

# 65-Inch Mondopad and BigTouch Transition

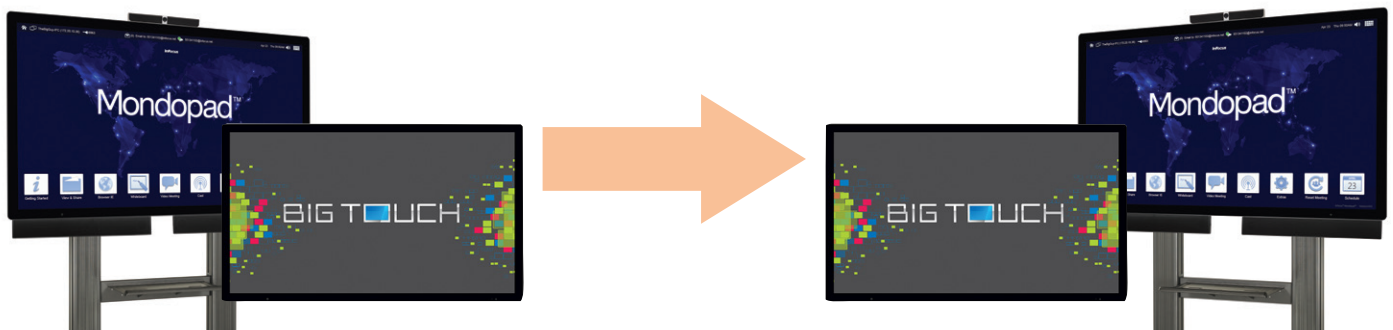

## InFocus Product Transition Notice

This document is for InFocus employees and reseller partners only

### The 65-inch Mondopad and BigTouch just got an upgrade

We're replacing the 65-inch Mondopad and BigTouch with upgraded models offering a 20% faster\* Intel CPU and double the storage capacity—powered by Windows 10 Pro.

The new **INF6522 / INF6522AG** and **INF6512 / INF6512AG** models include the same sleek, bezel-less design with easy to use capacitive touch, plus the upgraded 6th generation Intel based PC module.

#### If you sold:

**Mondopad**  
**INF6521 / INF6521AG**

**BigTouch**  
**INF6511 / INF6511AG**

#### Now sell:

**Mondopad**  
**INF6522 / INF6522AG**

**BigTouch**  
**INF6512 / INF6512AG**

### Key Improvements

- Intel Core i7 6700T processor (20% faster CPU & GPU)
- Intel HD Graphics 530
- Q170 chipset
- 256GB SSD vs. 120GB SSD
- DisplayPort out
- Standard Windows 10 Pro

### Other Important Features

- Fast, accurate 10-point capacitive touch
- Bezel-less design with edge-to-edge glass
- 8GB RAM
- USB 3.0
- Available with anti-glare

\* Performance improvement shown as an averaged result of multiple benchmarking metrics.
