Same Day Shipping on Orders Received by 2:00PM MST
Widest Range of Recycled and Earth Friendly Products
We accept ALL major credit cards and offer Net 15 Terms.

Simply Call or Email us (sales@ilovethink.com) the SKU# and the quantity you want and we will process your order. It's That Easy.

CATALOG DEFINITIONS

We have made a concerted effort to have the various manufacturers assist us in standardizing the following Retail (MSR), Unit of Measure (UM) and Packaging (Pkg) definitions in this catalog:

MSR:

◆ Manufacturer's Suggested Retail

UM/Displays:

◆ **dy1** (bulk contents), **dy2** (peggable contents, including clip strips), **dy3** (bulk and peggable contents), **dy4** (empty)

UM/Tubs:

◆ **tu1** (bulk contents), **tu2** (peggable contents), **tu3** (bulk and peggable contents), **tu4** (empty)

UM/Open Stock - Bulk Pack:

◆ **bx** (box), **cn** (carton/case), **ea** (each), **kt** (kit), **pk** (pack), **pr** (pair), **st** (set), **rl** (roll), **tb** (tube), etc.

UM/Open Stock - Peggable Pack:

◆ **cd** (carded: 1 or 2 per card, clamshell, etc), **pg** (peggable, but not "carded"... ruler, bulldog clip, etc.)

◆ **pp** (peggable pack...3 or more per pack)

Packaging Column (Pkg) - Inner/Case Pack Quantities:

We use the term Inner Pack and Shelf Pack interchangeably. The same is true for Case Pack and Master Pack/ Carton. When there is no true Inner Pack then the first number represents an Individual Pack. This is designed to assist "buyers" in knowing how many retail selling units are in an Inner Pack and Case. It does not necessarily indicate minimum order quantities. That information is found in our pricer.

Examples:

(1) 6 selling units (Sku's) in each Inner Pack & 72 Sku's in a full case = **6/72**

(2) 72 Inner & 432 Case = **72/432**.

(3) No inner pack (Sku becomes the "individual" pack). Thus, 72 Sku's in a case = **1/72**

(4) There is only one Sku in a packaging unit = **1/1**

(5) Display & Tub = **1/1**

Note: if the information supplied to us by each manufacturer is correct, UM and the I/C information work in unison!

We appreciate and Thank You For Your Business!

Beautifully smooth

Beautifully smooth writing from a pen with jeweled accents, a sleek silhouette, soft contoured grip and beautiful floral embossing on the grip and metal tip.

MISCELLANEOUS

Sanford Sharpie® Counterfeit Detector Pens

Introducing the Counterfeit Detector by Sharpie® which is specially formulated to detect bad bills. The technology reacts to the presence of a key ingredient present in papers that are not used by the US Treasury. The ink marked on a suspect, counterfeit bill will change in color from golden brown to blue-black. An authentic bill will not produce an ink color change. This new marker is effective on all U.S. currency including "new design" bills.

C-Line Biodegradable Slider Pencil Cases

Made from acid-free, archival quality polypropylene which contains an additional additive that allows it to biodegrade when tested according to the ASTM D5511.* Case slides open for easy access to pens, pencils and more. Features snap closure. Assorted colors include: Blue, Aqua, Purple and Pink. *ASTM testing indicates this product will biodegrade in two to five years when buried in an anaerobic landfill. Because of the wide variation in landfill systems, actual timing may vary. Incidental parts (snap closure) are not expected to biodegrade.

ENVELOPES

C-Line Biodegradable Reusable Envelopes

Made from acid-free, archival quality polypropylene which contains an additional additive that allows it to biodegrade when tested according to the ASTM D5511.* Side loading envelopes for 11" x 8-1/2" document storage. Assorted colors: Blue, Aqua, Purple, Pink, Smoke and Clear. Velcro® closure. *ASTM testing indicates this product will biodegrade in two to five years when buried in an anaerobic landfill. Because of the wide variation in landfill systems, actual timing may vary. Incidental parts (Velcro closure) are not expected to biodegrade.

PORTFOLIOS

C-Line Two Pocket Poly Portfolios

Made from acid-free, archival quality polypropylene which contains an additional additive that allows it to biodegrade when tested according to the ASTM D5511.* Two-pocket, heavyweight polypropylene portfolios hold papers and resist tearing. Features business card slot. Assorted colors include: Blue, Aqua, Purple, Pink and Clear. *ASTM testing indicates this product will biodegrade in two to five years when buried in an anaerobic landfill. Because of the wide variation in landfill systems, actual timing may vary.

Avery Big Tab Two Pocket Insettable Plastic Dividers

Each divider features double plastic pockets, one on each side of the divider, to provide extra storage space for your important papers. The Big Tab design allows you to use larger fonts or more lines of text than on typical inserts for easier reading or more detailed labeling. Use a free template from avery.com to print tabs titles onto the included inserts using your computer and printer. The tabs' unique design keeps inserts from falling out, so your dividers stay securely labeled. Constructed with durable plastic, these dividers offer lasting organization in a big way. C-Line Biodegradable 5 Tab Poly Binder Index Dividers

Biodegradable 5-Tab Poly Binder Index Dividers are made from acid-free, archival quality polypropylene which contains an additional additive that allows it to biodegrade when tested according to the ASTM D5511. ASTM testing indicates this product will biodegrade in two to five years when buried in an anaerobic landfill. Because of the wide variation in landfill systems, actual timing may vary. Fits standard 3-ring binders. Assorted colors include: Blue, Aqua, Pink, Smoke, and Clear.

SHEET PROTECTORS

Avery Diamond Clear Bound Sheet Protectors

Protect your documents with these Bound Sheet Protectors. A single three-hole punched spine binds 10 sheet protectors to help you keep frequently referenced pages together and in order. The top-loading design makes it easy to insert pages, and the acid-free, archival-safe material ensures your papers stay in pristine condition. The durable spine anchors the sheet protectors securely in your three-ring binder without tearing, so you can enjoy long-term protection and convenience. Protects and binds 8-1/2" x 11" papers.

Bulk			
74106	50/ct	\$14.88 bx	1/10

Avery Diamond Clear Heavyweight Sheet Protectors

The solution to keeping your important papers protected is diamond clear. Designed to protect your papers and show them off impressively. Diamond-clear material delivers a crisp view of your pages as well as durable protection. The acid-free and archival-safe material ensures your pages stay in top condition and that print remains on your papers, rather than transferring to the sheet protector. Clear binding edge rounds out the professional look of your presentations and other documents.

Bulk			
75540	Clear, 10/ct	\$3.18 pk	12/72

C-Line Biodegradable Sheet Protectors

Biodegradable Sheet Protectors are made from acid-free, archival quality polypropylene which contains an additional additive that allows it to biodegrade when tested according to the ASTM D5511. ASTM testing indicates this product will biodegrade in two to five years when buried in an anaerobic landfill. Because of the wide variation in landfill systems, actual timing may vary. Top loading design eliminates the need for hole punching. Archival quality polypropylene means print won't stick to sheet protectors. Standard weight. For 11" x 8-1/2" document storage in standard three-ring binders.

Sanford Expo® Neon Black Board with 3 Markers

Black surface, magnetic dry-erase board measures 8-1/2" x 11". Included is a three marker Expo dry-erase set. The letter-size board offers a magnetic surface that you can write on or attach lists, reminders and more with magnets (sold separately). Board is easy to write on and easy to wipe clean. The neon markers make your notations easy to see. Marker colors include: Yellow, Orange, and Pink and are certified AP nontoxic (confirms to ASTM D-4263).

Clip-rite Clip-Tabs™

What do you get when you cross a paper clip with a paper note? Clip-Tabs™ by Clip-rite™, a newly patented 2-in-1 instant organizing product for taming the paper monster. Clip-Tabs integrate a high-quality, European-style paper clip with colorful and durable American paper tabs featuring large, two-sided writing areas. Used at work, school, or home, they can "clip and tab," write, file, pile, and instantly organize documents in one easy step. Clip-Tab paper is non-smearing; even gel ink is colorfast upon contact with Clip-Tabs' special paper stock. Clip-Tabs come in two spacious tab widths (small = 1-1/4" wide and medium = 1-5/8" wide) and many two-tone colors and pre-printed designs for easy sorting. They are writable, reversible, reusable and recyclable, and include a lightweight dispenser for easy access. Clip-Tabs™ are all one size and secure up to 30 pages. With the purchase of each inner pack, 1 clip-strip with colorful Clip-rite card can be purchased at NO extra charge.

Fiskars No. 7 Student Scissors

Larger than our Kids Scissors but smaller than adult scissors, yet perfect for those older children who are somewhere in the middle. But even though they are sized for growing hands, these scissors have all the features needed to deliver adult cutting performance. Sharp, stainless-steel blades are great for a variety of general cutting uses, precision-tip blades offer improved cutting precision, a larger finger loop and an ergonomic thumb loop provide comfort and control, and antimicrobial handle protection inhibits bacterial odors and helps prevent product deterioration. Available in a range of trend-right colors perfect for older students. Assorted handles include: Blue, Red, Lime, Purple, Pink, and Turquoise. Lifetime warranty.

DSS DormTape™

The Ultimate Adhesive Mounting Solution. Great for holding posters, signs, artwork, decorations, and just about anything else on walls and doors. Made with superior adhesives, DormTape's patented formula combines super strength with a clean removal that won't damage your dorm room wall or door. Sticks where traditional adhesives fail: brick, wood, cork boards, cinderblock, wallpaper, plaster, tile, blackboards, and other tricky surfaces. Sure you can try other adhesives to hold your posters, but if you want them to stay up all semester then you'll want DormTape.

Sakura Solid Markers

Marks through oil, grease, rust, mud, snow - inside, or outside. Permanent solidified paint markers won't fade or wash off like chalk. The special "stay fresh" twist top keeps paint fresh, and ready to use. Tough, broad stroke. Quick drying. Use on steel, rubber, cloth, plastic, cardboard, wood glass, concrete, and more.

Sanford Stained by Sharpie™ Brush Tip Fabric Markers

Brighter colors on fabrics as compared to Sharpie® Fine Point Permanent Markers. Brush tip markers are perfect for Staining your stuff! Wash without worries as the ink resists fading on most fabrics during normal wash cycles. Marker Care: To get the most out of your markers, store them in a horizontal position and always put the cap on after use. Fabric Care: For best results, machine wash in cold water and hang dry.

Tombow Dual Brush Pens®

The convenience of two tips in one pen: a versatile, flexible, nylon fiber brush tip and a fine tip with a single ink reservoir, ensuring exact color match. Create fine, medium, or bold strokes by a change of pressure or use the fine tip for consistent lines and tight drawings. Non-toxic, odorless, and non-bleed water-based ink blends easily. Ideal for use with rubber stamps. Acid-free.
