About 1630, 12 Aug 04, SAC [redacted] received information from [redacted] Detainee Operations, Camp Victory, IZ. The information outlined an interview of [redacted] in which he alleged he was abused while in custody of coalition forces.

About 1230, 13 Aug 04, SAC [redacted] coordinated with [redacted] Iraqi Survey Group (ISG), Defense Investigative Agency (DIA), Camp Slayer, Iraq, IZ and briefed her on the information pertaining to this investigation. She related her husband, [redacted] requested she conduct and analysis of the information pertaining to this investigation and provided it to this office. [redacted] related she should have the information in approximately 2 hours.

Between 1107, 14 Aug 04, SAC [redacted] and SA [redacted] this office, conducted a verbal interview of [redacted] pertaining to his allegations of abuse. [redacted] related that around 1600, 22 Jul 04, he was getting read to take [redacted] to the hair dresser when a Sports Utility Vehicle (SUV) pulled up in front of his home. He related the vehicle had approximately 5-6 passengers, one of which was a female. [redacted] said the passenger asked him his name, which he responded to. He the passenger then said, "You're not the one we're looking for", and then drove away. [redacted] said he then left to take [redacted] to the hairdresser. He said it only took him about five minutes to go and return. He said after returning home there was a knock at the door. [redacted] upon opening the door, the same individuals that had approached him prior to him leaving was at his door. He said subsequent to them entering his residence, they conducted a search. He said they talked about his work, and subsequently seized his computer, and some other documents he had in his possession. [redacted] said while doing the search, they had him and [redacted] sit and one of the individuals, whom he identified as [redacted] (NFI), stayed and watched him. [redacted] said after they completed the search they put him in the SUV and left. (See sketch for details) He related they did not blindfold him at that time. [redacted] related they drove approximately 14 kilometers. He said just before they blindfolded him he saw an overpass. [redacted] said after being blind folded, and while being kept in what he believed to be a small room, he believed he was being held in the Baghdad Airport area. [redacted] said he was in this place for the next 16 days. He related during his stay, he was abused 24/7. He said they made him stay on his knees for long periods of time; hold 2 liter bottles filled with water and rocks in various positions; kicked and punched him on his lower body; and slammed him against a wall. He said when he was allowed to rest, he had to lay on his back and hold his legs at a 90% angle in the air. He said he was force to stay awake the entire time and if he was not awake or if he did not do the "exercises" he was punched and kicked and in one instance slapped in the face with an open hand. He said during the stay, there was always seemed to be two people in the room. medical doctors suspected a possible heart attack. [redacted] said he was transported to a hospital via airplane. [redacted] said the walk from the building to the plane was approximate two minutes. He related the plane trip took about one and one half to two hours. He said during the entire time he was blinded folder. He said once at the hospital he underwent an examination by Dr. [redacted] and had a CT scan and EKG. [redacted] related the individuals who escorted him would not allow the doctor to examine the lower part of his body, especially his legs because they were swollen from being kicked and standing. [redacted] said during the examination the doctors were speaking English, ruled out the suspected heart attack, and provided him with an unidentified type of steroid medication for his shoulder.

[redacted] related on the 15th day he fainted and does not remember anything after that point. During this time, he does know that someone picked him up and slammed him against a wall. He said this is when he saw [redacted] and [redacted]. He said he recall hearing [redacted] tell [redacted] "this is torture." He said the next thing he remembers is that he was signed into Cropper. [redacted] stated the only injury he sustained from being slammed into the wall had been a bump on the head and tooth pain, which lasted approximately one week.

AGENT'S NOTE: [redacted] still had the hospital wristband that was put on his wrist at the unknown treatment facility. The band was nothing more than a piece of paper with the number 470000090 and his name on it. The number and his name was hand written and there were no markings that would indicate what treatment facility treated him. [redacted] also provided a copy of the DA Form 4137, which showed a chain of custody. The only legible name was [redacted]. Further, there was no information on the 4137 indicating what unit prepared the document. (See exhibits for details)

Additionally, [redacted] related he believed it was CIA who interviewed/interrogated him because at one point during his initial interrogation he was able to see a badge hanging around his interrogator's neck and it had CIA on it. [redacted] related he could not recall why his blindfold was off but it was taken of briefly.

[redacted] provided the following as a description of his captures:

[REDACTED] explained he was in the Intelligence Officer for his Battalion. According to [REDACTED] he worked closely with [REDACTED] (spelling), 202nd Military Intelligence Company, Camp Cropper, Iraq, regarding access to detainees for the purpose of interviewing. [REDACTED] related [REDACTED] would inform him who was allowed access to the detainee's and he [REDACTED] would then allow that particular person access. [REDACTED] stated he did have contact with a few individuals who said they were from another government agency, that were allowed access to the detainee's. A. The first one is [REDACTED] or Enemy Prisoner of War (EPW); he was a former COL in the Iraqi army. He came in with extensive bruises, the flex cuffs had cut into his wrists. He was captured by the rangers and he blew up a dam and killed a couple of rangers. There were photos in his medical records to show the injuries. The second one is [REDACTED] a former General in the Iraqi army and was [REDACTED] commander. He was over [REDACTED]. He was signed out of my facility [REDACTED]

[REDACTED] b1 b3 b5 CIA and he was gone for about three or four days. When he came back to my facility he complained of pain in his side. He was told to remove his shirt and extensive bruises were found on his left side or rib area. There was another detainee brought with a huge bruise on his left eye and a broken foot, but I don't know the circumstances other than he was a bomb maker.

Q. Do you remember who brought the last detainee you mentioned to the facility?

A. Not off the top of my head, but I have it in my government data base.

Q. Is there anything else you want to add to this statement?

A. Nothing else is coming to mind right now, but I know that the biggest concern was with detainee [REDACTED] because he left our facility and returned with bruises. After that incident, the policy was changed indicating no detainee was to leave the facility for interrogation. All detainees would be interrogated at the facility and ISG provided us with the trailers to perform such tasks.

Q. Is there anything else you want to add to this statement?

A. No. ///END OF STATEMENT///

THE WAIVER

"Do you understand your rights?"

"Have you ever requested a lawyer after being read your rights?"
(If the suspect/accused says "yes," find out when and where. If the request was recent (i.e., fewer than 30 days ago), obtain legal advice whether to continue the interrogation. If the suspect/accused says "no," or if the prior request was not recent, ask him/her the following question.)

(If the suspect/accused says "no," stop the interview and have him/her read and sign the non-waiver section of the waiver certificate on the other side of this form. If the suspect/accused says "yes," have him/her read and sign the waiver section of the waiver certificate on the other side of this form.)

SPECIAL INSTRUCTIONS

WHEN SUSPECT/ACCUSED REFUSES TO SIGN WAIVER CERTIFICATE: If the suspect/accused orally waives his/her rights but refuses to sign the waiver certificate, you may proceed with the questioning. Make notations on the waiver certificate to the effect that he/she has stated that he/she understands his/her rights, does not want a lawyer, wants to discuss the offense(s) under investigation, and refuses to sign the waiver certificate.

IF WAIVER CERTIFICATE CANNOT BE COMPLETED IMMEDIATELY: In all cases the waiver certificate must be completed as soon as possible. Every effort should be made to complete the waiver certificate before any questioning begins. If the waiver certificate cannot be completed at once, as in the case of street interrogation, completion may be temporarily postponed. Notes should be kept on the circumstances.

PRIOR INCRIMINATING STATEMENTS:

1. If the suspect/accused has made spontaneous incriminating statements before being properly advised of his/her rights he/she should be told that such statements do not obligate him/her to answer further questions.

2. If the suspect/accused was questioned as such either without being advised of his/her rights or some question exists as to the propriety of the first statement, the accused must be so advised. The office of the serving Staff Judge Advocate should be contacted for assistance in drafting the proper rights advisal.

NOTE: If 1 or 2 applies, the fact that the suspect/accused was advised accordingly should be noted in the comment section on the waiver certificate and initialed by the suspect/accused.

WHEN SUSPECT/ACCUSED DISPLAYS INDECISION ON EXERCISING HIS OR HER RIGHTS DURING THE INTERROGATION PROCESS: If during the interrogation, the suspect displays indecision about requesting counsel (for example, "Maybe I should get a lawyer."), further questioning must cease immediately. At that point, you may question the suspect/accused only concerning whether he or she desires to waive counsel. The questioning may not be utilized to discourage a suspect/accused from exercising his/her rights. (For example, do not make such comments as "If you didn't do anything wrong, you shouldn't need an attorney.")

COMMENTS (Continued)

If you have been advised your rights within the last 30 days, did you speak to a Lawyer?
If YES to the above question, do you wish to speak to your lawyer now? _____

ADDRESS/ORGANIZATION [REDACTED]			

I, [REDACTED] IS WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

During the time in question, I was an interrogator and strategic debriefer assigned to the Iraq Survey Group (ISG) in Baghdad, Iraq. I transferred to the ISG in July of 2003 along with other elements of the 323rd Military Intelligence Battalion, the unit with which I originally deployed to Iraq. While assigned to the ISG, I was responsible for the questioning of all detainees suspected of having any involvement with Iraq's biological weapons programs.

[REDACTED] was brought to Camp Cropper, a high value detainee detention facility located at the Baghdad International Airport, sometime around August of 2003. Upon his arrival, I debriefed [REDACTED] due to his known involvement in viral research pertaining to Iraq's biological weapons program. At no time during my initial or subsequent interviews of [REDACTED] did I notice any signs of injury or abuse.

During the following several months, I continued to meet with [REDACTED] on numerous occasions in order to answer various intelligence collection requirements as well as to simply maintain the good rapport that I had been able to establish. Throughout my contact, [REDACTED] never mentioned that he had ever been mistreated at Camp Cropper or otherwise. Furthermore, with the rapport that I feel I had with [REDACTED] I believe that if [REDACTED] had been abused, he would have made me aware of this.

Q: SA [REDACTED]

A: [REDACTED]

Q: Did you type the above portion of this statement?

Q: How was [REDACTED] delivered to Camp Cropper?

A: Non Tactical Vehicle.

Q: Did you see any injuries to [REDACTED] when he was delivered to Camp Cropper?

A: No.

Q: Can you identify any Army Units and/or US Army Soldiers who were involved in the capture of [REDACTED]

Q: When you were debriefing [REDACTED], did you witness any person abuse or mistreat [REDACTED]

Q: When you were de-briefing [REDACTED], did you abuse or mistreat [REDACTED]

A: No.

Q: Did [REDACTED] ever tell you he was abused or mistreated by any person by the name of [REDACTED], [REDACTED] (or [REDACTED], [REDACTED] or [REDACTED], [REDACTED], and/or [REDACTED]

A: No, but I do recall a [REDACTED], and I worked with [REDACTED]

Q: How do you recall [REDACTED]?

A: a person known as [REDACTED] worked with the Iraq Survey Group.

Q: Did you have any interaction with [REDACTED]?

A: Not really, we all worked together but he was with a different organization within ISG.

Q: Would [REDACTED] have had any contact with [REDACTED] M?

A: After coming to Camp Cropper, not without my knowledge and the knowledge of the interrogation control element of the Joint Interrogation and De-Briefing Center for ISG.

Q: How do you know [REDACTED]?

A: [REDACTED] who had been a UN-inspector in Iraq since the end of the Gulf War. [REDACTED] was working as a biological and chemical weapons subject matter expert for ISG during the period of time that I knew him. I met with [REDACTED] almost daily regarding my interviews of detainees involved with Iraq's past WMD programs. Although [REDACTED] did not conduct any of his own interviews of any of my assigned detainees, he did accompany me on numerous debriefings.

Q: Do you know how to contact [REDACTED] at this time?

A: I had an e-mail address but I do not know where it is at and I do not know how to get a hold of him.

Q: How have you been treated here today?

A: Very professionally.

Q: Is there anything you would like to add or change to this statement?

A: As far as injuries to prisoners coming into Camp Cropper, I was aware of the MP's practice of photographing prisoners upon their arrival and that every prisoner would be examined by the local medical personnel, it seems like something would have been reported then. It seems the MP's would have reported any suspected abuse at that time.

And to re-iterate my previous statement, that I feel there was good rapport, excellent rapport between [REDACTED] and I. I truly believe he thought of me as someone who was there to help him through his current situation, I find it highly suspect that he has made a claim now when he never mentioned anything to me.

Q: Is there anything else you would like to add or change to this statement?

A: No.///END of STATEMENT/// [REDACTED]

immediately after the explosion, they received small arms fire from a 3 story concrete building across the street from where they had stopped. [REDACTED] stated that the firing lasted approximately 5 to 10 minutes, and lessened in intensity at one point. A QRF arrived with Bradleys and fired on the building. [REDACTED] further stated that the explosion appeared to originate from under the driver's side based on the direction of the blast. T

The vehicle was destroyed and is still on the scene along with several destroyed weapons.

[redacted] and a team of personnel proceeded to [redacted] residence. Upon arrival, he observed a man meeting the description of [redacted]. The team drove around the corner to prevent [redacted] from fleeing or destroying evidence in the house. They verified it was in fact [redacted] and they received permission to capture [redacted]. They openly proceeded to the residence and [redacted] was still outside his residence. They approached him and informed him they were taking him to a meeting. [redacted] initially stated he had been talking with "cover personnel" and had just met the "cover personnel" just yesterday and did not feel he needed to go to a meeting. [redacted] spoke to [redacted], initially in Arabic and then in English and convinced [redacted] he needed to go to the meeting. [redacted] also provided consent to search his residence. [redacted] instructed [redacted] to inform his family members not to destroy anything in the house. [redacted] searched the kitchen and found two refrigerators. One of them contained vials, which were later determined to contain "vaccine" type material. [redacted] further stated all of his interviews were videotaped, as was this one. He also was aware there were other interviews, which were reportedly videotaped; however, they were all placed in a Pelican case. Unbeknownst to anyone, the Pelican case was inadvertently destroyed as well as the tapes. After the search was completed, [redacted] transported [redacted] to the Battlefield Interrogation Facility (BIF). [redacted] never saw him again. [redacted] was not mistreated during the search and apprehension. [redacted] stated he believed the female [redacted] referenced in his interview was possibly [redacted] b1 b3 b5 c1A. She is no longer employed with them but was present during the apprehension of [redacted]. The last individual he knew was present was a man called [redacted] b1 b3 b5 c1A.

[redacted] b1 b3 b5 c1A also recalled a [redacted] (NFI) who was required to be present for the apprehension because regulation required a soldier to be the "Official Capturer." He had no further information on this Marine. For the entire mission, [redacted] coordinated with [redacted] b1 b3 b5 c1A as they all believed the arrest of [redacted] was a good target of opportunity. [redacted] stated enroute to the BIF, about a half-mile from BIAP, [redacted] had a sand bag placed over his head and he was flexi-cuffed with his hands in the front. According to his records, [redacted] was dropped off at the BIF at 1730, 23 Jul 04. [redacted] added he did not know [redacted] by the name provided in CID records - he knew him as [redacted]. No further information was provided.

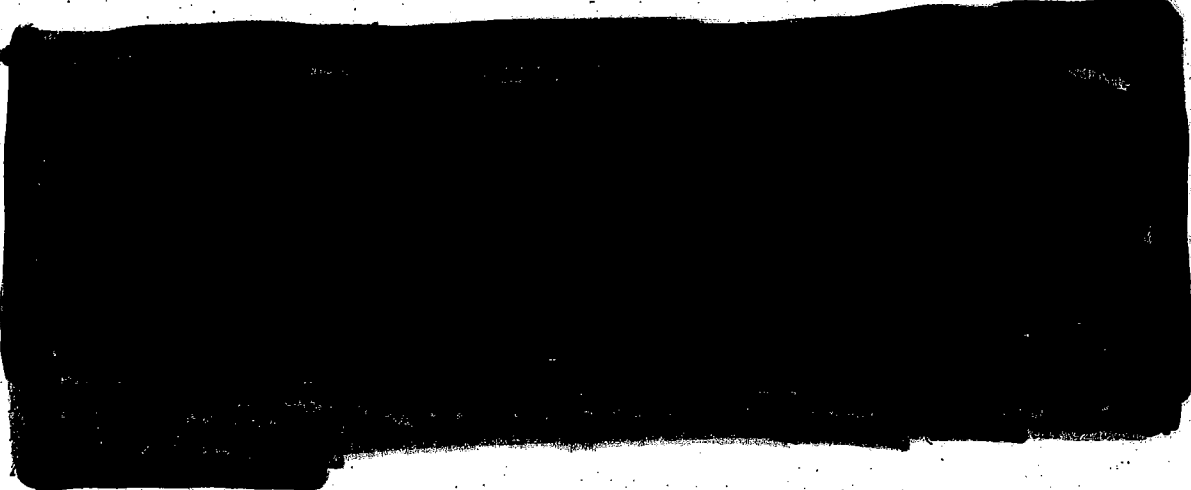

[redacted] stated if there were additional questions, he would be more than willing to assist and stated he could be reached at [redacted].

Agent's Comment: There was no "meeting" as described above. The term meeting was used to facilitate a soft capture of [redacted]. [redacted] stated at some point, after the search of his residence, both [redacted] and [redacted] knew there was no actual meeting and that he was being apprehended.

SA [redacted]

I appreciate you taking the time to go over these questions. I realize this has been awhile ago.

I will recap a little of what I know.

[redacted] was captured on or around 22 Jul 03 at this home.

b1 b3 b5 CIA

[redacted] b1 b3 b5 CIA He was taken to a BIF that same day.

Records indicate [redacted] was checked into Camp Cropper on or around 6 Aug 03. [redacted] as interviewed on several occasions since his arrival at Camp Cropper. Our office has been able to identify and interview one of the primary interrogators while he was at Camp Cropper who was a U.S Service member attached to the ISG. We have his records concerning his detainment once he arrived at Camp Cropper.

The biggest problem I am having is establishing who interviewed him between the time he was apprehended and the time he was turned over to Camp Cropper on or around 6 Aug 03. That is leaving about a 12 or 13 day time frame I cannot account for and this is the time frame of his alleged abuse.

In your statement you said once [redacted] was captured he was taken to a BIF the same day.

Can you tell me who ran the BIF? [redacted] ran the BIF at BIAP.

Do you know who would have been in charge of his interrogations at the BIF? The three man team that I was apart of consisted of two other DIA personnel, [redacted] (private citizen now) and [redacted] (now at 44th MEDCOM), who supported interrogations and interviews with WMD expertise. I do not know who was formally "in charge" of [redacted] interrogations.

Was the BIF part of Camp Cropper? If not, can you say where it was located? [redacted] ran the BIF at BIAP.

[redacted] named several individuals, by first name only, who interrogated him prior to his arrival at Camp Cropper. Does any of the names below sound familiar? I know [redacted] conducted some of the interrogations and debriefings at Camp Cropper.

Do you know of a [redacted] My research tells me he was a weapons inspector for the ISG. Do you know if he spoke with [redacted] I believe [redacted] was used during the first couple of interviews to assist in vetting [redacted] answers [redacted]

Can you tell me if there were any records held over from the old ISG anywhere that might have information concerning [redacted] interviews during the period before his transfer to Camp Cropper? I will check.

Do you know if the BIF [redacted] was dropped off at the day of his capture had any Military personnel working at it? There was only one BIF, that I am aware of. [redacted] BIF at BIAP.

I realize some of this you may not be able to answer. Our office is only concerned about [redacted] allegations of abuse and the reasons for his capture are of no concern to this office. The time between his capture and him being brought to Camp Cropper is our primary concern right now. Any information that would help us to resolve this case would be greatly appreciated.

But this guy does not stick out in my mind.

Q: Do you recall any situation where [REDACTED] captured a target and then turned him over [REDACTED] where you were then involved in the detainment process?

A: Never, it's almost an impossibility. I can't imagine the [REDACTED] giving a detainee to [REDACTED], because of the animosity or adversarial nature between the two intelligence agencies. Most of the detainees we received were from checkpoints or laboratories that we exploited.

Q: Who was responsible for [REDACTED] capture?

A: I do not know.

Q: What were your responsibilities while assigned in Iraq?

"Statement of [redacted] taken on 28 September 2005, at APG, MD, Continued."

A: I have seen bruises on detainees, no cuts. I have seen swelling of limbs, but there were no allegations of abuse that were presented to me. I think there were more questions of what had happened to cause the bruises or swelling of a detainee while in detainment.

Q: Do you know why [redacted] would say that you were identified as personnel who may have interrogated [redacted] prior to his arrival at Camp Cropper?

A: I do not know. I left on 24 Jul 03, which would have been two days after [redacted] was taken into custody. I was clearing post and ISG beginning around 22 Jul 03. That's a guess, but I definitely was not conducting operations at this time. I have the clearing papers signed by [redacted] of ISG, signed on 24 Jul 03.

Q: Do you have anything further to add to this statement?

A: The only thing that I would add, is that [redacted] and [redacted] I have worked with them extensively. I have never heard that they abused detainees or did anything of that nature. I worked with them for the better part of that year. I know that they were not involved in any type of abusive behavior whatsoever.

Q: What was [redacted] involvement with your mission in Iraq?

A: He was a recorder of exploitation. So if we went into a facility, he was taking pictures and taking notes. He was involved in planning. Before joining the Alpha Team, he was the operations officer at [redacted]. The operations office is involved in mission planning, target packets, selection and evaluation of equipment for use in Iraq, determination of sampling to be conducted. I know that he did briefing to DIA on our missions. He wasn't the program manager, but I know that he did some briefings.

Q: Do you have anything further to add to this statement?

A: No.////End of Statement/

During this time I was assigned as an Intelligence collector with a site exploitation team with DIA. I was assigned as the assistant Officer in charge of the Chemical and Biological Intelligence Support Team - Alpha (CBIST). This team was run by DIA. We were tasked with identifying chemical and biological weapons in Iraq. I was responsible for assisting in the sampling of suspected chemical and biological agents, seed stocks, and precursors. In addition, I was responsible for conducting intelligence collection to include document identification and seizure, chemical and biological program equipment identification and seizure, and personal interviews. I was not present at the capture of _____ and did not participate in the exploitation of that site. The capture was conducted by the Iraqi Survey Group (ISG) and included _____

_____ b1 b3 b5 I conducted a few interviews with _____ b1 b3 b5 CIA who I believe is _____. During an initial interview, the task force physician conducted an initial examination of the detainee. Shortly thereafter the detainee was taken. Upon his return he was interrogated b1 b3 b5 for approximately 4 hours. I observed portions of this interrogation from outside the view of the detainee and was given the ability to quietly come and go throughout the process. Upon completion of this interview, _____ was given a final opportunity to sit in a room by himself for 1-2 hours. I was in the room and asked him to cooperate or he would be placed deeper into the system and it would be even harder to get back home. When we came back in an hour or two he did not have anything to add and was transferred to Camp CROPPER at this point. At no time did I witness an act of abuse, hear an order for abuse, or witness any markings visible that would indicate abuse. My understanding is that detainees had to be transferred to Camp Cropper within a maximum of ninety six hours of their arrival at the JTF.

SUBJECT: Request for Assistance (RFA) 0265-04-CID259-80296

This is a Category I Report of Investigation. Results will be provided to this office within 24 hours of receipt. Reasons for non-compliance with the 24-hour response time limit will be expeditiously provided to this office.

1. On 12 Aug 04, this investigation was initiated upon receipt of information received from Detainee Operations, Multinational Forces Iraq (MNF-I), Camp Victory, IZ. The information indicated [redacted] Baghdad, Iraq alleged he was abused by members of the Central Intelligence Agency (CIA) while being held for 16 days in a small room, at an unknown location, between 22 Jul 03 - 8 Aug 03. The abuse was alleged to have been by means of being kicked, punched, slammed into the wall, and made to hold bottles filled with water and rocks for long periods of time. [redacted] alleged the abuse was constant (24/7) during the entire time he was being held. On 8 Aug 03, [redacted] was transferred/released to the Camp Cropper Confinement Facility (CCF), Camp Cropper, Iraq, where he is presently incarcerated.

2. During a review of the medical records contained in the victim's files, the following was determined (Note: The victim was allegedly held by the CIA between 22 Jul 03 - 6 Aug 03).

- a. A review of the medical records (SF 539) (Enclosure 1) reflects the victim was examined/treated on 1 Aug 03, which was during the time he was held. The signature is undistinguishable and there is no rank.

Note: The victim alleged he was flown to an unknown medical treatment facility approximately 1 1/2 - 2 hours from where he was being held. He stated this occurred only once, and he is unsure of exactly when it occurred during the time he was held. Enclosure 1 is dated 1 Aug 03, which is during the time he was held.

- b. A review of the subsequent medical records (SFs 539 & SF 600) dtd 23 Aug 03, 24 Aug 03, 4 Sep 03, 11 Oct 03, and 23 Nov 03 (Enclosures 2-6), all appear to

- a. Allow him to review the attached documents in an effort to verify if in fact the signatures are his.
- b. Verify which medical facility he was assigned to at the time of the examination, and determine if he was assigned to any other medical facilities while in country (i.e. Kuwait - Kuwait is a 1 1/1 - 2 hours flight from Iraq). This is extremely important in reference to the examination conducted on 1 Aug 04.
- c. Attempt to determine who brought the victim into the medical facility for treatment (CIA, individuals dressed in civilian or military clothing, individuals identifying themselves how?).
- d. Try to determine if [REDACTED] remembers if the victim was wearing a hood or some type of cover over his eyes. The victim alleged he was kept blindfolded during his medical examination, and the individuals who brought him in would not allow the doctor to conduct an examination of his lower body due to the victim having bruising.
- e. Determine if [REDACTED] worked with any doctors by the name of [REDACTED], and see if he knew anyone that worked with him here in country by the name of [REDACTED] (NFI) or [REDACTED].
- f. Determine if he was ever assisted by a female doctor during either of the examinations.
- g. Determine if [REDACTED] recalls the victim complaining of being abused by anyone.
- h. Also, please show [REDACTED] Enclosure 8 and determine if he knows where it was produced. It is the hospital wrist band the victim was wearing during his examination. The victim kept it, which verifies he was at some medical treatment facility.

I just got off the phone with my former Patient Admin Officer. I have cc'd him on this email, his name is His phone number is

Regarding your comments as I said before, the 28th CSH was operational and was responsible for patient care from 10 April 2003 through 4 February 2004. We were operational at Dogwood Forward Logistics Base from 10 April 2003 through 21 August 2003 when the hospital transferred operations to Ibn Sina Hospital in Baghdad. We transferred operations to the 31st CSH on 1 February 2004. We never operated at BIAP. In addition, we established a facility at Camp Speicher, Tikrit on or about 6 June 2003 through 4 February 2004 when we transferred operations to the 67th CSH.

We had an official morgue at Ibn Sina, but I think that you are using terminology differently from what we do. We only held remains until they could be picked up by the supporting Mortuary Affairs team, usually within 24 hours. Records and Death Certificates from our time period in Iraq are currently being maintained at PASBA. can assist you with what information he has and what is releasable.

If you have any other questions, please don't hesitate to contact either or myself.

All,

I am trying to get your assistance in reference to several detainee death investigations that are ongoing here in Iraq. We have determined the 28th CSH was in place during Mar 03 - Mar 04 (BIAP & Tikrit area). I would like to

20-Sep-04

determine if you had a morgue in place during your time here. If so, did you maintain any type of data base that we could use to query for names of the deceased detainees? Mostly particular, we are trying to locate death certificates, or other documents that would reflect manner and cause of death. We are aware that if such documents exist, we would have to request them through proper channels. But if there is data base that at least provided names that would provide a start for us. Due to the heighten publicity with the detainee abuse allegations, your assistance would be greatly appreciated, as it would aid in us expediting the investigations.

I have tried to reach you to you since your 1/31/04 e-mail, without success. I'm not sure if your access to internet is down or if there is some other problem, other than the "temporary local problems communicating". I'm sending this to give you another channel to contact me with me. I've tried the two telephone numbers you provided in your e-mail, without luck. It may be that I need a country code as well as your access number. I tried calling a regular long distance call and an international call with your numbers. Still no luck. Would like to establish contact so we may figure out course of action re your referral. My numbers:

Two things - 1. Did [redacted] verify if the signature on the bottom of the exhibits was his? The signature is unreadable but the block reflects a CPT, SP. If this is his signature, the date on the documents don't match the time frame he provided, especially the 1 Aug 03, which was during the time the detainee was allegedly held (the signature may not be his - the ops here said it was, if not, back to the drawing board for me). 2. Chief,

I interviewed [redacted] today. Dr [redacted] stated Dr [redacted] was a female doctor, who assisted him from time to time at the 28th Combat Support Hospital (CSH) in Baghdad. [redacted] stated [redacted] may have worked at Camp Dogwood in Baghdad. [redacted] stated the victim was transferred from Abu Ghraib prison and admitted to the 28th CSH at 1940, 17 Oct 03. [redacted] stated the victim was discharged on 21 Oct 03 and sent back to Abu Ghraib prison. [redacted] stated the victim was number [redacted] in his database of patients and number [redacted] for the 28th CSH EPW number.

[redacted] could not explain who transported the victim to the hospital or if the victim was wearing a hood when he arrived at the hospital.

[redacted] did not know any doctors by the names of [redacted] or [redacted]

At this point, do you need any other investigative activity from this office? If not, I was going to generate an AIP and a CID form #4, scan them, and send it back to your office so we could close out CAS 1 RPA.

Chief,

[redacted] did not recognize the signatures on the SF 339 and SF 630 and said they were not the female doctor's signatures either. As far as the lab request goes, he said someone may have used his log on to submit the lab request because he did not recognize it.

[redacted] could not recall the victim as he seeing over 1,000 patients during his tour in Iraq.

Looking at the SF 339's, it appears they were written wherever he was initially captured as before he was sent to Abu Ghraib.

Our investigators at HQ's are requesting information on [redacted]. They are requesting from us, all of his debriefing reports completed from July 2003 to December 2003. [redacted] do not have such reports.

[redacted] b1 b3 b5
Thus, we have several options:

- Both of our respective local offices can address this issue by having MNF-I Detainee Operations give us hard or electronic copies of reports they have on file so that we here [redacted] b1 b3 b5 can forward to HQS.
- We can tell our HQ's to directly deal with your HQ's, specifically OSD and/or the new Detainee Department, on this issue. In other words, our HQ'S directly asks OSD and/or the Detainee Department in the Pentagon.
- Any other options to consider?

From our local notes, I do recall that General Miller told [redacted] b1 b3 b5 on or about 1 July that per the Pentagon's Inspector General, any sensitive requests on detainees needs to be sent to the OSD Inspector General. On our end here, we do not have any concerns on this matter, we are simply trying to find a way to best answer this request from our HQ'S.

[REDACTED]
Based on my preliminary review of the file you delivered, and other information, it is difficult to determine whether or not [REDACTED] actually left Cropper from the date of capture. It also shows ISG as the capturing unit on 22 JUL 03, the in process date and capture date are 2003/08/06 (is this year/mo/date?) on the detainee personnel report. What is the delta? I don't see anything that shows a transfer to another unit, other than changes in custody of property. Those records are very difficult to read and determine unit because they only show an individual soldier's signature, or the detainee. Am I missing something here, in terms of my read off the file? (Sir the date the detainee was processed into NDRS was 6AUG03. That's all we can confirm for sure. There is no transfer document present or description of exactly what occurred between 22JUL and 6AUG. We do not have the information as it was a year ago, under the 800th MP BDE, before we were all here.

- Finally-
- 1) Have you determined what the ICI or IC abbreviation is in the matrix for interviews? (As I mentioned this morning, we do not have the means to get this information, as it was a format used by the previous unit operating the facility.
 - 2) Why don't the sheets for "signing in" for interviews go back any further? Because the previous unit did not track this information. When the 89th MP BDE and the 439th CLD took over the facility we started documenting the visits.
 - 3) Medical records go back to AUG 03, would that be it? (Would that be what? The detainee got to the facility in Aug and that's when we started documenting his health.

Though your answers may be simple, please clear it up for me so I can relay the info as provided correctly?

Thank you.

FYI:

I met with [Redacted] b1 b3 b5 and briefed him on the allegations at hand. I requested to know their process for allowing us (CID) access to identify and interview their agent(s) involved in these matters. [Redacted] b1 b3 b5 related he would provide the information to [Redacted] b1 b5 b3 and then everything is normally forwarded to their DC office, at which time an investigation is opened to look into the matter. He advised me to recontact [Redacted] b1 and obtain more details as to the process they go through. [Redacted] b1 b3 b5 said he has only been here for two weeks and is still getting familiar with things.

I provided [Redacted] b1 b3 b5 a copy of the initial report for the case [Redacted] and a copy of the vic's stmt. I also provided him a copy of the stmt ref the info you forwarded to me this am. He will provide the info to [Redacted] b1 b3 b5 so they can determine their next step. [Redacted] b1 b3 b5 said all the agents that were here during the time frame(s) in question have long gone about 2-3 rotations ago and he had no idea where they would be at this time, other than on other missions/assignments. [Redacted] b1 b3 b5 reiterated the fact that the info would be sent to DC for review.

[Redacted] b1 b3 b5

Short term plan: recontact [Redacted] get the specifics of their procedures. It sounds like, at least at this point, these cases could possibly be joint with us awaiting the outcome of their investigation by the [Redacted] b1 b3 b5

I will check, but I doubt it. If we inherited any unit that was under the 800th, we may have a roster, however, if the units had already changed, then we would not have had access to those rosters. I will check and get back with you. My S1 shop is shut down for the night and I am headed north tomorrow and Sunday. But will get the information to you ASAP [Redacted]

I was referred to you by [REDACTED] 231st MP Co. I am trying to get some insight from you in reference to the previous MP units that was controlling Cropper between Jul-Dec 03. I was informed by one of our CID liaisons that the following MP Companies were here during the above time: 186th MP, 779th MP, and 79th MP. I would like to know if you are familiar with those companies being here, and if you would have any idea who, here in Iraq, may keep a copy of the company rosters.

Any insight on this matter would be appreciated.

victim was transported from Abu Ghraib prison and
admitted to the 28th CSH at 1840, 17 Oct 03. He stated
the victim was discharge on 21 Oct 03 and sent back to

1. Noted victim was held between 22 Jul 03 - 6 Aug 03.
 - a. A review of the medical records (SF 539) reflects the victim was examined/treated on 1 Aug 03, which was during the time he was held. The signature is undistinguishable and there is no rank.
 - b. A review of the subsequent medical records (SFs 539 & SF 600) dtd 23 Aug 03, 4 Sep 03, 11 Oct 03, 23 Nov 03, all appear to have the same signature as the record dtd 1 Aug 03. These records have the rank of [REDACTED] next to the signature.

1st Info: About 0243, 15 Sep 04, SAC [REDACTED] received a first information report from SA [REDACTED] Special Agent in Charge, Walter Reed Branch Office, Washington, DC. The information report reflected that [REDACTED] related he did not recognize the signatures on the SF 539 and SF 600, and he noted it was not the signature of [REDACTED] doctor who assisted him from time to time at the 28th Combat Support Hospital. [REDACTED] stated the victim was transported from Abu Ghraib prison and admitted to the 28th CSH at 1840, 17 Oct 03. He stated the victim was discharge on 21 Oct 03 and sent back to Abu Ghraib prison. [REDACTED] stated the victim was assigned number [REDACTED] in his database of patients and number [REDACTED] for the 28th CSH EPW number. [REDACTED] could did not know who transported the victim to the hospital or if the victim was wearing a hood when he arrived at the hospital. Additionally, [REDACTED] did not know any doctors by the name of [REDACTED] or [REDACTED]. Lastly, [REDACTED] related although his name is on the laboratory request, it is possible someone else just used his code to enter the request.

AGENT'S NOTE: Based on the information above [REDACTED] is not the doctor that treated [REDACTED] during the time he was being held (22 Jul 03-8 Aug 03). Based on several of the medical records, [REDACTED] was assigned a patient number of [REDACTED] but the SF 539, dtd 1 Aug 03 and 23 Aug 04, does not have a number on it. The SF 539 dtd 1 Aug 04, is within the time frame he was held. As referenced above, the numbers assigned by the 28th CSH are different. Also, it was noted that [REDACTED] related [REDACTED] was brought from Abu Ghraib. Additionally, the situation pertaining to the laboratory code was a none issue, as it does not relate to the matter under investigation.

IP:

1. RFA to Abu Ghraib to request they show the signature on the medical records to the hospital staff for possible identification of the Doctor [REDACTED]

Review:

1. Noted victim was held between 22 Jul 03 - 6 Aug 03.
 - a. A review of the medical records (SF 539) reflects the victim was examined/treated on 1 Aug 03, which was during the time he was held. The signature is undistinguishable and there is no rank.
 - b. A review of the subsequent medical records (SFs 539 & SF 600) dtd 23 Aug 03, 4 Sep 03, 11 Oct 03, 23 Nov 03, all appear to have the same signature as the record dtd 1 Aug 03. These records have the rank of [REDACTED] next to the signature.
 - c. A review of a lab request dtd 1022, 9 Oct 03, has the name [REDACTED] beside the letters "HCP", which means Health Care Provider. If we can run the name of the HCP, this will ID the unit, which will aid in identifying [REDACTED] that conducted the exam of the victim.

The information indicated [REDACTED], Internment Serial Number (ISN): [REDACTED] Baghdad, Iraq (IZ), alleged he was abused by members of the Central Intelligence Agency (CIA) while being held for 16 days in a small room, at an unknown location, between 22 Jul 03 - 6 Aug 03. The abuse was alleged to have been by means of being kicked, punched, slammed into the wall, and made to hold bottles filled with water and rocks for long periods of time. [REDACTED] alleged the abuse was constant during the entire time he was being held. On 6 Aug 03, [REDACTED] was transferred/released to the Camp Cropper Confinement Facility (CCF), Camp Cropper, IZ, where he is presently incarcerated.

Thank you for assistance. I was in process to send you another RFA to locate [Redacted] but our scanner broke down so I wasn't able to send all the pertinent documents. Since you have set up a meeting with [Redacted] already, could you ask him to identify [Redacted] (NFI)? Attempt to locate, fully identify and interview [Redacted] and conduct any other activities and inquiries deemed necessary.

[redacted]
I hope you are doing well and not too busy. Did you have any results locating the medical records for:

[redacted] ISN [redacted]
He would have been treated around 6 Aug 03.

If you can't find any records on him that is fine. I just need to know so I can document it in my report and note that we had attempted to locate his medical records but none were found at your facility. If there is a different person I should talk to concerning medical records searches, could you provide me their email and phone number so I can contact them.

Thank you for all your help. Please be safe.

Chief,

[REDACTED] did not recognize the signatures on the SF 539 and SF 600 and said they were not [REDACTED] (the female doctor) signatures either. As far as the lab request go, he said someone may have used his log on to submit the lab request because he did not recognize it.

[REDACTED] could not recall the Victim do to seeing over 1,000 patients during his tour in Iraq.

Looking at the SF 539's, it appears they were written wherever he was initially captured at before he was sent to Abu Ghraib.

Two things - 1. Did [REDACTED] verify if the signature on the bottom of the exhibits was his? The signature is unreadable but the block reflects a [REDACTED] SP. If this is his signature, the date on the documents don't match the time frame he provided, especially the 1 Aug 03, which was during the time the detainee was allegedly held (The signature may not be his - the ops here said it was. If not, back to the drawing board for me). 2. [REDACTED] said he was admitted to the 28th on 17 Oct 03. However, Exhibit 7 (Lab Request) reflects [REDACTED] name with the date of 9 oct 03.

Chief,

I interviewed [REDACTED] today. [REDACTED] stated [REDACTED] was a female doctor, who assisted him from time to time at the 28th Combat Support Hospital (CSH) in Baghdad. [REDACTED] stated [REDACTED] may have worked at Camp Dogwood in Baghdad. [REDACTED] stated the Victim was transported from Abu Ghraib prison and admitted to the 28th CSH at 1840, 17 Oct 03. [REDACTED] stated the Victim was discharged on 21 Oct 03 and sent back to Abu Ghraib prison. [REDACTED] stated the Victim was number [REDACTED] in his database of patients and number [REDACTED] for the 28th CSH EPW number.

[REDACTED] could not explain who transported the Victim to the hospital or if the Victim was wearing a hood when he arrived at the hospital.

[REDACTED] did not know any doctors by the names of [REDACTED] or [REDACTED]

At this point, do you need any other investigative activity from this office? If not, I was going to generate an AIR and a CID Form 44, scan them, and send it back to your office so we could close our CAT 1 RFA.

It may be that I need a country code or some other access number. I tried dialing a regular long distance call and an international call with your numbers; still no luck. Would like to establish contact so we may figure out course of action re your referral. My numbers:

have been initiated here, we would normally have to work some of
joint

Is
this possible, or do we need to make coordinations through DC.

Sir,

I met with [Redacted] b1 b3 b5 and provided him a copy of our initial report, and info pertaining to another allegation that I received from my command that am. [Redacted] advised me to re-contact you to determine your agency's procedure for channeling complaints. He briefly explained that you would have to review the info, send it forward to DC, and they would rev and initiate required action. I wanted to verify the procedures. Since actions have been initiated here, we would normally have to work some type of joint investigation, and be able obtain copies of any statements or reports. Is this possible, or do we need to make coordinations through DC.

Also, I will forward a copy of our Initiat Report pertaining to the other allegation.

Thanks,

[Redacted]

Subject: RE: REPORTING REQUIREMENT: DETAINEE ABUSE ALLEGATIONS

FYI,

I met with [Redacted] b1 b3 b5 and briefed him on the allegations at hand. I requested to know their process for allowing us (CID) access to identify and interview their agent(s) involved in these matters. [Redacted] b1 b3 b5 related he would provide the information to [Redacted] b1 b3 b5 and then everything is normally forwarded to their office, at which time an investigation is opened to look into the matter. He advised me to recontact [Redacted] b1 b3 b5 and obtain more details as to the process they go through. [Redacted] b1 b3 b5 said he has only been here for two weeks and is still getting familiar with things.

I provided [Redacted] b1 b3 b5 a copy of the initial report for the case 0265-04 and a copy of the vic's stmt. I also provided him a copy of the stmt ref the info you forwarded to me this am. He will provide the info to [Redacted] b1 b3 b5 so they can determine their next step. [Redacted] b1 b3 b5 said all the agents that were here during the time frame(s) in question have long gone about 2-3 rotations ago and he had no idea where they would be at this time, other than on other missions/assignments. [Redacted] reiterated the fact that the info would be sent to DC for review.

Note:

[Redacted] b1 b3 b5
This leads me to believe the possibility exist that the individuals who detained the vic may not have been CIA - 50/50 chance. Could they have been DoD interrogators. MI. etc. [Redacted] b1 b3 b5

Short term plan: recontact [Redacted] b1 b3 b5 get the specifics of their procedures. It sounds like, at least at this point, these cases could possibly be joint with us awaiting the outcome of their investigation [Redacted] b1 b3 b5

I already left a msg for [Redacted]

Chief,

I will check, but I doubt it. If we inherited any unit that was under the 800th, we may have a roster, however, if the units had already changed, then we would not have had access to those rosters. I will check and get back with you. My S1 shop is shut down for the night and I am headed north tomorrow and Sunday. But will get the information to you ASAP. [Redacted]

One more question: [Redacted] the CID LNO in the Palace, related the 89th would have retained a roster from that time period - not sure if he is right. Is that possible?

I was referred to you by [REDACTED] 231st MP Co. I am trying to get some insight from you in reference to the previous MP units that was controlling Cropper between Jul - Dec 03. I was informed by one of our CID liaisons that the following MP Companies were here during the above time: 186th MP, 779th MP, and 79th MP. I would like to know if you are familiar with those companies being here, and if you would have any idea who, here in Iraq, may keep a copy of the company rosters.

Any insight on this matter would be appreciated.

Our investigators at HQ's are requesting information on BL [redacted]

[redacted] They are requesting from us, all of his debriefing reports completed from July 2003 to December 2003. We, [redacted] b1 b3 b5 do not have such reports.

Thus, we have several options:

- Both of our [redacted] b1 b3 b5 offices can address this issue by having MNF-I Detainee Operations give us hard or electronic copies of reports they have on file so that we [redacted] b1 b3 b5 can forward to HQS.
- We can tell our HQ's to directly deal with your HQ's, specifically OSD and/or the new Detainee Department, on this issue. In other words, our HQ'S directly asks OSD and/or the Detainee Department in the Pentagon.
- Any other options to consider?

From our [redacted] b1 b3 b5 notes, I do recall that General Miller told [redacted] on or about 1 July that per the Pentagon's Inspector General, any sensitive requests on detainees needs to be sent to the OSD inspector General. [redacted] b1 b3 b5 we do not have any concerns on this matter, we are simply trying to find a way to best answer this request from our HQ'S.

[REDACTED]

Based on my preliminary review of the file you delivered, and other information, it is difficult to determine whether or not BL # [REDACTED] ever actually left Cropper from the date of capture. It also shows ISG as the capturing unit on 22 JUL 03, the in process date and capture date are 2003/08/06 (is this year/mo/date?) on the detainee personnel report. What is the delta? I don't see anything that shows a transfer to another unit, other than changes in custody of property. Those records are very difficult to read and determine unit because they only show an individual soldier's signature, or the detainee. Am I missing something here, in terms of my read off the file? (Sir the date the detainee was processed into NDRS was 6AUG03. That's all we can confirm for sure. There is no transfer document present or description of exactly what occurred between 22JUL and 6AUG. We do not have the information as it was a year ago, under the 800th MP BDE, before we were all here.

Finally-

- 1) Have you determined what the ICI or IC abbreviation is in the matrix for interviews? (As I mentioned this morning. We do not have the means to get this information, as it was a format used by the previous unit operating the facility.
- 2) Why don't the sheets for "signing in" for interviews go back any further? Because the previous unit did not track this information. When the 89th MP BDE and the 439th CLD took over the facility we started documenting the visits.
- 3) Medical records go back to AUG 03, would that be it? (Would that be what? The detainee got to the facility in Aug and that's when we starting documenting his health.

Though your answers may be simple, please clear it up for me so I can relay the info as provided correctly?

Thank you.

Sir,

I apologize for taking so long to get this e-mail to you. We have had SIPR problems here in my office.

Per our discussion, I am looking for a [REDACTED]. From what I can gather he was either a [REDACTED] with the Royal Engineers and I believe he retired from the British Army around 1996. He worked with the ISG in the area of Weapons Inspections.

His name was mentioned during the conduct of an investigation and my interest in speaking with him is as a witness.

I do appreciate any assistance you can provide in helping make contact with [REDACTED]. Below is my contact information.

He wrote a letter describing some of the abuses because it bothers him to talk about. Please let me know if you have any questions. I attached the arabic version and translated version.

Thank you for the information. I just want to check on the status of the report. From your e-mail, it appears to me there may still be leads that need to be explored. Once I get the report I will be able to determine what further leads, if any, need to be followed up on that are of an Army interest.

Thank you for your attention to this matter:

I will be working on the case until all the leads are exhausted. [REDACTED] b1 b3 b5

At my end, I have to write a report to address the interview and I am not sure how you would like me to refer to your folks in an official report. Any suggestions are welcome. Lastly, if you could provide me the name of the lead interviewer, I would appreciate it.
