## About Book “B”

---

The line-item budgets contained in this separate budget document are organized into four major sections covering all special funds included in the 2024 Adopted Budget.

The first section provides line-item appropriation and revenue detail for the County's 2024 grants and contains grant budgets for each department. Grants are budgeted in a separate fund, the Grant Fund, which is not a part of the County's operating budget. County share portions of grant budgets are, however, included as interfund expenditures in each department's operating budget.

The grant budget information for each department contained in Book “B” includes a brief description of each grant, as well as line-item appropriation and revenue detail. Personal services information includes historical data similar to that included in the operating budget. Appropriation detail is included only for the 2024 requested, recommended and adopted amounts. Estimated revenues for each grant, listed by account, follow the project's appropriation detail. Revenue detail is included only for the 2024 requested, recommended, and adopted amounts for each grant.

The second section covers sewer districts and the Division of Sewerage Management in the County's Sewer Fund. It provides a brief description of each entity's operations and a detailed budget. Appropriation and revenue detail are included for 2022 actual amounts; the 2023 adopted and adjusted budgets; and the 2024 requested, recommended and adopted amounts.

The Sewer Districts and Sewer Fund are self-supporting and are not a part of the County's operating budget. Interfund expenses and revenue are budgeted in General Fund accounts to represent services to the Sewer Districts.

The third section includes the 2024 Adopted Capital Budget and the 2024-2029 Capital Improvement Program. Information provided in this section includes project descriptions, location of projects, total project cost, and 2024 capital budget allocations for each project. Also included are detailed schedules for each department showing recommended projects and project expenditures for the six-year capital program period.

The fourth section covers the Debt Service Fund, which is a part of the County's total operating budget. The section begins with explanations of the County's debt management policies and the purposes of the Debt Service Fund, the types of expenditures paid out of the fund, and its sources of revenue. This introduction is followed by schedules showing line-item appropriation and revenue detail. Information is provided for 2022 actual revenues and expenditures; the current year adopted and adjusted budgets; and the 2024 requested, recommended and adopted amounts. Also provided are a statement of the County's bonded indebtedness and a calculation of the county's total net indebtedness.

Book B also includes budget resolutions pertaining to implementation of the 2024 Budget.

# DISTRICT ATTORNEY-GRANTS

## AID TO PROSECUTION

This project is a continuation of an existing grant for the entitlement period 4/1/24 to 3/31/25. The purpose of this state grant is to provide funding for increased effectiveness in prosecuting violent crimes. Assistant District Attorneys are assigned to provide specialized, expedient, and efficient prosecution of violent, non-violent, and repeat felony offender cases. Studies have shown that a disproportionate number of crimes are committed by a small cohort of "career criminals." Targeting these felons with vigorous prosecution should result in long-term incarceration, which is an effective means of significantly reducing crime.

# PROBATION-GRANTS

## ALTERNATIVE TO INCARCERATION (ATI)

This is a continuation of an existing grant from New York State Division of Criminal Justice Services for the entitlement period of 7/01/24 to 06/30/25. The funding supports two ATI performance-based programs: Community Service Sentencing and Pretrial Services. Community Service Sentencing provides a means for courts to order community service for offenders in lieu of incarceration. Pretrial Services is a program that interviews and assesses defendants prior to arraignment and provides the courts with information to assist in the determination of the least restrictive release option.

<b>Total Appropriation</b>	<b>\$191,566</b>
<b>Federal Share</b>	
<b>State Share</b>	<b>\$128,237</b>
<b>County Share</b>	<b>\$ 63,329</b>

## BUFFALO AND ERIE COUNTY STOPPING ABUSE IN THE FAMILY ENVIRONMENT (BE SAFE)

This is a continuation of an existing federal grant (year 1 of 3) for the entitlement period of 10/1/24 to 9/30/25. BE SAFE is designed to develop a comprehensive approach and strengthen multi-disciplinary cooperation between the District Attorney's Office, the Probation Department, law enforcement, and victim services to ensure safety of domestic violence victims. BE SAFE allows the Probation Department to increase the level of supervision available for probationers with a domestic violence history, participate as a partner in the High-Risk Teams in Erie County, and stay current with best practices for community supervision for domestic violence offenders.

<b>Total Appropriation</b>	<b>\$121,769</b>
<b>Federal Share</b>	<b>\$ 59,717</b>
<b>State Share</b>	
<b>County Share</b>	<b>\$ 62,052</b>

## CONDITIONAL RELEASE PROGRAM (CRP)

This is a continuation of a program re-established during the 2015 fiscal year and is for the entitlement period of 7/1/24 to 6/30/25, the tenth year of program operation. The Conditional Release Program allows an eligible offender serving a sentence in the county jail to be released early on the condition that the offender remains on Probation Supervision for one year. The process for release is overseen by an appointed Conditional Release Commission. The Commission sets the conditions for release, which can include employment, and participation in educational or job training programs. Failure to abide by the conditions can result in a return to jail for the remainder of the original sentence. Completing these requirements maximizes offenders re-integration into the community and strongly reduces their chance of recidivism.

<b>Total Appropriation</b>	<b>\$ 151,984</b>
<b>Federal Share</b>	
<b>State Share</b>	<b>\$ 30,000</b>
<b>County Share</b>	<b>\$ 121,984</b>

### GUN INVOLVED VIOLENCE ELIMINATION (GIVE)

This is a continuation of an existing grant year from New York State Division of Criminal Justice Services (DCJS) for the entitlement period of 7/1/24 to 6/30/25. Gun Involved Violence Elimination (GIVE) is part of a comprehensive strategy to reduce gun crime and homicide in New York State. Through improved coordination among federal, state, and local law enforcement, this program utilizes crime analysis and evidence-based programming focused on crime trends within the City of Buffalo. The Office of Probation and Correctional Alternatives (a division of DCJS) provides guidance in the form of a Probation GIVE Model document for direction on managing gun crime cases at the presentence and supervision levels. This guidance expands the requirements for Probation Departments and their handling of gun crime offenders. The Buffalo, Cheektowaga, Amherst and Lackawanna Police Departments, Sheriff's Department, Central Police Services, District Attorney's Office, and the Erie Crime Analysis Center are partners in this program.

<b>Total Appropriation</b>	<b>\$1,606,974</b>

<b>County Share</b>	<b>\$ 97,408</b>

This grant funds a Victim Advocate to work in partnership with other agencies to address the needs of crime victims in the criminal justice system involved with Probation. The Victim Advocate assists hundreds of crime victims per year with the filing of compensation claims with the New York State Office of Victim Services, as well as providing information and referral, personal advocacy, and safety planning services. The Victim Advocate also assists Probation Officers in obtaining victim impact statements which are reviewed by the courts when considering sentencing.

State legislation raised the age of juvenile accountability to include 16- and 17-year-old offenders, up to their 18<sup>th</sup> birthday. Raise the Age was fully implemented as of 10/1/2019 and set new standards for supervision, case management, and service delivery.

# COUNTY EXECUTIVE COMMUNITY DEVELOPMENT GRANT

## OFFICE OF WORKFORCE DEVELOPMENT

This is a continuation of an existing project for the period 1/1/24 to 12/31/24 to fund activities of the Buffalo and Erie County Workforce Investment Board (WIB). The Office of Workforce Development provides staff support for the WIB and advises the County Executive on workforce development issues. The WIB has the key role of providing direction on local strategic workforce issues, identifying needs, and developing strategies to address those needs. It is responsible for overseeing the Title I program under the Workforce Innovation and Opportunity Act and related programs. Appointed by the County Executive and the Mayor of Buffalo, the WIB works in partnership with these elected officials to develop a strategic workforce plan, select One-Stop Operators and providers of training for workers, coordinate a wide variety of Federal and other employment and training programs, promote private sector involvement in the workforce development system, and coordinate workforce training with local economic development efforts. In its role as overseer of the local workforce development system, the WIB must establish program performance standards in conjunction with the New York State Department of Labor. Some costs associated with the Office of Workforce Development are reimbursed to Erie County from federal funds provided under the Workforce Innovation and Opportunity Act by the US Department of Labor and divided among Local Workforce Development Areas (LWDA's) through a formula calculated by the NYS Department of Labor.

# ENVIRONMENT AND PLANNING COMMUNITY DEVELOPMENT BLOCK GRANT

The following pages contain both the Operations Budget for the administration of the Community Development Block Grant Programs and the estimated Block Grant Budgets for the three awarded programs. These programs are a continuation of three existing grants from the U.S. Department of Housing and Urban Development for the entitlement period of 4/1/24 to 3/31/25. It is anticipated that federal support for these programs will continue at the following levels:

<b>Community Development Block Grant</b>	
Federal Share	\$ 3,085,828
Program Income	\$ 464,240
<b>HOME Investment Partnership</b>	
Federal Share	\$ 1,117,772
Program Income	\$ 222,479
<b>Emergency Solutions Grant</b>	
Federal Share	<u>\$ 244,521</u>
<b>TOTAL</b>	<b>\$ 5,134,840</b>

A resolution will be presented to the Legislature in February authorizing the Department of Environment and Planning to administer the awarded amounts and execute any and all agreements to implement the programs. The awarded amounts will be accounted for as Funded Programs in SAP.

## Program Description

The Department of Environment & Planning, Division of Planning administers the Erie County Community Development Block Grant (CDBG) and HOME Investment Partnership Consortia. These comprise 34 and 37 communities respectively in the County that have entered into formal consortium agreements to receive federal funds. The program provides financial and technical support for community planning, capital improvements, housing rehabilitation, and economic development programs. In 2024, over \$5 million in federal block grant funds will be allocated to the Consortium.

The Community Development Block Grant is used to assist participating municipalities in the development of locally approved community or economic development activities which are eligible under federal program regulations. It is also used for housing rehabilitation loan programs. In 2024, it is anticipated that one smart growth project will continue to be funded through the CDBG program. The Smart Growth Fund is an important element of the County Executive's "*Live Well Erie Document*," presented in September 2019.

The HOME Investment grant is used to rehabilitate the homes of low- and moderate-income homeowners. Additionally, non-profit community housing development organizations receive funds to develop, sponsor, or acquire affordable housing projects throughout the Consortium area.

The Emergency Solutions Program funds non-profit agencies to provide homeless services to participating communities.

These programs serve all cities, towns and villages in the County with the exception of the City of Buffalo, towns of Amherst, Cheektowaga, and Tonawanda, and the villages of Kenmore, Sloan, Williamsville, and the Cheektowaga portion of Depew.

The Department of Environment & Planning also plans to expand its administrative and geographical capacity to address the ongoing concern of housing affordability throughout all of Erie County. This effort will be achieved by (1) allocating additional staff resources to work on housing related issues; (2) identify additional funding opportunities with the state and federal government; and (4) implement recommendations of a housing study completed in 2023 to further inform the state of housing affordability in Erie County.

**Program and Service Objectives**

- Support an improved quality of life for low- and moderate-income people
- Provide County residents with low and moderate incomes with access to affordable, quality housing
- Secure permanent housing for the homeless and County residents at risk of becoming homeless

**Top Priorities for 2024**

- Continue with one smart growth project reflecting the priorities contained within the September 2019 Erie County *“Live Well Erie Document”*
- Complete fourteen (14) community revitalization projects with an emphasis on infrastructure improvements in neighborhoods having a high concentration of low-income residents

**Key Performance Indicators**

	Actual 2022	Estimated 2023	Estimated 2024
Low- and moderate-income households with improved housing conditions	100	96	98
Infrastructure improvement projects completed in low- and moderate-income neighborhoods. Projects include water/sewer, sidewalk, and road/drainage improvements	6	9	8
ADA/Senior Center improvement projects	5	2	6
Smart Growth projects completed	1	1	1

**Outcome Measures**

- 98 low- and moderate-income households will have a better quality of life because of financial assistance provided through a low interest housing rehabilitation loan program
- 1,320 low- and moderate-income people will have improved access to public water and sewer facilities
- 1,532 low- and moderate-income people will have improved transportation services within the Consortium area

**Performance Goals**

- Twenty-five (25) public facility improvements will be completed in low- and moderate-income neighborhoods in 2023 and 2024
  - Eight (8) projects will be funded for Americans with Disabilities Act (ADA) and Senior Center improvements
  - Seventeen (17) projects will fund infrastructure improvements
- Advance one (1) smart growth principles through the completion of one (1) CDBG-funded project in 2024

# FUND 295 – PHARMACEUTICAL SETTLEMENT

Erie County is expected to receive a total of \$56,174,033 between 2022 and 2038 as a result of a lawsuit against opioid drug manufacturers and distributors. Of the total distribution, \$34,335,446 will be restricted to spending on opioid-epidemic-related activities, including: treatment, prevention, and other epidemic-related strategies. The 2024 funding supports the county departments of Health, Mental Health, Probation, Sheriff, and Social Services which have identified viable initiatives to use these funds to help combat the opioid crisis.

# ERIE COUNTY DEPARTMENT OF ENVIRONMENT AND PLANNING DIVISION OF SEWERAGE MANAGEMENT

## DESCRIPTION

The Division of Sewerage Management maintains overall responsibility for the seven Erie County Sewer Districts. The Erie County Sewer Districts are special service districts created pursuant to state and local law to protect water quality, protect public health, and enhance the community.

## MISSION STATEMENT

To provide cost effective, customer-oriented wastewater service that protects public health and enhances the natural environment.

## ERIE COUNTY SEWER DISTRICTS

As part of the Erie County Department of Environment and Planning, the Division of Sewerage Management assists in the coordination, support, and implementation of various programs and projects that improve the quality of life for Erie County residents, businesses, and visitors. The Division of Sewerage Management is an important participant in several Department-wide initiatives, including the "Framework for Regional Growth," the "Erie County Water Quality Committee," the "Initiatives for a Smart Economy," the County's "Green Team," Erie County Sewer District No. 6's participation in the Western New York Stormwater Coalition, and various economic development efforts.

The Erie County Sewer Districts provide sanitary sewer collection, conveyance, and treatment services to communities within their respective boundaries, and as may be specified by contracts between each sewer district and/or local jurisdictions served. The Sewer Districts are responsible for the construction, operation, maintenance, and administration of the County's collector and interceptor sewer systems, pumping stations, excess flow management facilities, and water resource recovery (wastewater treatment) facilities. Erie County Sewer District No. 6 is also responsible for the storm sewer system in the City of Lackawanna.

The Sewer Districts are governed by Board of Managers, whose members are generally recommended by the involved municipalities and appointed by the County Executive.

The Sewer Districts are self-supporting entities with the power to assess appropriate service fees and levy local sewer charges. Their annual revenues, which are sufficient to cover all operating costs and capital debt service, are generally derived from a combination of flat rate charges, parcel charges, footage charges, user charges, and sewer charges based on the assessed value of real property.

The following provides an overview of each Erie County Sewer District and the applicable support services:

### **ERIE COUNTY SEWER DISTRICT NO. 1**

This District serves the southern portion of the Town of Cheektowaga and the northern portion of the Town of West Seneca. Infrastructure includes a network of pumping stations, an excess flow management facility, and collector and interceptor sewers which transport sanitary sewage for contractual treatment services provided by the Buffalo Sewer Authority.

### **ERIE COUNTY SEWER DISTRICT NO. 2**

This District serves portions of the Towns of Brant, Eden, Evans, Hamburg, and North Collins, including the Villages of Angola, Farnham, and North Collins. Service is also provided to the Lotus Bay Area Sewer Districts and Evangola State Park by agreement. The District operates and maintains a network of pumping stations, collector and interceptor sewers, along with a water resource recovery facility and excess flow management facility adjacent to Big Sister Creek. The water resource recovery facility is staffed and operated 24 hours per day, 365 days per year.

### **ERIE COUNTY SEWER DISTRICT NO. 3**

This District provides full service (collection, transmission, and treatment) to portions of the Towns of Boston, Eden, Hamburg, and Holland, along with the Villages of Blasdell, Hamburg, and Orchard Park. Additionally, the District provides transmission and treatment services to portions of the Town of Orchard Park and the Mount Vernon and Woodlawn Sewer Districts in the Town of Hamburg. Sewer District No. 3 also includes a small portion of the Town of West Seneca. District 3 operates and maintains water resource recovery facilities located in the Town of Hamburg (Southtowns Advanced Wastewater Treatment Facility and its excess flow management facility) and the Town of Holland (Holland Water Resource Recovery Facility). The Southtowns Facility is staffed 24 hours per day, 365 days per year. The Holland Facility is staffed everyday 8:00 a.m. – 4:00 p.m. and monitored at all other times via a telemetry system.

### **ERIE COUNTY SEWER DISTRICT NO. 4**

This District directly provides collection and conveyance services for portions of the Towns of Alden and Lancaster and conveyance services for the Villages of Depew and Lancaster. Infrastructure includes a network of pumping stations, an excess flow management facility, and collector and interceptor sewers which transport sanitary sewage for contractual treatment services provided by the Buffalo Sewer Authority.

### **ERIE COUNTY SEWER DISTRICT NO. 5**

This District directly provides collection and conveyance services for portions of the Towns of Amherst and Clarence. Infrastructure includes a network of pumping stations and sanitary sewers, which transport sanitary sewage for contractual treatment services provided by the Town of Amherst. This District also provides operation and maintenance for the Town of Clarence Sewer Districts by contract and operates one small water resource recovery facility servicing the "Clarence Research Park" area.

### **ERIE COUNTY SEWER DISTRICT NO. 6**

This District operates and maintains the network of sanitary and storm sewers, several pumping stations, an excess flow management facility, and a water resource recovery facility in the City of Lackawanna. The water resource recovery facility is staffed and operated 24 hours per day, 365 days per year.

### **ERIE COUNTY SEWER DISTRICT NO. 8**

This District serves the Village of East Aurora and portions of the Town of Aurora. Infrastructure includes collector sewers, pumping stations, and a water resource recovery facility. This facility is staffed everyday 8:00 a.m. – 4:00 p.m. and monitored at all other times via a telemetry system.

### **ADMINISTRATIVE AND ENGINEERING SUPPORT**

The Division, primarily through the staff located at the Rath Building, provides management services related to the administration, operation, design, and construction of the sewer facilities. Engineering duties include (but are not limited to): compliance with regulatory permits, capital improvements planning, facilities planning, design, asset management activities, information technology, supervision of construction, inspection, approval of contractor payments, applying for the financing of new projects, accounting, and handling of claims. Administrative duties include overall management and supervision, accounting, budget development, sewer charge preparations, records management, community outreach and education, and human resources.

### **Program and Service Objectives**

To economically, efficiently, and in an environmentally sound manner provide sewer service to properties in Erie County Sewer Districts, and to responsibly invest in and operate/maintain various County Sewer District assets for the benefit of public health, water quality, and the local economy/community.

### **Top Priorities for 2024**

- Implement/finalize various infrastructure improvements in the Erie County Sewer Districts using Federal American Rescue Plan Act funding designated in the County of Erie's RENEW Plan and the County budget
- Continue construction of Phase 1 of the Southtowns Advanced Wastewater Treatment Facility expansion and finalize design of Phase 2
- Coordinate with regulatory entities regarding future improvements required at the Lackawanna Water Resource Recovery Facility as noted in the recently updated "No Feasible Alternatives Analysis and Permit Compliance Update" report
- Develop a scope for the next phase of improvements at the East Aurora Water Resource Recovery Facility

- Address regulatory requirements, including those associated with the Erie County Sewer District No. 1 excess flow management facility, a new NYSDEC Order for the Erie County Sewer District No. 4 excess flow management facility, various New York State Pollutant Discharge Elimination System permits, and the air pollution control equipment in the Southtowns Advanced Wastewater Treatment Facility

# CAPITAL BUDGET

# Introduction to the 2024 Capital Budget

---

This section of the budget includes the 2024 Capital Budget and 2024-2029 Capital Improvement Program. Article 25 of the Erie County Charter requires the County Executive to submit annually to the Legislature a capital improvement program for the next six-year period. Article 18 of the Erie County Administrative Code establishes procedures for the Budget Director and the Capital Projects Committee to develop a recommended six-year Capital Improvement Program. The capital programming process for most projects took place between May and August and concluded with the submission of a recommended Capital Improvement Program to the County Executive by August.

Capital projects are defined as all physical projects which meet the following criteria:

- 1) All physical projects of a non-recurring nature, including construction, improvements, or renovations to buildings, roads, bridges, and parks;
- 2) Acquisition of equipment which has a useful life of five years or more; or
- 3) Acquisition of property or planning/engineering studies which will lead to a capital project.

All projects proposed for inclusion in the six-year program are submitted by the sponsoring departments to the Department of Environment and Planning and the Division of Budget and Management, which are responsible for coordinating the development of the capital program. Information concerning cost, project justification, location, and suggested programming year is submitted.

Each project is analyzed by the Department of Environment and Planning, Division of Budget and Management, and the Capital Projects Committee. The Capital Projects Committee consists of representatives from those county departments and members of the Erie County Legislature as prescribed by the Erie County Administrative Code. A six-year program is prepared which considers project relationships to each other, as well as financial requirements. The program includes an annual Capital Budget which defines those projects recommended for implementation during the coming year.

The Capital Projects Committee submits its recommended Capital Improvement Program and proposed Capital Budget to the County Executive by September for his consideration in preparing the annual County budget.

The Capital Budget is a separate portion of the total County budget for the coming fiscal year. It represents the first-year implementation of projects in the six-year Capital Improvement Program. The Capital Budget is developed separately from the operating budget of the County for several reasons. Capital improvement projects usually involve substantial expenditures which may be required over a period of years.

Development of a six-year Capital Improvement Program is an effective way to plan for future physical improvements and to analyze both the expenditures that will be required to finance these improvements and the potential impacts of the projects at an early stage. It also sets priorities for capital improvements and thus ensures that the most critical needs are met first.

The capital programming strategy considers and balances the County's ability to both complete previously authorized projects and undertake new projects. Financial, as well as operational capabilities are assessed, and capital borrowing targets are established.

For the 2024 Capital Budget, projects were prioritized by the following tests:

- **Health and Safety** - Projects which have a direct relationship to reducing hazards to the health and safety of County residents or employees. This is considered to be the highest priority criterion in the review process.
- **Previous Commitment** - Multi-year projects which were authorized in prior years and require necessary funding to complete the entire project.
- **Legal or Governmental Mandates** - Projects which the County is required to undertake by law or court order, or under federal or state mandate.
- **Special Considerations** - Projects which do not meet the above tests but which warrant further consideration due to special circumstances, such as the loss of outside funding if the project is not undertaken.

The 2024 Budget contains authorizations for: nineteen (19) Highway and Bridge projects; seven (7) general Buildings & Grounds projects; four (4) SUNY Erie projects; two (2) Buffalo & Erie County Public Library projects; six (6) Parks and Recreation projects; three (3) Health Projects; three (3) Homeland Security and Emergency Services projects; one (1) Sheriff's project; one (1) Social Services project; and four (4) projects for external agencies.

Table 1 summarizes projects in the 2024 Capital Budget. It totals \$98,694,064 in spending including \$76,334,748 in county-share spending. The bonded component is \$56,182,615. This table includes the project title in each project classification, a column showing the county six-year total project cost for the projects programmed in 2024, and a column showing the Capital Budget allocations in 2024. Brief descriptions of these projects follow Table 1.

Following the description of projects included in the 2024 Capital Budget are a series of tables which represent the six-year Capital Improvement Program. The 2024-2029 Capital Improvement Program totals \$250,105,479. It is summarized in Table 2 by department. Schedules showing the six-year Capital Improvement Program projects for each department are provided in Tables 3 through 10.

# DEBT SERVICE

## Debt Management

---

The County administration's Fiscal Stability Plan sets forth objectives regarding prudent debt management. This plan articulated policies and initiatives to reduce the County's debt burden and to improve the County's financial position, including the objective to improve the County's credit rating. The underlying ratings of County bonds are "AA/Stable" from Standard and Poor's, "AA-/Stable" by Fitch and "A1/Stable" by Moody's. Fitch upgraded the County in April 2023. In July 2023 Kroll Bond Rating Agency increased the County's rating to "AA".

The fundamental principles of the County's debt management policy include: restricting long-term borrowing to improvements too large to be financed from current revenues; continuation of good communication with rating agencies; continuation of full disclosure on all financial and official statements; and the use of bonds rather than Bond Anticipation Notes wherever possible to finance capital projects.

It is the County's intention to continue to limit annual capital borrowing, exclusive of sewer fund debt, to assure a reduction in the amount of long-term debt outstanding. This policy is subject to change to take advantage of future opportunities that may develop.

Supplementing the County's debt management policy is the County's Capital Planning process. The Capital Planning process is more fully described in the Capital Budget section of Book B.

## Debt Service Fund

---

The Debt Service Fund is used to account for the accumulation of resources for the payment of principal and interest on long-term debt. The Debt Service Fund was established at year-end 1986 to segregate resources for a "Reserve for Bonded Indebtedness" created by the Legislature pursuant to Section 6-h of the General Municipal Law. A Debt Service Fund is required for the legally mandated segregation of resources represented by the reserve. The Debt Service Fund is used only for the accumulation of resources for and payment of General Fund and Sewer Fund debt service.

The types of expenses paid out of the Debt Service Fund are the following:

**Bond Principal:** When a bond is sold, the County agrees to pay back the amount borrowed over a set period of time. This is called an amortization schedule. It is determined by the "Period of Probable Usefulness" of an item. This time period is set by Local Finance Law. Each bond issue includes a schedule of how much principal will be paid back each year. The annual principal payment expense is paid out of the Debt Service Fund.

**Bond Interest:** When a bond is sold, it is priced according to market conditions and the credit rating of the County. Typically, these rates change each year and are printed on the cover page of the Bond Official Statement along with the payback schedule. The annual interest expense is paid out of the Debt Service Fund.

**Reserves:** The County, at its option, can establish a reserve during a year to fund future years' debt service. These reserves must be identified as to what specific debt service they will pay. Local Finance Law restricts the amount of the reserves that can be used in a given year to the amount of the scheduled annual debt service payment. Any excess reserves over this amount must be set aside in the reserve to pay future years' debt service for that project.

Debt service payments on short-term indebtedness are not paid out of the Debt Service Fund. Interest payments on Revenue Anticipation Notes (RAN's), Tax Anticipation Notes (TAN's), and Bond Anticipation Notes (BAN's) are paid directly out of the General Fund. BAN principal payments are made out of the Capital Fund.

The sources of revenue for the Debt Service Fund are the following:

**Accrued Interest:** Typically, a bond sale is not closed on the same day as the date of sale. For example, the bonds may be dated September 1st and the closing date may be September 5th. During that five-day period, the County is responsible to pay interest to the bond holders. The bond underwriter, therefore, holds the cash for the five days and pays interest to the County equal to the amount of interest expense the County incurs for those five days. This interest income must be restricted for payment of future debt service on the bonds issued.

**Interest Earnings:** Bonds are typically sold to finance capital projects. A capital project can take from six months to six years or longer to complete. Therefore, the County invests the bond proceeds and draws against the proceeds only as needed to pay bills. The interest generated on the invested bond proceeds is restricted to pay debt service for the specific project for which the bonds were borrowed.

**State/Federal Aid:** If any aid is received as a reimbursement for debt service incurred by the County, this aid must be restricted for payment of debt service for the specific project for which the aid was received.

**Unexpended Bond Proceeds:** The amount borrowed for a capital project is an estimate of the cost of the project. If the project is completed for less than the estimate and less than the amount borrowed, these excess bond proceeds may then only be used for the following purposes: if debt service still exists for the project, then the excess bond proceeds must be used and/or reserved to pay this debt service; if no debt service for the project exists, then the excess bond proceeds may either be used to pay other debt service, or to fund other "like" capital projects, or they may revert back to the General Fund.

**Subsidies:** The difference between debt service to be paid during a year and revenues available from any other sources must be funded. This funding is provided in the form of subsidies from the General Fund, Public Library Fund, and the Sewer Fund. The subsidies are provided in the form of interfund transfers to the Debt Service Fund.
