At a Glance

- 1920 x 1080 native resolution supporting 1080p (Full HD)
- Landscape and portrait wall mounting positions
- Video inputs support HDMI In, DisplayPort In/Out, RGB In/Out, and RS-232-C In/Out signal inputs
- LAN port for remote display control and controlling the HP Media Sign Player
- HP Media Sign Player-Play image, video, and music files from a USB storage device, define play list, timing options, scheduling
- USB port for the HP Media Sign Player
- Screen adjustment buttons (Power On/Off, AUTO/SET, OSD Controls, MENU, and SOURCE) on the back of the display
- User controls to adjust Picture, Tile Mode, Timer, Energy Saving, Aspect Ratio, Audio, and additional setup options
- HP Network Sign Manger - management software which runs on any network connected media player or PC and enables central site control and management of all network attached or serial attached HP LD4220tm displays. With HP Network Sign Manager, you can adjust all the display settings and play media files stored in the USB device. It also allows you to organize and manage network attached displays in groups, such as all the displays within a building or campus.
- Security cable provision on rear panel to lock down the display and help prevent theft
- Support VESA compliant mounting interface with 600 x 400 mm (23.62 x 15.75 in) hole pattern
- Audio input jack and external speaker ports

Packaging

HP follows these guidelines to decrease the environmental impact of product packaging:

- Eliminate the use of heavy metals such as lead, chromium, mercury and cadmium in packaging materials.
- Eliminate the use of ozone-depleting substances (ODS) in packaging materials.
- Design packaging materials for ease of disassembly.
- Maximize the use of post-consumer recycled content materials in packaging materials.
- Use readily recyclable packaging materials such as paper and corrugated materials.
- Reduce size and weight of packages to improve transportation fuel efficiency.
- Plastic packaging materials are marked according to ISO 11469 and DIN 6120 standards.

End-of-life Management and Recycling

Hewlett-Packard offers end-of-life HP product return and recycling programs in many geographic areas. To recycle your product, please go to:

<http://www.hp.com/go/reuse-recycle> or contact your nearest HP sales office.

Products returned to HP will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at: <http://www.hp.com/go/recyclers>. These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment.
