, rights to inventions, copyright and related rights, trademarks and service marks, trade names and domain names, trade secrets, rights in get-up, goodwill and the right to sue for passing off or unfair competition, rights in designs, rights in computer software, database rights, rights to preserve the confidentiality of information (including know-how and trade secrets) and any other intellectual property rights, including all applications for (and rights to apply for and be granted), renewals or extensions of, and rights to claim priority from, such rights and all similar or equivalent rights or forms of protection which subsist or will subsist, now or in the future, in any part of the world.

6.2. The Client shall have an irrevocable, royalty-free, non-exclusive licence to use the Materials for the purposes for which they are prepared by JLL, subject to JLL having received full payment for the Services in accordance with the Agreement. Such licence shall be capable of sub-licence by the Client to its employees, agents and subcontractors and shall survive termination. No third party has any right to use any such Materials without JLL's specific consent. JLL shall not be liable for the use of any Material for any purpose other than that for which JLL provided it to the Client.

6.3 Nothing in this clause 6 shall affect the Client's intellectual property rights that pre-exist the Services. The Client shall grant to JLL an irrevocable, royalty-free, non-exclusive, sub-licensable licence to use such pre-existing intellectual property rights for the purpose of carrying out the Services.

7. CONFIDENTIALITY

7.1 A Party (receiving party) shall keep in strict confidence all technical or commercial know-how, processes or initiatives which are of a confidential nature and have been disclosed to the receiving party by the other Party (disclosing party), their Affiliates and their employees, agents or subcontractors, and any other confidential information concerning the disclosing party's business, its products and services which the receiving party may obtain. The receiving party shall ensure that such Affiliates, employees, agents and subcontractors comply with the

COPYRIGHT © JONES LANG LASALLE IP, INC. 2019. All Rights Reserved

obligations set out in this clause as though they were a party to the Agreement. The receiving party may disclose such of the disclosing party's confidential information as is required to be disclosed by law, any governmental or regulatory authority or by a court of competent jurisdiction, or with the consent of the disclosing party. JLL may remove, or arrange for the removal of, names and any other identifiers from confidential information and then use such anonymised information for lawful purposes chosen at its discretion.

7.2 Where JLL delivers services to, or is approached to deliver services to, another party, JLL shall not be required to use or disclose to the Client any information known to JLL, which is confidential to another party.

8. LIABILITY

8.1. a) JLL shall under no circumstances whatsoever be liable to the Client, whether in contract, delict (including negligence), breach of statutory duty, or otherwise, for any loss of profit, loss of revenue or loss of anticipated savings, or for any indirect, special or consequential loss arising under or in connection with the Agreement and/or the Services;

b) JLL's total liability to the Client in respect of all losses arising under or in connection with the Agreement and/or the Services, whether in contract, delict (including negligence), breach of statutory duty, or otherwise, shall not exceed £5 million; and

c) nothing in the Agreement limits any liability which cannot legally be limited, including but not limited to, liability for: death or personal injury caused by negligence; or fraud or fraudulent misrepresentation.

8.2. JLL shall have no liability for the consequences, including delay in or failure to provide the Services:

a) due to any failure by the Client or any representative or agent of the Client to provide information or other material that JLL reasonably requires promptly, or where that information or material provided is inaccurate or incomplete;

b) to the extent that the Client or someone on the Client's behalf for whom JLL is not responsible is responsible, and where JLL is one of the parties liable in conjunction with others, JLL's liability shall be limited to the share of loss reasonably attributable to JLL on the assumption that all other parties pay the share of loss attributable to them (whether or not they do); or

c) due to any failure by the Client or any representative or agent of the Client to follow JLL's advice or recommendations.

8.3. JLL owes no duty of care and has no liability to anyone but the Client unless specifically agreed in writing by JLL.

9. TERMINATION

9.1. Without limiting its other rights or remedies, either Party may terminate the Agreement by giving the other Party 28 days' written notice.

9.2. Without limiting its other rights or remedies, either Party may terminate the Agreement with immediate effect by giving written notice to the other Party if:

a) the other Party commits a material breach of the Agreement and (if such a breach is remediable) fails to remedy that breach within 14 days of that Party being notified in writing to do so;

b) a conflict of interest arises which prevents JLL continuing to act for the Client; or

c) the other Party becomes Insolvent.

9.3. Without limiting its other rights or remedies, JLL may suspend provision of the Services under the Agreement or any other contract between the Client and JLL if the Client becomes Insolvent, or JLL reasonably believes that the Client is about to become Insolvent, or if the Client fails to pay any amount due under the Agreement on the due date for payment.

9.4. On termination of the Agreement for any reason:

a) the Client shall immediately pay to JLL all of JLL's outstanding unpaid invoices and interest and, in respect of Services supplied but for which no invoice has been submitted and associated expenses, JLL shall submit an invoice, which shall be payable by the Client immediately on receipt;

b) the Client shall return any Materials which have not been fully paid for;

c) JLL may, to comply with legal, regulatory or professional requirements, keep one copy of all Material which is what was supplied by or on behalf of the Client in relation to the Services;

d) the accrued rights, remedies, obligations and liabilities of the Parties as at expiry or termination shall be unaffected, including the right to claim damages in

COPYRIGHT © JONES LANG LASALLE IP, INC. 2019. All Rights Reserved

respect of any breach of the Agreement which existed at or before the date of termination or expiry; and

e) clauses which expressly or by implication survive termination shall continue in full force and effect.

9.5. JLL may destroy any hard copy and electronic files it has in its possession after six years from the earlier of completion of the Services or termination of the Agreement.

10. DATA PROTECTION

10.1. JLL (including third parties as described in our Privacy Statement available at www.jll.co.uk) may process in hard copy and/or in electronic form, personal data regarding the Client, its officers and any other individuals connected with the Client ('Client Contacts'). It may also verify the identity of Client Contacts including carrying out checks with third parties such as financial probity, anti-money laundering or sanctions-checking agencies. To facilitate compliance with money laundering regulations and avoid duplication of due diligence, the Client acknowledges that JLL may share Client contacts' personal data with such third party agencies and JLL Affiliates.

10.2 Unless the Agreement and factual arrangements dictate otherwise, as between the Parties for the purposes of the Agreement, the Client is deemed to be the controller and JLL is deemed to be the processor. The Client will ensure that any transfer of personal data to JLL (and any sub-processors under clause 10.11) complies with the Data Protection Legislation. In providing the Services, JLL in its role as processor shall comply with the Data Protection Legislation as it relates to data processors. Nothing within the Agreement relieves either Party of its own direct responsibilities and liabilities under the Data Protection Legislation.

10.3 JLL shall not process personal data other than in relation to the documented instructions of the Client, unless it is required to process the personal data by any law to which it is subject. In such a case JLL shall inform the Client of that legal requirement before complying with it, unless that law prohibits JLL from doing so.

10.4 JLL shall ensure that it and any third party with access to the personal data has appropriate technical and organisational security measures in place, to guard against the unauthorised or unlawful processing of personal data and against the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, the personal data. Upon a written request, JLL shall provide to the Client a general description of the security measures it has adopted.

10.5 JLL shall take reasonable steps to ensure any person that has access to personal data is made aware of their responsibilities, and subject to enforceable duties of confidentiality.

10.6 JLL shall notify the Client without undue delay if it:

10.6.1 receives a request for access from an individual, or a request relating to any of the other individuals' rights available under the Data Protection Legislation, in respect of personal data;

10.6.2 receives any enquiry or complaint from a data subject, supervisory authority or third party regarding the processing of the personal data; and

10.6.3 becomes aware of a personal data breach affecting personal data, unless the breach is unlikely to result in a risk to the rights and freedoms of data subjects.

10.7 JLL shall assist and provide all information reasonably requested in writing by the Client in relation to data protection impact assessments or 'prior consultation' with supervisory authorities, or matters under clause 10.6.

10.8 JLL shall maintain all the records and information necessary to demonstrate its compliance with the requirements set out in this clause 10.

10.9 JLL shall allow the Client (or its appointed auditor) to audit JLL's compliance with this clause 10. The Client agrees to give reasonable notice of any audit, to undertake any audit during normal business hours, to take steps to minimise disruption to JLL's business, and not exercise this right of audit more than once every year unless instructed otherwise by a supervisory authority.

10.10 JLL shall, upon receipt of a written request, from the Client delete or return all personal data at the end of the provision of the Services. JLL may retain copies of the personal data in accordance with any legal or regulatory requirements, or any guidance that has been issued in relation to deletion or retention by a supervisory authority.

10.11 JLL shall only engage a sub-processor where:

10.11.1 the Client has agreed in writing to the engagement of the sub-processor; or

10.11.2 the sub-processor is an Affiliate of JLL or a service provider engaged by JLL to support the infrastructure and administration of its business (with details maintained at http://www.jll.co.uk/sub-processors).

10.12 JLL shall ensure that any arrangements between JLL and a sub-processor are governed by a written contract including

COPYRIGHT © JONES LANG LASALLE IP, INC. 2019. All Rights Reserved

terms which offer at least the same level of protection for personal data as those set out in this clause. Where JLL intends to engage a new sub-processor under 10.11.2 and the Client objects, then the Client may choose to terminate the Services in accordance with clause 9.

10.13 In accordance with clause 12.1, JLL shall remain liable for the acts and omissions of its sub-processors.

10.14 JLL shall only transfer personal data outside the European Economic Area where it has ensured the transfer complies with the Data Protection Legislation.

11. FORCE MAJEURE

11.1. Neither Party shall be liable to the other Party as a result of any delay or failure to perform its obligations under the Agreement as a result of any event beyond the reasonable control of either Party including strikes, lock-outs or other industrial disputes (whether involving the workforce of JLL or any other party), failure of a utility service or transport network, act of God, war, riot, civil commotion, malicious damage, compliance with any law or governmental order, rule, regulation or direction, accident, breakdown of plant or machinery, fire, flood, storm or default of suppliers or subcontractors.

11.2. If such an event prevents either Party from providing any of the Services for more than four weeks, the affected Party shall, without limiting their other rights or remedies, have the right to terminate the Agreement immediately by giving written notice to the Party.

11.3. This clause does not apply to the payment of fees due to JLL by the Client.

12. GENERAL

12.1. **Subcontracting.** JLL may subcontract or deal in any other manner with all or any of its rights or obligations under the Agreement to any third party or agent provided that:

(i) where JLL subcontracts or delegates its obligations at the specific request of the Client, JLL shall have no liability for the acts or omissions of the third party or agent; and

(ii) otherwise, JLL shall remain liable for the acts or omissions of the third party or agent, unless the Client agrees to rely only on the third party or agent, such agreement not to be unreasonably withheld.

12.2. **Notices.** a) Any notice or other communication, including the service of any proceedings or other documents in any legal action given to a Party under or in connection with the Agreement shall be in writing, addressed to that Party at its registered office (if it is a company) or its principal place of business (in any other case) or such other address as that Party may have specified to the other Party in writing in accordance with this clause, and shall be delivered personally or sent by pre-paid first class post or commercial courier. Any notice or other communication sent to a Party located in a different country to the sending Party must be sent by commercial courier;

b) A notice or other communication shall be deemed to have been received: if delivered personally, when left at the address referred to in clause 12.2.a); if sent by pre-paid first class post at 9.00 am on the second business day after posting; or if sent by commercial courier, on the date and at the time that the courier's delivery receipt is signed. For this purpose a business day means a day (other than a Saturday or Sunday) on which banks are open for business in Glasgow and Edinburgh.

12.3. **Severance.** a) If any provision or part-provision of the Agreement is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted. Any modification to or deletion of a provision or part-provision under this clause shall not affect the validity and enforceability of the rest of the Agreement;

b) If any provision or part-provision of the Agreement is invalid, illegal or unenforceable, the Parties shall negotiate in good faith to amend such provision so that, as amended, it is legal, valid and enforceable, and, to the greatest extent possible, achieves the intended commercial result of the original provision.

12.4. **Waiver.** A waiver of any right under the Agreement or law is only effective if it is in writing and shall not be deemed to be a waiver of any subsequent breach or default. No failure or delay by a Party in exercising any right or remedy provided under the Agreement or by law shall constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict its further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall prevent or restrict the further exercise of that or any other right or remedy.

12.5. **No Partnership or Agency.** Nothing in the Agreement is intended to, or shall be deemed to, establish any partnership or joint venture between the Parties, nor constitute either Party the

COPYRIGHT © JONES LANG LASALLE IP, INC. 2019. All Rights Reserved

agent of the other for any purpose. Neither Party shall have authority to act as agent for, or to bind, the other Party in any way.

12.6. **Third parties.** Subject to clause 12.8, a person who is not a Party to the Agreement shall not have any rights to enforce its Terms unless specifically agreed in writing.

12.7. **Variation.** Except as set out in these Terms, no variation of the Agreement, including the introduction of any additional terms and conditions, shall be effective unless it is agreed in writing and signed by both Parties. Unless otherwise expressly agreed, variation of these Terms does not require the consent of any third party (whether any employee referred to in clause 12.8 or otherwise).

12.8. **Protection of Employees.** Save in respect of fraud or criminal conduct no employee of JLL or any Affiliate has any personal liability to the Client nor to anyone representing the Client. Neither the Client nor anyone representing the Client may make a claim or bring proceedings against an employee or former employee personally. Any such employee of JLL is entitled to enforce this provision pursuant to the Contracts (Rights of Third Parties) Act 1999.

12.9. **Directors.** Some employees of JLL have the title of "director". The Client acknowledges that this does not mean they hold the office of director for the purposes of the Companies Act 2006. Rather, it means that they hold a senior role as an employee of JLL.

12.10. **Complaints.** JLL's complaints procedure is available on request.

12.11. **Publicity.** Neither Party may publicise or issue any specific information to the media about the Services or the Agreement's subject matter without the consent of the other.

12.12. **Criminal Activity.** To comply with the law and professional rules on suspected criminal activity JLL is required to verify the identity of its clients and understand their business. Upon request, the Client will promptly provide to JLL evidence of the Client's identity, management or ownership. Where JLL is required by law to obtain similar evidence for another party to a transaction, the Client will provide all reasonable assistance to obtain such evidence. JLL may also need to provide such evidence to another party's agents and the Client consents to the release of such information. If a Party fails to provide such evidence the transaction and Services may not be able to proceed. JLL is required by law to report to the appropriate authorities any knowledge or suspicion of money laundering or terrorist financing. JLL may be unable to inform the Client of any disclosure and may have to stop the Services for a period of time without explanation.

12.13. **Regulated Activity.** JLL is not permitted to carry out any activity regulated by the Financial Services and Markets Act 2000 including the insurance of property, except through an authorised person and in accordance with a separate agreement. Unless JLL specifically agrees otherwise in writing, no communication by JLL is intended to be, or should be construed as an invitation or inducement to any person to engage in investment activity for the purposes of the Financial Services and Markets Act 2000, or as the approval of any communication of any such invitation or inducement.

12.14. **Anti-bribery.** Both parties shall comply with all applicable laws, statutes, regulations, relating to anti-bribery and anti-corruption including but not limited to the Bribery Act 2010.

12.15 **RICS.** JLL is regulated by RICS for the provision of surveying services and agrees to uphold the RICS Rules of Conduct for Firms and all other applicable mandatory professional practice requirements of RICS, which can be found at www.rics.org. As a RICS regulated firm JLL has committed to cooperate with RICS to ensure compliance with its standards. JLL's nominated RICS contact is Luis Campbell, Head of Compliance: emeacompliance@eu.jll.com.

12.16. **Governing Law.** The Agreement and any disputes arising from it (including non-contractual claims and disputes) are governed by Scots Law.

12.17. **Jurisdiction.** Each Party irrevocably agrees that the Scottish courts shall have exclusive jurisdiction over any dispute or claim arising out of or in connection with this agreement or its subject matter or formation (including non-contractual disputes or claims).

12.18 **Language.** These Terms are provided in English and JLL will communicate with the Client in English.

12.19. **Survival.** Clauses 5 to 10 shall survive termination of the Agreement.

Appendix 3 ..... Valuation Bases

Existing Use Value for Social Housing

Definition and Interpretive Commentary reproduced from the RICS Valuation – Global Standards 2017 – UK national supplement, UK VPGA 7

1.1 Existing Use Value for Social Housing

1.1.1 Existing use value for social housing (EUV-SH) is defined in UK VPGA 7 of the RICS Red Book UK National Supplement as follows:

Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

a) A willing seller

b) that prior to the *valuation date* there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale

c) that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the *date of valuation*

d) that no account is taken of any additional bid by a prospective purchaser with a special interest

e) that both parties to the transaction had acted knowledgeably, prudently and without compulsion

f) that the property will continue to be let by a body pursuant to delivery of a service for the existing use

g) the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements

h) that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession and

i) that any subsequent sale would be subject to all the same *assumptions* above.

Market Value

Definition and Interpretive Commentary reproduced from the RICS Valuation – Global Standards 2017, VPS 4 and IVS Framework

1.1 Market Value

1.1.1 The definition of *Market Value* as defined in IVS 104 paragraph 30.1 is:

The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.

1.1.2 *Market value* is a basis of *value* that is internationally recognised and has a long-established definition. It describes an exchange between parties that are unconnected and are operating freely in the marketplace and represents the figure that would appear in a hypothetical contract of sale, or equivalent legal document, at the *valuation date*, reflecting all those factors that would be taken into account in framing their bids by market participants at large and reflecting the highest and best use of the asset. The highest and best use of an asset is the use of an asset that maximises its productivity and that is possible, legally permissible and financially feasible – fuller treatment of this particular premise of value can be found at section 140 of IVS 104.

1.1.3 It ignores any price distortions caused by *special value* (an amount that reflects particular attributes of an asset that are only of value to a *special purchaser*) or *marriage value*. It represents the price that would most likely be achievable for an asset across a wide range of circumstances. *Market rent* applies similar criteria for estimating a recurring payment rather than a capital sum.

1.1.4 In applying *market value*, regard must also be had to the requirement that the valuation amount reflects the actual market state and circumstances as of the effective *valuation date*. The full conceptual framework for *market value* can be found at paragraph 30.2 of IVS 104.

1.1.5 Notwithstanding the disregard of *special value*, where the price offered by prospective buyers generally in the market would reflect an expectation of a change in the circumstances of the asset in the future, the impact of that expectation is reflected in *market value*. Examples of where the expectation of additional value being created or obtained in the future may have an impact on the *market value* include:

- the prospect of development where there is no current permission for that development and
- the prospect of marriage value arising from merger with another property or asset, or interests within the same property or asset, at a future date.

1.1.6 The impact on value arising by use of an *assumption* or *special assumption* should not be confused with the additional value that might be attributed to an asset by a *special purchaser*.

1.1.7 In some jurisdictions a *basis of value* described as 'highest and best use' is adopted and this may either be defined by statute or established by common practice in individual countries or states.

Copyright © Royal Institution of Chartered Surveyors (RICS) June 2017

IVS Framework

30.2 The definition of *Market Value* shall be applied in accordance with the following conceptual framework:

(a) "the estimated amount"

refers to a price expressed in terms of money payable for the *asset* in an arm's length market transaction. *Market Value* is the most probable price reasonably obtainable in the market on the valuation date in keeping with the market value definition. It is the best price reasonably obtainable by the seller and the most advantageous price reasonably obtainable by the buyer. This estimate specifically excludes an estimated price inflated or deflated by special terms or circumstances such as atypical financing, sale and leaseback arrangements, special considerations or concessions granted by anyone associated with the sale, or any element of value available only to a specific owner or purchaser;

(b) "an asset or liability should exchange"

refers to the fact that the value of an asset or liability is an estimated amount rather than a predetermined amount or actual sale price. It is the price in a transaction that meets all the elements of the Market Value definition at the valuation date;

(c) "on the valuation date"

requires that the value is time-specific as of a given date. Because markets and market conditions *may* change, the estimated value *may* be incorrect or inappropriate at another time. The valuation amount will reflect the market state and circumstances as at the *valuation date*, not those at any other date;

(d) "between a willing buyer"

refers to one who is motivated, but not compelled to buy. This buyer is neither over eager nor determined to buy at any price. This buyer is also one who purchases in accordance with the realities of the current market and with current market expectations, rather than in relation to an imaginary or hypothetical market that cannot be demonstrated or anticipated to exist. The assumed buyer would not pay a higher price than the market requires. The present owner is included among those who constitute "the market";

(e) "and a willing seller"

is neither an over eager nor a forced seller prepared to sell at any price, nor one prepared to hold out for a price not considered reasonable in the current market. The willing seller is motivated to sell the asset at market terms for the best price attainable in the open market after proper marketing, whatever that price *may* be. The factual circumstances of the actual owner are not a part of this consideration because the willing seller is a hypothetical owner;

(f) "in an arm's length transaction"

is one between parties who do not have a particular or special relationship, eg parent and subsidiary companies or landlord and tenant that *may* make the price level uncharacteristic of the market or inflated. The Market Value transaction is presumed to be between unrelated parties, each acting independently;

(g) "after proper marketing"

means that the *asset* has been exposed to the market in the most appropriate manner to effect its disposal at the best price reasonably obtainable in accordance with the Market Value definition. The method of sale is deemed to be that most appropriate to obtain the best price in the market to which the seller has access. The length of exposure time is not a fixed period but will vary according to the type of asset and market conditions. The only criterion is that *there must* have been sufficient time to allow the asset to be brought to the attention of an adequate number of market *participants*. The exposure period occurs prior to the valuation date;

Copyright © Royal Institution of Chartered Surveyors (RICS) June 2017

(h) "where the parties had each acted knowledgeably, prudently"

presumes that both the willing buyer and the willing seller are reasonably informed about the nature and characteristics of the *asset*, its actual and potential uses, and the state of the market as of the valuation date. Each is further presumed to use that knowledge prudently to seek the price that is most favourable for their respective positions in the transaction. Prudence is assessed by referring to the state of the market at the valuation date, not with benefit of hindsight at some later date. For example, it is not necessarily imprudent for a seller to sell *assets* in a market with falling prices at a price that is lower than previous market levels. In such cases, as is true for other exchanges in markets with changing prices, the prudent buyer or seller will act in accordance with the best market information available at the time;

(i) "and without compulsion"

establishes that each party is motivated to undertake the transaction, but neither is forced or unduly coerced to complete it.

30.3 The concept of Market Value presumes a price negotiated in an open and competitive market where the *participants* are acting freely. The market for an asset could be an international market or a local market. The market could consist of numerous buyers and sellers, or could be one characterised by a limited number of market *participants*. The market in which the asset is presumed exposed for sale is the one in which the *asset* notionally being exchanged is normally exchanged.

30.4 The Market Value of an *asset* will reflect its highest and best use. The highest and best use is the use of an *asset* that maximises its potential and that is possible, legally permissible and financially feasible. The highest and best use *may* be for continuation of an *asset's* existing use or for some alternative use. This is determined by the use that a market *participant* would have in mind for the *asset* when formulating the price that it would be willing to bid.

30.5 The nature and source of the valuation inputs *must* be consistent with the basis of value, which in turn *must* have regard to the *valuation purpose*. For example, various approaches and methods *may* be used to arrive at an opinion of value providing they use market-derived data. The market approach will, by definition, use market-derived inputs. To indicate Market Value, the income approach should be applied, using inputs and assumptions that would be adopted by participants. To indicate Market Value using the cost approach, the cost of an asset of equal utility and the appropriate depreciation should be determined by analysis of market-based costs and depreciation.

30.6 The data available and the circumstances relating to the market for the *asset* being valued *must* determine which valuation method or methods are most relevant and appropriate. If based on appropriately analysed market-derived data, each approach or method used *should* provide an indication of Market Value.

30.7 Market Value does not reflect attributes of an *asset* that are of value to a specific owner or purchaser that are not available to other buyers in the market. Such advantages *may* relate to the physical, geographic, economic or legal characteristics of an *asset*. Market Value requires the disregard of any such element of value because, at any given date, it is only assumed that there is a willing buyer, not a particular willing buyer.

1.2 Special Value

Special value is an amount that reflects particular attributes of an asset that are only of value to a *special purchaser*.

A *special purchaser* is a particular buyer for whom a particular asset has *special value* because of advantages arising from its ownership that would not be available to other buyers in a market.

Appendix 6 .....**Market Commentary**

UK & Scotland Residential Market December 2019

The latest statistics from the UK House Price Index Scotland show that the average price of a property in Scotland in December 2019 was £151,603 – an increase of 2.2 % on December in the previous year. Comparing with the previous month, house prices in Scotland decreased by 1.5%. For comparison the UK average house price was £234,742 which was an increase of 2.2% on December in the previous year and an increase of 0.3% on the previous month.

The most expensive Local Authority area in Scotland is Edinburgh where the average price of a property sold in December 2019 was £269,603 (78% higher than the Scottish average), an increase of 2.8% on December 2018. The cheapest area is East Ayrshire with an average price recorded of £94,249.

House prices increased over the last year in 25 out of the 32 local authority areas. The largest growth (not including Na h-Eileanan Siar) was in Inverclyde, where prices increased by 10.1% in the year to December 2019 to £103,000. The biggest fall was recorded in City of Aberdeen where average prices fell over the year by 3.4% to £147,000.

The most recent data on the volume of residential property sales in Scotland shows that 9,250 properties were sold in October 2019, an increase of around 1.3% on October 2018. The City of Glasgow recorded the highest volume of sales at 1,077, slightly more than the 1,039 recorded in October 2018.

TAXATION

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Bonds and is a summary of the Issuer's understanding of current United Kingdom law and HM Revenue & Customs' published practice relating to certain aspects of United Kingdom taxation as at the date of these Admission Particulars. References to "interest" refer to interest as that term is understood for United Kingdom purposes. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Bondholders depends on their individual circumstances and may be subject to change at any time in the future, possibly with retrospective effect. Prospective Bondholders may be subject to tax in a jurisdiction other than the United Kingdom.

This is not intended to constitute a complete analysis of all tax consequences relating to the ownership of the Bonds and it is not intended to be, nor should it be considered to be, legal or tax advice. Prospective Bondholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own independent professional advice.

Interest on the Bonds

Payment of interest on the Bonds

Payments of interest by the Issuer on the Bonds may be made without deduction of or withholding on account of United Kingdom income tax provided that the Bonds continue to be admitted to trading on a "multilateral trading facility" operated by an "EEA-regulated recognised stock exchange" within the meaning of section 987 of the Income Tax Act 2007. The ISM is a multilateral trading facility for this purpose. The ISM is operated by the London Stock Exchange which is an EEA-regulated recognised stock exchange. Provided, therefore, that the Bonds remain so admitted to trading, interest on the Bonds will be payable without withholding or deduction on account of United Kingdom tax.

In other cases, an amount must generally be withheld from payments of interest on the Bonds that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Bondholder, HM Revenue & Customs (HMRC) can issue a notice to the Issuer to pay interest to the Bondholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Further United Kingdom Income Tax Issues

Interest on the Bonds that constitutes United Kingdom source income for tax purposes may be subject to income tax by direct assessment even where paid without withholding.

However, interest with a United Kingdom source received without deduction or withholding on account of United Kingdom tax will not be chargeable to United Kingdom tax in the hands of a Bondholder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless that Bondholder carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency in connection with which the interest is received or to which the Bonds are attributable (and where that Bondholder is a company, unless that Bondholder carries on a trade in the United Kingdom through a permanent establishment in connection with which the interest is received or to which the Bonds are attributable). There are exemptions for interest received by certain categories of agent (such

as some brokers and investment managers). The provisions of an applicable double taxation treaty may also be relevant for such Bondholders.

United Kingdom Corporation Tax Payers

In general, Bondholders which are within the charge to United Kingdom corporation tax will be charged to tax as income on all returns, profits or gains on, and fluctuations in value of, the Bonds (whether attributable to currency fluctuations or otherwise) broadly in accordance with their statutory accounting treatment.

Other United Kingdom Tax Payers

Taxation of Chargeable Gains

The Bonds will constitute "qualifying corporate bonds" within the meaning of section 117 of the Taxation of Chargeable Gains Act 1992. Accordingly, a disposal by a Bondholder of a Bond will not give rise to a chargeable gain or an allowable loss for the purposes of the UK taxation of chargeable gains.

Accrued Income Scheme

On a disposal of Bonds by a Bondholder, any interest which has accrued since the last interest payment date may be chargeable to tax as income under the rules of the accrued income scheme as set out in Part 12 of the ITA 2007, if that Bondholder is resident in the United Kingdom or carries on a trade in the United Kingdom through a branch or agency to which the Bonds are attributable.

Stamp Duty and Stamp Duty Reserve Tax

No United Kingdom stamp duty or stamp duty reserve tax is payable on the issue of the Bonds or on a transfer by delivery of the Bonds.

The Proposed Financial Transactions Tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 (as amended or superseded) are expected to be exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the Commission's Proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States of the European Union may decide to participate.

It is not clear how the FTT would apply to the UK following the UK's withdrawal from the European Union.

Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Subscription

The Joint Bookrunners have, pursuant to a Subscription Agreement (the **Subscription Agreement**) dated 8 April 2020, jointly and severally agreed with the Issuer to subscribe or procure subscribers for the Bonds at the issue price of 98.121 per cent. of the principal amount of the Bonds, less a combined selling, management and underwriting commission. The Issuer will also reimburse the Joint Bookrunners in respect of certain of their expenses, and has agreed to indemnify the Joint Bookrunners against certain liabilities, incurred in connection with the issue and offering of the Bonds. The Subscription Agreement may be terminated in certain circumstances prior to payment to the Issuer.

United States

The Bonds have not been and will not be registered under the Securities Act or the securities laws of any state and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

The Bonds are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

Each Joint Bookrunner has represented and agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver the Bonds (a) as part of their distribution at any time or (b) otherwise until 40 days after the later of the commencement of the offering and the Issue Date within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of the Bonds, an offer or sale of Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Terms used above have the meanings given to them by Regulation S under the Securities Act.

United Kingdom

Each Joint Bookrunner has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (**FSMA**)) received by it in connection with the issue or sale of any Bonds other than in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

(b) it has complied with all applicable provisions of the FSMA with respect to anything done by it in relation to the Bonds in, from or otherwise involving the United Kingdom.

Prohibition of Sales to EEA and UK Retail Investors

Each Joint Bookrunner has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Bonds to any retail investor in the EEA or in the UK. For the purposes of this provision, the expression **retail investor** means a person who is one (or both) of the following:

(a) a retail client as defined in point (11) of Article 4(1) of MiFID II; or

(b) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

General

Each Joint Bookrunner has agreed that it will, to the best of its knowledge and belief, comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Bonds or possesses or distributes these Admission Particulars and will obtain any consent, approval or permission which is required by it for the purchase, offer, sale or delivery by it of Bonds under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor the Bond Trustee shall have any responsibility therefor.

None of the Issuer, the Bond Trustee and the Joint Bookrunners represents that Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

GENERAL INFORMATION

Authorisation

The issue of Bonds has been approved by resolutions of the Board of Directors of the Issuer dated 10 March 2020 and 1 April 2020.

Admission to trading of the Bonds

The admission of the Bonds to trading on the ISM is expected on or about 15 April 2020 subject only to the issue of the Temporary Global Bond.

Documents Available

For the period of 12 months following the date of these Admission Particulars, copies of the following documents will, when published, be available for inspection from the registered office of the Issuer and from the specified office of the Paying Agent for the time being in London:

(a) the constitutional documents of the Issuer, the Group Borrower and each Existing Borrower;

(b) the audited financial statements of the Issuer, the Group Borrower and each Existing Borrower in respect of the financial years ended 31 March 2018 and 31 March 2019, together with the audit reports prepared in connection therewith. The Issuer, the Group Borrower and the Existing Borrowers each currently prepare audited accounts on an annual basis;

(c) the Bond Trust Deed, the Agency Agreement, the Account Agreement, the Custody Agreement, the Loan Agreement, the Security Trust Deed, the Security Agreements, the Group Borrower Security Agreement and the Intra-group Facility Agreements;

(d) the Valuation Reports;

(e) a copy of these Admission Particulars; and

(f) any future admission particulars, offering circulars, prospectuses, information memoranda and supplements to these Admission Particulars and any other documents incorporated therein by reference.

Clearing Systems

The Bonds have been accepted for clearance through Euroclear and Clearstream, Luxembourg.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg.

Identification Codes

The Legal Entity Identifier (LEI) of the Issuer is 213800A6T7362M7XHO44.

The ISIN and Common Code for the Bonds will be XS2154346642 and 215434664, respectively.

The CFI for the Bonds is DBFNFB.

The FISN for the Bonds is SANCTUARY CAPIT/2.375EUR NT 2050041.

Characteristics of underlying assets

The Loan Agreement has characteristics that demonstrate the capacity to produce funds to service any payments due and payable on the Bonds.

Significant Change

There has been no significant change in the financial or trading position of the Issuer, the Group Borrower, the Existing Borrowers or the Sanctuary Group, in each case since 31 March 2019.

Material Change

There has been no material adverse change in the financial position or prospects of Issuer, the Group Borrower or the Existing Borrowers, in each case since 31 March 2019.

Litigation

Save as provided below, none of the Issuer, the Group Borrower or any Existing Borrower is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer, the Group Borrower or any Existing Borrower is aware) in the 12 months preceding the date of these Admission Particulars which may have, or may have had in the recent past, a significant effect on the Issuer's, the Group Borrower's or any Existing Borrower's ability to meet its obligations to Bondholders.

At the date of these Admission Particulars, Sanctuary is aware of an investigation being conducted by the Health and Safety Executive into alleged criminal offences under the Health & Safety at Work etc. Act 1974 at two schemes in the north of England where a notice of contravention has been received. Sanctuary has also been asked to provide a written response under caution. No charges have been brought and it is not known on what basis any charges would be brought. If charged and convicted Sanctuary could face a fine, the amount of which cannot be quantified at the date of these Admission Particulars. Sanctuary would potentially be able to rely on several mitigating factors to seek to reduce any fine including that it is a not for profit organisation.

Auditors and reporting accountants

The auditors of the Issuer, the Group Borrower and each Existing Borrower are KPMG LLP (**KPMG**). KPMG has no material interest in the Issuer, the Group Borrower or any Existing Borrower. KPMG has audited the accounts of the Issuer, the Group Borrower and each Existing Borrower, without qualification, in accordance with generally accepted auditing standards in the United Kingdom for each of the two financial years ended on 31 March 2018 and 31 March 2019.

Post-issuance information

The Issuer does not intend to provide any post-issuance information in relation to the Bonds, the Issuer Security or the Underlying Security, other than as required pursuant to Condition 6.2 *(Information Covenants*).

Potential Conflicts of Interest

Each of the Joint Bookrunners, the Transaction Parties (other than the Issuer) and the Borrowers (together the **Relevant Parties**) and their affiliates in the course of each of their respective businesses may provide services to the other Relevant Parties and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Relevant Parties and their affiliates or between such Relevant Parties and their affiliates and such third parties. Each of the

Relevant Parties and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Relevant Party.

Joint Bookrunners transacting with the Issuer, the Group Borrower or the Borrowers

The Joint Bookrunners and their respective affiliates may have engaged or may in the future engage in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer, the Group Borrower and/or any of the Borrowers and their affiliates in the ordinary course of business. The Joint Bookrunners and their respective affiliates may have positions, deal or make markets in the Bonds, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer, the Group Borrower and/or any Borrower and their respective affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of its business activities, the Joint Bookrunners and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer, the Group Borrower, any Borrower or their respective affiliates. The Joint Bookrunners or their respective affiliates that have a lending relationship with the Issuer, the Group Borrower, any Borrower or any of their affiliates routinely hedge their credit exposure to such entities consistent with their customary risk management policies. Typically, the Joint Bookrunners and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Bonds. Any such positions could adversely affect future trading prices of the Bonds. The Joint Bookrunners and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Yield

Indication of the yield on the Bonds: 2.464 per cent. (semi annual). The yield is calculated at the Issue Date on the basis of the Issue Price of the Bonds. It is not an indication of future yield.
