Unfortunately, the study of Shakespeare in Piedmont Park is one of the first to be eradicated. Without art education in schools, the cost, per ride to Getabout is \$10.00. We ask for a voluntary contribution of \$2.00 per ride. Our loss per ride is \$8.00. Due to the reduction in a grant from prior year, Getabout will run out of funds for 2006.

We are requesting support from the Bank of America Foundation to help us advance these projects. A brief description of the projects follows: IH8 is continually running into the problem of not having enough sources to cover the costs of operating a business. It is becoming more common from all foundations, state and federal funders that operating costs are not included. However, more complex projects are being funded. Over the 17 years Inter-Faith Ministries has served the homeless, we have seen this population grow and diversify. The population has transitioned from mostly single males and females to a large percentage of families with infants through school-age children. This grant would be used in support of the INN's Long-Term Housing with Supportive Services program. This innovative program offers formerly homeless families an affordable housing coupled with intensive supportive services designed to help families become self-sufficient. To provide support for advertising and promotion for the presentation of 50 live music concerts as part of IMAC's 2007 performance season.

JUNIOR ACHIEVEMENT OF CENTRAL TEXAS	PO BOX 684571	AUSTIN	TX	78788	\$5,000.00	Provide financial literacy and economic education through the Junior Achievement programs to one designated elementary school in Austin. We are focusing on low/moderate income schools in East Austin to receive the JA programs for the spring of 2007. The Junior Achievement serves an estimated 18,000 youth throughout the greater Richmond/Petersburg region. It is our intention to serve an estimated 57 classes with grant funding reaching and estimated 1,250 at risk children in the Greater Richmond area. We request that the Bank of America Foundation provide funding in the amount of \$5,000 to provide twenty (20) Elementary School Programs for our inner city (urban) schools. We will be serving a total of three hundred eighty-five (385) classrooms in kind.
Junior Achievement of Central Virginia	4600 COX RD STE 107 5721 MARLIN ROAD SUITE 3400	GLEN ALLEN	VA	23060-8753	\$3,000.00	Junior Achievement strongly fits within the Foundation's focus on K-12 economic and financial education. The purpose of this grant will be to financially sponsor the classes taught at Hefferan and Skinner Elementary Schools in Chicago and will include to respectfully request continued support from Bank of America to fund Junior Achievement programs in the Portland area. Funding in the amount requested will sponsor ten of the estimated 1,320 classrooms slated for Junior Achievement programs this year. In 2002 nearly one in six young adults ages 18 to 24 (or 3.8 million Americans) was not enrolled in school, was unemployed, and held no degree beyond a high school diploma. This is roughly 15 percent of all young adults. Between 2000 and 2003, the rate of current consumer financial trends are troubling. The rise in household debt and personal bankruptcy is evidence of increasing financial distress for all individuals. A potential contributor to this alarming trend is the lack of solid financial literacy. In response to the need to better prepare our young people for their own personal finance and our globally competitive society, Junior Achievement has developed an upgraded, scope and sequenced K-8 curriculum. This new curriculum strengthens workforce readiness to provide funding for the Junior Achievement financial literacy programs for approximately 770 students in three elementary schools in Anderson and Knox County. The school has a population CRA of low to moderate and requires JA to recruit professionals.

EIN: 20-0721133  
2006 Form 990-PF  
Expenditure Responsibility Statement Pursuant to Treas. Reg. 53.4945-5(d)

1. Name and address of grantee. PFEG (AKA Person Finance Education Group), 5<sup>th</sup> Floor 14 Bonhill Street, London EC24BX, UK.
2. Date and amount of grant. December 13, 2006. \$316,800.
3. Purpose of grant. The Bank of America Charitable Foundation grant to PFEG is to support the Learning Money Matters program. The Bank of America Charitable Foundation is one of several organizations sponsoring this program that builds on PFEG's experience gained from working with 365 schools in its innovative pilot, Excellence and Access. An evaluation by Brunel University in the UK confirmed that PFEG's approach to working in partnership with teachers made a difference in terms of both teacher confidence in delivering personal finance education and the quality of provision offered to students. Learning Money Matters will provide schools with a comprehensive one stop shop for help, support and advice.

Learning Money Matters 5 levels of support are:

Level 1 -- intensive in-school support: a PFEG consultant will work with senior staff and/or classroom teachers for up to three days per school

Level 2 -- half-day in-school support: a PFEG consultant will support senior staff and/or classroom teachers for half a day per school

Level 3 -- remote support: telephone or email support for teachers and school leaders from one of our PFEG consultants

Level 4 -- offsite training: PFEG offers short training courses (of one day or less) for teachers from several schools; this could be organized through the Local Authority if appropriate
