

T-Series Readers

The Gallagher T-Series Reader and Terminal range provides contactless card functionality for access control management in your business.

Fast and secure access control

Utilizing the high speed RS485 HBUS protocol, Gallagher readers can offer an access decision response time of 200 milliseconds, IT grade authentication and encryption between the reader and controller keep your information protected.

Features and benefits:

- Support for multiple card technologies including: Mifare DESFire EV1, Plus and Classic, as well as 125 kHz proximity technology (T11, T12 and T20 multi technology readers only)
- Unrivalled reader durability and water/dust protection
- Environmentally friendly - RoHS compliant and designed for minimal power consumption
- Backwards compatibility - the readers are compatible with Cardax IV enabled Gallagher Controller and GBUS URI hardware
- Support for custom site encryption keys
- Heartbeat monitoring to ensure reader status can be monitored in real-time
- Extensive range of reader mounting and protection accessories

Gallagher T20 Terminal

With a contemporary and intuitive user interface, 3.5" color LED screen and large backlit keys, Gallagher's T20 access terminal is very easy to use. Crafted from high grade polymer material, the terminal has IP66 rated environmental protection, and IK08 rated impact protection. The T20 is both an access reader and a management tool, able to read cards, accept PIN's and has the ability to interface directly with the security system to make control decisions.

Features and benefits

- Card Only and Card + PIN access modes (including duress access support, and dual cardholder authentication)
- Enforce cardholder compliance with entry regulations through competency message display
- Control Outputs to manage building facilities
- Arm and disarm up to 50 alarm zones distributed across any system controllers, with optional automated input isolation, and automated alarms acknowledgment.
- Display up to 200 unacknowledged alarms and 100 acknowledged alarms, and manage up to 100 inputs. An alarms only variant is available (The T20 AT - C300463) when reader capability is not required.
- Maintain system integrity with scheduled or manual tests
- Extensive perimeter management functions, including arming and disarming zones, acknowledging alarms, fence zone lockout for maintenance, and displaying fence voltage, battery voltage and fence controller temperature.
- Multiple language support
- Integrated rear tamper
- Custom background images when in idle mode
- Fully configurable Mimic Panel reflecting the status of up to 8 inputs, outputs, or alarm zones
- Upgrade software in situ to keep your system up to date with latest technology developments (via HBUS)

T20

Gallagher T-Series Readers

Available in several thin-form shapes, black or white, Mifare or multi tech, the contactless readers of the T-Series range provide a reader option for anywhere on site.

Features and benefits

- IP68 environmental protection and IK07 for impact protection
- Contemporary design - classic black and white, with both mullion or flushbox mounting variants
- Configurable illumination and sound; where visual or audible indications may cause distraction
- Lifetime warranty

T10

T11

T12

Gallagher also provide a number of accessories for the T-Series range including:

- **Protective covers** - IK08 rating protects readers against vandal attacks and harsh environments
- **Dress plates** - cover up holes left by previously installed readers, ensuring a clean finish for sites upgrading their reader and terminal hardware
- **Bezels** - surrounds available in a variety of colours to suit décor
- **Spacers** - enforces a space between the reader and the mounting surface, allowing installations on metal surfaces whilst preserving credential read range
- **Mounting blocks** - allow the T20's wiring to be terminated in a tamper protected environment.

Operational Temperature Range °C	-35° to + 70°C			-30° to + 70°C
Operational Temperature Range °F	-31°F to +158°F			-22°F to +158°F
Humidity	95% non-condensing			

Cable length - Cat5e (data and power)**	up to 50m
Cable length - Cat5e (data only)**	up to 500m
Cable length - HBUS Cable (data and power)**	up to 200m

Standards Compliance	All equipment complies with FCC, CE, UL, and C-Tick approvals. Please contact Gallagher for the latest list of approvals.
----------------------	---

* Read range may be reduced when reader is mounted on metal surfaces

* Prolonged exposure to high UV light environments can cause plastics to discolor

** For further cable specifications please refer to the Gallagher Security System Technical Reference Manual
