

Variation Packaging

What is a 4GV Box?

4GV boxes were invented by ICC Compliance Center in 1990 to help industry transport different sizes of bottles, containers, and tubes by various modes of transportation. All of our 4GV packaging systems are suitable for Packing Group I, II, and III, liquids, and solids. ICC has been serving US and Canadian customers for over 25 years through manufacturing and warehouse locations in Niagara Falls, Cleveland, Houston, Edmonton, Vancouver, Mississauga, and Montreal. Use our tested and approved inner containers or your own inner containers. Our small boxes are great for laboratories and chemical companies to ship samples. We can also supply larger boxes needed for battery shipments.

Variation Packaging Accessories

Liner Bags

Code	Description
BI-BSS8	20" x 24"
BI-BSS9	30" x 37"
BI-BSS10	43" x 48"
BI-BSS11	7" x 24"
BI-BSS12	10" x 30"

Anti-static Bags

Code	Description
BI-BSS16	Anti-static bag, 9" x 12"
BI-BSS17	Anti-static bag, 12" x 18"
BI-BSS18	Anti-static bag, 18" x 24"
TG-PT1	Plastic locking tie

Pressure Bags

ICC is pleased to introduce a hydrostatically tested bag that meets 95 kPa pressure requirements as outlined in the 49 CFR, IATA and ICAO regulations. Our bio bags are easy-to-use, they come with peel-away tape closures and do not require a heat sealer. Simply add your non-pressure tested inner, peel the backing off the adhesive, fold and press firmly. We also offer standard pressure bags in many sizes that require a heat sealer.

Bio Bags

Pressure Bags

Code	Description
BI-BIOBAG1B	6" x 8.5" bag
BI-BIOBAG2B	11" x 12" bag
BI-BSS1	2.25" x 9" pressure bag
BI-BSS3	4" x 9" pressure bag
BI-BSS4	14" x 26" pressure bag
BI-BSS5	9" x 14" pressure bag
BI-BSS7	20" x 30" pressure bag
BI-BSS13	30" x 30" pressure bag

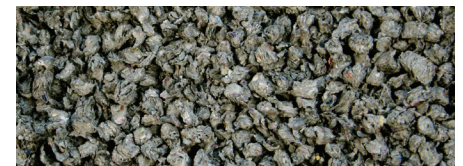

Loose Particulate

Yellow Particulate is sold in bags of 25 lb | 11 kg
AB-PARTICU

Grade 4 Vermiculite is sold in bags of 19 lb | 8.62 kg
AB-VERM4

K-Sorb is sold in bags of 10 lb | 4.5 kg
AB-KSORB

Tape and Tape Guns

Code	Description	Dimensions
PA-MSST1	3M #305 clear tape	48 mm x 100 m
