French Chaos Soviet Inspired - Marshall

Well... I Dunno, But...

An irate citizen complained to us Friday about tourists in their trailers who were parked at Ranger's front door and who had the family wash strung out practically in front of the door.

The trailers were parked at the intersection of Main and Highway 80 in the parkway between the railway and the highway. We agree with the complainer. We don't like having the main entrance to our town looking like the front section of some city.

Maybe the tourists didn't realize that they were defacing the front door of the town, but the townspeople did.

This brought up the argument that has been tossed about for a number of years. Why don't we do something about beautifying that strip of land. One man said he'd give a tree if the other one would. That's two to start with and it wouldn't take long, we imagine, to get plenty more.

The main hitch about that kind of a deal has always been the question of who would take care of the strip if it were turned into a park. If we could get over that hurdle, the thing would be easy.

But we do wish that something could be done about it. A first impression of anything is usually a lasting one and if a little beauty were added to the first impressions of visitors and tourists coming to Ranger it wouldn't hurt any.

Any Solomon with a solution to the stumbling block could sure win the gratitude of a lot of people. If he'd just step up with the answer.

We once knew a family that made it a point to see that each of the children in the family, at Christmas, with a view to developing the love of reading. It worked, too. The person that looks forward to an evening with a book is seldom a lonesome person and the love of reading is an excellent quality to possess.

With something like this in mind and with the idea of making some money for the public library, the library committee will have a Christmas sale of books for children. By buying one of the books you can kill two birds with one stone. Get your child a good book and help one of the finest efforts now on foot in Ranger.

The library committee is doing an excellent piece of work. So much has already been done that when the home for the library is made available, they'll be ready to move in with a nice supply of books and some mighty well laid plans for the future of the library. Mrs. J. R. McLaughlin, chairman of the committee and Mrs. John M. Gholson, honorary chairman have been working for months building up plans, funds and gathering books, and deserve the recognition of the town for such a thorough job.

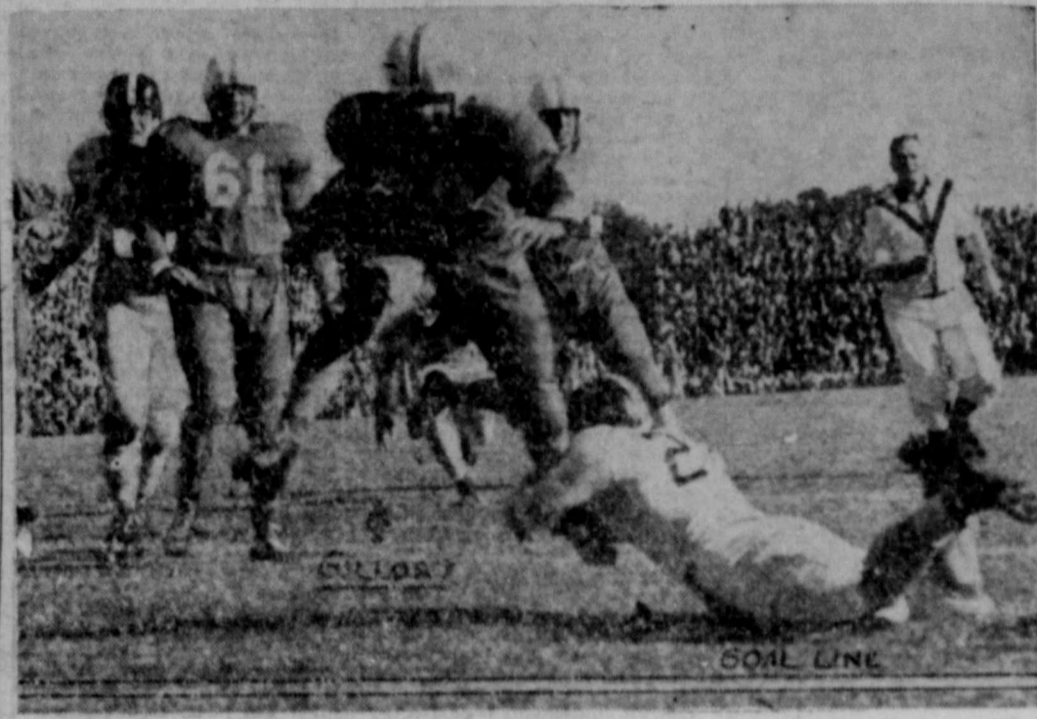

Mrs. Mack is an engineer deluxe and as full of ideas as the proverbial dog with fleas, and she always does something about her ideas. To the end that Ranger's forthcoming public library is becoming a thing of reality.

Which reminds us. People that do something and don't just talk about, doing it are an inspiration to those around them. We don't know whether it's a matter of getting ashamed of not doing things or whether it's just catching, but it usually works. That is if there's anything there for the germ to take hold of.

And you know, ideas aren't much good unless something is done about them. Some of the best ideas in the world die a natural death because nobody does anything about them.

It takes enthusiasm and faith in your ideas to put them over. Usually you have to sell others on the idea, that takes enthusiasm, and you gotta believe in 'em yourself before you can make others believe.

Texas Gets Sugar Bowl Bid

Knowing that a win would put them in a position to accept a Bowl Bid, the Texas University Longhorns put their all into the Turkey Day game at College Station, plowing over the Aggies by a score of 32-13. Here, Byron Gillory, No. 49, even though dragging an Aggie, drives across the goal line in the second quarter for a Texas touchdown. No. 61, Joe Magliolo, Texas; No. 79, Robert Tulis, A&M; No. 28, hanging on, Jennings Anderson, A&M. (NEA Telephoto).

ATOM BOMB SECRET GUARDED CLOSELY AT OAK RIDGE

By Ed Bridges
United Press Staff Correspondent
OAK RIDGE, Tenn. (UP)—War time hush-hush is relaxed some what here, but the United States' atomic bomb secrets still are guarded cautiously.

If somebody got you a pass through one of the heavily guarded gates, the first thing you'd want to see is the celebrated nuclear energy pile where the atom is split.

Nothing doing. You might be taken within 200 yards of it outside a rugged steel fence. But all to be seen there, even with binoculars, which are now permitted, is a smallish metal building. Inside that is the pile.

Try again. Maybe a look-see will be permitted inside the big plant where an electro-magnet 235 feet long extracts the element U-235 from uranium ore. The magnet is so powerful that nails in worker's shoes can make walking difficult near it. It can snatch a heavy wrench from a worker's fist.

No admittance. Another stout fence. More armed guards. Ride another four miles through winding mountain roads for a new try. This time the gaseous diffusion plant, nestled near the Clinch River. This is where U-235 is concentrated. It's 13 miles from the Oak Ridge townsite. It's one of those tremendous buildings you saw in an aerial photograph when the first atom bomb was dropped on Aug. 6, 1945.

Inside, 235 is separated from a chemical compound of uranium by gaseous diffusion through porous barriers. The barriers contain billions of holes smaller than two-millionths of an inch. The principal of separating U-235 from

SCHUMAN ASKS SWEEPING POWER TO DEAL WITH REDS

PARIS—Premier Robert Schuman asked the National Assembly today for sweeping emergency powers to cope with the Communist-led strikes and disorders, and Communist deputies answered him with screams of "murderer," "liar," "executioner" and "dirty swine."

The assembly met in mid afternoon to take up Schumann's request for new laws strengthening security provisions, providing stiff penalties for sabotage and establishing legal protection for anyone who wants to work. Charging that "more and more foreigners" were being found at the seat of the disorders, Schuman warned the Communist deputies that "we will show no pity toward those elements whom you send to France."

Committees had not completed their preliminary work on the

Army Canteen Makes A Long Ocean Voyage

PORT ARTHUR, Tex. (UP)—It's a big ocean but a small world, Cpl. William G. Akany believes. Akany tossed his army canteen, containing a slip of paper with his address on it, overboard from a Europe-bound transport.

More than three years later, Curtis Hamm, port agent for the National Maritime Union here, picked the barnacled object from the driftwood on the beach.

Hamm wrote Akany at his home address in Ohio and received a reply mailed at an army post office in Germany. The corporal said the transport ship was about 1,000 miles east of the Bahamas when he threw the canteen in the ocean.

Eleven To Be In Queen Contest

DENTON, Tex. (UP)—Eleven of North Texas State College's coeds will seek the title of 1948 Yucca Queen at a style show Dec. 8 to be held at the school.

Names Elephant And Gets \$50

PORT WORTH, Tex. (UP)—Barbara Nolene McReynolds, an 11-year-old girl with a nack for names, is \$50 richer today and a baby elephant has a new name.

Barbara, a 4th grade student, entered a contest to select a name for the elephant, born in India Nov. 15, 1946. She chose "Wrinkles"—a name that stuck.

The youngster was awarded the money in connection with the opening day parade of the Pirth Annual Moslah Temple Shrine Circus.

BENEFIT SALE OF BOOKS TO BE CONDUCTED

Beginning Friday, December 5, and running through December 20, members of the library committee of the Ranger Civic League will conduct a sale of children's books in the lobby of the Gholson Hotel.

Proceeds from the sale will go toward the library fund and the public is invited to patronize the sale.

The use of the hotel lobby was made possible through the courtesy of the owners of the hotel, Mr. and Mrs. S. Melbourne. Hours for the sale will be from 9:30 o'clock in the morning to 5:30 o'clock in the afternoon.

Mrs. J. R. McLaughlin, chairman of the committee, has announced the following schedule and staff for the sale: Mondays, Mrs. E. V. Ingram and Mrs. Hershel Angus; Tuesdays, Mrs. E. T. Eubank, Mrs. J. L. Clem, and Mrs. E. F. Arterburn; Wednesdays, Mrs. P. M. Kuykendall and Mrs. J. E. Matthews; Thursdays, members of the New Era Club; Fridays, members of the 1947 Club and Saturdays, Nancy Phillips and June Ann Morton.

Invasion Of Ants Plagues Italian Riviera

GENOA (UP)—Ants—millions of them—are wrecking the economy of Italy's thriving western Riviera. The world-famous sea resorts of Alasio, San Remo, Bordighera and Ventimiglia are among the areas worst affected.

Dozens of entomologists and specialized insect hunters have become "invited tourists" on the Riviera, answering the frantic appeals of local authorities to stop the ant invasion.

Of the "Argentine" variety—One of the smallest types identified by scientists—the ants started their invasion in 1937. Control measures adopted at that time appeared to have wiped out the threat. But during the war the ants had a field day and are back in force.

O. U. GI Students Doing All Right

NORMAN, Okla. (UP)—Statistics show that at the University of Oklahoma: (1) every other student is a veteran, (2) every other veteran is married, (3) every other married veteran is a father.

Officials in the registrar's office also said that of the 12,000 students, 7,050, including 97 women, were receiving GI bill allotments.

One GI attending O. U. listed six children.

Farmers and housewives are advised against storing apples with cabbage, potatoes and other root crops, since apples tend to take up odors of these crops.

BELIEVED TO BE EFFORT TO WRECK SOLID FRONT OPPOSING RUSSIA

Army Retirement System Being Investigated

WASHINGTON—Chairman Chas. McNair revealed today that his Senate armed services committee will study the military retirement system to determine whether Congress should enact new legislation on the subject.

The South Dakota Republican said he had followed closely the unfolding of the wartime activities of Maj. Gen. Bennett E. Meyers, the high-ranking Air Force procurement officer who was retired for disability in 1945 on a tax-free pension of \$550 a month. Meyers' pension was cut off by the Army as result of disclosures at the recent Congressional hearing.

A federal grand jury now is investigating the general's alleged undercover business ventures while he was buying warplanes for the government.

Though the armed services committee is not concerned specifically with the Meyers case, McNair said his group was "interested in obtaining all the facts on the military retirement system."

"The committee then will decide what, if anything, should be done in the way of legislative action," McNair told a reporter.

Another Delay On Palestine Feared Brewing

UNITED NATIONS HALL, Flushing—A parliamentary battle brewed in the United Nations General Assembly today over moves to stage off almost certain approval of the program to partition Palestine.

The maneuvering grew out of the sudden surprise move by France late yesterday which put off at least until today the crucial vote on whether to split the Holy Land between Arabs and Jews.

Faced with growing support for the Russo-American partition plan, desperate Arab states delegates met during the night to consider possible conciliatory gestures which might hold off a vote for days, weeks, or if possible, months.

Their chief hope appeared to be a move by Colombia, submitted in the waning hours of the fiery Palestine fight yesterday to delay a UN decision until next year on the future of the Holy Land.

Cub Scouts To Meet
The monthly meeting of the Cub Scout Pack will be held Monday night at 7 o'clock at the Second Baptist church.

Comedy moving pictures will be shown. All Cub Scouts are urged to be present and parents of the boys are invited to attend.

LONDON—Secretary of State George C. Marshall was represented today as believing the chaos in France was deliberately fomented by Russian-inspired Communists to wreck the solid western front opposing Russia on the German issues before the Big Four ministers.

Marshall, it was learned, considered the French situation "very dangerous" and feared it may destroy what little hope remained that the Big Four can get down to business on Germany. He was said to believe that the whole situation was stirred up to embarrass the admittedly weak French government.

This embarrassment, he was said to believe, was calculated to break the American-British-French front against Russia on the German question and thus strike the first blows of sabotage at the Marshall plan.

He also was understood to believe that the greatest danger lay in the possibility that the agitators won't be able to stop when they want to.

The critical situations in France and Italy overshadow everything taking place at the conference here. As one delegate put it—"We are battling with words here. There the battle is in the streets."

Nevertheless, the Americans expected to spend until noon today analyzing the clever propaganda trap Russian Foreign Minister, Vyacheslav M. Molotov set yesterday when he accused the western nations of plotting to set up a separate government for Western Germany and giving only lip service to unity.

American officials admitted it was a smart Russian propaganda maneuver and acknowledged the Soviets would make the most of it in Germany—especially the refusal of the western powers to answer "yes" or "no" to the charge.

With both the Senate and House in recess until Monday, administration leaders studied Taft's remarks for a preview of the criticism they must face when the Marshall plan comes up for debate later.

The Senate will try to dispose of remaining amendments a n d vote Monday on stopgap aid for France, Italy and Austria. The bill has not yet advanced to the House floor.

Father McClain To Conduct Program At Ft. Worth Dec. 10

Rev. James Wesley McClain of the Holy Trinity Episcopal church in Eastland will conduct a quiz program at 8:00 a. m. at Arlington Heights High School auditorium in Fort Worth on December 10 under the auspices of the Ladies Auxiliary of All Saints Episcopal church in Ft. Worth. It will be a benefit program.

PLANE MISSING

FRANKFORT (UP)—The United States Air Force announced today that an Army C-47 carrying 17 passengers and four crewmen was missing from Italy, and might be down somewhere in Germany.

Says Gasoline Shortage Will Close Stations

WASHINGTON—A government expert predicted today that filling stations will have to shut down at night and on Sundays this winter because of a shortage of gasoline.

But the big pinch on automobile drivers, he said, will come next spring.

Robert Friedman of the Interior Department's oil and gas division said at least half of the big petroleum companies are allocating scarce gasoline to dealers now and the rest will have to follow suit during the winter.

Although driving has fallen off slightly since summer, he said, the gasoline demand is still 10 per cent over the corresponding period last year.

Eastland Girl To Appear With A. C. C. A Capella Choir

Glynn Castleberry, a member of the A Cappella Chorus of Abilene Christian College, Abilene, will appear with the chorus in Houston, Temple, Austin, Lampasas, and Brownwood December 1-4. The chorus, under the direction of Leonard Burford, head of the Abilene Christian College music department, is making its annual fall tour.

She is the daughter of Mr. and Mrs. T. E. Castleberry of Eastland, and is a sophomore student in Abilene Christian College.

No Customers
GOSHEN, Ind. (UP)—Pete Vlasits has added a new dish to the menu in his Bungalow Garden. It's stewed octopus. So far, Pete says nobody has had enough nerve to ask for it.

Mayor James M. Curley, center, returns to his City Hall in Boston with his daughter Mary Curley Donnelly at his side and well wishers surrounding them. Curley resumed his position of Mayor of Boston after serving five months of imprisonment. (NEA Telephoto).

WASHINGTON COLUMN

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—A test case to determine whether the Veterans' Administration will have to pay "readjustment allowances" of \$20 a week to 25 million war veterans...

Edson
A Detroit auto worker... he was in service for four years. One year of his service he spent to work for GM...

TWO days after the shutdown, GM had taken its GM benefits under the readjustment allowance provisions of the GI Bill of Rights...

Edson
The GM claim was then made a test case. He was represented by UAW lawyers, who took the matter before a special appeal board of the Michigan VA office...

Then in July, 1946—four months after the GM plants had reopened—the Golas case was again appealed to the Michigan VA state readjustment agent...

In the Golas case GM appealed, putting the matter squarely in the lap of Gen. Omar Bradley, Veterans Administrator in Washington. Bradley ruled that the GM work stoppage was caused by a strike...

The whole Golas case has been reviewed for the court by U. S. Commissioner William J. Harr, of Washington. He has filed a report that the court does not have jurisdiction in this case...

One section of this act provides that, in all cases except matters dealing with insurance claims, decisions of the Veterans' Administrator shall be final in all questions of law or fact.

Rights of 10 million GIs will be fought out on that battle line.

SPORTS

BY HARRY GRAYSON
NEA Sports Editor

CHICAGO—(NEA)—Baseball writers unanimously voting Lou Boudreau as the Baseball Man-of-the-Year in Cleveland adds to the amusing situation on the shore of Lake Erie.

The famous shortstopper manager will receive an annual award initiated last year at a testimonial banquet and ribs and roast program early in February.

Cleveland's Baseball Man-of-the-Year designation was made to Bill Veck last April. Now it goes to the remarkable player whom President Veck admitted wants to dispose of in a trade involving Junior Stephens of the Browns...

VECK wants Boudreau, the shortstop, but not the manager, and the two obviously must go together in Cleveland.

Many prominent baseball men can't see how Boudreau can return to the Indians in any capacity. The Detroit club offers \$150,000 for Boudreau's contract...

It may be that Veck has talked himself out of the best shortstop in the business. It is also reported that the club head would like to buy Jim Hearn, one of the finest young catchers in the game.

It's A Long Road That Has No Turning

Clearing Skies Cheer Peanut Growers Outlook

Southwestern peanut growers welcomed clearing skies this week, which gave promise of drying fields and resumption of picking. Reports from the southeastern states indicate that a higher portion of the crop in that area remains unharmed for this season...

Mrs. Hames, Mrs. Peterson Buy City Floral Co.

Mrs. Maude Hames and Mrs. Verne Peterson have announced the purchase of the City Floral Company and have taken over management of the business. The new owners stated Saturday that by the middle of the week they will have a special supply of Christmas wreaths and other decorations...

F-owled Up
 Leonard Brammer suspected that he had an out-size bass on his line during a night fishing expedition near Indianapolis. Lighting a match, he stared into the eyes of this hood owl. The bird apparently heard the bait hit the water, thought a dive would result in a fish dinner. The catch scaled-in with a 43-inch wingspread.

NEWS FROM CISCO CALL AT 400 E. 7th Mrs. A. M. McBeth, Cor.

CISCO, Nov. 26—Mr. and Mrs. Tillie Maples of Rising Star were visitors Monday in the home of Mr. and Mrs. Dan Taylor.

Quit Worrying About Your Title—
 ... let us do it. If you suspicion or know your title is faulty give us a chance to help you. While the abstract may not cure every defect, it does assemble the material which places these defects or 'flaws' in position to be worked out. Delay in having your title abstracted won't help but often hinders, and adds to the expense later on. Don't further delay about this important matter.

SOCIETY «» CLUBS «» CHURCHES

Former Ranger Resident Is Married In Hebronville Ceremony Wednesday

Miss Ellie Beth Rhoads, daughter of Mr. and Mrs. George P. Rhoads of Hebronville, formerly of Ranger, became the bride of H. Shel L. Boothman, son of Mr. and Mrs. E. B. Boothman of Kingsville, in a ceremony at the First Methodist church in Hebronville on November 26, at 8:30 p. m.

The Rev. Leon D. Brown, Minister of First Methodist church, and Robert M. Collier of Eastland, a young ministerial student and a cousin of the bride, performed the double ring ceremony. The altar was banked with palms and baskets of white chrysanthemums. As Mrs. Leon D. Brown, organist, played "Ah, Sweet Mystery of Life," Miss Doris Brittain of Pharr and Miss Janice Smith of Taft, lit the candles at the altar. Miss Peggy Clausewitz of Bruni, sang "Because."

The bride entered with her father while the organist played the traditional wedding march. Her gown was of white slipper satin with a seed pearl design on the yoke, long leg-of-mutton sleeves with points that extended over the hands. The bodice was fitted and the full skirt extended into a cathedral train. The tiered illusion finger-tipped veil was trimmed with lace and fell from a tiara of seed pearls. She carried a white Bible topped with an orchid bouquet which was caught with clusters of ribbon and flowers.

Miss Janice Dinn of Bruni, was maid-of-honor. She wore a fuchsia moire taffeta of basque waist design, with a full skirt beginning at the hip-line; the gloves were of matching material. She carried a colonial bouquet of white carnations, and wore a white coronet in her hair.

Leslie Boothman, brother of the groom, was best man. George McLaugherty, Warren Wallace, Edward Phillips, and Tom Bothman, all of Kingsville, were ushers.

The bride's mother chose a brown dress with a corsage of small yellow chrysanthemums. The bridegroom's mother wore a blue dress with a corsage of pink carnations.

A reception was held following the ceremony at the home of the bride's parents. The table was laid with a lace cloth and centered with white carnations flanked by blue flowers. The wedding cake was a three-tiered heart-shape with a miniature bride and bridegroom.

Miss Jimmie Lou Dedenberry of Kingsville, was in charge of the bride's book. Miss Norma Griffin of Falfurrias, and Miss Betty Sue Drake of Pharr, served cake and punch.

For traveling the bride chose a sand-colored gabardine suit with

red accessories. After a short trip the couple will make their home in Kingsville and continue their studies at A&I college.

The bride is a graduate of San Marcos Academy, San Marcos. The groom is a graduate of Kingsville High School and served two years in the army, part of the time in Italy.

The bride is the granddaughter of the late Mr. and Mrs. T. L. Overby of Eastland and is also the niece of Mr. and Mrs. Turner Collier of Eastland.

MRS. RUSH SPEAKS TO HODGES P. T. A.

The Hodges Oak Park P. T. A. met Tuesday afternoon at 3:30 o'clock in the school.

After a short business session which was presided over by Mrs. G. E. Harper, Mrs. A. W. Brasada presented G. B. Rush who spoke on "Schooling For The Years Ahead" in which he stressed the need of more discipline and responsibility for the child in the home.

The children of Miss Mavarine Lemley's room were presented in a sing-song under the direction of Miss Mildred Balch.

A large group of parents and teachers were present.

Sixth Anniversary Of Pearl Harbor Attack, Dec. 7

Sixth anniversary of one of the darkest days in the proud history of the world's most powerful nation—the sneak attack by the Japanese on Pearl Harbor—will be the occasion for a statewide broadcast that should serve as a warning that another "Pearl Harbor" not only is possible but that such a disaster is entirely probable.

Sponsored by the Veterans of Foreign Wars, Department of Texas, this momentous broadcast will be featured by addresses by Gov. Beauford "F. Jester; by high ranking Army, Navy, and Air Force officers; by Ray Brannaman, Denver, Colo., commander of the VFW in Texas. The broadcast will be from 2 to 2:30 p. m., Sunday, December 7th.

Governor Jester will tell of the all important contributions of Texans in avenging the Jap attack that plunged the United States into history's most tragic world conflict, hostilities of which ended with the unconditional surrender of the Tokyo war lords who dared challenge peace loving America to mortal combat.

Representatives of the armed forces will briefly outline the world's most brilliant war effort, one that saw the fighting units of the United States grow from almost nothing to the most devastating war machine in the history of mankind.

In addition to this, the spokesmen for today's armed forces will sound true warnings that imminent danger lies ahead of a nation that once more has permitted its combat units to dwindle far below the minimum requirements of a sound national defense.

These speakers will join the Veterans of Foreign Wars in advocating the immediate adoption

Under Fire

Declaring "it appears . . . that vote frauds, election irregularities and the purchase of votes were prevalent," the Senate Rules Committee unanimously authorized a complete investigation into the 1946 election of Sen. Harley M. Kilgore, above, Democrat, of West Virginia. Thomas Sweeney, GOP candidate, is contesting the election.

of universal military training as the only safeguard of world peace and protection against the ever increasing threat of Communism.

Although the American people might like to forget Pearl Harbor, they will never be able to do so, and the Veterans of Foreign Wars, according to Commander Evans, believes that the tragedy of that peaceful Sunday morning six years ago should serve as a constant reminder that a nation unprepared is susceptible to future assaults that might prove even more costly.

"We of the VFW would not forget Pearl Harbor nor the tragic years that followed, years that saw hundreds of thousands of our finest men and women fall at their battle stations the world over. We are intensely interested in preserving our hard earned peace and we fought on foreign soil and on hostile seas can best do this through organized and concerted effort," Commander Evans said in announcing plans for the December 7th broadcast.

This statewide radio program will climax an intensive membership drive of the VFW in Texas, and will originate from an outstanding VFW Post in the district of the Department of Texas showing the highest percent of paid-up 1948 members based upon 1947 membership totals. This will be determined by reports to state headquarters in Austin as of Nov. 30th.

Commander-in-Chief Brannaman will give the VFW obligation to some 15,000 new members near the close of the broadcast, these members to be assembled in VFW halls throughout the state.

NEWS FROM GORMAN

GORMAN, Nov. 25 — Mrs. Graydon Pace and Joe Ed of San Marcos are visiting her parents, Mr. and Mrs. Lonnie Capers.

E. E. Buchanan of Paul Valley, Oklahoma, spent the past weekend with Dick Gray.

Mr. and Mrs. A. C. Skiles of Cisco spent Sunday with Mr. and Mrs. B. B. Brummett.

Mr. and Mrs. Odie Thompson of Hobbs, New Mexico, are visiting Mr. and Mrs. Tom Thompson and Mr. and Mrs. Quail Thompson.

Mrs. Bill Pogue, the former Elaine Boswell of Moriarty, New Mexico, is visiting her parents.

Dairy Cows Like Cold Weather If Properly Fed

Dairy cows like cold weather if they are properly fed and well housed.

Tight, dry dairy barns are about as good a substitute for rain in the winter time as any. G. Gibson, extension dairy superintendent at Texas A. & M. College points out.

Elaborate, expensive shelters are not necessary. But patching of roofs and walls with scrap lumber or tin will keep out rain and cut down cold drafts which lower milk production.

Cows which have to work their way through muddy lanes and feed lots use up energy which would otherwise have produced milk. That's where a slip or freeze comes in to make feed go further by draining off standing water and building up low spots.

Dairymen won't save any grain by cutting down on the milk cow's ration, Gibson says. The cow is going to take care of herself first and if her feed is cut, she'll cut the amount of milk she gives. Always give cows all the roughage that they will clean up daily and feed hay according to milk production to get maximum return.

Another little trick that will hold up milk production is to warm drinking water in cold weather. Milk is approximately 87 per cent water, and if the water is icy cold the cow won't drink as much as she needs. A simple way to warm water is to sink a half oil drum in the trough with rocks and start a fire in it.

Mr. and Mrs. R. C. Boswell.

Mr. and Mrs. A. B. Rankin are visiting relatives at Red Springs.

Miss Johnnie Dixon, daughter of Mrs. Ida Dixon of Gorman, became the bride of Homer Joe Sparkman, son of Mr. and Mrs. J. J. Sparkman, on Sunday, Nov. 23. The ceremony was performed at the Baptist parsonage in Iredell with Bro. Grayson Tennyson officiating. They will make their home in Fort Worth.

Public Urged To Use Tuberculosis Christmas Seals

WASHINGTON, D. C. (Spl.)—Deploing the "needless waste of lives" from tuberculosis, President Truman is urging Americans to join the fight against this disease by buying and using Christmas Seals.

President Truman opened the 41st annual Christmas Seal Sale of the National Tuberculosis Association and its 3,000 affiliates by accepting the first sheet of the 1947 Seals from Secretary of Commerce W. Averell Harriman at the White House.

Residents of communities throughout the country received seals in their mail Monday. The Seal Sale, to raise funds to support the tuberculosis control work of the associations, will continue until Christmas.

The President's complete statement follows: "It is heartening to learn that the death rate from tuberculosis is continuing to decline in the United States, but this fact should not give us a false sense of security.

"Hard work has forced the death rate down. More hard work, necessary to keep it down, is needed to other reminder of this than the spectacular rise in tuberculosis morbidity and mortality in Europe when controls were of necessity relaxed during the war.

"Even in this country we have no right to be too proud of our progress. I am told 50,000 Americans die annually from tuberculosis. Yet tuberculosis is a preventable disease and we cannot relax our effort to control it in the face of this needless waste of lives.

"All of us can contribute to the success of these efforts through buying Christmas Seals. These Seals, on sale from November twenty-fourth to Christmas, are the sole support of the National Tuberculosis Association and its affiliates in their year-round, nationwide campaign to control tuberculosis. We are effectively joining the fight against tuberculosis when we buy and use Christmas Seals."

Nitrogen in U. S. soil ranges from 7,000 pounds per acre to as little as 1,500 pounds an acre.

Schools Make Houses
HUMBOLDT, Ia., (UP)—Some people in Humboldt County are solving their housing problems by buying abandoned rural school houses. Five rural schools in Grove Township have been sold at auction, at prices ranging from \$375 to \$975.
