VG2039M-LED 20" 16:9 LED Monitor with VGA, DVI, DisplayPort, 2 USB, Speakers, Swivel and Height Adjustment

ViewSonic® See the difference™

VG2039m-LED

The ViewSonic VG2039m-LED is a 50.8cm / 20" (49.5cm / 19.5" viewable) widescreen display ideal for demanding business professionals. With a native 1600x900 resolution, the VG2039m-LED delivers vibrant images and crisp text. Users will also find comfort in the ergonomic height adjust, swivel, and tilt features. Versatile input options, including DisplayPort, DVI-D, VGA and USB ports, provide flexible connectivity for multitasking. Equipped with a VESA-mountable design, the display can be mounted on a wall or any VESA-compliant monitor stand. The thin bezel design, coupled with hidden stereo speakers, make the VG2039m-LED a space-saving option for the desktop. In addition to saving space, the VG2039m-LED also saves up to 50%* in energy usage with its efficient LED backlight and ViewSonic proprietary ECO mode. With ViewSonic's industry-leading pixel performance policy, and a 3-year limited warranty, the VG2039m-LED provides users with peace of mind.

DisplayPort Connectivity

The latest standard for rapid transmission of data, DisplayPort futureproofs the VG2039m-LED and delivers high resolution and incredibly rich colours. The VG2039m-LED also offers VGA and DVI connections to support even more flexibility for both digital and analog media sources. It's easy and convenient to connect additional peripherals or accessories with the integrated 2-port USB hub.

Superlative Pixel Performance

The VG2039m-LED features a native 1600x900 resolution for unbelievable pixel-by-pixel image performance. The VG2039m-LED provides 37% more pixels, as well as a 10% larger viewing area, when compared to 18.5" displays. You'll experience the most amazing clarity and detail whether it be for working, or enjoying the latest in multimedia entertainment. A 16:9 widescreen ratio minimizes eye fatigue, and is perfectly compatible with multi-window viewing without toggling.

Efficiency & Comfort

Ergonomic Design

The VG2039m-LED is one of the great examples of an ergonomically designed tool. Based on your height, chair and desk conditions, you can adjust it up and down 8 cm, swivel it 360°, or tilt it 25°, whatever makes you more comfortable.

ENERGY STAR® Certification

The VG2039M-LED is environmentally sound, complete with an energy-saving mercury-free LED backlight and Eco-mode.

Peace of Mind

Our industry-leading pixel performance policy, and our 3-year limited warranty, make ViewSonic a market leader in commitment to quality. ViewSonic is dedicated to using the highest grade panels and offers solid and reliable products.

Pixel Performance Guarantee and 3-Year Limited Warranty

One of the aspects that makes ViewSonic a market leader in displays is its dedication to quality. ViewSonic is committed to using the highest grade panels and offers the industry's leading pixel performance policy.

Pixel Performance	LED Display

ViewSonic Pixel Guarantee	2 Bright 2 Dark 3 Total

Mega Dynamic Contrast Ratio for Sharp, Crisp Images

20M:1 DCR

A superior dynamic contrast ratio of 20,000,000:1 better defines the relationship between the darkest and brightest colours, ensuring all displayed images are rich and detailed. Combined with an extremely fast 5ms response time, every motion is naturally and accurately reproduced without any blurs.

Normal   Dynamic Contrast Ratio

Eco-mode

Environmentally-friendly Eco-mode reduces power consumption up to 50% and extends backlight life.

Planet-Friendly Mercury-Free LED Backlighting

The mercury free LED backlight conserves more energy when compared to conventional CCFL displays. LED Backlighting also allows for a sleek and slim panel profile.
