

HP V14 14-inch Portable Monitor

Create a dual-display workspace wherever your day takes you with the HP V14 Portable Monitor. Fold back the wraparound easel cover, stand up, and connect to your device with just one USB cable.¹

Compact for your daily commute

- Maximize your productivity, not your carrying case. This Full HD display weighs 3.17 pounds with the cover and is just a half-inch thick so you can easily slide it into your bag with your device.

Connect with one cable

- Get to work fast with a USB cable that's also the display's power source. Simply fold back the cover and connect to your device's USB-A port¹ and you're ready to go.

Double down on screen space

- Add a second screen for your solo tasks, project sharing or group presentations with a 14" diagonal IPS screen with 1920 x 1080 resolution² and 16:9 aspect ratio.

Featuring

- Protect your display on the go with a fashionable and functional design that complements HP PCs. The smooth, easy-to-carry wraparound case is also an adjustable, small-footprint easel for use on a desk or table.
- Be a better consumer with a display that is ENERGY STAR® certified and built with low halogen components.
- Rest assured that your IT investment is supported by a three-year standard limited warranty. To extend your protection, select an optional HP Care service.
