ADDITIONAL INFORMATION	<p>Certain officers and key employees of the New York Presbyterian Healthcare System, Inc (the "Network") are identified in Part VII as Officers or Trustees of the Brooklyn Hospital Self Insurance Trust (the "Trust") Effective September 5, 2014, the Trust disaffiliated with the Network and these individuals were removed from their positions at the Trust Because these individuals held reportable positions at the Trust during the year and the Trust was related to the Network during the period January 1, 2014 through September 4, 2014, the Trust is required to include the compensation paid by the Network to these individuals during 2014 as compensation paid by a related organization Since compensation numbers are required to agree to Form W-2, a full year's worth of compensation paid by the Network was included eventhough the individuals only held their positions with the Trust through September 4, 2014 Certain officers and key employees of the New York Presbyterian Hospital that are identified in part VII as officers or trustees of the Brooklyn Hospital Center are responsible for executing the mission and management of the New York Presbyterian Hospital (NYP) and its affiliated entities Compensation for 2013 of these upper level executives includes the payout of an annual incentive plan and a long-term incentive plan This performance-oriented program conditions payments upon the achievement of multiple individual and group performance measures Measures to monitor performance include operational and financial strength, patient quality and safety, patient satisfaction, advancement of patient care, and people development and partnership Incentive awards may only be granted if the organization achieves a financial surplus Even if all relevant performance measurements are achieved, the NYP Board of Trustees retains full discretion to make or not make any incentive awards, or to reduce the amount of any incentive award This initiative is critical to assuring that NYP has the requisite leadership to create and manage a highly motivated and engaged workforce, to drive superior performance throughout the organization and to achieve top tier medical center status As a separate matter, due to restrictions imposed by the Internal Revenue Code, upper level executives are limited in the amount of benefits received under a tax-qualified retirement plan Like many employers, NYP supplements these executives' pension benefits through a supplemental ("nonqualified") retirement plan The supplemental executive retirement plan (SERP) is subject to a multi-year vesting requirement (commencing after five years of participation in the SERP, in prorated amounts through age 65) which places an executive's supplemental retirement benefit at risk of forfeiture if the vesting requirements are not satisfied Once vested, however, provisions of the Internal Revenue Code require that the vested executive include in current income the value of his or her vested supplemental retirement benefit Notwithstanding the legal requirement to recognize the vested value of the supplemental retirement benefit as current income, the supplemental retirement benefit will not be distributed to the executive until the executive actually retires from NYP (although, as permitted by the Internal Revenue Code, the supplemental retirement plan will effect a distribution of an amount necessary to satisfy the executive's tax liability resulting from the income recognition upon vesting) As noted, this supplemental retirement benefit will not be distributed to the executive until the executive actually retires from NYP There are constantly changing legal, tax, accounting, and public disclosure rules for a SERP (supplemental executive retirement plan) in not-for-profit organizations The executive Compensation Committee continuously monitors these changes and incorporates any changes into the overall SERP plan design As in past years, the executive Compensation Committee of NYP requires a third party complete a review of the organization's compensation program to ensure its effectiveness in terms of government regulations, market conditions and the need to continually elevate organizational performance The report also serves to meet the regulatory obligations to ensure that all elements of the executive compensation programs are reasonable The individuals listed in part VII that are compensated by New York Presbyterian Hospital devote an average of sixty hours per week to perform their responsibilities for the New York Presbyterian Hospital and other related organizations in the aggregate</p>
Schedule J, Part I, line 3	The top management official's compensation was paid by The Brooklyn Hospital Center ("TBHC"), which is a related organization TBHC used one or more of the methods listed to establish the top management official's compensation
