Bethpage Seeks Action Upon Parking Problem

BETHPAGE — What has happened to efforts to provide off-street parking facilities in this community? No clear-cut answer to the problem was found at the Civic Association meeting, Wednesday night at the school auditorium, but a good deal of time was spent on the subject.

The Town Board held a public hearing here in October to create a parking district and announced plans to spend \$39,000 upon acquiring well-located property for commuter and shopping parking. Of this amount, one half would be contributed by the township and the other half would be raised by local taxation.

Charles Pendlebury offered a motion, after considerable discussion, that the local Parking Com-

mittee "function again" and get some action. A committee had been organized with representatives of all local organizations to consider local sites and make recommendations to the Town Board. Robert Glasser is chairman of the committee.

Nix Water Works Site

It appears that several sites were recommended to the town, the least expensive of which was about an acre adjoining the Bethpage water tank near the Stewart Ave. RR crossing. Civic Association President Louis Sisia told the group this site had been rejected by Town Councilman Frank Chlumsky.

The parking field debate developed when someone wanted to know why parking tickets were being issued by police in the business section.

Paul Dana said "I understood we would first get the parking fields and then the police would hand out tickets." Sisia said the parking ordinance had been adopted recently at a public hearing in Oyster Bay.

Lawrence A. Roman, past president of Hicksville Civic and Community Association, was a speaker earlier in the evening. He said

Board Issues Rules For HS Tennis Courts

HICKSVILLE — The Board of Education today issued regulations for the use of the reconstructed tennis courts on the 4th St. side of the High School. They follow: "These courts are for the use of residents of Union Free School Dist. 17, Hicksville. Please use flat rubber soled tennis shoes only. Guests are permitted in the same ratio as Hicksville residents. When courts are crowded, players will please double up at the finish of the set. Winners of the double set will retain courts against the next team. Failure to observe these rules will forfeit rights to the use of 'ho courts.'"

Heavy Demand, One Well Out, Causes Brief Water Shortage

HICKSVILLE — Water officials today were ready to cut off farm irrigators if the need arose, as the daily supply hovered at times at the lowest point in the history of the water district. With one out of four pumps out of service most of the week, the supply dropped almost to a trickle Saturday night, and some areas were actually without water for a couple of hours.

The rise in temperature, dry spell and failure of one of the pumps contributed to the very short supply on the system. The increase in new home construction in the past several months also has brought the district more consumers.

Water district officials today (Wednesday) expected air-expressed parts would arrive for Well No. 1 on Bethpage Rd., so that this giant could return to service. Meanwhile, a test run this week on Well No. 5, now being constructed on Jerusalem Ave. near the new Levitt houses, was a marked success. However, No. 5 is not expected to be in service for a month or six weeks.

Well No. 1 went out of commission last week, leaving the other two wells on Bethpage Rd. and one on Newbridge Rd. to carry the burden. About 7:30 Friday evening, housewives noticed the pressure had dropped off and residents in Zeldia Park, around East St. School and Twinlawn Ave. reported no water at all. It was not until about 9 o'clock in the evening that the pressure began to rise again as the peak demand tapered off.

Bids have been let upon the construction of two more wells (Nos. 6 and 7 for the district) in the Dutch Lane section, and a new 500,000 gallon storage tank will be erected on Newbridge Rd. near the present tank.

Numerous reports circulated thru the community, Saturday evening as the pressure dropped. One incorrect report stated that "Levitt is filling his swimming pool." Actually, no public pools are in Hicksville District, although one is being built at the West Village Green shopping centre on Newbridge Rd., Hicksville.

Rev. Bittermann Is Central Nassau Dean

BROOKLYN—The Rev. George M. Bittermann, pastor of St. Ignatius Church, Hicksville, has been appointed dean of a newly created Central Nassau district in the Diocese of Brooklyn, it was announced from the office of Bishop E. Molloy this week.

Father Bittermann will have jurisdiction of 20 parishes and three missions in central Nassau in provincial administration and observance of liturgical laws.

FARMINGDALE — A second meeting is scheduled here Friday night, July 7, upon the organization of a civilian defense program for the mid-Island region including Hicksville. Chief Stanford Wieses and ex-chief Daniel Munch of the Hicksville Fire Department were among those present for the initial meeting here last Thursday. Veteran organizations and fire-matic groups attended.

HUNTINGTON—William E. Koutensky was honored upon his 30th anniversary with the Long Island National Bank of Hicksville at a Directors' Dinner given here Saturday night at the Dew Drop Inn. He began as an assistant cashier with the Bank on July 1, 1920.

William Duffy, President of the Bank, was toastmaster at the dinner. The directors presented Mr. and Mrs. Koutensky with a beautiful grandfather's clock.

The guest of honor is chairman of the Nassau County Clearing House and has long been active in civic and fraternal organizations. (Pictures of the affair and a detailed story will appear in the Herald next week).

Plainview Trustees Answer Harbes Plea

PLAINVIEW — The School Board is filing written answers with the State Commissioner of Education at Albany to the charges of John G. Harbes, former member, and is awaiting the decision of the State. Harbes has requested a new election of the district he held upon the question of creating a union free school and upon the selection of a 5-member board.

Gerard Lichty, temporary chairman of the School Board since the election held May 26, said "each point in the Harbes' petition has been answered by the Board thru the District's attorney, Howard T. Hogan. A copy of the answers has been sent to Thomas F. Hyland, Harbes' attorney.

Election of officers of the school board is scheduled to take place tonight (Wednesday)

Geyer Installs Civic Officers

MERRICK—Members and their guests enjoyed the 3rd annual installation dinner of the Hicksville Civic and Community Assoc. held at the South Shore Terrace, here, Thursday night. William L. Geyer, first president of the group, conducted the installation.

Presentation of a gift to Lawrence A. Roman, retiring after two terms as president, was made by Geyer in behalf of the Assoc. Stanley Mrux was seated as the new president.

Few at School Board Meeting

PLAINVIEW — Only 18 persons attended a public meeting of the School District here, Friday night, to discuss a drainage problem that has been encumbered regarding the 11.1 acre school site in the east end of the district.

The meeting was called for discussion of the problem and those present appeared to favor leaving the site where it is rather than involve the district in the expense and delays of a new election.

Adequacy of Present School Plant, Peak Capacity Studied by Columbia

Before deciding on the number of new school buildings needed in Hicksville, it is necessary to analyze the present school buildings from the standpoints of adequacy and serviceability. How many children can be accommodated in the local schools? Are the buildings satisfactory as school plants? What can be done to improve the present structures and to increase their capacity? Questions such as these need to be answered before deciding on a long-term school building program.

The Hicksville School plant now consists of three buildings, two housing elementary school pupils (grades from kindergarten to sixth grade, and one building housing secondary pupils (grades 7 to 12).

This school plant has developed over the years from a small one-room building (now razed), erected in 1853 on the Nicholas St. site, to the present plant containing approximately 66 classrooms,

plus a number of other special facilities.

Slowly Until 1924

It is interesting to note that the development of the Hicksville school plant proceeded slowly until 1924 and consisted of only the Nicholas St. School up to that time. In that year the village commenced a vigorous school building program that continued for five years, until 1929. During that five-year period, the village erected a large high school building (East St.). Since 1930, twenty years ago, the village has carried on no major school building project.

(E. A. VanSlyke, superintendent of schools during this period of growth 20 years ago, recalls how the system expanded in that era. The first article on this growth is published elsewhere in this issue of the Herald—Editor).

Third Installment Of Columbia Report

The Institute of Field Studies, Teachers College, Columbia University recently completed a detailed study of Hicksville's school building needs. To bring the results of this study to the attention of local residents who will be asked to vote upon portions of the program for the purchase of sites and construction of schools, the HERALD is publishing weekly installments from the report.

Previous articles have outlined the basic recommendations calling for expenditure of almost \$7,000,000 during the next 10 years to meet the anticipated increases in pupil enrollment, expected to start in September; and the ability of the district to finance such a program. This installment considers the adequacy of the present structures, particularly East St. grade school.—Editor.

In order to determine how Hicksville's school buildings compare with a hypothetically perfect school plant, they were rated by use of the 1,000 point Linn-McCormick Rating Forms for Elementary Schools (continued on page 13)

Fire Does \$20,000 Damage to Factory

BETHPAGE — A blaze at the Kessler Glass Factory on Broadway, here, caused an estimated \$20,000 damage Wednesday night at 6:25 o'clock. Volunteer firemen under the direction of Chief Robert Gillespie fought the fire for an hour using 1500 feet of hose from the nearest fire hydrant.

County Fire Marshal Peter Lynch and Chief Gillespie investigated the fire which started in a crate of television tubes and lamp bases which was stored outside the building awaiting shipment by railroad express. Most damage was sustained in the batching room of the factory.

IN OUR OPINION:

By FRED J. NOETH

Where You Live Can Be Important

WHY IS IT IMPORTANT that the people moving into the new Levitt houses within Hicksville consider themselves as Hicksville rather than Levittown residents?

There are a number of substantial reasons. To recite a few:

SCHOOLS — Their children may be refused registration in the Hicksville public schools if they do not state their address as Hicksville. They must be Hicksville residents to attend the local schools. Of course, there are children from other districts attending our schools, but in such cases their home school district pays tuition to the Hicksville District.

PROTECTION—In case of fire, they may find themselves without protection unless they report their address as Hicksville. Since the Levitt development began, the custodians at the local firehouse have had orders to tell persons reporting fires in "Levittown" that they are outside the Hicksville District. Minutes lost at the start of a fire can result in disaster.

PLEASURE—As residents of Hicksville and the Town of Oyster Bay, the owners of these new Levitt houses will enjoy the privilege of using the fine township beaches on the north and south shores. Unless their auto registration says "Hicksville" or some other community in Oyster Bay Township, they will be refused a windshield sticker for their car and will have to pay for the right to park and use the town beaches. Stehli Beach, for example, is restricted to town residents only.

CONVENIENCE — Their mail may be delayed by unnecessary rerouting if it goes to Levittown branch office first and then must be re-delivered to Hicksville . . .

Visitors are bound to have trouble finding them.

The line which runs between Hempstead and Oyster Bay Townships, east and west, is drawn on the maps. It can't be seen, but it is very important. It determines where these new homeowners may vote, it determines from whence they get their tax bills and where they must apply if they want a permit to do some home construction, to get a dog license or a clamming permit (Oyster Bay Town Hall).

Incidentally, if you read the latest issue of Time magazine you noticed the article about William Levitt, master builder. We found the article especially pleasing since it mentioned that Levitt is building "near Hicksville, Long Island," right in the first sentence. It is the first time, to our knowledge, that a national publication in reporting the Levitt story admitted the existence of Hicksville.

Let's Rename Nassau County

HICKSVILLE PEOPLE who have been busy complaining about the inroads of Levitt & Sons into our community with an utter disregard of the local identity and name, found allies this week when a delegation from East Meadow appeared before the Nassau County Planning Commission.

Edward J. Dougherty, deputy county treasurer and Republican Leader of East Meadow, put up a strong and emphatic protest to the plans of Levitt to rename part of East Meadow as Levittown. It is refreshing to find such active political leadership in this fight, even if it does generate in a neighboring township.

Ira Goldman, attorney for Levitt & Sons, was quoted in the daily press as being "surprised" to hear of East Meadow's gripe. However, he said, the builders would go ahead with the present plans of calling the area Levittown.

Of course in East Meadow the situation is complicated by the fact that it does not have a local post office. Hicksville has its own Post Office (first class, too), but local civics got the answer from the Planning Commission: "It is difficult to retain the name of an unincorporated area."

As we suggested some months back, why not call it Levitt County or Levitt Island, and then we could retain our own community names.

School Voting Goes Slow

THE USE OF VOTING machines in school elections has been proven Wednesday night, June 21, the results of the vote were made known within minutes, whereas in previous elections a half hour or hour was required to count the paper ballots and tabulate them.

However, there does appear to be a bottleneck in the system of checking off registrants. The system does not appear adequate to handle the increased volume of voters who may be expected at subsequent special elections in the Hicksville District. We observed that several persons, disgusted with the slow progress of the line, left the building without voting—thus, in effect, surrendering their vote. We believe that the School Board will investigate other methods of speeding up this check-off.

—Parking

(continued from page 1)
civic work takes a lot of time, effort and energy and cited some of the projects of the Hicksville group.

After a report was made to the audience by Frederick Tilney, the group voted to affiliate with the Nassau-Suffolk Commuter organization to fight the proposed new increase in LIERF fares. John R. Brandt, town highway superintendent, also spoke at the meeting.

While general meetings are scheduled for suspension during the summer months, the members and audience urged that activities be continued during this period.

SEEMS LIKE YESTERDAY:

A Year Ago This Week

Hicksville Free Public Library was confronted with the problem of finding suitable quarters in the community. Because the two rooms which the Library occupied were needed for additional classrooms in Nicholas St. School, the Board of Education advised the Library that it must vacate . . . A new class in wood carving and modeling in clay were added to the summer program for young people conducted by the Library . . . Norma Jurek was voted the most outstanding senior in sports at Hicksville High School . . . The new church auditorium at St. Stephen's Lutheran Church, Hicksville, was dedicated.

Sound Off . . . News and Views of VFW Post 3211

This is Carnival Week fellas, so if you haven't come out as yet to assist us at the various rides, booth and etc., be sure and get yourself down there real quick because there can never be too many helpers at a time like this. If you have been inactive insofar as the Post is concerned and feel the urge to get back into the swing of things, drop around, speak to any of the members present at the grounds and they will see to it that you are taken care of. **THE PLACE:** Old Country Rd. and Newbridge Rd., Hicksville.

The 3211 newsreel camera picked up the following shots recently: Jack Mulligan trying to grab a few winks between words at the last regular meeting. What's the matter Mulligan, too much garbage building? Frank Sutter and Bill Froehenhofer down at the clubhouse painting windows. Dr. Lambert walking into the meeting very, very late. Al Hanlon peddling his VFW wares to the members. Howard Darling's smile of satisfaction over his present tour of active duty in the U. S. Army. Lester Iehle trying to figure out what he sent for to keep his telephone bills down — maybe I can help you. It was the paper weight remember? Ray Froehenhofer serving red hot coffee at the last regular meeting, the hottest night of the year. Commander Reinhardt handing out the certificates to those members present who have already purchased them. And so the 3211 camera reels on — its bound to catch you sooner or later.

This past week we lost one of our charter members, Comrade Mathew McGreen. Although he wasn't an active member at the time of his passing, we of the Post will always bear in mind the help, time and guidance he gave when the Post was first organized. To his immediate family, our deepest sympathy in this hour of bereavement.

I agree 100 per cent with the Sad Sack on his suggestion that some means should be devised whereby all veterans organizations in town are notified whenever a buddy dies. In that way there can be no slip ups insofar as honor guards and etc. are concerned. Since you originated the idea my good friend, Sad Sack, perhaps you can contact the various commanders to see to it that they notify each other at the proper time.

It seems to me that everyone at the last meeting was talking about getting in some new members. That is an excellent idea and I'm positive that now since the ball has started to roll, our membership ranks will continue to swell. Good luck to all.

Nice seeing Artie Pearce around again after his recent marriage and honeymoon. Good luck ole boy and how does it feel to be married?

I want to extend my heartfelt congratulations to newly elected Commander Beard of the Legion and to all his officers, and wish them all a very successful year.

HICKSVILLE PARK: Backyard Party Celebrates Bus Vote

Hello, folks: I'm sure you all heard if you did not see, the party going on in the backyards of some of the houses on McAlester Ave., Saturday night. Hicksville Park members of the Citizen's School Bus Committee gave themselves and their wives a party. Beer, soda, franks and all the usual foodstuffs were served. They even had talent in the form of singing (?) by Joe Horan and his quartet, and dancing by Sweet-Potato Butler. Everyone had loads of fun, but there were some who were seen suffering the next morning.

School days are over and I know the children aren't sorry—but I'll wager some of the mothers are. Little Maureen Cunningham of 46 McAlester Ave. and Loretta Biasi of 77 Combs Ave., graduated in caps and gowns, from St. Ignatius Parochial School. Speaking of Loretta Biasi, she was 8 years old last week and she had a lovely lawn party for her birthday. A good time was had by all and everyone wishes Loretta a happy, happy birthday.

Mrs. Nicholas Zorbo of 50 McAlester Ave. gave a luncheon party a week ago Tuesday for the mothers of those children who graduated from kindergarten.

Mr. and Mrs. O. Butler of 2 Mead Ave. entertained Mr. and Mrs. George Lindemann over the Fourth of July weekend. The Butlers also celebrated their 17th wedding anniversary on July 5. Congratulations.

The Nicolini family of 38 McAlester Ave. really had their share of birthdays, in the past few weeks. First, there was Peter's 9th birthday on June 22, which was celebrated with a small party. Then it was Mrs. Yolanda Nicolini's turn. Her birthday was on July 3rd; and the following day, July 4th, it was Mrs. Julia Baggio, Mrs. Nicolini's mother, who celebrated her birthday.

Henry Heim of 49 McAlester Ave. celebrated his birthday June 27.

Mrs. Susan Condon spent last week visiting Mr. and Mrs. James Condon of 47 McAlester Ave., and has now returned to her home in Port Jefferson.

That's all for this week, folks.
DORIS WERNER.

Problem of Site For Big Tourney

HICKSVILLE — A large committee of the Fire Department is busy with preparations for the 22nd annual Labor Day Parade and Tournament for volunteer firemen to take place here Sept. 4. Entry forms are being sent to all fire companies in Nassau and Suffolk.

Edward Dwyer is chairman of the committee in charge of arrangements which is holding weekly meetings, preparing for the event which annually draws more than 15,000 persons to Hicksville.

One of the most difficult problems for the committee at this stage is the selection of a local course on which to hold events. Mass home building is making course selection a problem for sponsors of tournaments throughout the island, but Course Chairman Harry Borley and his workers believe they have the solution.

Paul Miller is chairman of arrangements for a giant community block dance which will be held the Saturday before Labor Day.

Officers of the Tournament Committee include: Dwyer, chairman; Ralph Heberer, vice chairman; Walter Eichler and George Neder Jr., financial secretaries; John Jeanson and Walter Baldwin, secretaries; George Engel, treasurer.

The annual parade and tournament here is one of the oldest, best known and best attended firematic events of the year throughout the state, according to Dwyer. He has high hopes of topping all previous attendance records this year.

The answers to everyday insurance problems
By JOSEPH E. DOCKOW

QUESTION: I am a very careful person and it seems to me that if I am watchful of the upkeep and repair of my property, it is very unlikely that an accident could occur which could be charged to my negligence. Why should I take on the needless expense of carrying a "Home Owner's Liability" insurance policy?

ANSWER: Certainly a person who is careful about the upkeep and repair of his property is much less likely to become liable for damages from an accident on that property. However, all your care may not keep someone from suing you for damages and even though you win the case, you might be forced to very great expense in just defending the suit. The proper insurance will not only handle your loss if the case goes against you but the insurance company will defend you in the suit itself.

Debate Incorporation on WHLI

An appeal to older and new residents alike to vote in favor of incorporation for Hicksville when the question comes to a vote was voiced by Mrs. Janet Schumacher of Flower St., Hicksville, over Station WHLI, here, Wednesday.

Mrs. Schumacher and Fred J. Noeth, editor of the Herald, presented opposing views on the question of incorporation during a 16-minute program. Noeth presented the views of the opposition for the purpose of debate, stressing that he was not presenting his personal opinion on the question.

Question of Taxes

"The most important question concerning incorporation is 'will there be a rise in taxes?'," Mrs. Schumacher said. "If there is it will be very little as most of the incorporated villages in the county today have a slightly lower rate than we do. To offset this rise, if any, we must consider the advantages of home rule through local government.

"We will elect officials who will have the responsibility of administering our village affairs for the best interests of all the citizens. (These officials serve on a part-time basis with salaries in accordance. . . . Let's bring the government back to the people instead of expecting and hoping a distant one will do what is best for us."

The program was arranged by Arthur Paterson, WHLI community affairs' director, in cooperation with the Herald. George Ball was the announcer and moderated the debate.

A summary of opposition views to incorporation was outlined by Noeth who said "in the forefront of those opposed to incorporation you will find the advocates of a stronger county government. There are those who dream of the day when Nassau County may become the City of Nassau and to bring this about it will be necessary to erase the various special district, village and township lines.

"The day is passing when individual communities in Nassau will be separated from each other by borders of farms and open spaces. One village is growing into another, just as one district is growing into another. It is not easy to tell a man on one side of the street that his school tax rate, for example, is higher than Bill Jones on the opposite side of the street because Bill is fortunate enough to live in a school district with a lower district rate.

"There is no question about it," he concluded, "that before the people of Hicksville can decide this question of whether or not to incorporate, a great deal of research will have to take place. There will have to be more debates and discussions to bring out the facts and to provide the answers to hundreds of questions."

mentary and Secondary School plants. Ratings of the present buildings show: High School, 610 out of possible 1,000 points, "good"; East St. School, 560 out of possible 1,000, "good"; and Nicholas St. school, 320 out of possible 1,000, "poor."

Both the high school and East St. School are generally satisfactory school structures and should continue to serve Hicksville for many years. The Nicholas St. plant is substandard in many respects, but may have to be continued in service for a few more years because of the drastic need for school space.

A more detailed analysis of East St. school reveals this is an attractive two-story and basement brick structure, located on a rather small site of about six acres. The National Council on Schoolhouse Construction proposes that elementary school sites should have at least 5 acres of land, FLUS an additional acre for every 100 pupils enrolled. On this basis, the East St. building should have a site of nine acres to care for the present maximum capacity of the plant. If additional classrooms are added to this building, a still larger site would be desirable, but there is very little prospect of adding much more area to the present site.

Built for \$210,000 East St. School, erected in 1927 at an approximate cost of \$210,000, contains the following basic spaces: 12 classrooms, kindergarten room, teachers' room, principal's office, combination auditorium-gym, basement lunchroom.

 The Newspaper You can Count On!

If 40 pupils were assigned to the kindergarten (20 pupils in two half-day sessions) and 25 pupils were assigned to each of the 12 classrooms, the building could care for 340 pupils. This may be rated as a reasonable capacity. If under pressure, each class group is increased by 5 pupils, the capacity rating of the building is increased to 410 pupils. In Sept. 1949, this building cared for 324 pupils. The 10 class groups above the kindergarten then had an average size of 28.4 pupils. Two classes, grades 2B and 6, enrolled more than 30 pupils.

This building, if operated at maximum capacity, might care for 86 more pupils, or the equivalent of 2 or 3 additional class groups. It is obvious, of course, that this small amount of additional classroom space will not even begin to solve the future school building problems in Hicksville.

(Next week, a detailed analysis of the Nicholas St. School building will be published as compiled by Columbia.—Ed.)

Mrs. Anne Guckenberger of 119 Fourth St., Hicksville, has returned home from Mercy Hospital. She wishes to thank her friends for their many kind messages and remembrances.

LET'S BUILD A WOODEN FENCE . . . Husman

Like many other commodities, attractive wooden fences can be built within a wide cost range. For lowest cost, use universally available stock materials. Cost is dependant more upon the amount of "special" materials, than upon the size or style of the fence. Picket style fences require posts, stringers and of all things — pickets.

Ready-cut pickets are available in several standard lengths and widths, in 4 or 5 different patterns. These are delivered to you ready for application and require no further processing. Naturally, such pickets are much less expensive than non-standard odd size pickets or those which must be manufactured to order.

Red cedar square posts are available in varying lengths and are usually better suited for fence building and cost less than material cut to order for a given job.

Rails can be made of a good grade red cedar and this of course is another stock item, here at Cashel's.

Anyhow . . . what's a cottage without a fence. Everybody loves a quaint vine-covered "cottage" but did you ever see one without a fence? Come on, Joe, let's get romantic and build a fence for your sweetie. Build her a "friendly fence," one that even your next door neighbor will admire. Just think of the privacy and distinction an attractive wooden fence will add to your home of which there is a kind and style for every house.

Come on in, see your "Uncle Tom," and arrange a plot layout and design—also for the do-it-yourselfer to build it with . . . you know?

A SUPERINTENDENT RECALLS: School Expansion Today Much Like Growth of Area Between 1923-1936

By E. A. VAN STYKE

The present day growth and development of Hicksville was duplicated during a previous boom in local home construction between 1923 and 1936. In that earlier period, the high school was built and enlarged almost immediately and East St. School was constructed.

E. A. Van Styke of 179 W. Marie St., Hicksville, was superintendent of the school district during this period.—Editor.

The period from 1923 to 1936 was the time of the greatest building program, transition and development of the Hicksville schools. The number of teachers increased from 23 to 85. The value of school property from \$86,950 in 1923 to \$852,717 in 1936.

In the spring of 1923 the people voted \$20,000 for a new high school site and \$250,000 for a new Junior-Senior High School. In the fall of 1923 it was found that it would require an additional \$95,000 to construct the building as planned and to properly equip it. This was voted by the people and made \$345,000 for construction.

In Dec. 1923, excavation was started and corner stone laid on Apr. 26, 1924. During Thanksgiving vacation in 1924 the high school equipment was moved to the new building and on Dec. 4, 1924, the new building was occupied by the pupils of the 7th to 12th years.

Used Other Buildings

This relieved the congestion in the Nicholas St. Grammar School. It was necessary in September to use three rooms in the former Parochial School building, kindly offered to the Board of Education. One other room was kindly donated by the Fire Dept. making several school rooms outside of the school buildings. Those grades were moved back to Nicholas St. on Dec. 4, 1924, when room was provided by shifting the 7th thru 12th grades to the new high school.

Soon after school opened in Sept. 1923, it was discovered that many pupils found it necessary to travel to Jamaica or New York to take work in commercial subjects. In October the School Board authorized the employment of a teacher for commercial subject and a business course was offered for the first time.

In Sept. 1924 this department was so popular and had grown to such an extent, another teacher was engaged. Since that time our local graduates have been holding

Early in the spring of 1924 a night school was opened and instruction was given in English bookkeeping and typewriting. Three day school teachers were engaged for this work. Later mechanical drawing, Spanish and household arts were added.

In Feb. 1924, Home Economics was added to the courses equip-

ment installed and a teacher engaged. Hot lunches were served

for the first time.

OPEN MONDAY, WEDNESDAY & FRIDAY 'TIL 9 P. M.

By HOWARD FINNEGAN

The next ten days loom very importantly for the Botto Bros. softball team; so let us take a look at some of the reasons for the success of this club, which has won 16 out of 19 starts.

The steady pitching of Joe Smith has been a principal factor. His first 15 games shows that he has allowed 51 hits and 35 runs in 91 innings. He issued 52 bases on balls but struck out 91 batters to ease over the rougher spots.

Bill Bordiuk has also been very effective. For nine games his record shows 21 hits and 14 runs for 41 innings. His control has been exceptional since only 15 bases on balls have been recorded against him while the strike out total has run to 40.

Bordiuk has 5 wins and a tie, while Smith has 8 wins and 8 losses.

Hitting support behind the chukkers has been very good and Joe Laskowski is showing the way.

Including Saturday's game, Joe hit safely 11 times in 12 at bat and his season's average stood at a spicely .556. In addition he is the leading player in the matter of getting bases on balls with 11 and he has yet to strike out this year.

Other batting leaders are Billy Byrnes with 13 hits for 34 at bats, .382; Ed Coleman 20 for 61, .328; Jerry Kiesel 14 for 46, .304; Stan Smith 13 for 45, .288; Merrill Yarotzky 9 for 34, .266, and Pete Zeiher 11 for 45, .245.

In the matter of runs batted in, Kiesel and Ferrara are tied with 13 apiece, while Coleman and Ray Halleran each have pushed over 11.

Leadership in home runs is shared by Kiesel, Ferrara and Coleman.

The Black and White will have to keep pace with these marks if the next ten days are to prove fruitful.

Tomorrow night (Thursday) Bottons will have to defend its first place position in the Jones Beach League against the highly respected Bellmore entry.

Monday night calls for a visit to Rockville Centre for a clash with third place Zinn's and next Wednesday a travel date to Glen Cove gives the locals another crack at Grumman in an official game.

Much depends on the Grumman game, since a good Hicksville showing might bring an invitation for a game upstate or in Conn. one of these weekends in July or August.

After the Grumman game, a quick return Thursday night to Jones Beach finds Wright's improved Hardware waiting for Bottons.

Wright's started off the season with two outlandish beatings, but the club has been improved by the addition of pitcher Richie Berghauer, who has always been a tough nut for Bottons to crack.

500 Want School Board Reinstate Fitzgerald

WESTBURY — Close to 500 persons jammed the auditorium of the high school here, June 29, and apparently threw the Board of Education on the defensive as they demanded the reinstatement of Tom Fitzgerald as Director of Athletics with full charge in that post, both in physical education and interscholastic competition.

The School Board had supposedly demoted Fitzgerald to the role of gym teacher after 29 years as head man of the Westbury plant, and his former athletes rallied to his support and demanded an open hearing on the matter. Fitzgerald's record in interscholastic competition has been one of the most glittering achievements in Nassau County. He took all comers, big and small, and was not on the short end often.

Among the speakers for the mentor was George Craig of Baldwin, veteran athletic director, who attended along with Bill Ashley of Freeport, Nevin Judd of East Rockaway, and Al Nisom of Hempstead. All are members of the Nassau County Athletic Directors Committee which officially went on record in support of Fitzgerald before the meeting.

Only one voice was raised not in support of Fitzgerald and it was angrily shouted down by others in

attendance. State Letter Stating Supporters of the ousted Athletic Director took heart in a letter written by Caswell D. Miles, chief of the Physical Education Department of the University of the State of New York, which was read at the meeting.

In part it read: "We are at a loss to account for the action taken in a recent board meeting to separate the administration of athletics from the rest of the program of physical education.

"In view of the above facts, we recommend that Mr. Fitzgerald be retained as director of physical education, including the supervision of the athletic program."

Many in attendance took the view that the Board had not acted within the prescribed limits of its authority and demanded a rebuttal to the letter.

The Board did not make any comment during the meeting other than to say it would entertain the arguments and give its decision at a later date.

The issue has received widespread attention in all county sports circles, and not the least in Hicksville, whose high school has been one of the arch rivals of Fitzgerald clubs back over three decades.

Hicksville Takes 2 Games in 4 Days

Hicksville's PBC behind the 2-hit pitching of Hal Manaske, took Albertson into camp by a 4-2 score, Thursday. Only three miscues by his infield kept the leagues leading chucker from a shut out; however, the solid hitting of Small, Wesnoske and big Ray Guckenberger left no doubt as to the eventual outcome of the game.

The story was altered somewhat on Saturday as Hicksville staggered to a loosely played 17-10 win over Manhasset. Bob Keute started on the hill but gave way to Manaske in the third when a combination of poor control and sloppy fielding put Manhasset back in the game after Hicksville had jumped to a 6-run lead.

Run in 9th Wins for Botto Bros

ROCKVILLE CENTRE — Merrill Yarotzky tore home from third base following Stan Smith's short fly to left, here, in the ninth inning, Saturday night, to bring Botto Bros. a 4-3 victory over the Carlos Jewelers.

The win enabled Bottons to hold fast to second place in the first round play with the pace setting K Corey club one game in front.

Joe Smith gave up just three hits as did his pitching opponent, Bob Terry, but both men were plagued by faulty support and

that made their tasks all the more difficult.

Actually seeking its ninth straight win Bottons was credited with three runs in the first inning. Five walks, two errors, three passed balls and a hit batter allowed Billy Byrnes, Ralph Ferrara and Stan Smith to dent the plate with the aid of a safe hit.

Smith and Byrnes accounted for all three Hicksville hits. Smith got the pair. None of the games' hits could be classified as lusty, however.

Errors Hurt Smith

On the strength of his own performance, Joe Smith could have made the three runs in the first inning stand up but he could not get the necessary support.

In the third inning, an error at thirdbase by George Karman scored one run for Carlos.

In the seventh a walk and a single put two on for the losers. A fielder's choice followed but Ferrara muffed the ball at homeplate and both runners scored.

In the ninth, Terry hit Yarotzky with a ball. Lou Kappetter bunted him to second and a wild pitch advanced him to third. Stan Smith then lifted the short fly. After the catch Yarotzky flew home and beat the throw in a close play.
