

Lumens™ CT-C30 Charging Cart

Rhino Charging Cart

Lumens™
Brilliance by Design

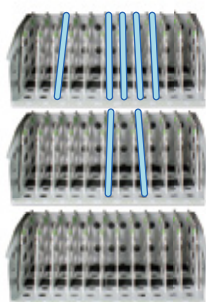

Lumens™ RHINO CT-C30 charging cart provides a fast and energy-efficient solution for charging and storing up to 33 portable devices such as iPads and Chromebooks.

Key Features

- Securely stores and charges up to 33 portable devices simultaneously
- Energy-efficient, smart charging system status display
- Three external power outlets at 120V
- Smooth working surface
- Compact and lightweight design for easy mobility
- Durable cabinet design with a safe, rounded handle and compartments for easy cable management
- Versatile design with shelves that can easily be removed to accommodate multiple charging and storage configurations
- Secure, three-point locking mechanism with five-inch, medical-grade locking swivel castors for smooth, quiet and safe transport
- This product comes fully assembled

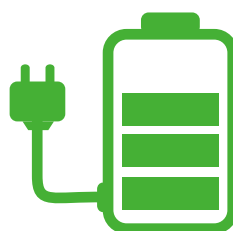

More Details

Holds and Charges up to 33 Devices

Charges and transports up to 33 laptop and tablet devices simultaneously in three shelves with numbered device slots.

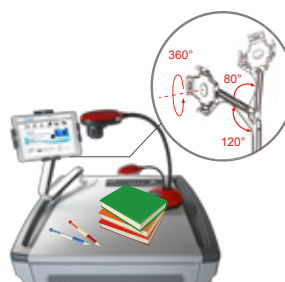

Energy-efficient Charging System

Lumens RHINO CT-C30 charging cart utilizes a smart charging system with a load detection feature that saves electricity and time.

Versatile Configuration

Shelves can be easily pulled out, stored or removed to accommodate and customize multiple charging and storage configurations.

Optional Tablet Arm

An optional, space-saving tablet arm and holder is available. The tablet arm is designed with a dual joint which allows easy and quick adjustments. Accommodates 9- to 11-inch tablets.

Durable Cabinet Design

The durable cabinet is designed with two ventilated doors and a sturdy steel frame that is compact and lightweight for easy mobility. Its surface is smooth, made from rugged thermoplastic.
