GUIDANCE FOR THE USER

The International (Nice) Classification of Goods and Services for the Purposes of the Registration of Marks has been published in two parts.

Part I contains, in particular, the text of the Nice Agreement, the List of Classes of Goods and Services, with Explanatory Notes, and the List of Goods and Services arranged in overall alphabetical order, regardless of the class to which each of them belongs.

On the other hand, Part II (this volume) lists the same goods and services, also in alphabetical order, but for each class in turn.

The List of Goods and Services of this volume is reproduced in two sets of three columns on each page:

the first column gives the serial numbers of the indications of goods or services in English;

the second column gives the indications of goods or services in English;

the third column gives the serial numbers of the corresponding indications of goods or services in French.

Both parts of the Classification are necessary to ensure correct classification. While Part I constitutes the basic volume of the Classification, Part II is a complementary volume affording the user a better understanding of the contents of each class in relation to the others, thereby making it easier to assign to the appropriate class goods or services designated by expressions that do not yet appear in the Alphabetical List of the Classification.

These two publications (Nos. 500.1(E) and 500.2(E) for the English edition and Nos. 500.1(F) and 500.2(F) for the corresponding French edition) may be ordered from the World Intellectual Property Organization (WIPO), 34, chemin des Colombettes, 1211 Geneva 20 (Switzerland).
