WHEREAS, the Fire Department of The City of San Diego has, for many years, used only "Gamewell" fire alarm boxes and switchboards in its fire alarm system, and has found it desirable, in the interests of efficiency and economy, to standardize its fire alarm system with the use of "Gamewell" boxes exclusively; and

WHEREAS, said "Gamewell" fire alarm boxes can be procured from but one source, the manufacturer thereof, and no one else could bid for the sale of said fire alarm boxes to the City, and advertising for bids would therefore be an idle and useless formality, costly in time and in money, and contrary to the best interests of the City of San Diego; and

WHEREAS, the United States of America, acting by and through the Federal Public Housing Authority, has contracted with The City of San Diego to reimburse The City of San Diego for most of the cost of installing a fire alarm system in nine War Housing Projects located within the City of San Diego; and, because of the policy of the Government of the United States of America to cancel many of its contracts made in the course of the war effort, it is very desirable that the installation of said fire alarm system in said nine war housing projects be completed while said contract remains in effect, so that the cost of said fire alarm system in said housing projects shall not be borne by The City of San Diego alone, and the delay incident to advertising for bids would jeopardize the completion of said fire alarm system while said contract remains in effect; NOW, THEREFORE,

WHEREAS, a special city election will take place on the 27th day of November, 1945; and

WHEREAS, said election has been called for the purpose of submitting to the voters a proposition, which, if favorably voted, will create a special tax district within the limits of The City of San Diego; and

The work to maintain, operate, repair, renew, change the size of and remove all pipe lines, manholes, service connections and appurtenances shall be performed in accord with the provisions and conditions prescribed by law and of all applicable ordinances and regulations of the City of San Diego and shall be conducted with the least possible hindrance to the use of the streets for purposes of travel, and all excavations shall be back-filled and the surface placed in as good condition as it was at the time of beginning such work, and to the satisfaction of said Council.

7. The City of San Diego reserves the right to change the grade of any street over which the franchise is granted, and within a reasonable time after receipt of written notice from the Council of said City of its intention to do so, the grantee of said franchise at its own cost and expense, shall change the location of all pipes, manholes, service connections and appurtenances maintained and operated thereunder so as to conform to such change of grade.

8. During the life of the franchise the grantee thereof shall pay to the City of San Diego in lawful money of the United States a sum equivalent to two percent (2%) of the gross annual receipts of said grantee arising from the use, operation or possession of said franchise. If said two percent (2%) of gross annual receipts shall not equal a sum computed at the rate of \$75.00 per mile for all pipeline subject to said franchise, then in addition to said two percent (2%) of gross annual receipts, grantee shall pay any

Said payments shall be made annually on or before the thirty-first (31st) day of August of each year for the use, operation and possession of said franchise during the twelve (12) months ending on the thirtieth (30th) day of the preceding June. Since a portion of the pipe line to be maintained and operated, pursuant to the franchise herein proposed to be granted, was laid under the provisions of the franchise granted by the City of San Diego by Ordinance No. 8209, which will expire December 20, 1945, the first payment under said franchise to be granted shall be made for the period beginning December 21, 1945, and ending June 30, 1946. In the year of termination of said franchise, the annual payment to be made thereunder shall be prorated according to the period of time said franchise shall have been in effect during said year.

9. Within five days after said franchise is awarded, the successful bidder therefor shall file with the City Clerk of said City a bond running to said City in the penal sum of One Thousand and No/100 Dollars (\$1,000.00) with at least two good and sufficient sureties to be approved by said Council, conditioned that said bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside and any money paid therefor will be forfeited.

10. Sealed bids for said franchise will be received at the office of the City Clerk of said City up to ten o'clock A.M., of the 18th day of December, 1945, but said sealed bids shall not be considered unless each, thereof, shall be accompanied with cash or a certified check payable to the Treasurer of said City, for the full amount of said bid, and no bid offering a sum less than One Hundred Dollars (\$100.00) will be considered or accepted. Said franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten percent (10%) above the highest sealed bid therefor, and said bid so made may be raised not less than ten percent (10%) by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Council to the highest bidder therefor in lawful money of the United States.

The successful bidder shall deposit at least ten percent (10%) of the amount of his bid with the Clerk of said City before the franchise shall be struck off to him, and said successful bidder shall deposit with the Clerk of said City within twenty-four (24) hours of the acceptance of his bid the remaining ninety percent (90%) of the amount thereof, and in case he shall fail to do so, then the deposit theretofore made shall be forfeited and said award shall be void.

The reason for selling such real property is that the same is no longer needed for city purposes; that the City has heretofore caused an appraisement of said property to be made by a qualified real estate appraiser and that the market value thereof, as determined by said appraiser is the sum of Three Thousand and no/100 Dollars (\$3,000.00) for said tract.

BE IT FURTHER RESOLVED that the minimum amount which the Council will consider for the sale of said property is \$8000.00 for the tract of land.

WHEREAS, The City of San Diego has heretofore, on the 15th day of February, 1933, entered into a contract with The United States of America, acting for that purpose by Ray Lyman Wilbur, Secretary of the Interior, wherein and whereby the United States allocated certain waters of the Colorado River, and provided for storage rights in the Boulder Canyon Reservoir for said waters, in an amount approximating 112,000 acre feet of water per annum for the use and benefit of The City of San Diego and/or County of San Diego; and

WHEREAS, said contract of February 15, 1933, further provided that the said waters of said river so allocated should be delivered to said City and/or said County each year at a point in the Colorado River immediately above Imperial Dam; and

WHEREAS, in order that said City secure the benefits of said waters of said river so allocated, it became and was necessary for said City to enter into another and additional contract with The United States of America acting for that purpose by Harold L. Ickes, Secretary of the Interior, which said additional contract is dated October 2, 1934, and which contract provides for the construction of capacity for said City in said Imperial Dam and All-American Canal for 155 cubic feet of water per second (mentioned in said contract of the 15th day of February, 1933) so that said City might transport through said canal for the benefit of the inhabitants of said City and those of other cities and communities in San Diego County who might thereafter become entitled with the consent of said Secretary, to use part of said stored water from Boulder Canyon reservoir under said contract of February 15, 1933; and

WHEREAS, said City agreed to pay to said United States a proportionate share of the cost of said Imperial Dam and said All-American Canal, and also pay to the United States a proportionate share of the estimated cost of the operation and maintenance of said imperial Dam and said All-American Canal so long as said dam and said canal should remain

in the possession of said United States and be operated by said United States, and from and after the assumption by the Imperial Irrigation District of the operation and maintenance of said Imperial Dam and All-American Canal or any major unit thereof, the City became obligated to pay to said Imperial Irrigation District a proportionate share of the cost of operation and maintenance, including repairs and replacements and any charges made by the United States; and

WHEREAS, said City has fully performed each and every covenant, condition and obligation by it undertaken under the terms of said contract executed on the 2nd day of October, 1934, and has, pursuant to the terms of said contract paid to the United States and to the Imperial Irrigation District the installment payments required by said contract to be paid by said City to the United States and the Imperial Irrigation District, aggregating in all approximately \$22,287.00; and

WHEREAS, said City has, in addition to the payments made by said City as required by said contract of October 2, 1934, also paid out some \$37,432.08 for the purpose of surveying and determining a route or right-of-way to be utilized by said City for the installation of a canal and/or pipe line to be constructed by said City from a point on said All-American Canal thence to a point connecting with the reservoirs and distributing system of The City of San Diego in the County of San Diego in said State; and

WHEREAS, the United States has, during the past six years, maintained within the City of San Diego and immediately adjacent thereto, many hundreds of thousands of members of the United States Army, Marine Corps and Navy, and has required said City to sell to and supply to the United States water from the impounding and distributing system of The City of San Diego for the use of said members of the Army, Marine Corps and Navy and, as a result of said demands of the United States upon the waters of the impounding and distributing system of The City of San Diego the supply remaining has become inadequate to care for the needs of the inhabitants of The City of San Diego and members of the Army, Marine Corps and Navy; and

WHEREAS, under date of October 17, 1945, the United States, represented by the Chief of the Bureau of Yards and Docks, Naval Department, entered into a contract with The City of San Diego wherein it is recited that: "It is recognized that the deficiency of the water supply in San Diego County, California, has become of emergency importance to the government owing to the large naval, other military, federal housing, and other governmental installations in this area," and it was mutually agreed (among other covenants and agreements), that the government at its own expense shall diligently prosecute to completion a steel and concrete aqueduct running from a connection with the Colorado River Aqueduct of the Metropolitan District of Southern California to San Vicente Reservoir in San Diego County; that the estimated cost of the aqueduct is in the amount of \$14,500,000 and the estimated completion date is May, 1947; that upon completion of the aqueduct the government shall deliver possession thereof to The City of San Diego for use in its water system upon a lease basis, details of which are therein stated; that said City at its own expense shall diligently prosecute to completion a water treatment plant and additions to its water transportation system and distribution system as contemplated by a municipal bond issue in the amount of \$6,000,000, approved April 17, 1945; that said City shall diligently pursue and take such legal steps as may be necessary and authorized by law to secure an adequate supply of water from Metropolitan Water District of Southern California to be supplied through said aqueduct, and said City shall exert every reasonable effort to supply all governmental agencies and establishments within the area of San Diego with an adequate supply of potable water at nondiscriminatory rates, which obligation and service shall not be limited to any particular source of water, and that said City might within a specified period and upon specified terms purchase said aqueduct from the United States; and

WHEREAS, this Council is informed and believes that said City cannot utilize said aqueduct now under construction by the United States pursuant to the terms of said contract of October 17, 1945, unless and until said City shall be annexed to and become a member of said Metropolitan Water District of Southern California; and

WHEREAS, said Council has been informed by directors of Metropolitan Water District of Southern California that said District, as a condition precedent to said City becoming a member of said District, will require said City to grant, transfer and assign to said District the rights of said City to have delivered to it waters of the Colorado River as allotted under the terms of said contract of February 15, 1933; and

WHEREAS, said contract of February 15, 1933, prohibits the assignment or transfer of the rights of said City thereunder without the written consent of the Secretary of the Interior; and

WHEREAS, said contract of October 17, 1945, for the construction and leasing of said aqueduct provides that said City shall have the right to assign and transfer its rights thereunder to either the Metropolitan Water District of Southern California, or the San Diego County Water Authority, a public corporation, and that studies are now being made by representatives of The City of San Diego, the Metropolitan Water District of Southern California, and the San Diego County Water Authority for the purpose of determining whether it will be for the best interests of said City and its inhabitants and of the County of San Diego and its inhabitants to transfer said rights of said City under said contract of October 17, 1945, as authorized by its terms; NOW, THEREFORE,

BE IT RESOLVED, By the Council of The City of San Diego, as follows:

That it is the sense and opinion of this legislative body and this Council so finds and declares that the best interests of The City of San Diego and its inhabitants and of all government agencies and establishments in said San Diego area will be protected and advanced by having the contract heretofore entered into by and between The United States of America, acting for that purpose by Ray Lyman Wilbur, Secretary of the Interior, and The City of San Diego, under date of February 15, 1933, modified in the following particulars:

(a) That said contract be amended so as to authorize the delivery of Colorado River water stored in Boulder Canyon Reservoir for the use of The City of San Diego and/or the County of San Diego at the point presently stated in said contract, to-wit, a point on the Colorado River known as Laguna Dam, and at such other points on said river, specifying them, as will enable The City of San Diego to accept delivery of said waters at said points and thence convey and transmit the same or cause the same to be conveyed and transmitted to said City or to units of its impounding system in a manner most advisable from economical and engineering viewpoint; and

(b) Authorize said City, if it deems such procedure advisable to merge its rights to the waters of the Colorado River under said contract of February 15, 1933, with those of the Metropolitan Water District of Southern California; and

(c) Also, if deemed advisable by said City, to contract with any public agency authorized by law to secure for, and transport to, said City any of the waters allotted by said contract of February 15, 1933, to The City of San Diego and/or County of San Diego; and

(d) That a definite date be stated prior to which the actual taking and diversion of waters from the Colorado River for the use of The City of San Diego and/or County of

San Diego shall begin; and

BE IT FURTHER RESOLVED that the Mayor of The City of San Diego, the City Manager and the City Attorney be, and they are hereby authorized and directed forthwith to file on behalf of said City a formal application addressed to the Secretary of the Interior and/or other proper officers of the United States Government requesting the modification, as herein specified, of said contract of February 15, 1933; and they are hereby authorized and directed forthwith to enter into negotiations with the Secretary of the Interior and/or other proper officers of the United States Government for the purpose of securing such modification.

BE IT RESOLVED, By the Council of The City of San Diego, California, that it contemplates the passage of a resolution of intention to make certain improvements for which an assessment will be levied, and that it is hereby determined as follows:

1. That the proposed improvement consists of the construction of sewer mains and water mains in portions of LOMA ALTA NO. 2 and portions of SUBDIVISION OF W 1/2 of NW 1/4 of PUEBLO LOT 206, in the City of San Diego, California, within the exterior boundary lines shown on that certain plat hereinafter referred to.

3. That said proposed improvement and said proposed assessment is to be done and made under the provisions of that certain act of the legislature of California commonly known and designated as the "Improvement Act of 1911", and amendments thereto.

WHEREAS, there was presented to the Council of The City of San Diego on March 5, 1946, the following resolution which was adopted by the unanimous vote of the City of San Diego Housing Commission:

"RESOLUTION

WHEREAS, in the month of October 1945, restrictions on building were lifted and contractors and builders were urged to go ahead with all possible speed in the construction of homes and essential commercial structures, and

WHEREAS, many contractors and individuals, in good faith, did subsequently undertake substantial building programs, investing their time, effort and capital and involving their credit, and

WHEREAS, on February 1, 1946, a new order came out of Washington which provided for the issuance for veterans of the so-called H. H. priorities for residential construction with the stipulation that 50% of materials would be left available for construction already under way without priority, and

WHEREAS, the actual effect of this order, in spite of the 50% stipulation has been to freeze practically all building materials except those issued under these H. H. priorities, and to bring about an almost complete stoppage of projects having no priorities, and

WHEREAS, there are an estimated 300 homes and many other essential buildings in San Diego in various stages of construction which are almost entirely stopped because of lack of materials, and

WHEREAS, hundreds of men have been and are being laid off because of the stoppage of these projects, the completion of which is so vital in the critical housing shortage in which San Diego now finds itself, and

WHEREAS, a large amount of the capital of contractors and lenders is tied up in these projects and cannot to that extent be used in the construction of H. H. priority homes for veterans, now therefore, be it

RESOLVED: that it is the belief of the San Diego Housing Commission that it is to be the best interests of this nation in general, and San Diego in particular, that houses and commercial buildings under construction be provided materials with which to complete them, and that it urges the necessary priorities be granted to accomplish this purpose."

WHEREAS, the Mayor and City Council are informed and believe that the Board of Equalization of the State of California is about to issue 45 additional on-sale liquor licenses within the City and County of San Diego; and

WHEREAS, there already exists within the County of San Diego 391 on-sale liquor licenses, of which 288 are within The City of San Diego; and

WHEREAS, said 45 additional on-sale liquor licenses are about to be issued under the provisions of Section 38f of the California Alcoholic Beverage Control Act, which section provides that there shall be one on-sale license to every one thousand, or fraction thereof, inhabitants of the County in which said licenses are to be issued, and which section further provides that said population shall be determined by the most recent U.S. decennial or special census; and

WHEREAS, the last decennial census was taken in 1940; and there has been no special census, or any census, in said County of San Diego since said date; and

WHEREAS, there now exists an on-sale liquor license for each thousand, or fraction thereof, inhabitants of said County; and

WHEREAS, said Board of Equalization has announced that it would take applications for on-sale liquor licenses within the City and County of San Diego during the month of February, 1946; and

WHEREAS, the Mayor and City Council are advised that there are in excess of 300 applications on file for on-sale licenses within the City and County of San Diego, and that this body is of the opinion that it would be contrary to public welfare and morals

of the people of The City of San Diego to have additional on-sale liquor licenses issued at this time, or any time prior to the next decennial census to be taken in the year 1950; that there is no inequality in the ratio of licenses existing between this community and other communities in the State of California; that the population in the City and/or the County of San Diego has not increased to the extent that the inhabitants thereof would be unjustly and unfairly discriminated against should said additional licenses not be issued; that the public convenience and necessity does not demand the issuance of any more on-sale liquor licenses within said County and/or City of San Diego; and

WHEREAS, this Council is informed and believes that the holders of on-sale liquor licenses already issued within The City of San Diego are not doing as large a volume of business as they were on the 14th day of August, 1945, but that the volume of business for said holders of on-sale liquor licenses has dropped from thirty to forty per cent; and

WHEREAS, the problem of policing and regulation will be greatly increased by the granting of additional licenses; and

WHEREAS, this Council is informed and believes that the State Board of Equalization has arbitrarily decided to issue additional on-sale liquor licenses within the City and County of San Diego under the provisions of said Section 38f without holding a hearing or having satisfactory or any evidence before it that the population in said City and County has increased by more than a thousand or multiples of a thousand since the decennial census taken by the United States in 1940, and further said Board of Equalization has not had satisfactory or any evidence before it to determine that the inhabitants of said County and/or City are unduly or unfairly discriminated against, as provided in said Section 38f, and further said Board has had no satisfactory or any evidence before it to show that the number of licenses within the County of San Diego do not now exceed the maximum specified in said Section 38f, that is to say, one for each thousand, or fraction thereof, inhabitants of said County; NOW, THEREFORE,

BE IT RESOLVED By the Council of The City of San Diego, as follows:

That the Mayor and City Manager of The City of San Diego be, and they are hereby directed to file a protest in writing with the State Board of Equalization against the issuance of any additional on-sale liquor licenses within The City of San Diego, and to demand that a hearing be held by said Board of Equalization within the County of San Diego before granting licenses to said applicants, or any of them, and that notice of the time and place of said hearing be forwarded to The City of San Diego.

RESOLUTION NO. 82876

WHEREAS, the Council of The City of San Diego has received Resolution No. 413 of the Harbor Commission of The City of San Diego, in which Resolution the said Harbor Commission requests the Council to make application on their behalf to The United States of America, through the United States Navy Department, for a transfer of approximately 244.8 acres of the United States Marine Corps Base for the enlargement of Lindbergh Field Municipal Airport so as to permit the erection of a Terminal Building and its appurtenances thereon; and

WHEREAS, the Mayor and Council are aware of the lack of proper Terminal facilities at Lindbergh Field Municipal Airport, and of the impossibility of erecting modern Terminal Buildings within the present boundaries of the Municipal Airport; NOW, THEREFORE,

BE IT RESOLVED, By the Council of The City of San Diego, as follows:

That the Council hereby endorses and supports Harbor Commission Resolution No. 413 in its entirety; that a copy of the aforementioned Resolution No. 413, Harbor Department Blue-line Drawing No. 17-D-63 and photos of the United States Marine Corps Base become a part of this Resolution; and

BE IT FURTHER RESOLVED, That the Mayor of The City of San Diego, and the City Clerk of The City of San Diego, California, be, and they are, hereby authorized and directed to make application on behalf of The City of San Diego, California, to the United States of America, through the United States Navy Department for the transfer of 244.8 acres of land or ground located within the United States Marine Corps Base in The City of San Diego, as set forth in the aforementioned Harbor Commission Resolution No. 413.

BE IT FURTHER RESOLVED that a copy of Harbor Commission Resolution No. 413 be attached hereto and made a part hereof.

Approved as to form by J. H. McKINNEY

RESOLUTION No. 413

WHEREAS, the Harbor Commission of The City of San Diego has been aware for some time that it would be necessary to erect a terminal administration building at Lindbergh Field Municipal Airport as soon after the termination of the war as possible, and with that fact in mind, has had plans prepared by an architect for such a building to cost between five hundred thousand and seven hundred fifty thousand dollars; and

WHEREAS, the proposed administration building will take care of the commercial airlines and their passengers, which are now using this airport and also other airline companies which may wish to use the Municipal Airport as soon as adequate terminal facilities

are provided; and

WHEREAS, the site that had been reserved by the Harbor Commission (prior to the beginning of the War) for the erection of a terminal building was turned over to Consolidated-Vultee Aircraft Company and to Ryan Aeronautical Company for the erection of new factory buildings for the manufacture of airplanes for the use of our armed forces; and

WHEREAS, the acreage hereinafter mentioned is badly needed for the enlargement of Lindbergh Field Municipal Airport so as to permit the erection of the terminal administration building and its appurtenances; and

WHEREAS, Lindbergh Field Municipal Airport was taken over by the Army during the war time and the erection of terminal building would make the Municipal Airport much more valuable to our armed forces in event of another national emergency in the future; and

WHEREAS, the only unimproved sites now available within the existing boundaries of Lindbergh Field Municipal Airport are too small and too close to the new runways; and

WHEREAS, the Civil Aeronautics Administration has refused to permit the erection of any such building for the reason that it would be too great a hazard to airplanes taking off and landing at the airport and would not permit a ramp for the airline companies' planes to park and to turn around in the vicinity of the terminal building; NOW, THEREFORE,

BE IT RESOLVED By the Harbor Commission of The City of San Diego, as follows:

AND WHEREAS, They are old and ragged, their shoes are all worn, they are heartsick and homestick, and all forlorn; their lives of hard labor were spent for mankind, their broken-down bodies show the wear of time. Now that they are old and in the way, they take up room and they eat up hay, the City is busy and doesn't need them around - we can have them shot at the City Pound.

That Jose D. Martinez be given the care and custody of the two horses above mentioned, for the remainder of their lives, free of any obligation on the part of The City of San Diego.

R E S O L U T I O N NO. 83380

WHEREAS, the meat dealers of San Diego County are faced with a most grave situation, and the public in this community is suffering from a most acute meat famine, due to recent production restrictions imposed by the Office of Price Administration upon our local packers; and

WHEREAS, this community through the entire war was designated as a No. One critical area, due to the acute food problems we faced because of our geographic location in regard to supply, in that packers from Los Angeles, Arizona and other way points were sending in vast tonnage of meat and kindred products, which when regulations were imposed eliminated this entire supply, thereby making this community solely dependent upon meat production coming from our local packers; and

WHEREAS, we find that of the local packers there is only one major packer, Cudahy Packing Company, and four local independent slaughterers, and three major packers who have branch distribution plants in this area; and

WHEREAS, the three major packers who maintain branch distribution plants are only presently supplying this area with a mere trickle of meat and kindred products; and

WHEREAS, the one major packer and four local independent slaughterers, through the recent quota restrictions imposed by the Office of Price Administration, have lowered their production to an extent that has resulted in diminishing our previous available supply by an approximate 80%, thereby producing chaotic conditions in the meat industry to the point where hundreds of markets in this critical area will be forced to close, and thus forcing untold suffering upon the thousands of citizens in this community; and

WHEREAS, the available supplies of beef, pork, lamb and veal in sufficient amounts are available and ready to be slaughtered in this area, but due to the fact that local quota restrictions have been placed upon our packers by the Office of Price Administration, our slaughterers are unable to meet this crying demand; NOW, THEREFORE,

BE IT RESOLVED, By the Council of The City of San Diego, as follows:

That, in the interest of health and the general public welfare, local slaughterers' production quotas be immediately removed and there by correct this crying, unwarranted situation, forestalling all the untold want and needless suffering and privation imposed upon our citizenry.

WHEREAS, in December, 1944, one Ralph I. Clark and one Milo A. Yergich sold to various persons, separately, the nine units comprising a "bungalow court" situated at the north-western corner of University Avenue and Florida Street, in the City of San Diego; and

WHEREAS, in the state of the law then existing as appeared from the prior decisions of the courts, it appeared that the division of said "bungalow court" into nine separate parcels constituted a violation of both the laws of the State of California and of Ordinance No. 1025 (New Series) of the City of San Diego; and therefore, on recommendation of the City Planning Commission, the Council instructed the City Attorney to bring suit to set aside the conveyances of said nine parcels, which suit (entitled "The City of San Diego, Plaintiff v. Ralph I. Clark, Milo A. Yergich, et al, Defendants") was commenced by the City Attorney, and is now pending on appeal to the Supreme Court of the State of California from a decision of the Superior Court sustaining a demurrer to the City's Complaint in said suit; and

WHEREAS, while said appeal has been pending, the District Court of Appeal of the State of California, in the case of People v. Embassy Realty Associates, Inc., 73 A.C.A. 1003, has determined that the subdivision law of the State of California does not apply to property which is already substantially improved at the time of division, as the work "subdivision" refers only to unimproved property; and the said decision is directly applicable to the said suit now pending on appeal, and will necessarily require a ruling on said appeal adverse to the City; and it is therefore inadvisable to expend City money in further prosecution of said appeal without any reasonable chance of success; NOW, THEREFORE,

BE IT RESOLVED, That the City Attorney be, and he is hereby instructed and authorized to dismiss the said appeal of the City in said action entitled "The City of San Diego, Plaintiff, v. Ralph I. Clark, Milo A. Yergich, et al, Defendants", being action No. 129097 in the files of the Superior Court of the State of California, in and for the County of San Diego, and No. L.A. 19720 in the files of the Supreme Court of the State of California, and Civil No. 3621 in the files of the District Court of Appeal, Fourth Appellate District.
