**9. ADJOURNMENT**

CONSOLIDATED COMMISSION ON UTILITIES  
Guam Power Authority | Guam Waterworks Authority  
P.O. Box 2977 Hagatna, Guam 96932 | (671) 648-3002 | guamccu.org

**Regular Board Meeting**  
**GUAM WATERWORKS AUTHORITY**  
**CCU Conference Room, Gloria B. Nelson Public Service Building**  
**5:30 p.m., August 27, 2019**

**MINUTES**

**1. CALL TO ORDER**

The CCU Chairman called the CCU regular monthly meeting for Guam Waterworks Authority for August 27, 2019 to order at 5:38 p.m. He said all five (5) Commissioners were present for a quorum. Others in attendance include:

**Commissioners:**

Joseph T. Duenas	CCU Chairman
Francis E. Santos	CCU Vice Chairman
Michael T. Limtiaco	CCU Secretary
Judith P. Guthertz	CCU Treasurer
Simon A. Sanchez	Commissioner

**Executive Mgmt.:**

Miguel Bordallo	GM / GWA
John Benavente	GM / GPA
Melinda Mafnas	AGMO / GPA
John Cruz	AGMET / GPA
Tricee Limtiaco	AGMA / GPA
Chris Budasi	AGMA / GWA
John Kim	CFO / GPA
Gilda Mafnas	CFO (A) / GWA
Kelly Clark	Legal Counsel / GWA
Graham Botha	Legal Counsel / GPA

**Management & Staff:**

Karen Grape	GWA
Vangie Lujan	Compliance & Safety / GWA
Heidi Ballendorf	Communications / GWA
Zina Pangelinan-Charfaurros	Personnel Administrator / GWA
Jason Tudela	GWA
Dave Fletcher	GWA
Ron Topasna	O&M Mgr., Water Treatment / GWA
Joyce Sayama	Mgmt. Analyst / GPA Ex.Office
Ann Borja-Gallarde	Mgmt. Analyst / GWA Ex.Office

Lou Sablan Board Secretary / CCU

**Guest:**

Kurt Bilz B&C  
Ann Marie Muna; AM Insurance

**2. APPROVAL OF MINUTES**

The Minutes of June 5, 2019 and July 23, 2019 were presented for approval.

Comm. Guthertz motioned to approve the Minutes subject to verification and written correction, second by Comm. Santos. There was no further discussion or objection and the motion passed.

**3. COMMUNICATIONS**

**3.1 Public Comments - None**

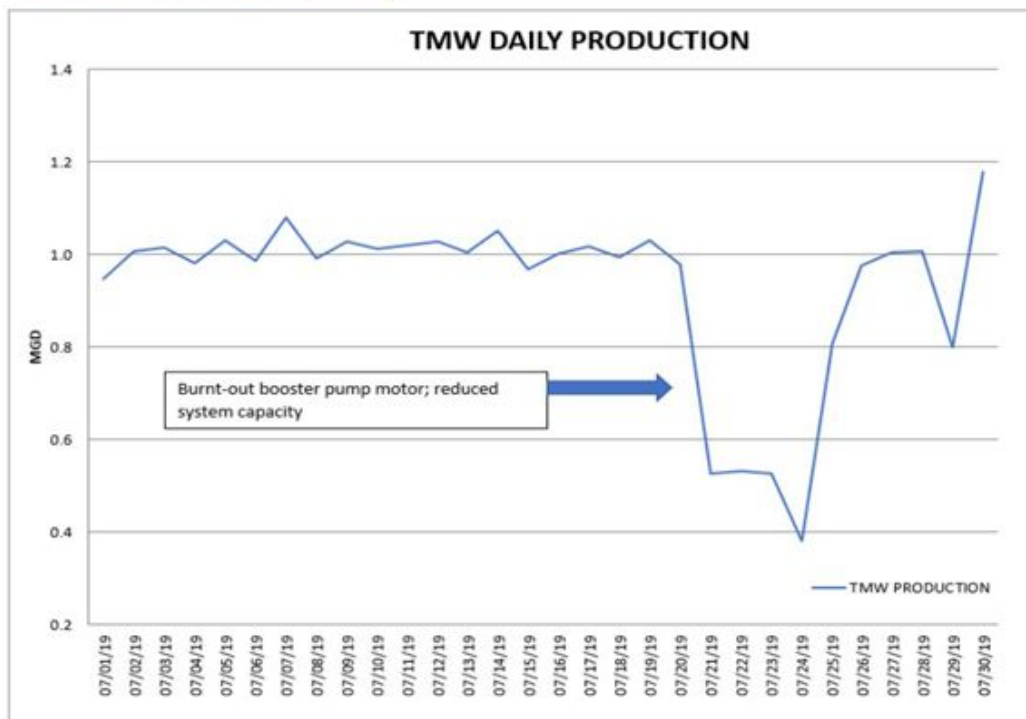

**4. GWA**

**4.1 New Business**

**4.1.1 GM Report**

GM Miguel provided his usual General Manager’s Report.

Tumon Maui Well Production (July 2019)

Distribution (July 2019)

Monthly Distribution Summary - July 2019					
Water Booster Pump Stations					
	District	No. of Stations	Total Pumps	Pumps Operating	% Operational
	Northern	11	20	18	90.0%
	Central	7	15	15	100.0%
	Southern	7	15	15	100.0%
		25	50	48	96.0%

Wastewater Collections (July 2019)

Monthly Collections Summary - July 2019					
Wastewater Pump Stations					
	District	No. of Stations	Total Pumps	Pumps Operating	% Operational
	Northern	22	52	42	80.8%
	Central	29	63	52	82.5%
	Southern	27	58	49	84.5%
		78	173	143	82.7%

Wastewater Collections –Cleaning/Jetting (July 2019)

Astumbo, Dededo (by Fire Station)

Astumbo Gardens, Dededo

Carlos Heights, Tamuning

Harmon Industrial Park

Asset Management (July 2019)

Operational Issues

Production & Distribution

- Issues with Yigo production were resolved end of June and reservoir level improvements seen in early July. No major production issues.
- Continuing with increased security monitoring after hours due to attempted wire thefts
- Ugom WTP:
  - Membrane changeouts on-going
  - CIP in planning stages

Wastewater Collection & Treatment

- Pump stations
  - Route 1 pump stations and bypasses continue to be an on-going challenge
  - Asan by-pass pumps were changed out in early July to larger pumps; GPA assisted with change to 3-phase service
  - Piti pump station being operated manually to manage flows and in coordination with contractor’s work in Asan
  - WW Hills pump station required warranty repairs on two of three pumps; repairs completed.
- Collection System:
  - Piti Sewer / Storm Water Interconnection
  - DPW, GEPA and GWA Working to resolve interconnection which has resulted in impacts to private property
  - Wet-weather complicating efforts to maintain flows
  - Piti pump station manual operation and bypass pumping also make this issue challenging
- NDWWTP
  - Oil & Grease discharged into plant from neighboring lot (CoreTech)
  - Temporarily impacted treatment process at the plant
  - Investigation by GWA staff with cooperation from CoreTech identified their on-site lift station as source of oil & grease
- Hagatna WWTP
  - Corrective maintenance on process equipment is on-going (mixers, aerators and gates for effluent pumps)
  - Working to get resolved before any major storm events
- EPA Inspections: Inspections were conducted at
  - Several pump stations,
  - Umatac-Merizo WWTP
  - Agat-Santa Rita WWTP: inspector commented that WWTP was best he has seen anywhere in U.S.

One Guam Update

- Santa Rosa Tank
  - No update on AAFB response to request for data substantiating operational improvements.
  - GWA to proceed with Santa Rosa Tank project with intertie up to AF property – no delay to the GWA project
- GAC Changeout
  - Scheduled after completion of GIAA; should be completed in August
- Navy Water Billing
  - Change in DoD funding: eliminated 'working capital fund' for FY20 to 'General Fund'
  - No more annual stabilized commodity rates
  - Funding **must be received in advance of service**; on quarterly basis for recurring products/services

UTILITIES	FY19 Rate	FY20 WCF 1	FY20 GF 2	FY20 WCF to GF Delta
Electricity (\$/MWH)	\$203.53	\$317.61	\$397.52	\$79.91

Leak Repair Summary (July 2019)

Comparison of Leaks Reported vs. Leaks Repaired (July 2019)

Monthly Leak Report Cost (July 2019)

Assumptions:

1. Leak rate = 4 gpm
2. Cost per kgal = 54.00

There was discussion on purchase of Navy Water the CCU was surprised to learn that GWA has 20-30 Navy master meter connections around the island. It was mentioned that they purchase from GWA a total of \$6.4M annually

Relative to the rate case, it was mentioned that November is the current timeframe for Navy's input on the rate case and that this may hamper bond borrowing for this year due to tight timelines

***ACTION: CCU wants list of all the Navy Master Meters around the island (Assignee(s): GM/Karen Grape; Due Date: 09/24/2019).***

#### **4.1.2 Financials**

The Commission reviewed the finances during the work session last week. There was some discussion on collections for GovGuam - CCU told management to stay on top of this issue and collect aggressively.

Discussion on GIAA - AGMA explained status to date on the 193k; credit adjustment will be given \$25k with balance of \$30k; 3rd account 100k in arrears - still in discussion; DPHSS has been settled and a credit was applied. There was suspicion of theft of water but cannot be proven. There is a credit applied to this account and this account has been settled. All gov accounts have been contacted and management is working with them to resolve their arrears

Comm. Guthertz said perhaps the senators are not budgeting / allocating enough funds for the agencies.

#### **4.1.3 Resolution No. 40-FY2019 Relative to Approval of the Contract with JMI-Edison for the Purchase of Splicing Gels and Submersible Cables for Islandwide Deepwell Water Production**

If approved, this resolution will authorize the purchase splicing gels and submersible cables of various sizes utilized for pump and motor maintenance activities at the over 100 existing water wells at various locations island wide. The purchases under this authorization will be used to replenish stock levels of these gels and submersible cables at the warehouse to ensure adequate quantities are available at all times to repair production wells and insure consistent and stable water supply. The project is necessary and urgent to maintain critical inventory levels. The materials to be procured under this authorization will be utilized at GWA Deep-well Production Facilities Island-wide.

Ten (10) entities registered for the bid procurement and there was one (1) responsive and responsible bidder who qualified – JMI Edison. Their bid was for three (3) years at an estimated amount of \$754,371.00. The source of funding for this purchase is the FY2019/FY2020 GWA Water Production and Treatment Operations and Maintenance Budget.

Chairman Duenas said that this matter was discussed in depth at GWA's work session and if there were no other questions or discussion, he called for the question.

Comm. Sanchez motioned to approve Resolution 40-FY2019, second by Comm. Santos. There was no further discussion or objection and the motion passed unanimously.

**4.1.4 Resolution No. 41-FY2019 Relative to Approval of the Construction Contract for the Santa Rosa, Santa Rita and Sinifa Reservoir Replacement with AIC International Inc.**

The project is spread across three different water reservoir sites, including a new booster pump station and various control valve and line upgrades. The reservoirs are listed under the U.S. District Court Order. The following are project locations and general scope of work.

**Santa Rosa Reservoir**

*Base Bid Items 1 to 6:*

- A new Santa Rosa Reservoir (1.0 MG) will be constructed adjacent to the existing steel tank. Work will include the new reservoir, new booster pump station, off-site improvements and various site upgrades.
- The existing booster pump station will be demolished and replaced with a new building structure, piping, pump system, instrumentation, controls, and a SCADA system.
- Once the new reservoir has been constructed, the existing steel reservoir will be taken offline for inspection. After the API and structural inspection, the steel tank will be either repaired or demolished.
- Work will also occur at several off-site locations (6 locations). The work consists of line interconnections and installation of new valves. The work is in line with the Pressure Zone Realignment plan.

*Additive Bid Items 7 and 8:*

- The work includes the construction of the Department of Defense inter-tie on GWA and possibly DoD property. Work is separated into two bid items. Additive Bid Item 7 is for work within GWA property, while Additive Bid Item 8 is for work within DoD property.

*Additive Bid Item 9:*

- The work includes the construction of 4,042 L.F. of 12" waterline on Route No. 1.

*Additive Bid Item 10 and 11:*

- The work includes the demolition of the existing steel tank and disposal of the oiled sand foundation in accordance with applicable regulations.
- The inclusion of the additive work will be determined after the API and structural inspections have been conducted.

Eighteen (18) bid packets were picked up and three (3) proponents submitted bids. All bid proposals were reviewed and the engineering and construction management team determined that AIC International was the most responsive and responsible bidder and met all the bid requirements. The total cost for the construction is \$26,417,650 and GWA management is

seeking CCU approval to enter into a contract for this amount. He funding source for this project will be from bond, grant, SDC and internally funded CIP funds.

Comm. Sanchez motioned to approve Resolution 41-FY2019, second by Comm. Santos.

In discussion, Comm. Sanchez asked when the tanks will be completed; GM Miguel said they have to wait for the \$40M bond borrowing in order to complete the tank projects which would be determined by the rate case.

On motion the motion, the vote was unanimous and the resolution was approved.

**5. ANNOUNCEMENTS**

**6.1 Next CCU Meetings:**

The Chairman announced that the next meeting would be for GPA on August 29<sup>th</sup> at 5:30 p.m.

In addition, he called for a special meeting at 10 a.m. on Sept. 4<sup>th</sup> to discuss the request from the Attorney General's request for GWA to join the lawsuit on PFAS because we may have damages as well and GPA's budget review.

**6. ADJOURNMENT**

There being no other business to bring before the Commission,

Comm. Guthertz motioned to adjourn the meeting; second by comm. Santos. It was unanimous and the meeting adjourned at 6:43 p.m.

**2. COMMUNICATIONS**

**2.1 Public Comments – None**

The Chairman said he would like to modify the Agenda and begin the meeting with executive session discussion first and then the budget resolution matter. There was no objection and the meeting agenda was modified accordingly.

Comm. Santos motioned to move the meeting to Executive Session; second by Comm. Sanchez.

Executive session was called to order immediately; it was 10:15 a.m. After Executive Session, the meeting recessed for 10 minutes. It was 10:45 a.m.

The Chairman called the meeting back to order at 11:01 a.m., for discussions in regular session beginning with the GPA Budget.

**3. GPA**

**3.1 Resolution 2019-12 Approval of FY2010 Budget**

Section 6.11 of the GPA Bond Indenture Agreement requires the Authority to provide a copy of an approved budget to the Bond Trustee prior to the beginning of each fiscal year. The General Manager has carefully reviewed and proposes the budget for Fiscal Year 2020 totaling \$435,250,000 provision for bad debt of \$1,091,000. The GM has reviewed and proposes a Revenue Funded Capital Improvement Project budget totaling \$27,620,571. The Fiscal Year 2020 Budget is based on a Non-Fuel Revenue forecast of \$163,763,000 and miscellaneous revenues of \$2,160,000 and a Fuel Revenue forecast of \$270,418,000 and less \$1,091,000 provision for bad debt for *total revenues of \$435,250,000*. Total Operations and Maintenance budget includes Labor and Retiree’s benefit costs of \$48,221,673; Non-Labor cost of \$35,250,324; less Capitalized O&M of \$6,484,303 for total O&M Budget of \$76,987,694; Bad Debt Expense of \$1,091,000, Independent Power Producers costs plus Aggreko of \$27,648,000; Debt Service of \$47,737,000; Production Fuel of \$270,418,000 and revenue Funded Capital Improvement Projects of \$27,620,571. Funds pledged for the Bond Reserves are not included in the overall budget amounts.

The General Manager of the Guam Power Authority has created and thoroughly reviewed the budget for *Fiscal Year 2020 totaling \$436,431,000*. The CCU Commissioners noted that the budget provides funding of Revenue Funded Capital Improvement Projects totaling \$27,620,571.

GPA CFO John Kim presented the Budget for FY2020.

## Proposed 2020 Budget (continued)

---

### Operating Expenses Budget - Highlight

#### High System Reliability

- Reduce outage due to vegetation
  - Vegetation Management- \$497k
  - Village Management Program - \$230k
- Provide wider coverage of security - \$1.3 million
- Improve Business Risk
  - Fire Alarm/ Gas Suppression Maintenance - \$250k
  - USDA Snake Controls - \$219k
- Improve Environmental Concerns
  - EPA Emission Testing - \$200k
  - Used Oil Disposal - \$250k
  - Oxidation Catalyst - \$200k
  - Batteries & Waste - \$100k
- Monotube Refurbishment (T&D) - \$100k
- New generation
  - LNG Feasibility Study - \$250k

## Proposed 2020 Budget (continued)

---

### Operating Expenses Budget - Highlight

#### Commitment to Workforce

- Train new generation of employees – 20 new apprentice - \$1.2 million
- Move employees to 20<sup>th</sup> market percentile - \$500k

#### Superior Customer Service

- Improve process efficiency
  - Process improvement
    - Update SOP and remove unnecessary steps and documents
- One utility – GPWA
- Customer Bill Printing Services and newsletters - \$375k
- DSM Program - \$300k

#### Optimize the use of Technology

- Data Circuit Lines (PSCC) - \$230k
- Robotics Process Automation (RPA) - \$87k

## Proposed 2020 Budget (continued)

Debt Service (Interest & Principal Combined) '000	2018	2019	2020 Proposed
2010 Senior Lien	\$ 2,000	\$ -	\$ -
2012 Revenue Bond	17,086	31,467	35,232
2014 Revenue Bond	5,083	5,084	5,087
2017 Revenue Bond	<u>5,915</u>	<u>7,607</u>	<u>7,418</u>
	\$ 30,084	\$ 44,158	\$ 47,737

Debt Service Coverage Ratio	2019 Projected	2020 Proposed
Debt Service Coverage Ratio (Bond Method)	1.90	1.56
Debt Service Coverage Ratio (S&P Method) (Bond DSCR - 1.3 )	1.57	1.37

## Proposed 2020 Budget (continued)

Capital Projects	2018 Adopted	2019 Adopted	2020 Proposed
Carry Over	\$ 3,500,000	\$ 6,176,661	\$ 7,686,882
General Plant	13,280,813	13,437,426	13,515,696
Line Extensions	4,270,187	4,451,434	3,840,293
Engineering Projects	<u>4,179,000</u>	<u>2,407,924</u>	<u>2,577,700</u>
	\$ 25,230,000	\$ 26,473,445	\$ 27,620,571

## Proposed 2020 Budget (continued)

### Capital Expenditures Budget - Highlight

#### High System Reliability

Improve generation reliability

- Cabras 1 & 2 - \$5.2 million
  - Replacement of Burner Front System
  - Overhaul and Upgrades to Feedwater Heaters and Service Water Coolers
  - Boiler Tube Replacements, Parts, Fire Pumps, etc.
- Gas CT - \$1.2 million
  - Overhauls and Upgrades at Macheche CT and Dededo CT
- Diesel Plants - \$1.7 million
  - Continued Overhaul and upgrades
- T&D Substations - \$1.1 million
  - Upgrades of Circuit Breakers

#### Optimize the use of Technology

- Disaster recovery
  - SCADA - \$1.4 million
- E1 Upgrade - \$1.4 million

70	Cash carry over- surplus (deficit)	(113)
71	Surplus Fund Shortfall/(Excess)	13,714

There was discussion on CC&B. Comm, Santos said this project is going on 5 years since its inception. He asked about a timeline – when it will be completed. AGMA Limtiaco said that the processes are in place but what she is finding is that there is a lot of preliminary work that needs to get done before the program is fully operational. The AGMA said it requires a lot of cleanup and it affects human processes and it affects not only customer service but IT, finance etc. A lot of work is being done and she said she will detail this in her next report to update ongoing work and the work ahead. Comm. Duenas recommended that when making the report that she ask GWA AGMA Budasi to also be present and do a joint update.

The CCU encouraged GPA and GWA to meet and discuss this issue. GM Benavente said they would plan for an October work session.

**ACTION: CC&B combined meeting GPA/GWA to update status of project (Assignee(s): John Benavente, John Kim; Due Date: Oct 2019)**

Comm Sanchez asked about LEAC does this budget anticipate any recovery of the \$9-10M for LEAC or does the cash flow for this budget takes no position of whether the LEAC money is recovered. The CFO confirmed that the under-recovery is included in the \$27M proposed budget.

There was discussion on SCADA and the renovation of upper Tumon for remote operations. Comm. Santos was concerned that we continue to budget and spend money out side of our house and that GPA/GWA should be looking at investing in-house.

It was discussed to develop a periodic / ongoing progress report for projects like CC&B, Oracle, E One upgrade and SCADA so that everyone is on the same page and invite the Commission. GM Benavente said perhaps we can begin at the October work session to initiate this progress report and perhaps a schedule / timeline.

Comm. Limtiaco asked about the 20<sup>th</sup> market percentile matter – it was confirmed that this is being funded by base rates; there is no impact on rates. It was mentioned that the pay for performance is currently at 2-4% for those that are below the 20<sup>th</sup> market percentile.

Comm. Sanchez asked about the summary of the payroll budget – FY20 asks for \$48.2M how does this compare to the total actual payroll. CFO said that the projections for FY2019 is \$46.3M for 456 FTE's, not including apprentices. The projected overtime for FY19 is \$3.2M due to Saipan; with Saipan netted out the \$1.2-1.4M.

Comm Santos asked management to give the Commission a list of all transfers that was affected in FY2019 soon after the end of the fiscal year.

Comm. Sanchez asked confirmation if the Commission is being asked to approve the budget for FY2020 – everything on page 4, 5 and 6 of the FY20 Budget Presentation Booklet. The CFO confirmed yes.

I was mentioned that relative to transfer authority, the GM is authorized to transfer 10% of the non-labor budget.

Comm. Sanchez motion to approve Resolution 2019-12 relative to FY 2020 budget, second by Comm. Santos.

In discussion Comm. Sanchez said we will be approving the expenditures as detailed on Page 4-5-6 of the FY Budget Presentation Booklet.

Relative to bond reserves, Comm. Sanchez motioned to delete Subsection E, page 2, lines 46-48, second by Comm. Santos. There was no further discussion or objection and the motion passed.

Comm. Sanchez motioned to add verbiage "no more than 10% of" and delete the word "within", second by Comm. Santos. There was - no objection and the motion passed.

Comm. Sanchez motioned to approve increasing the GM's obligating authority to \$1M and add verbiage " which the GM shall advise the Commission of all expenditures authorized in excess of \$1M", second by Comm. Santos. There was no further discussion or objection and the motion passed.

The vote on the main motion with all the amendments; - 4ayes / 1 absent – the motion passed.

The chairman called for a 5-minute recess; it was 12:15

#### 4. ANNOUNCEMENTS

##### 4.1 Next CCU Meetings:

The Chairman announced that the next CCU meeting would be a work session for GWA on Sept. 17; a work session for GPA on Sept. 19 and the regular monthly CCU meeting on Sept. 24.

#### 5. EXECUTIVE SESSION

##### 5.1 GWA Litigation / Atty. Kelly Clark: Northern Wastewater Treatment Plant Litigation

##### 5.2 GWA Litigation / Atty. Kelly Clark: Litigation Filed by GovGuam for PFAS Damages

After the 5-minute recess the Chairman called the meeting back to open session.

GWA Legal Counsel Clark presented a resolution relative to the GovGuam PFAS damages litigation.

Comm. Sanchez motioned to approve Resolution 42-FY2019 relative to joining the Government of Guam litigation against the manufacturers PFAS chemicals that have entered into the ground water of Guam, second by Comm. Limtiaco. The vote was 4 yes / 1 absent.

In discussion Comm. Sanchez said he met with the Attorney General this morning in executive session and he briefed the commission on the perspective litigation being developed. There seems to be an advantage for GWA ratepayers to participate and agree with management that we should adopt this resolution.

**6. ADJOURNMENT**

There being no other business to bring before the Commission,

Comm. Santos motioned to adjourn the meeting; second by Comm. Sanchez. It was unanimous and the meeting adjourned at 1:43 p.m.

## Operational Issues

### Production & Distribution

- Managed major break in Yigo near Simon Sanchez H.S. on an undocumented main line across school grounds; five (5) wells secured to control flows for repairs; reservoirs were maintained despite problem isolating this unknown line.
- Tropical Storm Kammuri:
  - Ugum was secured during heavy rains;
  - Power outages affected several pump stations and deep wells; rovers responded throughout the storm to address re-sets.
  - Santa Rosa BPS had generator issues, no water in that area for a short period (5-6 hrs)
- Problems with line breaks on older ACP lines in
  - Casimiru (Nov)
  - Tai, Mangilao (Dec)
  - Pago Bay 2x (Dec)

### Wastewater Collection & Treatment

- Tropical Storm Kammuri:
  - Baza Gardens pump station had power issues during storm, EQ tank filled
  - Southern ejector stations (no permanent generators) were affected by power outages; no issues reported
  - FEMA PS had electrical issues; trucks used to control flows
  - Barrigada SMH SSO (Wendy's) due to heavy rains
- Collection System:
  - Route 2 project final lateral connections being made
  - Route 1 and Route 4 projects still in progress; traffic impacts are on-going
  - Route 3 and Route 9 interceptor work is about 56% complete
- Hagatna WWTP
  - Two clarifiers awaiting parts for repairs; plant operating satisfactorily on one clarifier
- Umatac-Merizo
  - Project completed, pending minor scope items delayed due to presence of Moorehen
  - Ribbon cutting being held in January
- NDWWTP
  - Major excavation work for clarifiers and ditches on-going
  - Water supply issues continue until lines in the area are upgraded

### One Guam Update

- Santa Rosa Tank
  - No update on AAFB response to request for data substantiating operational improvements.
  
- OEA Projects
  - Coordination on-going for remaining Rt 3 / RT 9 Interceptor work, access to South Finegayan areas
  - Close to resolving issues with two new monitoring wells sites being affected by MILCON projects;
    - Yigo well – Issues resolved with regard to access.
    - Marbo well – adjustment of well location does not affect clearances for site; Navy assisting with possible protective measure for nearby traffic
  
- Property Transfers:
  - BPM-1 Monitoring Well: Property was transferred twice; waiting on Navy determination on course of action
  - Cabras waterline: pending completion of Navy CIP replacement
  - Murray Road Sewer Infrastructure: with installation for approval prior to D.C. approval
  - ACEORP water tunnel: Inspections conducted; process for transfer is underway
  
- Marine Cantonment
  - MOU for Tumon-Maui reserved 210 GPM for Camp Blaz
  - Navy/Marine Corps considering additional supply; will advise GWA if needed

## Court Order

### Status Information (for November and December 2019)

- 2 items delayed
  - Water Reservoir Repair. Replacement or Relocation program, CO II C 29(b)(6)(ii)–(all remaining tanks). (Affects final date of the Court Order.)
  - Umatac-Merizo Wastewater Treatment Plant – completed in December; ribbon cutting held in January.
- Final Date to complete all Court Order items may be delayed past December 31, 2020. [CO 29(b) has been expanded by 31% beyond the original Court Order Requirements (General Counsel is reviewing filing requirements and content).]
- Overflow or Bypass events reported to USEPA:
  - 11-07-2019 Mangilao Mayor’s office MH overflow; SSO (FOG)
  - 11-21-2019 Tai Mangilao PS Wet Well overflow. (airlocked pump)
  - 11-25-2019 Pas Street, Tamuning; MH overflow. (FOG)
  - 11-27-2019 Vietnam Veterans Memorial, (Rt. 10) Barrigada; SSO (Rain)
  - 11-27-2019 Serenu Ave, Tamuning; SSO (Rain)
  - 11-27-2019 New Chaot pipeline, Sinajana; SSO. (Rain)
  - 11-27-2019 station-13 Umatac-Merizo Influent Pumps; SSO. (Warranty Issue - control malfunction)
  - 11-27-2019, RR Cruz St. Santa Rita WO# 19-11-1394 Hyundai (Tropical Storm Kammuri)
  - 11-27-2019, #199 Aga St. Hyundai (Tropical Storm Kammuri.)
  - 11-27-2019, Chalan Canton Tasi Station PS #17 WO# 19-11-1398 (Tropical Storm Kammuri)
  - 11-27-2019, Chalan Canton Tasi Station by Merizo Church (Tropical Storm Kammuri)
  - 11-27-2019, Baza Garden Pump Station EQ Tank (Tropical Storm Kammuri) (Warranty Issue).
  - 11-29-2019, Jesus Lujan St# 19-11-1397 (Tropical Storm Kammuri)
  - 12-02-2019 Pas Street Tamuning MH overflow
  - 12-14-2019 124 Tun Jesus Crisostomo St, Tamuning SSO – FOG
  - 12-14-2019, Station 12 Force Main Break WO# 19-12-0556 – Aged infrastructure

Land Acquisition Summary (as of November/December2019)

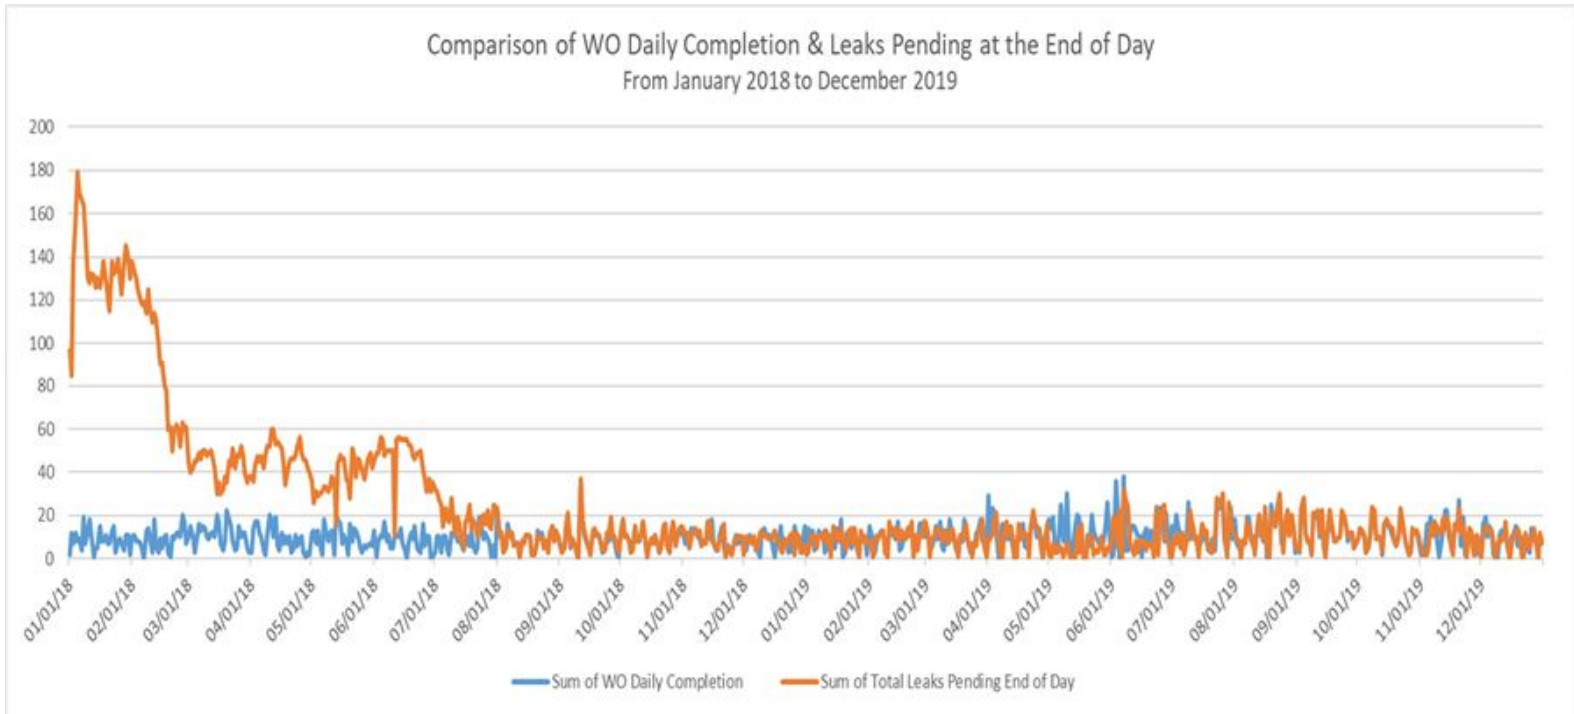

GWA Facility	Location	Gov. or Private Property	Land Acquisition Status
Tanks	Astumbo	Gov't. - CLTC	Petition of Land Registration package forwarded to Attorney General by DLM 11/04/19.
	Piti	Private	Pending comments from Federal and GovGuam agencies on Section 106 documents 11/07/19.
Deep Wells	AG-12	Dept. of Agriculture/Manhita Farms	Right of Entry Agreement sent to Dept of AG for signature 05/24/18. 2 <sup>nd</sup> follow up sent on 09/12/18. 3 <sup>rd</sup> follow up sent on 04/10/19. Retracement Survey Property Map filed and recorded at DLM 7/10/19.
Booster Pump Station	Agfayan	Private	TGE working on structural design for pump station area for L28, B19, T3734, Inarajan 11/07/19.
Asan Springs	Asan	Federal	Pending comments from Federal and GovGuam agencies on Section 106 documents 11/07/19.

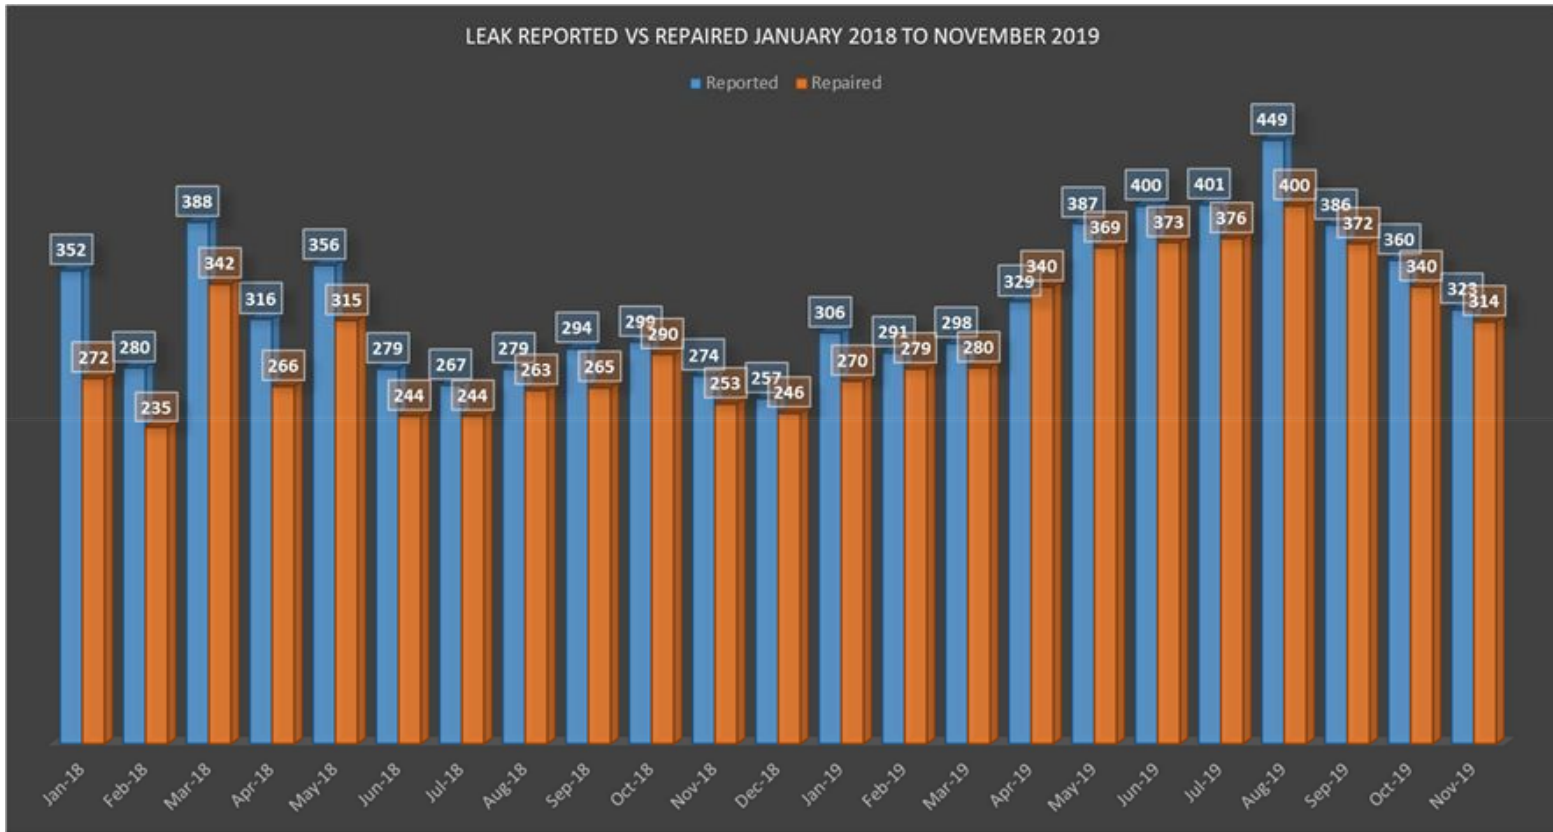

Leak Repair Summary (November 2019)

Leak Repair Summary (December 2019)

Comparison of Leaks Reported vs. Leaks Repaired (November 2019)

Comparison of Leaks Reported vs. Leaks Repaired (December 2019)

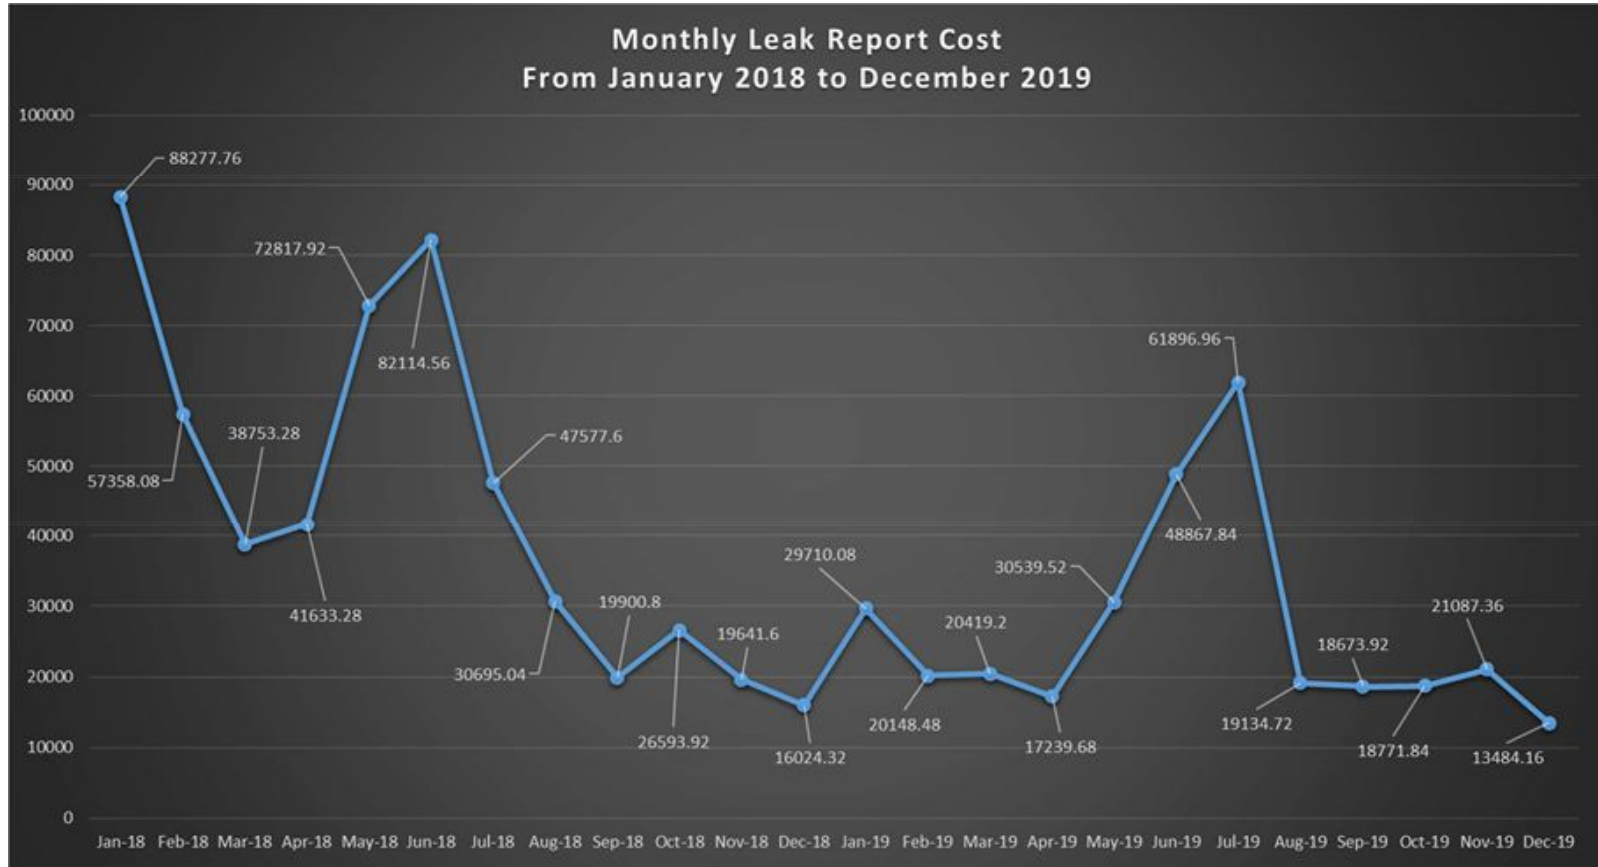

Monthly Leak Report Cost (November 2019)

Assumptions:

1. Leak rate = 4 gpm
2. Cost per kgal = \$4.00

Monthly Leak Report Cost (December 2019)

Assumptions:

1. Leak rate = 4 gpm
2. Cost per kgal = \$4.00

# GWA 5-Year Financial Plan and Capital Improvement Program & 2020 Bond (formerly 2019 Bond)

Status Update

## 5-Yr Financial Plan & CIP: Milestones

- GWA filed public notice on **April 5, 2019** (90-day) and **June 6, 2019** (30-day)
- Ratepayer Bill of Rights 90-day notice period **April 5, 2019 to July 6, 2019**
- GWA held three (3) village meetings and six (6) additional public meetings **May to July 2019**
- GWA filed rate case petition with PUC on **July 6, 2019**
- Scheduling Orders and Delays
  - Initial Order: PUC Action **early Nov 2019** (stipulated)/**early Dec 2019** (contested)
  - 2<sup>nd</sup> Order: PUC Action **mid Nov 2019/mid Dec 2019**
  - Delayed GCG Combined schedule: additional settlement discussions **Dec 2019**; PUC action **Feb 2020**
  - Revised Stipulation Schedule: PUC Work Session Feb 19, 2020; PUC action **Feb 27, 2020**
- Stipulation signed and submitted to ALJ on **Jan 17, 2020**

# 5-Yr Financial Plan & CIP: Remaining Schedule

Revised Combined Proposed Schedule (1.15.20)	
Date	Activity
January 17th	Parties submit final stipulation to ALJ
February 12th	Parties submit Position Statements on Stipulation
February 19th	PUC Workshop/Work Session
February 21st	ALJ recommendations issued
February 25 <sup>th</sup> by 12:00 p.m.	ALJ recommendation rebuttal filed
February 28 <sup>th</sup>	PUC meeting to address the case

# Stipulation Summary

## Analysis Required for FY22

1. Demand Forecasting / Elasticity
2. Water Loss Control / NRW
3. Cost of Service
4. Affordability Analysis
5. Capital Financing Options
6. Capitalized Labor
7. Septic System Elimination
8. Staffing Study (PUC)

Comprehensive Review and Update to be conducted prior to FY22

## FY20-FY24 Financial Plan

1. Stipulate to Pro-forma Results (Sched. A)
2. Increases: FY20 @ 5%, FY21 @ 5% fixed
3. Agree DSCR (PUC) < 1.75
4. Agree to pursue policy change
  - a) Revise CCU Policy on 1.75x DSCR
  - b) Revise/Clarify PUC Policy on 1.75x DSCR
  - c) Support approval of DSCR 1.4x Min.
5. Water Sales Volumes per GWA Petition
6. GWA to pursue aggressive Water Loss Reduction
7. Reductions to Labor/Benefits expenses
8. Reductions in variable O&M expenses
9. Capital Financing Program changes

# Stipulation Summary

## Capital Financing Program

1. Based on:
  - a) Projected fund balance >\$3M
  - b) DSCR 1.4x – 1.5x
2. 2020 Bond
  - a) \$134M par value
  - b) Capitalized Interest - 2 yrs
  - c) Coupon 5%; COI 2%
  - d) Defer Principal for 5-yrs
3. Re-allocate prior bond funds of no less than \$2.7M

## Other Provisions

1. Capital Financing Changes
  - a) Target DSCR 1.4x – 1.5x
  - b) \$50M Commercial Paper Program
  - c) Use Surety Bond or L.C. as allowed
2. Water Loss Reduction Targets
  - a) Pursue “zero-cost” water exchange w/ Navy
  - b) Insure SCADA is design to allow for loss detection and reduction
  - c) Set new reduction targets based on Water Loss Control Plan, with goal of 20% NRW in 20-yrs

**BEFORE THE GUAM PUBLIC UTILITIES COMMISSION**

<b>IN RE: PETITION FOR APPROVAL OF GWA'S THIRD FIVE-YEAR FINANCIAL PLAN.</b>	) <b>DOCKET NUMBER NO. 19-08</b> ) ) <b>STIPULATIONS OF THE GUAM</b> ) <b>WATERWORKS AUTHORITY AND</b> ) <b>GEORGETOWN CONSULTING GROUP</b> ) <b>ON BEHALF OF THE PUBLIC UTILITY</b> ) <b>COMMISSION OF GUAM</b> )
--	---

**PROPOSED STIPULATION**

*The GUAM WATERWORKS AUTHORITY (hereinafter "GWA") and GEORGETOWN CONSULTING GROUP, INC. (hereinafter "GCG") (hereinafter both jointly referred to as the "Parties"), hereby agree and stipulate to recommend the following to the GUAM PUBLIC UTILITIES COMMISSION (hereinafter "PUC") for approval in Docket No. 19-08:*

**PREAMBLE**

*Whereas GWA published notice in a local paper of its intent to request PUC approval of water and sewer rate increases above existing tariffs on April 6, 2019; and*

*Whereas GWA conducted no less than seven (7) public hearings over the subsequent weeks, provided notice in the May 2019 customer billing cycle, and gave notice in the paper on June 6, 2019; and*

*Whereas the Guam Consolidated Commission on Utilities (CCU) under its budgetary authority in Public Law 26-76, by Resolution No. 36-FY 2019, approved filing of GWA's Five-Year Financial Plan on June 5, 2019; and*

*Whereas GWA petitioned the PUC on July 6, 2019 for approval of its Five-Year Financial Plan and rate relief and submitted a complete application for rate relief in conformance with applicable PUC rules (Part 4: Application for Rate Relief, Rules 19 -21); and*

*Whereas, GCG was authorized by the PUC to serve as Technical Consultants on April 23, 2019 in Docket No. 19-08 to review GWA's Petition and GCG reviewed GWA's Petition and rate filing information; and*

- 1           b. GWA will consider, as deemed appropriate, modeling the hotel class by individual
- 2           customer for the largest 10 – 20 customers and meeting with local hotel facility
- 3           managers about plans such as expansion and water conservation measures and
- 4           equipment that they plan to install within the next five (5) years. GWA will
- 5           consider, as deemed appropriate, the relationship between hotel water
- 6           consumption, tourist arrivals and room occupancy.
- 7           c. Related projections of GWA water production will be prepared specifically to
- 8           include consideration of demonstrated impacts of GWA’s water loss management
- 9           initiatives.
- 10          d. The study must be completed no later than March 31, 2021 for consideration by
- 11          the PUC in the FY 2022 Comprehensive Review and Update to GWA’s Five-Year
- 12          Financial Plan.

13           2.     Water Loss Reduction – GWA will advance and expand water loss reduction

14     measures including accelerating planned water line replacements, implementation of district

15     metering areas and other high priority measures.

- 16           a. GWA will undertake a comprehensive systemwide water loss reduction program
- 17           designed to provide meaningful reductions in annual water loss volumes (kGal)
- 18           deemed to be economically justifiable. The Parties agree that any water loss
- 19           reduction project shown in the analytical study to have a benefit-cost ratio above
- 20           1.25 will be accelerated to the extent practicable.
- 21           b. GWA will continue its ongoing loss reduction field work with Water Systems
- 22           Optimization, Inc. (WSO), or other experts, for the purpose of identifying
- 23           implementable loss reduction measures and appropriate loss reduction targets for
- 24           its water system. GWA will evaluate calendar year 2020 outcomes of water loss
- 25           reduction efforts in district metering areas for consideration in making adjustments
- 26           to its FY 2022 – 2024 water production and variable expense estimates.
- 27           c. GWA will identify water loss reduction projects and the corresponding benefit-
- 28           cost ratio associated with each project and will rank each water loss reduction
- 29           project with a benefit-cost ratio above 1.0 from the highest to the lowest.
- 30           Documentation of water loss reductions achieved for the period and a
- 31           comprehensive five (5) year (FY 2022 – 2026) water loss reduction plan (inclusive
- 32           of annual loss reduction targets using appropriate and industry standard metrics)

1 will be completed and submitted no later than March 31, 2021 for consideration  
 2 by the PUC in the FY 2022 Comprehensive Review and Update to GWA's Five-  
 3 Year Financial Plan.

- 4 d. Annually, GWA will provide to the PUC information on results achieved, allowing  
 5 the PUC to actively monitor and independently verify GWA's progress in water  
 6 system loss reduction and its undertaking of the water loss reduction projects  
 7 stipulated to in this proceeding. The annual report will be prepared in a form  
 8 mutually agreeable by the Parties. These annual updates will include the  
 9 identification of potential barriers to achievement of loss reduction targets and  
 10 identification of any corrective actions required to ensure the targets are achieved.

11 3. Cost of Service/Rate Design - GWA must conduct a water and wastewater cost of  
 12 service and rate design (COS) study that independently examines the allocation of costs to all  
 13 customer classes of both the water and wastewater systems employing analysis methodologies as  
 14 outlined in the American Water Works Association's (AWWA) and Water Environment  
 15 Federation's (WEF) manuals of standard practice.<sup>1</sup>

- 16 a. The COS study will examine GWA's current allocation of costs to its various  
 17 water and wastewater customer classifications and present alternatives to GWA's  
 18 current rate designs to support low-income affordability and water conservation  
 19 objectives. The study must be completed and submitted to the PUC to support the  
 20 FY 2022 Comprehensive Review and Update to GWA's Five-Year Financial Plan.

21 4. Affordability – GWA will prepare an evaluation of household water affordability  
 22 using measures as outlined in the AWWA/NACWA<sup>2</sup>/WEF report submitted to EPA in May  
 23 2019,<sup>3</sup> and will prepare Financial Capability Assessment (FCA) information using its  
 24 recommendations.

- 25 a. In conjunction with GWA's COS study, GWA will prepare an evaluation of  
 26 options to address low-income water affordability challenges through both the  
 27

28  
 29 

---

 30 <sup>1</sup> AWWA Manual of Practice (M1), Principles of Water Rates, Fees and Charges, 7<sup>th</sup> Edition and WEF Manual of  
 Practice (No. 27), Financing and Charges for Wastewater Systems, 4<sup>th</sup> Edition.

31 <sup>2</sup> National Association of Clean Water Agencies (NACWA).

32 <sup>3</sup> "Developing a Framework for Household Affordability and Financial Capability Assessment in the Water Sector,"  
 prepared by Raftelis, Galardi Rothstein Group, and Corona Consulting for the American Water Works Association,  
 National Association of Clean Water Agencies, and Water Environment Federation, completed in April 2019 and  
 submitted to US EPA in May 2019.

1 design of a Customer Assistance Program and revision of its current residential  
2 lifeline rate structure. The study will consider alternative low-income Customer  
3 Assistance Programs (CAP) and the financing of such programs (intra- and inter-  
4 class subsidies) as well as rate design alternatives.

- 5 b. The Parties agree that reasonable efforts will be made to provide for water rates  
6 that result in an improvement in the affordability of basic water service and  
7 consider cost impacts of all Guam utilities on low-income customers. The study  
8 will be completed and submitted no later than March 31, 2021 to the PUC to  
9 support the FY 2022 Comprehensive Review and Update to GWA's Five-Year  
10 Financial Plan.

11 5. Capital Financing – GWA agrees to pursue legislative and other actions necessary,  
12 including working with the PUC and the Guam Economic Development Authority (GEDA) and  
13 appropriate financial advisors to enable access to certain financing tools, and to modify selected  
14 financial policies. GCG agrees to support GWA's actions before the PUC in pursuing the  
15 following enhancements to its financing vehicles:

- 16 a. GWA agrees to investigate the availability and relative costs of alternative debt  
17 instruments such as letters-of-credit or surety bonds to fund debt service reserves  
18 in lieu of bond financing required reserves through debt issuance proceeds. If  
19 determined to be viable and economical, GWA agrees to recommend to the CCU,  
20 Legislature and PUC the approval of this option for meeting debt service reserve  
21 fund requirements delineated in GWA's indenture.
- 22 b. GWA agrees to investigate the availability and relative costs of the use of  
23 commercial paper or lines of credit to finance its ongoing capital construction  
24 program following issuance of its Series 2020 revenue bonds. If determined to be  
25 viable and economical, GWA agrees to seek necessary approvals to allow GWA  
26 the option to employ commercial paper for prospective capital financing.
- 27 c. These activities will be completed a timely manner to allow adjustment to FY 2022  
28 – 2024 rates in conjunction with the FY 2022 Comprehensive Review and Update  
29 of GWA's Financial Plan. Given the uncertainty of both the availability and costs  
30 of these alternative financing options, the Parties agree that the stipulated FY 2020  
31 and FY 2021 rates will not assume the availability of these instruments.  
32

1           6.       **Capitalized Labor** – GWA agrees to undertake a review of its current capitalized  
2 labor expense protocol to be completed no later than March 31, 2021 to support the FY 2022  
3 **Comprehensive Review and Update to GWA’s Five-Year Financial Plan.**

4           7.       **Cesspool/Septic Tank Elimination** – GWA agrees to investigate options to  
5 enhance compliance with Title 10, Chapter 48, Toilet Facilities and Sewage Disposal, potentially  
6 including legislatively approved transfer of regulatory authority to GWA. GWA will complete  
7 its septic tank / cesspool review and analysis, and provide its recommendations to the PUC for  
8 review and consideration no later than March 31, 2021.

9           a.       GWA will identify all residential facilities with 200 ft. of an existing GWA  
10 sanitary sewer line or 1000 ft. of a GWA water well that require specific action  
11 steps to be taken by GWA in accordance with Chapter 48. GWA will estimate the  
12 potential consumer and GWA investments required, identify potential sources of  
13 funding these investments and estimate GWA revenue impacts and expenses of  
14 implementation.

15           b.       GWA will consider alternative funding mechanisms to assist consumers in  
16 connecting to the sewer system, including use of the SDC fund to increase the  
17 funds available in the sewer connection revolving fund. GWA will evaluate  
18 potential obstacles, if any, to using the SDC fund and outline potential solutions.  
19 Other funding mechanisms may be explored as well including private sector  
20 financing.

21           c.       GWA agrees to notify the CCU and PUC on a timely basis if potential barriers,  
22 including funding and procurement issues, may preclude completion of the above-  
23 listed studies by the completion dates scheduled and to request necessary  
24 modifications and approval of any changes.

25           8        **FY 2022 Comprehensive Review and Update to GWA’s Five-Year Financial Plan**  
26 **-The review will require GWA to supplement the filings of the studies enumerated below with**  
27 **reporting to the PUC by May 1, 2021 on:**

28           a.       **Forecasted (per the stipulated FY 2020 – 2024 rate plan) versus actual performance**  
29 **by the categories of GWA revenues and expense included in GWA’s Five-Year**  
30 **Financial Plan filed with the PUC on July 6, 2019. This variance analysis reporting**  
31 **will address and explain, through narrative and supporting analyses, reasons for**  
32 **variances between forecasted and actual (FY 2020 audited data and FY2021 YTD**

1 data) performance greater than 5 percent. PUC may ask for further explanation of  
 2 other documented variances throughout the review process.

- 3 b. GWA will submit proposed updates to its Five-Year Financial Plan for FY 2022 –  
 4 2024 and supporting rate model based in part on the findings and recommendations  
 5 of the studies enumerated above. GWA will provide documentation of how  
 6 findings of each study were incorporated into GWA’s revised financial plan by  
 7 major categories of GWA revenues and expense.
- 8 c. GWA will provide documentation including, but not limited to a petition, reports,  
 9 memos, spreadsheets and workpapers outlining how the findings and  
 10 recommendations of the GWA demand forecast, water loss reduction, cost of  
 11 service, affordability, capital financing, and other analyses are proposed to be  
 12 incorporated into the FY 2022 Comprehensive Review and Update to GWA’s  
 13 Five-Year Financial Plan.

14 **The FY 2022 Comprehensive Review and Update to GWA’s Five-year Financial Plan**  
 15 contemplates an enhanced annual rate review process and specifically does not constitute a new  
 16 GWA rate application. GWA will provide both the CCU and PUC detailed submissions and  
 17 briefings on these submissions and GWA rate model adjustments by May 1, 2021. As noted  
 18 below, GWA will respond to Requests for Information or PUC submittals regarding the studies  
 19 and GWA rate model adjustments on a timely basis throughout the review process. PUC action  
 20 on the FY 2022 Comprehensive Review and Update to GWA’s Five-year Financial Plan is  
 21 anticipated by September 2021. The review process is recommended by the Parties to provide for  
 22 full and appropriate consideration of the studies that GWA has agreed to complete by March 31,  
 23 2021.

24 **II. GWA’s FY 2020 – FY 2024 Financial Plan**

25 1. **FY 2020 – 2021 Base Water Rates** – By this Stipulation, the Parties agree to the  
 26 proforma results of operations contained in the detailed Attachment A for the period FY 2020 –  
 27 2021 that memorializes the details of projections that the Parties have agreed to recommend to  
 28 the PUC for its review and approval.

29 2. **FY 2020 – FY 2021 Base Rate Increase Implementation** – The Parties agree to the  
 30 stipulated water and wastewater base rate increases of 5.0 % in FY2020 and 5.0% in FY2021.  
 31 The rate increase for FY 2020 will take place upon the PUC issuing a final order in Docket No.  
 32

1 19-08 and for FY 2021 will take effect on October 1, 2020. There will be no change to the  
2 “lifeline” rate for FY2020 and FY2021.

3  
4 3. DSCR – The Parties acknowledge that the projected debt service coverage ratio  
5 (DSCR) for FY2020-2021 is below the target of 1.75x the PUC has set to be achieved for  
6 ratemaking purposes.

7 4. Policy Changes – The Parties will use best efforts to secure revisions to CCU and  
8 PUC policies related to minimum debt service coverage levels:

- 9 a. Revision of the CCU policy (adopted by Resolution No. 21-FY2014) that calls for  
10 funding of a Working Capital and Debt Service Reserve that “serves to establish a  
11 Cash Reserve for supplementing Net Revenues for the sole purpose of meeting the  
12 PUC’s currently established ADSCR [Aggregate Debt Service Coverage Ratio]  
13 requirement that Net Revenues will be 175%- or 1.75 times annual debt service.”  
14 The revision would provide for meeting of a PUC minimum ADSCR target based  
15 on a calculation consistent with GWA’s indenture (and common municipal finance  
16 practice) that does not supplement Net Revenues with such reserves.
- 17 b. Revision and clarification of the PUC’s order (Regulatory Review of GWA  
18 Interim Financial Plan Under Federal Court Order in Civil Case 02-35 - Docket  
19 04-01: FY 2005 Rate Order) that a minimum 1.75x coverage ratio is established  
20 for purposes of setting just and reasonable rates for GWA (Paragraph 8, p. 5).
- 21 c. The Parties to this stipulation agree to support the approval of both policy changes  
22 inclusive of a minimum 1.40x debt service coverage ratio. It is further  
23 recommended that as part of CCU and PUC’s consideration of alternative debt  
24 financing instruments, the PUC debt service coverage policy be reevaluated based  
25 on references to credit rating agency medians of comparable and favorably rated  
26 debt issuers and consideration of customer affordability of utility services.

27 5. kGal Water Sales – For purposes of the FY 2020 – 2021 revenue requirements, the  
28 Parties stipulate that the annual water sales volumes by customer class will not be adjusted from  
29 GWA’s original July 6, 2019 rate application. Adjustments may be implemented beginning in  
30 FY 2022 based on the results of the supporting “Analytical Studies” enumerated above that will  
31 be incorporated into the FY 2022 Comprehensive Review and Update to GWA’s Five-Year  
32 Financial Plan.

1           6.     Water Loss Reduction Program – The Parties stipulate GWA will be deploying an  
 2 aggressive water loss reduction program. For purposes of FY 2020 – 2021, GWA’s water  
 3 production forecast will be adjusted to reflect anticipated reductions in water losses due to GWA’s  
 4 expansion and acceleration of water loss reduction measures:

- 5           a.     FY 2020 production volumes will be adjusted based on a projected reduction of  
 6 non-revenue water by 2.00% of actual FY 2019 production (adjusted for partial  
 7 year implementation, which implementation will begin no later than March 1,  
 8 2020).
- 9           b.     FY 2021 production volumes will be adjusted based on a projected non-revenue  
 10 water reduction of an additional 2.75% of actual FY 2020 production for a  
 11 cumulative total of 4.75% (adjusted for FY 2020 partial year implementation).
- 12           c.     GWA will include planned water loss reduction project spending for FY 2020 –  
 13 2021 of no less than \$14 million. GWA will consider the efficacy of alternative  
 14 project delivery options to effect acceleration of water loss reduction project  
 15 implementation.

16           7.     Labor/Benefits Expenses – The Parties stipulate to the GCG adjustments for FY  
 17 2020 – 2021 of Personnel Salary and Benefits expenses. Projected annual expense reductions  
 18 are:

FY 2020	FY 2021
\$2,248,207	\$1,958,153

23           8.     Variable Operations and Maintenance Expenses – The Parties stipulate to the GCG  
 24 adjustments for FY 2020-2021 of certain variable (e.g., water production dependent) expenses.  
 25 These adjustments relate to water purchases, salaries and benefits, contractual expenses, and  
 26 Administrative and General expenses (inclusive of related power expense impacts) and were  
 27 determined by applying unit savings estimated by GCG to the volume reductions outlined herein.  
 28 Projected annual expense reductions are:

FY 2020	FY 2021
\$2,030,877	\$3,703,629

1           9.     Capital and Financing Programs – The Parties have agreed to the following for  
2 purposes of development of GWA’s Five-Year Financial Plan:

- 3           a.     GWA’s financial plan will be based on a projected fund balance target (as shown  
4           in Attachment A) of not less than \$3 million and a debt service coverage ratio<sup>4</sup> of  
5           1.40x – 1.50x.
- 6           b.     GWA’s \$134 million Series 2020 bond issue will be structured with a term of  
7           thirty (30) years, two (2) years of capitalized interest, and assumed to be issued at  
8           an average coupon rate of five percent (5%) with costs of issuance equal to two  
9           percent (2%) of par. For the Series 2020 bonds principal payments will be deferred  
10          for a five (5) year period.
- 11          c.     GWA will re-program all existing non-committed bond fund balances (from its  
12          past three issues) in an amount of no less than \$2.7 million to its capital program  
13          (see Attachment B), subject to applicable PUC review procedures and will provide  
14          a priority consideration to funding with reprogramed funds non-revenue water  
15          projects.

16                                 **III.     Potential Capital and Financing Program Revisions**

17  
18           Based on outcomes of the efforts outlined in item number 5 above to be completed by  
19 March 31, 2021, the Parties stipulate to the following (which may result in adjustments to GWA’s  
20 Financial Plan):

- 21          a.     GWA’s targeted debt service coverage ratio<sup>5</sup> of 1.40x – 1.50x may be adjusted  
22          based on evaluation of potential policy changes enumerated in 4 (c) above.
- 23          b.     Use of up to \$50 million in commercial paper or lines-of-credit, to the extent  
24          allowed by GWA enabling legislation and if cost-effective, may be used to  
25          augment GWA’s ongoing construction capital requirements with available capital  
26          funds.
- 27          c.     GWA will seek to lower the financing cost associated with the capital funding of  
28          debt service reserve funds for subsequent borrowings by using letters-of-credit or  
29          surety bonds as allowed by GWA enabling legislation.

30  
31                                 

---

32           <sup>4</sup> As traditionally calculated as the ratio of net operating expenses divided by scheduled debt service payments per  
GWA’s bond indenture (without adjustment for debt service reserve funds).

<sup>5</sup> As traditionally calculated as the ratio of net operating expenses divided by scheduled debt service payments per  
GWA’s bond indenture (without adjustment for debt service reserve funds).

1  
2  
3 **IV. Water Loss Reduction Targets**

4 The Parties stipulate that the water loss reduction targets for the water system will be  
5 based on the work of WSO and GWA who will prioritize each water loss reduction project based  
6 on its respective benefit-cost ratio. The Parties agree that the water loss reduction targets should  
7 reflect an aggressive approach to water loss management with the objective to have GWA's water  
8 loss rates compare favorably with established industry benchmarks as soon as reasonably possible  
9 within a twenty (20) year period. The capital investment program will be reprogramed as  
10 necessary starting with projects having the highest benefit-cost ratio to achieve these targets.

11 Further:

- 12 a. GWA will use its best efforts to enter into a zero-cost "water exchange" program  
13 with Navy. Absent the ability to enter into a zero-cost exchange program, GWA  
14 will prioritize reducing the amount of water purchased from the US Navy or  
15 undertake the necessary construction to eliminate Navy water (if supported by a  
16 large benefit-cost ratio supporting such construction).
- 17 b. GWA will ensure the new SCADA system is designed to assist GWA in the  
18 identification and detection of water losses and the prioritization and targeting of  
19 water loss projects.
- 20 c. For the period FY2020-2024 GWA's water loss reduction targets will be as  
21 determined through the study to be completed by March 31, 2021 with designated  
22 benchmarks to reduce water losses by 20% as compared to its 2019 water loss  
23 level and to the median level of comparable water utilities in the US Mainland in  
24 less than twenty (20) years from 2019.

25 **V. Consent Decree:**

26  
27 Upon completion of substantive Consent Decree negotiations with USEPA (and lifting of  
28 confidentiality restrictions), GWA will provide a detailed briefing on the proposed decree to the  
29 PUC. This briefing will outline, among other matters, potential GWA spending commitments  
30 that will impact future rate revenue requirements and to provide a comparison to what was  
31 projected in GWA's Five-Year Financial Plan.

32 **VI. Requirements of 12 GCA § 12102.2. (d) Staffing Study**

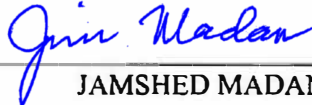

1 statutory changes GWA has pursued in furtherance of this stipulation. GWA will file its proposed  
2 FY 2022 Comprehensive Review and Update to its Five-Year Financial Plan for PUC review no  
3 later than May 1, 2021 – giving the PUC ample opportunity for RFI's and responses to be  
4 exchanged prior to the September PUC meeting for approval.

5 **SO STIPULATED this 17th day of January 2020.**

**Issues for Decision**

**Resolution 10-FY2020**

Relative to Approval of the Construction Contract for the Tank Repair and Bypass Project

**What is the project’s objective and is it necessary and urgent?**

The project’s objective is the repair/rehabilitation of eight (8) reservoir locations as mandated by the Order for Preliminary Relief Re: Deadlines for Outstanding Projects Under the Amended Stipulated Order, Paragraph 29. The reservoirs are:

1. Santa Ana,
2. Agat-Umatac,
3. Umatac Subdivision,
4. Pigua Merizo,
5. Malojloj,
6. Windward Hills,
7. Kaiser, and
8. Astumbo No. 2 tanks.

The reservoirs are under the 2011 Court Order deadline requirements established, and therefore this project is necessary and urgent.

GWA is seeking approval to enter into contract with AIC International, Inc. for the Base Bid work for the bypass and minor repair work on the tanks listed above, and Additive Bid No. 1 (Yigo No. 3 Major Repair). A summary of work for each site under this authorization is presented below.

Santa Ana

The existing booster pump station onsite will be modified with two new pumps and one new pressure reducing and sustaining valve (PRSV). The modifications are needed to bypass the tank for the inspection and repair. After inspection, the actual repairs will be determined. Minor repairs are covered under the Base Bid. Major repairs are covered under the Additive Bid. If major repairs are required as determined by the inspections, a change order will be negotiated with the Contractor.

Agat-Umatac

There is an existing bypass system in place. The tank will be taken offline and inspected. After inspection, the actual repairs will be determined. Minor repairs are covered under the Base Bid. Major repairs are covered under the Additive Bid. If major repairs are required as determined by the inspections, a change order will be negotiated with the Contractor.

Umatac Subdivision

The existing booster pump station (Toguan BPS) will be modified with a new pump skid and a new hydro-pneumatic tank. The modifications are needed to bypass the tank for inspection and repair. Minor repairs are covered under the Base Bid. Major repairs are covered under the Additive Bid. If major repairs are required as determined by the inspections, a change order will be negotiated with the Contractor

Pigua Merizo

The existing booster pump station (Geus BPS) will be modified with a new pump skid and a new hydro-pneumatic tank. The modifications are needed to bypass the tank inspection and repair. The work will also include a new pressure reducing and sustaining valve (PRSV). Minor repairs are covered under the Base Bid. Major repairs are covered under the Additive Bid. If major repairs are required as determined by the inspections, a change order will be negotiated with the Contractor

Malojoi

The existing reservoir inlet and outlet pipping will be modified to bypass the tank for inspection and repair. The work will also include installing a pressure reducing and sustaining valve (PRSV). Minor repairs are covered under the Base Bid. Major repairs are covered under the Additive Bid. If major repairs are required as determined by the inspection, a change order will be negotiated with the Contractor.

Windward Hills

GWA operations and engineering is currently working on a bypass for the tank site. Cleaning and preparation of the tank for inspection is included in this contract. The condition of tank appears to need major repairs. Under the Additive Bid, major repair items are listed. A change order will be negotiated with the Contactor once the repairs are determined by the inspection.

Kaiser

Under the Pressure Zone Realignment Phase I construction project, a bypass for the Kaiser tank will be completed. Cleaning and preparation of the tank for inspection is included in this contract. Under the Additive Bid, major repair items are listed. A change order will be negotiated with the Contactor once the repairs are determined by the inspection.

Astumbo No. 2

The major tank repair work involves installing a double bottom tank floor, drip rings to floor chimes, replacing tank shell manway nozzle, replacing tank exterior fill gauge and interior float system, new tank hatch cover, tank vent and screen, roof guardrails, exterior tank ladder with cage, interior ladder with fall arrest assembly, complete exterior and interior coating, cathodic protection, and miscellaneous repairs.

Additive Bid Work - Included in this Authorization

- Additive Bid No. 1: Yigo No. 3 (formerly named Yigo No. 2 – 2.5 MG) Major Repair

GWA will seek additional approval from the CCU at a later time for additional Additive Bid Work for major repairs shown below. Major repair work includes new double bottom floor, complete

exterior and interior coating, cathodic protection, vent, hatch, ladder, column and base plate repair, and miscellaneous repair items. The items below may be added to the Contract, depending on the findings during bypass and inspection work in the base bid as described above.

Additive Bid Work – Not Included in this Authorization

- Additive Bid No. 2: Santa Ana Major Repair
- Additive Bid No. 3: Umatac Subdivision Major Repair
- Additive Bid No. 4: Pigua Merizo Major Repair
- Additive Bid No. 5: Malojloj Major Repair
- Additive Bid No. 6: Agat-Umatac Major Repair
- Additive Bid No. 7: Windward Hills Major Repair
- Additive Bid No. 8: Kaiser Major Repair

**Where is the project located?**

Santa Ana - The tank located off Highway 2 in Agat heading South just before the Agat Residential Transfer Station.

Agat-Umatac - The tank is located off Highway 2 in Umatac heading South before Para I Lalahi Ta Park.

Umatac Subdivision - The tank is located off Jesus A. Quidachay Street in Umatac heading South uphill from the Umatac bridge.

Toguan Booster Pump Station is located off San Dionisio Drive in Umatac heading South downhill.

Pigua, Merizo - The tank is located off Chalan Joseph A. Cruz Street, Highway 4 in Merizo heading South uphill after the Merizo Elementary School.

Geus Booster Pump Station is located off Espinosa Avenue, Highway 4 in Merizo heading South at the 3 way-intersection in front of Merizo Shell Gas Station.

Malojloj Reservoir - The tank is located off Highway 4 in Malojloj heading South after the Malojloj Residential Transfer Station.

Windward Hills - The tank is located off Camacho Street, Highway 4A in Talofoto heading South after Onward Talofoto Golf Club.

Kaiser - The tank is located off Marine Corps Drive in Dededo, heading North before Lucky Supplies.

Astumbo No.2 - The tank is located off Chalan Palauan street, Y-Sengsong Road in Dededo.

**How much will it cost?**

The Base Bid and Additive Bid No. 1 proposal submitted by AIC International, Inc. is \$4,208,197.00 and \$1,194,129.00, respectively. The total requested funding amount is \$5,942,559.00. The total requested amount includes a 10% contingency.

**When will it be completed?**

Site(s)	Completion / Substantial Completion
<ul style="list-style-type: none"> <li>• Santa Ana</li> <li>• Umatac Subdivision</li> <li>• Pigua Merizo</li> <li>• Malojloj</li> </ul>	NTP + 390 calendar days
Agat-Umatac	NTP + 180 calendar days
Astumbo No.2	NTP +270 calendar days
<ul style="list-style-type: none"> <li>• Windward Hills</li> <li>• Kaiser</li> </ul>	Inspection preparation only
Yigo No. 3 Major Repair (Additive Bid No.1)	To Be Determined at C/O Issuance

**What is the funding source?**

1. CIP PW 09-09: Water Reservoir Internal/External Corrosion Assessment Program
2. CIP PW 09-11: Water System Reservoirs 2005 Improvements

CONSOLIDATED COMMISSION ON UTILITIES  
Guam Power Authority | Guam Waterworks Authority  
P.O. Box 2977 Hagatna, Guam 96932 | (671)649-3002 | guamccu.org

**GWA RESOLUTION NO. 10-FY2020**

**RELATIVE TO APPROVAL OF THE CONSTRUCTION CONTRACT FOR THE TANK REPAIR AND BYPASS PROJECT**

**WHEREAS**, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities (“CCU”) has plenary authority over financial, contractual and policy matters relative to the Guam Waterworks Authority (“GWA”); and

**WHEREAS**, the Guam Waterworks Authority (“GWA”) is a Guam Public Corporation established and existing under the laws of Guam; and

**WHEREAS**, GWA currently has critical Court Order (“CO”) Projects that include the Santa Ana, Agat-Umatac, Umatac Subdivision, Pigua Merizo, Malojloj, Windwards Hills, Kaiser, Yigo and Astumbo No. 2 Tanks, as stated in Paragraph 29.b of the Order for Preliminary Relief Re: Deadlines for Outstanding Projects Under the Amended Stipulated Order; and

**WHEREAS**, GWA has advertised an Invitation for Bid (IFB-06-ENG-2019) soliciting bid proposals from experienced, responsible, and responsive bidders to construct tank bypass systems to allow for inspection and repair of the tanks; and

**WHEREAS**, under the Base Bid Work, the Santa Ana, Agat-Umatac, Umatac Subdivision, Pigua Merizo, Malojloj, Windward Hills, and Kaiser tank shall undergo inspection and minor repair work;

**WHEREAS**, should the tank inspections warrant the above tanks to undergo major repair as detailed in the Additive Bid Work, a change order shall be negotiated with the Contractor;

//

1           **WHEREAS**, under Base Bid Work, the Astumbo No. 2 tank shall undergo major repair  
2 which includes complete exterior and interior tank painting, new tank floor, weld repairs,  
3 cathodic protection, and miscellaneous repairs;

4  
5           **WHEREAS**, under Additive Bid No. 1, the Yigo No. 3 tank shall undergo major repair  
6 which includes complete exterior and interior tank painting, weld repairs, cathodic protection,  
7 and miscellaneous repairs;

8  
9           **WHEREAS**, IFB packages were picked up by 8 interested bidders, from which GWA  
10 received bid proposals from 2 of the 8 parties before the IFB submittal deadline (See Exhibit A –  
11 Abstracts of Bid); and

12  
13           **WHEREAS**, GWA engineering team analyzed all bid proposals received on November  
14 21, 2019 and determined AIC International, Inc. as being the lowest responsive and responsible  
15 bidder and met all the bid requirements set forth by GWA; and

16  
17           **WHEREAS**, GWA management finds that AIC International, Inc.’s Base Bid proposal  
18 of Four Million Two Hundred Eight Thousand One Hundred Ninety-Seven Dollars  
19 (\$4,208,197.00) to be acceptable (See Exhibit B – Bid Form).

20  
21           **WHEREAS**, GWA Management will assess any additional funding availability from the  
22 latest Capital Improvements Plan to ascertain if any or all the Additive bid items as part of this  
23 IFB can be awarded later through a change order or via a subsequent CCU approval as a means  
24 of maximizing system improvements efficiently; and

25  
26           **WHEREAS**, GWA Management is seeking approval to enter in contract for the Base Bid  
27 work with AIC International, Inc. (IFB-06-ENG-2019) in the amount of Four Million Two  
28 Hundred Eight Thousand One Hundred Ninety-Seven Dollars (\$4,208,197.00), along with a ten  
29 percent (10%) contingency of Four Hundred Twenty Thousand Eight Hundred Twenty Dollars  
30 (\$420,820.00), bringing the total Base Bid requested funding amount to Four Million Six  
31 Hundred Twenty Nine Thousand Seventeen Dollars (\$4,629,017.00); and

32 //

1           **WHEREAS**, GWA Management is seeking approval to include in such contract Additive  
2 Bid No. 1 – Yigo No. 3 Major Repair Work in the amount of One Million One Hundred Ninety-  
3 Four Thousand One Hundred Twenty-Nine Dollars (\$1,194,129.00) after entering into contract  
4 with AIC International, Inc., along with a ten percent (10%) contingency of One Hundred  
5 Nineteen Thousand Four Hundred Thirteen Dollars (\$119,413.00), bringing the total additive bid  
6 item funding amount to One Million Three Hundred Thirteen Thousand Five Hundred Forty-  
7 Two Dollars (\$1,313,542.00).

8  
9           **WHEREAS**, the funding source for the construction project will be from bond funds as  
10 detailed in the following CIP line items:

- 11           • CIP PW 09-09: Water Reservoir Internal/External Corrosion Assessment Program
- 12           • CIP PW 09-11: Water System Reservoirs 2005 Improvements

13  
14           **NOW, BE IT THEREFORE RESOLVED**, the Consolidated Commission on Utilities  
15 does hereby approve the following:

- 16           1. The recitals set forth above hereby constitute the findings of the CCU.
- 17           2. The CCU finds that the terms of the bid proposal submitted by AIC  
18 International, Inc. are fair and reasonable.
- 19           3. The CCU hereby authorizes the management of GWA to accept bid from AIC  
20 International, Inc. attached hereto as Exhibit B, and which is also incorporated  
21 into this Resolution in its entirety.
- 22           4. The CCU hereby authorizes the management of GWA to enter into a contract  
23 with AIC International, Inc. in the amount of Four Million Two Hundred  
24 Eight Thousand One Hundred Ninety-Seven Dollars (\$4,208,197.00) for base  
25 bid work plus the amount of One Million One Hundred Ninety-Four  
26 Thousand One Hundred Twenty-Nine Dollars (\$1,194,129.00) for additive bid  
27 item work.
- 28           5. The CCU hereby approves the funding total of Five Million Four Hundred  
29 Two Thousand Three Hundred Twenty Six Dollars (\$5,402,326.00), along  
30 with a ten percent (10%) contingency of Five Hundred Forty Thousand Two  
31

## **BID PRICE EVALUATION:**

- GWA's evaluation showed discrepancies in both the total base bid and additive bid prices. The total amount for the base bid and additive bid appears to be incorrect and does not correlate with the actual sum of bid prices upon review. Discrepancies were found on Table Mand N, total base bid and additive bid amounts. GWA obtained total amounts of **\$4,208,197.00** and **\$8,602,199.00**, but the Bid Form Revision 1 indicated total amounts of **\$4,208,215.00** and **\$8,602,200.00**, respectively. Please verify the correct subtotal and total amounts in each of the tables on the Bid Form Revision 1 and submit a letter to confirm the bid price with the correct corresponding values to GWA Engineering Division.

### **AIC Response:**

Please see attached corrected Bid Form. Note that the above discrepancies were due to the rounding of numbers.

**ARTICLE 1 – BID RECIPIENT**

1.01 This Bid is submitted to:

Guam Waterworks Authority  
 Miguel C. Bordallo, PE, General Manager  
 Gloria B. Nelson Public Service Building  
 688 Route 15, Mangilao, GU 96913

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

**ARTICLE 2 – BIDDER’S ACKNOWLEDGEMENTS**

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 60 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

**ARTICLE 3 – BIDDER’S REPRESENTATIONS**

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

<u>Addendum No.</u>	<u>Addendum Date</u>
<u>01</u>	<u>October 09, 2019</u>
<u>02</u>	<u>October 25, 2019</u>
<u>03</u>	<u>November 13, 2019</u>

- B. Bidder has visited the Sites, conducted a thorough, alert visual examination of the Sites and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
- C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.
- D. Bidder has carefully studied, considered, and correlated the information known to Bidder; information commonly known to sellers of similar goods doing business in the locality of the Point of Destination and the site where the Goods will be installed or where Special Services will be provided; information and observations obtained from Bidder’s visits, if any, to the Point of Destination and the site where the Goods will be installed or Special Services will be provided; and any reports and drawings identified in the Bidding Documents regarding the Point of Destination and the site where the Goods will be installed or where Special Services will be provided, with respect to the effect of such information, observations, and documents on the cost, progress, and performance of Seller's obligations under the Bidding Documents.

- E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Sites; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.
- F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.
- G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.
- H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.
- I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.
- J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

**ARTICLE 4 – BIDDER'S CERTIFICATION**

**4.01 Bidder certifies that:**

- A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;
- B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;
- C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and
- D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:
  - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;
  - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;
  - 3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

**ARTICLE 5 – BASIS OF BID**

- 5.01 Bidder will complete the Work in accordance with the Contract Documents for the following items and be measured and paid for at the contract unit prices as follows:

**Base Bid items No. 1 – No. 2: Overall Project Mobilization and Demobilization and Bypass Works**

Payment shall be made on a lump sum basis. Payment shall be full compensation for all costs and work required to mobilize to the site, demobilize from the site and provide bypass works including but not limited to, shipping, transportation, associated labor, bond fees, permitting and associated fees, transporting tools, equipment and supplies from site to site throughout the project area, and all related items to provide for mobilizing and demobilizing to complete the work under this contract.

**Base Bid items No. 3 – No. 10: Tank Repair**

Payment for each Bid item 3 through 10, inclusive, shall be made on a lump sum basis per Tank Bypass and Tank Repair bid item. Payment shall be fully compensated for all costs for work described in Section 001 11 00 "Summary", the bid schedule, the specifications, and drawings.

**Additive Bid items No. 1 – No. 8: Major Tank Repair**

Payment shall be made on a lump sum basis. Payment shall be full compensation for all costs and work required to complete all listed bid items to include but not limited to testing, disinfection procedures, commissioning and close-out.

TABLE C - BASE BID - MINOR TANK REPAIR WORK						
TANK BYPASS AND REPAIR BID SCHEDULE						
Item No.	Description	Quantity	Unit	Unit Cost	Amount	
3.00	Santa Ana Tank - 1.0 MG (Diameter = 66', Height = 41')					
3.01	Pressure wash interior tank wall (first 2 shell course) and complete tank floor, including removing and disposal of bottom sediment and debris	1	LS	\$ 24,184.00	\$ 24,184.00	
3.02	Complete pressure wash of tank exterior	1	LS	\$ 17,820.00	\$ 17,820.00	
3.03	Provide man-lift for GWA's API-653 inspector to inspect tank exterior	3	DAYS	\$ 1,455.00	\$ 4,365.00	
3.04	Provide movable scaffolding reaching up to the tank interior roof for GWA's inspector to completely inspect tank interior	1	LS	\$ 6,582.00	\$ 6,582.00	
3.05	Repair corrosion spots on tank interior floor, wall, roof, purlins, piping, and columns by abrasive grinding areas to remove corrosion and recoating	200	SF	\$ 128.00	\$ 25,600.00	
3.06	Repair corrosion spots on tank exterior wall, wind girders, roof knuckle, roof, roof platform, and platform by abrasive grinding areas to remove corrosion and recoating	200	SF	\$ 115.00	\$ 23,000.00	
3.07	Repair roof vent and flange connection, to include metal repair, abrasive grinding, coating, and screen replacement (316 stainless steel mesh)	1	EA	\$ 6,110.00	\$ 6,110.00	

**EXHIBIT B**

3.08	Repair roof access hatch, to include metal repair, abrasive grinding and coating	1	EA	\$	5,728.00	\$	5,728.00
3.09	Repair side access manway, to include metal repair, abrasive grinding, coating, and new gasket	2	EA	\$	5,728.00	\$	11,456.00
3.10	Exterior and interior weld repair, including preparation, welding, testing, and coating	100	LF	\$	319.00	\$	31,900.00
3.11	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$	26,729.00	\$	26,729.00
					<b>Subtotal:</b>	\$	183,474.00
4.00	Umatac Subdivision Tank - 0.5 MG (Diameter = 54', Height = 41')						
4.01	Pressure wash interior tank wall (first 2 shell course) and complete tank floor, including removing and disposal of bottom sediment and debris	1	LS	\$	17,820.00	\$	17,820.00
4.02	Complete pressure wash of tank exterior	1	LS	\$	14,001.00	\$	14,001.00
4.03	Provide man-lift for GWA's API-653 inspector to inspect tank exterior	3	DAYS	\$	1,455.00	\$	4,365.00
4.04	Provide movable scaffolding reaching up to the tank interior roof for GWA's inspector to completely inspect tank interior	1	LS	\$	6,582.00	\$	6,582.00
4.05	Repair corrosion spots on tank interior floor, wall, roof, purlins, piping, and columns by abrasive grinding areas to remove corrosion and recoating	200	SF	\$	128.00	\$	25,600.00

**EXHIBIT B**

4.06	Repair corrosion spots on tank exterior wall, wind girders, roof knuckle, roof, roof platform, and platform by abrasive grinding areas to remove corrosion and recoating	200	SF	\$	115.00	\$	23,000.00
4.07	Repair roof vent and flange connection, to include metal repair, abrasive grinding, coating, and screen replacement (316 stainless steel mesh)	1	EA	\$	6,110.00	\$	6,110.00
4.08	Repair roof access hatch, to include metal repair, abrasive grinding and coating	1	EA	\$	5,728.00	\$	5,728.00
4.09	Repair side access manway, to include metal repair, abrasive grinding, coating, and new gasket	2	EA	\$	5,728.00	\$	11,456.00
4.10	Exterior and interior weld repair, including preparation, welding, testing, and coating	100	LF	\$	319.00	\$	31,900.00
4.11	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$	23,547.00	\$	23,547.00
					<b>Subtotal:</b>	\$	170,109.00
5.00	Pigua Merizo Tank - 0.5 MG (Diameter = 54', Height = 41')						
5.01	Pressure wash interior tank wall (first 2 shell course) and complete tank floor, including removing and disposal of bottom sediment and debris	1	LS	\$	17,820.00	\$	17,820.00
5.02	Complete pressure wash of tank exterior	1	LS	\$	14,001.00	\$	14,001.00
5.03	Provide man-lift for GWA's API-653 inspector to inspect tank exterior	3	DAYS	\$	1,455.00	\$	4,365.00

EXHIBIT B

5.04	Provide movable scaffolding reaching up to the tank interior roof for GWA's inspector to completely inspect tank interior	1	LS	\$	6,582.00	\$	6,582.00
5.05	Repair corrosion spots on tank interior floor, wall, roof, purlins, piping, and columns by abrasive grinding areas to remove corrosion and recoating	200	SF	\$	128.00	\$	25,600.00
5.06	Repair corrosion spots on tank exterior wall, wind girders, roof knuckle, roof, roof platform, and platform by abrasive grinding areas to remove corrosion and recoating	200	SF	\$	115.00	\$	23,000.00
5.07	Repair roof vent and flange connection, to include metal repair, abrasive grinding, coating, and screen replacement (316 stainless steel mesh)	1	EA	\$	6,110.00	\$	6,110.00
5.08	Repair roof access hatch, to include metal repair, abrasive grinding and coating	1	EA	\$	5,728.00	\$	5,728.00
5.09	Repair side access manway, to include metal repair, abrasive grinding, coating, and new gasket	2	EA	\$	5,728.00	\$	11,456.00
5.10	Exterior and interior weld repair, including preparation, welding, testing, and coating	100	LF	\$	319.00	\$	31,900.00
5.11	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$	23,547.00	\$	23,547.00
						<b>Subtotal:</b>	\$ 170,109.00

**EXHIBIT B**

6.00	Malojloj - 1.0 MG (Diameter = 66', Height = 41')					
6.01	Pressure wash interior tank wall (first 2 shell course) and complete tank floor, including removing and disposal of bottom sediment and debris	1	LS	\$ 24,184.00	\$ 24,184.00	\$ 24,184.00
6.02	Complete pressure wash of tank exterior	1	LS	\$ 17,820.00	\$ 17,820.00	\$ 17,820.00
6.03	Provide man-lift for GWA's API-653 inspector to inspect tank exterior	3	DAYS	\$ 1,455.00	\$ 4,365.00	\$ 4,365.00
6.04	Provide movable scaffolding reaching up to the tank interior roof for GWA's inspector to completely inspect tank interior	1	LS	\$ 6,582.00	\$ 6,582.00	\$ 6,582.00
6.05	Repair corrosion spots on tank interior floor, wall, roof, purlins, piping, and columns by abrasive grinding areas to remove corrosion and recoating	200	SF	\$ 128.00	\$ 25,600.00	\$ 25,600.00
6.06	Repair corrosion spots on tank exterior wall, wind girders, roof knuckle, roof, roof platform, and platform by abrasive grinding areas to remove corrosion and recoating	200	SF	\$ 115.00	\$ 23,000.00	\$ 23,000.00
6.07	Repair roof vent and flange connection, to include metal repair, abrasive grinding, coating, and screen replacement (316 stainless steel mesh)	1	EA	\$ 6,110.00	\$ 6,110.00	\$ 6,110.00
6.08	Repair roof access hatch, to include metal repair, abrasive grinding and coating	1	EA	\$ 5,728.00	\$ 5,728.00	\$ 5,728.00
6.09	Repair side access manway, to include metal repair, abrasive grinding, coating, and new gasket	2	EA	\$ 5,728.00	\$ 11,456.00	\$ 11,456.00
6.10	Exterior and interior weld repair, including preparation, welding, testing, and coating	100	LF	\$ 319.00	\$ 31,900.00	\$ 31,900.00

**EXHIBIT B**

6.11	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$	26,729.00	\$	26,729.00
					<b>Subtotal:</b>	\$	183,474.00
7.00	Agat-Umatac - 0.2 MG (Diameter = 37', Height = 25')						
7.01	Pressure wash interior tank wall (first 2 shell course) and complete tank floor, including removing and disposal of bottom sediment and debris	1	LS	\$	7,764.00	\$	7,764.00
7.02	Complete pressure wash of tank exterior	1	LS	\$	6,046.00	\$	6,046.00
7.03	Provide man-lift for GWA's API-653 inspector to inspect tank exterior	2	DAYS	\$	2,183.00	\$	4,366.00
7.04	Provide movable scaffolding reaching up to the tank interior roof for GWA's inspector to completely inspect tank interior	1	LS	\$	6,582.00	\$	6,582.00
7.05	Repair corrosion spots on tank interior floor, wall, roof, purlins, piping, and columns by abrasive grinding areas to remove corrosion and recoating	100	SF	\$	128.00	\$	12,800.00
7.06	Repair corrosion spots on tank exterior wall, wind girders, roof knuckle, roof, roof platform, and platform by abrasive grinding areas to remove corrosion and recoating	200	SF	\$	115.00	\$	23,000.00
7.07	Repair roof vent and flange connection, to include metal repair, abrasive grinding, coating, and screen replacement (316 stainless steel mesh)	1	EA	\$	6,110.00	\$	6,110.00

EXHIBIT B

7.08	Repair roof access hatch, to include metal repair, abrasive grinding and coating	1	EA	\$	5,728.00	\$	5,728.00
7.09	Repair side access manway, to include metal repair, abrasive grinding, coating, and new gasket	2	EA	\$	5,473.00	\$	10,946.00
7.10	Exterior and interior weld repair, including preparation, welding, testing, and coating	100	LF	\$	319.00	\$	31,900.00
7.11	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$	15,910.00	\$	15,910.00
7.12	Install new fence with barb wire and vehicle gate around tank property	850	LF	\$	54.00	\$	45,900.00
						<b>Subtotal:</b>	<b>\$ 177,052.00</b>
8.00	Windward Hills - 1.0 MG (Diameter = 66', Height = 41')						
8.01	Pressure wash interior tank wall (first 2 shell course) and complete tank floor, including removing and disposal of bottom sediment and debris	1	LS	\$	24,184.00	\$	24,184.00
8.02	Complete pressure wash of tank exterior	1	LS	\$	17,820.00	\$	17,820.00
8.03	Provide man-lift for GWA's API-653 inspector to inspect tank exterior	3	DAYS	\$	1,455.00	\$	4,365.00
8.04	Provide movable scaffolding reaching up to the tank interior roof for GWA's inspector to completely inspect tank interior	1	LS	\$	6,582.00	\$	6,582.00

**EXHIBIT B**

8.05	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$ 26,729.00	\$ 26,729.00
				<b>Subtotal:</b>	\$ 79,680.00
9.00	Kaiser - 2.5 MG (Diameter = 103', Height = 41')				
9.01	Pressure wash interior tank wall (first 2 shell course) and complete tank floor, including removing and disposal of bottom sediment and debris	1	LS	\$ 45,822.00	\$ 45,822.00
9.02	Complete pressure wash of tank exterior	1	LS	\$ 30,548.00	\$ 30,548.00
9.03	Provide man-lift for GWA's API-653 inspector to inspect tank exterior	3	DAYS	\$ 1,455.00	\$ 4,365.00
9.04	Provide movable scaffolding reaching up to the tank interior roof for GWA's inspector to completely inspect tank interior	1	LS	\$ 6,582.00	\$ 6,582.00
9.05	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$ 42,640.00	\$ 42,640.00
				<b>Subtotal:</b>	\$ 129,957.00

EXHIBIT B

TABLE D - BASE BID - ASTUMBO NO. 2 MAJOR REPAIR WORK				
TANK BYPASS AND REPAIR BID SCHEDULE				
Item No.	Description	Quantity	Unit	Amount
10.00	Astumbo No. 1 Tank Repair - 2.0 MG (Diameter = 90', Height = 41')			
10.01	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$ 74,398.00
10.02	Install new double bottom tank floor, complete in place	113,200	LB	\$ 272,750.00
10.03	Install drip ring to new tank floor chimes	2,250	LB	\$ 14,478.00
10.04	Replace tank shell manway nozzle assemblies affected by new floor	2	EA	\$ 45,822.00
10.05	Complete exterior coating, including sandblasting, epoxy coating	20,000	SF	\$ 229,109.00
10.06	Complete interior coating, including sandblasting and epoxy coating	32,000	SF	\$ 330,935.00
10.07	Dehumidification equipment for coating	1	LS	\$ 101,826.00
10.08	Replace tank exterior fill gauge and interior float system assembly	1	LS	\$ 10,046.00
10.09	Remove existing grounding cables and install new grounding cables, including testing	1	LS	\$ 29,530.00
10.10	Install new tank cathodic protection system, including new conduits	1	LS	\$ 10,183.00

**EXHIBIT B**

10.11	Install new tank hatch cover	2	EA	\$	22,579.00
10.12	Install new tank vent and screen	1	EA	\$	22,708.00
10.13	Install new guardrail and roof platform	1	LS	\$	76,267.00
10.14	Install new interior tank ladder and fall arrest assembly	1	Ls	\$	40,902.00
10.15	Install new exterior tank ladder and cage assembly	1	LS	\$	57,140.00
10.16	Columns, walls, girder, roof, purlins, piping, and all other necessary steel repair as specified in the Contract documents	200	LB	\$	3,628.00
10.17	All other repair and appurtenant work as shown on plans and specifications	1	LS	\$	25,457.00
10.18	Provide 30 padlock and key set. Padlock shall be keyed to matched existing GWA locks.	1	LS	\$	8,609.00
			<b>Sub Total:</b>	\$	<b>1,376,367.00</b>

EXHIBIT B

TABLE E - ADDITIVE BID NO. 1 - YIGO NO. 3 MAJOR REPAIR WORK				
TANK BYPASS AND REPAIR BID SCHEDULE				
Item No.	Description	Quantity	Unit	Amount
1.00	Yigo No. 3 Tank Repair - 2.5 MG (Diameter = 103', Height = 41')			
1.01	Furnish all materials, labor, equipment, and appurtenances to pressure wash entire interior after repairs and disinfect the tank per AWWA C652. Disinfection must be monitored by an AWWA Certified Water Distribution Operator.	1	LS	\$ 48,471.00
1.02	Complete exterior coating, including sandblasting, epoxy coating	24,000	SF	\$ 296,613.00
1.03	Complete interior coating, including sandblasting and epoxy coating	36,000	SF	\$ 405,130.00
1.04	Dehumidification equipment for coating	1	LS	\$ 115,752.00
1.05	Replace tank exterior fill gauge and interior float system assembly	1	LS	\$ 4,029.00
1.06	Remove existing grounding cables and install new grounding cables, including testing	1	LS	\$ 33,279.00
1.07	Install new tank cathodic protection system, including new conduits	1	LS	\$ 11,575.00
1.08	Install new tank hatch cover	1	EA	\$ 25,667.00
1.09	Install new tank vent and screen	1	EA	\$ 25,814.00
1.10	Install new guardrail and roof platform	1	LS	\$ 89,274.00

**EXHIBIT B**

1.11	Install new interior tank ladder and fall arrest assembly	1	LS	\$	45,015.00
1.12	Install new exterior tank ladder and cage assembly	1	LS	\$	66,315.00
1.13	Columns, walls, girder, roof, purlins, piping, and all other necessary steel repair as specified in the Contract documents	200	LB	\$	651.00
1.14	All other repair and appurtenant work as shown on plans and specifications	1	LS	\$	15,192.00
1.15	Install connection from the site inlet to the existing incoming Santa Rosa line	1	LS	\$	11,352.00
			<b>Sub Total:</b>	\$	<b>1,194,129.00</b>

**TABLE F - ADDITIVE BID NO. 2 - SANTA ANA TANK MAJOR REPAIR  
TANK BYPASS AND REPAIR BID SCHEDULE**

Major repair work shall be determined after GWA's Inspector has performed a full API-653 inspection. After the API-653 inspection has been completed, GWA shall determine which Additive Bid Items should be included in the Contract through a Change Order. If GWA determines that the tank requires major repair, GWA shall have the right to issue a deductive Change Order for the minor repair work items listed in Table C.

Item No.	Description	Quantity	Unit	Amount
2.00	Santa Ana Tank - 1.0 MG (Diameter = 66', Height = 41')			
2.01	Install new double bottom tank floor, complete in place	56,650	LB	\$ 262,891.00
2.02	Install drip ring to new tank floor chimes	1,600	LB	\$ 4,051.00
2.03	Replace tank shell manway nozzle assemblies affected by new floor	1	EA	\$ 27,132.00
2.04	Complete exterior coating, including sandblasting, epoxy coating	14,000	SF	\$ 180,862.00
2.05	Complete interior coating, including sandblasting and epoxy coating	19,000	SF	\$ 224,269.00
2.06	Dehumidification equipment for coating	1	LS	\$ 65,110.00
2.07	Replace tank exterior fill gauge and interior float system assembly	1	LS	\$ 4,029.00
2.08	Remove existing grounding cables and install new grounding cables, including testing	1	LS	\$ 33,279.00

**EXHIBIT B**

2.09	Install new tank cathodic protection system, including new conduits	1	LS	\$	11,575.00
2.10	Install new tank hatch cover	1	EA	\$	25,667.00
2.11	Install new tank vent and screen	1	EA	\$	25,814.00
2.12	Install new guardrail and roof platform	1	LS	\$	68,659.00
2.13	Install new interior tank ladder and fall arrest assembly	1	LS	\$	46,462.00
2.14	Install new exterior tank ladder and cage assembly	1	LS	\$	64,868.00
2.15	Install anchor bolts and chair assemblies	35	EA	\$	37,981.00
2.16	Center column and base repair	1	EA	\$	15,916.00
			<b>Sub Total:</b>	\$	<b>1,098,565.00</b>

**TABLE G - ADDITIVE BID NO. 3 - UMATAC SUBDIVISION TANK MAJOR REPAIR  
TANK BYPASS AND REPAIR BID SCHEDULE**

Major repair work shall be determined after GWA's Inspector has performed a full API-653 inspection. After the API-653 inspection has been completed, GWA shall determine which Additive Bid Items should be included in the Contract through a Change Order. If GWA determines that the tank requires major repair, GWA shall have the right to issue a deductive Change Order for the minor repair work items listed in Table C.

Item No.	Description	Quantity	Unit	Amount
3.00	Umatac Subdivision Tank - 0.5 MG (Diameter = 54', Height = 41')			
3.01	Install new double bottom tank floor, complete in place	30,500	LB	\$ 158,005.00
3.02	Install drip ring to new tank floor chimes	1,200	LB	\$ 3,038.00
3.03	Replace tank shell manway nozzle assemblies affected by new floor	1	EA	\$ 27,132.00
3.04	Complete exterior coating, including sandblasting, epoxy coating	11,000	SF	\$ 144,689.00
3.05	Complete interior coating, including sandblasting and epoxy coating	14,000	SF	\$ 173,627.00
3.06	Dehumidification equipment for coating	1	LS	\$ 57,876.00
3.07	Replace tank exterior fill gauge and interior float system assembly	1	LS	\$ 4,029.00
3.08	Remove existing grounding cables and install new grounding cables, including testing	1	LS	\$ 33,279.00

**EXHIBIT B**

3.09	Install new tank cathodic protection system, including new conduits	1	LS	\$	11,575.00
3.10	Install new tank hatch cover	1	EA	\$	25,667.00
3.11	Install new tank vent and screen	1	EA	\$	25,814.00
3.12	Install new guardrail and roof platform	1	LS	\$	58,771.00
3.13	Install new interior tank ladder and fall arrest assembly	1	LS	\$	46,461.00
3.14	Install new exterior tank ladder and cage assembly	1	LS	\$	64,868.00
3.15	Install anchor bolts and chair assemblies	25	EA	\$	27,129.00
3.16	Center column and base repair	1	EA	\$	15,916.00
			<b>Sub Total:</b>	\$	<b>877,876.00</b>

**TABLE H - ADDITIVE BID NO. 4 - PIGUA MERIZO TANK MAJOR REPAIR  
TANK BYPASS AND REPAIR BID SCHEDULE**

Major repair work shall be determined after GWA's Inspector has performed a full API-653 inspection. After the API-653 inspection has been completed, GWA shall determine which Additive Bid Items should be included in the Contract through a Change Order. If GWA determines that the tank requires major repair, GWA shall have the right to issue a deductive Change Order for the minor repair work items listed in Table C.

Item No.	Description	Quantity	Unit	Amount
4.00	Pigua Merizo Tank - 0.5 MG (Diameter = 54', Height = 41')			
4.01	Install new double bottom tank floor, complete in place	30,500	LB	\$ 158,005.00
4.02	Install drip ring to new tank floor chimes	1,200	LB	\$ 3,038.00
4.03	Replace tank shell manway nozzle assemblies affected by new floor	1	EA	\$ 27,132.00
4.04	Complete exterior coating, including sandblasting, epoxy coating	11,000	SF	\$ 144,689.00
4.05	Complete interior coating, including sandblasting and epoxy coating	14,000	SF	\$ 173,627.00
4.06	Dehumidification equipment for coating	1	LS	\$ 57,876.00
4.07	Replace tank exterior fill gauge and interior float system assembly	1	LS	\$ 4,029.00
4.08	Remove existing grounding cables and install new grounding cables, including testing	1	LS	\$ 33,279.00

**EXHIBIT B**

4.09	Install new tank cathodic protection system, including new conduits	1	LS	\$	11,575.00
4.10	Install new tank hatch cover	1	EA	\$	25,667.00

**TABLE I - ADDITIVE BID NO. 5 - MALOJLOJ TANK MAJOR REPAIR  
TANK BYPASS AND REPAIR BID SCHEDULE**

Major repair work shall be determined after GWA's Inspector has performed a full API-653 inspection. After the API-653 inspection has been completed, GWA shall determine which Additive Bid Items should be included in the Contract through a Change Order. If GWA determines that the tank requires major repair, GWA shall have the right to issue a deductive Change Order for the minor repair work items listed in Table C.

Item No.	Description	Quantity	Unit	Amount
5.00	Malojloj - 1.0 MG (Diameter = 66', Height = 41')			
5.01	Install new double bottom tank floor, complete in place	57,650	LB	\$ 262,891.00
5.02	Install drip ring to new tank floor chimes	1,600	LB	\$ 4,051.00
5.03	Replace tank shell manway nozzle assemblies affected by new floor	1	EA	\$ 27,132.00
5.04	Complete exterior coating, including sandblasting, epoxy coating	14,000	SF	\$ 180,862.00
5.05	Complete interior coating, including sandblasting and epoxy coating	19,000	SF	\$ 224,269.00
5.06	Dehumidification equipment for coating	1	LS	\$ 65,110.00
5.07	Replace tank exterior fill gauge and interior float system assemble	1	LS	\$ 4,029.00
5.08	Remove existing grounding cables and install new grounding cables, including testing	1	LS	\$ 33,279.00

**EXHIBIT B**

5.09	Install new tank cathodic protection system, including new conduits	1	LS	\$	11,575.00
5.10	Install new tank hatch cover	1	EA	\$	25,667.00
5.11	Install new tank vent and screen	1	EA	\$	25,813.00

EXHIBIT B

**Base Bid Price Total of All Items**

In words: FOUR MILLION TWO HUNDRED EIGHT THOUSAND ONE HUNDRED NINETY SEVEN DOLLARS ONLY

---

**Additive Price Total of All Items**

In words: EIGHT MILLION SIX HUNDRED TWO THOUSAND ONE HUNDRED NINETY NINE DOLLARS ONLY

---

*If the Total Base Bid is within the amount of funds available, then the award will be made to the responsive and responsible bidder submitting the lowest Bid Price Total of All Base Bid Items. In the event the lowest responsive and responsible Bid exceeds the available budget, GWA may reject individual Base Bid Items 1-10 until the revised Total Base Bid Amount fits within the available budget. If additional funding is obtained after the contract is executed, any or all deleted Bid items may be restored via Change Order.*

- A) Where lump sum prices are in the bidding schedule, they shall include all labor, materials and equipment necessary to produce a complete and finished job.
- B) When no specific item is listed in the bidding schedule for work required, the cost of such work shall be included in the price bid for the item which most appropriately covers the work.

**ARTICLE 6 – TIME OF COMPLETION**

- 6.01 Bidder agrees that the Work will be substantially complete and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions on or before the dates or within the number of calendar days indicated in the Agreement.
- 6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

**ARTICLE 7 – ATTACHMENTS TO THIS BID**

- 7.01 The following documents are submitted with and made a condition of this Bid:
  - A. Required Bid security;
  - B. List of Proposed Subcontractors;
  - C. List of Proposed Suppliers;
  - D. List of Project References;
  - E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;
  - F. Contractor's License No.: 1572
  - G. Required Bidder Qualification Statement with supporting data; and
  - H. Certificates, Affidavits and Forms listed in Section 00 90 00 as required by Laws and Regulations.

**ARTICLE 8 – DEFINED TERMS**

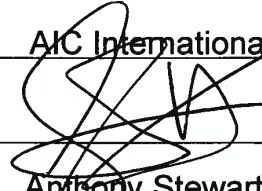

- 8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

**ARTICLE 9 – BID SUBMITTAL**

**Issues for Decision**

**Resolution No. 11-FY2020**

Relative to Approval of the Construction Contract for the Pressure Zone Realignment Construction Phase 1 Project

**What is the project’s objective and is it necessary and urgent?**

The project is spread across seven (7) different sites in the Base Bid – Carnation PRV(s), Okkodo PRV, Ysengsong PRV, Clara PRV, Kaiser PRV(s), Yigo Reservoir, and Astumbo Reservoir

1. Carnation - The existing Carnation pressure reducing valve (PRV) will be replaced with a new PRV, and a new Marbo PRV will also be constructed. The work will also include the construction of a new control building and line upgrades in the surrounding service area. The work is listed in the Base Bid.
2. Okkodo - The work will include the construction of a new Okkodo PRV to replace the existing PRV, a new meter in vault, and new control pedestal. The work is listed in the Base Bid.
3. Ysengsong - The work will include the construction of a new Ysengsong PRV and line upgrades in the surrounding service area. The work is listed in the Base Bid.
4. Clara - The work will consist of constructing a new Clara PRV and line upgrades. The work is listed in the Base Bid.
5. Kaiser - The work will consist of constructing a new Kaiser Bypass PRV, Kaiser PRV, new inlet and outlet meter vaults for Kaiser reservoir, a new control building, and line upgrades. The work is listed in the Base Bid.
6. Yigo Reservoir - The work will consist of implementing the SCADA system for existing instrumentation. The work is listed in the Base Bid.
7. Astumbo Reservoir - The work will consist of implementing the SCADA system for existing instrumentation. The work is listed in the Base Bid.

This project is necessary in order for GWA to provide the appropriate pressures within the various service areas within its water distribution system. The work is also urgent, being critical to reducing background leaks through pressure control as a means to reduce GWA’s non-revenue water, and accomplishes Level-of-Service (LOS) goals as defined in the GWA Water Resource Master Plan.

**Where is the project located?**

- Carnation and Marbo work will be located near the Route 15 and Carnation Ave. intersection
- Okkodo work will be located along Route 3, up the road from Okkodo High School.
- Ysengsong work will take place at the intersection of Ysengsong Rd., Chalan Balako, and Chalan Koda.
- Clara site work will be constructed along Ysengsong Rd., in front of GWA well D-11.
- Kaiser PRV work will take place in front of GWA's Kaiser reservoir and at the intersection of Access Rd. and Route 1.
- Yigo and Astumbo reservoir work will take place at the GWA reservoirs for which the sites are named.

**How much will it cost?**

The bid proposal submitted by Sumitomo Mitsui Construction Co. LTD. is \$4,120,000.00. With a 10% contingency of \$412,000.00, the total project funding amount will be \$4,532,000.00.

**When will it be completed?**

For all sites - Base Bid Substantial Completion: The Contractor shall begin work upon issuance of the Notice to Proceed (NTP) and base bid work shall be substantially complete as specified no later than 305 calendar days from NTP. Final Completion shall be no later than 60 calendar days following substantial completion.

**What is the funding source?**

1. CIP PW 12-01: Water Audit Program
2. CIP PW 05-16: Master Metering Program
3. Grant (USEPA)

CONSOLIDATED COMMISSION ON UTILITIES  
Guam Power Authority | Guam Waterworks Authority  
P.O. Box 2977 Hagatna, Guam 96932 | (671)649-3002 | guamccu.org

**GWA RESOLUTION NO. 11-FY2020**

**RELATIVE TO APPROVAL OF THE CONSTRUCTION CONTRACT FOR THE  
PRESSURE ZONE REALIGNMENT CONSTRUCTION PHASE 1 PROJECT**

**WHEREAS**, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities (“CCU”) has plenary authority over financial, contractual and policy matters relative to the Guam Waterworks Authority (“GWA”); and

**WHEREAS**, the Guam Waterworks Authority (“GWA”) is a Guam Public Corporation established and existing under the laws of Guam; and

**WHEREAS**, GWA currently has a number of critical projects as part of GWA’s Capital Improvement Plan, including the installation (i.e. repair, rehabilitation, replacement, relocation, or development) of pressure regulating or sustaining valves and their appurtenances, as stated in GWA’s Water Resources Master Plan (Master Plan); and

**WHEREAS**, the completion of these improvements will contribute to GWA’s efforts to control and reduce water losses through the improvement in service area pressures, thereby reducing background leaks by providing appropriate system pressures; and

**WHEREAS**, in accordance with the Master Plan, GWA intends to execute a construction project to address the following:

1. The construction of the new control building and new Carnation PRVs to replace the existing PRVs; and
2. The construction of the new Marbo PRV; and
3. The construction of the new control pedestal and new Okkodo PRV to replace the existing PRV; and
4. The construction of the new Ysengsong PRV; and

- 1           5. The construction of the new Clara PRV; and
- 2           6. The construction of the new Kaiser Bypass PRV and new control building, and
- 3           installation of new inlet and outlet meters for Kaiser Reservoir; and
- 4           7. The construction of the new Kaiser PRV; and

5  
6           **WHEREAS**, GWA has advertised an Invitation for Bid (IFB-07-ENG-2019) soliciting bid  
7 proposals from experienced, responsible, and responsive bidders to rehabilitate existing and/or  
8 construct new pressure reducing valves (PRV), vaults, control buildings, install SCADA  
9 connections, and off-site work at seven (7) sites in the Base Bid and to construct the two (2)  
10 additional PRV sites in the Additive Bid; and

11  
12           **WHEREAS**, the Base Bid work consists of the Contractor furnishing all labor, tools,  
13 equipment and materials necessary to complete the construction of the Pressure Zone Realignment  
14 Phase I work to include, but not be limited to earthwork, pipework, roadway repair, PRVs, concrete  
15 work, electrical work, fences and gates, SCADA, testing and start-up under the provisions of the  
16 bid documents and in accordance with applicable GWA standards; and

17  
18           **WHEREAS**, IFB packages were picked up by seven (7) interested parties, from which  
19 GWA received bid proposals from two (2) of the seven (7) parties before the bid proposal deadline  
20 (See Exhibit A – Abstract of Bids); and

21  
22           **WHEREAS**, GWA engineering team analyzed all bid proposals received on November  
23 22, 2019 and determined Sumitomo Mitsui Construction Co., LTD. as being the lowest responsive  
24 and responsible bidder and met all the bid requirements set forth by GWA; and

25  
26           **WHEREAS**, GWA Management finds that Sumitomo Mitsui Construction Co., LTD.'s  
27 Base Bid proposal of Four Million One Hundred Twenty Thousand Dollars (\$4,120,000.00) to be  
28 acceptable (See Exhibit B – Bid Form); and

29  
30           **WHEREAS**, GWA Management will assess any additional funding availability from the  
31 latest Capital Improvements Plan to ascertain if any or all the Additive bid items as part of this  
32

1 IFB can be awarded later through a change order or via a subsequent CCU approval as a means of  
2 maximizing system improvements efficiently; and

3  
4 **WHEREAS**, GWA Management is seeking approval to enter into contract for the Base  
5 Bid work with Sumitomo Mitsui Construction Co., LTD (IFB-07-ENG-2019) in the amount of  
6 Four Million One Hundred Twenty Thousand Dollars (\$4,120,000.00), along with a ten percent  
7 (10%) contingency of Four Hundred Twelve Thousand Dollars (\$412,000.00), bringing the total  
8 requested funding amount to Four Million Five Hundred Thirty-Two Thousand Dollars  
9 (\$4,532,000.00); and

10  
11 **WHEREAS**, the funding sourced for the construction project will be from bond and grant  
12 funds as detailed in the following CIP line items:

- 13 • CIP PW 12-01: Water Audit Program
- 14 • CIP PW 05-16: Master Metering Program
- 15 • Grant (USEPA)

16  
17 **NOW BE IT THEREFORE RESOLVED**, the Consolidated Commission on Utilities  
18 does hereby approve and authorize the following:

- 19 1. The recitals set forth above hereby constitute the findings of the CCU.
- 20 2. The CCU finds that the terms of the bid proposal submitted by Sumitomo Mitsui  
21 Construction Co., LTD. are fair and reasonable.
- 22 3. The CCU hereby authorizes the management of GWA to accept the bid from  
23 Sumitomo Mitsui Construction Co., LTD. attached hereto as Exhibit B, and  
24 which is also incorporated into this Resolution in its entirety.
- 25 4. The CCU hereby authorizes the management of GWA to enter into a contract  
26 with Sumitomo Mitsui Construction Co., LTD. in the amount of Four Million  
27 One Hundred Twenty Thousand Dollars (\$4,120,000.00).
- 28 5. The CCU hereby approves the funding total of Four Million One Hundred  
29 Twenty Thousand Dollars (\$4,120,000.00), along with a ten percent (10%)  
30 contingency of Four Hundred Twelve Thousand Dollars (\$412,000.00),  
31 bringing the total authorized funding amount to Four Million Five Hundred  
32 Thirty-Two Thousand Dollars (\$4,532,000.00).

**BID FORM**

**ARTICLE 1 - BID RECIPIENT**

1.01 This Bid is submitted to:

**Guam Waterworks Authority**  
**Gloria B. Nelson Public Service Building**  
**688 Route 15, Mangilao, Guam 96913**

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into a Contract with Buyer in the form included in the Bidding Documents to furnish the Goods and Special Services as specified or indicated in the Bidding Documents, for the prices and within the times indicated in this Bid, and in accordance with the other terms and conditions of the Bidding Documents.

**ARTICLE 2 - BIDDER'S ACKNOWLEDGMENTS**

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 60 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Buyer.

**ARTICLE 3 - BIDDER'S REPRESENTATIONS**

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, the related data identified in the Bidding Documents, and the following Addenda, receipt of which is hereby acknowledged:

Addendum No.	Addendum Date
ADDENDUM NO. 01	OCTOBER 25, 2019
ADDENDUM NO. 02	NOVEMBER 8, 2019
ADDENDUM NO. 03	NOVEMBER 12, 2019
ADDENDUM NO. 04	NOVEMBER 15, 2019

B. Bidder has visited the Point of Destination and site where the Goods are to be installed or Special Services will be provided and become familiar with and is satisfied as to the observable local conditions that may affect cost, progress, or the furnishing of Goods and Special Services, if required to do so by the Bidding Documents, or if, in Bidder's judgment, any local condition may affect cost, progress, or the furnishing of Goods and Special Services.

C. Bidder is familiar with and is satisfied as to all Laws and Regulations in effect as of the date of the Bid that may affect cost, progress, and the furnishing of Goods and Special Services.

- D. Bidder has carefully studied, considered, and correlated the information known to Bidder; information commonly known to sellers of similar goods doing business in the locality of the Point of Destination and the site where the Goods will be installed or where Special Services will be provided; information and observations obtained from Bidder's visits, if any, to the Point of Destination and the site where the Goods will be installed or where Special Services will be provided; and any reports and drawings identified in the Bidding Documents regarding the Point of Destination and the site where the Goods will be installed or where Special Services will be provided, with respect to the effect of such information, observations, and documents on the cost, progress, and performance of Seller's obligations under the Bidding Documents.
- E. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, and discrepancies that Bidder has discovered in the Bidding Documents, and the written resolution (if any) thereof by Engineer is acceptable to Bidder.
- F. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for furnishing the Goods and Special Services for which this Bid is submitted.

**ARTICLE 4 - BIDDER'S CERTIFICATIONS**

4.01 Bidder certifies that:

- A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;
- B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;
- C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and
- D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:
  - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;
  - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Buyer, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Buyer of the benefits of free and open competition;
  - 3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Buyer, a purpose of which is to establish bid prices at artificial, non-competitive levels; and
  - 4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process.

EXHIBIT B

**ARTICLE 5 - BASIS OF BID**

5.01 Bidder will furnish the Goods and Special Services in accordance with the Contract Documents for the following price(s):

**GUAM WATERWORKS AUTHORITY**  
**PRESSURE ZONE REALIGNMENT CONSTRUCTION PHASE 1**  
**GWA Project No. W18-001-BND**

**BID SCHEDULE**

Interested Bidders must complete Table A. All blanks in the tables must be filled out.

Definitions:

LS = lump sum

<b>Table A Base Bid and Additive Bid Total</b>				\$ 5,082,000.00

**TOTAL BASE BID PRICE FOR THE BID SCHEDULE**

For the lump sum of  
\$ 4,120,000.00

\_\_\_\_\_  
(Price in Figures)

FOUR MILLION, ONE HUNDRED TWENTY THOUSAND DOLLARS ONLY

\_\_\_\_\_  
(Price in Words)

This Contract will be awarded to the lowest responsive and responsible bidder based on the total Base Bid Schedule. Determination of the lowest responsive and responsible bidder will be in accordance with the provisions of the Bid Documents.

Bidder acknowledges that estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids, and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents. Bidder also acknowledges that each unit price includes an amount considered by Bidder to be adequate to cover Bidder's overhead and profit for each separately identified item.

**ARTICLE 6 - TIME OF COMPLETION**

- 6.01 Bidder agrees that the furnishing of Goods and Special Services will conform to the schedule set forth in Article 5 of the Agreement.
- 6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

**ARTICLE 7 - ATTACHMENTS TO THIS BID**

- 7.01 The following documents are attached to and made a condition of this Bid:
  - A. Required Bid security in the form of BID BOND.
  - B. List of Proposed Major Suppliers;
  - C. Required Bidder Qualification Statement with Supporting Data; and

**ARTICLE 8 - DEFINED TERMS**

- 8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

**ARTICLE 9 - BID SUBMITTAL**

- 9.01 This Bid submitted by:

### **Issues for Decision**

#### **Resolution No. 12-FY2020**

Relative to Approval of Change Oder No. 1 for the Pressure Zone Realignment and Tank Repair/Replacement Design Project

#### **What is the project’s objective and is it necessary and urgent?**

The objective of this change order is to develop a water loss control program based on the island-wide implementation of the District Metered Area (DMA). The design services will include the development of a plan to implement Phase 3 of the DMA island-wide and the construction documents to execute four tested sites that resulted from the DMA conversion reports prepared during Phase 1 and 2. The pressure zone realignment and district metered areas work are complementary.

The following are part of this proposed change order:

1. Task 1: Review of Existing Plans and Models
2. Task 2: Identification of Potential DMAs
3. Task 3: Customer Identification per DMA
4. Task 4: Identification of DMA Infrastructure Requirements
5. Task 5: Prioritization of Proposed DMAs
6. Task 6: Develop DMA Implementation Plan
7. Task 7: Develop Draft Scopes for Implementation Project Contracting Elements

This project is necessary for GWA to improve it control of water losses by establishing proper pressure zones, zone metering, and a comprehensive water loss control program plan to guide GWA towards a properly functioning water system.

#### **Where is the location?**

Island-wide

#### **How much will it cost?**

The cost for the change order is \$373,670.00.

#### **When will it be completed?**

This phase of work will be completed within 6 months of Change Order No. 1 approval; however, the date may be adjusted depending on field investigations for the zoning.

#### **What is the funding source?**

- PW 09-04: Pressure Zone Realignment/ Development 2005 Improvements
- PW 09-10: Water Reservoir Internal/External Corrosion Rehabilitation Program
- PW 09-11: Water System Reservoir 2005 Improvements
- PW 12-01: Water Audit Program and Water Loss Control Plan

**WHEREAS**, GWA management is requesting authorization to increase the funding amount for the GHD contract by Ninety Thousand Seven Hundred Seventy Six Dollars and Ninety Cents (\$90,776.90) plus an additional Two Hundred Fifty Four Thousand Dollars (\$254,000.00) to replenish the original contract’s contingency, bringing the total authorized funding to Three Million One Hundred Thirty-Eight Thousand Seven Hundred Sixty-Seven Dollars (\$3,138,767.00); and

**WHEREAS**, the funding source for the construction project will be from bond funds as detailed in the following CIP line items:

- PW 09-04: Pressure Zone Realignment/ Development 2005 Improvements
- PW 09-10: Water Reservoir Internal/External Corrosion Rehabilitation Program
- PW 09-11: Water System Reservoir 2005 Improvements
- PW 12-01: Water Audit Program and Water Loss Control Plan

**NOW BE IT THEREFORE RESOLVED**, the Consolidated Commission on Utilities does hereby approve and authorize the following:

1. The recitals set forth above hereby constitute the findings of the CCU.
2. The CCU finds that the terms of the fee proposal submitted by GHD are fair and reasonable.
3. The CCU hereby authorizes the management of GWA to accept the fee proposal of Three Hundred Seventy-Three Thousand Six Hundred Seventy Dollars (\$373,670.00) from GHD, attached hereto as Exhibit B, and execute a Change Order.
4. The CCU hereby approves the total funding amount to Three Million One Hundred Thirty-Eight Thousand Seven Hundred Sixty-Seven Dollars (\$3,138,767.00).
5. The CCU approves the funding sources from the following bond funds:
  - PW 09-04: Pressure Zone Realignment/ Development 2005 Improvements
  - PW 09-10: Water Reservoir Internal/External Corrosion Rehabilitation Program

CONSOLIDATED COMMISSION ON UTILITIES  
Guam Power Authority | Guam Waterworks Authority  
P.O. Box 2977 Hagatna, Guam 96932 | (671)649-3002 | guamccu.org

**GWA RESOLUTION NO. 36-FY2018**

**RELATIVE TO APPROVAL OF THE DESIGN SERVICES FOR THE PRESSURE ZONE REALIGNMENT AND TANK REPAIR/REPLACEMENT CONTRACT**

**WHEREAS**, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities (“CCU”) has plenary authority over financial, contractual and policy matters relative to the Guam Waterworks Authority (“GWA”); and

**WHEREAS**, the Guam Waterworks Authority (“GWA”) is a Guam Public Corporation established and existing under the laws of Guam; and

**WHEREAS**, GWA is working on critical reservoir projects under the 2011 Court Order (“CO”) Paragraph 29 – Storage Tank/Reservoir Repair, Replacement, and Relocation Program; and

**WHEREAS**, GWA’s PMO Brown and Caldwell has developed a pressure zone realignment plan as part of the Water Resource Master Plan (2017 Draft WRMP); and

**WHEREAS**, engineering and design services are required to integrate the improvements needed for realigning pressure zones within the distribution system, and the on-going 2011 CO storage tank/reservoir program; and

**WHEREAS**, GWA has advertised the Request for Proposals (RFP-03-ENG-2018) soliciting statement of qualifications from experienced and qualified engineering firms to provide tank repair/replacement/modification design, pressure zone realignment and zone metering design, and limited construction management services for the implementation of the pressure zone realignment construction; and

EXHIBIT A

1           **WHEREAS**, RFP packages were picked up by twenty (20) interested parties, from which  
2 GWA received proposal submittals from five (5) firms before the RFP submittal deadline; and

3  
4           **WHEREAS**, the GWA A-E Selection committee reviewed and evaluated the five (5)  
5 proposals (See Exhibit A – Score Summary) and generated a short list of the top 3 firms with a  
6 recommendation to award a contract to the firm GHD (See Exhibit B – GM’s Determination);  
7 and

8  
9           **WHEREAS**, GWA and GHD negotiated the price and scope of work for tank  
10 repair/replacement/modification design, the pressure zone realignment design (22 pressure  
11 zones), including zone metering, as recommended by the 2017 Draft WRMP, limited  
12 construction management services (estimated time & materials budget) for the implementation of  
13 the pressure zone realignment construction and an AWWA water audit, including three trial  
14 district metering areas (See Exhibit C – Scope of Work and Fee); and

15  
16           **WHEREAS**, GWA management seeks approval of the estimated fee proposal amount of  
17 Two Million Five Hundred Thirty-Nine Thousand Nine Hundred Ninety-One Dollars  
18 (\$2,539,991.00), along with a ten percent (10%) contingency of Two Hundred Fifty-Three  
19 Thousand Nine Hundred Ninety-Nine Dollars and Ten Cents (\$253,999.10), to bring the total  
20 authorized funding amount to a maximum of Two Million Seven Hundred Ninety-Three  
21 Thousand Nine Hundred Ninety Dollars and Ten Cents (\$2,793,990.10); and

22  
23           **WHEREAS**, funding for this project will be from the Bond Funds under the line items  
24 PW 09-04 Pressure Zone Realignment/Development 2005 Improvements, PW 09-10 Water  
25 Reservoir Internal/External Corrosion Rehabilitation Program, PW 09-11 Water System  
26 Reservoirs 2005 Improvements, and PW 12-01 Water Audit Program and Water Loss Control  
27 Plan; and

28           **NOW BE IT THEREFORE RESOLVED**, the Consolidated Commission on Utilities  
29 does hereby approve the following:

- 30  
31           1. The recitals set forth above hereby constitute the findings of the CCU.  
32

## Exhibit B

December 24, 2019

Mauryn McDonald, PE  
 Chief Engineer  
 Guam Waterworks Authority  
 Gloria B. Nelson Public Service Building  
 688 Route 15  
 Mangilao, Guam 96913

Attention: Garrett Yeoh

**RE: Change Proposal 02 for Design Services for GWA's Pressure Zone Realignment and Tank Repair/Replacement, GWA Project W18-001-BND  
 Water Loss Control Program Development**

Dear Ms. McDonald:

GHD is pleased to submit this change proposal to amend our Scope of Work and Fee for the Pressure Zone Realignment and Tank Repair/Replacement (Pressure Zone Realignment) project. This scope of work defines the additional design services GHD and our subconsultant, Water Systems Optimization, Inc. (WSO), will provide for Phase 3 of the Water Loss Control Program. More specifically, the design services will include the development of a plan to implement District Metered Areas (DMA) island-wide and the construction documents to execute four sites that resulted from the DMA Conversion report prepared by WSO and delivered to GWA November 2019. The original project scope will be amended on a lump sum basis per the fees in the table below.

### **SCOPE OF WORK**

The first step will be the Phase 3 Water Loss Control Program Development to be prepared by WSO. The detailed scope of work, dated October 2019, is attached. The plan will include identification of DMA infrastructure requirements to implement the DMAs in Task 4 of the attached scope of work. GHD will provide project oversight and coordination between the original Pressure Zone Realignment scope of work. Efforts will be coordinated with the design and construction documents of the Pressure Zone Realignment in the determination of DMAs. GHD will review the infrastructure requirements identified under Task 4 of the WSO scope of work for suitability with GWA's water system and the climate on Guam.

Secondly, GHD will prepare construction documents to execute the infrastructure requirements to convert four temporary DMAs under Phase 2 of the WSO original scope to permanent DMAs. The design will follow the recommendations in the report "DMA Conversion – Recommendations for Conversion of the

## Exhibit B

Temporary DMAs to Permanent DMAs.” The four DMAs are Asan-Piti, Mataguac, Nimitz Estates, and Windward-Talafofo. These recommendations included battery-powered flow meters, data loggers and M2M data transmission that do not communicate with GWA’s SCADA system. No electrical or SCADA design will be provided under this scope of work. The documents will include specifications, plans, cost estimates, and bid forms necessary for bidding and permit submittal to DPW. The documents will be integrated with construction documents for a phase of the Pressure Zone Realignment. GHD will prepare and submit the following:

- Multidiscipline plans at 30%, 60%, 90%, and Final completion levels per the requirements for Pressure Zone Realignment.
- Construction cost estimate based on the 60% and 100% design plans and specifications. These estimates will be Class 3 and 2 respectively in accordance with the AACE International Cost Estimate Classification System.

GHD shall coordinate with Guam Environmental Protection Agency and Department of Public Works at the 90% submittal. This includes submitting 11x17 plans, one meeting with each, and incorporating any relevant regulation requirements in the design.

**ASSUMPTIONS AND EXCEPTIONS**

- This change proposal only applies to the scope of work and contract amount. The terms of the original executed agreement still apply.
- The scope to prepare construction documents for the execution of the infrastructure improvements for permanent DMAs is limited to the specific sites listed above. If infrastructure requirements are needed for more sites, GHD will negotiate a fee adjustment.
- GHD’s scope of work assumes that existing conditions are accurately defined by WSO and SCADA and electrical design are excluded. The fee will be renegotiated for design changes based on differing conditions from those defined by WSO.
- Property and right-of-way research and acquisition will be provided by GWA.
- Survey services are excluded. It is assumed that the existing site conditions can be prepared based on field hand measurements, utility locations from aboveground utility appurtenances, and as-built drawings.
- Construction Bid Support Services are excluded.
- Construction Management Services are excluded.

The fee will be adjusted accordingly if designs are needed at less than 30 sites or less than four different sets of contract documents are prepared for bidding. The fees for specifications and bid plans apply if the documents are combined into a set with improvements from the original Pressure Zone Realignment scope of work.

**FEE SCHEDULE FOR ADDITIONAL DESIGN SERVICES**

TASKS	TOTALS
Original Contract Amount	\$2,511,097
WSO fee and GHD markup	\$287,500

Exhibit B

GHD Project Management and Coordination	\$14,800
GHD Construction Documents <ul style="list-style-type: none"> <li>• 4 sites at \$11,000 each</li> <li>• Enclosure Detailing \$4,000</li> <li>• Specifications Additions \$2,500</li> <li>• Cost Estimates \$2,400</li> </ul>	\$52,900
<b>Subtotal Cost</b>	<b>\$355,200</b>
Guam GRT (at 5.2%)	\$18,470
<b>TOTAL CHANGE PROPOSAL COST</b>	<b>\$373,670</b>
<b>AMENDED CONTRACT AMOUNT</b>	<b>\$2,884,767</b>

Work that exceeds the scope of this proposal will be brought to your attention for review, approval and fee adjustment. Work performed will be billed monthly based on the estimated percent complete. We stand ready to provide the professional services necessary to assist GWA in this endeavor.

Sincerely,

Aaron Sutton, PE, ENV SP  
Project Manager

W S O

**COVER LETTER**

October 18, 2019

**TO: GHD - Guam**

Attn: Mr. Aaron Sutton, P. E.  
GHD Guam Office Manager

**FROM: Water Systems Optimization, Inc.**

131 Kissling Street  
San Francisco, CA 94103  
Tel: 415-533-0419

Dear Mr. Sutton,

After successful completion of Phase 1 and 2 of the Guam Waterworks Authority (GWA) Water Loss Control Program we are pleased to submit this scope for Phase 3 as requested during recent meetings with GWA stakeholders.

Phases 1 and 2 have confirmed that there is a strong case for substantial cost recovery through the implementation of a comprehensive water loss reduction project in GWAs distribution network.

In Phase 3, WSO will develop a water loss control program for GWA based on the island-wide implementation of District Metered Areas, an approach proven successful during Phase 2. The aim is to provide a long-term, sustainable and holistic approach to monitoring and managing water losses within the GWA water supply and distribution network.

Our project team wholeheartedly believes that we are uniquely positioned to provide the best service to GWA and its customers. Water Systems Optimization (WSO) respectfully submits the enclosed scope with the intention that all of the required information is supplied. WSO will happily provide any further clarification if needed.

If you have any questions, please do not hesitate to contact me at (786) 877-5752 or by email at [reinhard.sturm@wsoglobal.com](mailto:reinhard.sturm@wsoglobal.com).

Sincerely,

Reinhard Sturm

CEO/President – WSO

### 1 PHASE 3: WATER LOSS CONTROL PROGRAM DEVELOPMENT

#### Project Approach & Understanding

During the Phase 2 Pilot Project, the direct measurement of water losses in three pilot temporary District Metered Areas (DMAs) supported and confirmed the results from the Phase 1 top-down water audit - that physical water loss from leaking pipes is the major component of water loss for GWA.

In Phase 3 WSO will develop a water loss control program for GWA based on the island-wide implementation of DMAs. The aim is to provide a long-term, sustainable and holistic approach to monitoring and managing water losses within the GWA water supply and distribution network.

DMAs allow the direct measurement of water losses within the water network and can be used to set targets for water loss reduction at the DMA, supply zone and system-wide level. Within each DMA, leak detection and repair will be carried out to reduce water losses from detectable leaks and, where necessary, pressure within the DMA will be managed downwards to further reduce losses from background leaks. A DMA monitoring system will provide for the automated calculation of monthly water loss volume within each DMA. This allows DMAs to be ranked in priority order according to their volume of water loss. The long-term aim will be to reduce the water loss volume in each DMA to the optimum economic level and to focus water loss control activity in those DMAs where water loss increases above the economic level. This approach will ensure that GWA reduces the current markedly high water-loss level and has in place a system to manage future water loss levels at the most economic level.

The requested services include the development of a DMA implementation program that takes into account the ongoing pressure zone realignment program and other relevant CIP and operational programs.

WSO proposes the following steps to develop a DMA-based water loss water management program for GWA.

1. Review existing zone realignment and CIP plans and hydraulic models.
2. Identify potential DMAs to provide maximum coverage of the water supply and distribution network.
3. Identify the GWA customers inside each potential DMA to assess for DMA size and water demand.
4. Identify DMA infrastructure requirements and costs including requirements for DMA meter points, chambers, boundary valves, telemetry/SCADA and pressure management.
5. Produce a prioritized ranking of potential DMAs by ease / least cost implementation.
6. Develop a phased DMA implementation plan (3 to 5-year plan).
7. Produce draft scopes for the various project implementation elements (design, construction and management).

## Exhibit B

### 2 PHASE 3: SCOPE OF WORK

#### Task 1: Review of Existing Plans and Models

##### *Task 1A: Zone Realignment Plan and Phasing*

###### **Review Zone Realignment Plan**

WSO will review the ongoing zone realignment plan to understand the current and proposed network configuration, as well as the associated realignment tasks (new PRVs etc.). WSO will also review the phasing of the zone realignment work in order to understand the sequence in which the zones are being realigned. This will feed into the later task where the DMA Implementation Plan is developed.

###### **Task 1A outcomes:**

- *Understanding of the current and proposed network configuration*
- *Understanding of the order in which the pressure zones are being realigned*

##### *Task 1B: Hydraulic Model*

###### **Review Hydraulic Model Output**

WSO will review the current hydraulic model of the GWA network, including the future scenarios that cover the pressure zone realignment. This will improve the understanding of how the current network configuration is performing and what effects the proposed pressure zone realignment work will have. The model can also be used to test the proposed DMAs that are identified in Task 2.

###### **Task 1B outcomes:**

- *Utilization of the hydraulic model to assist in understanding the performance of the current network configuration*
- *Utilization of the hydraulic model to assist in understanding the performance improvements being brought about by the proposed pressure zone realignment work*
- *Prepare for utilization of the hydraulic model to test potential DMAs*

##### *Task 1C: GIS*

###### **Review current GIS records**

Obtain latest GIS records for the pipe network and customer locations for DMA design.

###### **Task 1C outcomes:**

- *Utilization of GIS records for DMA design*

##### *Task 1D: Pressure Reducing Valve (PRV) Rehabilitation / Replacement Plans and any other relevant CIP projects*

###### **Review the PRV Rehabilitation / Replacement Plans**

WSO will review GWAs plans for rehabilitation and/or replacement of PRVs and all other relevant CIP projects (pump station upgrades, new wells, etc.) to ensure these are taken into account in the DMA identification phase.

## Exhibit B

### Task 1D outcomes:

- *Understanding of GWAs PRV rehabilitation / replacement plans*
- *Understanding of relevant CIP projects*

### Task 2: Identification of Potential DMAs

#### Task 2A: Desk Study

WSO will carry out a desk study utilizing the data and understanding gained in Task 1 to identify all the potential DMAs, including the potential DMA inlet points and boundaries. Each potential DMA will be tested using the hydraulic model to ensure that it can be implemented without impacting on service levels.

#### Task 2A outcomes:

- *Draft list of potential DMAs with inlet points and boundaries*

#### Task 2B: Site Visit to Potential DMA Inlet Locations

WSO will carry out a site visit to all potential DMA inlet locations to identify the optimal DMA inlet meter point location.

#### Task 2B outcomes:

- *DMA Inlet meter Location Point Plans.*

#### Task 2C: Site Visit to Potential DMA Boundary Locations

The extent of each DMA boundary will be determined by inspection of the pressure zone details and the distribution network records. The location of any boundary valve will be identified. All boundary valves will be located and tested for operation including whether it can provide a water-tight shut when closed off and tested for operation. Should a boundary valve be found to be inoperable or passing, it will need to be replaced with a new boundary valve. Any boundary valve that cannot be located will need excavating to enable testing.

#### Task 2C outcomes:

- *DMA boundary valve plans, including list of valves that need to be replaced and new valves that need to be installed*

#### Task 2D: Site Visit all above-ground infrastructure in each potential DMA

The above-ground infrastructure (water tanks and pumping stations) in each DMA will be inspected to determine what additional measurement devices (water level, inlet and outlet flow) are required to ensure that the DMA water balance can be correctly calculated. This is particularly relevant for water tanks within a DMA where water storage increases / decreases must be recognized to correctly calculate water losses.

#### Task 2D outcomes:

- *Identification of additional measurement requirements at above-ground infrastructure in each DMA*

## Exhibit B

### **Task 2E: Non-intrusive DMA Inflow Measurement and Preliminary Water Loss Assessment**

Where possible, the DMA inflow will be measured using non-intrusive techniques (logging of existing meters and/or use of clamp-on ultrasonic flow meters). This will enable a preliminary water loss assessment for the potential DMA to be carried out.

#### **Task 2E outcomes:**

- *DMA Inlet flow measurement (where possible)*
- *DMA Water Loss Assessment where inflow measurement is possible*

### **Task 2F: DMA Pressure Data Collection**

Pressure data will be collected in each potential DMA using both normal and high-frequency data loggers to assess the pressure profile and determine the scope for pressure management in the DMA.

#### **Task 2E outcomes:**

- *DMA pressure data*
- *Identification of scope for pressure management in the DMA*

### **Task 2G: Zero Pressure Tests**

Where possible, a Zero Pressure Test (ZPT) will be carried out in the potential DMA. This entails closing the main inlet supply valve for the zone and recording the pressure at selected locations within the zone. All boundary valves will be manually sounded during the ZPT to make sure they close tightly and are not allowing water to pass into the zone. Should the zone fail the ZPT (positive pressure remains within the zone) then extensive investigations will be needed to locate the zone breach. Additional boundary valves may be required if zone breaches are identified.

#### **Task 2E outcomes:**

- *Confirmed DMA boundary*
- *Need for additional boundary valves*

### **Task 3: Customer Identification per DMA**

WSO will utilize the existing GWA customer billing data to identify the number of customers and the current customer demand within each potential DMA. This will be used in the assessment of DMA water losses for those DMAs where temporary inflow measurement has been possible.

#### **Task 3 outcomes:**

- *Number of customers in each potential DMA*
- *Current customer demand in each potential DMA*

## Exhibit B

### Task 4: Identification of DMA Infrastructure Requirements

For each potential DMA, the infrastructure requirements needed to implement the DMA will be identified, catalogued and provisionally costed. These will include:

- Preliminary DMA meter point pipework design and costing
- Preliminary DMA meter point chamber design and costing
- DMA boundary valve locations, including preliminary design for additional vales, where necessary.
- Preliminary DMA telemetry / SCADA requirements
- Additional pressure management requirements

#### Task 4 outcomes:

- *Complete list of all DMA infrastructure requirements with preliminary design and costings*

### Task 5: Prioritization of Proposed DMAs

WSO will produce a priority ranking of the potential DMAs by ease of implementation and capital investment needed (least cost first). This will drive the DMA Implementation Plan with the DMAs that are easiest to implement and have lowest capital cost requirement being done first.

#### Task 5 outcomes:

- *Prioritized list of potential DMAs ranked by ease of implementation*

### Task 6: Develop DMA Implementation Plan

The prioritized list of potential DMAs will be used to develop a 3-year to 5-year DMA implementation plan. The plan will take into account the pressure zone realignment work. The plan will set out in detail the requirements for each DMA in terms of construction requirements, boundary valve operation, telemetry and SCADA requirements, and additional pressure management requirements.

#### Task 6 outcomes:

- *DMA implementation Plan*

### Task 7: Develop Draft Scopes for Implementation Project Contracting Elements

WSO will develop draft scope of works for the Implementation Project contracting elements.

#### Task 7 outcomes:

- *Draft Scope for Construction Design and Specifications*
- *Draft Scope for Water Loss Control Management including DMA boundary implementation, leak detection, pressure management and ongoing monitoring of DMA water loss levels*
- *Draft Scope for Leak Repair works*

## Exhibit B

### 3 PROJECT MANAGEMENT AND REPORTING

In order to ensure that the project meets GWA WSD's expectations and timeline, the project team will schedule appropriate milestone meetings to discuss project findings and scheduling. In addition to the project milestone meetings, the project team will schedule individual meetings with various departments and stakeholders as necessary. Monthly progress reports will accompany the monthly invoice that WSO will prepare.

After completing all tasks, the project team will develop a final report that includes an executive summary, a description of the study process, all analyses conducted, and findings and recommendations for implementing GWA's water loss control program. Prior to submittal of the final report, WSO will prepare a draft report for GWA staff review and incorporate comments received from GWA in preparing the final report.

- *Monthly invoicing and progress update*
- *Brief program report on water loss program recommendations*
- *Slide deck for presenting water loss program*

Exhibit B

**4 PROJECT SCHEDULE AND COST**

**Project Schedule**

WSO understands that time is of the essence for GWA, and we can guarantee that the project will be completed in the expected timeframe with all deliverables by June 30, 2020 assuming a project start date no later than January 1, 2020.

WSO will update GWA staff regularly with project findings and the status of each task underway. WSO will conduct milestone meetings to present and discuss project findings and adjust task schedules where necessary. WSO prides itself on being accessible and responsive – we will be in close communication to ensure the on-time and complete delivery of the project’s objectives.

Additionally, WSO will schedule an in-person results presentation to discuss findings and recommendations.

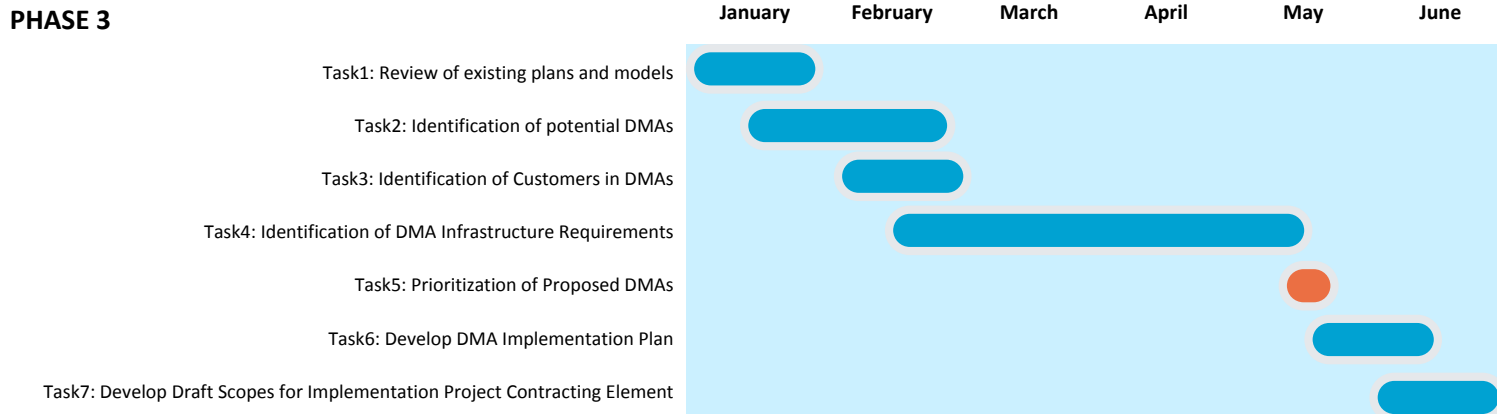

Table 1: Proposed Project Schedule, Organized by Task

## Exhibit B

### **Project Cost**

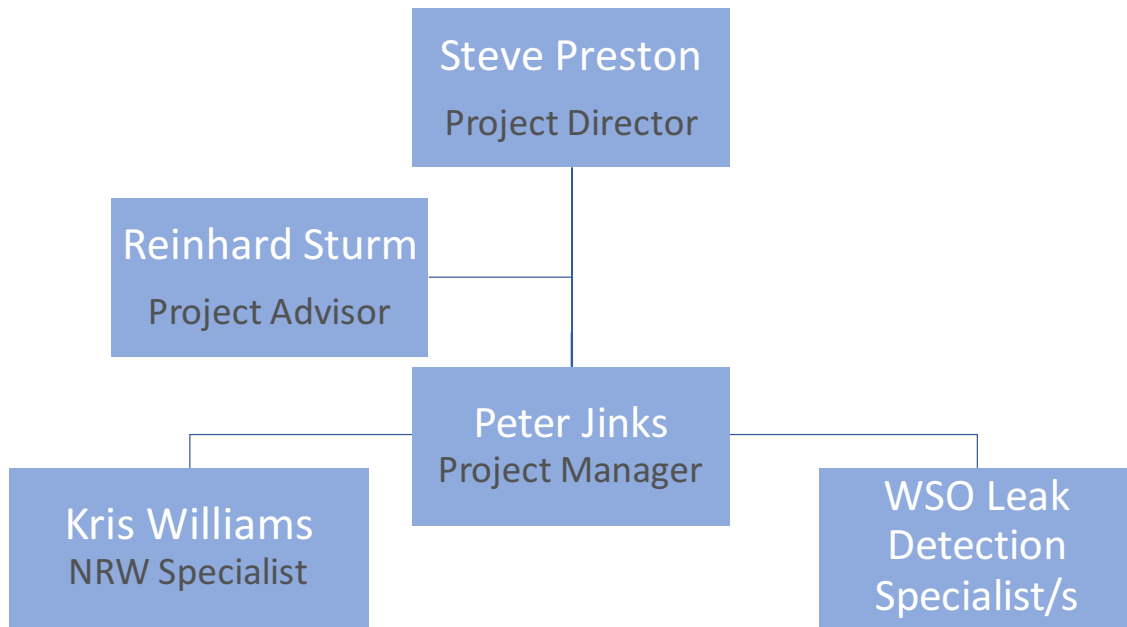

Phase 3 lump sum cost is \$250,000.

WSO will submit monthly invoices based on task percentage completion.

**APPENDIX A – PROJECT ORGANIZATIONAL CHART**

**PHASE 3:**

This phase of the project will be led by Steve Preston. Reinhard Sturm will assist in a project advisory role. Peter Jinks of WSO will serve as the project manager for this phase of the project. Peter will be based in Guam for the duration of the project. Peter will be assisted by Kris Williams on data intake and management. Kris Williams will mostly work remotely but it is planned for Kris or one of WSOs Leak Detection Specialists to be on site to assist Peter Jinks during the DMA pressure data collection task.

**GUAM WATERWORKS AUTHORITY**

Tel: (671) 300-6846

**Issues for Decision**

**Resolution No. 13-FY2020**

Relative to Authorizing the Modernizations of the Guam Waterworks Authority Enterprise Resource Planning System

**What is the project’s objective and is it necessary and urgent?**

GWA first implemented JD Edwards (JDE) Enterprise Resource Planning system (ERP) in 1998 to manage day-to-day accounting, procurement and human resources business activities. The JDE World ERP will no longer be supported or enhanced by the vendor in April 2022. Over the years, GWA employees have developed manual workarounds using stand-alone software applications to perform tasks and create reports because of JDE World’s limitations and its complicated and inefficient legacy green screen “command line interface. GWA requires a transformational ERP upgrade to automate and integrate business systems and processes that will improve employee productivity, more efficiently streamline operations and provide timely decision support information in order to achieve the objectives in the 2018 Water Resource Master Plan. GWA has evaluated JDE EnterpriseOne (E1) and determined it is a state-of-the-art ERP that provides all the tools necessary to transform to paperless digital business processes and integrate with other GWA business systems.

**Where is the location?**

The project will have two JD Edwards E1 database environments. One environment will reside in the Oracle Cloud in an Arizona data center and the second environment will reside in the Fadian data center. Toward the end of the project implementation, GWA will determine whether the production environment will reside in the Cloud or on-premise at Fadian. The disaster recovery environment will be located at the other location. The disaster recovery design will guarantee a Recovery Point Objective of 1 hour or less. The data replication between the production and backup environment is estimated to be a 15-minute delay.

**How much will it cost?**

The proposal to modernize the GWA Enterprise Resource Planning system is \_\_\_\_\_.

**When will it be completed?**

The estimated project length is approximately seven months after PUC approval. If the contract is approved as part of the February 27, 2020 docket then the completion date would be January 2021.

**What is the funding source?**

GWA received a \$\_\_\_\_\_ grant and will apply for an additional \$\_\_\_\_\_ grant in April 2020 from the Office of Insular Affairs Technical Assistance Program. The terms of the

grant require GWA contribute not less than a 50% cost share toward the project. The source for the grant matching requirement is bond funds.

**The RFP/BID responses (if applicable):**

GWA was directed by Oracle to work with DXC Redrock, the only Platinum Partner contractor in the Western Pacific with a proprietary pre-built JDE E1 configuration and implementation plan for engineering and construction firms, to upgrade to E1. In December 2018, a sole source procurement was awarded for first phase of the E1 upgrade implementation labeled the "Discovery Phase." The Discovery Phase included defining scope for both a technical and transformational upgrade and provided several key project planning deliverables including pricing. In October 2019, DXC Red Rock provided pricing for their proprietary product Red Projects to implement a transformational upgrade that could be completed within (7) seven months.

P.O. Box 2977 Hagatna, Guam 96932 | (671)649-3002 | guamccu.org

**GWA RESOLUTION NO. 13-FY2020**

**RELATIVE TO AUTHORIZING THE MODERNIZATIONS OF THE GUAM WATERWORKS AUTHORITY ENTERPRISE RESOURCE PLANNING SYSTEM**

**WHEREAS**, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities (“CCU”) has plenary authority over financial, contractual, and policy matters relative to the Guam Waterworks Authority (“GWA”); and

**WHEREAS**, the Guam Waterworks Authority (“GWA”) is a Guam Public Corporation established and existing under the laws of Guam; and

**WHEREAS**, GWA first implemented JD Edwards (JDE) Enterprise Resource Planning system (ERP) in 1998 and continues to use the JDE World ERP which will no longer be supported or enhanced by the vendor in April 2022; and

**WHEREAS**, over the years, GWA employees have developed manual workarounds using stand-alone software applications to perform tasks because of JDE World’s limitations and its complicated and inefficient legacy green screen “command line interface;” and

**WHEREAS**, GWA requires a transformational ERP upgrade to automate and integrate business systems and processes that will improve employee productivity, more efficiently streamline operations and provide timely decision support information in order to achieve the objectives in the 2018 Water Resource Master Plan; and

**WHEREAS**, Oracle Corporation purchased JDE and agreed to allow GWA to migrate JDE World licenses to its new, modern, browser-based digital platform, JDE EnterpriseOne, with

1 enhanced features and functions including mobility, robotics processing and user defined  
2 customization; and

3  
4 **WHEREAS**, GWA has evaluated JDE EnterpriseOne and determined it is a state-of-the-  
5 art ERP that provides all the tools necessary to transform to paperless digital business processes  
6 and integrate with other GWA business systems; and

7  
8 **WHEREAS**, independent 3rd party research estimates the typical cost for a mid-size  
9 business transformational ERP upgrade is between 3% and 6% of annual revenue. For GWA,  
10 this is \$3.3 to \$7.4 million; and

11  
12 **WHEREAS**, GWA is requesting authorization for expenditure to purchase additional  
13 licenses, support, infrastructure and professional services from Oracle Corporation and Red  
14 Rock; and

15  
16 **WHEREAS**, GWA is anticipating the cost of the implementation of the upgrade and  
17 licenses at a total cost of \$ \_\_\_\_\_; and

18  
19 **WHEREAS**, GWA received a \$ \_\_\_\_\_ grant and will apply for an additional  
20 \$ \_\_\_\_\_ grant in April 2020 from the Office of Insular Affairs Technical Assistance Program  
21 for the JDE EnterpriseOne upgrade; and

22  
23 **WHEREAS**, the terms of the grant require GWA contribute not less than a 50% cost  
24 share toward the project. The source of the grant matching requirement is bond funds; and

25  
26 **NOW BE IT THEREFORE RESOLVED**, the Consolidated Commission on Utilities  
27 does hereby approve the following:

- 28 1. The recitals set forth above hereby constitute the findings of the CCU.
- 29 2. The CCU finds that the terms of the proposal submitted by Red Rock  
30 Consulting Pty Ltd are fair and reasonable.
- 31 3. The CCU hereby authorizes the management of GWA to accept the bid from  
32 Red Rock Consulting Pty Ltd.

**Tel: (671) 300-6846**

### **Issues for Decision**

#### **Resolution No. 14-FY2020**

Relative to Approval of fund increase to the Construction Management Contract for the Route 4 Relief Sewerline Rehabilitation and Replacement Construction Contract with EMPSCO Engineering Consultants.

#### **What is the project’s objective and is it necessary and urgent?**

The objective of this project is to improve the sewer collection system, which included repairing and/or replacing sewer manholes and over 4,200 linear feet of gravity sewer line along Route 4 and Route 1 in the village of Agana. These sewer infrastructure elements have been identified by GWA, through an SSES investigation, to be subjected to either inactivity due to incomplete construction work or excessive infiltration and inflow (I&I). Successful completion of this project will result in proper maintenance and operation of the sewer collection system and USEPA agree that efforts to rehabilitate, repair or replace the sewer line are necessary. The construction management services are required for the duration of the project which is expected to be completed in June 2020.

#### **Where is the project located?**

This project is located along Route 4 and Route 1, from the base of the hill near well A-23 in Agana to the Agana Main Pump Station. Construction activities will be limited to the government easements of the sewer infrastructure elements.

#### **How much will it cost?**

GWA management is seeking funding increase for the construction management services contract with EMPSCO for an additional not-to-exceed amount of Two Hundred Thirty Thousand Seven Hundred Fifty-Nine Dollars and Sixty-Two Cents (\$230,759.62), which brings the total authorized funding to a maximum not-to-exceed amount of Nine Hundred Thirty-Three Thousand Four Hundred Thirty-Seven Dollars and Seventy-Five Cents (\$933,437.75).

#### **When will it be completed?**

The construction is estimated to be completed by June 2020.

#### **What is the funding source?**

The funding for this project will be from USEPA SRF Grant Funds and, if necessary, GWA Bond Funds with a maximum project budget of Nine Hundred Thirty-Three Thousand Four Hundred Thirty-Seven Dollars and Seventy-Five Cents (\$933,437.75).

CONSOLIDATED COMMISSION ON UTILITIES

P.O. Box 2977 Hagatna, Guam 96932 | (671)649-3002 | guamccu.org

**GWA RESOLUTION NO. 14-FY2020**

**RELATIVE TO APPROVAL OF FUND INCREASE TO THE CONSTRUCTION  
MANAGEMENT CONTRACT FOR THE ROUTE 4 RELIEF SEWERLINE  
REHABILITATION AND REPLACEMENT  
PROJECT S15-006-EPA**

**WHEREAS**, under 12 G.C.A. § 14105, the Consolidated Commission on Utilities (“CCU”) has plenary authority over financial, contractual and policy matters relative to the Guam Waterworks Authority (“GWA”); and

**WHEREAS**, the Guam Waterworks Authority is a Guam Public Corporation established and existing under the laws of Guam; and

**WHEREAS**, GWA has received a grant from USEPA under the State Revolving Fund program to improve the sewer collection system, which included over 4,200 linear feet of gravity sewer line along Route 4 and Route 1, from the base of the hill near well A-23 in Agana to the Agana Main Pump Station; and

**WHEREAS**, the gravity sewer line noted above has a section that has been inactive since its original installation due to incomplete construction work, and sections that need repair due to high infiltration and inflow (I/I), and the intent of this project is to rehabilitate, repair or replace these sections; and

**WHEREAS**, in September 2018 GWA management executed two (2) separate construction contracts (Exhibit A and Exhibit B) to rehabilitate the Route 4 Relief Sewerline, the first (Exhibit A) with ProPacific Builder Corporation (PPBC), and the second (Exhibit B) with Insituform Technologies LLC (Insituform); and

1           **WHEREAS**, to provide construction management (CM) services on both construction  
2 contracts, in June 2018 GWA management entered into a contract with EMPSCO Engineering  
3 Consultants (EMPSCO) (Exhibit C) in the amount of Seven Hundred Two Thousand Six  
4 Hundred Seventy-Eight Dollars and Thirteen Cents (\$702,678.13); and

5  
6           **WHEREAS**, while both construction contractors received the Notice to Proceed by  
7 September 2018 (Exhibit D), the start of construction was delayed due to complications with  
8 obtaining approvals during the permitting process; and

9  
10           **WHEREAS**, due to permitting delays, time restrictions enforced on construction work  
11 hours, and coordination between contractors, the estimated time to construction completion has  
12 extended to June 2020, and as such the CM services are anticipated to be required through June  
13 2020; and

14  
15           **WHEREAS**, GWA has negotiated with EPMSO for a fee proposal to provide  
16 continued construction management services on both construction contracts through June 2020  
17 on a Time and Materials basis; and

18  
19           **WHEREAS**, GWA Management seeks CCU approval of EMPSCO's bid proposal for  
20 additional construction management services funding with a not-to-exceed amount of Two  
21 Hundred Thirty Thousand Seven Hundred Fifty-Nine Dollars and Sixty-Two Cents  
22 (\$230,759.62), to bring the total authorized funding amount to Nine Hundred Thirty-Three  
23 Thousand Four Hundred Thirty-Seven Dollars and Seventy-Five Cents (\$933,437.75) (Exhibit  
24 E); and

25  
26           **WHEREAS**, funding for this project will be from the USEPA State Revolving Fund and,  
27 if necessary, GWA Bond funds with an estimated project budget Nine Hundred Thirty-Three  
28 Thousand Four Hundred Thirty-Seven Dollars and Seventy-Five Cents (\$933,437.75); and

29  
30           **NOW BE IT THEREFORE RESOLVED**, the Consolidated Commission on Utilities  
31 does hereby approve the following:

- 32           1. The recitals set forth above hereby constitute the findings of the CCU.

I, Michael T. Limtiaco, Board Secretary of the Consolidated Commission on Utilities as evidenced by my signature above do hereby certify as follows:

The foregoing is a full, true and accurate copy of the resolution duly adopted at a regular meeting by the members of the Guam Consolidated Commission on Utilities, duly and legally held at a place properly noticed and advertised at which meeting a quorum was present and the members who were present voted as follows:

AYES: \_\_\_\_\_

NAYS: \_\_\_\_\_

ABSTENTIONS: \_\_\_\_\_

ABSENT: \_\_\_\_\_

**AGREEMENT  
BETWEEN OWNER AND CONTRACTOR  
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)**

THIS AGREEMENT is by and between the Guam Waterworks Authority ("Owner") and ProPacific Builder Corporation ("Contractor").

Owner and Contractor hereby agree as follows:

**ARTICLE 1 – WORK**

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

Work under Schedule A consists of replacing 24" Spirolite pipe with 30" PVC pipe, installation of new 18" PVC pipe intertie, construction of precast concrete manholes, sewer manhole rehabilitation with epoxy coating, channel construction, disconnection and re-connection of lateral sewer pipes, abandoning existing sewer pipes and providing temporary bypass and traffic control as necessary to complete the rehabilitation and replacement work.

**ARTICLE 2 – THE PROJECT**

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: Route 4 Relief Sewer Line Rehabilitation and Replacement (Re-Bid); GWA Project No. S15-006-EPA.

**ARTICLE 3 – ENGINEER**

3.01 The part of the Project that pertains to the Work has been designed by AECOM.

3.02 The Owner has retained EMPSCO Engineering Consultants ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

**ARTICLE 4 – CONTRACT TIMES**

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work for the Base Bid contains two schedules, Schedule A and Schedule B. Contract Times will be awarded separately as indicated below under Schedule A and Schedule B. One contract will be awarded to the lowest responsive and responsible bidder for Schedule A and one contract will be awarded to the lowest responsive and responsible bidder for Schedule B. If the same contractor is the lowest responsive and responsible bidder for both Schedules A and B, one contract will be awarded for all the work under Schedules A and B.

1. For a separate contract for Schedule A, the Work for the Schedule A Base Bid will be substantially completed within 450 days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 480 days after the date when the Contract Times commence to run.

B. Parts of the Work shall be substantially completed on or before the following Milestone(s):

1. Milestone 1 [event & date/days] NA
2. Milestone 2 [event & date/days] NA
3. Milestone 3 [event & date/days] NA

#### 4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner **\$3,000.00** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.
2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner **\$3,000.00** for each day that expires after such time until the Work is completed and ready for final payment.
3. Liquidated damages shall be assessed against the Contractor(s) separately for the work performed under Schedule A and the work performed under Schedule B.
4. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.
5. Milestones: Contractor shall pay Owner \$ NA for each day that expires after the time (as duly adjusted pursuant to the Contract) specified above for achievement of Milestone 1, until Milestone 1 is achieved.

---

#### 4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times, and (2) for the actual costs reasonably incurred by Owner for engineering, construction observation, inspection, and administrative services needed after the time specified in Paragraph 4.02 for Substantial Completion (as duly adjusted pursuant to the Contract), until the Work is substantially complete.

- B. After Contractor achieves Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times, Contractor shall reimburse Owner for the actual costs reasonably incurred by Owner for engineering, construction observation, inspection, and administrative services needed after the time specified in Paragraph 4.02 for Work to be completed and ready for final payment (as duly adjusted pursuant to the Contract), until the Work is completed and ready for final payment.

**ARTICLE 5 – CONTRACT PRICE**

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

- A. For all Work under Schedule A - Base Bid other than Unit Price Work, a lump sum of: \$Three Million Four Hundred Seven Thousand Eight Hundred Forty Eight US Dollars (\$3,407,848.00).

All specific cash allowances are included in the above price in accordance with Paragraph 13.02 of the General Conditions.

- B. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Unit Price Work					
Item No.	Description	Unit	Estimated Quantity	Unit Price	Extended Price
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					\$

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

- C. Total of Schedule A Lump Sum Amount and Unit Price Work (subject to final Unit Price adjustment) \$3,407,848.00.
- D. For all Work, at the prices stated in Contractor’s Bid, attached hereto as an exhibit.

**ARTICLE 6 – PAYMENT PROCEDURES**

6.01 *Submittal and Processing of Payments*

- A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

- A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 15th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.
  - 1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract
    - a. 90 percent of Work completed (with the balance being retainage). And
    - b. 90 percent of cost of materials and equipment not incorporated in the Work (with the balance being retainage).
- B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

- A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

**ARTICLE 7 – INTEREST**

7.01 All amounts not paid when due shall bear interest at the rate of 6 percent per annum.

**ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS**

- 8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:
- A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.
  - B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
  - C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.
  - D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the

Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

- E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.
- F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
- G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.
- H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.
- I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
- J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

## ARTICLE 9 – CONTRACT DOCUMENTS

### 9.01 *Contents*

- A. The Contract Documents consist of the following:
  - 1. This Agreement (pages 1 to 8, inclusive).
  - 2. Performance bond (pages 1 to 3, inclusive).
  - 3. Payment bond (pages 1 to 3, inclusive).
  - 4. Other bonds.
    - a. \_\_\_ (pages \_\_\_ to \_\_\_, inclusive).
  - 5. General Conditions (pages 1 to 65, inclusive).
  - 6. Supplementary Conditions (pages 1 to 18, inclusive).
  - 7. Specifications as listed in the table of contents of the Project Manual.
  - 8. The Drawings listed on the attached sheet index.
  - 9. Addenda (numbers 1 to 4, inclusive).
  - 10. Exhibits to this Agreement (enumerated as follows):

- a. Contractor's Bid (pages 1 to 10, inclusive).

*NOTE(S) TO USER:*

- 11. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
  - a. Notice to Proceed.
  - b. Work Change Directives.
  - c. Change Orders.
  - d. Field Orders.
- B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).
- C. There are no Contract Documents other than those listed above in this Article 9.
- D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

**ARTICLE 10 – MISCELLANEOUS**

10.01 *Terms*

- A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

- A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

- A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

- A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

- A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:
1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;
  2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;
  3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and
  4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Other Provisions*

- A. Owner stipulates that if the General Conditions that are made a part of this Contract are based on EJCDC® C-700, Standard General Conditions for the Construction Contract, published by the Engineers Joint Contract Documents Committee®, and if Owner is the party that has furnished said General Conditions, then Owner has plainly shown all modifications to the standard wording of such published document to the Contractor, through a process such as highlighting or "track changes" (redline/strikeout), or in the Supplementary Conditions.

IN WITNESS WHEREOF, Owner and Contractor have signed this Agreement.

This Agreement will be effective on 9-13-18 (which is the Effective Date of the Contract).

## BID FORM

### ARTICLE 1 - BID RECIPIENT

1.01 This Bid is submitted to:

**Guam Waterworks Authority**  
**Engineering Division, Room 202**  
**Gloria B. Nelson Public Service Building**  
**688 Route 15**  
**Manqilao, Guam 96913**

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into a Contract with Buyer in the form included in the Bidding Documents to furnish the Goods and Special Services as specified or indicated in the Bidding Documents, for the prices and within the times indicated in this Bid, and in accordance with the other terms and conditions of the Bidding Documents.

### ARTICLE 2 - BIDDER'S ACKNOWLEDGMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 60 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Buyer.

### ARTICLE 3 - BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, the related data identified in the Bidding Documents, and the following Addenda, receipt of which is hereby acknowledged:

Addendum No.	Addendum Date
Addendum No. 1	April 19, 2018
Addendum No. 2	April 26, 2018
Addendum No. 3	May 15, 2018
Addendum No. 4	May 18, 2018

B. Bidder has visited the Point of Destination and site where the Goods are to be installed or Special Services will be provided and become familiar with and is satisfied as to the observable local conditions that may affect cost, progress, or the furnishing of Goods and Special Services, if required to do so by the Bidding Documents, or if, in Bidder's judgment, any local condition may affect cost, progress, or the furnishing of Goods and Special Services.

- C. Bidder is familiar with and is satisfied as to all Laws and Regulations in effect as of the date of the Bid that may affect cost, progress, and the furnishing of Goods and Special Services.
- D. Bidder has carefully studied, considered, and correlated the information known to Bidder; information commonly known to sellers of similar goods doing business in the locality of the Point of Destination and the site where the Goods will be installed or where Special Services will be provided; information and observations obtained from Bidder's visits, if any, to the Point of Destination and the site where the Goods will be installed or Special Services will be provided; and any reports and drawings identified in the Bidding Documents regarding the Point of Destination and the site where the Goods will be installed or where Special Services will be provided, with respect to the effect of such information, observations, and documents on the cost, progress, and performance of Seller's obligations under the Bidding Documents.
- E. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, and discrepancies that Bidder has discovered in the Bidding Documents, and the written resolution (if any) thereof by Engineer is acceptable to Bidder.
- F. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for furnishing the Goods and Special Services for which this Bid is submitted.

#### ARTICLE 4 - BIDDER'S CERTIFICATIONS

##### 4.01 Bidder certifies that:

- A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;
- B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;
- C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and
- D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:
  - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the bidding process;
  - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Buyer, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Buyer of the benefits of free and open competition;
  - 3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Buyer, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process.

**ARTICLE 5 - BASIS OF BID AND AWARD OF CONTRACTS**

5.01 This contract is a multi-award contract through which more than one contract may be awarded through this solicitation. The Bid Schedule contains two schedules, Schedule A and Schedule B. Bidder will furnish the Goods and Special Services in accordance with the Contract Documents for the prices indicated under this article. The Bidder can elect to provide prices under Schedule A or Schedule B or both schedules. Bids must include all items under Schedule A or Schedule B, or both Schedule A and B. Each of Schedules A and B comprise Base Bid items and Additive Bid items. The Bidder shall provide base bid and additive bid(s) prices under each elected schedule.

Bids shall be evaluated by Schedule. Each of Schedules A and B shall be evaluated separately. The lowest responsive and responsible bidder shall be determined for each of Schedule A and Schedule B. Separate contracts will be awarded under Schedule A and Schedule B. One contract will be awarded to the lowest responsive and responsible bidder for Schedule A and one contract will be awarded to the lowest responsive and responsible bidder for Schedule B. If the same contractor is the lowest responsive and responsible bidder for both Schedules A and B, one contract for all the work under Schedules A and B will be awarded.

<b>Route 4 Relief Sewer Line Rehabilitation and Replacement (Re-Bid)</b>					
<b>SCHEDULE A – Base Bid</b>					
<b>Description of Work:</b> Work consists of replacing 24" Spirolite pipe with 30" PVC pipe, installation of new 18" PVC pipe intertie, construction of precast concrete manholes, sewer manhole rehabilitation with epoxy coating, channel construction, disconnection and re-connection of lateral sewer pipes, abandoning existing sewer pipes and providing temporary bypass and traffic control as necessary to complete the rehabilitation and replacement work.

Bidder acknowledges that estimated quantities are not guaranteed and are solely for the purpose of comparison of Bids, and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents. Bidder also acknowledges that each unit price includes an amount considered by Bidder to be adequate to cover Bidder's overhead and profit for each separately identified item.

**ARTICLE 6 - TIME OF COMPLETION**

- 6.01 Bidder agrees that the furnishing of Goods and Special Services will conform to the schedule set forth in Article 5 of the Agreement.
- 6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

**ARTICLE 7 - ATTACHMENTS TO THIS BID**

- 7.01 The following documents are attached to and made a condition of this Bid:
  - A. Required Bid security in the form of  Bid Bond .
  - B. List of Proposed Major Suppliers;
  - C. Required Bidder Qualification Statement with Supporting Data.

**ARTICLE 8 - DEFINED TERMS**

- 8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

**AGREEMENT  
BETWEEN GUAM WATERWORKS AUTHORITY AND  
INSITUFORM TECHNOLOGIES, LLC  
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)**

THIS AGREEMENT is by and between the Guam Waterworks Authority ("Owner") and Insituform Technologies, LLC ("Contractor").

Owner and Contractor hereby agree as follows:

**ARTICLE 1 – WORK**

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

Work under Schedule B consists of CIPP lining 21", 24", 30" and 36" existing sewer pipes and providing temporary bypass and traffic control as necessary to complete the rehabilitation work.

**ARTICLE 2 – THE PROJECT**

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: Route 4 Relief Sewer Line Rehabilitation and Replacement (Re-Bid); GWA Project No. S15-006-EPA.

**ARTICLE 3 – ENGINEER**

3.01 The part of the Project that pertains to the Work has been designed by AECOM.

3.02 The Owner has retained EMPSCO Engineering Consultants ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

**ARTICLE 4 – CONTRACT TIMES**

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work for the Base Bid contains two schedules, Schedule A and Schedule B. Contract Times will be awarded separately as indicated below under Schedule A and Schedule B. One contract will be awarded to the lowest responsive and responsible bidder for Schedule A and one contract will be awarded to the lowest responsive and responsible bidder for Schedule B. If the same contractor is the lowest responsive and responsible bidder for both Schedules A and B, one contract will be awarded for all the work under Schedules A and B.

1. For a separate contract for Schedule B, the Work for the Schedule B Base Bid will be substantially completed within 450 days after the date when the Contract Times

commence to run as provided in Paragraph 4.01 of the General Conditions and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 480 days after the date when the Contract Times commence to run.

- B. Parts of the Work shall be substantially completed on or before the following Milestone(s):
  - 1. Milestone 1 [event & date/days] NA
  - 2. Milestone 2 [event & date/days] NA
  - 3. Milestone 3 [event & date/days] NA

**4.03 Liquidated Damages**

- A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):
  - 1. Substantial Completion: Contractor shall pay Owner **\$3,000.00** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.
  - 2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner **\$3,000.00** for each day that expires after such time until the Work is completed and ready for final payment.
  - 3. Liquidated damages shall be assessed against the Contractor(s) separately for the work performed under Schedule A and the work performed under Schedule B.
  - 4. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.
  - 5. Milestones: Contractor shall pay Owner \$ NA for each day that expires after the time (as duly adjusted pursuant to the Contract) specified above for achievement of Milestone 1, until Milestone 1 is achieved.

---

**4.04 Special Damages**

- A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times, and (2) for the actual costs reasonably incurred by Owner for engineering, construction observation, inspection, and administrative services needed after the time specified in Paragraph 4.02 for Substantial Completion (as duly adjusted pursuant to the Contract), until the Work is substantially complete.

- B. After Contractor achieves Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times, Contractor shall reimburse Owner for the actual costs reasonably incurred by Owner for engineering, construction observation, inspection, and administrative services needed after the time specified in Paragraph 4.02 for Work to be completed and ready for final payment (as duly adjusted pursuant to the Contract), until the Work is completed and ready for final payment.

**ARTICLE 5 – CONTRACT PRICE**

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

- A. For all Work under Schedule B - Base Bid other than Unit Price Work, a lump sum of: \$Three Million Nine Hundred Ninety Eight Thousand Si Hundred Eighty Eight US Dollars (\$3,998,688.00).

All specific cash allowances are included in the above price in accordance with Paragraph 13.02 of the General Conditions.

- B. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Unit Price Work					
Item No.	Description	Unit	Estimated Quantity	Unit Price	Extended Price
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					\$

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

- C. Total of Lump Sum Amount and Unit Price Work (subject to final Unit Price adjustment) \$3,998,688.00.
- D. For all Work, at the prices stated in Contractor’s Bid, attached hereto as an exhibit.

**ARTICLE 6 – PAYMENT PROCEDURES**

6.01 *Submittal and Processing of Payments*

- A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

**6.02 Progress Payments; Retainage**

- A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 15th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.
  - 1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract
    - a. 90 percent of Work completed (with the balance being retainage). And
    - b. 90 percent of cost of materials and equipment not incorporated in the Work (with the balance being retainage).
- B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

**6.03 Final Payment**

- A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

**ARTICLE 7 – INTEREST**

- 7.01 All amounts not paid when due shall bear interest at the rate of 6 percent per annum.

**ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS**

- 8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:
- A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.
  - B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
  - C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.
  - D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the

Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

- E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.
- F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
- G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.
- H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.
- I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
- J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

**ARTICLE 9 – CONTRACT DOCUMENTS**

**9.01 Contents**

- A. The Contract Documents consist of the following:
  - 1. This Agreement (pages 1 to 8, inclusive).
  - 2. Performance bond (pages 1 to 3, inclusive).
  - 3. Payment bond (pages 1 to 3, inclusive).
  - 4. Other bonds.
    - a. \_\_\_\_ (pages \_\_\_\_ to \_\_\_\_, inclusive).
  - 5. General Conditions (pages 1 to 65, inclusive).
  - 6. Supplementary Conditions (pages 1 to 18, inclusive).
  - 7. Specifications as listed in the table of contents of the Project Manual.
  - 8. The Drawings listed on the attached sheet index.
  - 9. Addenda (numbers 1 to 4, inclusive).
  - 10. Exhibits to this Agreement (enumerated as follows):

- a. Contractor's Bid (pages 1 to 13, inclusive).

*NOTE(S) TO USER:*

- 11. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
  - a. Notice to Proceed.
  - b. Work Change Directives.
  - c. Change Orders.
  - d. Field Orders.
- B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).
- C. There are no Contract Documents other than those listed above in this Article 9.
- D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

**ARTICLE 10 – MISCELLANEOUS**

**10.01 Terms**

- A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

**10.02 Assignment of Contract**

- A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

**10.03 Successors and Assigns**

- A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

**10.04 Severability**

- A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

- A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:
1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;
  2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;
  3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and
  4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Other Provisions*

- A. Owner stipulates that if the General Conditions that are made a part of this Contract are based on EJCDC® C-700, Standard General Conditions for the Construction Contract, published by the Engineers Joint Contract Documents Committee®, and if Owner is the party that has furnished said General Conditions, then Owner has plainly shown all modifications to the standard wording of such published document to the Contractor, through a process such as highlighting or "track changes" (redline/strikeout), or in the Supplementary Conditions.

IN WITNESS WHEREOF, Owner and Contractor have signed this Agreement.

This Agreement will be effective on 8-29-18 (which is the Effective Date of the Contract).

**Report of Independent Auditors**

To the Management of Institutuform Technologies, LLC:

We have audited the accompanying balance sheet of Institutuform Technologies LLC as of December 31, 2017.

***Management's Responsibility for the Balance Sheet***

Management is responsible for the preparation and fair presentation of the balance sheet in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of balance sheet that is free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on the balance sheet based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the balance sheet is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the balance sheet. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the balance sheet, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the balance sheet in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the balance sheet. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the accompanying balance sheet presents fairly, in all material respects, the financial position of Institutuform Technologies, LLC as of December 31, 2017 in accordance with accounting principles generally accepted in the United States of America.

## CERTIFICATE OF COMPLIANCE

March 8, 2018

To Whom It May Concern:

This letter certifies that Insituform tubes are manufactured in Batesville, Mississippi, USA, by Insituform Technologies, LLC and meet all relevant specifications for a cured-in-place pipe product: ASTM D 5813, ASTM F 1216, and ASTM F 1743. Insituform tubes have been manufactured in the USA since 1981.

The finished tube is manufactured using multiple layers of polyester felt, with one layer coated with Polypropylene plastic. The layers are cut/slit to the desired width and sewn concentrically to form the final tube. The coated layer is also sealed at the seam, using an extrusion or taping process. The extrusion process is used on the standard (inverted) tubes, and the taping process is used on the pull-in tubes (also known as ILS or iPlus Infusion). The standard (inverted) tubes are manufactured with the coated layer on the outside, and the pull-in tubes are manufactured with the coated layer on the inside. After wet out, the pull-in tubes are placed in a plastic wrap to contain the resin.

Felt production is achieved by a non-woven needle punch process using Polyester fiber. The finished product is tested for thickness under a specified load and for tensile strength in accordance with ASTM D 5813. The fabric tube has a minimum tensile strength of 750 psi (5 MPa) in both the longitudinal and the transverse direction. The seam strength of the tube is also tested on a regular basis and also meets or exceeds the minimum tensile strength of 750 psi (5 MPa) in both longitudinal and transverse direction. For Quality Assurance purposes, the material is also tested for weight and thickness.

All standard (inverted) tubes are run through a dye bath prior to shipment to ensure there are no leaks. Following the inspection process all tubes (except InsituMain, which are used in water lines) are printed with yard marks.

All tubes with tapers, transitions, or any change in tube diameter or thickness are produced under the same specifications, with the same materials, and meet the same material testing requirements as the standard tube.

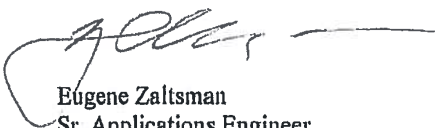

The quality system used by Insituform Technologies, LLC is ISO 9001:2015 certified.

The end use of the Insituform tube is to rehabilitate sewer and drainage pipes to increase the life of the pipe and prevent a dig and replacement of a pipe.

Please contact us directly with any questions you may have.

Sincerely,

INSITUFORM TECHNOLOGIES, LLC

Eugene Zaltsman  
Sr. Applications Engineer

## INSTALLER CERTIFICATION

Date: March 8, 2018

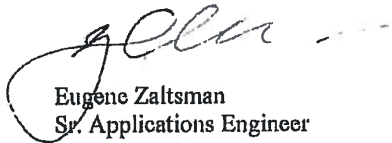

To Whom It May Concern:

Insituform Technologies, LLC is a vertically integrated pipeline rehabilitation company. As such, Insituform is not only the manufacturer of the cured-in-place pipeline rehabilitation system of the same name, but also offers the benefits of a full research and development department, licensed engineers on staff for design of products to suit each individual situation, and regional contracting offices that perform all field services including installation.

This letter shall serve to certify that Insituform Technologies, LLC is authorized to install Insituform products supplied by Insituform Technologies, LLC.

Sincerely,

INSITUFORM TECHNOLOGIES, LLC

Eugene Zaltsman  
Sr. Applications Engineer

**CONSTRUCTION MANAGEMENT SERVICES  
CONTRACT BETWEEN THE GUAM WATERWORKS AUTHORITY  
AND EMPSCO ENGINEERING CONSULTANTS**

**THIS AGREEMENT** is made this 1<sup>st</sup> day of June, 2018, by and between the Guam Waterworks Authority ("GWA"), whose business address is Gloria B. Nelson Public Service Building, 688 Route 15, Mangilao, Guam, 96913, and EMPSCO Engineering Consultants ("Consultant") whose business address is 2/F EMPSCO Building, 1998 Route 16, Army Drive, Dededo, Guam 96929 and whose Guam business license number (PEALS No.) is 108 for Construction Management Services.

**WHEREAS**, GWA intends to engage the professional services of the Consultant to provide Construction Management Services to GWA for the following project: Route 4 Relief Sewerline Rehabilitation and Replacement; GWA Project No. S15-006-EPA.

**WHEREAS**, the services to be rendered are of a special and temporary nature which has been determined to be in the best public interest to be performed under contract by professional personnel other than employee in the service of GWA; and

**WHEREAS**, the Procurement Officer has provided adequate public announcement of the need for such services through a Request for Proposals describing the type of services required and specifying the type of information and data required of each offeror and the relative importance of particular qualifications; and

**WHEREAS**, the Consultant has submitted a statement of qualifications and an interest in providing such services; and

**WHEREAS**, the award of this contract to the Consultant has been made pursuant to a written finding by the purchasing agent that the Consultant is the best qualified based upon evaluation factors set forth in the request for proposals, and the negotiations of compensation has been determined to be fair and reasonable;

**WITNESSETH**, GWA and the Consultant, in consideration of mutual covenants hereinafter set

forth, agree as follows:

**SECTION I. PURPOSE:**

To engage the professional services of the Consultant to provide Construction Management Services to GWA for the following project: Route 4 Relief Sewerline Rehabilitation and Replacement; GWA Project No. S15-006-EPA.

**SECTION II. SCOPE OF SERVICES:**

The Consultant agrees to accept appointment as a Consultant to the Guam Waterworks Authority providing his best efforts to the performance of duties and responsibilities as outlined in the GWA Request for Proposals No. RFP-06-ENG-2017, and the Consultant's Scope of Work and fee proposal dated March 23, 2018 (attached hereto as Exhibit A) all of which are incorporated herein by reference in their entirety and in accordance with all local and federal laws, rules, regulations and policies applicable hereto. For the purposes of this Contract, the Consultant shall be an independent Contracting Consultant.

**SECTION III. CONTRACT TERM:**

Subject to Section IV, the Consultant shall perform work provided in the Scope of Work after Consultant's receipt of Notice to Proceed from the Guam Waterworks Authority. The Consultant shall provide the services called for in the Scope of Work in accordance with a schedule acceptable to GWA. No extension of services will be granted, unless there will be additional work added to the Scope of Work dated March 23, 2018.

**SECTION IV. CONSULTANT'S COMPENSATION FOR SERVICES:**

The Guam Waterworks Authority will compensate the Consultant for all services performed pursuant to Section II, supra, in the maximum amount of Seven Hundred Two Thousand Six Hundred Seventy-Eight U.S. Dollars and Thirteen Cents (\$702,678.13). This figure may be increased or decreased only after the scope of work has been substantially increased or decreased. GWA shall compensate the Consultant upon the receipt and approval of a monthly invoice for work completed. GWA reserves the right to withhold payment of part or the entire amount due to if the Consultant's performance is not in accordance with the Scope of Work or is otherwise deemed unsatisfactory by GWA. GWA will make payments within 30 days from the date GWA received the invoice and has approved the work provided

therein. GWA's Approval for work performed shall be prompt and shall not be unreasonably withheld or detained. GWA further agrees to pay 6% interest on invoices more than 60 days late under the timeframes set forth in this Section.

Final payment shall be made upon satisfactory delivery and acceptance of all services as herein specified and performed under this agreement. Prior to making the final payment, and as a condition precedent thereto, the Consultant shall execute and deliver to GWA a release, in a form approved by GWA, of claims against GWA arising under and by virtue of this Agreement.

**SECTION V. CONSULTANT AGREES:**

That Consultant agrees that he/she is an independent contractor and that there shall be no employee status or benefits arising from this Contract, which includes but is not limited to:

- a. GWA providing any type of insurance for Consultant, Consultant's employees, Consultant's Equipment, Buildings and Vehicles, or any other type of insurance required by this contract or by law, policy or rule.
- b. Participation in the Government of Guam retirement system;
- c. Accumulation of vacation leave, or sick leave;
- d. GWA paying any tax owed by Consultant for any reason, nor shall GWA be responsible for withholding of any taxes for Consultant or its employees.
- e. Payment by GWA for travel or any other benefit afforded to GWA employees.
- f. GWA making any payment to Consultant for any reason not explicitly provided for herein.

That he/she will, within thirty (30) days after any claim accrues arising out of or in connection with the contract as provided herein, give written notice to GWA and the Attorney General of Guam of such claim, and that he will not institute any suit of action against GWA in any court or tribunal in any jurisdiction based on any such claim later than one (1) year after such filing. Any action or suit on any claim shall not include any item or matter not specifically mentioned in the proof of claim above specified. It is agreed that if such action or suit is instituted proof by the Consultant of his compliance with the provisions of this paragraph shall a condition precedent to any recovery; and that this paragraph does not constitute a waiver of any applicable statutes of limitations.

**SECTION VI. GOVERNMENT PROVIDED SERVICES OR EQUIPMENT:**

GWA shall place at the disposal of the Consultant all available information pertinent to the

project upon which the Consultant can rely, including previous reports, survey information and any other data relative to the project. GWA will provide access to and make all provisions for the Consultant to enter upon public lands as required by the Consultant to perform his work.

**SECTION VII. SCOPE OF AGREEMENT:**

This agreement supersedes any and all other agreements, either oral or in writing, between the parties hereto with respect to retaining the services of the Consultant by GWA and contains all of the covenants and agreements between the parties with respect to such retainment in any manner whatsoever. Each party to this agreement acknowledges that no representation, inducements, promises or agreements, orally or otherwise, have been made by any party, or anyone acting on behalf of any party which are not embodied herein, and that no other agreement, statement, or promise not contained in this agreement and addenda will be effective only if it is in writing signed by the party to be charged. For the purposes of this paragraph and of the entire agreement, the signature of the General Manager (or his/her authorized designee) is the only signature that will bind GWA.

**SECTION VIII. RESPONSIBILITY OF CONSULTANT:**

The Consultant shall be responsible for the professional and technical accuracy of all work and materials furnished under this contract. The Consultant shall, without additional cost to GWA, correct or revise all errors or deficiencies in his/her work.

GWA review, approval, acceptance of, and payment of fees for services required under this contract, shall not be construed to operate as a waiver of any rights under this contract or of any cause of action arising out of the Consultant's failure in performance of this contract and the Consultant shall be and remain liable to GWA for all costs of any kind which may be incurred by GWA as a result of the Consultant's negligent performance of any of the services performed under this contract, or for any intentional act which contravenes the terms and conditions of this agreement and the spirit and intent of such. Consultant also agrees that it shall secure GWA's written approval before engaging the services of any subcontractor.

**SECTION IX. ASSIGNMENT OF AGREEMENT:**

The Consultant may not assign this agreement, or any sum becoming due the Consultant under the provisions of this agreement, without the prior written consent of GWA.

**SECTION X. GENERAL COMPLIANCE WITH LAWS:**

The Consultant is required to comply with all Federal and territorial laws and ordinances applicable to the work and it is the responsibility of the Consultant to examine all necessary laws, rules, regulations and guidelines to determine its duties thereunder. Consultant shall attach a copy of their business license or an affidavit executed under penalty of perjury that indicates that Consultant is exempt under Guam law (must include legal citations proving exemption).

**SECTION XI. ACCESS TO RECORDS AND OTHER REVIEW:**

The Consultant, including his subcontractors, if any, shall maintain all books, documents, papers, accounting records and other evidence pertaining to costs incurred and to make such materials available at their respective offices at all reasonable times during the contract period and for three (3) years from the date of the final payment under the contract, for inspection by the Government of Guam. Each subcontract by Consultant pursuant to this agreement shall include a provision containing the conditions of this Section.

**SECTION XII. OWNERSHIP OF DOCUMENTS:**

All briefs, memoranda and other incidental Consultant work or materials furnished hereunder shall be and remain the property of GWA including all publication rights and copyright interests and may be used by GWA without any additional cost to GWA.

**SECTION XIII. INDEMNITY:**

Consultant agrees to save and hold harmless the CCU, GWA, its officers, agents, representatives, successors and assigns and other governmental agencies from any and all suits or actions of every nature and kind, which may be brought for or on account of any injury, death, or damage to the extent arising or growing out of the negligent acts or omissions of the Consultant, Consultant's officers, agents (including subcontractors), servants or employees under this agreement.

**SECTION XIV. CHANGES:**

GWA may at any time, by written order make any change in the services to be performed hereunder. If such changes cause a material increase or decrease in the costs of doing the work under this agreement, or in the time required for this performance, an equitable adjustment shall be made and the agreement shall be modified in writing accordingly to the provisions of Section XX below pertaining

to price adjustments.

**SECTION XV. TERMINATION:**

**Section 15.1 TERMINATION FOR DEFAULT:**

(1) Default. If the Consultant refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract as determined by GWA, then GWA may notify the Consultant in writing of the delay or non-performance and if not cured in ten days or any longer time specified in writing by GWA. GWA may terminate the Consultant's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part GWA may procure similar services in a manner and upon terms deemed appropriate by GWA. The Consultant shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar services.

(2) Consultant's Duties. Notwithstanding termination of the contract and subject to any directions from GWA, the Consultant shall take timely, reasonable, and necessary action to protect and preserve property in the possession of the Consultant in which GWA has an interest.

(3) Compensation. Payment for completed services delivered and accepted by GWA shall be at the contract price. Payment for the protection and preservation of property shall be in an amount agreed upon by the Consultant and GWA; if the parties fail to agree, GWA shall set an amount subject to the Consultant's rights under Chapter 9 (Legal and Contractual Remedies) of the Guam Procurement Regulations. GWA may withhold from amounts due the Consultant such sums as GWA deems to be necessary to protect GWA against loss because of outstanding liens or claims of former lien holders and to reimburse GWA for the excess costs incurred in procuring similar goods and services.

(4) Excuse for Nonperformance or Delayed Performance. Except with respect to defaults of sub-contractor(s) of Consultant, the Consultant shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by the Consultant to make progress in the prosecution of the work hereunder which endangers such performance) if the Consultant has notified GWA within 15 days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the government of Guam and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the

failure to perform or to make progress due to such causes similar to those set forth above, the Consultant shall not be deemed to be in default, unless the services to be furnished by the sub-contractor were reasonably obtainable from other sources in sufficient time to permit the Consultant to meet the contract requirements. Failure of the sub-contractor to perform for reasons other than cited above shall constitute a default of the Consultant unless cured by Consultant with a reasonable time. Upon request of the Consultant, GWA shall ascertain the facts and extent of such failure, and, if GWA determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the Consultant's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of GWA and the government of Guam under the laws of Guam.

(5) Erroneous Termination for Default. If, after notice of termination of the Consultant's right to proceed under the provisions of this clause, it is determined for any reason that the Consultant was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Subsection C, below.

(6) Additional Rights and Remedies. The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

#### **15.2 TERMINATION FOR CONVENIENCE:**

(1) Termination. GWA may, when the interest of GWA so requires, terminate this contract in whole or in part, for the convenience of GWA. GWA shall give written notice of the termination to the Consultant specifying the part of the contract terminated and when termination becomes effective.

(2) Consultant's Obligations. The Consultant shall incur no further obligations in connection with the terminated work and on the dated set in the notice of termination the Consultant will stop work to the extent specified. The Consultant shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The Consultant shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. GWA may direct the Consultant to assign the Consultant's right, title, and interest under terminated orders or subcontracts to GWA. The Consultant must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(3) Right to Work Product. Upon termination of the contract for the convenience of GWA or

for any other reason, Consultant shall transfer title and deliver to GWA all documents and reports, plans, drawings, information and other material produced by Consultant or any of its sub-contractors in connection with the performance of this contract. The Consultant shall protect and preserve property in its possession or in the possession of any of its sub-contractors in which GWA has an interest.

(4) Compensation.

(a) The Consultant shall submit a termination claim specifying the amount due because of the termination for convenience together with cost or pricing data to the extent required by 2 G.A.R. § 3118 (Cost or Pricing Data) of the Guam Procurement Regulations bearing on such claim. If the Consultant fails to file a termination claim within one year from the effective date of termination, GWA may pay the Consultant, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) GWA and the Consultant may agree to a settlement provided the Consultant has filed a termination claim supported by cost or pricing data to the extent required by 2 G.A.R. § 3118 (Cost or Pricing Data) of the Guam Procurement Regulations and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by GWA and the contract price of the work not terminated.

(c) Absent complete agreement under Subparagraph (2) of this Paragraph, GWA shall pay the Consultant the following amounts, provided payments agreed to under Subparagraph (2) shall not duplicate payments under this Subparagraph:

- (i) contract prices for services accepted under the contract;
- (ii) costs incurred in preparing to perform and performing the terminated portion of the work plus a fair and reasonable profit on such portion of the work (such profit shall not include anticipatory profit or consequential damages) less amounts paid or to be paid for accepted supplies or services; provided, however, that if it appears that the Consultant would have sustained a loss if the entire contract would have been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss;
- (iii) costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Subparagraph (b) of this clause;
- (iv) the reasonable settlement costs of the Consultant including accounting, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract for the termination and settlement of subcontracts hereunder, together with reasonable

storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this contract. Attorney's fees if for any reason it files suit against the government must be paid by the Consultant. The total sum to be paid the Consultant under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the Consultant reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.

(d) Cost claimed, agreed to, or established under Subparagraph (b) and (c) of this Paragraph shall be in accordance with Chapter 7 (Cost Principles) of the Guam Procurement Regulations.

**SECTION XVI. SEVERABLE PROVISIONS:**

If any provision of this agreement shall be deemed by a court of competent jurisdiction to be invalid, then such provision shall be deemed stricken from the agreement and the agreement shall be enforced according to its valid and subsisting terms and provisions.

**SECTION XVII. GOVERNING LAW AND VENUE:**

The validity of this agreement and any of its terms or provisions, as well as the rights and duties of the parties to this agreement, shall be governed by the laws of Guam.

A. All claims or controversies subject to final resolution under this Article will be submitted to mediation in accordance with the rules of the American Arbitration Association, subject to the conditions and limitations of this paragraph. This agreement to mediate is authorized under 5 GCA 5427 (b) and 2 GAR 9103 (a)(1). The parties shall each pay one-half of the mediation expenses.

B. In the event the matter or controversy is not resolved through mediation, the GWA General Manager shall, after written request by the Contractor for a final decision, issue a written decision within 30 days. A copy of the decision shall be immediately transmitted to the Contractor by a method that provides evidence of receipt.

C. Any such decision shall be final and conclusive unless the Contractor files an appeal with the Guam Office of Public Accountability within sixty (60) days of the receipt of the decision. In the event the dispute is not resolved by the OPA, the Contractor may seek redress through the Guam Government Claims Act and/or the Superior Court of Guam.

**SECTION XVIII. EFFECTIVE DATE OF AGREEMENT:**

This agreement shall take effect upon the date it is signed by the General Manger and the Consultant and the date of this agreement shall be the date upon which the GWA General Manager affixes his signature.

**SECTION XIX. GOVERNMENT NOT LIABLE:**

A. GWA assumes no liability for any accident or injury that may occur to the Consultant, his or her agents, dependents, or personal property while en route to or from Guam or during any travel mandated by the terms of this agreement.

B. GWA shall not be liable to Consultant for any work performed by the Consultant prior to the written and signed approval of this Agreement by the General Manager for GWA and the Consultant hereby expressly waives any and all claims for service performed in expectation of this agreement prior to its signature of the General Manager.

**SECTION XX. PRICE ADJUSTMENTS:**

Any adjustment in contract price pursuant to clauses in this contract shall be made in one or more of the following ways:

- (a) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
- (b) by unit prices specified in the contract or subsequently agreed upon;
- (c) by the costs attributable to the event or situation covered by the clause, plus appropriate profit or fee, all as specified in the contract or subsequently agreed upon;
- (d) in such other manner as the parties may mutually agree; or
- (e) in the absence of an agreement between the parties, by a unilateral determination by the GWA General Manager of costs attributable to the event or situation covered by the clause, plus appropriate profit or fee, all as computed by the GWA General Manager in accordance with generally accepted accounting principles and applicable sections under Chapter 7 (Cost Principles) of the Guam Procurement Regulations and subject to the provisions under Title 5, Chapter 5 of the Guam Code Annotated (Legal and Contractual Remedies).

For any request for a price adjustment, the contractor shall submit cost or pricing data for any price adjustments subject to the provisions of 2 G.A.R. § 3118 of the Guam Procurement Regulations.

**SECTION XXI. WARRANTIES UNDER GUAM PROCUREMENT LAW:**

A. Contractor hereby warrants that it will abide by 5 GCA Section 5630 prohibiting gratuities kickbacks and favors in relation to the solicitation and execution of this Contract;

B. Contractor hereby warrants that it has not retained any person or entity to solicit or secure this Contract, or paid a contingent fee, commission or brokerage fee as proscribed in 5 GCA Section 5631(a).

C. Contractor hereby warrants that it has not knowingly influenced a government employee to breach any of the ethical standards set forth in 5 GCA Chapter 5 Article 11 and in Chapter 11 of the Guam Procurement Regulations.

D. Contractor hereby warrants that no person, providing services on behalf of the Contractor has been convicted of a sex offense under the provisions of Chapter of Title 9 GCA or any offense as defined in Article 2 of Chapter 28, Title 9 GCA; and should any person providing services on behalf of the Contractor be convicted during the course of this Contract, such person shall be immediately removed from GWA projects and GWA will be informed of the conviction within twenty-four (24) hours.

**SECTION XXII. INSURANCE:**

A. Engineer shall procure and maintain insurance as set forth in Exhibit A. Engineer shall cause Owner to be listed as an additional insured on any applicable general liability insurance policy carried by Engineer.

B. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer and its Consultants to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project.

C. Engineer shall each deliver to Owner certificates of insurance evidencing the coverages indicated in Exhibit A. Such certificates shall be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

D. All policies of property insurance relating to the Project, including but not limited to any builder's risk policy, shall allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer or its Consultants. Owner and Engineer waive all rights against each other, Contractor, the Consultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any builder's risk policy and any other

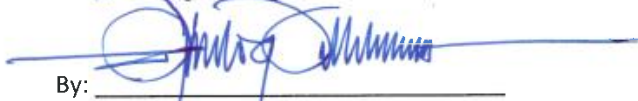

property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.

E. All policies of insurance shall contain a provision or endorsement that the coverage afforded will not be canceled or reduced in limits by endorsement, and that renewal will not be refused, until at least 10 days prior written notice has been given to the primary insured. Upon receipt of such notice, the receiving party shall promptly forward a copy of the notice to the other party to this Agreement.

F. At any time, Owner may request that Engineer or its Consultants, at Owner's sole expense, provide additional insurance coverage, increased limits, or revised deductibles that are more protective than those specified in Exhibit A. If so requested by Owner, and if commercially available, Engineer shall obtain and shall require its Consultants to obtain such additional insurance coverage, different limits, or revised deductibles for such periods of time as requested by Owner, and Exhibit A will be supplemented to incorporate these requirements.

**IN WITNESS WHEREOF**, the parties have entered into this agreement on the dates indicated by their respective names.

Subject: **Construction Management Services for  
Route 4 Relief Sewerline Rehabilitation and Replacement  
GWA Project No. S15-006-EPA**

Gentlemen,

We are pleased to submit our estimated fee proposal as follows for the subject based on the proposed scope of work and as specified or indicated in the RFP documents:

**I. One Contractor for Schedule A and Schedule B**

*Note: No change in our negotiated fee*

1) Preconstruction.....	\$ - 0-
2) Construction Phase.....	\$ 605,683.40
3) Post-Construction Phase.....	\$ 23,693.82
4) Misc. Expense Items.....	\$ 17,513.00

**Total Estimated fees for Item I ..... \$646,890.22**

**II. Additive fees, two different Contractors for Schedule A and Schedule B.**

*Note: Schedule A & Schedule B notice to proceed (NTP) start date shall be commenced at the same time.*

1) Preconstruction.....	\$ - 0-
2) Construction Phase.....	\$ 55,787.91
3) Post-Construction Phase.....	\$ - 0-
4) Misc. Expense Items.....	\$ - 0-

**Total Additive fees for Item II ..... \$ 55,787.91**

Summary and Details of these fee estimates are attached herewith.

Estimates are based on the following:

- 1) Rehabilitation of sewer system in the villages of Hagatna, Along Route 4 and Route 1, from McDonald's on Route 4, to the Agana Main Sewer Pump Station on Route 1.

ENGINEERING MANAGEMENT & PLANNING SERVICES CORPORATION

**Testing**

**i. concrete cylinder testing**

a. Concrete collar for paved area

3 MH x \$100 per cylinder sample (laboratory test) x 3 sample = \$900  
 3 MH x \$60/hr (stand by time) x 1 hour = \$180  
 Laboratory technician = 3MH x \$52/hr x 1hr = \$156

b. Controlled Low Strength material (CLSM) @ every 100 ft

5 test x \$100 per cylinder sample (laboratory test) x 3 sample = \$1,500  
 5 test x \$60 hr (stand by time) x 1 hr = \$300  
 Laboratory technician = 5 test x \$52/hr x 1 hr = \$260

i. Total concrete cylinder testing = \$3,296

**iii. Grout testing**

a. Rehabilitation of sewer manhole

7 MH x \$50/test MH = \$350  
 7 MH x \$60/hr (stand by time) x 1hr = \$420  
 Laboratory technician = 7 MH x \$52/hr x 1 hr = \$364

iii. Total grout testing = \$1,134

**iv. Field density for compaction control**

15 test x \$115/test = \$1,725  
 Field technician, per hour = 15 test x \$52/hr = \$780

iv. Total field density for compaction control = \$2,505

**v. Soil Density test and reports**

a. Particle size distribution - Sieve analysis

2 test x \$65 = \$130

b. Maximum Dry Density - Proctor Analysis

4 test x \$135 = \$540

ITEM DESCRIPTION	Qty	Unit	Multiplier	Unit	Manhours
c. LL, PL PI - Plasticity Limits					
1 test x \$205 =					\$205
d. Field technician= 4 test x \$52/hr x 1 hr =					\$208

Subject: Notice To Proceed

Hafa Adai Mr. Schulte,

You are hereby notified to commence work in accordance with the enclosed approved contract dated August 29, 2018 on or before September 3, 2018 and you are to fully complete the project within 480 calendar days thereafter.

The date of completion of all work is, therefore, not later than December 26, 2019.

Sincerely,

THOMAS F. CRUZ, P.E.  
Chief Engineer

Enclosure: Approved Original Contract

**ACCEPTANCE OF NOTICE**

Receipt of the above Notice to Proceed is hereby acknowledged this 3 day of September, 2018.

Contractor: Insituform Technologies, LLC  
Print Name & Title: Whittney Schulte, Contracting & Attesting Officer  
Signature:

**G.L. NO.** S203.105321.520000  
**Contract No.:** 793 OM  
**Vendor No.:** 15587  
**Amount:** \$230,759.62

RECOMMEND APPROVAL:  
Thomas Cruz, P.E. Date  
 Chief Engineer

**Nature of Changes:**

This Change Order serves to extend the contract time by 216 days and provides for an additional cost of \$230,759.62. These changes are necessary to continue providing CM services for the construction of sewer improvement facilities under two GWA construction contracts - one with PPBC, one with InsituForm. The extension of 216 days is required to extend the Construction Management (CM) Services to the end of June 2020 due to severe delays throughout the project mainly from permit requirements. The total cost of the additional time is estimated to cost approximately \$230,759.62 to cover CM services as described in Enclosure 1.

**Enclosures:**

- 1) Proposed Change Order #1 - Time Extension for Construction Management Services - Rt.4 Sewer Rehabilitation and Replacement

**The changes result in the following adjustment of contract price and time:**

Contract price prior to this change order	<u>\$702,678.13</u>
Net increase from this Change Order (subject to approved terms & conditions)	<u>\$230,759.62</u>
Current contract price including this Change Order	<u>\$933,437.75</u>
Contract time prior to this Change Order <u>545</u> calendar days	Completion date - <u>11/27/2018</u>
Net increase resulting this Change Order <u>216</u> calendar days	Additional <u>216</u>
Current contract time including this Change Order <u>768</u> calendar days	New Completion Date - <u>6/30/2020</u>

**Project: GWA Project no. S15-006-EPA, Route 4 Relief Sewer line Rehabilitation and Replacement**

**Subject: Proposed Change Order No.1 – Time Extension for Construction Management Services**

Gentlemen,

We would like to submit our fee proposal of **Two Hundred Thirty Thousand Seven Hundred Fifty-nine and 62/100 U.S. Dollars (\$230,759.62)** to cover the additional time extension of 216 calendar days based on PBBC's time extension end date to June 30, 2020.

The extended CM efforts will involve to the following Project Management, Project Engineering/Inspection and Administration tasks during the additional time period:

1. Prepare and continue project correspondence, reports and inspection documentation as required to monitor project activities and foresee issues during construction.
2. Continue conduct project meetings as required for clear communication of contract requirements and adherence to schedules.
3. Track all requests for information and continue to assist GWA with the development of a response to RFIs regarding any aspect of the contract documents.
4. Notify GWA regarding any issues that arise during construction of the project that could result in claims and/or disputes.
5. Provide and ensure that the project is efficiently managed and constructed according to the terms of the contract.
6. Provide a full time competent on-site inspector to observe all activities of other Contractor on-site to ensure that the work is accomplished by the Contract documents and applicable permits.

Please give us a call or contact us via email if you have questions regarding this proposal.

Thank you very much.

Very Truly,

Al Tyrone A. de Guzman, P.E.

Project Manager

**GUAM WATERWORKS AUTHORITY**

*"Better Water, Better Lives."*

Gloria B. Nelson Public Service Building | 688 Route 15 | Mangilao, Guam 96913

Tel: (671) 300-6846

## **Issues for Decision**

### **Resolution No. 15 - FY2020**

#### **Relative to Authorizing the Issuance and Sale of Guam Waterworks Authority Water and Wastewater System Revenue Bonds and/or Refunding Bonds**

##### **What is the project's objective and is it necessary and urgent?**

In accordance with the CCU-adopted *GWA Five Year Financial Plan and Capital Improvements Program (FY20-FY24)*, GWA requires the issuance of additional bonds to fund needed capital improvement projects which include:

- Projects to complete the 2011 Court Order: \$39,550,000
- Projects to address upcoming regulatory priorities which are the subject of on-going enforcement negotiations with US EPA: \$38,625,000
- Projects to address reduction of non-revenue water in GWA's water distribution system: \$11,637,000
- Other projects needed to address environmental safety and compliance, system capacity, operational efficiency and other requirements: \$13,860,000

GWA had intended to obtain all necessary approvals for this bond issuance at the beginning of FY20 in order to meet the schedule requirements of the 2011 Court Order. There have been undue delays in the approval process, and therefore, the need for issuance of the bonds to obtain funding necessary to complete Court Order related projects is very urgent and necessary.

GWA is also seeking authorization to evaluate/confirm the feasibility of refunding bonds to redeem or otherwise retire outstanding GWA revenue bonds (Series 2013) and, if deemed feasible, subsequently reissue for potential cost savings concurrent with the issuance of new revenue bonds.

##### **Where is the location?**

The issuance of the bonds will provide needed funding outlined in the 5-Year Capital Improvement Program for projects island-wide.

##### **How much will it cost?**

The *GWA Five Year Financial Plan and Capital Improvements Program (FY20-FY24)* calls for the 2020 Series Bonds to be issued at a par value equal to GWA's remaining legal authorization for financing at One Hundred Thirty-Four Million dollars (\$134,000,000).

GWA may realize cost savings on debt service for existing Series 2013 bonds should the evaluation of refunding bonds indicate so. Cost savings will be dependent on market conditions at the time of projected issuance.

**When will it be completed?**

The Series 2020 revenue bonds, and any refunding bonds, are anticipated to be issued in mid-May of 2020. The CIP projects to be funded with the Series 2020 bonds are scheduled over the 5-year period covered by the *GWA Five Year Financial Plan and Capital Improvements Program (FY20-FY24)*.

**What is the funding source?**

The Series 2020 Bonds will be funded through the purchase of the bonds as investments through the financial markets.

**The RFP/BID responses (if applicable): N/A**

CONSOLIDATED COMMISSION ON UTILITIES  
Guam Power Authority | Guam Waterworks Authority  
P.O. Box 2977 Hagatna, Guam 96932 | (671)649-3002 | guamccu.org

**GWA RESOLUTION NO. 15-FY2020**

**RESOLUTION AUTHORIZING THE ISSUANCE AND SALE OF GUAM WATERWORKS AUTHORITY WATER AND WASTEWATER SYSTEM REVENUE BONDS AND/OR REFUNDING BONDS, APPROVING FORMS OF RELATED DOCUMENTS, AGREEMENTS AND ACTIONS, AND AUTHORIZING THE EXECUTION AND DELIVERY THEREOF**

**WHEREAS**, Article 2, Chapter 14, Title 12 of the Guam Code Annotated (the “Act”) authorizes Guam Waterworks Authority (the “Authority”) to issue revenue bonds to raise funds for the purpose of acquiring, constructing, improving, equipping, maintaining, repairing, renewing, replacing, reconstructing or insuring the System (as that term is defined in the Act), or any part thereof, or for the purpose of redeeming or retiring any such bonds or any other prior obligations of the Authority, or for any combination of such purposes, in accordance with and subject to the requirements and limitations set forth in the Act; and

**WHEREAS**, this Consolidated Commission on Utilities (the “Commission”) has determined that there exists a need for certain additions and improvements to the System, including certain water production, treatment and distribution projects, certain wastewater collection and treatment projects, and certain electrical projects, contained in the Authority’s Capital Improvement Plan (collectively, the “Projects”), that a certain number of the Projects requiring immediate financing are for Court Order (approximately forty million dollars), potential Consent Decree (approximately thirty nine million dollars), and water loss control (approximately twelve million dollars), and has determined that it is in the public interest for the Authority to issue bonds pursuant to the Act for such purposes; and

**WHEREAS**, the Authority has informed this Commission that the opportunity has arisen to issue refunding bonds to redeem or otherwise retire a portion of the outstanding Guam

1 Waterworks Authority Water and Wastewater System Revenue Bonds, Series 2013 (the “Prior  
2 Bonds”) for debt service savings; and

3  
4 **WHEREAS**, the Authority has determined it is necessary and desirable to issue one or  
5 more series of Guam Waterworks Authority Water and Wastewater System Revenue Bonds to  
6 finance the Projects (as more particularly defined in Section 2, “New Bonds”) and to redeem or  
7 otherwise retire a portion of the Prior Bonds (as more particularly defined in Section 2, “Refunding  
8 Bonds”) and collectively with the New Bonds, the “Bonds”); and

9  
10 **WHEREAS**, the Authority has previously made and entered into an Indenture dated as of  
11 December 1, 2005 (as previously supplemented and amended, the “General Indenture”), by and  
12 among the Authority, Bank of Guam, as trustee (the “Trustee”) and U.S. Bank National  
13 Association, as co-trustee (the “Co-Trustee”), which authorized one or more series of Guam  
14 Waterworks Authority Water and Wastewater System Revenue Bonds; and

15  
16 **WHEREAS**, there has been presented to this meeting the form of a seventh supplemental  
17 indenture (Exhibit A), by and among the Authority, the Trustee and the Co-Trustee (the  
18 “Supplemental Indenture” and, together with the General Indenture, the “Indenture”), pursuant to  
19 which the Authority proposes to issue the Bonds in one or more series; and

20  
21 **WHEREAS**, the Authority previously has executed a Master Continuing Disclosure  
22 Agreement with Digital Assurance Certification, L.L.C., as dissemination agent (the  
23 “Dissemination Agent”), dated as of December 1, 2005, which authorized one or more  
24 supplemental continuing disclosure agreements to be entered into in connection with the issuance  
25 of one or more series of bonds; and

26  
27 **WHEREAS**, there has been presented to this meeting the form of a supplemental  
28 continuing disclosure agreement (the “Continuing Disclosure Agreement”) (Exhibit B), by and  
29 between the Authority and the Dissemination Agent, in connection with the Bonds; and

30  
31 **WHEREAS**, there has been presented to this meeting the form of a bond purchase  
32 agreement (the “Bond Purchase Agreement”) (Exhibit C), between the Authority and Citigroup

1 Global Markets Inc., as representative (the “Representative”) of itself and Barclays Capital, Inc.,  
2 as underwriters (together, the “Underwriters”), relating to the sale of the Bonds; and

3  
4 **WHEREAS**, the Supplemental Indenture, the Continuing Disclosure Agreement and the  
5 Bond Purchase Agreement are collectively referred to herein as the “Bond Documents”; and

6  
7 **WHEREAS**, there has been presented to this meeting the form of preliminary official  
8 statement of the Authority (the “Preliminary Official Statement”) (Exhibit D) relating to the  
9 Bonds;

10  
11 **WHEREAS**, the Authority has commissioned and presented to this meeting a draft of the  
12 Consulting Engineers Report (Exhibit E), pursuant to the Indenture, to support the issuance and  
13 sale of the Bonds; and”

14  
15 **WHEREAS**, the Authority has requested or will request the Guam Economic  
16 Development Authority (“GEDA”) to approve the issuance and sale of the Bonds pursuant to the  
17 Act and Section 50103(k) of Title 12, Guam Code Annotated;

18  
19 **WHEREAS**, the Authority is authorized to request that the Public Utilities Commission  
20 of Guam (the “PUC”) approve the issuance of the Bonds pursuant to the Act;

21  
22 **WHEREAS**, in accordance with the Act, the authorization provided by this resolution to  
23 sell and issue the Bonds has been approved by *I Liheslaturan Guahan* (the “Legislature”) pursuant  
24 to the terms and conditions set forth in Public Law No. 28-71, as amended by Public Law Nos. 30-  
25 145 and 32-069 (collectively, the “Legislation”);

26  
27 **NOW, THEREFORE, BE IT RESOLVED**, by Consolidated Commission on Utilities as  
28 follows:

29 Section 1. The foregoing recitals are true and correct.

30 Section 2. Issuance of one or more series of additional Bonds from time to time  
31 pursuant to the Act and the General Indenture as supplemented by the Supplemental  
32

1 Indenture to be designated as “Revenue Bonds” or “Revenue Refunding Bonds” as  
2 appropriate (or as otherwise designated by the Supplemental Indenture, as finally  
3 executed) is hereby authorized (i) in an aggregate principal amount not to exceed  
4 \$134,000,000 to finance the Projects, to pay costs of issuance, to pay for credit  
5 enhancement, if any, to pay for capitalized interest, and to fund a deposit to a debt  
6 service reserve fund, if any (the additional bonds authorized to be issued for such  
7 purposes, the “New Bonds”), plus (ii) with respect to the Prior Bonds, in a principal  
8 amount not to exceed a principal amount sufficient to provide funds for the redemption  
9 or retirement of such Prior Bonds, plus the related costs of issuance and of such  
10 redemption or retirement (the additional bonds authorized to be issued for such  
11 purposes, the “Refunding Bonds”). Such Bonds shall be issued in such series and  
12 amounts and at such times as the Chair of the Commission, the Vice-Chair of the  
13 Commission or the General Manager of the Authority (the “Designated Officers”)  
14 deem appropriate, provided that such Bonds have a final maturity not later than 30  
15 years from their date of issuance with respect to the New Bonds, and not later than the  
16 final maturity of the Prior Bonds with respect to the Refunding Bonds, bear interest at  
17 such rate or rates and are sold for such price or prices not exceeding any limitation  
18 established by the Legislation, and are issued and sold pursuant to the Indenture and  
19 otherwise in compliance with the provisions of the Act.  
20  
21  
22  
23  
24  
25  
26

27 The Bonds shall be limited obligations of the Authority payable solely from  
28 revenues and other assets of the Authority pledged for such purpose and shall not be a  
29 debt or liability of the Government of Guam.

The Chair of the Commission and the appropriate officials of the Authority are hereby authorized and directed, subject to the approval of the PUC, to execute and countersign, for and on behalf and in the name of the Authority and under its seal, the Bonds, in an aggregate principal amount not to exceed the amount authorized hereby, in accordance with the Indenture.

Section 3. The form of Preliminary Official Statement presented to this meeting is hereby approved, with such additions, changes and modifications as the Designated Officers may approve upon consultation with legal counsel, such approval to be conclusively evidenced by the execution thereof or of a certificate deeming final the Preliminary Official Statement for purposes of Rule 15c2-12 of the Securities and Exchange Commission by one or more of the Designated Officers, who are each hereby authorized and directed, subject to the approval of the PUC, to execute the same and to authorize the Underwriters to distribute such Preliminary Official Statement to potential purchasers of the Bonds and other interested parties. The Designated Officers are also hereby authorized to execute and cause to be delivered a final Official Statement to purchasers of the Bonds and other interested parties, with such additions, changes and modifications from the Preliminary Official Statement as the Designated Officers may approve upon consultation with staff and legal counsel, such approval to be conclusively evidenced by the execution and delivery of the final Official Statement by one or more of the Designated Officers. The Underwriters are hereby authorized to cause the Official Statement to be delivered to the purchasers of the Bonds and to be distributed in preliminary form in connection with the marketing and sale of the Bonds.

The Bond Documents presented to this meeting are hereby approved, with such additions, changes and modifications as the Designated Officers may approve upon consultation with legal counsel, such approval to be conclusively evidenced by the Bond Documents executed by such Designated Officers, who are each hereby severally authorized and directed, subject to the approval of the PUC, to execute the same.

Section 5. The Designated Officers are hereby authorized to approve such bond insurance, surety bond (including a surety bond which may substitute for a deposit in a bond reserve fund under the Indenture) or other supplemental security arrangements for the Bonds as are approved by the Designated Officers, and to approve any other similar agreements deemed by the Designated Officers to be necessary or appropriate in connection therewith.

Section 6. The appropriate officials of the Authority are hereby authorized and directed to do any and all things and to execute and deliver any and all documents, certificates, notices, directions, consents and agreements which they may deem necessary or advisable in order to effectuate the purposes of this resolution, including, without limitation, closing documents and certificates, including a tax certificate, an escrow agreement, amendments to any existing agreements and any documents or agreements necessary in order to obtain credit enhancement for the Bonds or the obligations of the Authority with respect thereto.

Section 7. All actions heretofore taken by the officers, representatives or agents of the Authority in connection with the issuance and sale of the Bonds are hereby ratified, confirmed and approved.

Section 8. The Bonds shall not be issued without the approval of the Guam Public Utilities Commission in accordance with the Act and Chapter 12 of Title 12, Guam Code Annotated, and shall be in all respects subject to such approval and to the terms and conditions of the approval of GEDA, and to the terms and conditions of the Legislation.

Section 9. This resolution shall take effect from and after its adoption.

**RESOLVED**, that the Chairman certified and the Board Secretary attests to the adoption of this Resolution.

**DULY AND REGULARLY ADOPTED**, this 28<sup>th</sup> day of January 2020.

# GENERAL MANAGER'S REPORT

## JANUARY 2020

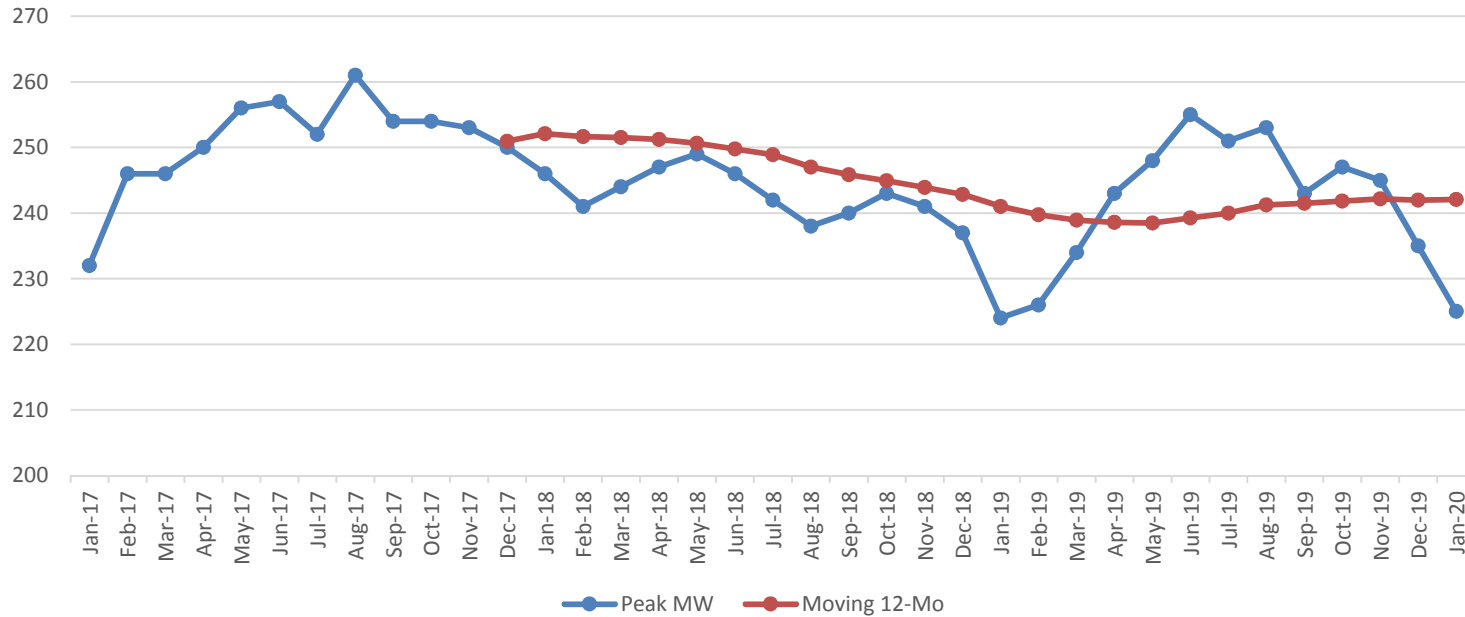

1. **Generation System:** The following is the generation forecast for February 2020:

Projected Available Capacity: 352 MW  
 Projected Demand: 228 MW  
 Anticipated Reserve Margin: 124 MW

- The following updates monthly peak MW demand ending January 14, 2020:

**System Peak MW Demand**

## 2. Net Metering (NEM) Growth Thru December 2019:

## 2. Net Metering (NEM) Growth Thru December 2019 (Cont'd):

### 3. Energy Sales Thru October 2019:

Monthly Energy (KWH) Sales

# Demand Side Management (DSM)

6

4. Program directly reduces energy cost to customer at a one time fixed rebate. These expenses funded from base rate. I have added \$500K from FY 2020 budget to cover expenses thru March 2020 in order to provide time for PUC to approve placing DSM under LEAC.

## DSM PROGRAM SUMMARY

Description	FY16	FY17	FY18	FY19	FY20 Thru December 31, 2019	Total to Date
Regular/OT Pay	\$11,348.80	\$22,256.00	\$26,121.83	\$50,715.19	\$6,059.80	\$116,501.62
Other Contractual	\$28,278.50	\$85,550.05	\$116,977.50	\$3,025.00	\$0.00	\$233,831.05
Ads & Radio Announcements	-	-	-	\$7,500.00	\$1,500.00	\$9,000.00
Paid Rebates- Split AC	\$154,700.00	\$557,275.00	\$1,349,825.00	\$1,374,650.00	\$237,925.00	\$3,674,375.00
Paid Rebates- Central AC	\$3,400.00	\$8,200.00	\$4,400.00	\$6,500.00	\$1,000.00	\$23,500.00
Paid Rebates- Washer/Dryer	\$2,800.00	\$7,425.00	\$57,200.00	\$110,800.00	\$21,200.00	\$199,425.00
<b>Total Expenses</b>	<b>\$200,527.30</b>	<b>\$680,706.05</b>	<b>\$1,554,524.33</b>	<b>\$1,553,190.19</b>	<b>\$267,684.80</b>	<b>\$4,256,632.67</b>
Bank Interest (+)	\$1,676.42	\$1,722.74	\$1,222.29	\$730.05	\$127.57	\$5,479.07
Bank Fees	\$155.00	\$1,032.06	\$1,085.08	\$1,247.54	\$145.00	\$3,664.68

## 5. PUC DOCKETS:

- **GPA Docket 20-01:** The PUC approved the proposed Consent Decree with USEPA at their meeting on December 5, 2019. Both MEC and myself have signed the approved Consent Decrees.

## 6. Award of Phase III:

- Notice of Intent to Award, subject to CCU and PUC approvals to Engie Solar was made on October 4, 2019. A protest was filed by GlidePath on October 9, 2019. GPA denied the protest and the procurement is currently before the OPA for hearings and decision.

## 7. Informational Briefings Conducted:

- Powering the Future to Members, Guam Association of Government Accountants (AGA) was conducted on Wednesday January 22, 2020.

## 8. Integrated Resource Plan:

- GPA has begun the process of updating the IRP considering that almost all the significant task within the current IRP have been achieved or contracted for. The AGMET has begun the process which would include stakeholder participation. We hope to complete a draft for the CCU consideration this summer. The key features of the updated IRP include an updated load forecast, fuel forecast, conventional generation mix, renewable generation mix, diversified fuel source, reliability amongst other factors including investments required to support the updated IRP.

## 9. Bond Ratings:

- GPA bond rating was upgraded by Fitch from BBB- to BBB Stable this week. This is a significant upgrade which will save ratepayers borrowing cost when in the near future we look at refinancing our 2012 bonds or if we had to issue bonds for upgrades in the transmission system to accommodate more renewables.
- We also recently had a conference call with Moody's updating them on the latest accomplishments similar to the presentation we did for Fitch. However, because one of Moody's criteria is that GPA bond ratings will not be rated more than two notches above the GovGuam ratings, we don't anticipate any upgrades from Moody's because this is currently the situation.

## 10. The following graphs show the updated system information:

# Historical Monthly Peak Demand October 2013 - Dec 2019

■ Peak Demand    — 12-month Rolling Average    — 2-year Rolling Average    — 3-year Rolling Average

# Historical KWH Sales Jan 2016 - Dec 2019

# SYSTEM GROSS HEAT RATE (KWH/Gal) Aug 2015 - Dec 2019

## Gross and Net Generation (KWH) Jan 2016 - Dec 2019

## Fuel Cargo and Fuel Consumption Costs (\$/bbl) Jan 2016 - Dec 2019

# Guam Power Authority Electric Rate Preliminary Study Results

Mark Beauchamp, CPA, CMA, MBA  
President  
Utility Financial Solutions  
616-393-9722

# Metering Today

- In 2017 - 52% of residential customers have AMI metering:

## Residential Meters in US (EIA 2017 Data)

Total Meters	133,151,163
Meters with AMI	69,474,626
Percent AMI	52%

- Utilities have ability to charge accurate rate structures, but change can be difficult
  - Education staff, education management, education governing body, education intervenors, education customers

# Industry Challenges

- Intervenors
  - Solar Customers
  - Solar Installers
  - Environmental groups
  - Customers
  - Low income impacts
  - Often valid arguments - Not always based on utility costs
- Need to maintain bond ratings - evaluation criteria

# Industry Challenges

- Average residential electric usage declining

## Change in Residential Consumption

Average Residential Consumption - 2010	952
Average Residential Consumption - 2017	856
Reduction	10.0%

- Installation of Roof Top Solar – EIA 2017

	Capacity MW	Customers	Customers - Storage	mWh Sold Back
Residential Customers on Net Metering	9,487	1,626,283	2,316	430,481
Residential Customers in California	4,129	785,215	1,729	98,134
California as Percent of Total	44%	48%	75%	23%

# Market Share - Electric Vehicles

Figure 1. Projections of U.S. market share of EVs from three sources: the Energy Policy Simulator (EPS) 1.3.1 BAU case, the Energy Information Administration (EIA) Annual Energy Outlook 2017 "No Clean Power Plan" side case, and the Bloomberg New Energy Finance (BNEF) Electric Vehicle Outlook 2017.

U.S. electric vehicle deployment forecast to 2050 ENERGY INNOVATION

# How is the Industry Addressing the Challenges

- Development of rates reflective of our costs
  - Fixed costs to service a meter recovered in the customer charge (controversial)
  - Fixed costs of distribution infrastructure recovered in demand charges (education)(Marginal or Embedded)
  - Energy rates reflective of costs during on-peak, off peak (critical peak) time periods (Tends to include Power Supply and Transmission Costs)

In other words; identifying fixed costs and variable costs of providing service and offering rate structures reflective of our costs

# Ideal Cost Based Residential Rate Structure

Cost Based Rate Design				Option One	Option Two	Billing Unit
Production Demand Coincident with System Peak					\$14.12	kW
Distribution Demand Based on Customers Maximum Demand	\$	2.19			2.19	kW
Energy Charge - Critical Peak				0.165	0.061	kWh
Energy Charge - On-Peak				0.112	0.061	kWh
Energy Charge - Off-Peak				0.048	0.048	kWh
Customer Charge	\$	21.44	\$	21.44		Monthly

**If this is ideal, how do we get there?**

# Industry Rate Trends & Rate Transition Plans

Demand Charges –  
AMI required

Time of Use Rates –  
AMI required

Cost Based Customer  
charges

Grid access fees

Inverted block rate  
structure  
differentials are  
being minimized

Customer Charges  
based on size of  
service

Low Income  
assistance programs

Movement away  
from net metering  
for customer  
installed renewables

# PGE Rate Transition Plan

[https://www.pge.com/en\\_US/residential/rate-plans/how-rates-work/rate-changes/residential-rate-changes/residential-rate-changes.page](https://www.pge.com/en_US/residential/rate-plans/how-rates-work/rate-changes/residential-rate-changes/residential-rate-changes.page)

2015	2016	2017	2018	2019-2020
Tier Price Adjustment Minimum Bill Increase	New Time-of-Use Rate Options FERA Monthly Fixed Discount Tiers Consolidated from 4 to 3 Tier Price Adjustment Minimum Bill Methodology Change	Tiers Consolidated from 3 to 2 High Usage Surcharge Tier Price Adjustment	Tier Price Adjustment	Transition Most Residential Customers to Time-of-Use Rates

- FERA Family Electric Rate Assistance – Qualified low income program

# GPA Financial Projection and Cost of Service Study

# Discussion

- Review Financial Projections & Targets
  - Debt Coverage Ratio
  - Minimum Cash
  - Target Operating Income
- Review Cost of Service Results
  - Cost to service each class of customers
  - Monthly Customer Charges
- Condo/Apartment Alternatives

# Assumptions

- Annual Inflation 2.5%
- Annual Civilian Growth:
  - 2020 – 0.5%
  - 2021 – -0.1%
  - 2022 – -0.2%
  - 2023 – 1.1%
  - 2024 – 0.6%
- Navy Growth:
  - 2021 – 4.4%
  - 2022 – 1.3%
  - 2023 – 5.1%
  - 2024 – 2%
- Fuel Supply Change
  - 2020 – 2.7%
  - 2021 – 17.4%
  - 2022 – 5.2%
  - 2023 – -12.3%
  - 2024 – 0.5%
- Capital Improvements
  - 2020 – \$71.5M
  - 2021 – \$25.5M
  - 2022 – \$26.25M
  - 2023 – \$22M
  - 2024 – \$22.75M

## Coverage Ratios (Current Rates)

Description	Projected 2020	Projected 2021	Projected 2022	Projected 2023	Projected 2024
<b>Debt Coverage Ratio</b>					
Earnings from Operations	\$ 34,058,490	\$ 38,457,749	\$ 36,379,702	\$ 36,183,938	\$ 44,279,572

# Customer Charges (Base Charges) Cost Component Recovery

Recovers cost  
for  
connection  
to Grid at  
zero kWh  
consumption

- Meter operation, maintenance and replacement costs
- Meter reading costs or AMR installation costs
- Billing Costs
- Customer Service Department
- Service into customers facilities
- **Portion of Distribution System based on minimum system**

# Customer Charges Cost Component Recovery

Increasing customer charges helps stabilize revenue recovery for utility

Reduces subsidy between year-round customers and seasonal customers

Will impact low use customers

Low income compared with low use

*Low income customers are not always low use customers*

# Monthly Charge

Customer Class	COS Customer Charge	Current Average Customer Charge
Residential (R)	\$ 32.36	\$ 15.00
Small General (G 1φ)	32.36	14.16
Small General (G 3φ)	63.28	14.16
Small Govt. (S 1φ)	32.36	14.16
Small Govt. (S 3φ)	63.28	14.16
General Service (J 1φ)	157.18	38.33
General Service (J 3φ)	157.64	38.33
Large Power (P)	310.62	59.25

# Condo/Apartments

- Current billed in three rate classes:

	Units J3	Units P	Units G1
Customers	14	10	1
Energy Usage	5,725,954	16,642,461	1,244,529
Demand - kW	13,343	33,661	3,186

- Option: Movement to Cost of Service Based Rates would lower the charges by 8.7% and reduce GPA's revenue recovery by \$553,000

# Revenue Recovery Options:

- Increase all rate classes (Except Navy) by 0.4%
  - Residential Impact \$0.35/Month
- Apply increase only to residential class:
  - Residential Impact \$1.05/Month
- Postpone adjustment until 2023:
  - Base rate adjustment of 8.4% is anticipated
  - Fuel costs are projected to decline 13.1%
  - Anticipated overall residential rate reduction of 8.1%

# Questions

**GUAM POWER AUTHORITY**  
**ATURIDAT ILEKTRESEDAT GUAHAN**  
**P O BOX 2977, AGANA, GUAM 96932-2977**  
**Telephone: (671) 648-3066 Fax: (671) 648-3168**

**GUAM POWER AUTHORITY**  
**FINANCIAL STATEMENT OVERVIEW**  
 November 2019

Attached are the financial statements and supporting schedules for the month and fiscal year ended November 30, 2019.

**Summary**

The increase in net assets for the month ended was \$1.9 million as compared to the anticipated net increase of \$1.0 million projected at the beginning of the year. The total kWh sales for the year were 2.49% less than projected and non-fuel revenues were \$0.3 million less than the estimated amount. O & M expenses for the month were \$5.9 million which was \$0.4 million less than our projections for this year. Other expenses for the month such as interest expense, IPP costs, (net of interest income and other income) totaled to \$3.0 million, which was right in line with the projected amounts. There were no other significant departures from the budget during the period.

**Analysis**

Description	Previous Month	Current Month	Target
Quick Ratio	2.62	2.31	2
Days in Receivables	43	43	52
Days in Payables	32	42	30
<b>LEAC (Over)/Under Recovery Balance -YTD</b>	\$8,209,522	\$7,887,109	\$10,505,912
T&D Losses	5.33%	5.33%	<7.00%
Debt Service Coverage	1.64	1.62	1.75
Long-term equity ratio	0.90%	1.24%	30 – 40%
Days in Cash	221	230	60

The Quick Ratio has been a challenge for GPA historically. However, the influx of cash from insurance proceeds continued to improve this ratio. GPA has current obligations of approximately \$90 million and approximately \$208 million in cash and current receivables. The LEAC over-recovery for the month was \$0.3 million. Debt Service Coverage ratio is calculated using the methodology in use before the Fiscal Year 2002 change in accounting practice.

**Financial Statements  
November 2019**

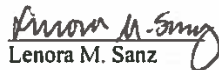

---

**Significant Assumptions**

The significant assumptions in the financial statements are as follows:

- Accrual cutoff procedures were performed at month end
- An inventory valuation is performed at year-end only
- Accounts Receivable includes accruals based on prior months' usage.

## Issues for Decision

### Resolution No. 2020-01

#### **Relative to Authorizing Management to Require All Future Net Metering Solar PV and Wind Turbine Systems to also have Frequency Control Capability or Energy Storage System (ESS) in Order to be Tied in to GPA's Grid**

##### **What is the project's objective and is it necessary and urgent?**

Guam Public Law 27-132 (December 2004) created Net Metering for Guam and assigned the Guam Public Utilities Commission (PUC) the responsibility for setting the Net Metering Rate for excess renewable energy fed into GPA's Distribution System. NEM customers receive services from the grid subsidized by non-NEM customers including but not limited to:

- 1) Use of the grid to sell power (get credit at full retail rate for excess production);
- 2) Use of the grid to energize their homes at night, but credited back from their production (uses GPA Grid as storage);
- 3) Frequency regulation absorbed by grid for intermittencies;
- 4) Reactive power supply;
- 5) Voltage regulation;
- 6) Stand-by power on overcast days when the sun does not shine.

Solar PV production is intermittent and requires an accompanying energy storage system such as a battery to provide a fairly smooth energy into the home or grid. GPA is purchasing energy from a 25 MW solar farm in Dandan. In addition, there are about 2,035 net metering customers with a total capacity of about 22 MW of net metering customers tied in to the grid without batteries. The result of all these intermittent productions has degraded the reliability of the system. Solar PV Production is inconsistent and requires substantial battery reserves. The number of under frequency automatic load shedding due to solar PV systems has increased substantially over the past few years.

As of October 31, 2019, there has been 27 caused feeder trips or outages due to solar PV systems without batteries. Although, the new 40 MW frequency control batteries GPA is installing would decrease these outages, we cannot continue to add intermittent energy production into the grid because uncontrolled solar PV energy will degrade system reliability again. GPA cannot continue to add intermittent energy production into the grid without requiring all future customer owned solar PV and wind turbine systems to also have Frequency Control Capability or Energy Storage System (ESS). The lack of ESS in the system substantially degrades the reliability of non-solar customers.

**When will it be completed?** Therefore, **effective June 01, 2020**, all new NET Metering Solar PV and Wind Turbine systems must also have Frequency Control Capability or Energy Storage System (ESS) in order to be tied in to GPA's grid. In the event that PUC sets a rate for energy storage per user, the new user may choose to pay the rate instead of providing Frequency Control Capability or Energy Storage System (ESS).

**CONSOLIDATED COMMISSION ON UTILITIES**

**RESOLUTION NO. 2020-01**

**AUTHORIZING MANAGEMENT TO REQUIRE ALL FUTURE NET METERING SOLAR PHOTOVOLTAIC (PV) AND WIND TURBINE SYSTEMS TO ALSO HAVE FREQUENCY CONTROL CAPABILITY OR ENERGY STORAGE SYSTEM (ESS) IN ORDER TO BE TIED IN TO GPA'S GRID**

**WHEREAS**, Guam Public Law 27-132 (December 2004) created Net Metering (NEM) for Guam and assigned the Guam Public Utilities Commission (PUC) the responsibility for setting the Net Metering Rate for excess renewable energy fed into GPA's Distribution System; and

**WHEREAS**, NEM customers receive services from the grid subsidized by non-NEM customers including but not limited to:

- 1) Use of the grid to sell power (get credit at full retail rate for excess production);
- 2) Use of the grid to energize their homes at night, but credited back from their production (uses GPA Grid as storage);
- 3) Frequency regulation absorbed by grid for intermittencies;
- 4) Reactive power supply;
- 5) Voltage regulation;
- 6) Stand-by power on overcast days when the sun does not shine; and

**WHEREAS**, as ordered by the Consolidated Commission on Utilities (CCU), GPA has conducted and completed several public meetings to:

- 1) Address net metering stakeholders' concerns and obtain feedback;
- 2) Evaluate stakeholder feedback;
- 3) Perform analysis regarding net metering impacts on GPA especially on non-net metering customers;
- 4) Propose recommendations on whether or not changing the current net metering program is in the best interests of customers while insofar as possible alleviating net metering customer concerns; and

**WHEREAS**, on its May 30, 2019 meeting, the PUC under Docket 19-04 ordered GPA to not make any change to the current NEM retail price. It also ordered for GPA and PUC to agree on an independent consultant to determine the cost and benefits of NEM including the benefits distributed generation may have in the distribution system. The PUC will entertain the report when completed and will address the matter further at that time or once the total NEM KW capacity reaches about 26MW; and

32           **WHEREAS, Exhibit A** is one illustration that show Solar Photovoltaic (PV) production is intermittent and  
33 require an accompanying energy storage system such as a battery to provide a fairly smooth energy into the  
34 home or grid; and

35           **WHEREAS**, GPA is purchasing energy from a 25 MW solar farm in Dandan. In addition, there are about  
36 22 MW of net metering customers tied in to the grid without batteries. The result of all these intermittent  
37 productions has degraded the reliability of the system. GPA has shown graphs of the GlidePath solar PV farm in  
38 Dandan during several consecutive weeks of rain, as illustrated on **Exhibit B**; and

39           **WHEREAS, Exhibit C** illustrate the number of under frequency automatic load shedding due to solar PV  
40 systems has increased substantially over the past few years. As of October 31, 2019, there has been 27 caused  
41 feeder trips or outages due to solar PV systems without batteries. Although, the new 40 MW frequency control  
42 batteries GPA is installing would decrease these outages, we cannot continue to add intermittent energy  
43 production into the grid because uncontrolled solar PV energy will degrade system reliability again; and

44           **WHEREAS**, the customers paying for the system grid are non-solar PV customers who are experiencing  
45 substantial outages due to solar PV customers facility intermittency; and

46           **WHEREAS**, GPA completed its Joint Renewable Integration Study with the United States Navy in  
47 July 2018;

48           **WHEREAS**, this Study made the following observations:

- 49           • All PV added after Phase II is at risk of considerable curtailment without load-shifting ESS;
- 50           • NEM will exacerbate this curtailment resulting in curtailment of less expensive Phase II  
51 energy for much more expensive NEM produced energy at the retail rate;
- 52           • All PV added with and after Phase II require additional ESS support during transient events;
- 53           • All PV added with and after Phase II require additional Short-Circuit Ratio (SCR) support  
54 supplied by GPA;
- 55           • All ESS should have frequency droop control modes available;
- 56           • Phase III and beyond systems should have energy storage included as an integral  
57 component of the project, in order to optimize the economics of the projects;
- 58           • The PV systems and the energy storage should share the same DC bus configuration behind  
59 one inverter system to reduce the SCR burden on GPA and reduce the PV ramping effects  
60 due to intermittent solar irradiation.

61  
62  
63  
64

65           **WHEREAS**, this study has recommended projects including the new flexible generation power plant that  
66 would ameliorate the above effects;

67           **WHEREAS**, many of these projects are slated for funding beyond 2023;

68           **WHEREAS**, GPA cannot continue to add intermittent energy production into the grid without requiring  
69 all future customer owned solar PV and wind turbine systems to have Frequency Control Capability or Energy  
70 Storage System (ESS). GPA recommends that all new customers must have Frequency Control Capability or  
71 Energy Storage System (ESS) by June 01, 2020.

72

73           **NOW, THEREFORE, BE IT RESOLVED**, by the CONSOLIDATED COMMISSION ON UTILITIES as follows:

74           1.       The General Manager has determined that the number of under frequency automatic load  
75 shedding due to solar PV systems has increased substantially over the past few years and  
76 uncontrolled solar PV energy has significantly degraded system reliability. Those whose  
77 reliability is impacted substantially are the non-solar customers, which are expected to have  
78 improved reliability when the 40 MW ESS is completed.

79  
80           2.       GPA’s existing policy is to have all future utility scale solar PV systems beginning with Phase II  
81 renewables equipped with ESS in order to improve reliability.

82  
83           3.       GPA cannot continue to add intermittent energy production into the grid without requiring all  
84 future customer owned solar PV and wind turbine systems to also have frequency control  
85 capability or Energy Storage System (ESS).

86  
87           4.       Therefore, effective **June 01, 2020**, all new NET Metering Solar PV and Wind Turbine systems  
88 must have Frequency Control Capability or Energy Storage System (ESS) in order to be tied in to  
89 GPA’s grid. In the event that PUC sets a rate for energy storage per user, the new user may  
90 choose to pay the rate instead of providing Frequency Control Capability or Energy Storage  
91 System (ESS).

92

93           **RESOLVED**, that the Chairman of the Commission certifies and the Secretary of the Commission attests  
94 the adoption of this Resolution.

95

96           **DULY and REGULARY ADOPTED and APPROVED THIS 28<sup>TH</sup> DAY OF JANUARY, 2020.**

# STAKEHOLDER OUTREACH ON CCU NET METERING RESOLUTIONS

John M. Benavente, P.E.  
General Manager

January 9, 2020  
CCU Conference Room, 3<sup>rd</sup> Fl  
Gloria B. Nelson Public Service Building  
Fadian, Mangilao

# OVERVIEW

GPA is proposing two (2) changes to the current Net Metering (NEM) program:

1. Require all future solar PV & wind turbine systems to have frequency control capability or energy storage systems (batteries) in order to be tied into GPA's grid; and
2. Remove the annual cash payment and credit roll-over options.

Brief summaries of the issues are provided in this presentation.

# Resolution 2020-01

---

AUTHORIZING MANAGEMENT TO REQUIRE ALL FUTURE NET METERING SOLAR PV AND WIND TURBINE SYSTEMS TO ALSO HAVE FREQUENCY CONTROL CAPABILITY OR ENERGY STORAGE SYSTEM (ESS) IN ORDER TO BE TIED IN TO GPA'S GRID

Net Metering Locations

Document Path: C:\Users\migo\Desktop\Map\_Review\mtd\Map\mtd\mtd.mxd

# ENSURING SYSTEM RELIABILITY

## Continued NEM Growth Without Batteries Will Significantly Degrade Reliability

**Solution: Future NEM Customers Install Batteries**

# SUMMARY - Resolution 2020-01

- GPA is installing two Energy Storage System (ESS) batteries totaling 40 MW of batteries to address reliability issues when conventional generators trip off line.
  - The 40 MW ESS commissioning is within next two months.
- The continued addition of Solar PV Systems without batteries would result in continued degrading of reliability despite ratepayers paying for new \$35M ESS to decrease outages.
- GPA has previously issued policy that all future utility-scale solar PV systems must be installed with batteries. GPA's Phase II and III projects include batteries.
- Net Metering Capacity without Batteries has grown to 22 MW. The continued uncontrolled growth without Batteries increases outages and must be curbed.
- In the event that PUC sets a rate for energy storage per user, the new user may choose to pay the rate instead of providing Frequency Control Capability or Energy Storage System (ESS).
- **CCU Resolution 2020–01, if passed, will require all future NEM customers to install batteries in order to connect to GPA grid.**
  - **GPA recommends the requirement be effective June 1, 2020.**

# Resolution 2019-20

---

AUTHORIZED MANAGEMENT OF THE GUAM POWER AUTHORITY (GPA) TO FILE A REVISION TO INTERIM NET METERING RIDER ADDRESSING THE GUAM PUBLIC UTILITIES COMMISSION (PUC) ORDER DOCKET NO. 08-10

# NET METERING (NEM) PROGRAM

NEM customers currently receive services from the grid including:

- Use the grid to sell power (get credit at full retail rate for excess production)
- Use the grid to energize their homes at night, but credited back from their production (uses GPA grid as storage)
- Using grid at night results in increased fuel cost to non-NEM Customers because costlier less efficient generation is used to generate their energy needs
- Frequency regulation absorbed by grid for intermittencies
- Reactive power supply
- Voltage regulation
- Stand-by power on overcast days when the sun does not shine

Monthly fixed charge of \$15 does not recover cost to serve from grid

- Most of GPA fixed cost is recovered in the energy use (kWh) rate component which is typically zero for NEM customers

GPA continues to request PUC to set credit at avoided cost

# HISTORIC RESIDENTIAL RATE

# COST BURDEN ANALYSIS

**System FY 2018 Cost**  
**kWh Sales: 1,567,052,144**

Description:	Amount	\$/KWH
Debt	\$ 30,167,800	\$ 0.019
Capital Improvement	\$ 16,599,038	\$ 0.011
Transmission and Distribution Grid	\$ 12,338,142	\$ 0.008
Customer Accounting	\$ 6,354,272	\$ 0.004
Admin/General	\$ 33,971,438	\$ 0.022
Production - Non Fuel	\$ 61,331,145	\$ 0.039
<b>Total Base Rate (Fixed Cost)-Non Fuel</b>	<b>\$ 160,761,835</b>	<b>\$ 0.103</b>
Fuel Cost	\$ 217,567,039	\$ 0.139
Total Cost	\$ 378,328,874	\$ 0.241

**Solar PV Production Does Not Avoid Base Rate of \$0.103/kWh**  
**Solar PV Production Does Avoid Fuel Cost**

**Full Burden of Fixed Cost Shifted to Non-NEM Ratepayer**

<b>Total GPA Ratepayers:</b>	<b>52,000</b>	<b>\$3,092</b>
<b>Ratepayers Without Solar PV:</b>	<b>50,000</b>	<b>\$3,215</b>
<b>Additional Cost Per Non-NEM Ratepayer:</b>		<b>\$123</b>

**NEM Customers Not Paying for System**  
**Non-Solar Customer Cost are Increased !!!**

# CONSEQUENCE OF NEM RIDER

GPA is requesting the PUC revert the current Net Metering Rider to the original language, which stated:

“In no event shall the excess credit from a single month be carried forward beyond twelve (12) months as a credit against the current monthly billing. At the end of each calendar year, or in the event of termination of service under this rider, any excess kWh credits; if any will be granted by the customer to the GPA without compensation to the customer.”

This rider was revised by the PUC on December 10, 2015 to allow solar PV (NEM) customers the option to receive cash payments for excess credit or to carry over credits into the following calendar year.

NEM customers are already being provided an annual subsidy of ~\$3,527,745. NEM programs elsewhere do not provide carry over credits.

Additionally in 2018, GPA issued \$86,283 in cash payments to NEM customers, and carried forward \$241,217 in excess credits under the current NEM program. These credits are more that what it cost to produce the same amount of energy thru GPA. This tends to encourage higher capacity systems in order to receive higher returns. Bad for Non-NEM customers

# SUMMARY - Resolution 2019-20

The amended rider negatively impacts non-NEM customers because:

- Non-NEM ratepayers are burdened with a cost for a benefit not received
- Excess credits are paid out at higher cost than what it takes to produce same energy.
  - Excess credit being paid out at ~\$0.25/kWh while it cost GPA only \$0.154/kWh to produce.
- The current rider encourages NEM customers to install excess capacity in order to maximize their credits

Other jurisdictions zero-out excess credit at no cost to the utility and its non-NEM customers

**CCU Resolution 2019–20 authorized GPA to petition the PUC to amend Docket 08-10. This resolution was passed by the CCU on November 26, 2019.**

# Summary of Testimonies

# Testimonies – Jan 9<sup>th</sup> Stakeholder’s Outreach Meeting

Speaker	Discussion Summary
<p><b>Stan Wilson</b> <i>Current NEM Customer who produces excess.</i></p>	<ol style="list-style-type: none"> <li>1) Battery storage for his system will cost him \$4,500 for batteries alone and if the resolution passes then solar will no longer be a feasible investment.</li> <li>2) Mentioned PG&amp;E in California and state law passed that all new homes be equipped with solar and they do not require battery storage and that the utility agency provides the energy storage.</li> <li>3) Suggested that GPA explore other solutions where GPA provides the solar batteries to flatten the load. He gives a theoretical example of having the power system run its baseload units all day even at off peak or low demand times to continually charge batteries and use batteries during peak times.</li> <li>4) He is okay with paying the \$15/month fee or even doubling it. He is okay adjusting the price of solar from \$0.24 to \$0.10.</li> </ol>
<p><b>Brook Powers</b> <i>Chief Engineer of Adventist World Radio (AWR), Interested in installing solar technology on facilities.</i></p>	<ol style="list-style-type: none"> <li>1) Wanted information on what percentage of storage is required per production of solar?</li> <li>2) What inverter technology will GPA be requiring to stabilize the frequency?</li> <li>3) Is there any option where customer takes on the cost using batteries during peak times and gets additional compensation during those times? He is talking about Time-Of-Use modeling (TOU).</li> </ol>
<p><b>Paulette Coulter</b> <i>Customer who owns a 9 year old system with a battery backup system.</i></p>	<ol style="list-style-type: none"> <li>1) Wants to know what protections would GPA provide for customers who provide their own PV and battery storage systems?</li> <li>2) What support or information will GPA provide to assist customers with the technical aspects and requirements of PV and energy storage.</li> </ol>
<p><b>Moneka De Oro</b> <i>“Policy and Curriculum Fellow” Micronesia Climate Change Alliance</i></p>	<ol style="list-style-type: none"> <li>1) Concerned about the utilities impacts towards climate change and de-incentivizing renewables.</li> <li>2) Requesting GPA and CCU to be more aggressive towards renewables.</li> <li>3) Against the justification of the cost of the \$640M new plant versus supporting of costs towards renewable energy.</li> </ol>
<p><b>Henry Simpson</b> <i>Solar customer for 6 years and has an EV</i></p>	<ol style="list-style-type: none"> <li>1) Feels solar customers will be an asset to GPA.</li> <li>2) Recommends having solar distributed and not clustered throughout the island.</li> <li>3) Suggests a phased in type of approach where customer gets 5 years to amortize their investment in their system then chose to do a battery or avoided fuel cost vs. upfront requirements.</li> <li>4) Suggest for GPA to work with nonprofits to provide and advocate solar power with a long term 15 year deal at full retail rate, so he can get investors to invest in his race track for solar panels.</li> </ol>
<p><b>Rob Frohne</b> <i>Adventist World Radio (AWR)</i></p>	<ol style="list-style-type: none"> <li>1) Requesting more information for studies and specs on our requirements for inverters and other technologies.</li> <li>2) Looking to work with GPA for ways AWR can connect to the grid with renewables and inverters and other requirements.</li> <li>3) Doing a feasibility study for their company solar PV system.</li> </ol>

## Testimonies – Jan 9<sup>th</sup> Stakeholder’s Outreach Meeting (Cont’d)

Speaker	Discussion Summary
<p><b>Jeff Voacolo</b> <i>COO of MRE</i></p>	<ol style="list-style-type: none"> <li>1) Agrees with the issue on “Over-build” of PV systems. He uses New Jersey as a recommendation of how GPA should proceed to handle excess payments of NEM customers who over-build their PV systems.</li> <li>2) Worried that resolution 2020-01 “de-incentivize” any business, home, or government entity from installing solar and feels that it will be counter-productive towards GPA’s 50% renewable portfolio goal and other renewable aspects.</li> <li>3) Concerned about it hindering solar in the schools.</li> <li>4) Believes the widespread dysfunction caused by NEM customers on the GPA grid is true for the Dandan solar farm due to its concentration of solar arrays.</li> <li>5) Concerned how the 25MW of Solar is having such a large impact on our grid and saying our Grid might be what is the issue instead of NEM customers.</li> <li>6) Mentioned they have inverters that meet California rule 21 and the IEEE 1547-2018 requirements. States that the resolution is lacking requirements or parameters for frequency control and storage.</li> <li>7) Feels there are disconnects between GPA and the Solar Industry and mentions FW Star Frequency ramp down rates.</li> <li>8) Wants the industry and the utility to work together and provides three recommendations:             <ol style="list-style-type: none"> <li>a) Acquire a 3<sup>rd</sup> party independent engineering study be conducted on the grid to propose transformation grid changes and a root cause analysis for the issues and fit the support of PV.</li> <li>b) GPA work with the industry to establish timelines for introductions of PV and NEM.</li> <li>c) Battery rebate program should be established.</li> </ol> </li> </ol>

# Previous Testimony of MRE

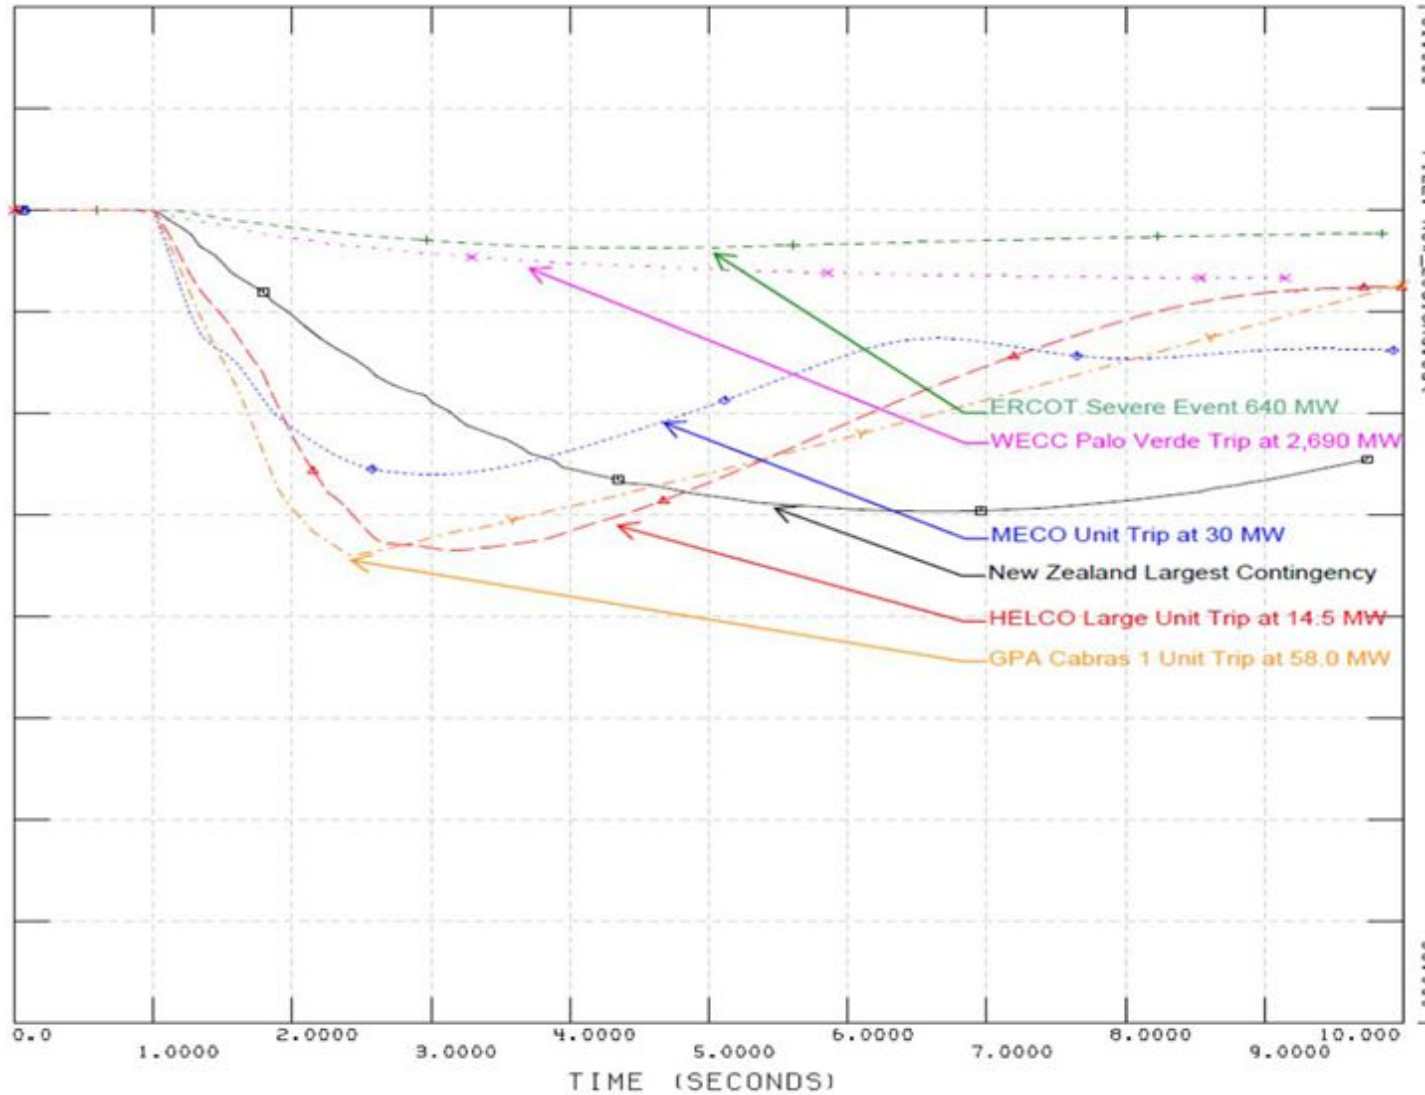

Date	Legislative Hearing	Witness	Summary of Testimony/Information
10/10/ 2019	Round Table Hearing with Industry Professionals about the type of renewable energy available on Guam	Jeffrey Voacolo, Chief Operations Officer Micronesia Renewable Energy, Inc. (MRE)	<ul style="list-style-type: none"> <li>- Information provided on Battery Storage, MRE has been installing batteries for 2 years. In the last 2-3 years technology has come so far. Tesla &amp; LG CAM Batteries, 2 batteries needed for average home (around 13.5 kWh for Tesla &amp; 10 kWh for LG CAM) to fully power it through the night.</li> <li>- At wholesale level, cost is estimated around \$5K to \$6K per battery with 10-year warranty. Two batteries in a solar is cheaper than the utilities right now.</li> <li>- Utilities scale batteries been experiencing explosion, ongoing issue.</li> </ul>
10/14/2019	Written Testimony on Bill 80-35, AN ACT TO AMEND § 8311 OF ARTICLE 3, CHAPTER 8, TITLE 12, GUAM CODE ANNOTATED, RELATIVE TO RAISING THE RENEWABLE PORTFOLIO STANDARDS OF THE GUAM POWER AUTHORITY	Jeffrey Voacolo, Chief Operations Officer Micronesia Renewable Energy, Inc. (MRE)	<ul style="list-style-type: none"> <li>- Testimony provided regarding Sustainability as one of the three main parameters to reaching the bill's goal of reaching 50% renewable by 2015.</li> <li>- Advocating for greater Distributed Energy (DG) solar utilization on Guam and in favor to add a component of DG onto Bill 80-35.</li> <li>- In 2017, MRE invited CPS Energy's Executive team to Guam. CPS Energy is the nation's largest municipal/publicly owned energy company.</li> <li>- They met with GPA's Executive team &amp; CCU members and spoke about Distributed Energy and Solar Farms.</li> <li>- There model is using existing commercial buildings and residential customers adding solar energy and now energy storage at the point of consumptions make more sense.</li> </ul>
10/14/2019	Written Testimony on Bill 80-35, AN ACT TO AMEND § 8311 OF ARTICLE 3, CHAPTER 8, TITLE 12, GUAM CODE ANNOTATED, RELATIVE TO RAISING THE RENEWABLE PORTFOLIO STANDARDS OF THE GUAM POWER AUTHORITY	Joe Rosario, Business Dev Director Micronesia Renewable Energy, Inc. (MRE)	<ul style="list-style-type: none"> <li>- Testimony provided advocating for greater DG solar utilization on Guam</li> <li>- He stated to imagine "40MW's of distributed generation developed by a local company in the solar industry and constructed by local companies in the solar industry. I can imagine a KWH rate of 13 cents (with storage)."</li> </ul>

**Issues for Decision**

**Resolution No. 2020-02:**

**Relative to:** Authorizing the Management of Guam Power Authority to Solicit Bids (IFB) for the Supply of Diesel Fuel Oil No. 2 to the TENJO VISTA Power Plant.

**What is the project's objective? Is it necessary and urgent?**

The fuel supply contract is necessary to provide uninterrupted supply of fuel for TENJO VISTA Power Plant.

**Where is the location?**

TENJO VISTA Power Plant.

**How much will it cost?**

The 3-year contract is estimated to exceed \$1.5M requiring prior approval from the PUC.

**When will it be completed?**

The contract is planned for an initial period of two years to commence on or about June 01, 2020 and to expire on May 31, 2023, with the option to extend for two (2) additional one-year terms.

**What is its funding source?**

Fuel revenue funds

**The RFP/BID responses:**

The IFB solicitation will commence after CCU & PUC approval.

Guam Power Authority | Guam Waterworks Authority  
P.O. Box 2977 Hagatna, Guam 96932 | (671)649-3002 | guamccu.org

**RESOLUTION NO. 2020-02**

**AUTHORIZING THE MANAGEMENT OF THE GUAM POWER AUTHORITY TO PETITION THE PUBLIC UTILITIES COMMISSION FOR THE PROCUREMENT OF A CONTRACTOR FOR THE SUPPLY OF DIESEL FUEL OIL NO.2 FOR THE TENJO VISTA POWER PLANT**

**WHEREAS**, GPA intends to issue an Invitation for Bid (IFB) for the procurement of a contractor for the Supply of Diesel Fuel Oil No.2 for the TENJO VISTA Power Plant; and

**WHEREAS**, the contract for the Supply of Diesel Fuel Oil No.2 for the TENJO VISTA Power Plant shall be for a base period of three (3) years, to commence on or about June 01, 2020 through May 31, 2023, with two (2) additional one-year extension options; and

**WHEREAS**, the draft bid solicitation documents for the procurement of a new Diesel Fuel Oil No.2 supply contract is hereby attached as **Exhibit A**; and

**WHEREAS**, the total cost for the new contract is anticipated to exceed \$1.5M requiring GPA to seek authorization for this procurement from the PUC; and

**WHEREAS**, GPA is requesting the approval of the CCU to petition the PUC for the issuance of an Invitation for Bid for the Supply of Diesel Fuel Oil No.2 for the TENJO VISTA Power Plant.

**NOW THEREFORE, BE IT RESOLVED**, by the Consolidated Commission on Utilities, subject to the review and approval of the Public Utilities Commission, as follows:

1. GPA's request to solicit competitive bids for the Supply of Diesel Fuel Oil No.2 Supply for the TENJO VISTA Power Plant through a Multi-Step Bid process is reasonable, prudent and beneficial to its customers.
2. GPA is authorized to petition the Public Utilities Commission for approval to issue bids to procure a Contractor for the Supply of Diesel Fuel Oil No.2 for the TENJO VISTA Power Plant.

**RESOLVED**, that the Chairman of the Commission certifies and the Secretary of the Commission attests the adoption of this Resolution.

31 **DULY AND REGULARLY ADOPTED AND APPROVED THIS 28<sup>th</sup> DAY OF JANUARY 2020.**

**CONTRACT**

**(CONTRACTOR)**

GUAM POWER AUTHORITY

2020

**IFB No. GPA- -20**

**SUPPLY OF DIESEL FUEL OIL NO.2**

**TENJO VISTA POWER PLANT**

**FORMAL CONTRACT**

This Agreement and Formal Contract ("Contract"), is made and entered into on the \_\_\_\_ day of \_\_\_\_\_, 2020 by and between:

\_\_\_\_\_, hereinafter referred to as CONTRACTOR, duly organized, licensed, registered and qualified to do business in Guam with its principal address at \_\_\_\_\_;

- And -

**GUAM POWER AUTHORITY**, hereinafter referred to as the "**Authority**" or "**GPA**", a Public Corporation with its office located at the Gloria Nelson Public Service Complex, Fadian, Mangilao Guam;

**RECITALS**

**WHEREAS, GPA** desires to maintain uninterrupted supply of Diesel Fuel Oil No.2 to the **TENJO VISTA** Power Plant; and

**WHEREAS, GPA** seeks to procure a new Diesel Fuel Oil No.2 Supply Contractor; and

**WHEREAS,** the Consolidated Commission on Utilities has determined that the (CONTRACTOR) is a preferred option for **GPA** to supply the Diesel Fuel Oil No.2 requirements for the Authority;

**WHEREAS,** the Guam Public Utilities Commission has ordered **GPA** to proceed with the procurement of a CONTRACTOR for the Supply of Diesel Fuel Oil No.2 to the **TENJO VISTA** Power Plant;

**WHEREAS, GPA** has issued an Invitation For a Multi-Step Bid under IFB GPA- -20 for the Supply of Diesel Fuel Oil No.2 for the **TENJO VISTA** Power Plant; and

**WHEREAS, CONTRACTOR** submitted a bid in response to the Invitation for Bid for the Supply of Diesel Fuel Oil No.2;

**WHEREAS, GPA,** upon evaluation of the submitted bid proposals, determined that **CONTRACTOR** is the lowest responsive and responsible bidder; and

**WHEREAS,** the Guam Consolidated Commission on Utilities (CCU) and the Guam Public Utilities Commission (PUC) has determined that the **CONTRACTOR** is the preferred option for **GPA** to supply the Fuel oil requirements for the Authority.

**NOW, THEREFORE,** in consideration of the above premises and the mutual promises set forth herein and the terms and conditions hereinafter set forth and for other good and valuable consideration, receipt of which is hereby acknowledged; **CONTRACTOR** and **GPA** hereby agree as follows:

**SECTION 1. DEFINITIONS**

- “Fuel oil”** means a liquid hydrocarbon product satisfying the specifications in [Schedule A](#)
- “\$”** shall refer to currency in U.S. dollars.
- “ASTM”** shall mean the American Society for Testing and Materials.
- “API”** shall mean the American Petroleum Institute.
- “Gallon”** shall mean a U.S. standard gallon of 231 cubic inches at sixty degrees Fahrenheit.
- “Barrel”** shall mean a volume equivalent to 42 U.S. gallons.
- “Contract”** shall mean the Diesel Fuel Oil No.2 Supply Contract executed as a result of this IFB.
- “Contract Agreement (Agreement)”** shall mean the written agreement between **GPA** and **CONTRACTOR** covering the Supply of Diesel Fuel Oil No.2 any other Contract Documents either attached to the Agreement or made a part thereof by reference therein.
- “Contract Documents”** shall mean the Contract Agreement, Bonds (where required), these General Conditions, any Supplementary Conditions, the Specifications, and any other documents specifically identified in the Contract Agreement, together with all Modifications issued after execution of the Contract Agreement.
- “Contracting Officer”** shall mean the General Manager of the Guam Power Authority and shall include his authorized representatives.
- “CONTRACTOR”** shall mean the party or parties who or which shall have duly entered into a contract with the Guam Power Authority to perform the work herein contemplated or his or their authorized assignee.

**“Day”** shall mean a calendar day of twenty-four (24) hours measured from midnight to the next midnight.

**“Delivery Time”** shall mean the total number of days or the dates stated in the Agreement for furnishing the product.

**“General Manager”** shall mean the General Manager is the Chief Executive Officer of the Guam Power Authority. The office and title of General Manager shall apply to any person acting in a regular or in an acting capacity as the Chief Executive Officer of the Guam Power Authority.

**“Notice”** shall mean and include all written notice demands, instructions, claims, approvals and disapprovals required to obtain compliance with contract requirements. Any written notice by either party to the contract shall be sufficiently given if delivered to or at the last known business address of the person, firm, or corporation constituting the other party to the contract, or to his, their, or its duly authorized agent, representative, or officers, or when enclosed in a postage prepaid envelope addressed to such last known business address and deposited in a United States mail box. The CONTRACTOR must provide and maintain a post office address within Guam and file the same with the Contracting Officer.

**“Procurement Officer”** shall mean the General Manager of the Guam Power Authority or the General Manager’s designee.

**“PURCHASER”** shall mean the Guam Power Authority with whom CONTRACTOR has entered into the Contract Agreement.

**“Seller”** shall mean the CONTRACTOR.

**“Territory”** shall mean the Territory of Guam.

**“OPA’90”** shall mean the Oil Pollution Act of 1990 by the U.S. Congress.

**“Platt’s Asia-Pacific/ Arab Gulf Marketscan”** shall mean the reference source document for the fuel Contract pricing.

“Receiving facility” shall mean the **TENJO VISTA** Power Plant.

**SECTION 2. FUEL OIL TO BE SUPPLIED**

**CONTRACTOR** agrees to furnish and **GPA** agrees to accept and pay for all of **GPA**'s diesel fuel oil requirements for the **TENJO VISTA** Power Plant for the term of the Contract. The estimated annual consumption is approximately 2,000,000 to 3,000,000 gallons.

Fuel Oil to be supplied to **GPA** shall conform to the product quality requirements specified in [Schedule A](#) and shall come from reputable sources not sanctioned by the United States government.

Fuel Oil must be delivered from the **CONTRACTOR**'s Guam storage facility to the **GPA** plant site covered in this Contract. The **CONTRACTOR** shall be available to deliver the Fuel Oil to the point of delivery as designated by **GPA** within twelve (12) hours of receiving a request. **CONTRACTOR** must be available to receive and accept delivery requests daily, including weekends and holidays.

The **CONTRACTOR** shall provide transfer pumps and/or whatever else may be necessary to deliver Fuel Oil to **GPA** plant storage tanks to the height of 45 feet. Fuel Oil deliveries shall be on an “on call” basis. **CONTRACTOR** must closely coordinate with the plants and shall exercise its best efforts to deliver Fuel Oil to **GPA** to meet operational requirements regardless of the estimates provided by **GPA**.

**CONTRACTOR** must also be able to provide sufficient fleet to deliver the quantities as required by **GPA**.

**SECTION 3. CONTRACT TERM**

The Contract Term shall be for THREE (3) years and shall commence on or about June 01, 2020. **GPA** has the option to extend the contract for TWO (2) years renewable annually with mutual consent of parties.

**SECTION 4. CONTRACT PRICE**

The **CONTRACT PRICE** in U.S. dollars per Gallon (\$/gal) for all Fuel Oil delivered to **GPA** shall be

inclusive of all costs and liabilities required to fulfill the contract.

The **CONTRACT PRICE** is the sum of the **REFERENCE PRICE** plus the **FIXED SERVICE FEE**.

The **CONTRACT PRICE** shall increase or decrease on a cent-for-cent basis with the **REFERENCE PRICE**.

The **REFERENCE PRICE** for the Fuel Oil supplied and delivered by **CONTRACTOR** from the **CONTRACTOR**'s Guam storage facility into the GPA's designated plant site location shall be the mean average of the previous month's daily Mid-of-Platts (MOPS) price postings. MOPS is the average of high and low price assessments reported in the Platt's Asia-Pacific/Arab Gulf Marketscan FOB Singapore Price Assessment for Gasoil 10 ppm.

The **FIXED SERVICE FEE** for all Fuel Oil supplied and delivered by **CONTRACTOR** to the **TENJO VISTA** Power Plant hereto shall be as follows:

CONTRACT FIXED SERVICE FEE	THREE (3) YEAR BASE PERIOD			TWO (2) YEAR EXTENSION OPTION	
	1 <sup>st</sup> year \$/gal (in 3 decimals)	2 <sup>nd</sup> year \$/gal (in 3 decimals)	3 <sup>rd</sup> year \$/gal (in 3 decimals)	1 <sup>st</sup> yr Extn \$/gal (in 3 decimals)	2 <sup>nd</sup> yr Extn \$/gal (in 3 decimals)
<b>SITE LOCATION: TENJO VISTA POWER PLANT</b>					

**SECTION 5. INVOICE PRICE DETERMINATION**

Sample Delivery Month: **January 2020**

(1) Sample Calculation of **REFERENCE PRICE**:

**REFERENCE PRICE**= Average of Previous Month's Daily MOPS

Previous Month: December 2019

Average of the Daily MOPS for December 2019: \$79.206 per Barrel

Average Price: \$1.886 per Gallon (rounded to three decimal places)

**REFERENCE PRICE** for **January 2020**: \$1.886 per Gallon

(2) Sample **FIXED SERVICE FEE**:

**FIXED SERVICE FEE**= \$0.200 per Gallon (sample price)

**(3) CONTRACT PRICE**

**CONTRACT PRICE** = Reference Price + Fixed Service Fee

**CONTRACT PRICE** = (\$1.886 + \$0.200) per gallon

**CONTRACT PRICE** = \$2.086 per gallon

This is the **CONTRACT PRICE** for fuel supplied and delivered by **CONTRACTOR** to GPA for the sample month.

For invoice calculation purposes, quantity shall be reported in barrels and gallons at standard sixty degrees Fahrenheit (60°F) as declared in the Bill of Lading.

**SECTION 6. TITLE, CUSTODY AND RISK OF LOSS**

Title and custody to the Fuel Oil supplied by **CONTRACTOR** and delivered to the **GPA** plants thereof shall pass from the **CONTRACTOR** to **GPA** when:

- a. The Fuel Oil has passed the GPA pipeline flange at the GPA plant storage tanks connecting the **CONTRACTOR**'s hose if delivered by tanker truck.
- b. The Fuel Oil has passed the **GPA** meter flange or pipeline flange at the **GPA** plant storage tanks connecting the **CONTRACTOR**'s pipeline flange if delivered by pipeline.

All risk of loss, cost and liabilities prior to the time of passage of title of the fuel oil shall be on the **CONTRACTOR**.

**SECTION 7. TERMS OF PAYMENT**

Invoices for Fuel Oil delivered pursuant to quantity (Fuel Oil receipts) and quality prescribed under the terms of this contract shall be submitted no more frequently than weekly, based on the number of Gallons of Fuel Oil delivered to **GPA** during the preceding period. The invoices must be supported by Fuel Oil receipts or receiving tickets including a receipt acknowledgement from a **GPA** representative. The payment terms are 30 days (net) beginning on the date the invoice is received by the **GPA** accounts payable section. All payments shall be based on the delivered quantity,

corrected to volume (net) at 60 °F.

**SECTION 8. PAYMENT OF TAXES AND OTHER GOVERNMENT CHARGES**

All fuels under the terms of this Contract are exempt from the Government of Guam Liquid Fuel Tax and the Government of Guam Gross Receipts Tax as provided by 12 G.C.A., Section 8115.

In the event that any cargoes shall be liable to the payment of Import Duty, such Import Duty shall be to the CONTRACTOR's account.

CONTRACTOR shall be responsible for filing appropriate tax returns or other filings and requesting rebates, credits, drawbacks or exemptions.

CONTRACTOR shall be solely responsible for filings and payment of income tax or taxes measured on net income.

CONTRACTOR shall be solely responsible for filings and payment of income tax or taxes measured on net income.

**SECTION 9. WARRANTY AND CLAIMS**

CONTRACTOR warrants that it has the facilities and resources sufficient to meet CONTRACTOR's obligations under this Contract. Cost for the use of such resources shall be borne by the CONTRACTOR.

CONTRACTOR agrees, represents and warrants as follows:

**a. Ability to Supply.**

CONTRACTOR warrants that the fuel oil shall meet the specification prescribed herein under Schedule A, and other pertinent sections. If the fuel oil fails to meet the specifications herein, CONTRACTOR shall be liable for any direct damages resulting therefrom.

**b. Ability to Deliver to the GPA Plants**

CONTRACTOR shall own, lease, sub-lease, or have the right to use tanker trucks, storage tanks, loading racks and gantries and other facilities sufficient to meet CONTRACTOR's obligations for delivering the fuel oil to the GPA plants under this Contract.

**CONTRACTOR shall be solely responsible for any damages caused by the CONTRACTOR or its agents during the process of oil shipment and delivery.**

**Claims against the CONTRACTOR for direct costs incurred on account of their non-performance or negligent actions shall be given in writing together with all supporting documents, invoices and correspondence by GPA within thirty days (30) from date of delivery of fuel oil as specified in Section 4.**

**SECTION 10. PRODUCT AND QUALITY**

The fuel oil delivered hereunder shall have the physical and chemical characteristics as described in [Schedule A](#).

The Authority reserves the right to require the supplier to add and to conduct additional tests as may be required.

**SECTION 11. QUANTITY AND QUALITY ASSURANCE**

**a. Delivery by Tanker Truck.**

CONTRACTOR, at its sole expense, shall utilize its terminal truck loading rack and metering system to determine the quantity of Diesel Fuel Oil No.2 delivered by tanker truck to GPA. Quantity of product delivered by CONTRACTOR at CONTRACTOR's nominated tanker truck(s) to the GPA plants shall be determined at the time of each delivery by CONTRACTOR, converted in each instance to volume at 60 degrees Fahrenheit by the automated rack control system and shall be the basis for the Bill of Lading (BOL).

Contractor at its sole expense, shall provide a pump and unload the product from the tanker truck into the GPA fuel receiving facility.

CONTRACTOR shall have such meters calibrated no less than annually and shall furnish GPA a copy of the certificate of newly calibrated meter(s) within 10 days after the calibration date.

In the event of a dispute over the accuracy of the CONTRACTOR's meters, an independent third party mutually agreeable to both parties will be brought in to perform a recalibration. In the event of a miscalibration, the costs shall be borne by the CONTRACTOR. Any loss incurred by GPA as a result of miscalibration of meters shall be negotiated and returned to the AUTHORITY.

CONTRACTOR is required to install security seals on valves and compartments of the delivery tanker trucks after Fuel Oil loading is completed. Seals shall remain intact upon inspection by the GPA receiving facility. Seal numbers shall be recorded in the delivery receipt and initialed by an authorized terminal representative. GPA reserves the right to reject deliveries with tampered or missing seals.

**b. Delivery By Pipeline Transfer**

Quantity of product delivered by the **CONTRACTOR** by pipeline transfer to **GPA** shall be determined utilizing the meter installed at the pipeline into the **GPA** plant storage tank.

- i. In the event that a meter is not installed or is defective, quantity of the product delivered by the **CONTRACTOR** shall be determined by the **CONTRACTOR** meter. **CONTRACTOR** shall have such meters calibrated no less than annually and shall furnish **GPA** a copy of the certificate of newly calibrated meter(s) within 10 days after the calibration date. In the event of a dispute over the accuracy of the meter, an independent third party mutually agreeable to both parties will be brought in to perform a recalibration. In the event of a miscalibration, the costs shall be borne by the **CONTRACTOR**. Any loss incurred by **GPA** as a result of miscalibration of meters shall be negotiated and returned to **GPA**.
- ii. In the event that the **CONTRACTOR** meter is defective or is not installed, quantity of the product delivered by the **CONTRACTOR** shall be determined by an Independent Third Party Inspector by gauging the receiving tanks before and after delivery. Cost shall be borne by the **CONTRACTOR**.

Quantity shall be corrected to the volume at sixty degrees Fahrenheit. Conversion shall be made in accordance with the ASTM-IP Petroleum Measurement Tables (IP-200), Table 6B (latest edition).

Appropriate Certificate of Quality (COQ) reports shall also accompany each delivery and must be presented to the **GPA** receiving facility. Quality must conform with the requirements specified in [Schedule A](#) as a condition for acceptance of delivery.

In the event of a dispute over the quality of Fuel Oil received by **GPA**, an inspection of Fuel Oil will be conducted by an appointed third party inspector mutually acceptable to **GPA** and the **CONTRACTOR**.

**CONTRACTOR** shall provide a comprehensive summary of the Fuel Oil delivery reports. **CONTRACTOR** shall tailor its reports to **GPA's** needs. **CONTRACTOR** shall submit copy(ies) of all Certificates of Quality (COQ) for the delivery month. Reports shall be submitted to the **GPA** weekly and monthly, within five (5) working days after each report month. **CONTRACTOR** shall also submit other reports and/or documentations that is relevant to the contract as may be required by the Authority.

#### **SECTION 12. QUANTITY DETERMINATION**

**GPA** reserves the right to require the intervention of a third party independent inspector for quantity determination. Such inspector shall be mutually acceptable to **GPA** and the **CONTRACTOR**. Cost shall be borne by the **CONTRACTOR**. All quantities shall be corrected to volume at sixty degrees Fahrenheit (60 °F) in accordance with the ASTM-IP Petroleum Measurement Table, Table 6B, the latest edition published shall be applicable.

Quantity certification prepared by independent inspector shall be final and binding upon both parties. Inspection report shall be submitted by **CONTRACTOR** to **GPA** no later than two (2) calendar days after completion of inspection and shall provide **GPA** unrestricted access to records or reports as may be required.

In the event of the variances between the B/L quantity and the discharge port (shore tanks) receipts, The AUTHORITY shall pay (absorb) a quantity shortfall up to ONE-FOURTH PERCENT (0.25 %) of the barrel established quantity; shortages beyond the 0.25% shall be covered by the **CONTRACTOR**.

#### **SECTION 13. SECURITY OF SUPPLY**

**CONTRACTOR** reserves the right to supply fuel oil meeting **GPA** quality requirements specified in [Schedule A](#) and may come from any sources not sanctioned by the United States government. In the

event that supplies are taken from such other places, then the price to Guam will remain the same as established in [Section 4](#) above.

**CONTRACTOR** is required to maintain a minimum of thirty (30) days inventory at the **CONTRACTOR**'s storage facility.

For security of supply in the event of unexpected, unplanned or forced baseload outages, severe typhoon or other calamities. **CONTRACTOR** shall prioritize delivery to the **GPA** plants and guarantee uninterrupted supply and delivery of Fuel Oil during the recovery period. **CONTRACTOR** must also be able to provide sufficient fleet to deliver the quantities as may be required by **GPA**.

**CONTRACTOR** must submit weekly and monthly fuel inventory and delivery report to **GPA**.

**GPA** reserves the right to audit the **CONTRACTOR** for safety fuel inventory stock compliance. Such audit shall be in accordance with generally accepted accounting practices.

#### **SECTION 14. GOVERNMENT LAWS AND REGULATIONS**

(a) If at any time during the term of the Contract the Government of the United States or the Territory of Guam enacts laws or issues regulations which would prevent **GPA** from burning the type of fuel oil to be supplied hereunder, **GPA** shall use its best efforts to obtain an exemption. In the event **GPA** cannot obtain an exemption from such laws and regulations, **CONTRACTOR** shall use his best efforts to furnish **GPA** substitute fuel oil which complies with such governmental laws and regulations at the same price set out herein, or if unreasonable, at a price to be renegotiated by the parties. If the substitute fuel oil causes an increase or decrease in **CONTRACTOR**'s cost of performance of the Contract, an equitable adjustment shall be made and the Contract modified in writing accordingly. Any claim of **CONTRACTOR** for adjustment under this section must be asserted in writing within thirty (30) days from date of receipt by **CONTRACTOR** of the notification of substitute fuel oil in compliance with Government laws, rules and regulations. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this Contract entitled "Governing Law and Disputes" ([Section 21](#)). However, nothing in this clause shall excuse the **CONTRACTOR** from proceeding with the Contract fuel oil specifications as changed in order to comply with Government laws, rules and regulations. Only in the event that the parties

cannot mutually agree upon the price at which **CONTRACTOR** is to furnish such substitute fuel oil, and **CONTRACTOR** refuses to provide such substitute fuel oil at the Contract price set out herein shall **GPA** then have the option of purchasing from other sources fuel oil at a lower price than that offered by **CONTRACTOR** in such negotiations which complies with such laws and regulations, but in any event, the **CONTRACTOR** shall have no recourse, other than those specified herein.

(b) **CONTRACTOR** shall at all times comply with all applicable laws and regulations of the Territory of Guam and the Federal Government and their respective agencies.

#### **SECTION 15. PERMITS AND RESPONSIBILITIES**

The **CONTRACTOR** shall, without additional expense to **GPA**, be responsible for obtaining any necessary licenses and permits, and for complying with any applicable Federal and Territorial laws, codes and regulations necessary for performance of the Contract by **CONTRACTOR**.

#### **SECTION 16. FORCE MAJEURE**

No failure or omission by either party to carry out or to observe any of the terms, provisions or conditions of the Contract shall, except in relation to obligations to make payments under the Contract, give rise to any claim by one party against the party in question or be deemed to be a breach of the Contract if such failure or omission arises from any cause reasonably beyond the control of the party, including but without prejudice to the generality of the foregoing:

(a) War, etc. War, hostilities, acts of public enemy or belligerents, sabotage, blockade, revolution, insurrection, riot or disorder;

(b) Restraints. Arrest or restraint of princes, rulers or peoples;

(c) Confiscation. Expropriation, requisition, confiscation or nationalization;

(d) Rationing. Embargoes, export or import restrictions or rationing or allocation, whether imposed by law, decree or regulation or by voluntary cooperation of industry at the insistence or request of any governmental authority or person purporting to act therefore;

- (e) Regulations. Interference by restriction or onerous regulations imposed by civil or military authorities, whether legal or de facto and whether purporting to act under some constitution, decree, law or otherwise;
- (f) Acts of God. Acts of God, fire, frost or ice, earthquake, storm, lightning, tide, tidal wave, or peril of the sea, accident of navigation or breakdown or injury of vessels;
- (g) Loss for Tankers. Loss of tanker tonnage due to sinking by belligerents or to governmental taking whether or not by formal requisition;
- (h) Accidents. Accidents to or adjuncts of shipping navigation;
- (i) Strikes. Epidemics, quarantine, strikes or combination of workmen, lockouts, or other labor disturbances;
- (j) Explosions. Explosion, accidents by fire or otherwise to wells, pipes, storage facilities, refineries, installations, machinery;
- (k) Taking by Government. Unavailability of fuel because of the election of the government of the country of its origin to take royalty product in kind;
- (l) Other Events. Any event, matter or thing wherever occurring and whether or not of the same class or kind as those set forth, which shall not be reasonably within the control and without the fault or negligence of the party affected thereby.

No failure or omissions to carry out or to observe any of the terms, provisions or conditions of the Contract shall give rise to any claim by one party against the other, or be deemed to be a breach of the Contract from the time of and to the extent occasioned by the Force Majeure, not from the date of notice of the Force Majeure is received.

**SECTION 17. NOTICE TO OTHER PARTY**

Either party whose obligations may be affected by any of the forces or causes set out in [Section 16](#), supra, shall promptly notify the other party in writing, giving full particulars thereof as soon as possible after the occurrence of such force or cause. Such party shall exercise due diligence

to remove such cause with all reasonable dispatch and to resume performance at the earliest practicable time.

**SECTION 18. PAYMENT REQUIRED**

Notwithstanding the provisions of [Section 16](#), supra, **GPA** shall not be relieved of any obligation to make payments for any fuel delivered to Guam dock/**GPA** tanks hereunder; however, during the force majeure condition the obligation shall be suspended, except for fuel oil deliveries made prior to the force majeure condition.

**SECTION 19. PRORATION OR EQUITABLE ALLOCATION**

If any of the events enumerated in [Section 16](#), supra, have occurred, **CONTRACTOR** shall prorate or otherwise allocate in a fair and equitable manner among its customers, including **GPA**, the supplies of fuel oil **CONTRACTOR** has available for delivery at the time of the occurrence or for the duration of such event taking into account **GPA**'s unique situation as Guam's total dependence on fuel oil. **CONTRACTOR** shall also seek an alternative source of fuel oil to fulfill its contractual obligations.

**SECTION 20. RESUMPTION OF PERFORMANCE**

If **CONTRACTOR** is prevented from delivering or **GPA** is prevented from receiving all or any fuel to be sold under the Contract for the reasons which fall within the provisions of [Section 16](#), supra, then the party so prevented shall, as to the remainder of the fuel not affected thereby, promptly resume performance of the Contract. No curtailment or suspension of deliveries or payment under the causes listed in [Section 16](#), supra, shall operate to extend the term of or terminate the Contract unless the occurrence of force majeure will materially impair, for an indefinite period of time, the parties' ability to perform the Contract.

**SECTION 21. GOVERNING LAW AND DISPUTES**

This CONTRACT shall in all respects be governed by the Laws of Guam. The provisions of the United Nations Convention on Contracts for the International Sale of Goods are expressly excluded.

This CONTRACT shall not be construed to confer any benefit on any person not being a party to this Contract not shall it provide any rights to such person to enforce any of its provisions. The provisions of the English Contracts (Rights of Third Parties) Act 1999 are expressly excluded.

In the event of any controversies, dispute or difference of any nature (a "Dispute") between the parties arising from or in connection with this Contract, either party may give notice to the other in writing of the existence of such dispute specifying its nature and the points at issue. If the dispute shall not have been amicably resolved within thirty (30) days from the date of the said notice, then the same shall be exclusively and definitely resolved through final and binding arbitration in Guam, by the AMERICAN ARBITRATION ASSOCIATION ('AAA'), in accordance with the rules of arbitration of such institution in effect as of the date the existence of the controversy is notified by one of the parties. The arbitration shall be conducted by three arbitrators, unless all parties to the dispute agree to a sole arbitrator within thirty (30) days after the filing of the arbitration. Each party to the dispute shall appoint one arbitrator within thirty (30) days of the filing of the arbitration, and the two arbitrators so appointed shall select the presiding arbitrator within thirty (30) days after the latter of the two arbitrators have been appointed by the parties to the dispute. If a party to the dispute fails to appoint its party-appointed arbitrators or if the two party-appointed arbitrators cannot reach an agreement on the presiding arbitrator within the applicable time period, then LCIA shall appoint the remainder of the three arbitrators. The arbitration proceedings shall be conducted in English and the arbitrator(s) shall be fluent in the English language. The award of the arbitral tribunal shall be final and binding. Judgment on the award of the arbitral tribunal may be entered and enforced in any court having jurisdiction thereof. The cost of the arbitration proceedings, including attorneys' fees, shall be borne in the manner determined by the arbitral tribunal. Any right to appeal or challenge any arbitral decision or award is hereby waived. The parties may seek a preliminary injunction or other preliminary judicial relief, if in its judgment such action is necessary to avoid irreparable damage. It is expressly agreed that indirect, special, punitive and consequential damages shall not be awarded.

## **SECTION 22. CONTRACTOR'S INSURANCE**

**CONTRACTOR** shall not commence work under this Contract until he has obtained all insurance required under this section and such insurance has been approved by **GPA**, nor shall the

**CONTRACTOR** allow any Subcontractor to commence work on his subcontract until all similar insurance required of the Subcontractor has been so obtained and approved.

The **CONTRACTOR** shall provide a copy of their Insurance Policy to **GPA** within the period prescribed by **GPA**. All updates or revisions after contract commencement shall also be forwarded to **GPA**.

Failure on the part of the **CONTRACTOR** to provide the required documents and/or to enter into a contract with **GPA** shall be sufficient grounds for the annulment of the award. **GPA** may determine the bidder to be non-responsive to the bid, and may proceed with sending a Notice of Intent to Award to the next most qualified BIDDER.

**A. WORKMEN'S STATUTORY COMPENSATION INSURANCE AND EMPLOYER'S LIABILITY**

**INSURANCE:** The **CONTRACTOR** shall take out and maintain during the life of this Contract the applicable statutory Workmen's Compensation Insurance with an insurance company authorized to write such insurance and in the applicable State or Territory including the Territory of Guam covering all his employees, and in the case of any work sublet, the **CONTRACTOR** shall require the Subcontractor similarly to provide statutory Workmen's Compensation Insurance for the latter's employees. The **CONTRACTOR** shall secure and maintain, during the life of this Contract, Employer's Liability Insurance with a limit of \$1,000,000 with an insurance company authorized to write such insurance in all states or territories including the Territory of Guam where the Contractor will have employees located in the performance of this Contract. **CONTRACTOR** shall provide a Waiver of Subrogation in favor of **GPA** via endorsement to the Workers Compensation policy. This coverage shall be on a primary and non-contributory basis.

**B. COMMERCIAL GENERAL LIABILITY:**

1. The **CONTRACTOR** shall maintain, during the life of this Contract, such Commercial General Liability as shall protect him against claims for damages resulting from (a) bodily injury, including wrongful death, and (b) property damage, which may arise from operations under this Contract whether such operations be by himself or by any Subcontractor or anyone directly or indirectly employed by either of them. The minimum acceptable limits of liability to be provided Liability Insurance shall be as follows:

Bodily Injury Limits:	\$ 1,000,000 Each Person
Property Damage Limits:	\$ 1,000,000 Each Occurrence

\$ 2,000,000 Aggregate

2. The Commercial General Liability required by the preceding Subparagraph 1 shall include the following extensions of coverage:

- i. The property damage coverage shall include a Broad Form Property Damage Endorsement.
- ii. Contractual Liability coverage shall be included.
- iii. Protective Liability coverage shall be included to protect the **CONTRACTOR** against claims arising out of operations performed by his Subcontractors.
- iv. Products Liability and/or Completed Operations coverage shall be included.
- v. **GPA** shall be an additional insured on the Commercial General Liability policy.
- vi. This coverage shall be on a primary and non-contributory basis.
- vii. **CONTRACTOR** shall grant Waiver of Subrogation in favor of **GPA**.

**C. AUTOMOBILE LIABILITY INSURANCE:**

The **CONTRACTOR** shall take out and maintain during the life of the Contract, such Automobile Liability insurance as shall protect him against claims for damages resulting from (a) bodily injury, including wrongful death, and (b) property damage, which may arise from the operations of any owned, hired or non-owned automobiles used by or for him in any capacity in connection with the carrying out of this Contract. **GPA** shall be an additional insured on Auto Liability policy. **CONTRACTOR** will grant Waiver of Subrogation in favor of **GPA**. The minimum acceptable limits of liability to be provided by such Automobile Liability Insurance shall be as follows:

Bodily Injury Limits:	\$ 1,000,000 Each Person
	\$ 1,000,000 Each Occurrence
Property Damage Limits:	\$ 1,000,000 Each occurrence

This coverage shall be on a primary and non-contributory basis.

**D. POLLUTION LIABILITY INSURANCE:**

The **CONTRACTOR** shall take out and maintain during the life of the Contract, Pollution Liability Insurance with minimum limits of \$5,000,000 that provides coverage for third party bodily injury, third party property damage, and clean-up cost whether ordered by a government entity or not ordered by a government entity. Grant waiver of subrogation in favor of **GPA**. **GPA** is to be an additional insured.

This coverage shall be on a primary and non-contributory basis.

**E. EXCESS LIABILITY**

Excess Liability with limits of \$5,000,000 over the General Liability, Auto Liability, and workers compensation policies. **GPA** shall be named as an additional insured. **CONTRACTOR** shall grant Waiver of Subrogation in favor of **GPA**. This coverage shall be on a primary and non-contributory basis.

Cancellation Clause:

All policies above shall contain the following Cancellation clause:

The insurance company shall notify in writing the Guam Power Authority (insured) a minimum of 60 days prior to any material changes or cancellation of coverage.

**F. CERTIFICATE OF INSURANCE:**

The **CONTRACTOR** shall furnish **GPA** with two (2) copies of a Certificate of Insurance evidencing policies required in Paragraphs A, B, C, D, and E above. Such certificates shall specifically indicate that the Commercial General Liability Insurance includes all extensions of coverage required in Paragraph B., Subparagraph 2. above. Such certificate shall specifically state that the insurance company or companies issuing such insurance policies shall give **GPA** at least sixty (60) days written notice in the event of cancellation of or material change in any of the policies. If coverage on said certificate(s) is shown to expire prior to completion of all terms of this Contract, the **CONTRACTOR** shall furnish a Certificates of Insurance evidencing renewal of such coverage to **GPA**. The Certificates of Insurance shall clearly show this Contract number.

The **CONTRACTOR** shall provide a copy of their Insurance Policy to **GPA** as part of the bid requirements. All updates or revisions after contract commencement shall also be forwarded to **GPA**.

**G. SUBCONTRACTOR'S INSURANCE:**

The **CONTRACTOR** shall require each of his Subcontractors to take out and maintain during the life of his Subcontract, the same insurance coverage required of the **CONTRACTOR** under Paragraphs A, B, C, D, and E above, including the extensions of coverage required under Paragraph B., Subparagraph 2, above. Each Subcontractor shall furnish to the **CONTRACTOR** two (2) copies of a Certificate of Insurance and such certificate shall contain the same information

required in Paragraph B. above. The **CONTRACTOR** shall furnish one (1) copy of the certificate to **GPA**.

**H. INSURANCE COMPANY AND AGENT:**

All insurance policies herein required of the **CONTRACTOR** shall be written by a company duly authorized to do business in the Territory of Guam and where supply under this Contract is being performed and be executed by some agent thereof duly licensed as an agent in said State or Territory.

**SECTION 23. INDEMNITY**

**CONTRACTOR** shall indemnify and hold **GPA** harmless from all damages to persons or property or to receiving facilities and delivery facilities, regardless of ownership, including the cost of enforcement of the indemnity, actually and proximately caused by **CONTRACTOR** or its agents in making deliveries hereunder. **CONTRACTOR** shall be responsible for cleaning up any oil spillage caused by it or its agent or **CONTRACTORS** during the process of oil delivery. **CONTRACTOR** shall carry at all times appropriate levels of insurance as determined by **GPA** to cover any such damage. The **CONTRACTOR** shall ensure that any vessel owned or chartered by the Contractor for deliveries under this agreement shall meet the requirements of the U.S. Oil Pollution Act of 1990 (OPA 90).

**SECTION 24. TRANSPORTATION**

**CONTRACTOR** shall arrange for the transportation of the Fuel Oil to the **GPA** storage facilities. All risk of loss, cost and liabilities prior to the time of passage of title of the Fuel Oil shall be on the **CONTRACTOR**.

**CONTRACTOR** 's and **GPA**'s rights and duties under [Section 24](#) and [Section 25](#) do not supersede or control the provisions of [Section 16](#) Force Majeure.

**SECTION 25. FAILURE TO SUPPLY**

If the **CONTRACTOR** refuses or fails to perform any of the provisions of this Contract with such diligence as will ensure the timely delivery of fuel oil supply or commits any other substantial breach or non-performance of this Contract, **CONTRACTOR** must provide **GPA** at least five (5) days prior

notice of its inability to supply and/or deliver fuel to GPA. GPA reserves the right to procure fuel oil supply from another source immediately upon issuance of such notification or whenever it deems appropriate for a period to be determined solely by GPA. If the cost of fuel supply and/or delivery during such period shall exceed the Contract price as provided in Section 4, the CONTRACTOR shall reimburse GPA for the difference and other damages, which may be taken from the Performance Bond or applied as a deduction to payments due from current and future invoices.

If not cured within THIRTY (30) days of the date of notification, GPA may terminate the Contract in whole or such part of the Contract as to which there has been a delay or a failure to properly perform. In the event of termination in whole or in part, GPA reserves the right to procure fuel oil supply from another source.

**SECTION 26. FAILURE TO PAY**

Failure to pay an invoice and any late penalties, if any, within a period of THIRTY (30) days from the due date of such invoice, shall be a default and should such a default not be cured within THIRTY (30) days of default, **CONTRACTOR** may, at its option, do either of the following:

- (a) Terminate the Contract forthwith or forthwith suspend delivery under the contract until further notice, on notifying **GPA** orally or by notice in writing; or
- (b) Continue to supply fuel oil and bring suit in the Superior Court of Guam for amounts past due and as they become due.

**SECTION 27. FAILURE TO COMPLY WITH LAWS**

In the event the **CONTRACTOR** or any person or entity identified as principals in the offer submitted in connection with the bid shall be found by any court or administrative agency having jurisdiction over the subject matter of the violation, to have violated any law, rule or regulation in connection with **CONTRACTOR**'s performance of the obligations under the Contract in any manner whatsoever directly or indirectly which violation shall constitute a breach of the peace, or an act involving moral turpitude or otherwise constitute endangerment of the health, safety and welfare of the citizens of the Territory of Guam, **GPA** may at its sole discretion terminate this Contract upon THIRTY (30) days written notice.

**SECTION 28. PENALTY CLAUSES**

(a) Quality Outside Contractual Specifications

In the event that any fuel, according to the analysis results has one or more quality characteristics outside the contractual specifications set in Schedule A, then in addition to any other rights or remedies available to the GPA under this contract a penalty will be imposed according to the following:

(1) If the bottom sediment and water exceeds the specification limit, then a price reduction shall be made for all water and non-petroleum sediment in excess of maximums specified in Schedule A multiplied by the Bill of Lading Quantity.

(2) If the heating value is less than the specification limit, then there will be a price reduction calculated as the ratio of the Out-of-Specification heating value and the Guaranteed Heating Value specified in Schedule A, multiplied by the Bill of Lading Quantity. If any other quality parameter (besides the ones stated in) exceeds the specifications' limits, then a penalty will be agreed between GPA and CONTRACTOR.

It is expressly agreed that the present penalty clauses shall be imposed regardless of whether damages were or not suffered by the GPA due to the delay in delivering the fuel and fuel quality outside contractual specifications, and that the GPA reserves the right to claim cumulatively both the amount of the penalty clauses and indemnification for every direct damage suffered by him due to CONTRACTOR non-contractual actions or omissions.

If during the period of this contract the GPA is forced to purchase fuel oil in order to maintain the GPA's Power Stations on full commercial load as a result of failure on the part of the CONTRACTOR to supply and/or deliver fuel oil in accordance with the terms of this contract (save for events of Force Majeure) any additional cost borne by the GPA over and above the price provided for in this Contract, CONTRACTOR will be liable to refund GPA either by payment of the CONTRACTOR or by way of reduction from GPA debts to the CONTRACTOR or deduction from the CONTRACTOR's Good Performance Bond of the Contract, or partially from both.

GPA reserves the right to retain the amount of the penalty clauses from his debts to the

CONTRACTOR or from the Good Performance Bond of the Contract, or partially from both.

(b) **Quality Outside Contractual Specifications**

In the event that any fuel, according to the analysis results has one or more quality characteristics outside the contractual specifications set in [Schedule A](#), then in addition to any other rights or remedies available to the **GPA** under this contract a penalty will be imposed according to the following:

(1) If the bottom sediment and water exceed the specification limit, then a price reduction shall be made for all water and non-petroleum sediment in excess of maximums specified in [Schedule A](#) multiplied by the Bill of Lading Quantity.

(2) If the heating value is less than the specification limit, then there will be a price reduction calculated as the ratio of the Out-of- Specification heating value and the Guaranteed Heating Value specified in [Schedule A](#), multiplied by the Bill of Lading Quantity.

If any other quality parameter (besides the ones stated in) exceeds the specifications' limits, then a penalty will be agreed between **GPA** and **CONTRACTOR**.

It is expressly agreed that the present penalty clauses shall be imposed regardless of whether damages were or not suffered by the **GPA** due to the delay in delivering the fuel and fuel quality outside contractual specifications, and that the **GPA** reserves the right to claim cumulatively both the amount of the penalty clauses and indemnification for every direct damage suffered by him due to **CONTRACTOR** non-contractual actions or omissions. If during the period of this contract the **GPA** is forced to purchase fuel oil in order to maintain the **GPA's** Power Stations on full commercial load as a result of failure on the part of the **CONTRACTOR** to supply and/or deliver fuel oil in accordance with the terms of this contract (save for events of Force Majeure) any additional cost borne by the **GPA** over and above the price provided for in this Contract, **CONTRACTOR** will be liable to refund **GPA** either by payment of the **CONTRACTOR** or by way of reduction from **GPA** debts to the **CONTRACTOR** or deduction from the **CONTRACTOR's** Good Performance Bond of the Contract, or partially from both.

**GPA** reserves the right to retain the amount of the penalty clauses from his debts to the **CONTRACTOR** or from the Good Performance Bond of the Contract, or partially from both.

**SECTION 29. DEFAULT**

If the PARTY refuses or fails to perform any of their obligations under this agreement, non-breaching PARTY shall notify the PARTY either by e-mail or in writing within thirty (30) days of the breach. If the PARTY does not remedy the breach within thirty (30) days after the date of notification, non-breaching PARTY may by giving notice to the other PARTY terminate the Agreement in whole or suspend taking of delivery under the Contract.

In the event of partial termination or suspension under this provision, **GPA** reserves the right to procure fuel supply from another source upon notification to CONTRACTOR either by e-mail or in writing. Fuel to be procured shall be at the prevailing market price at the time of partial termination or suspension.

The CONTRACTOR shall be liable for the difference between the contract price and the prevailing market price at the time of termination.

**SECTION 30. ATTORNEYS FEES**

Should a default by either party result in litigation, the successful party shall be entitled to recover its reasonable attorney's fees from the defaulting party.

**SECTION 31. TERMINATION FOR CONVENIENCE**

(a) **Termination.**

The delivery of fuel oil supply under this Contract may be terminated by **GPA** in accordance with this clause in whole, or from time to time in part.

Any such termination shall be effected by delivery to the **CONTRACTOR** of a written Notice of Termination specifying the extent to which supply of fuel oil under the Contract is terminated.

In the case of termination of this Contract, **GPA** shall reimburse the CONTRACTOR of all the expenses related to the period of the Performance Bond that were not used.

(b) **CONTRACTOR's Obligations.**

The **CONTRACTOR** shall incur no further obligations in connection with the terminated fuel oil supply delivery and on the date set in the Notice of Termination the **CONTRACTOR** will stop delivery of fuel oil to the extent specified. The **CONTRACTOR** shall also terminate outstanding orders and Contracts, if any, as they relate to the terminated Contract for fuel oil supply. The **CONTRACTOR** shall settle the liabilities and claims arising out of the termination of orders and Contracts, if any, connected with the terminated fuel oil supply delivery. **GPA** may direct the **CONTRACTOR** to assign the Contractor's right, title and interest under the terminated orders or Contracts to **GPA**. The **CONTRACTOR** must still deliver fuel oil supply not terminated by the Notice of Termination and may incur obligations as are necessary to do so.

(c) **Right to Supplies.**

**GPA** may require the **CONTRACTOR** to transfer title of fuel oil cargo in transit to Guam at the time of receipt by Contractor of **GPA's** Notice of Termination.

(d) **Compensation.**

- (1) The **CONTRACTOR** shall submit a termination claim specifying the amounts due because of the termination for convenience. If the **CONTRACTOR** fails to file a termination claim within ONE (1) year from effective date of termination, **GPA** may pay the **CONTRACTOR**, if at all, an amount set in accordance with subparagraph (3) of this paragraph.
- (2) **GPA** and the **CONTRACTOR** may agree to a settlement provided the **CONTRACTOR** has filed a termination claim supported by cost or pricing data to the extent required by Section 3-403 (Cost or Pricing Data) of the Guam Procurement Regulations and that the settlement does not exceed the total Contract price plus settlement costs reduced by payments previously made by **GPA**, the proceeds of any sales of supplies and manufacturing materials under the Guam Uniform Commercial Code, and the Contract price of the fuel supply not terminated.
- (3) Absent complete agreement under subparagraph (1) of this paragraph, **GPA** may pay the **CONTRACTOR** the following amounts, provided payments agreed to under subparagraph (2) shall not duplicate payments under this subparagraph:

(i) Fuel oil Contract prices for supplies or services accepted under the Contract by **GPA**;

(ii) Costs incurred in preparing to perform and performing the terminated portion of the delivery of fuel oil plus a fair and reasonable profit on such portion of the delivery (such profit shall not include anticipatory profit or consequential damages) less amounts paid or to be paid for accepted fuel oil supplies or services; provided, however, that if it appears that the **CONTRACTOR** would have sustained a loss if the entire Contract would have been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss;

(iii) Costs of settling and paying claims arising out of the termination of Contracts or orders pursuant to paragraph (2) of this clause. These costs must not include costs paid in accordance with subparagraph (3)(ii) of this paragraph;

(iv) The reasonable settlement costs of the **CONTRACTOR** including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the Contract for the termination and settlement of Contracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this Contract. The total sum to be paid the **CONTRACTOR** under this subparagraph shall not exceed the total Contract price plus the reasonable settlement costs of the **CONTRACTOR** reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under the Uniform Commercial Code.

### **SECTION 32. REMEDIES CUMMULATIVE**

Each and all remedies available to a party in the event of the other party's failure to comply timely with any or all the terms and conditions of the Contract may be exercised independently or in combination (such rights being nonexclusive one with the other). The remedies set forth in the Contract are in addition to, and not in lieu of, all of the remedies available at law or in equity.

**SECTION 33. COVENANT AGAINST CONTIGENT FEES**

The **CONTRACTOR** warrants no person or selling agency has been employed or retained to solicit or secure the Contract upon agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agency maintained by the **CONTRACTOR** for the purpose of securing business. For breach or violation of this warranty, **GPA** shall have the right to annul the Contract without liability or, in its discretion, to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

**SECTION 34. NOTICE**

Except as otherwise expressly specified herein, any notice to be given hereunder by either party to the other shall be deemed sufficiently given if in writing and enclosed in an envelope properly stamped and addressed to the party at the address set forth in this section, and deposited in the United States mail. Either party may change its address by giving FIFTEEN (15) days prior written notice to the other party. Such address until further notice shall be:

**GPA:** General Manager  
Guam Power Authority  
Post Office Box 2977  
Hagatna, Guam 96932-2977  
TELEFAX: (671) 648-9225

**CONTRACTOR:** \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**SECTION 35. INTEREST OF OTHER PARTIES**

**CONTRACTOR** warrants that no member of the governing body of **GPA**, and no other officer, employee, or agent of **GPA** who exercises any functions or responsibilities in connection with the work to which the Contract pertains, and no employee, agent or member of the Guam Legislature or other public official of the Government of Guam, has or shall have any personal economic or financial interest, direct or indirect, in the Contract.

**SECTION 36. ASSIGNMENT**

**CONTRACTOR** declares that the only persons or parties interested in the Contract as principals are named herein and that the Contract is made without participation by or benefit to any other person, firm or corporation, except as specified herein.

**CONTRACTOR** agrees that it will not assign to nor permit Contract participation in whole or in part by any other person, firm or corporation not specified as a principal without the prior written consent of **GPA**. If such assignment is permitted, **CONTRACTOR** will guarantee the performance of all terms and obligations of the Contract, and such assignment shall not alter **CONTRACTOR**'s obligations hereunder. No assignee of **CONTRACTOR** shall have the right to assign the Contract without **GPA**'s consent which may be given or refused at **GPA**'s absolute discretion.

**SECTION 37. TIME**

Time is of the essence in the Contract and in every part hereof.

**SECTION 38. AMENDMENT AND WAIVER**

Neither the Contract nor any provision hereof may be changed, waived, altered, amended, discharged or terminated orally, but only by an instrument in writing signed by the party against whom enforcement of the change, waiver, alteration, amendment, discharge or termination is sought. For purposes of this Contract, the signature of the Chairman or his designee, of the Consolidated Commission on Utilities is required to bind the **AUTHORITY**.

Failure by either party to object to any failure of performance by the other party of any provision of the Contract shall not constitute a waiver of, or estoppel against, the right of such party to require such performance by the other. Nor shall any such failure to object constitute a waiver or estoppel with respect to any succeeding failure of performance.

**SECTION 39. DESCRIPTIVE HEADINGS**

The descriptive headings of the several Sections and Subsections in this Invitation are inserted for convenience only and shall not be deemed to affect the meaning or construction of any provision hereof.

**SECTION 40. RELATIONSHIP OF PARTIES**

Nothing contained in the Contract shall be deemed or construed by the parties or by any third person to create the relationship of principal and agent or of partnership or of joint venture or of any association between **CONTRACTOR** and **GPA**, and no provisions contained in the Contract nor any acts of the parties shall be deemed to create any relationship between **GPA** and **CONTRACTOR**, other than the relationship of buyer and seller.

**SECTION 41. NUMBER AND GENDER**

In the Contract the masculine gender includes the feminine and neuter, the singular number includes the plural, and the word "person" includes corporation, partnership, firm or association wherever the context so requires.

**SECTION 42. SUCCESSORS IN INTEREST**

Each and all of the covenants, conditions, and restrictions in the Contract shall inure to the benefit of and shall be binding upon the permitted assignees and successors in interest of either party.

**SECTION 43. PARTIAL INVALIDITY**

Should any part of the Contract for any reason be declared to be invalid, such decision shall not affect the validity of any remaining portion thereof, which remaining portion shall remain in force

and effect as if the Contract had been executed with the invalid portion thereof eliminated, and it is hereby declared the intention of the parties that they would have executed the remaining portion of the Contract without including any such part, parts, or portions which may, for any reason, be hereafter declared invalid.

**SECTION 44. EQUAL OPPORTUNITY CLAUSE**

During the performance of the Contract the **CONTRACTOR** agrees as follows:

(a) The **CONTRACTOR** will not discriminate against any employee or applicant for employment because of race, color, religion, sex, political opinion or affiliation, or national origin. The **CONTRACTOR** will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, political opinion or affiliation, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demoting, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The **CONTRACTOR** agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the **GPA** setting forth the provisions of this equal opportunity clause.

(b) The **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of the **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, political opinion or affiliation, or national origin.

**SECTION 45. PROHIBITION AGAINST GRATUITIES, KICKBACKS, AND FAVORS TO THE TERRITORY**

GCA 5 §5630(c) prohibits the **CONSULTANT** against gratuities, kickbacks, and favors to the Territory.

**SECTION 46. RESTRICTION AGAINST CONTRACTOR EMPLOYING CONVICTED SEX OFFENDERS FROM WORKING AT GOVERNMENT OF GUAM VENUES**

GCA 5 §5253(b) restricts the **CONTRACTOR** against employing convicted sex offenders from working at Government of Guam venues. It states:

- (b) All contracts for services to agencies listed herein shall include the following provisions: (1) warranties that no person providing services

on behalf of the CONTRACTOR has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 GCA or an offense as defined in Article 2 of Chapter 28, Title 9 GCA, or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry; and (2) that if any person providing services on behalf of the CONTRACTOR is convicted of a sex offense under the provisions of Chapter 25 of Title 9 GCA or an offense as defined in Article 2 of Chapter 28, Title 9 GCA or an offense in another jurisdiction with, at a minimum, the same elements as such offenses, or who is listed on the Sex Offender Registry, that such person will be immediately removed from working at said agency and that the administrator of said agency be informed of such within twenty-four (24) hours of such conviction.

**SECTION 47. CONTRACT BINDING EFFECT**

All EXHIBITS attached hereto are incorporated herein by reference in its entirety.

This Contract is binding upon the **CONTRACTOR** only if **CONTRACTOR** has been awarded the Contract in response to the **IFB-GPA- -20**. This Contract is subject to the approval of **GPA** and the Public Utilities Commission and it shall not be binding on part of **GPA** until such approval is made as evidenced by the signatories below.

a corporation duly organized under the laws of the State of \_\_\_\_\_

\_\_\_\_\_

(hereafter referred to as: "Surety") authorized to transact business in Guam as Surety, are held and firmly bound unto the Guam Power Authority, as obligee, for use and benefit of claimants as herein below defined, in the amount of \_\_\_\_\_

\_\_\_\_\_ Dollars (US\$ \_\_\_\_\_) for the payment whereof

the CONTRACTOR and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the CONTRACTOR has by written agreement dated \_\_\_\_\_, 20\_\_\_\_, entered into a Contract with the Guam Power Authority for the **Supply of Diesel Fuel Oil No.2** in accordance with the Specifications prepared by the Guam Power Authority, which Contract is by reference made a part hereof, and is hereafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if the CONTRACTOR shall promptly and faithfully perform said Contract, and shall promptly make payment to all claimants as hereinafter defined for all labor and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void; otherwise it shall remain in full force and effect, subject, however, to the following conditions:

- A. The Surety hereby waives notice of any alteration or extension of the time made by the Guam Power Authority provided the same is within the scope of the Contract.
  
- B. Whenever CONTRACTOR shall be and is declared to be in default under the Contract by the Guam Power Authority, and the Guam Power Authority has performed its Contract obligations, the Surety may promptly remedy the default or shall promptly:
  - 1. Complete the Contract in accordance with its terms and conditions; or
  - 2. Obtain a bid or bids for completing the Contract in accordance with its terms and conditions, and upon determination by the Guam Power Authority and the Surety of the lowest responsive, responsible bidder, arrange for a Contract between such bidder and the Authority, and make available as work progresses (even though there should be a default or a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less than balance of the Contract price, but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term "balance of the contract price", as used in this paragraph shall mean the total amount payable by the Guam Power

Authority to CONTRACTOR under the Contract and any amendments thereto, less the amount properly paid by the Guam Power Authority to CONTRACTOR. No right of action shall accrue on this bond to or for the use of any person or corporation other than the Guam Power Authority or successors of the Authority.

- C. A claimant is defined as one having a direct contract with the CONTRACTOR, or with a sub-CONTRACTOR of the CONTRACTOR for labor, material, or both, used or reasonably required for use in the performance of the Contract labor and material being construed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental of equipment directly applicable to the Contract.
  
- D. The above-named CONTRACTOR and Surety hereby jointly and severally agree with the Guam Power Authority that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) calendar days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimant, may sue on this bond for use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The Guam Power Authority shall not be liable for the payment of any costs or expenses of any such suit.
  
- E. No suit or action shall be commenced hereunder by a claimant:
  - 1. Unless claimant, other than one having a direct contract with the CONTRACTOR, shall have given written notice to any two of the following:  
  
The CONTRACTOR, the Guam Power Authority, or the Surety above named, within ninety (90) calendar days after such claimant did or performed that last of the work

or labor, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be personally served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the CONTRACTOR at any place the principal maintains an office or conducts its business.

- 2. After the expiration of one (1) year following the date on which the last of the labor was performed or material was supplied by the party bringing suit.
- 3. Other than in a court of competent jurisdiction in and for Guam.

F. The amount of the payment bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of mechanics' liens, which may be filed of record against said improvement, whether or not claim for the amount of such lien be presented under and against this bond.

SIGNED AND SEALED THIS \_\_\_\_\_ day of \_\_\_\_\_ 20\_\_ .

IN THE PRESENCE OF:

(Note: If the Principles are Partners, each must execute the Bond)

## **Issues for Decision**

### **Resolution No. 2020-03:**

#### **Relative to Authorizing the Management of Guam Power Authority for the second (2<sup>nd</sup>) and third (3<sup>rd</sup>) year extension the Contract for the Management, Operation and Maintenance of GPA's Fuel Bulk Storage Facility with IP&E.**

##### **What is the project's objective? Is it necessary and urgent?**

The first (1<sup>st</sup>) year extension of the contract with IP&E for the Management, Operation, and Maintenance of the GPA Fuel Bulk Storage Facility under GPA-014-17 is set to expire on September 30, 2020. This contract includes up to three optional one-year extensions.

The objective is to continue and exercise the second (2<sup>nd</sup>) and third (3<sup>rd</sup>) year extension of the contract to ensure uninterrupted, reliable operation of the facility for the supply of fuel to the GPA plants.

##### **Where is the location?**

GPA Bulk Fuel Storage Facility.

##### **How much will it cost?**

The second (2<sup>nd</sup>) year contract extension is estimated to cost about \$885,108.88 and the third (3<sup>rd</sup>) year contract extension is estimated to cost about \$911,662.13 for the required services under the contract (Exhibit A).

##### **When will it be completed?**

The contract extension shall be for a period of two (2) consecutive years, commencing in October 1, 2020 and will expire in September 30, 2022.

##### **What is its funding source?**

The contract fees for the Management, Operation, and Maintenance of the facility will be funded under the fuel budget. Other services will be funded through O&M, and some through CIP if it involves procurement of equipment, construction, modification and others.

##### **The RFP/BID responses:**

IP&E Guam LLC has been awarded the contract through a multi-step IFB process.

## **Issues for Decision**

### **Resolution No. 2020-04**

#### **Relative to Recognizing and Congratulating GPA's Recent Professional Engineers (PE); and Un Dangkulu Na Si Yu'os Ma'åse' to the Professional Engineers (PE) Who Continue to Mentor and Guide Other Prospective Engineers to Attain Professional Licensure**

##### **What is the project's objective and is it necessary and urgent?**

GPA requires highly skilled professionals especially in the area of Engineering. GPA Engineers provide professional and technical engineering expertise in planning, designing and managing projects required for the upgrade and maintenance of transmission and distribution lines, substation and generation facilities and for renewable energy production. Engineers communicate effectively, oversee special projects, develop economical solutions to technical problems and improve the reliability of electricity and power grids.

GPA currently has a total of 45 Engineers throughout the organization performing electrical, civil, mechanical, and environmental/regulatory work. Of the 45 Engineers in GPA, 14 Engineers are licensed Professional Engineer (PE). According to the National Society of Professional Engineers, a Professional Engineer is an individual, who has fulfilled education and experience requirements and passed a rigorous exam that, under State licensure laws, permits them to offer engineering services directly to the public.

A Professional Engineer (PE) license matters if you work in the electric power and renewable energy industry. Only a licensed Professional Engineer, may prepare, sign, seal and submit engineering plans and drawings to any public authority for approval, or to seal engineering work for public and private clients. The National Society of Professional Engineers best summarizes the power of the PE designation stating: "Licensure is the mark of a professional. It's a standard recognized by employers and their clients, by governments and by the public as an assurance of dedication, skill and quality." It tells the public that you have mastered the critical elements of your profession.

**Within the last 5 years, 3 GPA Engineer employees have achieved the distinct designation of Professional Engineer (P.E.), they include Mr. Louis C. Camacho, P.E., Engineer III with the Distribution Section of Engineering, Mrs. Kristy C. Cuenca, Engineer III with the Substation/Transmission section of Engineering, and Special Projects Engineer, Mrs. Paz A. Tison with SPORD.**

There is an additional team of 11 other current professional engineers on staff at GPA who continue to mentor and guide other prospective engineers to attain professional licensure. All of GPA's professional engineers' level of expertise contribute to the progress GPA has made and will continue to make to provide outstanding energy solutions to benefit our ratepayers and island community.

The number of GPA professional engineers is the largest concentration within the Government of Guam and is comparable with the concentration of registered professional engineers employed by the federal government and engineering firms on Guam.
