## **Exhibit B**

Suppliers are to indicate their capability of fulfilling each specific requirement. Each Supplier's responses will be reviewed and compared to the requirements to determine the best solution for the Commonwealth.

Detailed requirements are presented in questionnaire format to facilitate direct responses and establish accountability regarding delivery of solution by the Supplier. To respond to each requirement, Supplier is asked to enter, in the space provided in Column B, a code that best corresponds to its intended response for the requirement listed.

The acceptable codes for Column B are as follows:

**Y** - "Yes" - Supplier can fully meet the requirement as documented with its current application or proposed solution. If applicable, Supplier should provide in Column C an explanation of how it will fulfill the requirement. This may include use of alliances with other Suppliers. Supplier may also use Column C to cross-reference a detailed explanation included in an attachment of its proposal.

**N** - "No" - Supplier cannot meet the requirement and has no firm plans to be in the position to meet this need within one month.

VITA has posed some open-ended questions. In those instances, Supplier is to provide adequate information to allow VITA to properly evaluate its proposal.

Security Requirements	Y/N	Description
<p>Does your solution comply with all current COV ITRM Policies and Standards, as applicable found at:  <a href="http://www.vita.virginia.gov/library/default.aspx?id=537">http://www.vita.virginia.gov/library/default.aspx?id=537</a>            If proposed solution does not, please provide details that specify the Standard/Policy and how Supplier's solution does not comply.</p>	Y	
<p>Does your proposed interfaces comply with or have approved exceptions to all applicable Commonwealth Data Standards as found at <a href="http://www.vita.virginia.gov/oversight/default.aspx?id=10344">http://www.vita.virginia.gov/oversight/default.aspx?id=10344</a> If not, please explain.</p>	Y	
<p>Does your solution/application/product provide effective, interactive control and use with non-visual means and provide 508 Compliance in accordance with the following standard regarding IT Accessibility and 508 Compliance:  <a href="http://www.vita.virginia.gov/uploadedfiles/library/accessibilitystandard_gov103-00_eff_11-04-05.pdf">http://www.vita.virginia.gov/uploadedfiles/library/accessibilitystandard_gov103-00_eff_11-04-05.pdf</a> (Refer to <a href="http://www.section508.gov">www.section508.gov</a> and <a href="http://www.access-broad.gov">www.access-broad.gov</a> for further information) If yes, please describe how this functionality is achieved and include a completed Voluntary Product Accessibility Template (VPAT) with your proposal: (The VPAT template is located in Appendix C of the Accessibility Standard (GOV103-00)). If no, does your solution/application/product provide alternate accessibility functionality? Please describe.</p>	Y	

<b>Breadth of Offerings</b>	<b>Y/N</b>
Is your organization an authorized reseller of IBM software? If so, please list the categories that you are authorized to resell. In addition, the categories listed should tie back to the software list in the Excel document titled "Appendix C Pricing". If there are software titles that you are authorized to resell and those titles are not listed in the tab labeled "Software Titles", then you should add those titles to the tab labeled "Additional Software Titles".	<b>Y</b>

<b>Breadth of Offerings</b>	<b>Y/N</b>

### Description

IBM will provide to the Commonwealth of Virginia four (4) software price schedule formats to benefit the Commonwealth in their procurements. These 4 schedule formats will accommodate the full breadth of IBM's software portfolios and solutions. These four schedule formats include:

- IBM Passport Advantage Software
- Software as a Service (SaaS)
- Mainframe Software (OTC & MLC)
- SaaS Software

Additionally, Non-PPA Distributed Software & Solutions: At times, IBM acquires new software companies, creates new bundled software appliances or software-based solutions that are not available via our channel Passport Advantage Program. For these products, IBM may submit pricing schedules to the State.

## Description

### IBM business segments and capabilities

In addition to the newly established business units, which include IBM Commerce, IBM Analytics, IBM Security, IBM Cloud, and IBM Healthcare, the company's major operations consists of five business segments: Global Technology Services and Global Business Services, which the company collectively calls Global Services, Software, Systems and Technology, and Global Financing.

Global Services is a critical component of the company's strategy of providing IT infrastructure and business insight and solutions to clients. While solutions often include industry-leading IBM software and systems, other suppliers' products are also used if a client solution requires it. Approximately 60 percent of external Global Services segment revenue is annuity based, coming primarily from outsourcing and maintenance arrangements. The Global Services backlog provides a solid revenue base entering each year. Within Global Services, there are two reportable segments: Global Technology Services and Global Business Services.

Global Technology Services (GTS) primarily provides IT infrastructure and business process services, creating business value for clients through unique technology and IP integrated services within its global delivery model. By leveraging insights and experience drawn from IBM's global scale, skills, and technology, with applied innovation from IBM Research, clients gain access to leading edge, high-quality services with improved productivity, flexibility, cost, and outcomes.

Our GTS segment offers the following capabilities to clients:

- Strategic Outsourcing Services delivers comprehensive IT outsourcing services dedicated to transforming clients' existing infrastructures to consistently deliver improved quality, flexibility, risk management, and financial value. The company integrates longstanding expertise in service management and technology with the ability to exploit the power of new technologies from IBM systems and software, such as cloud computing, analytics and virtualization, to deliver high performance, innovation, and improved ability to achieve business objectives.
- Integrated Technology Services delivers a portfolio of project-based and managed services that enable clients to transform and optimize their IT environments by driving efficiency, flexibility, and productivity, while reducing costs. The standardized portfolio is built around key assets and patented software, and incorporates best practices and proven methodologies that establish predictive quality of delivery, security, and compliance.

### Description

- Cloud Services delivers a comprehensive set of cloud services ranging from assisting clients with building their own private clouds, to building customized dedicated managed clouds, to allowing clients to leverage standardized cloud infrastructure services from the Soft Layer and IBM Cloud Managed Services offerings, to creating hybrid environments linking their private and public workloads together. This portfolio of cloud offerings spans across the GTS business lines.
  - Technology Support Services (Maintenance Services) delivers a complete line of support services from product maintenance through solution support to maintain and improve the availability of clients' IT infrastructures.
- Global Business Services (GBS) has the mission to deliver predictable business outcomes to the company's clients across three primary business areas: Consulting and Systems Integration, Application Management Services, and Global Process Services. These professional services deliver business value and innovation to clients through solutions that use industry and business process expertise. The role of GBS is to drive initiatives that integrate IBM content and solutions and drive the progress of the company's strategic initiatives. As clients transform themselves in response to market trends like big data, social, and mobile computing, GBS helps clients use these technologies to reinvent relationships with their customers and realize new standards of efficacy and efficiency in the internal processes, data, and applications that they use to run their businesses. Our GBS segment offers the following capabilities to clients:
- Consulting and Systems Integration delivers value to clients through solutions in Strategy and Transformation, Application Innovation Services, Enterprise Applications, and Smarter Analytics. Consulting also focuses on bringing to market client solutions that drive Smarter Commerce, Cloud, Mobile, and Social Business.
  - Application Management Services (AMS) delivers application management, maintenance, and support services for packaged software, as well as custom and legacy applications. IBM delivers value through advanced capabilities in areas such as application testing and modernization, and cloud application services, and through our highly differentiated globally integrated capability model, industry knowledge, and the standardization and automation of application management.
  - Global Process Services (GPS) delivers a range of offerings consisting of standardized through transformational solutions including processing platforms and business process outsourcing. These services deliver improved business

### Description

results to clients through the strategic change or operation of the client's business processes, applications, and infrastructure.

Software consists primarily of middleware and operating systems software. Middleware software enables clients to integrate systems, processes, and applications across a standard software platform to improve their business results, solve critical problems, and gain competitive advantage within their industries. IBM middleware is designed on open standards, making it easier to integrate disparate business applications, developed by different methods and implemented at different times. Operating systems are the software engines that run computers. Approximately 70 percent of external software segment revenue is annuity based, coming from recurring license charges, software sold "as a service," and ongoing post-contract support. The remaining revenue relates to one-time charge (OTC) arrangements in which clients pay one, up-front payment for a perpetual license. Typically, the sale of OTC software includes one year of post-contract support. Clients can also purchase ongoing post-contract support after the first year, which includes unspecified product upgrades and technical support. Our Software segment offers the following capabilities to clients:

- WebSphere Software delivers capabilities that enable organizations to run high-performance business applications. With these applications, clients can integrate and manage business processes across their organizations with the flexibility and agility they need to respond to changing conditions. Built on services-oriented architecture (SOA), and open standards support for cloud, mobile, and social interactions, the WebSphere platform enables enterprises to extend their reach and optimize interactions with their key constituents. Smarter Commerce software helps companies better manage and improve each step of their value chain and capitalize on opportunities for profitable growth, efficiency, and increased customer loyalty.
- Information Management enables clients to integrate, manage, and analyze enormous amounts of data from a large variety of sources to gain competitive advantage and improve their business outcomes. With this approach, clients can extract real value out of their data and use it to make better business decisions. IBM's middleware and integrated solutions include advanced database management, information integration, data governance, enterprise content management, data warehousing, business analytics and intelligence, predictive analytics, and big data analytics.

### Description

- Watson Solutions offer the first commercially available cognitive computing platform that has the ability to interact in natural language, processing vast amounts of big data, and learning from its interactions with people and computers. As an advisor, Watson is able to sift through and understand large amounts of data delivering insights with unprecedented speeds and accuracy.
- Tivoli Software helps clients optimize the value they get from their infrastructures and technology assets through greater visibility, control, and automation across their end-to-end business operations. These asset management solutions foster integrated service delivery for cloud and datacenter management, enterprise endpoint and mobile device management, asset and facilities management, and storage management. Tivoli includes security systems software that provides clients with a single security intelligence platform that enables them to better secure all aspects of their enterprise and prevent security breaches.
- Workforce Solutions enables businesses to connect people and processes for more effective communication and increased productivity through collaboration, messaging, and social networking software. By remaining at the forefront of collaboration tools, IBM's social business offerings help organizations reap the benefits associated with social networking and create a more efficient and effective workforce.
- Rational supports software development for both IT and complex and embedded system solutions with a portfolio of products and solutions supporting DevOps and Smarter Product Development. It transforms the way lines of business, development, and operations work together to deliver innovation by software.
- Mobile spans middleware and offers customers true end-to-end mobile solutions across platform and application development, mobile security, and mobile device management. Applying powerful analytics and usage data, customers are provided with the ability to have more compelling interactions with their clients and workforce, increasing touch points and deepening relationships. The mobile offerings provide the ability to increase workforce productivity through enhanced collaboration, improved knowledge sharing, and increased response speed. Systems and Technology provides clients with innovative infrastructure technologies to help meet the new requirements of data, cloud, and engagement – from deploying advanced analytics, to moving to digital service delivery with the cloud, and securing mobile transaction processing. Approximately half of Systems and Technology's server and storage sales transactions are through the company's business partners, with the balance direct to end-

### Description

user clients. In addition, Systems and Technology provides leading semiconductor technology, products, and packaging solutions for our own advanced technology needs. Our Systems and Technology segment offers the following capabilities to clients:

- Systems offers a range of high-performance systems designed to address capacity, security, speed, and compute power needs for businesses, organizations, and technical computing applications. After the divestiture of the System x industry standard server business, the portfolio includes System z, a trusted enterprise platform for integrating data, transactions and insight, and Power Systems, a system designed from the ground up for big data, optimized for scale-out cloud and Linux, and delivering open innovation with OpenPOWER. The company is also a founding member of the OpenPOWER foundation, a group of industry-leading companies working together to develop high-performance compute solutions based on the IBM POWER architecture.
- Storage delivers data storage products and solutions that allow clients to retain and manage rapidly growing, complex volumes of digital information. These solutions address critical client requirements for information retention and archiving, security, compliance, and storage optimization including data deduplication, availability, and virtualization. The portfolio consists of a broad range of software-defined storage solutions, disk and tape storage systems, and Flash storage and solutions.
- Technology establishes that the company's continued leadership in systems requires ongoing investments in semiconductor and material science research and development that drives innovation that matters for our clients. In 2014, the company announced a definitive agreement to divest its Microelectronics business and manufacturing operations. This transaction is expected to close in 2015.

#### Global Financing segment

Global Financing facilitates clients' acquisition of IBM information technology systems, software, and services by providing financial solutions in the areas where the company has the expertise. The financing arrangements are predominantly for products or services that are critical to the user's business operations. These financing contracts are entered into after a comprehensive credit evaluation and are secured by legal contracts. As a captive financier, Global Financing has the benefit of both deep knowledge of its client base and a clear insight into the products and services financed. These factors allow the business to effectively manage two of the major risks, credit and residual

## Description

value, associated with financing while generating strong returns on equity. Global Financing also maintains a long-term relationship with the companies' clients through various stages of IT asset life cycle – from initial purchase and technology upgrades to asset disposition decisions. Our Global Financing segment offers the following capabilities to clients:

- Client Financing delivers lease and loan financing to users and internal clients for terms up to seven years. Assets financed are primarily IT products and services where the company has expertise. Internal financing is predominantly in support of Global Services' long-term client service contracts. Global Financing also factors a selected portion of the company's accounts receivable, primarily for cash management purposes. Internal financing arrangements are at arm's-length rates and based upon market conditions.
- Commercial Financing offers short-term inventory and accounts receivable financing to dealers and remarketers of IBM and OEM products.
- Remanufacturing and Remarketing facilitates the return of used equipment from lease transactions, or may be surplus equipment internally or externally purchased. These assets are refurbished or upgraded and sold or leased to new or existing clients both externally or internally. Externally remarketed equipment revenue represents sales or leases to clients and resellers. Internally remarketed equipment revenue primarily represents used equipment that is sold internally to Systems and Technology and Global Services. Systems and Technology may also sell the equipment that it purchases from Global Financing to external clients.

As an IBM lab-based organization, IBM Systems Middleware Services (ISMS) consultants work with IBM software development from the very beginning of an emerging technology - and have the expertise to get clients started the moment the technology is available. Our ties to the lab ensure our solutions are the best and most advanced available.

Our mission is to help customers succeed and become self sufficient with IBM Middleware products. Therefore, an approach involving structured mentoring and skills transfer is incorporated in all our customer engagements. We bring best practice methodologies to each engagement.

IBM Systems Middleware Services is a global network of highly skilled, deeply technical experts ready to help clients

## Description

become more agile by implementing IBM software solutions to solve technical and business needs, including business process management, application integration, application development, service-oriented architecture, rules-based business decision management, and more.

We provide assistance services across all phases of a project –Project Definition/Discovery, Architecture, Design and Planning, Installation and Configuration, Development/Customization, Testing, Production and Deployment, and Post Production Support. Our proven methodologies and approach have empowered hundreds of clients to recognize new capabilities for capitalizing on opportunities and outmaneuvering competitors.

Your needs change, and so will what you need from IBM as your enterprise transforms. IBM Systems Middleware expert services fall into four categories of offerings designed for specific outcomes:

- Workshops and Assessments
- Solution Delivery
- Enterprise Lifecycle Services
- Migration Services Migration Services

Workshops and Assessments are designed to help clients drive towards an outcome of consensus or make a decision. Some examples of Workshops and Assessments offered by IBM Systems Middleware Services are:

- Process Improvement & Discovery Workshop (2 days)
- Operational Decisions Discovery Workshop (1 day)
- BPM Center of Excellence Workshop (10 days)
- Process Inventory (2 wks)
- Process Inventory, Variation Analysis and Road map (6 wks)
- 

Solution Delivery services help clients realize tangible results from project engagements. Some examples of Solution Delivery offered by IBM Systems Middleware Services are:

- ~~Smarter Process Prescriptive Projects for Business Process Management (BPM) Operational Decision Management~~

**Confidential: IBM is proposing additional service offering as outlined in Appendix 14 - Marked as Confidential.**

**This offering has not yet been announced for general availability.**

Staffing Requirements	Y/N	Description
<p>Will the staff that will be assigned to this contract have an understand of all the various licensing terms that IBM has like user based licensing, concurrent user, etc.? If so, please explain the various types that you are experienced in.</p>	<p><b>Y</b></p>	<p>As the manufacturer of the proposed software, the IBM staff assigned to the contract will have a complete understanding of the licensing terms. The products proposed will be easy to procure and maintain through a streamline contract process as accessed through our Passport Advantage website. Passport Advantage is a simple, comprehensive site for IBM offerings that covers software license acquisition including Fixed Term Licenses and Software Subscription and Support product upgrades and technical support under a single, common set of agreements, processes and tools. IBM is also offering Mainframe software One-Time Charge and Monthly License Charge (OTC and MLC).</p>
<p>Will your solution have a dedicated account management team assigned to this contract? If so, please explain.</p>	<p><b>Y</b></p>	<p>The following IBM representatives will be dedicated to managing and monitoring the performance of the contract.</p> <p>Andy Harmond - Client Executive to the Commonwealth of Virginia</p> <p>MG Anderson - Software Client Lead for the Commonwealth of Virginia</p> <p>Russ Boles - Public Sector Contracts Sales Manager - East Region</p> <p>Sharabian Spivey - Public Sector Contracts Administrator</p> <p>Additionally, please see Appendix 3 - "IBM Potomac Valley Enterprise Team assigned to the Commonwealth of Virginia". This provides the contact information and roles for the more than 70 individuals who can provide information and/or deliver IBM products and services to fulfill the needs of the Commonwealth.</p>

Staffing Requirements	Y/N	Description
What are the certifications that staff members have obtained that will be assigned to this contract if awarded. Please describe.		Within IBM there are several professions in which certification are available; the main areas are consultancy, project management, IT specialist, IT architect, education, marketing, sales and product services.
How often does your staff attending training/retraining? Please describe.	 Services for VITA	<p>Within IBM, professionals are encouraged to validate their existing skills by gaining appropriate certifications for their level of knowledge and experience. Our long-standing practice is to ensure that employees are properly educated, trained and qualified for the services they perform</p> <p>Training:</p> <p>As IBM makes significant investments in training programs, each member of the team that services the Commonwealth, makes a significant personal investment to improve his/her knowledge and skills to better serve our customer. How often, that training occurs varies by individual, but it is safe to say, that training is continual, learning events weekly, monthly and quarterly. Some of the training programs provided are as follows:</p> <ul style="list-style-type: none"> <li>• Think40 is a self-initiated, IBM enabled program through which every employee completes a minimum of 40 hours per year of education, without travel boundaries</li> <li>• Industry Learning, which includes online classes, lectures and books, traveling workshops in local offices, research reports, on-line books, and Collaborative communities where experts and field personnel can share insights and request help.</li> <li>• Product training which varies from lunch &amp; Learn seminars to intensive week long deep dives into products and solutions</li> <li>• Technical training - for technical sales and services teams which provides proficiency is implementing, integrating and using IBM software and hardware products</li> </ul>
Do you have different levels of skilled professionals that would be assigned to this contract if awarded? If so, please provide those positions here. If possible, they should be the same titles as those listed in the Excel document "Appendix C Pricing" tab labeled "Labor Rate".	<p style="text-align: center;">Y</p>  Mid-Atlantic Region Events Calendar	<p>Yes. Because we have such a large professional resource pool to draw from, each project team is staffed based on the project's requirements. Depending on the project schedule, the number of hours required to accomplish the scope of work, and the types of expertise needed, IBM may assign staff on a full-time, part-time, or as required basis, or on a combination of all of these. The IBM Services Executive will work with your staff to establish the project requirements and target completion dates, and assign the appropriate number and types of personnel to ensure successful performance and timely completion.</p> <p>Detailed descriptions of skilled professionals can be found in Appendix 8.</p>

Staffing Requirements	Y/N	Description
<p>Does your sales staff routinely visit current and prospective clients to keep them informed on current and emerging software products from IBM? If so, please explain.</p>	Y	<p>IBM truly differentiates itself beyond technology and market position with a comprehensive coverage model and value added services. We have a large team dedicated to working with the Commonwealth of Virginia. Andy Harmond (IBM Client Representative) leads the IBM team in support of the Commonwealth, managing client relationships for all IBM solutions. MG Anderson (IBM Software Client Lead) is responsible for all IBM software and bringing to bear the product experts as needed to support the Commonwealth. Your larger IBM team is made up of individual brand representatives and technical reps, who specialize in either of IBM's Software or Services Offerings and located within a couple of hours or less from key Commonwealth offices . The ultimate goal of your IBM Team is to provide best of breed partnership and to keep current/prospective clients updated on new or upcoming products, advise on emerging IT trends, and help guide them on software solutions that meets their business needs and challenges. While members of the team will be visiting COV locations several times a month, we will also provide a list IBM sponsored events in the Mid-Atlantic that COV employees may attend for further education or product reviews. A sample list for of events for the first quarter of 2015 is attached. (see excel spreadsheet entitled "Q1 2015 NA Calendar" Appendix 9)</p>
<p>Will your solution be incorporating subcontractors or alliances? Please provide the details of your plan.</p>		<p>If it is determined prior to, or during a software implementation, that IBM does not possess the requisite resource or skill-set within the time required by Commonwealth, a qualified subcontractor may be utilized as needed.</p> <p>When appropriate IBM will include/incorporate product offerings that are brought to market via IBM partnerships/alliances with other companies. An example includes IBM MobileFirst for iOS developed with our recently announced partnership with Apple. <a href="http://3.ibm.com/press/us/en/pressrelease/45633.wss">http://3.ibm.com/press/us/en/pressrelease/45633.wss</a></p>
<p><b>Technical Requirements</b></p>		
<p>Does your firm offer pre-sales support such as trials, architecting, sizing, etc. If so, please describe.</p>	Y	<p>IBM will provide a large array of Pre Sales assistance from requirements gathering and documentation to demonstrations, architectural workshops, and Proof of Concepts. Depending on the nature of the product , trials and proof of technology projects are also available We have access to entire teams of engineers, architects and a host of other technical resources that are local and able to provide excellent sales support to help the Commonwealth make informed and confident decisions.</p>

Staffing Requirements	Y/N	Description
<p>Will your firm provide any additional services that would be an added value to the Commonwealth? Please describe and provide examples.</p>	<p>Y</p>	<p>IBM has deep industry experts which work with numerous government entities, and advise the Commonwealth on best practices, improving outcomes through executive and technical workshops at our Centers of Excellence or your location. We also offer several customer conferences a year which provide access to IBM products announcements, subject matter experts, experienced customers, hands on technology labs, and much more.</p> <p>Our presales team will also help leverage the current investment in the shared services environment at VITA, through agency education seminars, presentations and high level training programs which promote adoption.</p> <p>Additional services may include:</p> <ul style="list-style-type: none"> <li>IBM Software Accelerated Value Program</li> <li>Expert Access Services</li> </ul> <p>These essential software services, helps customers facilitate software adoption, faster deployments, lifecycle leadership, risk mitigation and more, by identifying ways to improve your IBM software environment, technical staff skill set, and processes.</p> <p>Additional information for IBM Software Accelerated Value Program and the Expert Access Services can be found in Appendix 10 &amp; 11 respectively</p>

Staffing Requirements	Y/N	Description
<b>Training Requirements</b>		
Do you offer onsite/offsite training on IBM software? If so, please describe.	Y	<p>IBM believes that training is an essential part of customer success with enablement and engagement. IBM has selected world-wide IBM global training providers to provide the highest quality training on IBM solutions. IBM global training providers are the only partners authorized by IBM to leverage the award winning IBM technical training content and combine this with expertly trained and experienced trainers and coaches to provide you with an exceptional learning experience. The IBM Certification Program will provide you with the appropriate skills and accreditation for IBM software, hardware and solution offerings. At the following link, clients can search for training and certification paths, contact a training consultant and global training partner, and access the Community page which pulls together blog articles, videos, and tweets from various IBM Training social media sources: <a href="https://ibm.biz/BdRUXm">https://ibm.biz/BdRUXm</a></p> <p>IBM is committed to helping our clients achieve the skills and expertise to take their careers to the next level and was named to Training Industry.com's list of Top 20 IT Training Companies.</p> <p>Additionally, IBM Lab Services consultants provide daily "hands on" training during the implementation. This training is conducted through knowledge transfer with your users and administrators who will participate in the implementation and configuration process.</p>
Does your organization offer any free webinars that specifically deal with IBM software? If so, please describe.	Y	<p>IBM offers our online Virtual 'Digital Event Center' where clients can access a wide range of digital / virtual events, such as Public Sector oriented webinars and product briefings for free. Clients can search for on-demand / currently available webinars, as well as upcoming events. IBM also offers 'Virtual Briefing Centers' that periodically host live sessions, on-demand sessions and other helpful resources at no cost. Clients may search for webcasts events by Geography, Solution, Industry or by All Events.</p> <p>To access the Virtual Event Center please visit the following website :  <a href="https://engage.vevent.com/index.jsp?eid=556&amp;ecid=19323&amp;lc=en&amp;cc=US">https://engage.vevent.com/index.jsp?eid=556&amp;ecid=19323&amp;lc=en&amp;cc=US</a></p>  <p>Each of our different software brands may separately offer free webinars which can be found through our IBM website. For example, the links below will take you the IBM website where clients can access a series of Rational and Softlayer webinars for free.</p> <p><a href="http://www-01.ibm.com/support/docview.wss?uid=swg27025140">http://www-01.ibm.com/support/docview.wss?uid=swg27025140</a>  <a href="https://engage.vevent.com/index.jsp?eid=556&amp;ecid=66663">https://engage.vevent.com/index.jsp?eid=556&amp;ecid=66663</a></p> <p>(cut/paste this link into browser for additional info)</p>

Staffing Requirements	Y/N	Description
<p>Does your organization offer and house an IBM certified Business Partner Innovation Center (BPIC) locally in the mid-Atlantic region? If so, please explain.</p>	<p>Y</p>	<p>We partner with thousands of organizations worldwide, and we have the experience of working with almost every conceivable model from cooperative agreements, intellectual and revenue sharing agreements through to the operation of Joint Venture Companies. We know that there is no single 'one size fits all' model, and that partnerships need to be built around specific relationships and the aspirations of each of the parties.</p> <p>IBM Business Partner Innovation Centers serve as the ideal platform to showcase IBM products and related technologies, along with Business Partner solutions and services, bringing industry solutions into the customers' hands.</p> <p>As the manufacturer, we can provide the same functions at IBM site locations and/or IBM briefing centers.</p> <p>IBM has multiple BPIC locations throughout the Mid-Atlantic region. Mid-Atlantic BPIC locations exist in the states of PA, MD, NY, and NJ. Below is the link to the directory and an overview of IBM's Business Partner Innovation Centers.</p> <p><a href="http://www-304.ibm.com/partnerworld/wps/servlet/ContentHandler/pw_com_bam_bplic_directory_americas">http://www-304.ibm.com/partnerworld/wps/servlet/ContentHandler/pw_com_bam_bplic_directory_americas</a></p>
<p>Does your organization have the ability to provide in-person demonstration, briefing, and proof-of-concepts at your local BPIC? If so, please describe.</p>	<p>Y</p>	<p>IBM Business Partner innovation centers provide world-class facilities with multi-functional lab space for training and customer engagements. These centers promote industry solutions and services built with IBM hardware and software to clients. Activities offered at these centers include:</p> <ul style="list-style-type: none"> <li>• Solution design consultation</li> <li>• Proof of concept for solutions and technologies, demonstrations, test drives</li> <li>• Product installation and implementation assistance</li> <li>• Marketing and technical briefings</li> <li>• Demand generation events</li> <li>• Teaming for delivery of joint solutions</li> <li>• Client training, education and customized workshops</li> </ul> <p>Click on the following link to find and learn more about a specific BPIC location. <a href="https://www-304.ibm.com/partnerworld/wps/servlet/ContentHandler/pw_com_bam_bplic_directory_americas">https://www-304.ibm.com/partnerworld/wps/servlet/ContentHandler/pw_com_bam_bplic_directory_americas</a></p> <p>As the manufacturer, we can provide the same functions at Customer site locations and/or IBM briefing centers.</p>

Staffing Requirements	Y/N	Description
<p><b>Reporting Requirements</b></p> <p>Will your solution provide reports on request to users detailing products that have been placed in any of their locations? Please provide examples.</p>	<p>Y</p>	<p>IBM's Passport Advantage online tool, offers customers a secure Web experience, allowing them to manage their Passport Advantage accounts online. Passport Advantage allows you to view and download the following reports. 1) Active and Future software entitlements 2) Active software renewal quotes 3) Order history 4) Migration history 5) Software download history 6) Entitlement inventory and update deployment</p> <p>Please see the attachment for screen shot examples and for report details. (see Appendix 4)</p> <p>To learn more or access Passport Advantage please visit the following website. <a href="http://www-01.ibm.com/software/passportadvantage/">http://www-01.ibm.com/software/passportadvantage/</a></p> <p>Reporting section of PA Online offers the following under reports:</p> 

Staffing Requirements	Y/N	Description
		<p>The Entitlement section of PA Online offers an additional report – Inventory Report</p> 
<p>Will your solution provide additional reports that would be an added value to the Commonwealth? Please describe and provide examples.</p>	<p>Y</p>	<p>IBM's Passport Advantage online tool, offers customers a secure Web experience, allowing them to manage their Passport Advantage accounts online. Passport Advantage allows you to view and download the following reports. 1) Active and Future software entitlements 2) Active software renewal quotes 3) Order history 4) Migration history 5) Software download history 6) Entitlement inventory and update deployment</p> <p>Please see the attachment for screen shot examples and for report details. IBM License Metric Tool (ILMT) automates the license management process by providing valuable reporting of your software usage, keeping you in compliance with your entitlements.</p>
		<p>Reporting section of PA Online offers the following under reports:</p>

Staffing Requirements	Y/N	Description
		<p>The Entitlement section of PA Online offers an additional report – Inventory Report</p> 

General Requirements	Y/N	Description
<p>Has your organization won any awards with regards to selling/servicing/supporting IBM software? If so, please describe.</p>	<p>Y</p>	<p>See Appendix 12</p> 
<p>Has your organization won any contracts with other states/localities/universities for IBM software and Services? If so, please describe.</p>	<p>Y</p>	<p>IBM has won contract awards across the U.S. for the software and services as described in this bid. IBM holds at least 5 statewide software contracts, including 3 nationwide cooperatives which include our proposed offerings (i.e. GSA, WSCA, NCPA). IBM holds approximately 35 participating addendums with states and individual public sector entities through the WSCA agreement (Western States Contract Alliance – nationwide cooperative). We also have various contracts, which include our proposed software offerings, with individual universities such as with VASCUPP (Virginia Association of State College and University Purchasing Professionals).</p>

General Requirements	Y/N	Description
<p>Does your organization participate in any governmental conferences such as the DGS Forum, Virginia Association of Counties, etc.? If so, please describe.</p>	<p>Y</p>	<p>IBM maintains relationships with nationally recognized organizations that support government institutions such as National Leagues of Cities, Public Technology Institute, and National Association of Counties. IBM actively participates in their conferences and partners with them on webinars and other member events.</p> <p>Some of the events we regularly attend :</p> <ul style="list-style-type: none"> <li>▪ CoVITS</li> <li>▪ VASCAN</li> <li>▪ Governor’s Council on Transportation</li> <li>▪ HITSAC</li> <li>▪ ITSAC</li> <li>▪ COV Information Security Conference</li> <li>▪ RichTech</li> <li>▪ NASCIO</li> <li>▪ VACO</li> <li>▪ HIMMS</li> </ul>

General Requirements	Y/N	Description
<p>Does your company offer any type of electronic social communities (i.e. blogs, forums, etc.) where customers can ask questions, leave feedback, etc.? If so, please explain and provide examples.</p>	<p>Y</p>	<p>IBM has extensive customer satisfaction programs to facilitate data collection through specific transaction-based customer surveys, customer relationship surveys, proactive customer interactions, user conferences, and a complaint management system. All of these programs are designed to ensure IBM delivers a consistent level of quality. IBM offers communities, blogs and forums to assist our software customers with questions and technical support. Examples provided below.</p> <div style="display: flex; justify-content: space-around;">   </div>

General Requirements	Y/N	Description
<p>Will your solution provide product incentives, credits and or rebate programs? Please provide details.</p>	<p><b>Y</b></p>	<p>Periodically, IBM will provide incentive promotions and /or special offers which may be tied to campaigns relating specifically to IBM software. It is our intent to make these promotions / special offers available to the Commonwealth.</p> <p>Also, some of the products proposed may be eligible for a points accrual program where customer can qualify for better pricing. Program details can be found in Passport Advantage documents - Section 1.11</p>
<p>Will your Solution market and promote this contract to schools, universities, local and state agencies? Please provide marketing plan and examples of marketing tools.</p>	<p><b>Y</b></p>	<p>The IBM team can promote and market the contract to schools, universities, and local and state agencies through our internal resources as well public announcements and PR type articles like this one which promotes our cloud based collaboration with the State of California:</p> <p><a href="http://www.eweek.com/cloud/ibm-california-launch-calcloud-government-cloud-service.html">http://www.eweek.com/cloud/ibm-california-launch-calcloud-government-cloud-service.html</a></p> <p>Internally IBM uses Social networking software to connect our marketing, selling and technicians which is an effective way to provide updates and ideas to introduce to other public sector IBM accounts. Your IBM account team meets weekly with other Public Sector sellers which provides another opportunity to promote the contract. We can work together with the Commonwealth to develop a promotional document, and ensure it is properly represented to potential organizations. Additionally we can organize a "roadshow " to introduce the contract and its benefits to other organizations.</p>

Service Requirements	Y/N	Description
<p>Will your Solution have a customer support program? Please describe your firm's ability to keep users informed of new products, changes in technology, advanced specification documentation and other market information.</p>	<p>Y</p>	<p>IBM's customer support program is outlined below. To download the quick start guide and for additional details on IBM customer support please visit: <a href="http://www-01.ibm.com/software/?lnk=mprSO-1-usen">http://www-01.ibm.com/software/?lnk=mprSO-1-usen</a></p> <p>Subscription &amp; Support (S&amp;S)          –S&amp;S is delivered with every new software license and provides easy access to product upgrades and technical support. Customers must be current on S&amp;S to be entitled to support, new product versions and fix packs.</p> <p>Remote Technical Support          –Support Handbook - Describes all aspects of support, electronic support, problem determination and escalation. <a href="http://ibm.com/support/handbook">http://ibm.com/support/handbook</a></p> <p>Accelerated Value Program (AVP)          –AVP provides customized offerings targeted at customers who want a proactive partnership level of support services to complement enhanced support</p> <p>Support Portal          – The IBM Support Portal is your 1st stop in problem resolution. View technical support information and access tools at <a href="http://ibm.com/support">http://ibm.com/support</a>. The portal and includes:          My Notifications - Proactive Support! A complimentary subscription helping customers to stay informed with their software/hardware products <a href="http://ibm.com/support/mynotifications">http://ibm.com/support/mynotifications</a>          Fix pack download support <a href="http://www.ibm.com/support/fixcentral/">http://www.ibm.com/support/fixcentral/</a></p> <p>Professional / Lab Services offerings          IBM Services proactively help our clients keep their systems operating optimally</p>

Service Requirements	Y/N	Description
<p>Will your Solution have an in-house order tracking system that can be accessed 24 x7 by a user? Please provide details.</p>	<p>Y</p>	<p>Passport Advantage Online as described in the Executive Summary.</p>
<p>When an Authorized User has an issue that requires on-site service visit, please describe your process for dispatching the technician and the timeframe surrounding these types of calls.</p>		<p>As evidenced by the expansion of Cloud-based Software in the market, Software rarely if ever requires on-site services. The internet, debugging tools and remote access have changed the way Software providers deliver service. On Site Software Support Services are available through a number of methods: On Site Software Support to assist your in house personnel with diagnosis and managing corrective action and application fixes may be arranged on a on an annual fixed term basis. Services is dispatched through the IBM service desk. Target response time aim for a technician to arrive on site is 4 hours from the time of agreement between the IBM service desk and the client that a technician is to be dispatched for a Severity One Software issues. Customers may also receive onsite Implementation and IT services through an SOW arranged through your account team. Time frame for Onsite arrival would vary by scope and available resources but are generally begun within a week or two of signing an SOW. Some customers will issue an open services purchase order to be used for adhoc needs through out the year. On Site visits for pre-sales activities including product briefings, workshops, executive briefings, demos, proof of concept projects etc., can be coordinated through the account management team and will vary by scope and resource availability but usually can be arranged with a week or so of the request.</p>

Service Requirements	Y/N	Description
<p>Does your solution provide the ability to track software license purchases? If so, please explain and provide examples.</p>	<p>Y</p>	<p>Through IBM's Passport Advantage online tool, customers can access various reports to assist with tracking software licenses. Reports include the following: Active and future software entitlements, Active software renewal quotes, Order history, Migration history, Software download history.</p> <p>Customers can access Passport Advantage by clicking on the following link:  <a href="http://www.ibm.com/software/support">http://www.ibm.com/software/support</a></p> <p>Reporting section of PA Online offers the following under reports:</p>  <p>The Entitlement section of PA Online offers an additional report – Inventory Report</p>

## Exhibit C

### MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS FOR IBM PRODUCTS AND RELATED SERVICES

#### 1. **SCOPE AND UNDERSTANDING OF THE AGREEMENT**

International Business Machines Corporation (hereinafter "Supplier" or "IBM") and Virginia Information Technologies Agency ("VITA") on behalf of the Commonwealth of Virginia enter into this Master Agreement to establish a framework for, and the general terms applicable to, the provision of products and services by Supplier to Authorized Users under a Purchasing Vehicle.

Supplier, VITA or the Authorized User will not have any rights or obligations, including providing products and/or services, unless and until both Supplier and Authorized user sign a Purchasing Vehicle.

Supplier shall provide products and services under the terms set forth herein at the Supplier's facility and/or at Authorized User's location, as agreed to by the Supplier and the Authorized User.

Supplier provides software products under the terms of Supplier's standard commercial software license agreements (for example, IBM International Passport Advantage Agreement and IBM International Program License Agreement).

Supplier's resellers are authorized to make use of the Agreement by incorporating its terms by reference into a statement of work or similar transaction document between Authorized Users and such resellers or business partners. When such resellers or business partners make use of the terms of the Agreement, Authorized Users' sole and exclusive recourse shall be against the reseller or business partner that enters into the statement of work or transaction document with an Authorized User.

Any modification to the terms of this Master Agreement contained in a Purchasing Vehicle will be applicable only to such Purchasing Vehicle and will be effective for such Purchasing Vehicle only if such modification expressly references the applicable section of this Master Agreement which is to be modified.

**Order of Precedence.** If there is a conflict among the terms in this Master Agreement, a Purchasing Vehicle, or the attachments incorporated by reference within the Purchasing Vehicle:

(1) to the extent the conflicting provisions can reasonably be interpreted so that such provisions are consistent with each other, such consistent interpretation will prevail; and

(2) to the extent subsection (1) does not apply, this Master Agreement will prevail over a conflicting term in a Purchasing Vehicle unless the Purchasing Vehicle expressly references and modifies the applicable section of this Master Agreement but only with respect to the specific products and/or services to be delivered in that Purchasing Vehicle. A Purchasing Vehicle agreed to by the Authorized User and IBM issued under this agreement may modify the Master Agreement terms but only as applicable to the product or service provided under that specific Purchasing Vehicle.

Supplier and VITA drafted and negotiated this Master Agreement jointly, and this Master Agreement will be construed neither against nor in favor of either, but rather in accordance with its fair meaning.

**Definitions.** As used in this Master Agreement:

- A. "Acceptance of Services" means successful performance of the Services and Software at the location designated in the applicable Statement of Work, or

**MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES**

completed and successful Acceptance testing in conformance with the Requirements in the applicable requisition as determined by the Authorized User in the applicable Statement of Work. Acceptance of Software will be governed by the terms of IBM's applicable software license agreements.

- B. "Authorized Users" means the end user of the products and services as identified in the applicable Purchasing Vehicle, and may include all public bodies, including VITA and all Commonwealth agencies, as defined by §2.2-4301 and referenced by §2.2-4304 of the Code of Virginia and private institutions of higher education chartered in Virginia and granted tax-exempt status under §501(c)(3) of the Internal Revenue Code. A list of the private institutions eligible to use this contract can be found at <http://www.cicv.org/Our-Colleges/Profiles.aspx>. The Purchasing Vehicle as defined below will be agreed between the Authorized User and the Supplier.
- C. "Date of Installation" for IBM Machines means: (1) for machines for which IBM is responsible for installation, the business day after the day IBM installs the machine, or if the Authorized User defers installation, the day IBM has made the machine available for subsequent installation to the Authorized User; (2) for Customer Set-Up Machines other than System X Server and Workstation Products, the second business day after the machine's standard transit allowance; or (3) for System X Server and Workstation Products, the date the machine ships. For each Machine, IBM bears the risk of loss or damage up to the time it is delivered to the IBM-designated carrier for shipment to you or your designated location. Thereafter, the Authorized User assumes the risk. Each Machine will be covered by insurance, arranged and paid for by IBM for the Authorized User, covering the period until it is delivered to the Authorized User or the Authorized User's designated location. For any loss or damage, the Authorized User must (1) report the loss or damage in writing to IBM within 10 business days of delivery and (2) follow the applicable claim procedure. "Date of Installation" for software shall be as set forth in the applicable software license agreement.
- D. "Deliverable" means the tangible embodiment of Services performed by the Supplier, including the development or creation of Work Product, performed or provided by Supplier as provided in the applicable Statement of Work.
- E. "Licensed Internal Code" ("LIC") means Machine Code used by certain IBM Machines IBM specifies (called "Specific Machines").
- F. "Machine Code" means microcode, basic input/output system code (called "BIOS"), utility programs, device drivers, diagnostics, and any other code (all subject to any exclusions in the license provided with it) delivered with an IBM Machine for the purpose of enabling the Machine's function as stated in its Specifications.
- G. "Materials" means literary works or other works of authorship (such as software programs and code, documentarian, reports, and similar works) that Supplier may deliver to Authorized User as part of the services performed under this Agreement. All such Materials shall be explicitly identified in any Purchasing Vehicle as deliverables under that Purchasing Vehicle, excluding, however, any Products that are provided under a Purchasing Vehicle as a deliverable but under their own license terms or agreements, such as commercial off the shelf software programs. Also included are incidental project materials and job aids not otherwise listed as a Deliverable from the Supplier to the Authorized User.
- H. "Party" or "Parties" means Supplier and VITA, individually or collectively.
- I. "Product" means any machine (hardware) or licensed software provided by Supplier. It does not include Services.

**MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES**

- J. "Proof of Entitlement" (or "PoE") means evidence of the Licensee's Authorized Use. The PoE is also evidence of Licensee's eligibility for warranty, future update prices, if any, and potential special or promotional opportunities. If IBM does not provide the Licensee with a PoE, then IBM may accept as the PoE the original paid sales receipt or other sales record from the party (either IBM or its reseller) from whom the Program was obtained, provided that it specifies the Program name and authorized use obtained.
- K. "Purchasing Vehicle" means an agreement between Supplier and an Authorized User which incorporates the terms of this Master Agreement by reference and describes in detail the products and services to be provided by Supplier to Authorized Users under such Purchasing Vehicle, including any associated attachments expressly referenced in and/or attached to the Purchasing Vehicle. A purchase order or Statement of Work may serve as a Purchasing Vehicle. This Master Agreement is not a Purchasing Vehicle.
- L. "Services" means performance of a task, assistance, support, or access to resources (such as an information database) that IBM makes available to Authorized User. Service includes the discovery, creation, or development of Work Product, if any.
- M. "Statement of Work" ("SOW") means any document in substantially the form of an Exhibit (describing the deliverables, due dates, assignment duration and payment obligations for a specific project, engagement, or assignment for which Supplier shall be providing Services to an Authorized User), which, upon signing by both Parties, shall be deemed a part of this Contract. A Statement of Work means any incorporated, attached or subsequent document to an order which, upon acceptance by the Supplier or Subcontractor in response thereto, shall be deemed a part of the Contract, and which describes the Deliverables, due dates, assignment duration and payment obligations for a specific project, engagement, or assignment for which Supplier will be providing services.

**2. TERM**

The initial term of this Master Agreement will commence on the Effective Date and continue until October 1, 2019, or such earlier date upon which this Master Agreement may be terminated in accordance with its terms (the "Initial Term") and automatically renew for one (1) year periods (each, an "Extension Term") unless terminated by VITA upon at least 60 days notice before the expiration of the Initial Term or any Extension Term that it does not desire to renew this Master Agreement. The Initial Term together with all Extension terms hereinafter referred to as the "Term". Any terms which by their nature extend beyond the Agreement termination remain in effect until fulfilled, and apply to successors and assignees.

**3. SUPPLIER PERSONNEL**

Supplier shall take such steps as may be necessary to ensure that all Supplier personnel performing services under this agreement are competent and knowledgeable of the contractual arrangements and any applicable orders. Supplier shall be solely responsible for the conduct of its employees, agents, and subcontractors, including all acts and omissions of such employees, agents, and subcontractors, and shall ensure that such employees and subcontractors comply with the appropriate Authorized User site security, and personnel conduct rules communicated in writing to Supplier. Authorized User reserves the right to require the immediate removal from its premises of any employee, subcontractor or agent of Supplier whom Authorized User believes in good faith has failed to comply or whose conduct or behavior is unacceptable or unprofessional or results in a security or safety breach.

**MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES**

IBM and Authorized Users will each be responsible for the management, direction, control, supervision, and compensation of its own employees. IBM may choose to perform its responsibilities under the Purchasing Vehicle through its affiliates or subcontractors, provided that IBM will not be relieved of its obligations under the Purchasing Vehicle by the use of such affiliates or subcontractors.

Supplier is expected to provide continuity of each employee or consultant ("Employee") assigned pursuant to an order. If Authorized User requests an Employee's removal from an engagement, the Authorized User will provide IBM with a written notice and explanation for its request that IBM remove such Employee from providing services under the Purchasing Vehicle. Promptly after receiving such notice and explanation, IBM will investigate the matter and take appropriate action, which may include the removal of such Employee.

**4. CONFIDENTIAL INFORMATION**

IBM's and Authorized Users mutual objective under this Section is to provide appropriate protection for Confidential Information while maintaining IBM's and the Authorized Users ability to conduct their respective business activities. Confidential information means all proprietary data and content that is disclosed in any manner, including oral or written, graphic, machine readable or other tangible form, hereinafter referred to as "Confidential Information." The term "Confidential Information" shall not include information that is:

- i. in the public domain through no fault of receiving Parties or of any other person or entity that is similarly contractually or otherwise obligated;
- ii. obtained independently from a third-party without an obligation of confidentiality to the disclosing Party and without breach of any order hereunder;
- iii. already in the receiving Party's possession without an obligation of confidentiality;
- iv. disclosed by the disclosing Party to another without obligation of confidentiality;
- v. developed independently by the receiving Party without reference to the Confidential Information of the Commonwealth; or
- vi. required to be disclosed under The Virginia Freedom of Information Act (§§2.2-3700 et seq. of the Code of Virginia) or similar laws or pursuant to a court order.

Upon the termination or expiration of any order or SOW hereunder, or upon the earlier request of disclosing Party, receiving Party shall (i) at its own expense, (a) promptly return to disclosing Party all tangible Confidential Information (and all copies thereof except the record required by law), or (b) upon written request from disclosing Party, destroy such Confidential Information and provide disclosing Party with written certification of such destruction, and (ii) cease all further use of the Confidential Information, whether in tangible or intangible form.

**5. TRAVEL EXPENSES**

The Authorized User shall be responsible for the pre-approved expenses of Supplier's consultants while on assignment. These may include travel, meals and accommodations. All expenses and requests for reimbursement shall be in accordance with the Virginia travel policies and regulations. Please refer to then-current Meals and Lodging Per Diem guidelines found at the following website:  
<http://www.doa.virginia.gov/>.

**6. INVOICING**

Supplier shall remit each invoice to the "bill-to" address provided with the eVA purchase order, promptly after all services have been accepted in writing. In no event shall an invoice be allowed prior to receipt of services, nor more often than monthly. If a

**MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES**

Purchasing Vehicle is received outside of eVA, the "bill-to" address should be reflected in the Purchasing Vehicle.

**7. ORDERS**

Supplier is required to accept any order placed by an Authorized User through the eVA electronic procurement website portal (<http://www.eva.virginia.gov/>). eVA is the Commonwealth of Virginia's e-procurement system. State agencies, as defined in §2.2-2006 of the Code of Virginia, shall order through eVA. All other Authorized Users are encouraged to order through eVA, but may order through the following means:

- i). Purchase Order (PO): An official PO form issued by an Authorized User.

This ordering authority is limited to issuing orders for the Services available under this Contract. Under no circumstances shall any Authorized User have the authority to modify this Contract. An order or SOW from an Authorized User may contain additional terms and conditions if agreed by the parties; however, to the extent that the terms and conditions of the Authorized User's order are inconsistent with the terms and conditions of this Contract, the terms of this Contract shall supersede.

Notwithstanding the foregoing, Supplier shall not accept any order or SOW from an Authorized User if such order is to be funded, in whole or in part, by federal funds and if, at the time the order is placed, Supplier is not eligible to be the recipient of federal funds as may be noted on any of the Lists of Parties Excluded from Federal Procurement and Non-procurement Programs.

**ALL CONTRACTUAL OBLIGATIONS UNDER THIS CONTRACT IN CONNECTION WITH AN ORDER PLACED BY ANY AUTHORIZED USER ARE THE SOLE OBLIGATION OF SUCH AUTHORIZED USER AND NOT THE RESPONSIBILITY OF VITA UNLESS SUCH AUTHORIZED USER IS VITA.**

**8. ADDITIONAL TERMS AND CONDITIONS**

The contractual provisions provided in Attachment A (Mandatory Terms) are mandatory contractual provisions, required by law or by VITA, are hereby incorporated by reference.

**9. WORK PRODUCT**

A Purchasing Vehicle or related statement of work will specify Materials to be delivered to the Authorized User and identify them as "Type I Materials," "Type II Materials," or otherwise as both parties agree. If not specified, Materials will be considered Type II Materials.

Authorized User will own the copyright in Materials created as part of a Service that are identified as Type I Materials, and they will each constitute a "work made for hire" to the extent permissible under U.S. copyright law. If any such Materials are not works made for hire under applicable law, IBM assigns the ownership of copyrights in such Materials to Authorized User, who grants IBM and its suppliers an irrevocable, nonexclusive, worldwide, paid-up license to use, execute, reproduce, display, perform, sublicense, distribute, and prepare derivative works based on Type I Materials.

IBM or its suppliers will own the copyright in Materials created as part of a Services transaction that are identified as Type II Materials. IBM grants Authorized User an irrevocable, nonexclusive, worldwide, paid-up license to use, execute, reproduce, display, perform, and distribute (within Authorized User's Enterprise only) copies of Type II Materials.

**MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES**

IBM or its suppliers will retain ownership of the copyright in any of IBM's or its suppliers' works that pre-exist or were developed outside of this Agreement and any modifications or enhancements of them that may be made under this Agreement. To the extent they are embedded in any Materials, such works are licensed in accordance with their separate license provided to Authorized User (e.g., the terms of the applicable software license), or otherwise as Type II Materials.

IBM and its subcontractors or suppliers may use in their business activities the ideas, concepts, and know-how abstracted from the information which is retained in the unaided memories of personnel who have had access to the Confidential Information under this Agreement. The foregoing does not permit intentional memorization of Confidential Information for the purpose of evading obligations contained in this Agreement.

IBM and Authorized User agree to reproduce the copyright notice and any other legend of ownership on any copies made under the licenses granted under this item.

The terms in this section shall control unless otherwise agreed in a Purchasing Vehicle or related statement of work.

**10. IMPORT/EXPORT**

In addition to compliance by Supplier with all U.S. export laws and regulations, any data deemed "restricted" or "sensitive" by either federal or state authorities, must only be collected, developed, analyzed, or otherwise used or obtained by persons or entities working within the boundaries of the United States.

**11. STATUTORY COMPLIANCE**

The Parties will adhere to all applicable federal, state, and local laws, including export regulations and applicable Virginia statutory requirements, including the Virginia Public Procurement Act and the Virginia Public Records Act.

**12. COMMONWEALTH EA ITRM POLICIES AND STANDARDS**

Supplier will comply with Commonwealth enterprise architecture (EA) ITRM Policies and Standards at: <http://www.vita.virginia.gov/library/default.aspx?id=537>, as applicable to any order issued hereunder.

**13. RETENTION REQUIREMENTS AND AUDIT RIGHTS**

Supplier shall retain all records that relate to the services rendered or the amounts due Supplier for such services. The Commonwealth's right to audit such records shall be limited as follows:

- i). Three (3) years from final payment;
- ii). Audits to be performed at Supplier's premises, during normal business hours at mutually agreed upon times; and
- iii). Excludes access to Supplier cost information.

Notwithstanding any audit rights agreed to in writing between the Supplier and the Commonwealth, in no event shall Supplier have the right to audit the Commonwealth or one of its agencies, or require the Commonwealth or its agencies to be audited.

**14. WARRANTY**

**A. Hardware Warranty**

For each IBM Machine, IBM provides its standard commercial warranties in effect at the time such products are sold under an applicable Purchasing Vehicle.

**B. Software Warranty**

MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES

Software warranties shall be as set forth in the applicable software license agreement.

**C. Services Warranty**

Supplier warrants that it performs each Supplier service using reasonable care and skill and according to its current description (including any completion criteria) contained in a mutually agreed Purchasing Vehicle or related statement of work. Authorized User agrees to provide timely written notice of any failure to comply with this warranty so that Supplier can take corrective action.

**C. Items Not Covered by Warranty**

Supplier does not warrant uninterrupted or error-free operation of a product or service or that Supplier will correct all defects.

Unless otherwise specified in an attachment or Purchasing Vehicle, Supplier provides Materials, and non-Supplier products and services **WITHOUT WARRANTIES OF ANY KIND**. However, non-Supplier manufacturers, developers, suppliers, or publishers may provide their own warranties to Authorized User. Warranties, if any, for Other Supplier Programs and Non-Supplier Programs may be found in their license agreements.

**D. In addition, Supplier provides the following warranties:**

- ii). Reserved
- iii). Supplier's Viability

Supplier warrants that it has the financial capacity to perform and continue to perform its obligations under this Agreement; that Supplier has no constructive or actual knowledge of an actual or potential legal proceeding being brought against Supplier that could materially adversely affect performance of any order; and that entering into an agreement is not prohibited by any contract, or by any court of competent jurisdiction.

- iv). Reserved
- v). Performance

The documentation which Supplier is required to provide under any order shall meet the requirements agreed to by Supplier and Authorized User in the Purchasing Vehicle or in a related statement of work.

- vi). Malicious Code

Supplier has used commercially reasonable efforts through quality assurance procedures to ensure that there are no computer viruses or undocumented features in any of the media or means used to deliver the Services.

**E. DISCLAIMER OF IMPLIED WARRANTIES AND OTHER WARRANTIES:  
THESE WARRANTIES ARE VITA'S AND THE AUTHORIZED USER'S EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

**15. LIMITATION ON LIABILITY**

There shall be no limit on Supplier's liability to the Commonwealth for breaches arising if the damages are based on bodily injury (including death), or damage to real property or tangible personal property.

Supplier's entire liability to the Commonwealth for all claims in the aggregate arising from or related to each product or service or otherwise arising under a Purchasing Vehicle shall be limited to actual direct damages up to the greater of \$100,000 or two times the value of any order or SOW, (if recurring, 12 months' charges apply) for the

**MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES**

Product or Service that is the subject of the claim. This limit also applies to IBM's subcontractors and program developers. It is the maximum for which IBM and its subcontractors and program developers are collectively responsible per order or SOW.

Under no circumstances is Supplier, or its subcontractors or program developers, liable for any of the following, even if informed of their possibility: a) loss of, or damage to, data; b) special, incidental, or indirect damages or for any economic consequential damages; c) lost profits, business, revenue, goodwill, or anticipated savings; or d) any third party claims against VITA or Authorized Users except as described in the Indemnification section below.

**16. INDEMNIFICATION**

A. Supplier agrees to indemnify, defend and hold harmless the Commonwealth, VITA, any Authorized User, their officers, directors, agents and employees (collectively, "Commonwealth's Indemnified Parties") from any third party claims, damages and actions as a result of bodily injury (including death) or damages to real or personal property arising out of Supplier's performance related to this Agreement for which Supplier is legally liable, provided that such liability is not attributable to the negligence of the Commonwealth's Indemnified Parties to use the Products or Services in the manner already and permanently described by the Supplier for the materials, goods or equipment delivered.

**B. PATENT & COPYRIGHT INDEMNITY**

For purposes of this Section, the term "Product" includes Materials, Machine Code and Licensed Internal Code.

If a third party claims that a Product IBM provides to the Authorized User infringes that party's patent or copyright, IBM will indemnify the Authorized User, its officers, agents, and employees against liability, at IBM's expense and pay all costs, damages, and attorneys fees that a court finally awards or that are included in a settlement approved by IBM, provided that the Authorized User:

(1) Promptly notifies IBM in writing of the claim; and

(2) Gives IBM such opportunity as is offered by applicable laws, rules or regulations to participate in the defense thereof. The Authorized User shall make every effort to permit IBM to fully participate in the defense and/or in any settlement of such claim. However, IBM understands that such participation and any settlement will be under the control of the Virginia Attorney General's Office.

If such a claim is made or appears likely to be made, the Authorized User agrees to permit IBM to enable the Authorized User to continue to use the Product, or to modify it, or replace it with one that is at least functionally equivalent. If IBM determines that none of these alternatives is reasonably available, the Authorized User agrees to return the Product to IBM on IBM's written request. IBM will then give the Authorized User a credit equal to:

(1) For a Machine, the Authorized User's net book value, provided the Authorized User has followed generally-accepted accounting principles.

(2) For a Program, the amount paid by the Authorized User or 12 months' charges

**MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES**

(whichever is less). If the Product is an IBM SaaS or subject to Fixed Term charges, up to twelve months' charges.

(3) For Materials, the amount the Authorized User paid IBM for the creation of the Materials.

This is subject to the Authorized User's right to require continued use of the Products pursuant to the provisions of 28USC1498. In the event of such continued use, the Authorized User shall notify IBM in writing of its election to continue use and agrees to undertake at the Authorized User's expense the defense of any action against the Authorized User and IBM shall have no further indemnification obligation; it being understood that IBM may participate at its expense in the defense of any such action if such claim is against IBM.

Claims for Which IBM is Not Responsible:

IBM has no obligation regarding any claim based on any of the following:

- (1) The Authorized User's modification of a Product, or a Program's use in other than its Specified Operating Environment;
- (2) Anything the Authorized User provides which is incorporated into a Product or IBM's compliance with any designs, specifications, or instructions provided by the Authorized User or by a third party on behalf of the Authorized User;
- (3) The combination, operation, or use of a Product with other Products not provided by IBM as a system, or the combination, operation or use of a Product with any product, data , apparatus, or business method that IBM did not provide, or the distribution, operation or use of a Product for the benefit of a third party;
- (4) Infringement by a non-IBM Product.
- (5) Product's use other than in accordance with its applicable licenses and restrictions or use of a non-current version or release of a Product, when a claim could have been avoided or the risk of a claim reduced by using the current version or release;
- (6) the distribution, operation, or use of the Product outside Authorized User's Enterprise or for the benefit of any third party; or
- (7) Separately Licensed Code, if any, as identified in the LI for the Product.

The LI for the Product or other documents may permit the Authorized User to copy, modify, or redistribute all or portions of the Product without paying additional licensing fees to IBM. The indemnification obligation under this Patent and Copyright provision only applies to copies of the Product provided to the Authorized User by IBM and additional copies expressly authorized in a Proof of Entitlement. IBM has no obligation for claims relating to copies of the Product neither provided by IBM nor specifically authorized by a Proof of Entitlement, even if permitted by the LI for the Product or other documents.

These Patent and Copyright terms do not obligate in any manner any third-party supplier of code (including Separately Licensed Code) included with or part of the

MASTER TERMS AND CONDITIONS APPLICABLE TO ALL CONTRACTS  
FOR IBM PRODUCTS AND RELATED SERVICES

Product.

**THE FOREGOING STATES THE ENTIRE OBLIGATION OF IBM WITH RESPECT TO INFRINGEMENT OF PATENTS OR COPYRIGHTS.**

**17. INSURANCE**

In addition to the insurance coverage required by the Mandatory Terms, (see Attachment A), Supplier shall carry errors and omissions insurance coverage in the amount of \$1,000,000 per occurrence.

**18. TERMINATION**

Authorized User may terminate a Purchasing Vehicle on written notice if the Supplier or Subcontractor does not meet its obligations concerning the Purchasing Vehicle or a related Statement of Work and fails to remedy any breach within a reasonable time. Supplier may terminate on written notice for Authorized User's failure to pay within a reasonable time, not to be less than 60 days from receipt of invoice. Authorized User may terminate a Statement of Work for convenience upon 60 days written notice. Upon termination, Supplier or Subcontractor will stop work in an orderly manner as soon as practical. If an SOW is terminated, Authorized User agrees to pay Supplier for all Services provided and any Products and Materials delivered through the project's termination and any charges Supplier incurs in terminating subcontracts, if any. If the Supplier should have a grievance against the Authorized User, resolution should be attempted via Section 18 (Dispute Resolution).

**19. DISPUTE RESOLUTION**

Contractual claims, whether for money or other relief, shall be submitted in writing to Authorized User no later than sixty (60) days after final payment; however, written notice of the Supplier's intention to file such claim must be given to Authorized User at the time of the occurrence or beginning of the work upon which the claim is based. Pendency of claims shall not delay payment of amounts agreed due in the final payment. Authorized User shall render a final decision in writing within thirty (30) days after its receipt of the Supplier's written claim.

The Supplier may not invoke any available administrative procedure under §2.2-4365 of the Code of Virginia nor institute legal action prior to receipt of the decision of Authorized User on the claim, unless Authorized User fails to render its decision within thirty (30) days. The decision of Authorized User shall be final and conclusive unless the Supplier, within six (6) months of the date of the final decision on the claim, invokes appropriate action under §2.2-4364, Code of Virginia or the administrative procedure authorized by §2.2-4365, Code of Virginia.

Supplier agrees to submit any and all contractual disputes arising from an order to VITA's non-binding alternative dispute resolution (ADR) procedures, if any. Supplier may invoke VITA's ADR procedures at any time and concurrently with any other statutory remedies prescribed by the Code of Virginia.

In the event of any breach by an Authorized User, Supplier's remedies shall be limited to claims for damages and Prompt Payment Act interest and, if available and warranted, equitable relief, all such claims to be processed pursuant to this Section.

(HIPAA)

21. **FOR ANY PURCHASING VEHICLE THAT REQUIRES HIPAA COMPLIANCE, SUPPLIER AND AUTHORIZED USER SHALL MUTUALLY EXECUTE A BUSINESS ASSOCIATE ADDENDUM (BAA) USING THE FORM PROVIDED AS ATTACHMENT B TO THIS MASTER AGREEMENT. IF SUPPLIER AND AUTHORIZED USER HAVE AN EXISTING BAA IN PLACE, SUPPLIER AND AUTHORIZED USER MAY AGREE TO REFERENCE THE EXISTING BAA IN LIEU OF EXECUTING A NEW BAA FOR EACH APPLICABLE PURCHASING VEHICLE.**

22. **GOVERNING LAW**

The terms of this Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Virginia without regard to that body of law controlling choice of law. Any and all litigation shall be brought in the circuit courts of the Commonwealth of Virginia. The English language version of this Agreement prevails when interpreting this Agreement. The United Nations Convention on Contracts for the International Sale of Goods and all other laws and international treaties or conventions relating to the sale of goods are expressly disclaimed. UCITA shall apply to this Agreement only to the extent required by §59.1-501.15 of the Code of Virginia.

By signing below, both parties agree to the terms of this document.

**EXHIBIT D**

**CERTIFICATION REGARDING LOBBYING**

The undersigned certifies, to the best of his or her knowledge and belief, that:

- i). No Federal appropriated funds have been paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal Contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal Contract, grant, loan, or cooperative agreement.
- ii). If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal Contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- iii). The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and Contracts under grants, loans and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

**EXHIBIT E STATEMENT OF WORK (SOW) TEMPLATE  
BETWEEN (NAME OF AUTHORIZED USER) AND INTERNATIONAL BUSINESS MACHINES**

**ISSUED UNDER**

**CONTRACT NUMBER VA-150826-IBM  
BETWEEN  
VIRGINIA INFORMATION TECHNOLOGIES AGENCY  
AND  
INTERNATIONAL BUSINESS MACHINES**

Exhibit E, between (Name of Agency/Institution) and International Business Machines (“Supplier”) is hereby incorporated into and made an integral part of Contract Number VA-150826-IBM (“Contract”) between the Virginia Information Technologies Agency (“VITA”) on behalf of the Commonwealth of Virginia and Supplier.

In the event of any discrepancy between this Exhibit E and the Contract, the provisions of the Contract shall control.

*[Note to Template Users: Instructions for using this template to draft a Statement of Work are in gray highlight and **italics**. These instructions should be deleted after the appropriate text has been added to the Statement of Work. Contractual language is **not italicized** and should remain in the document. Text that is highlighted in **blue** is variable based on the nature of the project.]*

**STATEMENT OF WORK**

This Statement of Work (SOW) is issued by the (Name of Agency/Institution), hereinafter referred to as “Authorized User” under the provisions of the Contract. The objective of the project described in this SOW is for the Supplier to provide the Authorized User with a Solution (“Solution”) or Services (“Services”) or Software (“Software”) or Hardware and Maintenance or Licensed Application Services for Authorized User Project Name. *(Customize the last sentence to state what you are getting from the Supplier, based on the VITA Contract language, and with your project name.)*

**1. PERIOD OF PERFORMANCE**

The work authorized in this SOW will occur within XX (XX) months of execution of this Statement of Work. This includes delivery, installation, implementation, integration, testing and acceptance all of products and services necessary to implement the Authorized User’s Solution, training, and any support, other than on-going maintenance services. The period of performance for maintenance services shall be one (1) year after implementation or end of Warranty Period and may be extended for additional one (1) year periods, pursuant to and unless otherwise specified in the Contract. *(Customize this section to match what you are getting from the Supplier, based on the allowable scope of the VITA Contract and your project’s specific needs within that allowable scope.)*

**2. PLACE OF PERFORMANCE**

*(Assign performance locations to major milestones or any other project granularity, depending on your transparency and governance needs, if needed.)*

Tasks associated with this project will be performed at the Authorized User’s location(s) in City/State, at Supplier’s location(s) in City/State, or other locations as required by the effort.

**3. PROJECT DEFINITIONS**

*Provide project unique definitions so that all stakeholders have the same understanding. Ensure these do not conflict with the Contract definition.)*

All definitions of the Contract shall apply to and take precedence over this SOW. Authorized User's specific project definitions are listed below:

**4. PROJECT SCOPE**

*(Provide a description of the scope of your project and carve out what is NOT in the scope of your project. Remember that it must fit within the VITA Contract scope.)*

**A. General Description of the Project Scope**

**B. Project Boundaries**

**5. AUTHORIZED USER'S SPECIFIC REQUIREMENTS**

*(Provide information about your project's and your agency's specific requirements for this particular project including, but not limited to the following subsections):*

**A. Authorized User-Specific Requirements**

**B. Special Considerations for Implementing Technology at Authorized User's Location(s)**

**C. Other Project Characteristics to Insure Success**

**6. CURRENT SITUATION**

*(Provide enough background information to clearly state the current situation to Supplier so that Supplier cannot come back during performance claiming any unknowns or surprises. Some example subsections are provided below. You may collapse/expand as you feel is necessary to provide adequate information and detail.)*

**A. Background of Authorized User's Business Situation**

**B. Current Architecture and Operating System**

**C. Current Work Flow/Business Flow and Processes**

**D. Current Legacy Systems**

**E. Current System Dependencies**

**F. Current Infrastructure (Limitations, Restrictions)**

**G. Usage/Audience Information**

**7. PRODUCTS AND SERVICES TO SUPPORT THE PROJECT REQUIREMENTS (AND/OR SOLUTION)**

**A. Required Products (or Solution Components)**

*(List the products, or if your project is for a Solution, the Solution components, (hardware, software, etc.) provided by Supplier that will be used to support your project requirements. Identify any special configuration requirements, and describe the system infrastructure to be provided by the Authorized User. Provide an overview that reflects how the system will be deployed within the Authorized User's environment. You are urged to refer to the VITA Contract for allowable scope and other guidance in drafting language for this section.)*

**B. Required Services**

*(List the services (e.g., requirements development, Solution design, configuration, interface design, data conversion, installation, implementation, testing, training, risk assessment, performance assessment, support and maintenance) that will be provided by Supplier in the performance of your project. You are urged to refer to the VITA Contract for the definition of Services and for the allowable scope in drafting language for this section. You will notice subsections "C" and "D" below offer areas for expanded detail on training, support and maintenance services. You may add other subsections in which you wish to expand the information/details/requirements for other service areas as well. It is likely some of this detail will be a combination of your known needs and the Supplier's proposal. In all*

cases the provisions should include all negotiated commitments by both parties, even if you reference by incorporation the Supplier's proposal in any subsection.)

**C. Training Requirements and/or Authorized User Self-Sufficiency/Knowledge Transfer**

(Provide an overview and details of training services to be provided for your project and any special requirements for specific knowledge transfer to support successful implementation of the Solution. If the intent is for the Authorized User to become self-sufficient in operating or maintaining the Solution, determine the type of training necessary, and develop a training plan, for such user self-sufficiency. Describe how the Supplier will complete knowledge transfer in the event this Statement of Work is not completed due to actions of Supplier or the non-appropriation of funds for completion affecting the Authorized User. You may refer to the VITA Contract for guidance on the allowable scope for this.)

**D. Support and Maintenance Requirements**

(Document the level of support, as available under the Contract, required by your project to operate and maintain the Solution. This may include conversion support, legacy system integration, transition assistance, Solution maintenance (including maintenance level), or other specialized consulting to facilitate delivery or use of the Solution.)

**E. Personnel Requirements**

(Provide any supplier personnel qualifications, requirements, licenses, certifications or restrictions including project manager, key personnel, subcontractors, etc., but ensure they do not conflict with the VITA Contract terms.)

**F. Transition Phase-In/Phase-Out Requirements**

(Describe any specific requirements for orientation or phasing in and/or phasing out of the project with the Supplier. Be specific on what the project needs and expected results are, the duration and other pertinent detail, but ensure they do not conflict with the VITA Contract provision(s) regarding Transition of Services or with any other training requirements in the SOW.)

**8. TOTAL PROJECT PRICE**

The total Fixed Price for this Project shall not exceed \$US XXX.

Supplier's invoices shall show retainage of ten percent (10%). Following completion of Solution implementation, Supplier shall submit a final invoice to the Authorized User, for the final milestone payment amount shown in the table in section 9 below, plus the total amount retained by the Authorized User. If travel expenses are not included in the fixed price of the Solution, such expenses shall be reimbursed in accordance with Commonwealth of Virginia travel policies as published by the Virginia Department of Accounts (<http://www.doa.virginia.gov>). In order to be reimbursed for travel expenses, Supplier must submit an estimate of such expenses to Authorized User for approval prior to incurring such expenses.

(Sections 9 through 11 should be used or deleted depending on the project's complexity, risk and need for governance. For a simple project you may only need the section 10 table, but for a more complex project, or a major IT project, you may need a combination of or all of the tables for check and balance and redundancy.)

**9. PROJECT DELIVERABLES**

(Provide a list of Supplier's deliverable expectations. The table is to be customized for the Authorized User's project. You may want to categorize deliverables for each phase or major milestone of the project and then categorize other interim deliverables and/or performance and status reports under one of them or under an Administrative or Project Management section.)

The following deliverables are to be provided by Supplier under this SOW. Subsequent sections may include further detail on the content requirements for some deliverables.

No.	Title	Due Date	Format Required (i.e., electronic/hard copy/CD/DVD)	Distribution Recipients	Review Complete Due Date	Final Due Date
	Project Plan					
	Design Plan					
	Implementation Plan					
	Data Conversion Plan					
	Risk Assessment Plan					
	Test Plan					
	Training Plan					
	Performance Plan					
	Contingency Plan					
	Disaster Recovery Plan					
	Cutover Plan					
	Change Management Plan					
	Transition Plan					
	Monthly Status Reports					
	Quarterly Performance /SLA Reports					
	Training Manual					
	Final Solution Submission Letter					
	Final Acceptance Letter					

**10. MILESTONES, DELIVERABLES, PAYMENT SCHEDULE, AND HOLDBACKS**

*(This table should include the project's milestone events, associated deliverables, when due, milestone payments, any retainage amount to be held until final acceptance and the net payment you promise to pay for each completed and accepted milestone event. This table includes sample data only and must be customized for your project needs.)*

The following table identifies milestone events and deliverables, the associated schedule, any associated payments, any retainage amounts, and net payments.

Milestone Event	Associated Milestone Deliverable(s)	Schedule	Payment	Retainage	Net Payment
Project kick-off meeting	---	Execution + 5 days	---	---	---
Site survey	Site survey report	Execution + 10 days	---	---	---
Requirements Analysis & Development	Design Plan	Execution+45 days	\$30,000	\$15,000	\$15,000
	Project Plan	Execution+45			

		days			
	Implementation Plan	Execution + 45 days			
Begin Implementation		Execution + 60 days			
Data Conversion & Mapping		Execution + 90 days	\$10,000	\$3,000	\$7,000
Installation of software	---	Execution + 90 days	\$10,000	\$1,000	\$9,000
Installation of hardware	---	Execution + 90 days	\$10,000	\$1,000	\$9,000
Configuration and testing	---	Execution + 120 days	---	---	---
Training	Training manual	Execution + 130 days	\$10,000	\$1,000	\$9,000
30-Day User Acceptance Testing	---	Execution + 160 days	\$20,000	\$2,000	\$18,000
Implementation complete	Solution	Execution + 160 days	\$10,000	--	\$10,000
Final Acceptance		Execution + 210 days	--	--	\$23,000

**11. EVENTS AND TASKS FOR EACH MILESTONE**

*(If needed, provide a table of detailed project events and tasks to be accomplished to deliver the required milestones and deliverables for the complete Solution. Reference each with the relevant milestone. A Work Breakdown Structure can be used as shown in the table below or at the very least a Project Plan should have this granularity. The Supplier’s proposal should be tailored to the level of detail desired by the Authorized User’s business owner/project manager for project governance.)*

The following table identifies project milestone events and deliverables in a Work Breakdown Structure format.

WBS No.	Milestone	Milestone Event	Milestone Task	Interim Task Deliverables	Duration
1.0	Site survey				
1.1		Conduct interviews			
1.1.1			Schedule interviews	None	20 days after contract start
1.1.2			Complete interviews	Interview Results Report	25 days after contract start
1.2		Receive AU information			

**12. ACCEPTANCE CRITERIA**

*(This section should reflect the mutually agreed upon UAT and Acceptance Criteria specific to this engagement. Please read the VITA contract definitions for the definitions or Requirements and Acceptance. Ensure the language in this section does not conflict with the VITA Contract language.)*

Acceptance Criteria for this Solution will be based on a User Acceptance Test (UAT) designed by Supplier and accepted by the Authorized User. The UAT will ensure that all of the requirements and functionality required for the Solution have been successfully delivered. Supplier will provide the

Authorized User with a detailed test plan and acceptance check list based on the mutually agreed upon UAT Plan. This UAT Plan check-list is incorporated into this SOW in Exhibit B-X.

Each deliverable created under this Statement of Work will be delivered to the Authorized User with a Deliverable Acceptance Receipt. This receipt will describe the deliverable and provide the Authorized User's Project Manager with space to indicate if the deliverable is accepted, rejected, or conditionally accepted. Conditionally Accepted deliverables will contain a list of deficiencies that need to be corrected in order for the deliverable to be accepted by the Project Manager. The Project Manager will have ten (10) days from receipt of the deliverable to provide Supplier with the signed Acceptance Receipt unless an alternative schedule is mutually agreed to between Supplier and the Authorized User in advance.

**13. PROJECT ASSUMPTIONS AND PROJECT ROLES AND RESPONSIBILITIES**

*(This section contains areas to address project assumptions by both the Supplier and the Authorized User and to assign project-specific roles and responsibilities between the parties. Make sure that all assumptions are included to alleviate surprises during the project. Ensure that all primary and secondary (as needed) roles and responsibilities are included. You will tailor the Responsibility Matrix table below to fit your project's needs.)*

**A. Project Assumptions**

The following assumptions are specific to this project:

**B. Project Roles and Responsibilities**

The following roles and responsibilities have been defined for this project:

**(Sample Responsibility Matrix)**

Responsibility Matrix	Supplier	Authorized User
Infrastructure – Preparing the system infrastructure that meets the recommended configuration defined in Section 2B herein		√
Server Hardware		√
Server Operating		√
Server Network Connectivity		√
Relational Database Management Software (Installation and Implementation)		√
Server Modules – Installation and Implementation	√	
PC Workstations – Hardware, Operating System, Network Connectivity		√
PC Workstations – Client Software		√
Application Installation on PC Workstations	√	
Wireless Network Access Points	√	
Cabling, Electric and User Network Connectivity from Access Points		√
Wireless Mobile Computing Products – Scanners, printers	√	
Project Planning and Management	√	√
Requirements Analysis	√	√
Application Design and Implementation	√	
Product Installation, Implementation and Testing	√	
Conversion Support	√	
Conversion Support -- Subject Matter Expertise		√
Documentation	√	

Training	√	
Product Maintenance and Support	√	
Problem Tracking	√	√
Troubleshooting – IT Infrastructure		√
Troubleshooting – Solution	√	

**14. COMMONWEALTH AND SUPPLIER-FURNISHED MATERIALS, EQUIPMENT, FACILITIES AND PROPERTY**

*(In this section, provide details of any materials, equipment, facilities and property to be provided by your Agency or the Supplier in performance of this project. If none, so state so that the requirements are clear. If delivery of any of these is critical to the schedule, you may want to identify such delivery with hard due dates tied to “business days after project start” or “days after event/milestone.” Be sure to specify the delivery and point of contact information.)*

**A. PROVIDED BY THE COMMONWEALTH**

**B. PROVIDED BY THE SUPPLIER**

**15. SECURITY REQUIREMENTS**

*(Provide (or reference as an Attachment) Authorized User’s security requirements.)*

For any individual Authorized User location, security procedures may include but not be limited to: background checks, records verification, photographing, and fingerprinting of Supplier’s employees or agents. Supplier may, at any time, be required to execute and complete, for each individual Supplier employee or agent, additional forms which may include non-disclosure agreements to be signed by Supplier’s employees or agents acknowledging that all Authorized User information with which such employees and agents come into contact while at the Authorized User site is confidential and proprietary. Any unauthorized release of proprietary information by the Supplier or an employee or agent of Supplier shall constitute a breach of the Contract.

Supplier shall comply with all requirements in the Security Compliance section of the Contract

**16. REQUIRED STANDARDS, CERTIFICATIONS AND SPECIFICATIONS**

In addition to any standards and specifications included in the Contract, Supplier shall follow the standards and specifications listed below during performance of this effort.

*(List any specific Commonwealth, VITA, Federal, engineering, trade/industry or professional standards, certifications and specifications that Supplier is required to follow or possess in performing this work. The first bullet includes a link to COVA-required standards for all Commonwealth technology projects. The rest are examples only and highlighted to reflect this. If you need an exception of any COVA-required standard, please follow the process located at this link: <http://www.vita.virginia.gov/oversight/default.aspx?id=10344> and select the Data Standards Guidance bulleted link. Your AITR can assist you.*

- COV ITRM Policies and Standards: <http://www.vita.virginia.gov/library/default.aspx?id=537>
- IEEE 802®
- HIPAA
- SAS 70 Type II

**17. U.S. ENVIRONMENTAL PROTECTION AGENCY’S AND DEPARTMENT OF ENERGY’S ENERGY STAR GUIDELINES RISK MANAGEMENT**

*(Risk is a function of the probability of an event occurring and the impact of the negative effects if it does occur. Negative effects include schedule delay, increased costs, failure of dependent legacy*

system interoperability, other project dependencies that don't align with this project's schedule, and poor quality of deliverables. Depending on the level of risk of this project, as assessed by your Project Manager and/or Steering Committee, this section may contain any or all of the following components, at a level of detail commensurate with the level of risk. Remember to add them to the Deliverables table.)

### C. Initial Risk Assessment

Authorized User and Supplier shall each provide an initial assessment from their point of view.

### D. Risk Management Strategy

(The list below is taken from VITA PMD template discussing what should go into a Risk Management Strategy. Don't forget to consider and plan for any budget contingencies to accommodate potential risks that are identified.)

1. **Risk Identification Process:** The processes for risk identification.
2. **Risk Evaluation and Prioritization:** How risks are evaluated and prioritized.
3. **Risk Mitigation Options:** Describe the risk mitigation options. They must be realistic and available to the project team.
4. **Risk Plan Maintenance:** Describe how the risk plan is maintained during the project lifecycle.
5. **Risk Management Responsibilities:** Identify all project team members with specific risk management responsibilities. (e.g., an individual responsible for updating the plan or an individual assigned as a manager).

### E. Risk Management Plan

(Include a description of frequency and form of reviews, project team responsibilities, steering and oversight committee responsibilities and documentation. Be sure to add all deliverables associated with risk strategizing and planning to the list of Deliverables.)

## 18. DISASTER RECOVERY

Planning for disaster recovery for your project is paramount to ensure continuity of service. The criticalness and complexity of your project, including its workflow into other dependent systems of the Commonwealth or federal systems, will help you determine if you require a simple contingency plan or a full-blow contingency plan that follows the Commonwealth's ITRM Guideline SEC508-00 found at this link:

[http://www.vita.virginia.gov/uploadedFiles/Library/ContingencyPlanningGuideline04\\_18\\_2007.pdf](http://www.vita.virginia.gov/uploadedFiles/Library/ContingencyPlanningGuideline04_18_2007.pdf)

It is advisable that you visit the link before making your decision on how you need to address contingency planning and related deliverables in this SOW; as well as, how this will impact your planned budget. A likely deliverable for this section would be a Continuity of Operations Plan. You may choose to include the above link in your final SOW to describe what the Plan will entail. The same link includes the following processes, which you may choose to list in your final requirements for this section, to be performed by your team, the Supplier or both and/or a steering committee if your project warrants such oversight and approval:

- Development of the IT components of the Continuity of Operations Plan (COOP)
- Development and exercise of the IT Disaster Recovery Plan (IT DRP) within the COOP
- Development and exercise of the IT System Backup and Restoration Plan

## 19. PERFORMANCE BOND

(If your project is sizeable, complex and/or critical, and the VITA Contract does not already provide for a performance bond, you may want the Supplier to provide one. The VITA Contract may include an Errors and Omissions insurance requirement, which would cover the Supplier's liability for any breach of the Contract or this SOW. Be sure to read the Contract for this information. However, if you feel

*that this project warrants further performance incentive due to the project or the Supplier's viability, you may include the following language in this section.)*

The Supplier shall post performance bond in an amount equal to one hundred percent (100%) of the total contract value and provide a copy of the bond to Authorized user within (10) days of execution of this SOW Agreement. In the event that the Supplier or any subcontractor or any officer, director, employee or agent of the Supplier or any subcontractor or any parent or subsidiary corporation of the Supplier or any subcontractor fails to fully and faithfully perform each material requirement of this SOW Agreement, including without limitation the Supplier's obligation to indemnify the Authorized User, the performance bond shall be forfeited to Authorized User. The bond shall be in a form customarily used in the technology industry and shall be written by a surety authorized to do business in Virginia and that is acceptable to Authorized User.

## 20. OTHER TECHNICAL/FUNCTIONAL REQUIREMENTS

*(Provide any other unique project technical and functional requirements and expectations in sufficient detail in this section. Ensure they do not conflict with existing requirements in the VITA Contract. Several examples are listed.)*

### A. Service Level Requirements

### B. Mean-Time-Between-Failure Requirements

### C. Data Access/Retrieval Requirements

### D. Additional Warranties

## 21. REPORTING

*(The following are examples of reporting requirements which may be included in your SOW depending on the project's need for governance. In an effort to help VITA monitor Supplier performance, it is strongly recommended that the SOW include "Supplier Performance Assessments". These assessments may be performed at the Project Manager's discretion and are not mandated by VITA.)*

### A. Weekly/Bi-weekly Status Update.

The weekly/bi-weekly status report, to be submitted by Supplier to the Authorized User, should include: accomplishments to date as compared to the project plan; any changes in tasks, resources or schedule with new target dates, if necessary; all open issues or questions regarding the project; action plan for addressing open issues or questions and potential impacts on the project; risk management reporting.

### B. Supplier Performance Self-Assessment.

Within thirty (30) days of execution of the project start, the Supplier and the Authorized User will agree on Supplier performance self-assessment criteria. Supplier shall prepare a monthly self-assessment to report on such criteria. Supplier shall submit its self-assessment to the Authorized User who will have five (5) days to respond to Supplier with any comments. If the Authorized User agrees with Supplier's self-assessment, such Authorized User will sign the self-assessment and submit a copy to the VITA Supplier Relationship Manager.

### C. Performance Auditing

*(If you have included service level requirements in the above section entitled, Other Technical/Functional Requirements, you will want to include a requirement here for your ability to audit the results of the Supplier's fulfillment of all requirements, Likewise, you may want to include your validation audit of the Supplier's performance reporting under this Reporting section. It is important, however, that you read the VITA contract prior to developing this section's content so that conflicts are avoided. Suggested language is provided below, but must be customized for your project.)*

Authorized User (or name of IV&V contractor, if there is one), will audit the results of Supplier's service level obligations and performance requirements on a monthly/quarterly basis, within ten (10) days of receipt of Supplier's self-assessments and service report(s). Any discrepancies will

be discussed between the Authorized User and Supplier and any necessary invoice/payment adjustments will be made. If agreement cannot be reached, the Authorized User and Supplier will escalate the matter in accordance with the Escalation provision of the Contract. (If none, you may add your escalation procedure in this section.)

**D. Supplier Performance Assessments**

(You may want to develop assessments of the Supplier's performance and disseminate such assessments to other Authorized Users of the VITA Contract. Prior to dissemination of such assessments, Supplier will have an opportunity to respond to the assessments, and independent verification of the assessment may be utilized in the case of disagreement.)

**22. CHANGE MANAGEMENT**

(Changes to the baseline SOW must be documented for proper project oversight. Depending on your project, you may need to manage and capture changes to configuration, incidents, deliverables, schedule, price or other factors your team designates as critical. Any price changes must be done in compliance with the Code of Virginia, § 2.2-4309. Modification of the contract, found at this link: <http://leg1.state.va.us/cgi-bin/legp504.exe?000+coh+2.2-4309+500825>. Changes to the scope of this SOW must stay within the boundaries of the scope of the VITA Contract.

For complex and/or major projects, it is recommended that you use the VITA PMD processes and templates located at: <http://www.vita.virginia.gov/oversight/projects/default.aspx?id=567>.

Administrative or non-technical/functional changes (deliverables, schedule, point of contact, reporting, etc.) should extrapolate the affected sections of this SOW in a "from/to" format and be placed in a numbered modification letter referencing this SOW and date, with a new effective date. The VITA Contract may include a template for your use or you may obtain one from the VITA Contract's Point of Contact. It is very important that changes do not conflict with, but do comply with, the VITA Contract, which takes precedence. The following language may be included in this section, but additional language is needed to list any technical/functional change management areas specific to this SOW; i.e., configuration, incident, work flow, or any others of a technical/functional nature.)

All changes to this SOW must comply with the Contract. Price changes must comply with the Code of Virginia, § 2.2-4309. Modification of the contract, found at this link: <http://leg1.state.va.us/cgi-bin/legp504.exe?000+coh+2.2-4309+500825>

All changes to this SOW shall be in written form and fully executed between the Authorized User's and the Supplier's authorized representatives. For administrative changes, the parties agree to use the change template, attached to this SOW. For technical/functional change management requirements, listed below, the parties agree to follow the processes and use the templates provided at this link: <http://www.vita.virginia.gov/oversight/projects/default.aspx?id=567>

**23. POINT OF CONTACT**

For the duration of this project, the following project managers shall serve as the points of contact for day-to-day communication:

Authorized User: \_\_\_\_\_

Supplier: \_\_\_\_\_

By signing below, both parties agree to the terms of this Exhibit.

**Supplier:**

\_\_\_\_\_

(Name of Supplier)

By: \_\_\_\_\_

(Signature)

Name: \_\_\_\_\_

(Print)

Title: \_\_\_\_\_

Date: \_\_\_\_\_

**Authorized User:**

\_\_\_\_\_

(Name of Agency/Institution)

By: \_\_\_\_\_

(Signature)

Name: \_\_\_\_\_

(Print)

Title: \_\_\_\_\_

Date: \_\_\_\_\_

**Exhibit F – Service Level Agreements (SLAs)**

\*\*\* These are examples, please provide your own SLA's

(To be effective 60 days following commencement of the Solution.)

Performance Standard	Measurement	Measurement period	% Level	Service Price	Remedy
See below					

**Response objectives** provided are based on the IPLA and the IBM Software Support Handbook (<http://www14.software.ibm.com/webapp/set2/sas/f/handbook/getsupport.html>)

Please note: IBM will use commercially reasonable efforts to respond to service requests from your authorized contacts within the criteria shown below. Our initial response may result in resolution of your request, or it will form the basis for determining what additional actions may be required to achieve technical resolution of your request. Depending on the complexity of your request, the next response may take days. Be sure you and your support rep agree on what the next action is and when the next checkpoint will be. Also note that severity 2, 3, and 4 problems reported offshift will be queued for the next business day.

**Distributed systems (with Subscription and Support and/or Support Line prime shift support services offerings)**

When you contact software support to report a problem or update/get status on a problem, your request will be routed to a software support specialist. IBM's goal is to respond to your service request within two business hours during prime shift, and within two hours during offshift hours for critical problems.

Severity	Impact	Response goal
1	Critical business impact	Within two hours
2	Significant business impact	Within two business hours
3	Some business impact	Within two business hours
4	Minimum business impact	Within two business hours

**System z Platform response objectives (improved responsiveness is available to Customers requiring it, through services offerings)**

For problems reported against Monthly License Charge (MLC) (i.e., System z) software products, IBM's response objectives continue to be based upon the severity of the request. The following table describes these objectives.

Severity	Impact	Response goal
1	Critical business impact	Within two hours
2	Significant business impact	Within four business hours
3	Some business impact	By the end of the next business day
4	Minimum business impact	By the end of the next business day

If the software does not work as documented and if customer is not satisfied, the product may be returned within 30 days of purchase for a full refund., IBM will provide a money back guarantee per section 6 of the IPLA.

## Exhibit G

### A. SWaM Procurement and Subcontracting Monthly Report

By the 10th day of every month, Supplier shall submit to VITA the Small, Woman, Minority-Owned Business (SWaM) Procurement and Subcontracting Monthly Report available at: <http://www.vita.virginia.gov/scm/default.aspx?id=97>

Supplier's report should include spend on all Supplier's contracts with second-tier small business suppliers which provide products or Service/Solution under this Contract. The report should specify the amount of such spend provided to SWaM vendors, by SWaM category, regardless of such SWaM vendors' certification status. Supplier shall submit the report to [SWaM@vita.virginia.gov](mailto:SWaM@vita.virginia.gov).

IBM Concurs

### B. Small Business (SWaM) Procurement Plan

Per RFP Section 7, provide a Small Business (SWaM) Procurement Plan as set forth in the format below. If Supplier does not plan to use small business subcontractors in executing a contract resulting from this RFP, so state.

IBM is a publicly held company and is not a diverse (minority, women, disabled, HUBZone, veteran, etc.) owned and controlled business. However, IBM is committed to diversity in all parts of its business, and has been for more than 100 years. Our Supplier Diversity Program ensures purchasing opportunities for businesses owned and operated by minorities, women, LGBT (lesbian, gay, bisexual, transgender), veterans, people with disabilities and HubZone (small businesses located in historically underutilized business zones). We believe that building and maintaining a community of diverse business partners increases IBM's opportunity to hear new ideas, apply different approaches, and gain access to additional solutions that respond to customer needs. Such collaboration helps IBM deliver innovation, quality products, and world-class service.

#### IBM's Supplier Diversity Program

IBM established a global supply chain diversity program in 1968. This was four years before the creation of the National Minority Supplier Development Council (NMSDC) and 29 years before the Women's Business Enterprise National Council (WBENC) was founded. We were the first IT Company to conduct more than \$1 billion of business with diverse suppliers in the United States. And we learned early on that fostering diversity is not only the right thing to do for society, but for business as well. A diverse supplier base not only provides talent, it also helps add stability and flexibility throughout our consulting and product supply chains and promotes economic growth in local communities that we serve. Our program is grounded in a mission to ensure that those groups who have been traditionally left out of the economic mainstream are given access to IBM's procurement process if they have a product/service which adds value to our supply chain.

Our program is global, and we work with businesses owned by diverse groups all over the world. In the U.S. this includes women, blacks, Native Americans, GLBT, and people with disabilities. IBM is a founding member of the National Minority Supplier Development Council (NMSDC) and we participate in their International Programs Advisory Committee. Through this and NMSDC sister organizations, we are working to expand supplier diversity practice in our industry markets. Also, we are a founding member of the Women's Business Enterprise National Council and participate in their national and international programs. IBM is also actively engaged with the Minority Supplier Diversity China, an organization working with the Chinese government to open up economic opportunity to the country's 55 ethnic minority groups. In 2008 formal recognition of the aboriginal population by the Australian government was granted and an organization called the Australian Indigenous Minority

Supplier Council (AIMSC) was created—a direct result of a mission by the NMSDC, which included IBM. Our company has been working with diverse aboriginal suppliers since 2006.

In 2012, IBM conducted \$3.3 billion of global business with first- and second-tier diverse suppliers. Of that, \$2.6 billion was contracted with first-tier suppliers, up from \$2.5 billion in 2011.

Since the inception of IBM's Supplier Diversity Program, IBM has received much recognition for its efforts. In the past 12 years the company has received more than 100 corporate and individual awards from local, regional, national and federal entities. This past couple of years have been particularly noteworthy, as IBM's efforts in maintaining a diverse supply chain were recognized by more than three dozen organizations. Among the top honors were:

- Top Corporation by the WBENC
- Corporation of the Year by the Minority Supplier Development Council—UK
- A Top Corporation by DiversityBusiness.com
- A 2012 Corporate One recipient by the Michigan MSDC
- Corporation of the Year by the WBEC of PA-NJ-DE
- Corporation of the Year by the MSDC of PA-NJ-DE
- NMSDC International Committee's Global Link Award
- IBM / Supplier Connection won the Best Collaboration Award from the Supply Chain Awards North America.

Supplier diversity is just one aspect of IBM's multipronged approach to facilitating access to the economic mainstream. We work with our internal employees, our marketing and community investment teams, and the Integrated Supply Chain so that the IBM approach to creating opportunity is always in sync with our clients and the industry. A more detail description of IBM's Supplier Diversity Program can be found at the end of this section (see IBM Global Supplier Diversity Program.doc)

### **COVA Software/Services Contract – Path Forward**

Looking forward, IBM will continue to foster the diversity of its local and global supply chain as the business needs of our client's continue to evolve. IBM works with many potential diverse suppliers to clearly define its requirements in both direct and indirect supply areas. And we continue this work with diverse suppliers—especially our second- and third-tier suppliers—to help them grow their capacity. We will do the same for the work that we perform in the Commonwealth under this contract.

IBM is planning to utilize our core SWaM business partner community to help us support Commonwealth software services engagements. Because the engagements will be dynamic work efforts, as opportunities are identified and engaged, we will look to add Virginia-certified SWaM specialty or “niche” subcontractors to the opportunity engagement team(s) to meet changes in demand. We have set an initial goal of 10% SWaM participation. We will also plan to work closely with VITA's SCM organization to adjust our SWaM services subcontracting strategy to meet changes in need/COVA LOB demand. Also, although we are currently not proposing to provide our software products via any third party SWaM distributors or resellers, we are exploring the creation of a reseller or agent business partner program that will allow our SWaM partners to utilize our direct contract. In concept, this program will be similar to the program that IBM has used in the past to allow qualified value-add business partners to participate under the IBM COVA server contract vehicle.

Two DMBE Virginia-certified SWaMs that are also existing IBM Business Partners have thus far been identified to provide potential sub services resources across a host of technical areas. We selected these SWaMs because of their dedicated service to the Commonwealth and their history of supporting the sound use of technology and research. The two companies are listed below.

- Artech Information Systems, LLC – SWaM Certification # 673863
- Infinite Solution Contractors Inc. – SwaM Certification # 704509

A growing number of SWaMs have expressed interest in working with IBM on various COVA software-related project areas. As such, we request the optional opportunity to utilize additional SWaM resources as subs under this contract at a future date pending concurrence of these additions by the State.

Our SWaM business reporting will be monthly as directed by the RFP guideline.

### Small Business (SWaM) Procurement Plan

**All small businesses must be certified by the Commonwealth of Virginia, Department of Small Business and Supplier Diversity (DSBSD) by the contract award date to participate in the SWAM program. Certification applications are available through DSBSD online at <http://www.sbsd.virginia.gov/>.**

Offeror Name: \_\_\_\_\_  
 Preparer Name: \_\_\_\_\_ Date: \_\_\_\_\_

#### Instructions

- A. If you are certified by the DSBSD as a small business or as a micro business, complete only Section A of this form. This shall not exclude DSBSD-certified women, minority or service-disabled veterans-owned businesses when they have received DSBSD small business certification.
- B. If you are not a DSBSD-certified small business, complete Section B of this form.

#### Section A

**If your firm is certified by the DSBSD are you certified as a (check all that apply):**

- \_\_\_\_\_ Small Business
- \_\_\_\_\_ Small and Women-owned Business
- \_\_\_\_\_ Small and Minority-owned Business
- \_\_\_\_\_ Small Service Disabled Veteran-owned Business
- \_\_\_\_\_ Small Service Disabled Veteran-owned Business
- \_\_\_\_\_ Micro Business
- \_\_\_\_\_ Micro Business and Women-owned Business
- \_\_\_\_\_ Micro Business and Minority-owned Business
- \_\_\_\_\_ Micro Service Disabled Veteran-owned Business

Certification Number: \_\_\_\_\_  
 Certification Date: \_\_\_\_\_

**Section B**

Populate the table below to show your firm's plans for utilization of DSBSD-certified small businesses in the performance of this contract. This shall not exclude DSBSD-certified micro businesses or women, minority or service disabled veteran-owned businesses when they have received the DSBSD small business certification. Include plans to utilize small businesses as part of joint ventures, partnerships, subcontractors, suppliers, etc
