TF2
LUBRICANTS

**Chain Lubes
4-Pack**

This neat little pack holds four x 50ml bottles of our most popular lubes, offering year-round protection to keep drivetrains running smoothly throughout all seasons. Includes Dry, Wet and All-Weather Lube, as well as our Dry Chain Wax.

[03061]

**NEW
FOR
2016**

T1

**ULTIMATE
SPRAY**

We produce a wide range of specialist bike lubes, each specially formulated to ensure the best possible protection and performance - but which lube should you use on which components?

WHICH
LUBE IS RIGHT
FOR MY BIKE?

T2

**TF2
Ultimate
Spray**

Use on gear mechanisms, sprockets, cables and chains. Teflon™ surface protector offers low friction and high lubricity, penetrating into the bearing surfaces of the chain and leaving behind a protective film to repel dirt and water.

Available as:
> AEROSOL 150ml [03021] / 400ml [03015]

Teflon™ is a registered trademark of The Chemours Company FC LLC, used under license by Weldtite Products Ltd.

CHAIN LUBES

It's vital that you keep your chain and gears working properly - and different conditions call for different kinds of protection.

Dry Weather

Ideal for summer use, our dry lubes offer low rolling resistance and water repellence. Choose Dry Wax or TF2 Plus - both with Teflon™ surface protector - specially formulated for chains, derailleurs and cables.

T3 Dry Wax

Tenacious penetrating action with excellent dirt repelling properties.

Available as:
> TF2 Ultra (100ml) [03056]

T4 Dry Lubricant

Suitable for both on- and off-road use. Resists water penetration and wash-off.

Available as:
> TF2 Plus (75ml) [03034]
> TF2 Plus (125ml) [03035]

T5 Wet Weather

Highly durable TF2 Extreme is designed for harsh weather and long distance cycling - a long lasting lube with excellent water displacement.

Available as:
> TF2 EXTREME (75ml) [03036]
> TF2 EXTREME (125ml) [03037]

T6 All Weather

The ultimate year round lube with Teflon™ surface protector, TF2 Performance offers enhanced protection for your bike - whatever the conditions.

Available as:
> TF2 PERFORMANCE (100ml) [03047]
> TF2 PERFORMANCE (1ltr) [03048]
> TF2 PERFORMANCE (5ltr) [03049]

WHICH LUBE IS RIGHT FOR MY BIKE?

SEE TF2 INDEX P68 FOR FULL PRODUCT RANGE

SMOOTH RUNNING

T7

Lithium Grease

A white grease specially formulated for use on headsets, wheel bearings and bottom brackets.

- Excellent lubricity
- Exceptional water resistance
- High visibility

Available as:

- > 40g TUBE [02005]
- > 40g CARDED TUBE [02025]
- > 100g JAR [03004]
- > 3kg TIN [03005]

T8

Bike Grease

The ultimate high performance red grease specially formulated with Teflon™ surface protector for both on- and off-road use.

- High lubricity and low friction
- Suitable for use on suspension systems
- Surface temperature from -30° to +130°
- Easy direct application or compatible with most grease guns

Available as:

- > 125ml TUBE [02019]
- > 3kg TIN [03038]

Grease Gun

T9

Lightweight and durable with easy one-handed clean application. Precision sealed pump prevents leaks.

Available as:

- > GREASE GUN [06008]
- > GREASE GUN & BIKE GREASE [06009]

SUSPENSION FORK OIL

SEE TF2 INDEX P68 FOR FULL PRODUCT RANGE >

T10

Suspension Fork Oil

Weldtite's Suspension Fork Oil contains anti-foam agents, which help your forks cope with the toughest of trails.

- Race formulation
- Prolongs seal life
- Ensures consistent dampening at elevated and low temperatures

Available as:

- > SUSPENSION FORK OIL 7.5wt (500ml) [03026]
- > SUSPENSION FORK OIL 5wt (500ml) [03007]

pre-season checklist

BE READY TO RIDE

Whether you're an off-road enthusiast, road rider or city commuter these key checks are a must before you saddle up...

CHAIN

Fully degrease and lubricate the chain. A chain cleaning machine will drastically reduce the amount of time taken to do this, and a freshly lubed chain makes for a much smoother ride.

TYRES

Check the tyres, looking for any cracks or cuts, then top up the air to the correct pressure. Under-inflated tyres will drastically increase the rolling resistance, increasing the amount of energy needed to pedal. If you've inflated them properly, they'll also do a better job of absorbing impacts.

QUICK RELEASE

Open and close the quick-release levers on your wheels to ensure that they're tight and secure.

BRAKES

Give the brake levers a strong squeeze to ensure that the brakes firmly grip the wheels or disc rotors. You shouldn't have to pull the levers more than halfway to the handlebars. Give each wheel a spin to see that it doesn't wobble and that the rim doesn't contact the brake pads at any point.

WHEELS

Straddle the front wheel, pinching it between your thighs, grip the handlebars, and try to twist them side to side to check if anything is loose.

PEDALS / CRANK

Grab a crank arm in each hand to make sure they are tight. If there is some play in the bottom bracket, it should be overhauled. If it's very loose, it could be dangerous to ride. Make sure the pedals spin freely but that you can't pull them away from the cranks.

SADDLE

Set your saddle to a height where you can just barely place your toes and the balls of your feet on the ground when you sit on the saddle. Another indication of proper position is if your leg is bent at a slight angle when your foot is on the pedal at its lowest position. If you can lock out your knee, the seat is too high. If your saddle is incorrectly set, you'll lose efficiency as you pedal.

HANDLEBARS

Set your stem and handlebars so that they leave your back at a 30 to 45-degree angle. Even though you'll be a little less aerodynamic at 45 degrees, the fact that the weight of your upper body will be distributed between your torso and your arms will make you ride much more comfortable.

BE SEEN

Check your lights. There's nothing more important than being seen while you ride and improving your visibility can go a long way towards safety. Make sure that your wheels and pedals have reflectors and you wear reflective clothing. Keep a bright white front light and a flashing LED rear light for when you're caught out at dusk or for night riding.

BE PREPARED

Be prepared for the worst - Whether it's a simple puncture, an accident, getting lost, a storm, or fatigue, keeping some essentials in your saddle bag will ensure you don't get caught out. Take a mobile phone, identification, money, energy gels, a multi tool, puncture repair kit, CO₂ inflator, a rain jacket and sunglasses. Little extras like disc rotor wipes, gloves or a GPS can also come in handy.

dirt wash

WE ARE CLEANERS

It's far better working and riding on a clean bike than a dirty one. Weldtite's Dirtwash cleaning range has all the products you need to keep your ride gleaming.

C1

Bike Cleaner Concentrate

Save on packaging and reuse your Dirtwash Bike Cleaner bottle with our Bike Wash Concentrate. 200ml of Concentrate makes 1 litre of Dirt Wash Bike Cleaner - it cleans quickly with minimal scrubbing.

Available as:
> BOTTLE 200ml [03059]

C2

Carbon Clean & Protect Spray

Engineered to clean and protect carbon frames, whilst protecting against UV rays and environmental agents. Suitable for lacquered and matte finishes, leaving no residue or streaking.

Available as:
> TRIGGER SPRAY 250ml [03062]

C3

Protect & Shine Spray

A high quality silicone/wax blend polish which cleans quickly and provides a high gloss finish on all parts of your bike.

Available as:
> AEROSOL 500ml [03042]

C4

Bike Cleaner

Spray the whole bike to bring a sparkle back to the paintwork and polished metal parts, then rinse with clean water. The ultimate mechanic approved bike cleaner.

Available as:
> TRIGGER SPRAY 1ltr [03028]
> REFILL 5ltr [03031] / 25ltr [03033]

SEE DIRTWASH INDEX P70
FOR FULL PRODUCT RANGE >

DEGREASERS & CLEANERS

To clean oily components use Citrus Degreaser. Available either as a liquid or a pump spray, it's specially formulated to degrease chains and gears.

ride and shine

CITRUS DEGREASER

SEE DIRTWASH INDEX P70 FOR FULL PRODUCT RANGE

Where to use our cleaners

C5

Aerosol Degreaser

Rapid air drying formula containing natural oils. Powerful spray action and cleaning strength.

Available as:
 > AEROSOL SPRAY 150ml [03011] / 400ml [03002]

C6

Liquid Degreaser

Reformulated for 2016, our powerful water-based degreaser is highly effective in removing grease. Non-aerosol, biodegradable, easy rinse-off formula which is soluble in water.

Available as:
 > BOTTLE 75ml [03017]
 > PUMP SPRAY 250ml [03023]
 > REFILL 1ltr [03022]
 > REFILL TUB 25ltr [03030]

disc brakes

C7

Disc Rotor Wipes

Handy size sachets for use on the go - removes oil, grime, grease and brake fluid. Doesn't corrode or contaminate pads, rubber, plastic or paint.

Available as:
 > PACK OF SIX [04022]

C8

Disc Brake Cleaner

Heavy duty spray designed specifically for disc brake systems. Rapid air drying formula leaves no residue or deposits on the discs. Improves brake performance and reduces brake squeal.

Available as:
 > AEROSOL 250ml [03029]

BRUSHING UP

Pick the right cleaning equipment for the job

Chain Cleaning Machine

Patented chain powered degreasing machine with dynamic four-sided brush action, supplied with a 75ml bottle of Citrus Degreaser.

- Graduated drip feed reservoir
- Suitable for most chains and derailleurs
- Strong, chemical resistant casing

[06017]

C10

Dirtwash G-Strings

Elasticated, non-abrasive cleaning strings – ideal for cleaning sprockets, derailleurs and chain rings.

[06006] (5pk)

Essentials Kit

All the essentials you need to keep your bike clean and lubricated. Includes:

- > TF2 Performance with Teflon™ surface protector (100ml)
- > Dirtwash Citrus Degreaser (75ml)
- > Sprocket Brush
- > Cure-C-Cure Puncture Repair Kit
- > Cyclo Tyre Levers (3)

[06025]

Softwash Brush

Designed to clean whilst caring for your bike's paintwork, decals and other delicate surfaces.

[06023]

C12

Sprocket Brush

Multi functional brush perfect for cleaning cycle drive chain/gear systems

[06012]

C13

C14

C15

C13

C22

rider's digest

Introducing **TEAM JADAN-WELDTITE**, our hand picked team of Junior and Senior Cyclists competing at international level.

All of our products are put through their paces in race conditions so that we can guarantee the quality and performance of everything we offer. Keep up-to-date with all of the race results on our website and look out for the team at events throughout the 2016 season.

SARAH BRADFORD

Age: 17 Class: Junior

Location: Glasgow

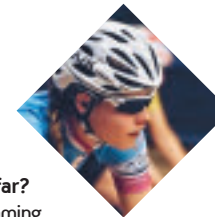

Years Competing: 3

Disciplines: Road & Track

Bikes: Trek (road), Dolan (track)

What has been your best race so far?

A very hard choice but racing and coming second in the Madison at the Sainsbury's School Games in 2014 with team mate Rhona Callander has to be my favourite and best race, but racing the An Post Rás na mBan in Ireland was pretty amazing too!

ELLEN McDERMOTT

Age: 27 Class: Over 23

Location: Glasgow

Years Competing: 1

Disciplines: Road & Track

Bikes: Track - Giant Omnium.

Road - Cervélo S3

What has been your best race so far?

Stage 3 of the An Post Rás na mBan. I had been dreading it as it incorporated two really long climbs. But what goes up must come down and I love descending. The rain even played into my hands that day and I finished 2nd in the 2nd group.

RHONA CALLANDER

Age: 16 Class: Junior

Part of the GB Junior Academy

Location: Stirling

Years Competing: 8

Disciplines: Road & Track

Bikes: Cervelo S3 and Focus Izalco

What has been your best race so far?

Best race so far was by far International Tour of Assen 2014 because it was such an amazing experience racing at an international level, especially on the cobbles. Also I loved being in a breakaway of 6 riders that stayed away in the big cross winds.

JENNY HOLL

Age: 16 Class: Junior

Part of the GB Junior Academy

Location: Stirling

Years Competing: 7

Disciplines: Road & Track

What has been your best race so far?

Definitely the national circuit champs in 2015 in Paisley. I went in hoping, but not expecting anything. I then came away with the win! It was really cool to do a national race in Scotland too!

Includes two tyre levers, inflator head, two 16g CO₂ cartridges and self-seal patches.
[07023]

ask the doc

When would I use Bike Grease instead of Lithium Grease?

Our bike grease is specifically formulated with high pressure additives making it perfect for suspension forks. It is also compatible with our Grease Gun for a more controllable application. Lithium grease is better suited to parts such as bearings where application can be done sparingly by hand.

Why would I use a chain cleaning machine?

Not only is it quicker and easier than using a traditional brush, it's also much more effective. The citrus degreaser supplied cuts through oil, dirt and grit with ease, so you are more likely to clean the chain at regular intervals. Just remember to give the chain a quick spray with TF2 Ultimate after every wash to prevent corrosion.

How do I choose the right puncture repair kit?

Our handy guide shows you exactly what you get in each kit. After that, it really is down to application. For instance, our narrow profile patches are perfect for road bikes with 23mm tyres, while our fat bike repair kit caters to 3"+ tubes. We have tubeless repair kits for use on either the inside or the outside of the tyre, with the latter allowing you to leave the tyre seated on the rim. Then there are kits with tools or without – If you already have the tools, then there's no need to buy them a second time.

What are the advantages of puncture prevention measures?

There are a wide range of options available, all of which can save you a lot of headache. Tapes fit inside the tyre, creating a sturdy barrier between the tyre and the inner tube, meaning thorns and debris are less likely to penetrate the tube it's self. Our puncture prevention sealants work with both inner tubes and tubeless applications, sealing a hole within seconds of it appearing, ensuring your can ride on uninterrupted. Finally, our Dr Sludge Inner tubes come pre-filled with solution so the next time you replace your tube you can enjoy puncture free riding for longer.

What is the difference between Weldtite bearings and other brands?

It's the accuracy of the bearings and their ability to last longer in use. Not only are they British made for superior quality, but they are case hardened for exceptional strength. The bearings themselves are accurate to 1/1000th of an inch for a perfect fit every time.

Why would I replace my traditional pump with a CO₂ inflator?

Roadside repairs can be a real pain. Whether you fix the puncture, or replace the entire tube, you will need to re-inflate the tyre before you can carry on with your ride. A traditional pump can take what seems like a lifetime to inflate a tyre to a reasonable PSI, while a Jetvalve CO₂ inflator can have your tyre inflated in under 5 seconds. Not only that, but with our Smart Mount Systems, the inflator and spare cylinders take up next to no space on your frame making for a tidy and practical solution.

What is the main reason to buy Cyclo Tools over budget brands?

The quality speaks for it's self, but it's the lifetime guarantee that really distinguishes them from the competition. When you buy a Cyclo tool, you never have to buy the same tool again.

CYCLO
TOOLS

MAINTENANCE ESSENTIALS

Precision engineered, high quality tools that no home workshop should be without.

C1 Multi Tool

- > Chrome vanadium
- > Most popular size hexagon keys (2, 3, 4, 5 & 6mm)
- > Includes cross and slot screwdrivers [06320]

C2 Deluxe Multi Tool

- > Chrome vanadium
- > Includes spoke keys (12, 13 & 14g)
- > Assorted spanner sizes (8, 9 & 10mm)
- > Hexagon keys (2, 4, 5 & 6mm)
- > Cross and slot screwdriver heads [06321]

C3 Torque Wrench

Torque wrenches ensure that nuts are tightened in accordance with the manufacturers recommendation avoiding undue mechanical stress and distortion and voiding warranty.

- > Ratchet drive > 2-24 Nm range
- > Micrometer type adjustment sleeve allows precise torque values to be set
- > Supplied in a protective storage case

Torque Wrench 3/8" drive, 2-24Nm [06325]
25/32mm Socket & 1/2"-3/8" adapter [06315]
Hex Socket Set (4,5,6 & 8mm) [07774]

Allen Keys

In order to carry out safety checks and adjust your seat and stem, you'll need a set of Allen Keys.

C4 Hexagonal Ball End Key Wrench Set

Comprehensive range of bicycle sizes (2, 2.5, 3,4,5,6,8 & 10mm) [06301]

C5 Hexagonal Key Wrench Set

Comprehensive range of bicycle sizes (2, 2.5, 3,4,5,6,8 & 10mm) [06302]

CYCLO
TOOLS

C6

Chain Wear Indicator

New improved design. Indicates 0.75% wear or 1% wear.

[07902]

chain tools

It's important to make sure that your chain is well maintained – a worn chain should be replaced before it begins to damage the rest of the drive chain system.

A Cyclo chain extractor tool is ideal for replacing or repairing damaged chains – and a chain wear indicator lets you check everything is in proper working order.

C8

Rivoli Chain Tool

Now available in multiple speed versions. Revolving hardened pin. Includes lugs for loosening tight links. 5-9 speed [06300]
9-11 speed [06312]

C10

Sprocket Remover

This workshop quality chain whip gives leverage on the cogs without slippage – and the extra-long handle allows you to apply extra leverage.

- > Heat-treated to prevent bending
- > Long handle for extra leverage
- > Cushioned handle for comfort in use

5,6,7 & 8 Speed [06383]
9 & 10 Speed [06385]
11 Speed [06386]

C7

Workshop Chain Rivet Extractor

Suitable for 5 to 11 speed chains, also 1/8 single speed chains [07718]

Replacement Screw and Pin [07719]

C9

Rivex Chain Tool

Entry level alloy cast chain tool suitable for most chain types. Collapsible for easy storage. Case hardened pin [06003]

ESSENTIAL BIKE TOOLS

C11 Cable Cutters

Heavy duty, forged workshop quality cutters.

[06330]

C11

C12

C12 Nickel plated Metal Tyre Levers

Round bars for extra strength, long length for better leverage.

Set of 50 (bagged) [06004]

Set of 3 (carded) [06014]

C13 EzyTech Tyre Levers

A compact, ergonomic design suitable for all rim types.

> Extra strong, glass filled nylon
> Slim tipped for tight beads, with two-way spoke hooks and built-in deflator

Display Jar (30) [06032] Set of 3 (carded) [06022]

C13

C14 Nylon Reinforced Tyre Levers

Reinforced with glass nylon fibre.

Box of 30 [06024]

Set of 3 (carded) [06034]

C15 Triple Spoke Key

Designed to fit into wheels where the spokes are tightly packed together.

[06343]

C16

C15

C17

C16 Universal Bleed Kit

A comprehensive kit for bleeding most types of hydraulic cycle disc brakes.

[06327]

C17 Hydraulic Brake Fluid

Weldtite produce two versions of brake fluid. It's essential to use the correct fluid in your hydraulic brakes.

Mineral Oil Brake Fluid (125ml)

[03039]

Dot Brake Fluid (125ml) [03040]

CYCLO MODULAR WORKSTATION

The professional fixed or portable cycle workstation where one clamp head fits every mount for complete flexibility

C18 Clamp Head

Universal clamp head with interchangeable mounts.

Available as fixable wall mount, bench mount, floor mount or portable stand [07740]

Replacement rubber jaws [07749]

C23

C23 Workshop Apron

Hard-wearing, adjustable length. [06324]

C18

C24

C19

C18

C21

C19 Portable Stand

With clamp head [07741]

Without clamp head [07742]

C20 Floor Mount

Without clamp head [07743]

C21 Wall Mount

Without clamp head [07744]

C22 Bench Mount

Without clamp head [07745]

C24 Tool Tray

For use with Cyclo floor mount and portable mobile stand [07746]

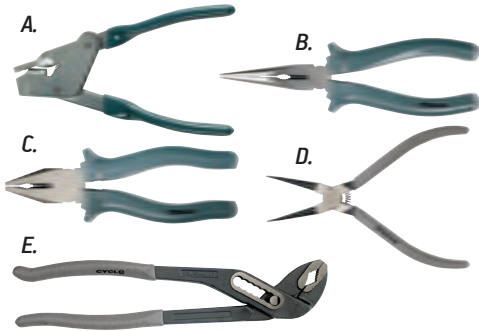

C24

TOOLBOX BASICS

As well as advanced pro tools, Cyclo produce all the basics needed to keep your bike running smoothly.

- C25 Pliers**
 A. Inner Wire Plier/Cable Puller [06309]
 B. Longnose Pliers [07763]
 C. Linesmans Pliers [07764]
 D. Circlip Pliers [07762]
 E. Slip Joint Pliers [07761]

- C26 Files** A. Flat [07899]
 B. Half Round [07898] C. Round [07897]

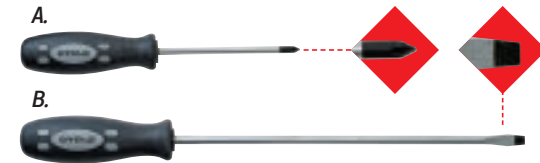

- C27 Double-ended Mallet**
 [07765]

- C28 Locksmith's Hammer**
 [07766]

- C29 Tall Allen Keys**
 4mm [07775] 5mm [07776]
 6mm [07777] 8mm [07778]

- C30 Screwdrivers**
 A. Philips (0x75) [07767] (1x100) [07768] (2x125) [07769]
 B. Flat (3.2x75) [07770] (4x100) [07771] (5x125) [07772] (6x250) [07773]

MINI WRENCHES

Nickel plated and hardened with comfortable dual moulded grip

- 'Y' Socket Wrench** **C31**
 Nickel plated with hardened sockets
 8,9,10,13,14 & 15mm [06306]

- 'Y' Wrench Allen Keys** **C32**
 4,5 & 6mm [06310]
 2,2.5 & 3mm [06318]
 4,5 & 6mm (ball ended) [06319]

- 'Y' Torx Wrenches** **C33**
 (T10, T15, T20) [06322]
 (T25, T30, T40) [06323]

SPANNERS

A comprehensive range of heavy duty, precision spanners

- C34 Dumbbell Spanner** [06001 / 06303]

- C35 Cone Spanners**
 Pair of 13/14mm & 15/17mm [06370]

- C36 15mm Pedal Spanner** [06382]

- C37 Single Head Cone Spanners**
 Complete range with eight sizes available (13-22mm) See page 78 for product codes

- C38 Forged Pedal Spanner** [06371]

- C39 Oversize Headset Spanners**
 Complete range with six sizes available See page 78 for product codes

- C40 Bottom Bracket Adjustable Cup Spanner** [06361]

- C41 Bottom Bracket Fixed Cup Spanner** [06360]

- C42 Head Nut and Lock Ring Spanner** [06363]

- C43 Open/Ring Spanners**
 Complete range with 21 sizes available (6-26mm) See page 78 for product codes

WE ARE ADVANCED TOOLS

C44

Universal Bottom Bracket Removal Tool Set

Aluminium carrying case containing a heavy duty handle with six adapters, two external guide shafts and a 14mm thread adjuster.

- > Fits most common Bottom Brackets, internal and external
- > The modular system is easily updated for new technology, and allows for inexpensive replacement of lost or damaged adapters
- > The ideal set for the travelling or workshop mechanic [07701]

C45

Headset & Bottom Bracket Press Tool

Contains two press plates, head with handles, quick release nut, thrust bearing, ACME shaft and including new BB30 press plate adapter.

- > Time saving quick release nut
- > Profile for different sized cups to locate accurately during pressing
- > Covers most sizes [07705]

C46

Bottom Bracket Facing Tool

Includes handles, ACME shaft, spring, thrust bearing and quick release nut plus 2 sets of guides (English 1 x left and 1 x right, and Italian 2 x right).

[07800]

C48

Head Tube/Bottom Bracket Facer

51mm [07815] 1.5" [07816]

C49

Bottom Bracket Facing Guides

English (1 x L & 1 x R/hand) [07801]
Italian (2 x R/hand) [07802]

C47

Bottom Bracket Removal Tool

Tool body and M14 adapter, packed in a black heavy duty case.

Replaceable heads

Threads are suitable for bottom brackets M8, M12, M15 and M14 adapter [07700]

C50

Headset & Bottom Bracket Press Tool Press Plates

Replacement Press Plates x 2 [07706]

C51

Quick Release Service Pack

For use with C44, C45 and C67 [07810]

C52

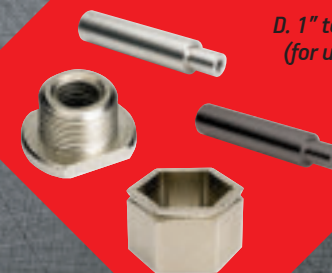

Adapters and Guide Shafts

A. Hollowtech II Guide Shaft [07703]

B. Ultra Torque Guide Shaft [07725]

C. M14 Adapter [07702]

D. 1" to 32mm Adapter (for use with 06394) [07704]

STANDARD REMOVERS

C53

14mm Cotterless Crank Puller

For removing cranks from standard and Shimano splined oversized bottom brackets.

- > Forget body with CNC precision finish
- > Removable cap for splined cranks

[06339]

C54

Cotterless Crank Puller with Handle

The same tool as C53, but with the convenience of an attached handle.

- > Suitable for both splined and squared taper.
- > Cushioned handle for comfort

[06344]

C55

Shimano Hollowtech II Bottom Bracket Tool

Features a cap remover which fixes onto the main tool magnetically to prevent loss. Complete circle head eliminates slippage.

[06399]

ADVANCED REMOVERS

C68

C68 Head Tube Reaming and Facing Tool

Includes handles, four guides (29.8mm, 30.0mm, 33.8mm and 49.4mm), ACME shaft, centring cone, spring, thrust washer and quick release nut. Not includes facing and reaming cutters. [07814]

C69 Head Tube Reamer

1" [07817] 1 1/8" [07818] 1.5" [07819]

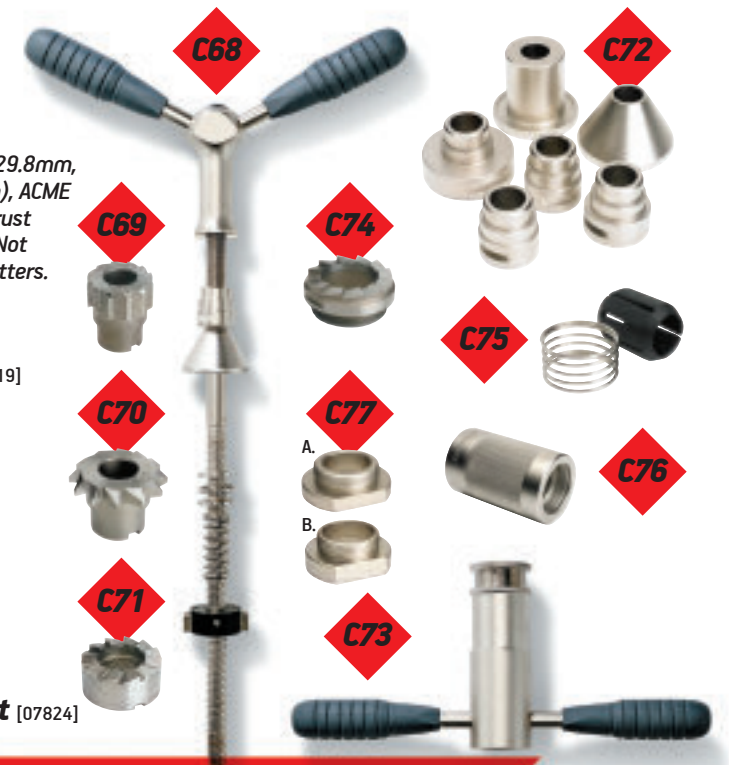

C70 Head Tube Reamer Integrated

Campagnolo Upper [07820]
Campagnolo Lower [07821]
Cane Creek Upper [07822]
Cane Creek Lower [07823]

C71 Head Tube/Bottom Bracket Facer

1" & 1 1/8" [07815] 1.5" [07816]

C72 Guide Replacement Kit [07824]

ADVANCED TOOLS

See page 80 for full product details

C73 Crown Race Facing Tool

Crown Race Facing Tool without cutters. Body can be used with 1" or 1 1/8" steerers by use of a nylon collet. Works on both threaded and threadless steerers. Spring loaded for even cutting tension.

[07803]

C74 Crown Race Facers

26.4mm (for 1" Steerer) [07804]
27mm Japanese Standard JIS [07805]
30mm (for 1 1/8" Steerer) [07806]

C75 Crown Race Facing Tool Reconditioning Kit

Includes 1 nylon collet and 1 spring. [07807]

C76 Crown Race Setting Tool

Also Ultra Torque bearing setting tool body – requires adapter (see below).

Crown Race Setting Tool [07713]
Crown Race Setting Tool (1.5") [07716]

C77 Setting Tool Adapters

A. Crown Race Setting Adapter 1" [07714]
B. Crown Race Setting Adapter 1 1/8" [07715]

C78 Wheel Truing Stand

Gauge kit sold separately.

- > Autodishing, advanced geometrical design for more precise wheel holding.
 - > For use with wheels up to 29" and tyre.
- Wheel Truing Stand [07903]
Gauge Kit including DTI [07904]

C79 Wheel Dishing Tool

Box section is lightweight yet strong. Adjustable for wheel diameter. Suitable for wheel sizes 16" to 29". [07907]

C79

C80 Tyre Removal and Fitting Tool

Fits and removes tyres rapidly. [07720]

C81

Wheel Jig Axle Clamp

Suitable for Mountain bikes with 20mm through axle hubs for use with wheel truing stand. [07910]

ADVANCED TOOLS

C82 Bottom Bracket Threading Tool

Includes 2 main handle bodies and inner and outer shafts. Cutters sold separately. [07825]

C83 Bottom Bracket Taps

English (1 x L and 1 x R/hand) [07826]
Italian (2 x R/hand) [07827]

C84 Die

Standard 1" die for 1" threading steering tube (1 x 24TPI) [07842]
11/8" die for 11/8" threading steering tubes (1 1/8" x 26TPI) [07843]
Die holder for 1" & 1 1/8" Die [07858]

C85 Tube Cutting Guide

Holds tubes whilst cutting.
> Suitable for 22-37mm tube sizes.
> Nickel plated with replaceable steel saw guides
Tube Cutting Guide [07828]
Replacement inserts [07829]

C86 Tap Wrenches

For M10 and 1" Tap [07860]
For 1/2" Pedal Tap [07861]
For 9/16" Pedal Tap [07862]
For Adjustable Reamers [07857]

C87 Adjustable Seat Tube Reamer

23-26mm for seat tubes [07830]
26-29.5mm for seat tubes [07831]
29.5-33.5mm for seat tubes [07832]

C88 Seat Post Sizing Gauge

For full details see p81 [07913]

C89 Gear Hanger Alignment Tool

Accurate scale ruler alignment. Nickel plated steel. Mounting bolt set in nylon bush for ease of use. [07905]

C90 Star Fangled Nut Setting Tool

For inside the steerer tube. For 1" and 1 1/8" without additional adapters and includes a replaceable pin. Replaceable Pin x 4 [07722]

C91 Head Cup Removal Tool

Made from high quality spring steel. 1" to 1 1/4" [07707]
1 1/4" to 1.5" [07708]

C92 Pedal Taps

9/16" pair (left and right) [07854]
1/2" pair (left and right) [07855]

C93 Tap M10x1

[07856]

C94 Dual Disc Mount Facing Tool

Facers supplied separately. Replacement Facers x 2 [07834]
For full details see p81

C95 Drop Out Alignment Tool

Measures and realigns front and rear dropouts. For full details see p81 [07906]

C96 Spoke Thread Rolling Machine

Heads are available separately. Heavy duty zinc casting with facility for bench mounting or being held in a vice.

12g Rolling Head (2.6mm) [07838]
13g Rolling Head (2.3mm/French 15g) [07839]
14g Rolling Head (2.0mm/French 13g) [07840]

C97 Hollowtech II Crank Mounting Tool

Nylon mounting tool. [07709]

C98 Axle Vice

For holding hub axles and pedal spindle. Enables working on hubs or pedals without damaging threads. Suitable for 9mm to 14mm [07908]

C99 Chain Ring and Rotor Straightener

Fits all popular chain ring widths and rotors. [07909]

C100 Chain Ring Bolt Tool

Designed to hold the rear of chain ring bolts. One size fits all. [07723]

C101 Spoke Ruler

Stainless steel, length 340mm. Includes measuring scale and imperial equivalent. Measures 1.6mm to 4.0mm spokes and ball bearing diameters. Measures spoke nipple size and has a hanging slot. [07900]

T1 CHAIN LUBE 4-PACK

This neat little pack holds four x 50ml bottles of our most popular lubes, offering year-round protection to keep gears running smoothly throughout all seasons.

> Pack contains: Dry, Wet and All-Weather Lube, as well as our Dry Chain Wax.

📦 03061 TF2 Chain Lubes 4-Pack (4x 50ml)

T2 TF2 ULTIMATE SPRAY

The award-winning TF2 aerosol spray, enhanced with Teflon™ surface protector

> Teflon™ surface protector offers low friction and high lubricity

> Built-in water repellent

> High penetration into the bearing surfaces of the chain

> Repels dirt and cleans surfaces leaving a protective film

> Also suitable for motorcycles, cars, boats and many more uses besides

03015 TF2 Ultimate Aerosol with Teflon™ surface protector (400ml)

03021 TF2 Ultimate Aerosol with Teflon™ surface protector (150ml)

CHAIN LUBES p8

DRY WEATHER

Ideal for summer use, our dry lubes offer low rolling resistance and water repellence.

T3 DRY WAX

> TF2 Ultra is a dry wax lubricant with excellent dirt repelling properties, for cycle chains working in tough exposed environments. Enhanced with Teflon™ surface protector and is specially formulated for chains, derailleurs and cables.

📦 03056 TF2 Ultra Dry Wax with Teflon™ surface protector (100ml)

T4 DRY LUBRICANT

> TF2 Plus is enhanced with Teflon™ surface protector and is specially formulated for chains, derailleurs and cables.

📦 03034 TF2 Plus Dry Lubricant with Teflon™ surface protector (75ml)

📦 03035 TF2 Plus Dry Lubricant with Teflon™ surface protector (125ml)

T5 WET WEATHER

Highly durable TF2 Extreme is designed for extreme weather and long distance cycling – a long lasting lube with excellent water displacement.

📦 03036 TF2 Extreme Wet Lubricant (75ml)

📦 03037 TF2 Extreme Wet Lubricant (125ml)

T6 ALL WEATHER

> The ultimate all-weather lube with Teflon™ surface protector, TF2 Performance offers enhanced protection for your bike all year round – whatever the weather.

📦 03047 TF2 Performance Lubricant with Teflon™ (100ml)

03048 TF2 Performance Lubricant with Teflon™ (1ltr)

03049 TF2 Performance Lubricant with Teflon™ (5ltr)

COMBINATION LUBES TRAY

> Featuring TF2 Plus (Dry), Extreme (Wet), and TF2 Performance (All-Weather).

03051 TF2 Combination Lubes PoS Tray (18 Bottles)

GREASES p10-11

T7 LITHIUM GREASE

A white grease specially formulated for two wheel applications, suitable for use on headset, wheel bearings and bottom brackets.

> Excellent lubricity

> Exceptional water resistance

> Easy application and high visibility

📦 02005 TF2 Lithium Grease Tube (40g)

📦 02025 TF2 Lithium Grease Tube [Carded] (40g)

03004 TF2 Lithium Grease (100g)

03005 TF2 Lithium Grease Tin (3kg)

T8 BIKE GREASE

A high performance, specially formulated red grease enhanced with Teflon™ surface protector for both on- and off-road use.

> High lubricity and low friction

> Suitable for use on suspension systems

> Operating temperature from -30° to +130°

02019 TF2 Bike Grease with Teflon™ (125ml)

03038 TF2 Bike Grease with Teflon™ (3kg)

T9 GREASE GUN

The ultimate grease gun designed for biking professionals and enthusiasts.

> Lightweight and durable

> Easy one-handed clean application

> Precision sealed pump prevents leaks

📦 06008 TF2 Grease Gun

📦 06009 TF2 Grease Gun & Bike Grease with Teflon™ (125ml)

OILS & FLUIDS p11

CYCLE OIL

Our Cycle Oil is a great value hydrocarbon mineral oil suitable for use on cables, bearings, pedals, chains and links.

📦 03001 TF2 Cycle Oil (125ml)

T10 SUSPENSION FORK OIL

Weldtite's Suspension Fork Oil contains anti-foam agents, which help your forks cope with the toughest of trails.

> Race formulation

> Most popular viscosity index

> Prolongs seal life

> Ensures consistent dampening at elevated and low temperatures

03007 TF2 Suspension Fork Oil 5 wt (500ml)

03026 TF2 Suspension Fork Oil 7.5 wt (500ml)

BALL BEARINGS AND CAGES p50

A range of top quality bearings, supplied with and without TF2 Lithium Grease.

B4 BALL BEARINGS

06151 1/8" Ball Bearings (20 bags x 72 balls = 1 card)

06152 5/32" Ball Bearings (20 bags x 54 balls = 1 card)

06153 3/16" Ball Bearings (20 bags x 36 balls = 1 card)

06154 7/32" Ball Bearings (20 bags x 24 balls = 1 card)

06155 1/4" Ball Bearings (20 bags x 24 balls = 1 card)

06162 5/32" Head Race Ball Cages (20 pairs = 1 card)

06163 3/16" ATB/BMX Head Race Ball Cages (20 pairs = 1 card)

06165 1/4" Bottom Bracket Ball Cages (20 pairs = 1 card)

06116 5/16" ATB/BMX B/B Ball Race Cages (10 pairs = 1 card)

CLEANERS p16

C1 BIKE CLEANER CONCENTRATE

Dirtwash Bike Cleaner is now available as a concentrate - 200ml makes 1ltr of Bike Cleaner.

03059 Dirtwash Bike Cleaner Concentrate (200ml)

C2 CARBON CLEAN & PROTECT SPRAY

> Specially engineered to clean and protect carbon frames, our new Carbon Clean & Protect Spray protects your bike against UV rays and environmental agents. Suitable for lacquered and matte finishes, leaving no residue or streaking.

03062 Dirtwash Carbon Clean & Protect Pump Spray (250ml)

C3 PROTECT & SHINE SPRAY

> Our Protect & Shine Spray is a high quality silicone/wax blend polish which cleans quickly and leaves a high gloss finish with excellent water repellance on all parts of your bike.

03042 Dirtwash Protect & Shine Aerosol Spray (500ml)

C4 BIKE CLEANER

Spray the whole bike with Bike Cleaner to bring a sparkle back to the paintwork and polished metal parts, then rinse with clean water. The ultimate mechanic approved bike cleaner.

> Cleans quickly with minimal scrubbing

> 100% acid-free, yet has the power associated with acid cleaners

> Safe to use on painted, plated, polished or clear coated finishes

03028 Dirtwash Bike Cleaner (1ltr)

03031 Dirtwash Bike Cleaner (5ltr)

03033 Dirtwash Bike Cleaner (25ltr)

06007 Spray Trigger Extension (for use with 03031)

CITRUS DEGREASERS p18

To clean oily components, use Citrus Degreaser. Available either as an aerosol or as a water-based liquid, it's specially formulated to degrease chains and gears.

C5 AEROSOL DEGREASER

> Rapid air drying formula containing natural oils
> Powerful spray action and cleaning strength

03002 Dirtwash Citrus Degreaser Aerosol Spray (400ml)

03011 Dirtwash Citrus Degreaser Aerosol Spray (150ml)

C6 LIQUID DEGREASER

> Powerful water-based degreaser
> Highly effective in removing grease
> Non-aerosol, environmentally friendly
> Easy rinse-off formula, soluble in water

03017 Dirtwash Citrus Degreaser (75ml)

03023 Dirtwash Citrus Degreaser Pump Spray (250ml)

03022 Dirtwash Citrus Degreaser (1ltr)

03030 Dirtwash Citrus Degreaser (25ltr)

DISC BRAKE CLEANERS p19

C7 DISC BRAKE ROTOR WIPES

> Removes oil, grime, grease and brake fluid to ensure effective braking performance

> Rapid air drying formula, leaves no residue

> Handy pocket packs of 6 wipes in single sachets

04022 Dirtwash Disc Rotor Wipes (6)

C8 DISC BRAKE CLEANER SPRAY

A heavy duty cleaning spray designed specifically for disc brake systems.

> Rapid air drying formula leaves no residue or deposits on the discs which can adversely affect braking ability

> Improves brake performance and reduces brake squeal

> Doesn't corrode or contaminate pads, rubber, plastic or paint

03029 Dirtwash Disc Brake Cleaner Aerosol Spray (250ml)

CLEANING EQUIPMENT p20

C9 CHAIN CLEANING MACHINE

Chain driven degreaser machine with four sided brush action, supplied with a 75ml bottle of Citrus Degreaser.

> Suitable for most sizes of chain

> Derailleur anchor arm for hands-free use

> Strong chemical resistant casing

> Removable brushes for easy cleaning

06017 Dirtwash Chain Cleaning Machine

C10 DIRTWASH G-STRINGS

Elasticated, non-abrasive cleaning strings – ideal for cleaning sprockets, derailleurs and chain rings.

> Woven fibres for effective grime removal

> Suitable for all sizes of cassette

06006 Dirtwash G-Strings Gear Cleaning Strings (5)

C11 ESSENTIALS KIT

Includes:

> TF2 Performance with Teflon™ surface protector (100ml)

> Dirtwash Citrus Degreaser (75ml)

> Sprocket Brush

> Cure-C-Cure Puncture Repair Kit

> Cyclo Tyre Levers (3)

06025 Essentials Kit

BRUSHES p21

C12 SOFTWASH BRUSH

Cleans whilst caring for your bike's paintwork and other delicate surfaces.

> Durable yet soft nylon bristles

> Non-slip rubberised handle

> Reaches hard to shift dirt

06023 Softwash Brush

C13 SPROCKET BRUSH

A multi-function brush for cleaning cycle drive chain and gear systems.

> Reaches deep between sprockets to remove stubborn dirt

> High quality, tough construction

> Solvent resistant nylon brushes

06012 Sprocket Brush

C16 BRUSH SETS

06013 Cleaning Brush Set (3 - Sprocket, Tapered and Frame Brushes)

06020 Cleaning Brush Set (2 - Sprocket and Tapered Brushes)

CITRUS HAND CLEANERS p21

C17 CITRUS HAND CLEANER

A gentle, water-based hand cleaner with citrus extracts and polymer beads to aid scrubbing.

03020 Dirtwash Citrus Hand Cleaner (500ml)

C18 BEADED HAND CLEANER

Heavy duty hand cleaner in a workshop-sized tub.

03008 Dirtwash Citrus Hand Cleaner (5ltr)

CLEANING KITS p22

Our cleaning kits contain all the essentials you need to keep your bike clean and lubricated.

C19 ULTIMATE BIKE CARE KIT

A large 12.3ltr bucket containing:

> TF2 Ultimate Aerosol Spray with Teflon™ surface protector (400ml)

> TF2 Performance All-Weather Lube with Teflon™ surface protector (100ml)

> Dirtwash Bike Cleaner Spray (1ltr)

> Dirtwash Citrus Degreaser Aerosol Spray (400ml)

> Bike Cleaning Brush Set (Sprocket, Tapered and Frame Brushes)

> Sponge

03003 Ultimate Bike Care Kit

C20 PIT STOP CLEANING KIT

A 2.3ltr bucket containing:

> Dirtwash Bike Cleaner Spray (200ml)

> Dirtwash Citrus Degreaser Spray (150ml)

> TF2 Ultimate Aerosol Spray with Teflon™ surface protector (150ml)

> Sprocket Brush

> Sponge

> Cloth

03044 Pit Stop Cleaning Kit

C21 PERFORMANCE CLEAN & LUBE KIT

A 4.9ltr bucket containing:

> TF2 Ultimate Aerosol Spray with Teflon™ surface protector (150ml)

> TF2 Performance with Teflon™ surface protector (100ml)

> Dirtwash Bike Cleaner Spray (1ltr)

> Sprocket Brush

> Sponge

03032 Performance Clean & Lube Kit

C22 BIKE CARE KIT

A 2.3ltr bucket containing:

> Dirtwash Citrus Degreaser Aerosol Spray (150ml)

> TF2 Ultimate Aerosol Spray with Teflon™ surface protector (150ml)

> TF2 Extreme Wet Lube (75ml)

> Sprocket Brush

> Sponge

> Cloth

03019 Bike Care Kit

CLEANERS p28-29

P1 BIKE WASH

Brings a sparkle back to painted, clear coated and carbon surfaces.

> 100% acid free but still with the power of acid based cleaners

> Safe to use on paintwork

03401 Bike Wash (1ltr)

P2 BIKE WASH CONCENTRATE

Save on packaging and reuse your Pure Bike Wash bottle with our Bike Wash Concentrate. 200ml makes 1ltr of Bike Wash.

03402 Bike Wash Concentrate (200ml)

P3 BIKE PROTECTOR

Our multi-purpose formula cleans and polishes in one, leaving a durable, high gloss shine and excellent water repellence, without streaks and white residues.

03408 Bike Protector (250ml)

P4 BIKE DEGREASER

Powerful natural-based degreaser, highly effective in removing grease and oil.

> Easy rinse off formula

> Soluble in water

> Non-aerosol and environmentally friendly

03403 Bike Degreaser (250ml)

LUBRICANTS p30-31

P5 DRY LUBE

Ideal for dry weather riding

> Resists water penetration and reduces friction

> Solvent free

03407 Dry Lube (100ml)

P6 BIKE GREASE

Formulated specifically with bikes in mind. For use on headsets, wheel bearings and bottom brackets.

> Great water resistance and lubricity

> Inhibits corrosion

03404 Grease (100ml)

P7 WET LUBE

A thick, heavy duty lube designed to stick to the chain in wet conditions.

> Ideal for extreme weather and long distance

> Solvent free

03406 Wet Lube (100ml)

P8 BIKE OIL

Inhibits rust with excellent corrosion protection, reducing friction on moving parts.

03405 Bike Oil (150ml)

MERCHANDISER PACK

00011 Display Box

00012 Display Box c/w stock as above

03410 Pure Combination Lube Tray with Stock (Comes with 03405, 03406 and 03407)

INFLATORS p46

J1 CO₂ INFLATORS

Jetvalve CO₂ inflator head with push control, suitable for instant inflation of all valve types.

> Compatible with 16g – 25g threaded cylinders

07030 Jetvalve Inflator Head

07020 Jetvalve Inflator Head, CO₂ Cylinder (16g) and sleeve

CYLINDERS p46

J2 CO₂ CYLINDERS

Threaded 16g CO₂ cylinders, compatible with the Jetvalve inflator head.

07007 Jetvalve 16g CO₂ Cylinders (2)

07009 Jetvalve 16g CO₂ Cylinders (5)

07011 Jetvalve 16g CO₂ Cylinders (30)

MOUNTS p46

Lightweight mounts for the Jetvalve CO₂ inflator and cylinders.

> Mounts available for bottle cage and seat post

> Complete with silicon straps for secure fixing

J3 CO₂ MOUNT

> Designed to be mounted under a bottle cage

> Complete with silicon straps for secure fixing

07034 Jetvalve CO₂ Mount

J4 BOTTLE CAGE MOUNT

> Designed to be mounted under a bottle cage

> Complete with silicon straps for secure fixing

07031 Jetvalve Bottle Cage Mount

J5 SEAT POST MOUNT

> Designed to be mounted on the seat post

> Complete with silicon straps for secure fixing

07032 Jetvalve Seat Post Mount

JETVALVE SMART SYSTEM p47

A lightweight, modular mounting system for the Jetvalve CO₂ inflator and cylinders.

J6 SMART SYSTEM BOTTLE CAGE MOUNT

> Designed to be mounted under a bottle cage

> Complete with silicon straps for secure fixing and two 16g CO₂ cylinders

07021 Jetvalve Smart System - Bottle Cage Mount

J7 SMART SYSTEM SEAT POST MOUNT

> Designed to be mounted on the seat post

> Complete with silicon straps for secure fixing and two 16g CO₂ cylinders

07022 Jetvalve Smart System - Seat Post Mount

J8 SMART SYSTEM REPAIR POD

> Ideal for backpacks or wedgebags.

> Includes two tyre levers, two CO₂ cylinders, inflator head and self-seal patches

07023 Jetvalve Smart System - Repair Pod

MAINTENANCE ESSENTIALS p56

C1 MULTI TOOL

- > Chrome vanadium
- > Most popular size hexagon keys (2, 3, 4, 5 & 6mm)
- > Includes cross and slot screwdrivers
- 📦 06320 Multi Tool

C2 DELUXE MULTI TOOL

- > Chrome vanadium
- > Includes spoke keys (12, 13 & 14g)
- > Assorted spanner sizes (8, 9 & 10mm)
- > Hexagon keys (2, 4, 5 & 6mm)
- > Cross and slot screwdriver heads
- 📦 06321 Deluxe Multi Tool

C3 TORQUE WRENCH

- Torque wrenches can ensure that nuts are tightened in accordance with the manufacturers recommendation avoiding undue mechanical stress and distortion.
- > Micrometer type adjustment sleeve allows precise torque values to be set
- > Supplied in a protective storage case
- 🔧 06325 Torque Wrench 3/8" drive, 2-24 Nm
- 07774 Socket Heads (4, 5, 6 & 8mm)

ALLEN KEYS

C4 HEXAGONAL BALL END KEY WRENCH SET

- Workshop quality, ball end allen key wrench set.
- > Chrome vanadium
- > Ball ended for angled entry
- > Holder forms T-bar handle
- > Comprehensive range of bicycle sizes – 2, 2.5, 3, 4, 5, 6, 8, & 10mm
- 📦 06301 Hexagonal Ball End Key Wrench Set (8)

C5 HEXAGONAL KEY RING WRENCH SET

- > Hardened and tempered
- > Comprehensive range of bicycle sizes – 2, 2.5, 3, 4, 5, 6, 8, & 10mm
- > Key ring provided for easy storage
- 📦 06302 Hexagonal Key Ring Wrench Set [8]

CHAIN TOOLS p57

C6 CHAIN WEAR INDICATOR

- Indicates 0.75% wear or 1% wear.
- 📦 07902 Chain Wear Indicator

C7 WORKSHOP CHAIN RIVET EXTRACTOR

- Suitable for 5, 6, 7, 8, 9, & 10 speed chains, also 1/8 single speed chains.
- > Larger diameter thread for accurate pin location
- > Locates by three bearing bushes rather than by one
- > Investment cast body for extra strength
- 🔧 07718 Workshop Chain Rivet Extractor
- 07719 Workshop Chain Rivet Extractor Rep Exp Screw

C8 RIVOLI CHAIN RIVET EXTRACTOR

- The world famous Rivoli Chain Rivet Extractor – now available in multiple speed versions.
- > Revolving hardened pin
- > Includes lugs for loosening tight links
- 📦 06300 Rivoli Chain Rivet Extractor 5, 6, 7, 8 & 9 Speed (with removable pin)
- 📦 06312 Rivoli Chain Rivet Extractor 9, 10 & 11 Speed (with removable pin)

C9 RIVEX CHAIN RIVET EXTRACTOR

- A strong, alloy cast chain tool suitable for most chain types.
- > Detachable handles for easy storage
- > Heavy duty anvil for less pressure on the chain
- > Case hardened and cyanide dipped pin for extra strength
- 📦 06003 Rivex Chain Rivet Extractor

C10 SPROCKET REMOVERS

- Workshop quality chain whip gives leverage without slipping.
- > Heat-treated to prevent bending
- > Long handle for extra leverage
- > Cushioned handle for comfort in use
- 🔧 06383 Sprocket Remover (5, 6, 7, & 8 Speed)
- 🔧 06385 Sprocket Remover (9 & 10 Speed)
- 🔧 06386 Sprocket Remover (11 Speed)

ESSENTIAL BIKE TOOLS p58

C11 CABLE CUTTERS

- Heavy duty, workshop quality cutters.
- > Cushion grip handles for comfort
- 📦 06330 Cable Cutters

C12 METAL TYRE LEVERS

- Chrome plated metal tyre levers.
- > Round bars for extra strength
- > Long length for better leverage
- 📦 06004 Metal Tyre Levers (50)
- 📦 06014 Metal Tyre Levers (Carded) (3)

C13 EZYTECH LEVERS

- A compact, ergonomic design suitable for all rim types.
- > Extra-strong, lightweight polymer
- > Slim tipped for tight beads, with two-way spoke hooks and built-in deflator
- 📦 06022 Ezytech Tyre Levers (Carded) (3)
- 06032 Ezytech Tyre Levers (Display Jar) (30)

C14 GLASS NYLON TYRE LEVERS

- Reinforced with glass nylon fibre for extra strength.
- 06024 Glass Nylon Reinforced Tyre Levers (30)
- 📦 06034 Glass Nylon Reinforced Tyre Levers (Carded) (3)

C15 TRIPLE SPOKE KEY

- Designed to fit into wheels where the spokes are tightly packed together.
- > Quick and easy to use
- 📦 06343 Triple Spoke Key

C16 UNIVERSAL BLEED KIT

- Our comprehensive kit for bleeding most types of hydraulic disc brakes just got better!
- > Now includes adaptors for most types of brakes by Avid, Tektro, Shimano, Magura, Hope, Clarks, Hayes & MPH, as well as including handy additions such as a piston spacer.
- 🔧 06327 Universal Bleed Kit

C17 HYDRAULIC BRAKE FLUID

- Weldtite produce two versions of brake fluid, it's essential to use the correct fluid in your hydraulic brakes.
- 🔧¹⁰ 03039 Mineral Oil Brake Fluid (125ml)
- 🔧¹⁰ 03040 Dot Brake Fluid (125ml)

CYCLO MODULAR WORKSTATION p59

- The professional fixed or portable cycle workstation. Universal clamp head with interchangeable mounts – available as fixable wall mount, bench mount, floor mount or portable stand.
- > Rapid single-handed closure and quick-release action
- > Mounts to seatpost, crossbar and downtube
- > Soft anti-scratch jaws for any frame type or material
- > 360° rotating head
- > Maximum stability
- > Can also be used for bike storage

C18 CLAMP HEADS

- 🔧 07740 Clamp Head
- 🔧 07749 Replacement Rubber Jaw Grips

C19 PORTABLE STAND

- 🔧 07741 Portable Work Stand (inc. Clamp Head)
- 🔧 07742 Portable Work Stand

MOUNTS

- C20 🔧 07743 Floor Mount
- C21 🔧 07744 Wall Mount
- C22 🔧 07745 Bench Mount

ACCESSORIES AND SPARES

- C24 07746 Tool Tray

C23 WORKSHOP APRON

- A hard-wearing, adjustable length workshop apron.
- > 85cm long
- > Rugged and hard-wearing cotton blend fabric
- > Includes two large pockets and eight pencil pockets
- > Adjustable length
- > Cross over straps for ease of movement
- > Embroidered Cyclo branding
- 06324 Workshop Apron

TOOLBOX BASICS p60

- As well as specialist bike tools, the Cyclo range includes a series of everyday items that no toolbox or workbench should be without...

C25 PLIERS

- 06309 Inner Wire Plier
- 07763 Long Nose Pliers
- 07764 Linesmans Pliers
- 07762 Circlip Pliers
- 07761 Slip Joint Pliers

C26 FILES

- 07899 Flat File
- 07898 Half Round File
- 07897 Round File

HAMMERS

- C27 07765 Rubber Mallet
- C28 07766 Locksmith Hammer

C29 TALL ALLEN KEYS

- 07775 4mm Tall Allen Key
- 07776 5mm Tall Allen Key
- 07777 6mm Tall Allen Key
- 07778 8mm Tall Allen Key

C30 SCREWDRIVERS

- 07767 Philips Screwdriver (0x75)
- 07768 Philips Screwdriver (1x100)
- 07769 Philips Screwdriver (2x125)
- 07770 Flat Screwdriver (3.2x75)
- 07771 Flat Screwdriver (4x100)
- 07772 Flat Screwdriver (5x125)
- 07773 Flat Screwdriver (6x250)

MISC.

- 07896 Wire Brush
- 07912 Vernier Calliper

MINI WRENCHES p60

C31 'Y' SOCKET WRENCHES

- > Comfortable dual moulded grip
- > Nickel plated with hardened sockets
- 📦 06306 Mini 'Y' Wrenches (8, 9, 10, 13, 14, 15mm)

C32 'Y' WRENCH ALLEN KEYS

- > Comfortable dual moulded grip
- > Nickel plated
- 📦 06310 Mini 'Y' Wrench Allen Keys (4, 5, 6mm)
- 📦 06318 'Y' Wrench Allen Keys (2, 2.5, 3mm)
- 📦 06319 Ball Ended 'Y' Wrench Allen Keys (4, 5, 6mm)

C33 'Y' TORX WRENCHES

- > Comfortable dual moulded grip
- > Nickel plated
- 📦 06322 Y Torx Wrench (T10, T15, T20)
- 📦 06323 Y Torx Wrench (T25, T30, T40)

SHADOW BOARD

The Cyclo Tool Shadowboard – the perfect way to keep your tools tidy and your workstation organised.

- > Flexible vinyl poster 100 x 167cm - requires fixing to a wooden panel (not supplied) or solid wall surface so that hooks and fixings can be made secure
- > Supplied with all the clips, hooks and fasteners necessary to correctly hang the illustrated tools
- > Available with and without tools

00004 Cyclo Tools Shadow Board

00304 Set of 77 Cyclo Tools (inc. Shadow Board 00004 FOC)

Tools (included with 00304):
