#### **Schedule of Services**

For the purposes of establishing a task order price for the Time and Materials (T&M) CLINs, the T&M total is the total of all such CLINs in the base period and the total of all such CLINs in each option period.

Option Sub-CLIN Increases: Included in the Option Periods are option increases to the CLINs based on increases in requirements. Access to USCIS immigration services is subject to significant change by Congress on less than one year's notice. In addition the Government may require additional effort to enable USCIS to recover from man-made and natural disasters. Since such significant changes can mean large-scale increases in USCIS workload, staffing and IT support requirements, the Government anticipates that it may need to make significant increases to the level of effort and ODCs within the same scope of work required under the SETI task order.

The sub-CLIN option increases will be exercised as detailed below in the sub-CLIN descriptions. The Contracting Officer may exercise the sub-CLIN option increases at any point during the respective Option Period(s) by written notice to the Contractor.

Period of Performance: Task Order Transition (Base Period) and four twelve-month option periods Full performance, after completion of transition tasks, shall not commence until a Notice to Proceed letter is issued by the Contracting Officer.

USCIS has an existing Citrix environment that consists of several separate MetaFrame farms across the United States (Texas, California, Nebraska, Missouri, Vermont, Maryland and Virginia). That environment is being re-engineered to create a single Citrix Xen-based farm that will maintain hardware in the existing sites but that will deliver applications via the Xen App or Desktop environments. The farm will be centrally managed with local administration enabled to allow local sites to create and manage user accounts. The Contractor shall be responsible for support of the enterprise portions of the environment, not local user administration or support.

#### The Contractor shall:

- 10.10.1 Provide administrative support for the enterprise-wide telework/Citrix environment. Support for users at remote sites would not be included.
- 10.10.2 Manage the USCIS remote access solutions. This currently includes Citrix and VPN access.
- 10.10.3 Install, configure, patch, upgrade and maintain the hardware and software infrastructure used by the Citrix technologies.
- 10.10.4 Assist in implementing consolidated enterprise architecture.
- 10.10.5 Be responsible for planning and coordinating the implementation and support of the remote access products necessary for business operations.
- 10.10.6 Provide technical direction and give recommendations for remote access technology and solutions enhancements.
- 10.10.7 Support the issuance, control, administration and troubleshooting of VPN tokens for remote access

#### 10.11 Enterprise Server Administration

10.11.1 BlackBerry® Services - USCIS has a centralized BlackBerry® infrastructure, which consist of multiple Blackberry® Enterprise Servers (BES).

#### The Contractor shall:

- 10.11.1.1 Continue any BlackBerry implementation and migration activities, and manage and support the USCIS BlackBerry Infrastructure.
- 10.11.1.2 Manage the BlackBerry Enterprise Services; creating and managing user accounts; and providing Tier Two support to endusers and Desk-side/Server personnel.

# 10.11.2 Enterprise Servers

USCIS has a number of other enterprise servers supporting the environment. These include McAfee ePolicy Orchestrator (ePo), LanDesk, WSUS and Altiris, These servers are located in data centers, Service

## 20.3 Monthly Status Reports

The Contractor shall submit two (2) copies, one electronic copy and one hard copy of a monthly (month as defined in Invoicing Instructions on page 132) report to the COTR by the 10th calendar day following the end of each month for review, processing, and acceptance.

The monthly report shall contain, but is not limited to, the following:

- A Management Summary that includes documentation pertaining to any major problems/issues, current expenditures by work hours, and any significant progress or events;
- Resource expenditures that include funds expended during the reporting period, cumulative total, and funds remaining on contract, as a roll up from Monthly Resource expenditure detailed information. Other information required includes name, labor category, and hours expended, cumulative hours expended and hours remaining on contract, and projected total hours for each individual working on this task. Monthly Resource expenditure detailed information (all but IT security support) shall breakout monthly costs by IT application, by task area and track development costs by specific release (See Appendix A). A separate Monthly Resource expenditure breakout, for IT security support, shall breakout monthly costs by IT application, by task area;
- A narrative that includes a description of work performed on tasks(s) during the reporting period and expected to be performed during the next month, including discussions of any problems/issues and recommendations for correction by the 15th working day following the end of each month.

## **Invoicing Instructions (page 132)**

Invoices shall be for services incurred against the work performed during the previous month's period of performance which shall begin on the first Saturday day following the last Friday of the prior month and will continue thru the last Friday of the calendar month.

Invoices shall be received by the 10th day following the last Friday of the month and include billable items for the previous month's period of performance. The contractor shall include with the invoice all supporting documents, e.g., travel reports/receipts, support for other direct costs, and the associated Monthly Status Report (MSR).

An e-mail copy of each invoice, including backup supporting documentation, shall be sent electronically to the COTR, Contract Administrator, OIT-Invoice@dhs.gov, and any other CCs as may be specified by the COTR. The following information shall be indicated on the cover email that forwards the invoice:

## Secure Enterprise Technology Infrastructure (SETI) HSSCCG-10-J-00329

- 15.5.2 The Contractor shall maintain the CM portions of the Enterprise Systems Assurance Plan (ESAP).
- 15.5.3 The Contractor shall provide configuration identification for software, hardware, and documentation.
- 15.5.4 The Contractor shall initiate, control, track, and audit changes, deviations, and waivers.
- 15.5.5 The Contractor shall conduct configuration audits and reviews.
- 15.5.6 The Contractor shall administer enterprise-wide use of a CM tool suite and ensure USCIS CM investments and software assets are maintained.
- 15.5.7 The Contractor shall analyze and evaluate CM software tools.
- 15.5.8 The Contractor shall research products and technical specifications.
- 15.5.9 The Contractor shall maintain and operate the USCIS Electronic Library, which is a central library of documents and software.

## 15.6 Release Management

Release Management facilitates, schedules, and oversees changes to the USCIS OIT software, hardware, and infrastructure. A Change is an addition, modification or removal of approved, supported or baseline hardware, network, software, application, system, image or associated documentation. It is tightly integrated with the Development Team, IT Project Teams, T&E, Production Support Teams, and Service Desk Services. All Changes that are ready for distribution including patches must be placed in Version Manager, or any other USCIS approved Configuration Management tools for storing and releasing approved changes, along with a Version Description Document (VDD). The Contractor shall conduct the following release management activities:

- 15.6.1 The Contractor shall facilitate and oversee the successful rollout of the USCIS OIT software, hardware, and infrastructure changes.
- 15.6.2 The Contractor shall provide standardized processes and procedures to deploy release packages to the USCIS production environment.
- 15.6.3 The Contractor shall work with the OIT Project teams to package releases so that they minimize the impact of changes on users.
- 15.6.4 The Contractor shall ensure that release packages are tested to minimize incidents that may affect users.
- 15.6.5 The Contractor shall manage the release schedule so that changes are implemented without schedule conflicts with other projects across the enterprise.

## Secure Enterprise Technology Infrastructure (SETI) HSSCCG-10-J-00329

- 15.6.6 The Contractor shall communicate the scope and schedule of deployments to stakeholders.
- 15.6.7 The Contractor shall ensure that all deployments follow USCIS OIT Change, Configuration, and Release policies and guidelines.
- 15.6.8 The Contractor shall notify the Service Desk on scheduled deployments.
- 15.6.9 Contractor shall facilitate and coordinate Test Readiness Reviews, Release Readiness Reviews, Release/Deployment meetings, Post-Implementation Reviews, and other CCRM meetings that the customer determines necessary.

## 15.8 OTC ELIS CCRM Support

- 15.8.1 Release Management The Contractor shall participate in Integrated Solution Teams (IST) and Integrated Project Teams (IPTs) to ensure appropriate OIT involvement as needed. The Contractor shall provide support with ad hoc meeting coordination, software contract maintenance agreements, disseminating information, gather and compile documentation comments, etc. The Contactor shall participate in all SELC related gate reviews and documentation reviews as needed. The Contractor shall provide additional support to include maintenance of MS project schedules, coordinate training sessions, create presentations, etc. The Contractor shall provide appropriate status reporting on a regular basis
