STANDARD ADSL ROUTER

TP-LINK®
The Reliable Choice

- All-in-One Device: ADSL2+ Modem, NAT Router, 4-Port Switch and Wireless N Access Point
- Wireless N speed up to 300Mbps makes it ideal for heavy bandwidth consuming or interruption sensitive applications like online gaming, Internet calls and even the HD video streaming
- Ethernet WAN (EWAN) offers another broadband connectivity option for connecting to Cable, VDSL or Fiber modems
- Guest Network Access provides secure Wi-Fi access for guests sharing your home or office network

HIGH END ADSL ROUTER

TP-LINK®
The Reliable Choice

- All-in-One Device: ADSL2+ Modem, NAT Router, 4-Gigabit-Port Switch and Wireless N Access Point
- 300Mbps Wireless speed and Gigabit Ethernet ports, ideal for multiple HD video streams
- Versatile Connectivity: ADSL, Ethernet WAN or 3G/4G modem for multiple Internet connection types
- One USB 2.0 port for storage sharing, printer sharing, FTP Server, Media Server and 3G/4G Modem

HIGH END ADSL ROUTERS

ZyXEL

- 2.4 GHz 11n (2x2) for superior performance and coverage
- Configurable EtherWAN for optimized, evolutionary services
- Remote provisioning and management through TR-069
- Advanced QoS to ensure quality of Triple Play
- ROM-D feature for easy distributor/operator customization
- Always-online, always-compatible alternative 3G connection

WIRELESS SYSTEM ROUTERS

STANDARD WIRELESS ROUTER

TP-LINK®

The Reliable Choice

- 300Mbps wireless speed ideal for interruption sensitive applications like HD video streaming
- Two antennas greatly increase the wireless robustness and stability
- Easy wireless security encryption at a push of WPS button
- IP based bandwidth control allows administrators to determine how much bandwidth is allotted to each PC

HIGH END WIRELESS ROUTER

TP-LINK®

The Reliable Choice

- Supports 802.11ac standard - the next generation of Wi-Fi
- Simultaneous 2.4GHz 450Mbps and 5GHz 1300Mbps connections for1.75Gbps of total available bandwidth
- Dual USB Ports - easily share a printer locally and files & media with networked devices or remotely via FTP server
- Guest Network Access provides secure Wi-Fi access for guests sharing your home or office network

HIGH END WIRELESS ROUTER

TP-LINK®

The Reliable Choice

- Supports 802.11ac standard - the next generation of Wi-Fi
- Simultaneous 2.4GHz 300Mbps and 5GHz 433Mbps connections for 733Mbps of total available bandwidth
- 2 detachable external antennas provide stable omnidirectional signal and superior wireless coverage
- Full gigabit ports ensure ultrafast data transfer speeds
- USB port - share a printer locally and files & media with networked devices or remotely via FTP server

HIGH END WIRELESS ROUTERS WITH BEST WIFI SIGNAL

UBIQUITI NETWORKS

- Integrated antennas
- Supports WEP, WPA & WPA2
- Includes Ubiquiti AirOS software & features
- Max. indoor range: 328 ft.
- Max. indoor data transfer rate: 150Mbps

WIFI DONGLES & ADAPTERS

(Devices that can be used for pc´s or laptops so they can receive WiFi signal, instead of using an Ethernet cable)

STANDARD WIFI ADAPTER

TP-LINK®
The Reliable Choice

- Wireless speed up to 54Mbps for basic Internet application
- WPA/WPA2 data security, TKIP/AES encryption, 64/128/256-bit WEP encryption
- 4dBi detachable antenna, remarkably strengthen signal power of the USB adapter

HIGH END WIFI ADAPTER

TP-LINK®
The Reliable Choice

- Ultra-fast 1200 (867+300)Mbps wireless speed with 802.11ac
- Dual Band connections for lag-free HD video streaming and gaming
- SuperSpeed USB 3.0 port—Up to 10x faster than USB 2.0
- Easy wireless security encryption at a push of the WPS button
- Equipped with a USB Extension Cable for flexible deployment

NOMS (NETWORK OVER MAINS)

Powerline adapters (these can be used to get the internet connection all over the house through the electrical wires)

NON WIFI NOMS

TP-LINK®
The Reliable Choice

- Data transmission rates up to 500Mbps over electrical wires, ideal for HD video streaming*
- Integrated power socket making sure that no power outlet is going to waste
- Plug and play design and easy encryption on a push of pair buttion
- Power-Saving Mode automatically reduces power consumption by up to 85%

NON WIFI NOMS

TP-LINK®

The Reliable Choice

- Data transfer rate up to 500Mbps over electrical wires,
- ideal for HD video streaming
- No new wires or drilling required, just use existing electrical wires
- No setup required, simply plug and play
- Up to 300 meters range over the house-hold power circuit for better performance through walls or across oors
- Power-Saving Mode automatically reduces power consumption by up to 85%

NOMS WITH WIFI

TP-LINK®

The Reliable Choice

- One Touch Super Range Extension - Wi-Fi Clone Button simplifies your Wi-Fi configura-tion and helps build a seamless unified home network
- HomePlug AV standard providing up to 500Mbps high speed data transmission over a home's existing electrical wiring, ideal for lag-free HD or 3D video streaming and online gaming
- Extend 300Mbps wireless connections to previously hard-to-reach areas of your home and office
- Integrated power socket making sure that no power outlet is going to waste
- * TL-WPA4226T KIT contains TL-WPA4220 x 2 and TL-PA4020P x 1

NOMS WITH WIFI

TP-LINK®
The Reliable Choice

TP-Link TL-WPA4226 Kit (has 1 sender and 1 receiver, 2 units in total)

- One Touch Super Range Extension - Wi-Fi Clone Button simplifies your Wi-Fi configuration and helps build a seamless unified home network
- HomePlug AV standard providing up to 500Mbps high speed data transmission over a home's existing electrical wiring, ideal for lag-free HD or 3D video streaming and online gaming
- Extend 300Mbps wireless connections to previously hard-to-reach areas of your home and office
- Integrated power socket making sure that no power outlet is going to waste
- * TL-WPA4226T KIT contains TL-WPA4220 x 2 and TL-PA4020P x 1

MIFI & 4G ROUTERS

TP-LINK®
The Reliable Choice

TP LINK—M5350 - Mobile Wifi Device

- Equipped with a built-in 3G modem - No other bulky devices required
- HSPA+ supported with up to 21.6Mbps download and 5.76Mbps upload speeds
- Powerful 2000mAh battery is ideal for extended hours of outdoor use
- Supports up to 10 users simultaneously

MIFI 4G ROUTER

NETGEAR®
Connect with Innovation™

Compact, powerful, and future ready. Ensure the best speed and performance for up to 10 main and 5 guest WiFi devices almost anywhere you go with the AirCard 785S Mobile Hotspot. It's sleek, compact and loaded with powerful features such as an integrated data usage meter, dual-band WiFi and a long lasting battery.

- Super-fast 4G LTE and 3G speeds anywhere
- Unlocked to networks worldwide
- Share connection with up to 15 Wi-Fi devices
- Up to 10 hours battery life

SINGNAL BOOSTING CRADLE

NETGEAR®
Connect with Innovation™

NETGEAR DC113A AIRCARD 4G LTE SIGNAL BOOSTING

Boost Your Signal and Keep Connected

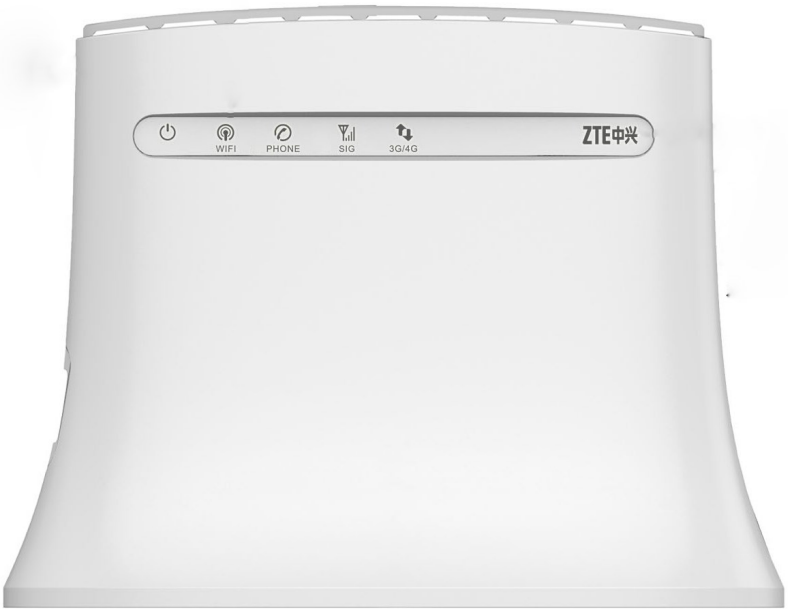
The AirCard® 4G LTE Signal Boosting Cradle with Ethernet is the perfect solution to get even more value out of your AirCard mobile hotspot. Simply dock your mobile hotspot into the cradle to charge the battery, boost your cellular signal strength and provide highspeed network connectivity to an Ethernet device all at the same time.

4G ROUTER

ZTE

The ZTE MF283 has just been released and is the first wireless broadband router in the world that supports LTE FDD 800/900/1800/2100/2600MHz AND LTE TDD 2300Mhz AND WCDMA 850/900/1900/2100Mhz which means it works on all 4G and 3G networks including the new Optus 4G+ with download speeds of up to 100Mbps and access for up to 32 WIFI devices, making it an ideal home entertainment and information exchange hub.

It takes a single SIM normal size card in its slot.



DONGLE

TP-LINK®

The Reliable Choice

TP-LINKs 3.75G HSUPA USB Adapter, MA180 allows users to acquire 3G mobile broadband access simply by inserting a standard SIM card into the adapter and plugging it into their laptop or desktop computers

- Up to 7.2Mbps download and 5.76Mbps upload (Network Type: WCDMA)
- Micro SD card slot for up to 32GB of optional storage
- Bundled utility provides quick & hassle-free installation
- Internal antenna, no batteries or cables required
- Fast USB 2.0 connection to notebook/desktop computers
- Take your Broadband connection with you wherever you go
- Supports Windows XP 32/64bit, Vista 32/64bit, Windows 7 32/64bit, Windows 8
- Provides HSUPA/HSDPA/UMTS/GPRS/GSM/EDGE network support
