K64453WW

### Product Description

The Kensington Laptop Locking Station 2.0 was created to protect the MacBook® and other ultra-thin laptops. Providing the trusted protection that has made Kensington The Professionals' Choice™ in laptop security for over 25 years, the Laptop Locking Station 2.0 is the preferred desktop security solution for ultra-thin laptops without security slots.

### Features

- Professional-level design provides a sleek, brushed aluminum locking station that provides side port access and superior flexibility in laptop engagement.
- Non-invasive locking technology requires no hardware modifications to the laptop, preserving your laptop's aesthetics and hardware warranty.
- Adjustable security arms accommodate MacBook and other thin 11"-15.6" laptops.
- MicroSaver® 2.0 Keyed Laptop Lock has been verified and tested for industry-leading standards.
- Scratch-resistant bumpers line the back wall and base to protect your laptop from cosmetic damage.
