Fumbles Cost Bulldogs Any Hope for Title

Annual Dad's Nite Will Be Observed At Friday's Game

Chelsea High saw its chances for the Huron League title hopes blasted last Friday by Saline, 33-14. The Bulldogs had entered the game tied for first place with Saline, Lincoln and Dundee. The loss dropped Chelsea into a fourth place tie with Flat Rock.

Chelsea kicked off to Saline and on the second play Saline fumbled and the Bulldogs recovered on the 20. On the first play John Jones fumbled a pitch-out and the Bulldogs lost eight yards. They could not make up the "lost ground" and Saline took over on their 16.

The Hornets then marched 86 yards, sparked by the fine running of B. Woods. Woods scored from the four. A pass play was made for the extra point.

Three plays later Saline scored again as Jones fumbled the kick-off and Jim Rhodes scored on a reverse.

Following the kick-off, Jim McLaughlin fumbled and the Hornets recovered on the 35. Bob Wagner swept wide and went all the way untouched in the second quarter.

The Bulldogs fumbled and Saline scored from Chelsea 46 on a pass from Al Rentscher to Tom Simpson.

On the following kick-off the large group of Chelsea fans had their first chance to cheer as Odie Richardson ran back the kick-off 70 yards to the Saline 20. Quarter-back Hugh Weinberg threw a short pass to Glenn Weir who scampered in to score. Jones raced wide to score on the extra point.

Just before the end of the half Saline scored again as Tom Simpson ran back a punt 60 yards to the Chelsea six where he was hauled down from behind by Joe Bauer. Wagner scored on the next play.

In the second half the Bulldogs scored again as they marched 60 yards. Ted Nixon supplied a 20-yard pass to Glenn Weir. Don Mahar pass was good for 20 more. Weinberg hit Nixon with a T. D. pass from the 20. Jim McLaughlin cracked over for the extra point to complete the scoring.

This week Chelsea entertains dances in the annual Dad's Nite game. Fathers of the varsity players are honored at a half-time ceremony. Again this week the Bulldogs will be facing a team tied for first place, as Dundee has dropped out one league game, to Milan by a 20-0 count.

This marks the end of the home season and thus it will be the last time for fans to see 12 members of the varsity squad in action. The 12 are all seniors. They are Capt. Ted Nixon, Jim McLaughlin, John Bauer, Howard Brown, Jay Koster, Don Mahar, Glenn Weir, Neil Fahrner and George Collyer.

Abandoned Still Found in Woods of Harold Wahl Farm

While hunting Sunday, Danny Wahl, 13-year-old son of Mr. and Mrs. Harold Wahl of Clear Lake road, came upon an abandoned still set up in the woods on the family farm, approximately a mile from the farm buildings. Investigation by his father the next day was followed by reporting the find to the Jackson State Police Post and a trooper was sent out Tuesday morning.

It is not known how long ago the still had been operated but a full barrel of potent brew was found, along with quantities of cracked corn, empty sugar sacks, potato sacks and jugs. The barrel of brew left at the spot had evidently not turned out as well as expected or else the moonshiners were frightened away and were unable to take it with them.

Access to the secluded spot where the still was found was gained by driving through the woods from U.S. 12. A hole had been dug in a nearby swamp to procure water for the brewing operation and firewood from the woods had been used for the fire needed to boil the mixture.

New Deputy Brings Sheriff's Department To Full Strength

High D. Robinson of Ypsilanti has been named as a member of the Washtenaw County Sheriff's Department, bringing the department to its full strength of 32 members.

Robinson fills the vacancy caused by the resignation of Clair Oltersdorf. Oltersdorf's position as detective was filled by the promotion of Deputy Vincent Snell, Robinson stepping into the deputy's shoes.

Robinson formerly served as a deputy sheriff in Florida and is a former University of Michigan security officer.

PROF. PRESTON W. SLOSSON

Prof. Slosson To Speak at Library Meet

The fall meeting of the Friends of the Chelsea Public Library will be held next Monday, Oct. 31, at 8 p.m., in the library and people of the community are invited to attend.

Preston W. Slosson, professor of history at the University of Michigan, has been secured as the guest speaker of the evening. An exceptionally able speaker, his talk here should be particularly interesting following recent travels and studies in Italy and Germany.

He was on sabbatical leave from the University for the 1954-55 school year and for the first semester held a Haynes Fellowship at the University of Redlands, Calif. His travels in Europe took place during the second semester of the school year.

He has been at the University of Michigan since 1937 and in 1938 and 1939 was Carnegie visiting professor at Bristol, Manchester, and Glasgow Universities.

He is the author of a number of books, among them being "World History," published in 1942, and "History of the English Speaking Peoples," published in 1943.

The fall meeting program is sponsored jointly by the Library Board and the Friends of the Library.

Christian Advocate Editor To Speak at Free Seat Dinner

Dr. John E. Marvin, editor of the Michigan Christian Advocate, will be the principal speaker at the annual Free Seat Dinner which is being held by the First Methodist Church Thursday, Nov. 3 at 6:30 p.m.

Dr. Marvin has served the Methodist Church faithfully for many years. After graduating from Albion College and Drew University, he became a member of the Methodist Church, serving several churches in that conference as their minister. In 1936 he accepted the position of associate editor of the "Michigan Christian Advocate," and in 1939 he became the editor.

He received an honorary Doctor of Letters degree from Albion College in 1941. Dr. Marvin attended the international meeting of the World Council of Churches at Amsterdam, Holland in 1948, and last year he was present at the Second Assembly meeting of the Council at Evanston, Ill.

He will be one of the delegates representing Michigan Methodists at the General Conference of the Methodist Church in Minneapolis, Minn., next April.

Gerald Lehmann, son of Mr. and Mrs. Hazen Lehmann, who received his commission as a second lieutenant in the Air Force ROTC at Michigan State University, has been active duty and is now stationed at Lowry Air Force Base, Denver, Colo.

Members of the Council, including Cooperative Extension Service, Agricultural Stabilization and Conservation District Forester of the Michigan Department of Conservation, Soil Conservation Service, National Farm Loan Association, Farmers Home Administration, and Production Credit Association, and (some of the) Vocational Agricultural teachers, will again offer this service to farmers in the county in the near future.

Donald Maurer and Pat O'Malley, volunteers from the Agricultural

Former Meat Market Operator Dies Sunday Noon

Fred G. Loeffler, who, with his son, Herbert, operated the Central Meat Market here from 1919 until his retirement in 1947, died Sunday noon at Colonial Manor hospital. He had been a patient there the past five months.

Mr. Loeffler was a member of St. Paul's Evangelical and Reformed church and had served some years ago as a member of the church council. He was also a member of Olive Lodge No. 150, F.&A.M.

Born in Freedom township Sept. 25, 1869, he was a son of George and Magdalen Bahmiller Loeffler. He was married to Elizabeth Stierle April 6, 1893.

They farmed in Freedom township until 1919 when they moved to the present home at 134 Orchard street. Mrs. Loeffler died Aug. 10, 1937.

Survivors of Mr. Loeffler are the son, Herbert; two daughters, Mrs. Bert Foster of Ann Arbor, and Mrs. Wilbert Koenigter; a brother, Emanuel Loeffler of Ann Arbor; two sisters, Mrs. Adeline Eschebach and Mrs. Charles Grieb; two grandchildren, Mrs. Richard Kinsey of Ann Arbor, and Loren Koenigter; and five great-grandchildren.

Rev. P. H. Grabowski officiated at the funeral services held at 2 o'clock yesterday afternoon in the Staffan Funeral Home. Burial followed in Oak Grove cemetery.

1,393 Persons Have Free Chest X-Rays

A total of 1,393 people had free chest x-rays while the mobile x-ray unit was in Chelsea. The number included 834 in the industrial group and 559 who took advantage of the opportunity to have the x-rays while the mobile unit was parked on East Middle street Thursday, Friday and Monday.

Tuesday and yesterday the unit was working in Dexter and today it is at Whitmore Lake.

The mobile x-ray unit's visits to the various communities are sponsored by the Washtenaw County Health Department and the Washtenaw County Tuberculosis Association in an effort to detect early signs of tuberculosis.

At the Health Department it was stated that processing of the x-rays takes approximately three weeks to a month. Self-addressed cards attached to the registered films will be mailed to every person who was x-rayed, showing the result; however, if anything is discovered which it is felt the person might consider should remain confidential, the card or other information will be sent in a sealed envelope by first class mail.

School Board Begins Discussing Needs in New High School

A special meeting of the Chelsea Agricultural Schools Board of Education is scheduled for tonight. It is planned to discuss interviewing architects and also discuss invitations to bid to serve on the Citizens Advisory Committee for a proposed new high school.

Announcements made this week state that improvements at South Elementary school include the installation of sinks and bubbler drinking fountains in each of the rooms during the time schools were closed for the MEA meetings last week.

Also installed at the school was a flag pole, erected at the south entrance.

The village has been dumping fill dirt at the south side of the school, a service much appreciated by the school board.

Between now and next spring, lime should be spread for agricultural purposes in the village within a 10 a.m. and 2 p.m. at Chelsea High school Monday, Nov. 7. Philip Smith, Chelsea High school agricultural instructor, is cooperating with the project. A cupful of dry soil taken from several places in a field with plow depth is required for testing. No charge will be made for testing for lime requirements and results will be available at once. Farmers wishing complete analysis for fertilizer needs may leave samples at the same places plus 50¢ test cost. The complete analysis is handled in the County building.

Between now and next spring, lime should be spread for agricultural purposes in the village within a 10 a.m. and 2 p.m. at Chelsea High school Monday, Nov. 7. No charge will be made for testing for lime requirements and results will be available at once. Farmers wishing complete analysis for fertilizer needs may leave samples at the same places plus 50¢ test cost. The complete analysis is handled in the County building.

Halloween Party Set for Monday Eve

Window Painting Contest Scheduled To Be Repeated

Next Monday, Oct. 31, is the date for the annual Kiwanis-sponsored Halloween party for all children of the community. The customary parade will get underway promptly at 6:45 p.m. after children have been given noisemakers in the gymnasium at Chelsea High school at 6:30 p.m.

The parade will form in front of the gymnasium.

Prizes are again to be awarded for four classifications of costumes: spookiest, neatest, most original and most typical of Halloween. First, second and third place awards will be \$3, \$2 and \$1 respectively, in each of the four classes.

In connection with the annual Halloween party, a window painting contest is again being sponsored by the High School Principal John Griffin. He is in charge of the window painting contest and he should be contacted by those who wish to enter.

There are three age classifications for the window painting contest and each class will have prizes of \$1, \$3, \$2 and \$1 for the winners of first, second, third and fourth places. Age groups are 4 to 12 years; 7 to 9 years; and 10 to 12 years.

The parade will include the village fire trucks and the Chelsea High School band, in addition to the youngsters in costume.

At the conclusion of the parade, cider and doughnuts will be served around the traditional bonfire on the playground at the high school and this will be followed by a program in the gymnasium. The entertainment will include a combination magic, juggling and comedy skits by the troupe who call themselves "The Strollers."

All Chelsea Kiwanians will be assisting with the parade and entertainment for the pleasure of the youngsters of the community. All they ask in return is that youngsters go straight home after the entertainment and that they cooperate by heading the Kiwanis request to confine "trick or treats" night to Saturday instead of the customary night before the parade. They feel "trick or treats" activities are out-of-place on a Sunday.

Mission Festival To Be Held Sunday At St. Paul's

Rev. David S. Noss, professor of religion at Heidelberg College, Tiffin, Ohio, will be the guest speaker at the annual Mission Festival of St. Paul's Evangelical and Reformed church, Sunday, Oct. 30. He will preach the sermon at the morning service at 10:45 a.m.

Rev. Noss will bring with him two foreign students, one being Irina Kolobov of Latvia, and the other from China. They will participate in an evening service to be held in the church hall at 7:45 p.m.

Also scheduled to be here for the evening service is a vocal quartette of students from the college.

Sunday school will take place at the customary hour, 9:30 a.m.

The special annual Mission Festival has become a tradition at St. Paul's church during the 90 years since the congregation was founded through the efforts of Rev. Friedrich Schmidt, a German missionary who came to the United States in 1833.

All members and friends of the congregation are invited to attend both services.

Mike Apel Almost Bows Perfect Game

Larry "Mike" Apel, owner of the Sylvan Hotel and Bowling Alleys, almost bowled a perfect game, last Thursday night in sanctioned league competition.

Apel combined games of 205-210-207 for a 712 total, the highest sanctioned 3-game total and single game bowled in Chelsea.

100 Years Young

Mrs. Anna Hoag

Mrs. Anna Hoag To Be Honored at Sunday Reception

Next Sunday afternoon from 3 until 6 o'clock, Mr. and Mrs. G. L. Staffan will entertain at an open house reception in celebration of the 100th birthday of their grand-aunt, Mrs. Anna Hoag. All relatives, neighbors and friends of Mrs. Hoag and the family are invited to attend.

Mrs. Hoag was born in Lima township, Nov. 1, 1855, a daughter of William G. and Sarah Coy Dancer. She is the only surviving member of her immediate family which included seven sisters and brothers.

She is a life member of Olive Chapter No. 108, Order of Eastern Star, and served as secretary of the chapter for 28 years before her retirement from the office in 1939. Mrs. Hoag is also a past matron of the chapter.

She was formerly a member of the Chat 'n' Sea of the Congregational church. For many years she was a Sunday school teacher and also served as benevolence treasurer of the church.

She was formerly employed as a bookkeeper for the Chelsea Electric and Water Department for a number of years, retiring about 25 years ago.

Mrs. Hoag has always made her home in Chelsea except for a short time when she lived at Kingman, Kans. and at Oxford, Ind. For the past 10 years she has lived at the Staffan home.

Paul Mann Elected To Head Kiwanis Club Next Year

Kiwanis club officers for 1956 were unanimously elected at the meeting held Monday evening and include the following: Paul Mann, president; John Alber, first vice-president; James Daniels, second vice-president; James E. Liebeck, treasurer; Leo Bishop, Charles Rogers, William Rich and George directors for two years. Directors who remain in office for another year of their terms are William Collins, John Griffin and Luther Kusterer.

Secretary of the club will be appointed at the next directors' meeting.

William Myer of Milan, Kiwanis lieutenant-governor of the Sixth Division, presented the club with a gold star and ribbon for reaching the "5 for '55" membership goal for its five new members taken in this year. Kiwanis President Charles Cameron was also presented with a certificate of merit for attaining the membership goal.

Announcement was made of the sixth annual birthday observance of the Milan Kiwanis club which takes place at 7 o'clock this evening in the gymnasium at Milan High school.

M. J. Anderson of the Chelsea club—a past Michigan District governor—is to be master of ceremonies and Mr. and Mrs. Paul F. Niehaus will lead the group singing. Robert Cray of Jackson, present Michigan District Kiwanis governor is to be the guest speaker.

There will be no regular dinner meeting of the Chelsea club the next two weeks, it was announced. Next Monday, Oct. 31, all Kiwanians are expected to help with the annual Kiwanis Halloween party for children of the community. (Continued on page five)

'Take-It-Easy' Auto Economy Run Set Sunday Afternoon

Qualified Teen-Age Drivers May Still Sign To Participate

Chelsea young people who are planning to participate in the annual "economy run" automobile event next Sunday include Jim Geer, Fred Klink, Ron Foster, Alan LeVan, David Wolfgang, David Collins, Doris Mahar, Jim Baxter, George Staffan, and Duane Walz and Llewellyn Lehman.

Ray Glasser, driver training instructor at Chelsea High school, who, with John Griffin, high school principal, is in charge of local arrangements—for the sponsoring Chelsea Kiwanis club, said he hopes to have at least 20 youthful drivers signed up by Sunday.

Last year 12 drivers took part and one of the Chelsea participants, Jim McLaughlin, was interscholastic winner in the heavyweight class which included entries from Manchester, Dexter, Tecumseh and Brooklyn, in addition to those from Chelsea.

Winners were honored at a dinner given Nov. 8, 1954, by the Manchester Exchange club, sponsor of the interscholastic event, and received trophies provided by the club.

Starting time for the run Sunday for Chelsea drivers has been set for 1:00 p.m. Starting point, following last year's plan, will be the corner of South Main and Orchard streets. End drivers must be accompanied by an adult observer.

All cars used in the run must be regular stock cars with no "gimmicks," special carburetors or other devices permitted; however, for best performance engines should be tuned, spark plugs checked, carburetors adjusted, wheels checked for balance and alignment, and tires pumped up. Harter tires give better mileage, it was pointed out, but for the sake of safety a limit of 35 pounds has been set.

There will again be two classes—heavyweight and middleweight—the former with gross weight of 4,200 pounds and over and the latter under 4,200 pounds.

The map of the course will not be handed to contestants until the car is weighed in—just before the run starts. The cars are also inspected at that time to make sure that all requirements are complied with. The weighing-in and assignment of Kiwanians as adult advisors will take place at Chelsea Lumber shop where cars are to meet at 12:30 p.m.

The economy run event, also known as a "take-it-easy" run, was first held in Manchester late in 1952 and was the first event of its kind for high school students anywhere. A time limit was set for completing the course with the aim being not the speed in which the drive was completed but the least amount of gas used. Winner of the first Manchester run in the heavy car class made 20.38 car-miles per gallon. This was translated into ton-miles in order to eliminate the weight factor and the figure came out 49.4. Jim McLaughlin's mileage in a 1954 Cadillac last year was 24.67 car-miles which translated, came to 61.6 ton-miles.

Kent Ingraham of Brooklyn, winner of the middleweight class, made 33.88 car-miles and 62.08 ton-miles per gallon on the 1953 Plymouth car he drove.

After gassing up the cars at Alber Motor Sales Sunday, each one will be pushed by hand to the starting line; each will be timed for start and again for the finish to show the total elapsed time. It does not exceed the allowed limit. Gulf Refining Co. will contribute the gasoline used in the contest by the Chelsea entrants. Contestants, however, must pay for their first tankful when they fill up at the start of the run. The tank will be refilled on their return.

It is hoped Chelsea people will turn out and give the contestants a good send-off as they start out at 1 o'clock. Cars of contestants from the other towns entered will be going through Chelsea for approximately two hours. Most of the cars as well as the Chelsea entries will have placards on the sides identifying them as participants in the economy run.

Maxwell G. Sweet has agreed to do the mathematical calculations necessary in translating car-miles to ton-miles in determining the local winners.

Chelsea winner of the middleweight class last year was George McConaughy with 25.41 car-miles and 52.41 ton-miles, followed, driving a 1955 Mercury car. The middleweight class included entries from Clinton as well as the towns previously mentioned. Customarily the course is kept as nearly as possible within the 95 to 115 mile limit with the total elapsed time for the completed run approximately three and one-half hours.

Mrs. Pilsa Gage and Miss Lillie Wackenhut attended the funeral of K. Otto Steinbach in Flint Wednesday of last week and were other guests of the former's daughter and her husband, Mr. and Mrs. Don Laho. They returned home Thursday evening.

John F. Hazzard, director of the Fisheries Research Institute, who has stated that such impoundment typically produce excellent pike and perch fishing which later, for some unexplained reason, shifts to bass and bluegill. Dr. Hazzard explained that an attempt will be made to learn the reason for the shift in fish and also, to learn if the shift can be prevented. Because the project is state-

owned, Dr. Hazzard pointed out, fisheries experts will be able, for the first time to carry on a thorough degree of study of an impoundment that is entirely the property of the state.

Brauninger Addresses Kalamazoo Republicans

Walter Brauninger was in Kalamazoo last night to address the Kalamazoo county Republican club on the topic "Why We Need R.I.C." Brauninger was accompanied by Harry Brothers, chairman of the Washtenaw County Republican Labor Committee.

Their appearance at the Kalamazoo meeting was the result of a request from members of the AFL Union in Kalamazoo.

FLYING FINGERS

"Flying Fingers" 4-H club met at the home of their leader, Mrs. T. G. Riemenschneider, Saturday, Oct. 22.

The following officers were elected: president, Ruth Ann Sexton; vice-president, Detores Scripser; secretary-treasurer, Barbara Williams; news reporter, Betty Cummings; recreation, Mary Lou Sexton.

Three new members, Kathy Salisbury, Lois Sanderson and Carol Lawson, were accepted. Betty Cummings, reporter.

"I think you've flooded the carburetor, Mabel."

King-Seeley Corp. Tells Plans For Expansion of Scio Plant

Announcement was made this week that the King-Seeley Corporation's Scio plant is to have a 45,000-square-foot addition, with construction slated to start soon. Estimated cost of the new addition is \$500,000.

The new addition will increase the manufacturing space at the Scio plant to 270,000 square feet and will permit further consolidation of the company's manufacturing work now divided between the Ann Arbor and Scio plants.

Firemen Answer Three Calls for Help

At 4 o'clock Wednesday afternoon of last week the Chelsea Fire Department was called to the farm of Norman and Loren Hinderer on Scio-Chase road where a diesel-powered tractor was seriously damaged by fire.

Early Thursday evening a run was made to the William Wilkerson home, 139 East Summit street, when a refrigerator motor in an upstairs apartment burned out.

Friday, at 8:45 p.m., Chelsea firemen responded to a call for help in fighting a fire in a laundry and utility building at the State Conservation camp on Maute road in Waterloo township. The Conservation camp's fire-fighting apparatus had been on the scene and the Chelsea firemen were called to assist. The building was badly damaged.

Michigan is the nation's largest producer of motor vehicles and parts, automobile trailers, cutting tools, woodworking machinery, grey iron, breakfast foods, and refrigerators.

Although Michigan generally is best known as an automobile producing state, it actually manufactures 81 per cent of all types of industrial goods.

Elementary PTA Gives Approval to Budget of \$860

A panel discussion of questions submitted by means of a question box set up in the school after the September meeting, proved informative to both parents and teachers who attended the Elementary PTA meeting in South Elementary school Wednesday evening, Oct. 18.

Chairman of the evening's program was Keith Paulson while panel members included Mrs. Francis Snygar, Mrs. Chester Bowling, Scott Freeman, Mrs. E. Kelly, Dr. J. V. Fisher, School Superintendent Charles Cameron and John Lee, Lyle Bouck, Dexter school superintendent, acted as moderator.

Present for the meeting were 150 parents and teachers with 52 new members added to the PTA membership roll.

The refreshment committee included Mrs. Robert Turner, Mrs. Russell Bernath and Mrs. Jerry MacDougall.

Wednesday's meeting was opened by the PTA president, Mrs. Eleanor Freiligh, who asked John Lee, lay vicar of St. Barnabas Episcopal Mission, to give the opening prayer.

The business session included a report of an executive board meeting held Oct. 12, those present at that meeting being Elementary Principal Arthur Schmunk, Mrs.

Eleanor Freiligh, Mrs. Sallie Smith, Mrs. Shirley Dahn, Mrs. Chester Bowling, Mrs. Grace Jennings and Mrs. Vernon Parks.

The report stated that Mrs. Bowling, as finance chairman, had submitted a proposed budget for the fiscal year from September, 1955, to September, 1956, with expected expenditures listed as \$800.

Other action at the executive board meeting, according to the report, were decisions to suggest spending \$10 for PTA literature; to suggest dispensing with the dinner in connection with the annual PTA Penny Carnival and that the annual Founder's Day dinner be followed by a movie; and another suggestion that Mrs. Freiligh appoint a committee to secure material necessary to shade a room or rooms from sun glare at South Elementary school.

The committee includes Mrs. Chester Bowling, Mrs. Arthur Schmunk, Mrs. E. Kelly, Mrs. Susanne Pollard, Mrs. Maxwell G. Sweet, Mrs. Jean Reith and Mrs. Joyce VanderMeer.

Mrs. Jennings announced at the executive board meeting that Dr. George Brower of Michigan State Normal College at Ypsilanti is to be the speaker at the November PTA meeting and the hospitality committee announced that name tags were ready for all teachers, officers and chairmen of committees to wear as identification at meetings.

At the PTA meeting Wednesday, the report of the executive board was approved and the proposed

budget for the year was accepted. The treasurer's report showed a balance of \$968.80.

Announcement was made of the Oct. 20 Washtenaw county PTA Council meeting and the Nov. 2 and 3 sessions of the annual parent education institute. The next regular PTA meeting will be held Nov. 16.

The program period at Wednesday's meeting included group singing led by Miss Martha Smith with Mrs. Carl Mayer serving as piano accompanist.

Serving ice cream for dessert! It's a good idea to chill the serving dishes in the refrigerator at least an hour ahead of serving time to prevent ice cream from softening too rapidly.

Soaking inflations and milk-carrying tubes in a cold lye solution is a simple, easy way to keep milking machine parts sanitary. Use a 13-ounce can of lye in a gallon and a half of water, recommend dairy scientists.

Geologists estimate Michigan's supply of salt at 71 trillion tons.

PERSONAL NOTES

Guests from Thursday until Sunday at the home of Mr. and Mrs. E. W. Eaton were their son and his family, Mr. and Mrs. David Eaton and children, of Saginaw.

Edwin Boutler, with Mr. and Mrs. Albert Fink and family, of Wrentham, spent Sunday afternoon with Mr. and Mrs. Alvin Jodelo and family at their home near Salline.

Mr. and Mrs. Fred Benson and son Mark, of Medina, N. Y., were guests of Mrs. Benson's parents, Mr. and Mrs. Wilbur Hinderer, from Thursday until yesterday morning. Saturday Mr. and Mrs. Benson attended the homecoming at Michigan State University.

Cpl. and Mrs. Gene Lake of Fort Knox, Ky., spent the week-end here as guests of the former's parents, Mr. and Mrs. Clarence Lake. Sunday Mr. and Mrs. Lake and their guests and Mr. and Mrs. Marvin Stofor and sons, George and Rodney, had dinner together at the Stofor home.

Guests from Wednesday until Friday at the home of Mr. and Mrs. Francis Sinyor were Mrs. Sinyor's sister, E. M. Wyssobach, and her brother, Edward Wyssobach, of Wichita, Kan.

Mr. and Mrs. Mac Packard and family, with Judy Kavel of Dexter, Promont and Winston Boyer and Mr. and Mrs. Duane Boyer and daughter, spent the week-end with Mr. and Mrs. Alpha Sanders in Charlotte. The occasion served as a celebration of the October birthday of members of the family.

Two Injured in Bus-Auto Crash At Intersection

A Manchester woman and her mother received head injuries and the car she was driving was demolished when it was sandwiched between a Greyhound bus and another car in an accident at the intersection of M-92 and US-12 at 7:45 p.m. Thursday.

George Doe, Chelsea police officer who investigated said both women were taken to U. of M. hospital, Ann Arbor. The injured women are Mrs. Ethel Wellhoff of Manchester and Mrs. Lillian Walton of Grass Lake, according to police records.

The mishap occurred as the bus, driven by Dugan William Patton of Detroit, was passing the Wellhoff car and Mrs. Wellhoff started a left turn onto M-92. The bus shoved the car ahead and into an oncoming car with a trailer attached, driven by Edward P. James of Urbana, Ill.

The right front of the bus was damaged but the vehicle was able to continue on its way.

A bus passenger, Harry Eelsot, of Oak Park, was only slightly injured and traveled on in the bus.

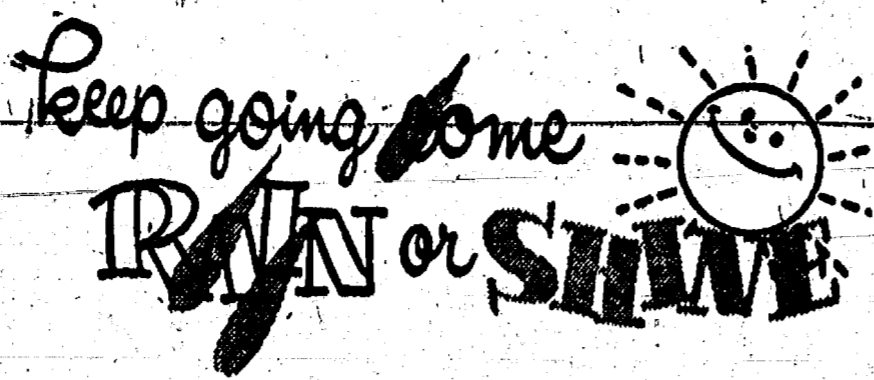

The bus and the Wellhoff car were both traveling west on US-12.

Toy Balloon Found Here Released West of Chicago

Tuesday, Oct. 18, Mrs. Julius Reule found a small deflated balloon in the cornfield behind her home on Wilkinson street. Information on a card attached to the balloon indicated that the balloon had been released at Addison, Ill., 20 miles west of Chicago, Sunday, Sept. 11, by Malinda Kirsch. The balloon-releasing project was sponsored by the Lutheran Child Welfare Association and was one of approximately 1,000 sent up the same day.

A similar balloon had been picked up on the Robert Heller farm, on Gaucher road, Sept. 13. It was explained at that time that the child whose balloon went the farthest was to get a prize.

To extend butter when making large quantities of sandwiches heat in some evaporated milk with a rotary beater or electric mixer.

THANK YOU

We wish to thank the people of Chelsea for their wonderful response in our recent paper drive; also the individuals and concerns of the community who donated time, effort and equipment to assist us in collecting the paper. The grand success of our venture would not have been possible without this cooperation. Chelsea Boy Scouts.

CARD OF THANKS

I wish to express my thanks to Pastor Kaiser and the officers of the Ladies Aid and sick committee and the Ladies Aid for the beautiful plant. I appreciate it very much. Thanks again. Mrs. Emma Kline.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to our relatives, friends and neighbors for the sympathy extended by means of cards, flowers and many kindly acts during our recent bereavement. We especially thank the Red Cross Chelsea Blood Bank and Central Fibre company, employees for their contributions of blood; King-Seelye Scio plant for flowers and other expressions of sympathy; and Rev. W. H. Skentelbury for his comforting words. We shall always gratefully remember the thoughtfulness which prompted these kindnesses. Family of Theodore F. Jarvis.

Hooker Electrochemical, DuPont and Union Carbide are several of the companies which have located in Michigan in recent years because of the state's large supplies of salt and brine. Iron, copper, limestone, and timber are several others of the state's most plentiful natural resources.

Receives Only Minor Injuries When Thrown Out of Crash

Cecil Cobb, local mail carrier, received forehead cuts and numerous bruises when he was thrown from a car driven by his father-in-law, George R. Atkinson, when it was involved in a collision near Lake Odessa at 11 p.m. Friday. Atkinson suffered a small cut on his head and Mrs. Cobb, riding between the two in the front seat of the car, sustained a bruised knee.

The accident occurred as the Chelsea people were returning from Grand Rapids. Rounding a curve on M-50, they came upon a car headed out of a side road and halted on the highway. The car had four passengers, including the woman driver. One of the passengers, an 81-year-old woman, suffered a bruise on her head but none of the others in the car was hurt.

The injured were taken to a hospital in Hastings for treatment. Cobb remained at the hospital until noon Saturday and he and Mrs. Cobb and her father returned home that afternoon. He was back on the job delivering mail yesterday.

Kiwanis Club Officers

(Continued from page one)

ity and the following Monday, Nov. 7, is the date for the club's annual public pancake supper at the Chelsea High school gymnasium.

Russell McLaughlin is general chairman of the pancake supper which begins at 5 p.m.

Monday's meeting was held in the social center of the Methodist church, guests present including John F. Hoey, H. Stanley Vaughn and Munnis-Kenney—of Dexter; Birkett F. Newkirk of St. Petersburg, Fla.; John E. Lee, lay vice of St. Barnabas Episcopal Mission; and Elden R. Moore, son of H. T. Moore, and recently returned from overseas service with the U. S. Army.

DOGS

By Farley Manning

EATING LIKE A DOG

Every housewife has doubtless wondered how come you can buy a can of dog food that will provide all the nourishment your dog needs—but you can't buy any such easy-to-feed diet for your family.

Could a one-can meal be prepared that would provide every bit of nourishment a man needed? The answer, say the scientists, is yes, but you wouldn't like it.

The only reason it wasn't done long ago for the Army is that American soldiers would belch their heads off at such a monotonous diet.

From a nutritional standpoint it would be just about as easy to provide a one-can meal for men as it is for dogs. As a matter of fact, say the researchers, the diet would be about the same as that provided in good grade canned dog food, except that Vitamin "C" (which dogs manufacture for themselves) would be added.

But from that point on the project would run into trouble. For that is where the difference between dogs and humans appears. The humans want variety in their diet and "GI's" have never been shy about making their wants known.

Dogs on the other hand seldom find a diet monotonous. Test after test has shown that a dog regularly fed one type of food will pick it against all other types if given his free choice. Which might be true of humans too, if they had been fed a single dish in their childhood.

But fortunately for the army, who would love to use it on their men, American soldiers weren't brought up on dog food.

The Great Lakes Region, of which Michigan is the center and a principal part, constitutes the world's richest and most concentrated market. There 23 per cent of the nation's population lives on 8 per cent of the land area and produces 33 per cent of the dollars added by manufacture.

Club and Social Activities

MODERN MOTHERS CLUB
Modern Mothers Child Study club, with 16 members and four guests, present met Tuesday evening at the home of Mrs. LaVern Nicholas. Mrs. David Strieter was co-hostess.

Miss Mary Lewis of Michigan State University, was the guest speaker. Theme of her discussion was the social, emotional and spiritual aspects of children's growth.

The next meeting, to be held Nov. 8 at the home of Mrs. Keith Paulson, is a change from the club schedule. Mrs. William Chandler will be the co-hostess for that meeting.

WOMAN'S CLUB
At the Woman's club meeting Tuesday evening, held at the home of Mrs. Eugene Fisher, the group voted a contribution of \$200 to the Chelsea Community Chest. There were 30 members present.

Announcement was made of the Needlework Guild gathering to be held Nov. 18 instead of Nov. 15 as originally announced.

The next regular meeting of the Woman's club is to be held Nov. 8 at the home of Mrs. F. W. Eaton. This is a change from previous plans.

Tuesday's meeting featured a Fun Night program in charge of Mrs. Charles Meservey, Mrs. L. G. Palmer and Mrs. Wilbur Hinderer. Prizes were awarded to Mrs. Leon Fox and Mrs. L. W. Wagner.

Bridge, canasta and scrabble furnished entertainment following the program period and refreshments were served by the hostess, assisted by Mrs. Paul Jennings and Mrs. M. J. Betz.

CHILD STUDY CLUB
A Halloween "hard times" party with hundreds of numbers as guests, featured the meeting of the Chelsea Child Study club meeting Tuesday evening. The affair took place at the home of Mr. and Mrs. William Blaess.

The committee for the evening's entertainment included Mrs. Blaess, Mrs. Louis Burghardt, Mrs. Luther Kusterer, Mrs. John Stoffer, Mrs. Paul Mann, Mrs. Richard Kern, Mrs. J. R. Seitz, Mrs. Lawrence Dietle and Mrs. Charles Lancaster.

Prize-winning team in a scavenger hunt included Mr. and Mrs. Louis Burghardt, Mr. and Mrs. Malcolm Bruce and Mrs. Karl Karl Koenigster. Their prize was three live, young chickens. The prize had been announced as "a Child Study chicken dinner to be given a few months from now."

Rev. Raymond Barber Accepts Pastorate of Nebraska Church

Rev. and Mrs. Raymond W. Barber have moved from Jackson to Clay Center, Neb., where Rev. Barber accepted a call to be pastor of a community church.

Rev. Barber was pastor of the Chelsea Congregational church from April, 1937, until March, 1942, when he became pastor of the First Congregational church at Gary, Ind. He had been chaplain at Michigan State Prison in Jackson the past six years, terminating his work there Oct. 15. His pastorate at Clay Center began Oct. 15.

Sawdust, Straw Humus Cuts Yield

If you have the idea that you can boost crop yields by trying to make soil humus from sawdust or straw without lots of fertilizer, better give it another try.

At the advice of Michigan State University crop specialists after tests they conducted at the Lee Feden farm near Chesaning, they found these results:

Sawdust cut corn yields by more than 40 bushels, navy beans by six bushels and barley by seven bushels. Straw reduced corn and barley yields by about one and one-half bushels. The yield of navy beans also was reduced slightly.

Old Temperance Lecturer Whets Tongue for Talks

ANN ARBOR—A rare pamphlet of 1848 by a temperance lecturer who demonstrated the curse of rum by saying that he was under the necessity of still having to drink whiskey before each lecture has been acquired by the Clements Library of Americana at the University of Michigan. A blacksmith, the man carried a sledge hammer with him to emphasize points made in his talks.

The pamphlet, printed in Ohio, is entitled "The Life and Experience of A. V. Green, The Celebrated Ohio Temperance Sledge Hammer."

Hog Feeders Advised To Sell as Soon as Animals Hit Market Weight

Hog feeders will be wise to sell their hogs as soon as they reach market weight, Dale Butz, farm economist at Michigan State University, says the outlook for still lower prices makes it not advisable to hold hogs for feeding with new corn.

Butz expects prices to gradually move lower until they reach a low point in early November. This low point, he says, will likely be around \$13 to \$14 per hundredweight.

There are two reasons why hog men should sell as soon as their hogs hit market weight, according to Butz. "Prices will be lower and many Michigan markets discount heavy hogs when prices are moving downward."

Hunters Requested To Return Metal Bands on Game

Lansing—Hunters are urged to return metal bands found on deer, bear, woodcock, grouse, waterfowl and other game to conservation agencies.

Waterfowl bands should be returned to the Fish and Wildlife Service in Washington. Most other bands can be mailed to the Conservation Department in Lansing.

These agencies need to know where and when the game was killed, and the name and address of the hunter.

In the case of waterfowl, the Fish and Wildlife Service sends a report to the hunter, telling where and when the bird was banded.

Hunters may take no state and federal employees can carry tagging and banding programs. All this money and effort is lost unless the hunter follows through on the program.

UNLIKE COLLEGE football, professional football avoids contact work during practice sessions between games. Perhaps only twice a season, outside of training camp, do the Lions engage in physical contact—and this to sharpen up pass defense.

The players suffer enough bumps and bruises on Sunday without taking any chances on someone getting hurt in a needless scrimmage. Good professional players are hard to come by.

This does not mean that the Lions aren't kept busy between games though. After a day to recover from the effects of Sunday's encounter, the team assembles Tuesday to begin a full week of activity.

Study Films Often
This starts promptly at 9 a.m. in the Briggs Stadium clubhouse with a scouting report on the next opponent from either Russ Thomas or Bob Ivory. Then the team goes out on the field for 10 minutes of loosening-up exercises.

The balance of the morning is devoted to running through a series of offensive plays.

The players knock off for lunch around 11:30 and return at 1:30 to split into two units.

The defensive team remains with Coach Buster Ramsey in the clubhouse to look at the films of the past Sunday's game. The offensive team goes with Head Coach Buddy Parker and assistants Aldo Forte and George Wilson to the Lions' office near the stadium to view films of next Sunday's opponent in action.

Quiet Saturday Night
On Saturday the squad works the first half-hour loosening-up, then devotes the rest of the morning running through offensive plays.

The players again are given the afternoon off but they are required to report to the Sheraton-Cadillac Hotel promptly at 8 o'clock that evening to take them away from the distractions of home life over the week-end and to help infuse team spirit.

A short meeting is followed by a visit en masse to a local movie house. Then the team returns to the hotel for the night. No one is permitted to go home. All must be in bed by 11 p.m.

By 12:30 Sunday afternoon everyone is at the ball park and then 2 p.m. arrives and the results of a full week's work become known.

Tests Show Value Of Clover Highest as Green Manure Crop

When is the best time to plow down sweet clover? When it's green and tender, or after you've taken off a seed crop?

The time made very little difference on yields of sugar beets, barley, beans or wheat in tests with five-year crop rotations at the Lee Feden farm near Chesaning. The experiments were conducted by Michigan State University scientists.

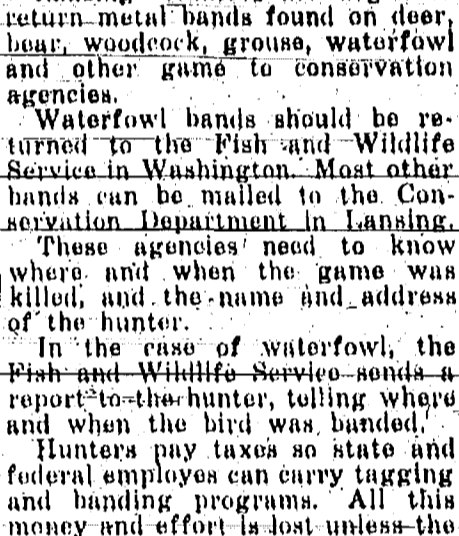

Beans did slightly better when they were raised on ground where dry sweet clover had been plowed under.

The tests indicated the big value of sweet clover is a green manure crop, too. A crop of corn following plowed-down sweet clover was made better by 34 bushels. For sugar beets there was nearly a ton extra; for barley, about four bushels more; for navy beans, slightly more than one bushel; and for wheat, about 1 1/2 bushels extra.

In caring for nylon garments Michigan State University home economists recommend washing machine or automatic washer. They warn, however, that nylon tends to pick up dyes from other fabrics.

Lightning kills from 400 to 500 Americans annually.

to running through the new offensive plays devised by Parker to be used in the next game. Both the offensive and defensive teams run through them so that all the players have them committed to memory.

In the afternoon, the offensive and defensive teams again split and exchange the films they had viewed Tuesday.

On Thursday morning, Ramsey gives out the defensive patterns for Sunday's game, things such as pass coverage. Both teams then work on the defense, with one team running through the plays.

Thursday afternoon the entire team sits in a group to look again at the films of the past Sunday's game. As the film is run through time and again, flaws in the team's play are repeatedly pointed out and discussed.

Comes Friday and the team goes directly onto the field, devoting half its time to offense and the other half to defense. The afternoon is taken off.

Quiet Saturday Night
On Saturday the squad works the first half-hour loosening-up, then devotes the rest of the morning running through offensive plays.

The players again are given the afternoon off but they are required to report to the Sheraton-Cadillac Hotel promptly at 8 o'clock that evening to take them away from the distractions of home life over the week-end and to help infuse team spirit.

A short meeting is followed by a visit en masse to a local movie house. Then the team returns to the hotel for the night. No one is permitted to go home. All must be in bed by 11 p.m.

By 12:30 Sunday afternoon everyone is at the ball park and then 2 p.m. arrives and the results of a full week's work become known.

You don't have an up-to-date will, but you vaguely think you need one. Well, you do!

Unless something or somebody drives me to do a task today, I'm apt to postpone it until tomorrow. In respect to the making of a will, it is not only imprudent to put off the action "till tomorrow," it's downright dangerous.

I suppose that writing my will on my death bed would be better than will at all, but I'm informed that it's better to have a will drawn with professional aid and counsel under conditions of calm and quiet with opportunity for reflection and analysis. Then if you want to make an appropriate time, you're not going to be hampered by trying to remember what it was you thought Aunt Jenny suggested she'd admire having when you didn't need it any longer.

All that a will is, is an effective way of saying in writing what you intend should be done with your property after you die. The law lets you make such an arrangement, and you can make it any time, and change it any time until you die. Then, the probate court takes over the job of reading what was written and deciding who it was you wanted your property to go to and how much to each.

There really isn't any other way to plan how you will dispose of the fruits of your life's work and take care of the welfare and future of those loved ones you leave behind. This business of joint tenancy is too shaky to trust as a substitute and a good life insurance program is just one of the kinds of property you own. It's no will.

There are some things you can and some things you can't do in a will. For instance, you can't cut your spouse off without a cent. (I know you didn't want to any-

way but I put it in because it's true.) There are several state laws that govern wills and estates. And the tax man takes a good look at every "passing" individual. Every person who owns more than his home has an estate which is likely to have tax problems.

There are several things that must be in every will. For instance, it must be in writing, witnessed, in a proper fashion, say who is to get what, how much and who is going to see that he gets it. And even then, it may not be any good from the standpoint of doing for you what you want done unless it's written by somebody who understands his business. It's pretty complicated; and it isn't good just because it's short, and it isn't good only if it fits your situation, says exactly what it means and provides for everything—every reasonable "contingency" as the law books say.

Don't worry about the expense of having a will drawn. You'll probably save in taxes and probate costs much more than the total cost of professional services. Besides, you'll have something that is right.

Michigan Treasury Benefits from Forest Products Sold

Lansing—Michigan's public receives a record \$51,124 in benefits from its state forests.

Conservation Department summaries show that 87,922,000 board feet of timber products were removed from state forests during the year. This includes everything, but mainly pulp, sawlogs, posts and ties.

In the previous fiscal year, \$474,200 went into public coffers from the sale of 68,937,000 board feet of wood products.

Better forest management methods have increased the volume so the public can gain more from its forests. Sound conservation uses timber as it matures, as a farmer harvests his ripe crops. Modern surveying and other production methods make this possible.

At the same time, Michigan's forests and wildlife are benefited by the practice. Without proper use, forest growth is wasted. Fire hazards, disease and other troubles develop if timber is not harvested properly.

If you ever use too much "permanent" starch on cotton and find it does not wash out quickly, try soaking it in rubbing alcohol for a few minutes. Then launder promptly in good soapy water.

STARTING TO WONDER about family Christmas gifts? Additional telephones are wonderful to give, because they do so much for everyone. Installed in the bedroom, kitchen, basement, living room, they save hours of time and countless steps.

You needn't run when the phone rings... just reach!

In solid or two-tone colors, they will brighten up your home, harmonize with your decorations. The cost? You can have three additional telephones in your home for about 11 cents a day. Order your gift telephones from our Business Office today.

PERHAPS YOU'VE HEARD that the Bell System has started installation of a new telephone cable under the Atlantic to the British Isles. The amplifiers (which keep voices strong and clear) are being built right into the cable and must last for years without repairs. It's vital to keep lint and dust out of the amplifiers so they are built in pressurized workrooms where employees wear special orlon work clothes, get their shoes vacuum-cleaned before going to work, and wear no cosmetics. They also get special fiber-free tissues if they get a cold in the head!

NOW THE BUSINESSMAN can hire an efficient, attractive secretary that his wife can't possibly be jealous of. It's an electronic telephone answering device called "Amanda." Here's what it does: Answers your telephone, gives the caller your recorded message, asks him to leave a message; then records what he has to say. You play back the calls when you return. Amanda is a "hot" item, but if you want one, we'll get it for you as soon as possible. Call us for full information.

Club and Social Activities

WESLEYAN CIRCLE
Wesleyan Circle of the WSCS of the Methodist church, with 20 members attending, held a meeting Thursday evening at the Methodist Home, hostesses being Miss Ethel Morrow, Mrs. Ella Ludlow and Mrs. Lottie Kolpin.
Two new members were added to the roster of Wesleyan Circle, Mrs. Elizabeth Champion and Mrs. Nora Marsh, both of the Methodist Home.
Mrs. Florence Howlett spoke on the topic "Our Master's Hand," in presenting the devotional service and Miss Mary Gregg of the Home, played two piano selections.
The program period included an interesting talk on missionary work, given by Miss Morrow.
Mrs. Clint Smith will entertain members of Wesleyan Circle at her home for the Nov. 17 meeting.

LAFAYETTE GRANGE
Lafayette Grange members had a cooperative sauerkraut supper at the home of Mrs. Emma Seltz preceding their meeting and election of officers Tuesday evening.
Elected were Jack Bradbury, master; Albert Pielomeier, overseer; Mrs. W. G. Price, lecturer; Carroll Ordway, steward; Charles Curtis, assistant steward; Mrs. Jack Bradbury, chaplain; Mrs. Emma Seltz, secretary-treasurer; Harvey Fischer, gatekeeper; Mrs. Harvey Fischer, cores; Mrs. Charles Curtis, Pomona; Mrs. Angelo Oesterle, Flora; Mrs. Carroll Ordway, lady assistant steward; Arthur Sias, Carroll Ordway, Louis Grossman, executive committee; Mrs. W. G. Price, Home Economics committee; Harvey Fischer, agricultural committee; and Mrs. Jack Bradbury, health committee.

BIRTHDAY DINNER
Mr. and Mrs. J. A. Dumouchel entertained at a birthday dinner Sunday in honor of Mrs. Dumouchel's niece, Mrs. Albert Lambert of Jackson. Guests present included Mr. and Mrs. Lambert and daughter, Mary Ann, and Mr. and Mrs. Leo Forner of Jackson, and T. F. and Pauline Snyder of Muncie Ind. The Snyders are spending two weeks visiting relatives and friends here and in Jackson.

BAPTISM
Elaine Marie, infant daughter of Airman-Fleet-Glass and Mrs. James W. Hall of Owingsville, Ky., was baptized Sunday during the service at Zion Lutheran church, Rogers Corners.
The baby's godparents are Margaret Hornberger of Ann Arbor and Reuben Lesser, Jr. Following the service, a family dinner was held at the home of Mrs. Hall's parents, Mr. and Mrs. Reuben Lesser, guests being Miss Hornberger, Mr. and Mrs. Max Ziegler and sons, of Dexter, and the Halls who are spending a fortnight with the Lessers.

O. B. McLaughlins Honored Sunday for Golden Wedding
Mr. and Mrs. O. B. McLaughlin were honored at an open house reception held Sunday afternoon at the home of a son and daughter-in-law, Mr. and Mrs. Glenard McLaughlin, in Dexter, the occasion being an observance of their 50th wedding anniversary.
Preceding the reception, a family dinner was held at the home of Mr. and Mrs. Russell McLaughlin here.
The McLaughlins were married Oct. 25, 1905, in Logan, Ia. Before coming to Chelsea in 1925, they had made their home in Remus, Mich.
Sunday's reception in their honor was planned by their daughter and her husband, Mr. and Mrs. Max Heald of Ann Arbor, and their two sons and their wives, Mr. and Mrs. Glenard McLaughlin of Dexter, and Mr. and Mrs. Russell McLaughlin.
The O. B. McLaughlins planned to leave yesterday for Lake Worth, Fla., where they will spend the winter.

MORNING PHILATHEA CIRCLE
Mrs. W. R. Daniels entertained members of Morning Philathea Circle of the Methodist church at her home at Cavanaugh Lake for the October meeting, Wednesday of last week.
As a devotional opening for the meeting Mrs. A. W. Wilkinson explained the meaning of the Parable of Judgement.
This was followed by a review of the first chapter of the year's study book, D. Corey's "Within Two Worlds." Title of the reviewed chapter is "If You Were an Indian." An interesting discussion of the subject followed.
The breakfast table was decorated in keeping with the autumn season and, in keeping with the morning's topic, the hostess served a hot breakfast of cooked mush, molasses, honey or brown sugar and coffee.

Needlework Guild Conducting Fall Membership Drive
The Chelsea Chapter of the Needlework Guild of America is conducting its annual fall membership drive in preparation for the ingathering of garments and household linens to be held Nov. 18. The only requirement for membership is to furnish two new garments or household articles for the ingathering. Money members are also accepted. For additional information Mrs. Elton K. Musbach, the membership chairman, may be called.
The fall ingathering is scheduled to be held on the third floor of the Municipal building from 2 until 4:30 p.m., Nov. 18, instead of Nov. 16 as originally planned.
All garments collected are used in the local community, mostly for children needing suitable clothes and shoes for school. Money received from money-contributing members is used for the purchase of shoes and overshoes which must be individually fitted.

WOMAN'S RELIEF CORPS
Woman's Relief Corps members held a party at the IOOF hall Friday evening with 25 members and guests present.
Refreshments were served with Mrs. Winfred Coffron as chairman of the committee.

VFW AUXILIARY
Members of the VFW Auxiliary held the monthly business meeting Monday evening in the IOOF hall.
Announcement was made of the membership "kick-off" and initiation at Graf-O'Hara Auxiliary in Ann Arbor tonight (Thursday). Those who will drive to the affair are Mrs. Ren Hutzel, Mrs. Charles Carty and Mrs. Fred Klink.
Also announced was the Sixth District rally to be held Nov. 6 in Monroe with registration scheduled for 1:30 p.m. Mrs. Mac Paekert is arranging transportation.
Veterans Day, Nov. 11, is also Veterans of Foreign Wars National Hospital Day and the local Auxiliary voted a contribution of \$5 for the project.
Other business included voting a contribution to the Sixth District project of completing the ladies' powder room at Camp Norcom and voting to pay the Auxiliary dues for the year for its four Gold Star mothers.
The membership committee reported 25 per cent of 1955 dues were already paid.
The social committee is planning a shoppers' show for the next meeting, Nov. 14. The committee in charge includes Mrs. Byron Smith, Mrs. William Weber, Mrs. Frank Reed and Mrs. Harry Stofer.

NORTH LAKE EXTENSION CLUB
North Lake Home Extension group, with 22 members and two guests present, held their October meeting at the home of Mrs. Ernest Hopkins Wednesday, Oct. 19. A planned dinner was served at noon.
The Nov. 2 craft tea at Sharon Town Hall was discussed and other business included voting to begin the club's community project at the next meeting, to be held Nov. 16 at the home of Mrs. Ivah Hankard. The project will include the making of toy bags and stuffed toys for children at University hospital, Ann Arbor.

Methodist Commission On Education Meets Monday Evening
The Commission on Education of the First Methodist church met Monday evening at the home of Mr. and Mrs. LeRoy Hoffman, 806 Wilkinson street. Mrs. Hoffman, chairman, asked Miss Mildred Cline of the Methodist Home to offer the invocation.
In the absence of Willard Pearson, treasurer of the Sunday school his report was read by Mrs. A. C. Downie.
Fifty dollars was voted to the Official Board toward the recently built Sunday school class room. Thirty dollars was voted as a Rally Day offering for the Detroit Conference Board of Christian Education for a state-wide program, including summer youth camps.
Three new teachers were added to the Junior department and their names were approved by the Commission as follows: Mrs. Byford Speer, E. M. Beach, and Robert Reed.
Plans were made for the Christmas program to be held Sunday, Dec. 18 at 5 p.m. Each department to plan its own portion of the program. Mrs. Hoffman serving as coordinator.
The Commission planned a pot-luck supper for the staff for Thursday, Dec. 15 when the group will pack sacks of Christmas candy for the Sunday school.
Mrs. Russell Bernath and Mrs. George W. Atkinson were appointed to purchase necessary equipment for the new class room.
Rev. S. D. Kinde requested the Commission to give a report each week of the total church school attendance from all departments to aid the church in a better understanding of this fast growing school.
The next meeting of the Commission will be with Mrs. Bernath, Monday Nov. 28.

AFTERNOON PHILATHEA CIRCLE
Afternoon Philathea Circle of the WSCS of the Methodist church, held a meeting at the home of Rev. and Mrs. S. D. Kinde Wednesday afternoon Oct. 19, with 20 members and two guests present for a dessert luncheon at 1:30 p.m. Hostesses were Mrs. Kinde and Mrs. Edwin Gaunt.
Mrs. Mary Clark, chairman of the group, presided at the business meeting and the opening devotional service was presented by Mrs. Carl Schlosser.
The program period was in charge of Mrs. Lawton Steger who reviewed a chapter from the year's study book, "Within Two Worlds," by D. Corey. She also read a related article from the Reader's Digest.
The next meeting is to take place Nov. 16 at 1:30 p.m. at the home of Mrs. Guy Barton. Mrs. Mary Clark will be the assisting hostess.

SYLVAN EXTENSION GROUP
New officers of Sylvan Extension group accepted their duties in a candlelight service at the meeting held Thursday, Oct. 20, at the home of Mrs. Harold Widmayer. The officers then gave a light to each member who accepted there-with her duties as a member.
Fifteen ladies were present, including two new members, Mrs. Douglas Hoppe and Mrs. Charles Guenther.
The business session was conducted by the chairman, Mrs. Widmayer, and included a discussion of the Nov. 2 craft tea and of the group's community project. Program booklets for the year were also filled out.
Mrs. Clarence Lehman led a cake quiz for roll call.
The day's lesson was on the subject of care and repair of electrical equipment.
The next regular meeting will be held at 1:30 p.m., Nov. 16, at the home of Mrs. Franklin Van Valkenburg.
If you are considering the purchase of fine glassware, investigate the red oxide of lead content of the glass. If it contains 25 to 50 per cent red oxide of lead you can be assured it is fine crystal.

HUSY BEAVERS 4-H CLUB
Alan Cook was elected president of the Senior class at Stockbridge High school and Marilyn Liebeck was elected president of the Junior class.
The regular club meeting was held at the home of Arlene Norma and Pat Schlee Monday night, Oct. 17. Election of officers was held and the following officers were elected: president, Bob Hannewald; vice-president, Arlene Schlee; secretary, Carol Hannewald; treasurer, Virginia Lindstrom; reporter, Norma Hudson; recreation leader, Pat Schlee; administrative leaders, Mr. and Mrs. Arthur Cook; assistant administrative leaders, Mr. and Mrs. George Liebeck.
Plans are being made for the dance the club will hold soon.
The officers will be installed in their offices at the next regular meeting.
Marilyn Liebeck, reporter.

DEATHS

Rev. F. Engelsdorfer
Pastor of Saline Area Church Dies in Detroit Hospital

Rev. Frederick H. Engelsdorfer, pastor of St. James Evangelical and Reformed church, on US-112, west of Saline, died Saturday night in Grace hospital, Detroit, following a long illness. He was 87 years old.

Before coming to the Saline church four years ago, he had served Detroit area churches for 20 years.

Funeral services were held at 1:30 p.m. Tuesday in St. James church and burial took place in Forest Lawn cemetery, Detroit.

Rev. Engelsdorfer is survived by his widow, the former Helen Rabot; two daughters, Mrs. Paul Hanenbut and Phyllis Engelsdorfer; two sons, Rev. Marvin F. and Rev. Delvin T. Engelsdorfer; and a grandson.

MSU Research Project Seeks Meat-Type Hogs

Michigan State University's testing station to locate meat-type strains of hogs is being continued this fall.

Extension Swine Specialist E. C. Miller, who directs the project, said pairs of pigs from purebred litters farrowed between Aug. 15 and Oct. 1 will be accepted.

The search for meat-type strains was started last spring to help hogmen switch quicker to the kind of pork that housewives prefer to buy.

Purebred swine breeders furnished the station two litter mate pigs when they were 50 to 60 days old. Representing eight different breeds, the animals were fed under the same conditions until they reached the slaughter weight of 215 pounds.

Results from the carcass studies show there are meat-type hogs in every breed, Miller notes. And, he adds, the results also indicate that the meaty kind can be produced as cheaply as the lardy type.

How well the two test pigs perform indicates how their litter mates are certified.

If the pigs average 200 pounds at 180 days of age and eat no more than 370 pounds of feed for each 100 pounds of gain—and yield 40 per cent primal cuts, the breeder can label the litter mates "Michigan Certified Meat-Type."

In addition, the test pigs also must average no more backfat thickness than 1.75 inches, have a minimum carcass length of 28.5 inches and have 10 in eye muscle of at least 3.5 square inches.

If the pigs produce 47 to 48.3 per cent primal cuts, their litter mates are classified "Michigan Commercial Meat-Type." A county agricultural agent has more details.

OFFERS 60 COURSES
The University of Michigan Extension Service is now offering 60 high school level correspondence courses to persons seeking high school diplomas or who wish to explore new educational fields.

In addition to being the world's Motor Capital, Detroit is also the salt center of the U. S. It also has some of the country's largest drug and rubber manufacturing plants.

On Halloween when the witching hour strikes, serve milk, the drink that everyone always likes.

BIRTHS

A son, Lee Edward, was born at Mercy hospital, Jackson, to Mr. and Mrs. Charles (Bud) Hafner, Monday, Oct. 24.

Born Monday, Oct. 17, at St. Joseph's Mercy hospital, Ann Arbor, to Mr. and Mrs. Ross S. Ewen of 3795 W. Delhi road, Ann Arbor, a son, Kim Allen. Mrs. Ewen is the former Evelyn J. Hinderer, daughter of Mr. and Mrs. Clarence Hinderer.

Born Saturday, Oct. 22, at Mercy hospital, Jackson, to Mr. and Mrs. Norman Bott, a daughter.

A daughter was born Wednesday, Oct. 26, at St. Paul's hospital, Van-dercook Lake, to Mr. and Mrs. Duain Dancer. Mrs. Dancer is the former Eunice Lehmann; daughter of Mr. and Mrs. Hazen Lehmann.

Farm Problem Here To Stay Says U. of M. Business Expert

Ann Arbor—The "farm problem" is here to stay and will probably get worse, says a University of Michigan business expert who has just written a book on "The Future of American Prosperity."

Prof. J. Philip Wernette of the School of Business Administration explains the gloomy prediction this way: "Almost every other commodity has an expandable market as prosperity advances. You can buy several cars, homes, TV sets, washing machines, toasters, etc.—but the farmer's ultimate market, the human stomach, just can't absorb all that increasing farm productivity is making available."

The long-range outlook for the country's prosperity is "fabulous," the professor maintains, but although most farmers' incomes will go up gradually, they'll continue to lag behind urban incomes. And if experimentation with a wide range of synthetic foods comes to fruition, things will be even worse for the farmers, he adds.

"America is suffering from a reverse of the Malthusian proposition," Professor Wernette declares, "because the food supply is multiplying more rapidly than the population."

As for world markets as an outlet, "We sell as much abroad as the people can afford to buy at the prices we can afford to ask," he states.

Speaking specifically of Michigan farmers, Professor Wernette points out that they have a much better time of it than farmers in the South—"where the real farm problem lies"—though they're not as productive as their kin in other Midwest states or California. "But income level varies greatly from farmer to farmer throughout the country and some are extremely prosperous," he qualifies.

That are the solutions to this problem? "They're neither simple nor sure-fire, according to this report. One suggestion he advocates is a population shift.

"There must be expanding urban opportunities to absorb people coming off the farms. The most salutary element of public policy would be pushing conditions necessary for expanding the urban economy," he says.

The prospect for the near future, however, is a continuation of present farm difficulties with no brighter outlook in store, he predicts. And although this knotty problem will be a 1956 presidential campaign issue, its solution isn't as simple as a Democratic or Republican administration he concludes. It's bigger than both of them.

Geologists say the White Pine ore body in Michigan's Upper Peninsula is the largest known undeveloped copper reserve in America.

Thomas M. Kolander

Five-Year-Old Boy Dies of Leukemia

Thomas Michael Kolander, five-year-old son of Alvin and Laura Peck Kolander of Dexter, formerly of Chelsea, died Thursday at University hospital, Ann Arbor, a victim of leukemia. He had been ill the past three months.

Born in Ann Arbor Nov. 2, 1949, he had attended St. Joseph's Catholic school in Dexter before his illness.

The Kolander family moved to Dexter three years ago.

Funeral services were held at 10 a.m. Monday in St. Joseph's Catholic church, Dexter, with Rev. Fr. Charles T. Walsh officiating. Burial took place in St. Joseph's cemetery.

Survivors, in addition to the parents, are a sister and brother, Janet and Donald; and the grandparents, Mr. and Mrs. Elmer Knott of Chelsea, is an aunt.

Warren C. Boyd

Warren C. Boyd of San Francisco, Calif., formerly of Chelsea, died Tuesday, Oct. 11, according to word received last Thursday by his brother-in-law, J. Edward Weber, of Ann Arbor. Funeral services and burial took place in San Francisco, Thursday, Oct. 13.

Survivors of Mr. Boyd are his wife, Enid; a brother, Howard Boyd of St. Petersburg, Fla.; and a niece, Mrs. Dorothy Cavanaugh Larsen of San Pedro, Calif.

PERSONALS

Mr. and Mrs. Clarence P. Gilbert of Pontiac and their grandson, Gary Spicer, were Sunday dinner guests of Mr. and Mrs. Adam Aiber.

Mr. and Mrs. Walter Schrader, Sr., spent from Friday until Monday visiting their daughter and family, Mr. and Mrs. James Coluccio and son, in Rome, N. Y.

A. C. Seaman, Architect
Planning Consultant
City of Chelsea

SYLVAN TWP. LIMA TWP.

Ordinance No. 55

An ordinance relative to the designation, regulation and restriction of the location and use of buildings, structures and land for agricultural, residence, commerce, trade, industry or other purposes; the regulation and limitation of the height, number of stories and size of buildings and other structures, hereinafter erected or altered; the regulation and determination of the size of yards and other open spaces; the regulation and limitation of the density of population; and pursuant to the Village of Chelsea into Zoning Districts of such number, shape and area as may be deemed best suited to carry out the provisions of this ordinance and provide for the enforcement thereof pursuant to Act 207 of the Public Acts of 1921, as amended, known as the Zoning and Abating Act of Michigan.

THE VILLAGE OF CHELSEA ORDAINS:

ARTICLE I—GENERAL

Section 1—Purpose

The purpose of this Zoning Code is to encourage the most appropriate use of land; to conserve and stabilize the value of property; to provide adequate open spaces for light and air; to prevent and fight fires; to prevent undue congestion of population; to lessen congestion on streets; to facilitate adequate provisions for community utilities and facilities such as transportation, water, sewerage, schools, parks and other public requirements; to promote health, safety and the general welfare; to that end to designate, regulate and restrict the location and use of buildings, structures and land for agriculture, residence, commerce, trade, industry or other purposes; to regulate and limit the height, number of stories and size of buildings and other structures, hereinafter erected or altered; to regulate and determine the size of yards and other open spaces; and to regulate and limit the density of population; and for said purposes to divide the town into zoning districts of such number, shape and area as may be deemed best suited to carry out this ordinance and provide for its enforcement, all in accordance with the Zoning Enabling Act of Michigan Act 207 of the Public Acts of 1921 as amended.

Section 2—Basic Requirements

(a) No building or structure shall be erected, reconstructed, structurally altered, enlarged, moved, or maintained, nor shall

any building, structure or land be used or be designed for any use other than is permitted in the district in which such building, structure or land is located. The erection of a single family dwelling shall not, however, be prohibited on a lot in single ownership filed or recorded in the office of the Register of Deeds of Washtenaw County prior to the effective date of this ordinance, which is smaller than required, providing that the owner of any smaller lot did not own sufficient adjoining land at the time of adoption of this ordinance to conform therewith, and provided further that all buildings erected on the lots are so designed and erected as to conform with the density district requirements in which such lot is situated.

(b) In their interpretation and application, the provisions of this ordinance shall be held to be adopted for the purposes stated herein. It is not intended by this ordinance to repeal, abrogate, amend or in any way to impair or interfere with any existing provisions of law or regulation, or covenants, or with any rules, regulations or permits previously adopted or issued pursuant to law relating to the use of buildings or premises; provided, however, that a greater restriction upon the use of buildings or premises or upon heights of buildings, or requires larger yards, courts or other open spaces than are imposed or required by such existing provisions of law or ordinance, or by such rules, regulations or permits, the provisions of this ordinance shall control.

Section 3—Definitions

(a) **ACCESSORY BUILDING OR USE:** An accessory building or use is one which is subordinate and customarily incidental to the main building and use on a lot, provided that such accessory building shall not exceed 15 feet in height. The term "accessory building" when used in connection with a lot shall include all structures customarily used for farm purposes and they shall not be limited in height or size.

(b) **APARTMENT HOTEL:** A building or portion thereof designed for or containing both individual guest rooms or suites and rooms and dwelling units, and such business as may be incidental thereto for the sole convenience of the occupants.

(c) **BOARDING HOUSE:** A building with not more than five guest rooms where lodging and meals are provided for compensation.

(d) **BUILDING:** A building is an independent structure having a roof supported by columns or walls resting on its own foundations and includes shed, garage, stable, greenhouse or other accessory building. A detached building is one separated on all sides from adjacent buildings by open spaces from the ground up.

(e) **BUILDING AREA:** Building area is the aggregate or the maximum horizontal cross section area of the main building on a lot, excluding chimneys, awnings, gutters or other projecting not more than 30 inches, steps, one story open porches, and balconies and terraces.

(f) **BUILDING HEIGHT:** The height of a building is the vertical distance measured from the average level of the ground along all walls of the building to the highest point of the roof for flat roofs; to the deck line for mansard roofs, and to the mean height between eaves and ridge for gable, hip, and gambrel roofs, and to the highest point of any other type of roof. Chimneys, spires, masts, elevator penthouses, tanks and similar projections, shall not be included in the height, provided that any such projection shall not have an aggregate area greater than 25 per cent of the roof area.

(g) **COURT:** A court is an unoccupied open space other than an occupied open space with a building, which is bounded on two or more sides by the walls of such building. An outer court extends to a street line or opens upon a front, side or rear yard. An inner court is enclosed on all sides by walls of a building or by lot lines on which building walls are permitted.

(h) **DORMITORY:** A building or group of buildings designed or altered for the purpose of accommodating students or members of religious orders with sleeping quarters with or without communal kitchen facilities and administered by bona fide educational or religious institutions. Dormitories include fraternities and sorority houses, convents, priories and monasteries, but does not include clubs or lodges.

(i) **DWELLING:** A building or portion thereof designed exclusively for residential occupancy, including one-family, two-family and multiple dwellings, but not including hotels or boarding houses.

(j) **DWELLING, SINGLE FAMILY:** A detached building designed for an occupied exclusively as a home or residence for not more than one family.

(k) **DWELLING, TWO-FAMILY:** A detached building designed and occupied exclusively as a home or residence for two families.

(l) **DWELLING, MULTIPLE:** A building or portion thereof designed for occupancy by three or more families living independently of each other.

(m) **DWELLING, ROW:** A row of three to six attached one-family dwellings not more than two stories in height nor more than two rooms deep.

(n) **ESSENTIAL SERVICES:** The phrase "essential services" means the erection, construction, alteration, or maintenance by public utilities or municipal departments or commissions, of underground or overhead gas, electrical, steam, or water transmission or distribution systems, collection, communication, supply or disposal systems, including poles, wires, mains, drains, sewers, pipes, conduits, cables, fire alarm boxes, police call boxes, traffic signals, hydrants, and other similar equipment and accessories in connection therewith, but not including buildings, reasonably necessary for the furnishing of adequate service by such public utilities or municipal departments or commissions or for the public health or safety or general welfare.

(o) **FAMILY:** A group of persons immediately related by blood, marriage or adoption living together, as a single housekeeping unit; or a group of not more than five (5) persons not necessarily related by blood or marriage living together as a single housekeeping unit, as distinguished from a group occupying a hotel, club, fraternity or sorority house, or a student cooperative house. The persons thus constituting a family may also include gratuitous guests and persons primarily employed as domestic servants.

(p) **GARAGE, PRIVATE:** A detached accessory building or a portion of a main building for the parking or storage only of automobiles belonging to the occupants of the premises. One commercial vehicle which does not exceed 10 tons in capacity and is used solely by the occupants of the premises may be stored in a private garage.

(q) **GARAGE, COMMUNITY:** A structure or a series of structures for the storage of automobiles of residents of the neighborhood and not used for the making of repairs, other than a private or community garage used for maintenance, repair, and storage of automobiles.

(r) **HOME OCCUPATION:** Any use customarily conducted within a dwelling, such as dressmaking, millinery, preserving and the like, and carried on by the inhabitants thereof and not more than two non-resident employees, which use is secondary to the use of the dwelling for residential purpose and does not change the character thereof.

(s) **HOTEL:** A building designed as the more or less temporary abiding place for more than 12 persons or providing 6 or more sleeping rooms in which lodging is provided for compensation with or without meals.

(t) **LOT:** A parcel of land occupied or to be occupied by a building or group of buildings and accessory buildings and including such open spaces as are required.

(u) **LOT, CORNER:** A lot situated at the intersection of two streets having an angle of intersection of not more than 135°. A lot abutting upon a curved street shall be deemed a corner lot if the tangents to the curve at its points of beginning within the lot or at the points of intersection of the side lot lines with the street line intersect at the interior angle of less than 135°. A corner lot shall maintain front yard requirements for each street frontage.

(v) **LOT, LINE:** The property line bounding the lot.

(w) **LOT, THROUGH:** A lot having both front and rear yards abutting on a street. Front yard requirements shall be maintained on both street frontages.

(x) **LOT, WIDTH:** The distance between the side lines of a lot measured along the front lot line. Where the front lot line is an arc or the side lines converge toward the front lot line, the distance may be measured along the front yard set-back line.

(y) **PROFESSIONAL OFFICE:** An office of recognized professions such as doctors, dentists, lawyers, architects, engineers, artists, musicians, designers, teachers, and others who through training are qualified to perform services of a professional nature.

(z) **PUBLIC UTILITY:** Any person, firm, corporation, municipal department or board duly authorized to furnish and furnishing under the municipal regulation to the public, electricity, gas, steam, telephone, telegraph, transportation, or water.

(aa) **STORY:** That portion of a building included between any floor and the ceiling or roof above it. A "half-story" is any place under a gable, hip or gambrel roof, the floor of which is not more than 2 feet below the plate.

(ab) **STREET:** A public thoroughfare including road, highway, drive, lane, avenue, place, boulevard, and any other thoroughfare which affords the principal means of access to abutting property.

(ac) **STRUCTURE:** Anything constructed or erected which requires location on the or attached to something having a location on the ground.

(ad) **STRUCTURAL ALTERATION:** Any change in or addition to the structural or supporting members of a building such as bearing walls, columns, beams or girders.

(ae) **TEMPORARY STRUCTURE:** A structure which by the type and materials of its construction is erected for not more than two years. Such structures shall include tents, portable band stands, bleachers not erected in conjunction with athletic fields, reviewing stands, other structures of similar character.

(af) **TOURIST COURT:** A building or group of buildings containing one or more guest rooms having separate outside entrances for each such room or suite of rooms and for each of which rooms or suites of rooms, automobile parking space is provided on the premises.

(ag) **TOURIST HOME:** A building of residential character, offering lodging with or without meals to transients for compensation.

(ah) **TRAILER CAMP:** A parcel of land on which there is located or intended to be located two or more trailer homes occupied for living purposes. The location of trailer camps may be allowed only after detailed study, duly advised public hearings by the Zoning Authority, and the approval of a majority of the members of the Zoning Authority.

(ai) **TRAILER HOMES:** A vehicle without motive power designed to be drawn by a motor vehicle and to be used for human habitation or for the carrying of persons.

(aj) **YARD, FRONT:** An open, unoccupied space extending across the full width of the lot between the front wall of the principal building and the front lot line.

(ak) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(al) **YARD, SIDE:** An open, unoccupied space between a main building and the side lot line extending from the front yard or rear lot line, where no front yard is required, to the rear yard.

(am) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(an) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(ao) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(ap) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(aq) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(ar) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(as) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(at) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(au) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(av) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

(aw) **YARD, REAR:** An open, unoccupied space extending across the full width of the lot between the rear wall of the principal building and the rear lot line.

D-7,500 Density District

D-2,500 Density District

D-2,000 Density District

These districts include height and area limitations, front, side and rear yard requirements, accessory building provisions, and other generally accepted standards for measurement and control.

Section 3—Boundaries

The boundaries of these districts are hereby established to coincide with as shown on a map entitled "Zoning District Map" of the Village of Chelsea dated October 23, 1955 which is hereby made a part of this ordinance.

The boundaries of the density districts are hereby established to coincide with use districts as follows:

- D-60,000 Density District in the Agricultural District
- D-7,500 Density District in the One-family District and the Two-family District
- D-2,500 Density District in the Multiple Family District.

In cases of uncertainty, the Board of Zoning Appeals shall determine the location of the boundary.

ARTICLE III

USE AND DENSITY REGULATIONS

Section 1—Permitted Uses in Residential Districts

Permitted uses in the various residential districts are indicated under the appropriate district in the table below. Specific uses, not included, but related or equivalent to a listed use shall be permitted subject to interpretation and approval by the Zoning Administrator.

In order to carry out the provisions of this ordinance the residential areas are divided into the following districts:

- D-60,000 Density District
- D-30,000 Density District
- D-20,000 Density District
- D-15,000 Density District

Regulations in Density Districts
Section 3
(a) D-60,000 DENSITY DISTRICT ("A" AGRICULTURAL)

Section 4—Regulations in Commercial Districts
(a) In a Neighborhood Business District there shall be a front yard having a depth of 15 feet and no side yard if alternate access to the rear yard is provided.

Section 5—Regulations in Industrial Districts
(a) In the Industrial District no lot shall be subdivided into lots of less than 150 feet in width.

Section 6—Minimum Living Space Requirements
(a) No dwelling shall be designed, erected, reconstructed, remodeled or altered whose living space per family is less than the following:

Section 7—Conversion of Existing One-Family Dwellings
(a) Any dwelling may be converted to contain more dwelling units than is permitted in the use district in which the dwelling is located provided the following provisions are complied with:

to automobile parking space under the provisions of this Ordinance shall be specifically excluded from the provisions of this Ordinance relative to non-conforming uses.

Section 8—Regulations in Residential Districts
(a) No building shall be located in any front yard, no accessory building shall be located in any side yard nearer to the side lot line than the minimum width required for a side yard for the principal building, or in a rear yard unless at least five (5) feet from any lot line.

Section 9—Protection of Intersections
(a) On a corner lot in any residential use district no planting, structure, fence, wall or obstruction to vision more than two (2) feet in height shall be placed or maintained within the triangular area formed by the intersecting street lines and a straight line connecting points on said street lines each of which points is twenty-five (25) feet distant from the point of intersection.

Section 10—Signs and Billboards
(a) The following signs are permitted in any such districts: (1) One non-illuminated sign not exceeding one square foot in area, giving the name only of the land or building on which displayed, or of the owner or lessee thereof.

Section 11—Non-conforming Uses
(a) Any building or use of land (or building already existing at the time of enactment of this ordinance, or of any amendments thereto, or authorized lawful permit issued prior to the adoption of this ordinance which does not conform to the provisions of this ordinance for the use and density districts in which it is located, shall be designated a non-conforming use, provided, however, that any building or use of land or building which does not conform to the provisions of this Ordinance relative

proposed building complies with the provisions of this ordinance. No building permit shall be issued until the Zoning Administrator has certified that the proposed building or alteration complies with all provisions of this ordinance.

Section 12—Certificate of Occupancy
(a) No land shall be occupied or used in whole or in part for any purpose other than that for which an occupancy certificate of occupancy shall have been issued by the Zoning Administrator stating that the premises or building complies with all the provisions of this ordinance. A certificate of occupancy shall be applied for at the same time that the building permit is applied for and the Zoning Administrator shall be issued within ten (10) days after notification from the permittee that the premises are ready for occupancy.

Section 13—Violations and Penalties
(a) Any building upon which construction is started, or which is altered, enlarged or repaired, or in any use of premises which is begun or changed subsequent to the time of passage of this Ordinance and in violation of any of the provisions thereof in hereby declared a nuisance per se. Any court of competent jurisdiction shall order such nuisance abated and the owner or agent in charge of such building or premises shall be adjudged guilty of maintaining a nuisance per se.

Section 14—Appeals, how taken.
Such appeal shall be taken within such time as shall be prescribed by the Board of Appeals by general rule, by the filing with the Zoning Administrator from whom the appeal is taken and with the Board of Appeals a notice of appeal specifying the grounds thereof. The Zoning Administrator shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

Section 15—Enforcement
(a) It shall be the duty of the Zoning Administrator, as authorized by ordinance and to make such orders and decisions as may be necessary to cause compliance with the provisions of this Ordinance.

Section 16—Specific powers.
The Board shall have power to permit exceptions to and variations from the regulations as follows: (a) Grant a permit in any Residential District for a temporary use of land, building or structure for a period not to exceed one year, such permit upon application may be extended for not more than one year.

Section 17—Board of Appeals
(a) An administrative Board is hereby created, such Board to be known as the Board of Appeals. The word "Board" when used in this section shall be construed to mean the Board of Appeals.

Section 18—Courts
(a) In buildings of 3 stories or over used exclusively for residential purposes, inner courts shall not be permitted. No building shall have a width less than the average height of the surrounding walls and the depth of the court shall not exceed its own width.

Section 19—Stays
An appeal stays all proceedings in furtherance of the action appealed from unless the officer from whom the appeal is taken certifies to the Board after the filing of the appeal that by reason of facts stated in the certificate, a stay would be necessary to cause compliance with the provisions of this Ordinance.

Section 20—Applications and Permits
(a) The Zoning Administrator shall require that the application for a building permit contain all the information necessary to enable him ascertain whether the

proposed building complies with the provisions of this ordinance. No building permit shall be issued until the Zoning Administrator has certified that the proposed building or alteration complies with all provisions of this ordinance.

Section 21—Certificate of Occupancy
(a) No land shall be occupied or used in whole or in part for any purpose other than that for which an occupancy certificate of occupancy shall have been issued by the Zoning Administrator stating that the premises or building complies with all the provisions of this ordinance. A certificate of occupancy shall be applied for at the same time that the building permit is applied for and the Zoning Administrator shall be issued within ten (10) days after notification from the permittee that the premises are ready for occupancy.

Section 22—Violations and Penalties
(a) Any building upon which construction is started, or which is altered, enlarged or repaired, or in any use of premises which is begun or changed subsequent to the time of passage of this Ordinance and in violation of any of the provisions thereof in hereby declared a nuisance per se. Any court of competent jurisdiction shall order such nuisance abated and the owner or agent in charge of such building or premises shall be adjudged guilty of maintaining a nuisance per se.

Section 23—Appeals, how taken.
Such appeal shall be taken within such time as shall be prescribed by the Board of Appeals by general rule, by the filing with the Zoning Administrator from whom the appeal is taken and with the Board of Appeals a notice of appeal specifying the grounds thereof. The Zoning Administrator shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

Section 24—Applications and Permits
(a) The Zoning Administrator shall require that the application for a building permit contain all the information necessary to enable him ascertain whether the

proposed building complies with the provisions of this ordinance. No building permit shall be issued until the Zoning Administrator has certified that the proposed building or alteration complies with all provisions of this ordinance.

Section 25—Certificate of Occupancy
(a) No land shall be occupied or used in whole or in part for any purpose other than that for which an occupancy certificate of occupancy shall have been issued by the Zoning Administrator stating that the premises or building complies with all the provisions of this ordinance. A certificate of occupancy shall be applied for at the same time that the building permit is applied for and the Zoning Administrator shall be issued within ten (10) days after notification from the permittee that the premises are ready for occupancy.

Section 26—Violations and Penalties
(a) Any building upon which construction is started, or which is altered, enlarged or repaired, or in any use of premises which is begun or changed subsequent to the time of passage of this Ordinance and in violation of any of the provisions thereof in hereby declared a nuisance per se. Any court of competent jurisdiction shall order such nuisance abated and the owner or agent in charge of such building or premises shall be adjudged guilty of maintaining a nuisance per se.

Section 27—Appeals, how taken.
Such appeal shall be taken within such time as shall be prescribed by the Board of Appeals by general rule, by the filing with the Zoning Administrator from whom the appeal is taken and with the Board of Appeals a notice of appeal specifying the grounds thereof. The Zoning Administrator shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

Section 28—Applications and Permits
(a) The Zoning Administrator shall require that the application for a building permit contain all the information necessary to enable him ascertain whether the

Ranger Receives Promotion in Recent Move to Paradise

Lansing—Harold Peterson is a parks ranger at Tahquamenon Falls state park. He lives at the nearby town of Paradise. Before his move to the Upper Peninsula park, Peterson was a ranger at Pinckney Recreation Area. He lived near the town of Hell. Peterson's move from Hell to Paradise was made because he was such a good ranger. He received an increase in pay and position, too.

Bobby Jones is the only golfer to win the "Big Four" golf tournaments—U. S. Open and Amateur and British Open and Amateur.

County Girl Scout Council Names Officers

The annual meeting of the Girl Scout Council of Washtenaw County was held at the American Legion Home in Ann Arbor Monday evening and five persons were elected to the board of directors. Elected were Mrs. Martin Wagner, first vice-president; Mrs. Glenn Edmondson, third vice-president; and Edward Pengally, treasurer. Other new board members are Mrs. Howard Colby, neighborhood chairman of Burns Park; Angell Schools district; and Mrs. Hansford Farris, chairman of the program committee.

Attending the meeting from here were Mrs. Lewis Bernath, Chelsea Neighborhood chairman, and Mrs. Alfred Mayer, Chelsea camp chairman.

Church Bulletin Board Honors Memory of Lt. Eugene Czapl

An outdoor church bulletin board was dedicated Sunday at the Grass Lake Methodist church in joint memory of Lt. Eugene Czapl who lost his life Dec. 17, 1946, while serving in the Air Force, and the late Mr. and Mrs. Eugene Close. The bulletin was a gift from the Czapl family and from the late Mrs. Marian Holloway of Ann Arbor, a daughter of the Closes. Mr. and Mrs. Joseph Czapl entertained at a dinner at their home following the dedication service. Guests included Mr. and Mrs. Douglas Mullen and daughters and Mr. and Mrs. Clyde Welch of Flint, Mr. and Mrs. John Tomaski, Mr. and Mrs. Richard Turksi and Mrs. Victoria Walezyk of Detroit, and Mr. and Mrs. Eric Nelson and Robert Phillips of Wolf Lake.

North Sharon Church To Hold Cooperative Supper Nov. 4

Friday, Nov. 4, North Sharon Community Bible church will hold a cooperative supper in the church basement, with all members and friends of the church invited to attend. The supper will be served at 6:30 p.m. and will be followed at 7:45 p.m. by slide pictures of the work at Hiawathaland Indian Mission at Levering. The pictures will be shown by Rev. Robert Trylicks the guest speaker, who is in charge of the mission at Levering. He and his family are to be guests at the supper.

Standard Want Ads Get Results!

FISHERMAN'S FOLLY

It's a funny thing about fishermen. In July and August hundreds of thousands of them scatter over the countryside, seeking and finding a nice looking lake in high hopes of hooking and netting one they'll never have to let about!

The temperature's high and the fish are low—so low, in fact, that the lures rarely reach them in the cool shadows of deep-down weed beds where they go to escape the heat waves. The warm water has curbed their normal appetites. Fancy wobbling, rainbow hued, sparkling and spangled lures may drift tantalizingly past their noses. Luscious looking minnows neatly pinned to a partially concealed hook will swim by invitingly, but wriggling, substantial clusters of night crawlers may be suspended just overhead, casting a watery aroma in all directions. None of this means anything to that grand-daddy bass or pike suffering from heat prostration!

Then comes September and October—the most beautiful months of all in Michigan Outdoors. Fish Wake Up! Cool nights chill the surface waters of our lakes. The annual

"turnover" of the water begins. Fish life is reactivated. Appetites, long minimized by high temperatures, become ravenous. Bass, pike, perch, bluegills, muskies—they're all on the prowl for a big meal. Alas, the spangled lures, the luscious minnows, the big gobs of night crawlers are not to be found. Our fishermen have left the lakes just as the fishing turns for the best!

Now and then a lonely fisherman wanders onto the scene, casts a lure into a pocket of sunken logs, begins a retrieve, and—BOOM!—Drama comes true. Grandpa Bass gives his all in a hair-raising battle, but succumbs gloriously in the end, and our fall fisherman goes home a hero!

Fall Fishing's Fun! Once you discover that fish-bite better in the fall you're in for even more revelations. The cool crisp air of a fall day is an invigorating thing to soul and body. The color pattern of trees and shrubs is an exciting vision of nature. The clear, blue water, free of weed pollen and algae, completes the symphony of impending change. So don't put away that rod and reel so soon. Fish again in Michigan in the fall!

Sheriff's Department Officials Attend Prison School

Washtenaw county Sheriff Erwin L. Klagger and approximately a dozen of his deputies are among the law enforcement officers who are attending sessions of a three-day school conducted by the U. S. Bureau of Prisons co-operating with the Michigan Department of Corrections. The sessions began Tuesday and will close today.

Principal speaker scheduled is Circuit Judge Paul R. Cash of Alma. Others who participated in the program include Roy J. Guenzel, federal jail inspector from the U. S. penitentiary, Terre Haute, Ind.; William E. Bannan, warden of Southern Michigan prison; Gus Harrison, director of the Michigan Department of Corrections; Kenneth Shea, supervisor of the Jackson release camp; William H. Nestle, state jail inspector; Arnold Renner, state five marshal; and Training Supervisor Howard, of the federal prison at Milan.

Topics discussed at the three-day sessions include apprehension, search, security and custody of prisoners; jail food preparation, serving menus, balanced diets and costs; and safety sanitation and housekeeping.

Charles W. Brown, FBI special agent of Detroit, led a discussion on Supreme Court decisions on arrests and seizures and M. C. Porter, chief steward at the federal prison at Milan, gave a demonstration on the preparation and serving of food for prisoners.

Hunters Warned of Dangers in Oil Field Pilot Gas Flames

Lansing—Hunters are warned to stay away from pilot gas flames in northern petroleum fields this fall.

The pilot lights may seem a good way to warm chilled hands, but disastrous flash burns could occur. The problem is especially dangerous in the Headquarters gas field, south of Prudenville and about 15 miles northeast of Harrison.

Pilot flames are found throughout the north country petroleum fields and burn as small, inviting, yellow blooms. But automatic switches release a sudden spurt of gas and flames "as big as a maple tree" explode from the pipes.

George Miller Given Discharge from Navy

George Miller, R.D.3, returned to his home here Friday after receiving his honorable discharge from the U. S. Navy at San Diego, Calif. He had enlisted Oct. 21,

1951, serving most of his enlistment in the Far East. He returned to the United States six months ago. His parents are Mr. and Mrs. Victor Miller.

Last year 164,000 persons used the facilities of South Dakota's 18 roadside parks.

Political embarrassments have been taking the play away from the campaign—other legislators, the chances for long life for those who drive cars on Michigan highways.

It's been a hectic autumn for Secretary of State James M. Hare. He proposed his "14 steps to highway safety" at a point when the public was generally concerned about the slaughter on the highways.

"This has got to be non-political," he said. Insiders figured Hare was sincere in his proposals. Many of them had been projects of Republican legislators in the past, but Hare had them in a package attractive enough to act.

It contained a proposal for a state-system of driver-license examiners, supplanting local officers who for years have issued licenses. Sheriffs, under five before from reformers who believed a politician could never adequately enforce the law, were incensed.

At a meeting in the capitol, they pinned Hare's ears back, demanding that he prove that incompetence in licensing was killing people on the highways.

Hare worked for weeks and came up with statistics to prove the case. He was ill-trained for issuing licenses to hurl a three-ton projectile across the highways.

At a second meeting with the sheriffs, Hare had them on the run with his statistics, case histories. His point was that with state control, Michigan would have better—or fewer—drivers.

At this point, Sheriff Ferris E. Lucas, secretary of the Michigan Sheriff's Association, said: "Maybe the state officials, too, have been doling out favors for their friends in licensing."

Sidney Woolner, Hare's deputy, insisted on proof and Lucas slowly pulled out of his pocket a photostatic copy of an order to report for a license hearing that was ignored.

It bore the name of Thomas M. Kavanagh, of Carson City, who now is the state's attorney-general, the chief law officer in Michigan. Hare immediately ordered an investigation, another examination for Kavanagh. Republican politicians leaped on the episode, promising that Hare's program would be junked.

Hare was embarrassed. Rep. Herb Clements (R-Decker-ville) said that "in view of the disclosures of Kavanagh's driving record, you can be sure that Hare's program will never be enacted."

tection for the other 2,999,999 because of Kavanagh's record. Then, due to a misunderstanding a parking ticket affair at first seemed to involve Hare. This brought out more political spears.

He was either impersonated by a violator in Ionia or a traffic cop misunderstood. But the first report was that Hare was fined for a parking violation, identified himself and the ticket was torn up. The time was 3:08 p.m. on a Friday.

Hare said at that exact minute he was talking with a reporter in his Lansing office, 35 miles from Ionia. The incident made the headlines, of course, and the chances of Hare's program—an accumulation of ideas gathered over the years by legislators—was again under a cloud.

"I certainly hope this very important program, whoever gets the credit for it, can survive these embarrassments which seem to be political, at least on the surface," he said.

Farmers became the focal point of Governor Williams' most recent announcement. He ordered the state agricultural commission to change its emphasis on the quality and production of marketing and research.

"Times have changed since I first came into office," Williams said. For the last year, Gov. Williams has been pointing out the plight of the farmer—too few dollars for the work put into a crop.

Quality has been raised, he said, and now the emphasis should be placed on convincing the buying public. He has ordered the commission and the state agricultural marketing council to come up with a plan.

In the next few weeks, they are expected to develop a program in cooperation with State Treasurer Sanford A. Brown, who is drafting a new "state farm program" for Gov. Williams.

Youth Sentenced on Loaded Weapons Charge

Irven L. Knickerbocker, appearing in Circuit Court Tuesday for sentence on a charge of carrying loaded pistols in a car, was assessed \$300 fine and costs and placed on five years probation. He was turned over to U. S. Navy authorities on their complaint that he was AWOL at the time he was arrested.

Let's Talk Turkey

... and get the plain, hard facts about proper insurance protection against the hazards that strike every family sooner or later. I like to "talk turkey" about Woodmen Accident low-cost protection—against unexpected bills and loss of income when accident or illness strikes you, or your family. Let me show you how, for pennies a day, you can have the proper insurance protection for yourself, your family, or your children.

FORMERLY GROVE BROS.

Annual CROP Appeal Made of Overseas Relief

The Washtenaw county CROP (Christian Rural Overseas Program) committee is launching its annual Thanksgiving-harvest season appeal for food and money to help feed starving persons overseas.

Mrs. David Mattorn of Ann Arbor township is county chairman. The local drive is sponsored by the Ann Arbor-Washtenaw Council of Churches.

The committee seeks both produce and money donations. Because the government will release surplus foods to CROP which must pay only the distribution costs, a dollar donation will send \$20 worth of surplus food to the needy.

Nationally, CROP is sponsored by Church World Service, an agency supported by 35 Protestant and Eastern Orthodox communions and 22 state councils of churches. An estimated two-thirds of the world's population is always hungry and 3,000 persons starve to death or die of deficiency diseases every 20 minutes, CROP officials report.

"Either we, as Christians, use our government's choicest produce or it rots in the granaries, while our less fortunate neighbors are hungry," Mrs. Mattorn declared. "We are not moving our surplus out as fast as it is being accumulated and this is known to hungry persons overseas."

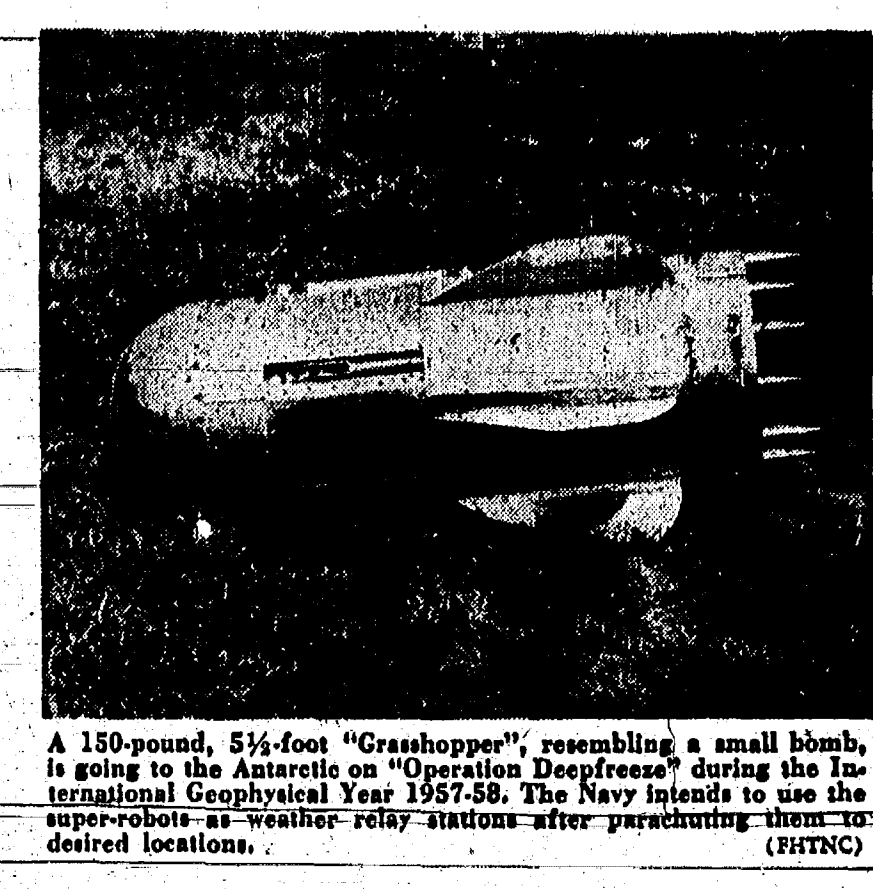

"How can those who are hungry conquer their resentment when they realize we know their plight and do not care enough to go the second mile, if necessary, in giving?" she asked.

CROP donations are slated for refugees, disaster victims and other needy in many of the political hot spots of the world as well as disaster emergency areas. Included are Korea, India, Pakistan, Okinawa, Hong Kong, Japan, Indo-China, the Near East and Europe. Areas of special need in Europe are in Greece, Yugoslavia, Austria, Germany, France, Italy, Turkey and Belgium.

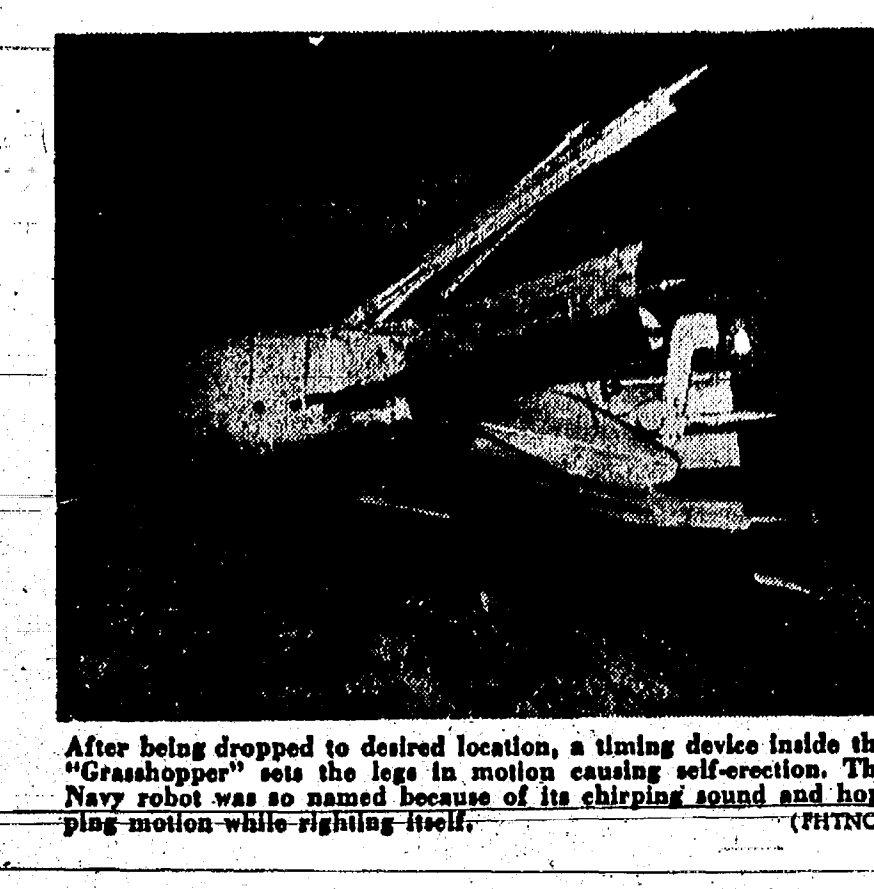

CROP food will be distributed through church agencies for the ninth consecutive year. Last year, 18-million pounds of food were sent overseas. This year the target is \$1,200,000 worth of food. Fifty per cent of money donations this year will be used to send surplus food. The remainder will buy other essential food commodities for the needy.

Co-operating to date in the county drive are the churches, vocational agriculture teachers and Future Farmers of America groups. The committee expects to enlist the aid of other groups also.

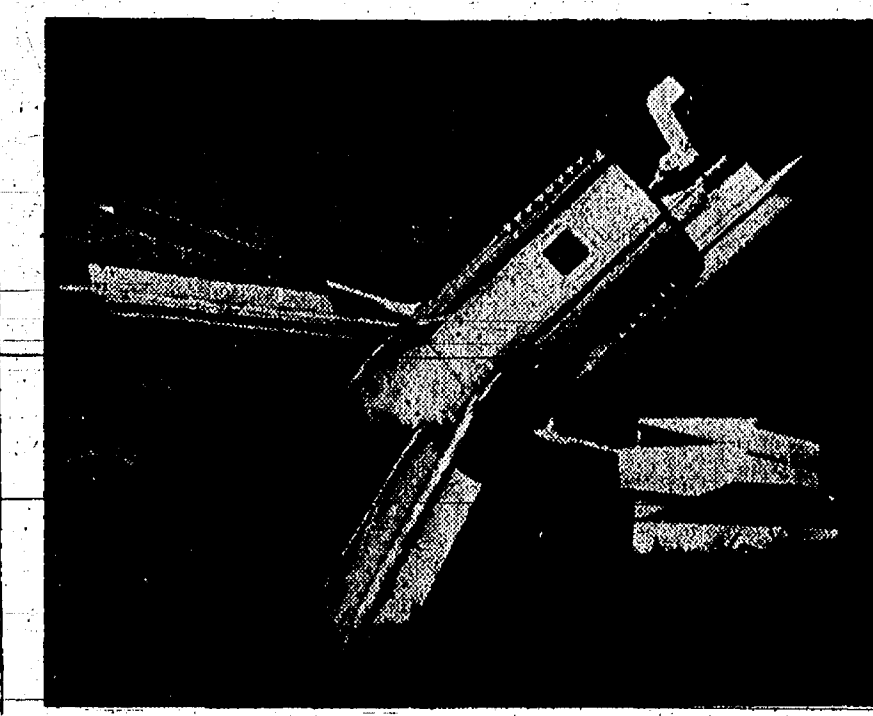

NAVY TAKING GRASSHOPPERS TO ANTARCTIC

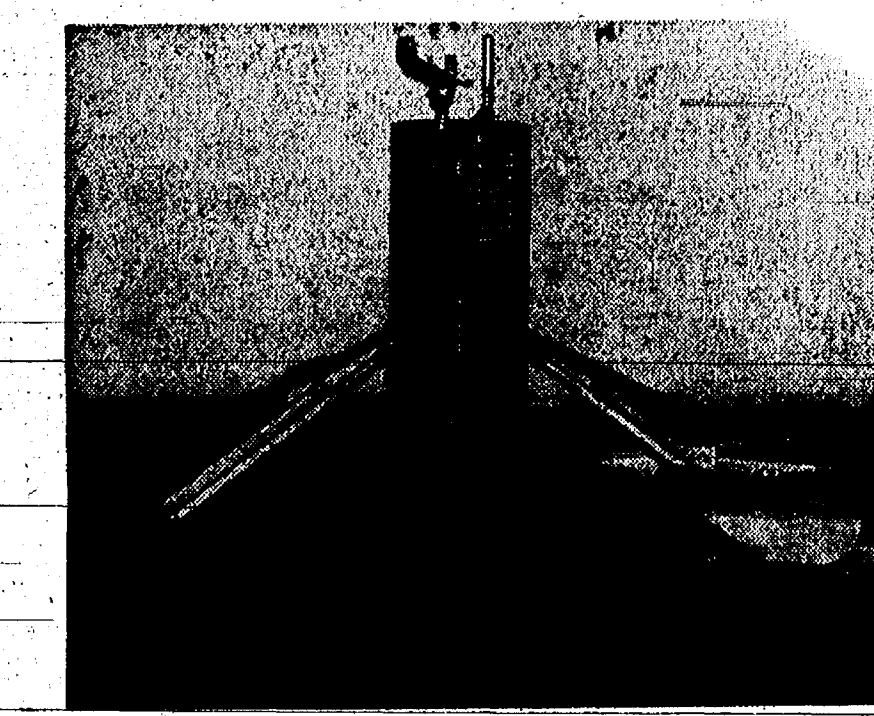

A 150-pound, 5 1/2-foot "Grasshopper" resembling a small bomb, is going to the Antarctic on "Operation Deepfreeze" during the International Geophysical Year 1957-58. The Navy intends to use the super-robot as weather relay stations after parachuting them to desired locations. (PHOTOC)

After being dropped to desired location, a timing device inside the "Grasshopper" sets the legs in motion causing self-recognition. The Navy robot was named because of its chirping sound and hopping motion while righting itself. (PHOTOC)

The wind vane at top right will determine wind direction and velocity while other instruments record and transmit air temperature, barometric pressure and relative humidity. Under study since 1942, this model was developed by the Naval Research Laboratory in Washington, D. C. (PHOTOC)

In upright position, the "Grasshopper" is ready to shoot a 25-foot antenna into the air. Using a 12-volt wall battery it can send periodic radio weather reports as far as 800 miles for 60 days. Navy tests in the Antarctic are expected to bring the robot to perfection. (PHOTOC)

GIRL SCOUT NEWS

Girl Scout Troop 88 will meet Tuesday, Nov. 1, at 4 p.m. in the Municipal building.

Mrs. Ted Balmer, Troop leader.

TROOP 115

We held our second meeting Monday, Oct. 24 at the library where we elected officers as follows: president, Jane McLaughlin; vice-president, Sia Wagner; treasurer, Linda Fisher; scribe, Sharon Smyser. We decided not to have a meeting next Monday because of Halloween. Monday after next we are going out to Mrs. Leland's home at 1805 Pierce road. Saturday we are going on a hike and wiener roast from 1 to 5 p.m. Sharon Smyser, scribe.

BROWNIES

Brownies of Troop 49 met at South Elementary school Thursday. During the business session Judy Lindow was invested.

Dividing into three groups, final preparations were made for a cook-out to be held today.

Roberta Devine was hostess for Thursday's meeting. Only one game was played before the meeting closed.

Barbara Bernath, secretary.

WATERLOO

Mr. and Mrs. Glenn Crandall of Vandercok Lake were Saturday callers of Mr. and Mrs. Gottlieb Rothman.

Mrs. Ray Singer, Mrs. Zella Bradbury, Bob Hindener and Mrs. Jessie Schulz were Sunday dinner guests of Mr. and Mrs. Willis Schulz.

Mrs. Eloise Schulz accompanied her sister, Mrs. Bradbury of Dexter, to Toledo, Ohio, one day last week. They called on their grandmother.

Mr. and Mrs. Howard Wahl and family and Mrs. Jessie Schulz visited Ralph Sudam and Dorothy and Mr. and Mrs. Laurence Pixley and family at Palmyra on Saturday.

Mr. and Mrs. Henry Camden of Jackson, were Sunday visitors of the Howard Wahl. Mrs. Jessie Schulz returned with them to spend a few days.

Mr. and Mrs. Wilbur Pluck have returned home after an extended business trip through the West.

Mr. and Mrs. Wendell Barber of Stockbridge, and Joan Barber of Ann Arbor, were Sunday guests of Mr. and Mrs. Will Barber.

Mrs. Nina Moeckel and daughter, Odema, were Friday callers of Mr. and Mrs. Will Barber.

Mr. and Mrs. Will Barber and Mrs. Mina Moeckel called on Charles Daly recently.

Special services, beginning Monday-Oct. 31 and ending Sunday night, Nov. 6, will be held at 2nd E.U.B. church, Waterloo, under the leadership of Rev. A. L. Spafford, Jr., pastor of Hope E.U.B. church.

dinner guests at the home of Mr. and Mrs. Arthur Kuhl.

Mrs. Marian Sallness of Saginaw, spent Saturday with her mother, Mrs. Caroline Miller. Mrs. Miller accompanied her to Saline Sunday where they were dinner guests of Miss Cally Schmidt. Miss Ida Schmidt spent Tuesday with her niece, Mrs. Harold Malloy of Ann Arbor.

Mr. and Mrs. Jack Bradbury visited Mr. and Mrs. Oscar Weber of Saline on Sunday.

Mrs. Elmer Bristle and son, Michael, visited Mrs. Bristle's parents, Mr. and Mrs. C. M. Thompson of Ypsilanti Sunday.

Mr. and Mrs. Bernard Herrst entertained at a birthday party Monday night in honor of their son Kenneth, who was two years old. Present at the party were Mr. and Mrs. Raymond Eglor and daughter, Violet, of Ann Arbor, and Mr. and Mrs. Norman Houk and son, Danny, of North Lake. The party was to have been held a week ago but was postponed because Kenneth was ill.

LIMA TOWNSHIP

Mr. and Mrs. Lorenz Wenk called Sunday at the home of the former's mother, Mrs. Fred Wenk.

Sunday guests of Mrs. Anna Reichert were Mr. and Mrs. Herman Scheve of Ann Arbor.

Week-end guests of Mr. and Mrs. Herman Gage were Mr. and Mrs. Gerald Carr and daughter, Barbara, of Detroit. Saturday guests were Mr. and Mrs. John Desmond and daughter, Mr. and Mrs. Ed. Easterle and Mr. and Mrs. Theodore Seyler, all of Ann Arbor. Sunday guests were Mr. and Mrs. Roland Stalke and Mrs. Ferguson and Mrs. Jodie of Ann Arbor and Mr. and Mrs. Weber.

Rose Ann and Arlene Zahn attended a birthday party Monday night at the home of Mr. and Mrs. Bernard Herrst in honor of their son Kenny. Also present were Mr. and Mrs. Raymond Eglor and daughter, of Ann Arbor, and Mr. and Mrs. Norman Houk of North Lake.

Mr. and Mrs. Frank Winters, of Freedom township, were Sunday

daughter, Martha, of Manchester, and Mrs. Putnam Dorr and daughter, Linda, of Grass Lake.

Mr. and Mrs. Clarence Gage and daughter, Rose Ann, of Ann Arbor, were Sunday callers of Mr. and Mrs. Elmer Gage.

Sharon Tower Farm Bureau will hold their next meeting Thursday, Nov. 10 at the home of Mr. and Mrs. Walter Haab at 8 p.m.

Mr. and Mrs. Merle Cummings attended the funeral of an aunt, Mrs. Joe Smith, at the Iron Creek church Saturday. Mrs. Smith died suddenly Wednesday following a heart attack.

Glitch Guinee, the locale of Longfellow's "The Song of Hiawatha," is the Lake Superior area of northern Michigan. Longfellow drew his information for the poem from Henry Schoolcraft, an Indian historian and scientist who lived at Sault Ste. Marie.

• DOGS •
By Farley Manning

THE FIVE-BUCK PUP
It's usually a simple matter to "get rid" of a litter of pups, either by giving them away or peddling them around town for a nominal \$5 or \$10 apiece. Everyone, unless he's a confirmed dog hater, finds it hard to resist these comical, playful little gues, and the price tag makes it easy to own one, maybe too easy.

Many a five-buck pup, of course, finds himself placed in a good home. Many others start out in a good home too, but as they get bigger, less cute, and begin to take on strange mongrel appearances, their masters dump them—and philoosophically write off the slim \$5 investment. And more than likely the low price-evaluation put on the pup in the dog's final fate. Suppose every puppy was sold at a minimum price of \$50. Do you think you'd ever see a dog running lost in the streets—a dog kicked and chased from door to door—worn pulled-down mothers nosing in garbage cans and gutters for something to carry home to their pups?

Maybe that's an extreme idea—but it certainly carries a message. Because if their so-called investment to begin with, some owners brush aside their responsibilities to their five-buck canine charges. Proper housing, feeding, medical care and affection may be unknown to the "cheap" dog throughout his life.

The food may be table scraps—instead of a balanced diet. He's untrained yet his master grows annoyed at his stupid barking or lack of obedience. When he gets sick, he recovers by himself—if he can.

Sounds rough, doesn't it? All too often it's worse than that for a pup who starts life wearing a five-buck price tag.

Two Area Girls on MSU Honor List
Chelsea High School Principal John Griffin has received a report from Michigan State University that Barbara Kuhl and Jean Schewirth, graduates of Chelsea High school, were among the students whose names appear on the dean's list at Michigan State University. The list is for the spring semester of their junior year, which ended in June.

COMING UP

SENIORS
"The Remarkable Incident At Carson Corners" was selected for the Senior Play to be given Nov. 18 and 19. Mrs. Johnson is directing while Pat Wylston is student director. The cast, consisting of 13 boys and 14 girls, has not yet been chosen.

JUNIOR RINGS ARRIVE
The class of '57 has finally received its class rings, which were ordered last spring.

SEVENTH GRADE KEEPS BUSY
The seventh grade section B has made outlines and bulletin boards on Latin America. They will make a product map on Central America. Some people have given reports on this region for extra credit.

In English this section has been explaining how to make different things such as fudge, cookies, etc. After giving their explanation they passed around a finished product for everyone to enjoy. Things not suitable, such as jewelry, were given to Mrs. Prince—the teacher.

MOVIES
The following movies were seen recently: "Basic Court Procedures" 12th grade, Miss Fox; "Tomorrow and Today in Kitchena," Mr. Musser; "Letter to a Pilot," Mr. Cameron.

NOT SO HOT
After losing the first game 14-0, the Chelsea Bullpups lost their second, 6-0, to Saline. Both were with Saline, one on Oct. 6, the other Oct. 20.

STUDENT COUNCIL
The matter of desks being carved on was brought up at the meeting Oct. 19. It was decided that there be a campaign lasting for a week which would stress desk preservation.

the FHA. Red crosses were presented to each member in the presence of invited mothers and friends. "We Ain't Got the Money for the Mortgage on the Money" was the skit presented for entertainment; all members of the cast were dressed up according to their parts. Refreshments of punch, made by Bev. Dyer, and cookies, brought by the members, were served.

HOME ECONOMICS
Homemaking I students are doing demonstrations in cake making, puddings, and salads. They have also been doing experimental biscuit making and viewing the results.

Dream Homes are the project of Homemaking II girls. In planning these homes, they consider the type of furniture, arrangement, and types of fabrics.

Family problems, troubles, and solutions are the main concern of Homemaking III.

Two Youths Sentenced On Intoxicants Charge
In Municipal Court, Ann Arbor, on Wednesday of last week, two Chelsea youths were sentenced on a charge of unlawful possession of intoxicants in an automobile. The two are Albert Truety, 17, of 223 Madison street who was ordered to pay \$20 fine and costs or serve 10 days in jail, and Carl E. Gullett, 18, of 652 McKinley street who was sentenced to three days in jail and ordered to pay \$50 or serve an additional 10 days.
