LEGISLATIVE COUNSEL'S DIGEST

SB 69, Leno. 2011–12 Budget.

This bill would make appropriations for support of state government for the 2011–12 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2011.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284 of the Statutes of 1978, and as amended by Chapter 1286 of the Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2011–12 fiscal year beginning July 1, 2011, and ending June 30, 2012. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, and minor capital outlay funds are available for expenditure until June 30, 2012.

(2) Construction funds are available for expenditure until June 30, 2014, if allocated through fund transfer or approval to proceed to bid by the Department of Finance by June 30, 2012. Any funds not allocated by June 30, 2012, shall revert on July 1, 2012, to the fund from which the appropriation was made.

(3) All other capital outlay funds are available until June 30, 2014.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support, or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

- 2. The Emergency Medical Services Authority shall use the following guidelines in administering state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the emergency medical services system by nonresidents, (b) local agencies shall provide matching funds of at least \$1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the authority shall monitor the use of the funds by recipients to ensure that these funds are used in an appropriate manner.
- 3. Each region shall be eligible to receive up to one-half of the total cost of a minimal system for that region, as defined by the Emergency Medical Services Authority. However, the authority may reallocate unclaimed funds among regions.
- 4. Notwithstanding Provision 2(b), each region with a population of 300,000 or less as of June 30, 2011, shall receive the full amount for which it is eligible if it provides a cash match of \$0.41 per capita or more. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter that would increase the costs of a program, the Department of Finance shall consider the amount of the proposed increase on an annualized basis, the effect the change would have on the expenditure limitations for the program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, and any additional factors relating to the fiscal integrity of the program or the state's fiscal situation.
- (b) Notwithstanding Sections 28.00 and 28.50, the availability of funds contained in this item for rules, regulations, or all-county letters that add to program costs funded from the General Fund in excess of \$500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (1) specifically required as a result of the enactment of a federal or state law or (2) included in the appropriation made by this act, shall not be approved by the Department of Finance sooner than 30 days after notification in writing to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or sooner than such lesser time after notification as the chairperson of the joint committee, or his or her designee, may in each instance determine.

Of the amount appropriated in Schedule (7), \$9,188,000 is for child care and does not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a \$1 match for every \$1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with

those applied to related programs operated by the State Department of Education in the 2011–12 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs and work participation requirements, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy positions. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded full-time equivalent students (FTES) and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall submit applications to the Office of the Chancellor by December 1 of each year. If the chancellor approves the use of funds for direct instructional workload, the Office of the Chancellor shall submit a report to the Department of Finance and the Joint Legislative Budget Committee by February 15 of each year that (a) identifies the enrollment of new CalWORKs students, (b) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (c) sets forth an expenditure plan for the balance of funds.

Item

Amount

As a condition of receipt of the funds appropriated in Schedule (7), by the fourth week following the end of the semester or quarter term commencing in January 2012, each participating community college shall submit to the Office of the Chancellor a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of work-study hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practicable, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the Office of the Chancellor compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, the Department of Finance, and the State Department of Social Services by February 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (7) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost-beneficial way, it is intended that up to \$5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities that cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student's need for postemployment training within the two-year transitional period.

Item

Amount

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than February 15 of each year in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the Office of the Chancellor approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

Of the funds appropriated in Schedule (7) for the Special Services for CalWORKs Recipients Program, no less than \$4,900,000 is to provide direct workstudy wage reimbursement for students served under this program, and \$613,000 is available for campus job development and placement services.

13. Funds appropriated in Schedule (7) for the Special Services for CalWORKs Recipients Program have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
14. (a) Funds provided in Schedule (8) for the Foster Care Education Program shall be allocated to provide foster and relative/kinship care education and training. Districts shall ensure that education and training required by Sections 1529.1 and 1529.2 of the Health and Safety Code and Section 16003 of the Welfare and Institutions Code receive priority. Districts may use any remaining funds for additional parenting skills training.

 - (1) The Chancellor of the California Community Colleges shall use these funds exclusively for foster parent and relative/kinship care provider education and training, as specified by the chancellor in consultation with an advisory committee that includes foster parents, representatives of statewide foster parent organizations, parent and relative/kinship care providers, and representatives from the State Department of Social Services.
 - (2) Acceptance of funds under this program shall constitute agreement by the district to comply with such reporting requirements, guidelines, and other conditions for receipt of funding as the chancellor may establish.

16. The funds in Schedule (13) for the Part-time Faculty Compensation Program shall be allocated solely to increase compensation for part-time faculty from the amounts previously authorized. Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the Chancellor of the California Community Colleges. These funds are to be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined through each district's local collective bargaining process. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.
 17. (a) \$14,151,000 of the funds provided in Schedule (15) for the Telecommunications and Technology Services Program shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system towards improving learning outcomes. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 88531 of the Education Code for performance-based training and student internships shall be matched by a minimum of \$1 of private business and industry funding for each \$1 of state funds. Funds allocated for purposes of subdivision (h) of Section 88531 of the Education Code for credit and noncredit instruction may be transferred to Schedule (1) or (3) to facilitate distribution at the chancellor’s discretion.  - (1) Scheduled maintenance and special repairs of facilities. The Chancellor of the California Community Colleges shall allocate funds to districts on the basis of actual reported full-time equivalent students (FTES), and may establish a minimum allocation per district. As a condition for receiving and expending these funds for maintenance or special repairs, a district shall certify that it will increase its operations and maintenance spending from the 1995–96 fiscal year by the amount it allocates from this appropriation for maintenance and special repairs, plus an equal amount to be provided from district discretionary funds. The chancellor may waive all or a portion of the matching requirement based upon a review of a district’s financial condition.  - (a) \$1,183,000 is for the Puente Project to support up to 75 colleges. These funds are available if matched by \$200,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 fiscal year support level for the Puente Project. All funding shall be allocated directly to participating districts in accordance with their participation agreement.

 - (c) Funds shall be allocated according to the following criteria:
 - (1) The degree to which the funds provided would be used to increase student enrollment in nursing programs beyond the level of full-time equivalent students served in the 2010–11 academic year.

It is the intent of the Legislature that community college districts, to the greatest extent possible, shall implement any necessary workload reductions in courses and programs outside of those needed by students to achieve their basic skills, workforce training, or transfer goals. On or before April 15, 2012, the chancellor shall provide the fiscal committees of both houses of the Legislature and the Director of Finance with a report on the implementation of this provision.

GENERAL SECTIONS
STATEWIDE

SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Whenever herein an appropriation is made for capital outlay, it may include acquisition of land or other real property to be owned by the state. It may also include major construction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project on state-owned or state-leased property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules “category,” “program,” or “project” means a class of expenditure such as, but not limited to:

(a) “Personal services,” which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers’ compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers’ compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state’s contributions to the Public Employees’ Retirement Fund, the State Teachers’ Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-0001 of Section 2.00, the Old Age and Survivors’ Insurance Revolving Fund, the Public Employees’ Contingency Reserve Fund, and the state’s cost of health benefits plans; but shall not include compensation of independent contractors rendering personal services to the state under contract.

(c) “Programs” include all expenditures, regardless of category, required to carry out the objectives of the named activity.

(d) “Acquisition” is defined as the acquisition of land or other real property in fee simple or any lesser right or interest.

(e) “Preliminary plans” are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(f) “Working drawings” are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(g) “Construction,” when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(h) “Minor projects” include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, “State of California Governor’s Budget

The appropriations made by Sections 20822, 20824, 22871, and 22881, and subdivision (b) of Section 22883, of the Government Code and by Sections 22950, 22951, and 23000 of the Education Code shall continue to be available for expenditure and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20822, 20824, 22871, and 22881, and subdivision (b) of Section 22883, of the Government Code, contributions required for payment of the hospital insurance tax, and upon certification by the Board of Administration of the Public Employees’ Retirement System as required by Section 20826 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees’ Retirement Fund and the Old Age and Survivors’ Insurance Revolving Fund the amounts of contributions.

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for employer contributions for 2011–12 fiscal year retirement benefits to achieve the percentages specified in this subdivision.

(b) Notwithstanding any other provision of law, the Director of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees’ Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other provision of law, for purposes of calculating the “appropriations subject to limitation” as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall

be deemed to be the amounts remaining after the adjustments required by subdivisions (a) and (b) are made.

(d) In the event that (1) the budget is enacted prior to the adoption of 2011–12 employers' retirement contribution rates as listed in subdivision (a) by the Board of Administration of the California Public Employees' Retirement System (the board) or (2) a memorandum of understanding goes into effect pursuant to the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of the Government Code) and that memorandum of understanding contains an increase in state employee retirement contributions and the board adopts lower employer contribution rates pursuant to their existing fiduciary responsibilities for the state plans to reflect these increased employee contributions, the Director of Finance may reduce the percentage levels of the employers' retirement contributions listed in subdivision (a) to be consistent with the employer contribution rates set by the board. The Director of Finance shall notify the Controller's office by way of executive order of these adjustments in the employers' retirement contributions. Nothing in this section shall require the board to take action as described in this section unless the board determines, in good faith, that the action described in this section is consistent with the fiduciary responsibilities of the board as described in Section 17 of Article XVI of the California Constitution. Nothing in this section shall be construed to change or expand the existing ability of the administration to adjust employee pension contribution rates or benefits of nonrepresented employees.

(b) The Director of Finance shall allocate the necessary reductions to each item of appropriation to accomplish the employee compensation reductions required by this section.

(c) The Department of Personnel Administration shall transmit proposed memoranda of understanding to the Legislature promptly and shall include with each transmission estimated savings pursuant to this section in each agreement.

(d) No provision of this section shall be construed to relieve the Governor and any recognized employee organization of their responsibilities to present a memorandum of understanding to the Legislature for determination, when that responsibility exists under the provisions of the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of the Government Code) or other existing law. In these instances only, approval by the Legislature shall be required in a separate piece of legislation (enacted either prior to or subsequent to the enactment of this act), consistent with the standard process for approval of memoranda of understanding.

(e) Appropriation reductions implemented pursuant to this section may be those related to collective bargaining agreements or other administrative actions put into effect either prior to or subsequent to the enactment of this act.

(f) Nothing in this section shall change or supersede the provisions of the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of the Government Code).

SEC. 3.91. Notwithstanding any other provision of law, each item of appropriation, with the exception of those items for the California State University, the University of California, Hastings College of the Law, the Legislature, and the Judicial Branch, shall be reduced, as appropriate, to reflect savings achieved through departmental consolidations, operational efficiencies, and other cost reduction measures, such as reducing contracts, in the total amounts of \$250,000,000 from General Fund items and \$163,000,000 from items relating to other funds. The Director of Finance shall allocate the necessary reductions to each item of appropriation to accomplish the savings required by this section.

SEC. 4.01. These reductions shall not apply to the University of California, Hastings College of the Law, California State University, the Legislature, or the Judicial Branch.

(b) Notwithstanding any other provision of law, the Director of Finance shall reduce items of appropriation to reflect savings achieved through reforms in employee compensation, subject to memoranda of understanding negotiated with collective bargaining units and ratified by the Legislature. These reductions shall apply to all agencies and departments whose employees are subject to collective bargaining agreements negotiated by the Department of Personnel Administration or are excluded employees as defined in Section 3527 of the Government Code.

(c) Nothing within this section shall be interpreted to confer any authority upon the Director of Finance to modify or eliminate any other provision of existing law.

vide to the Department of Finance a listing of each new position approved that will be abolished pursuant to Section 12439 of the Government Code as a result of the position being vacant for 6 consecutive pay periods at the end of the immediately preceding month. The report provided by the Controller's office shall include the department, division, position classification, position number, and the date the position was established.

SEC. 4.20. Notwithstanding any other provision of law, the employer's contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22885 of the Government Code, shall be 0.36 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses. The Director of Finance may, not sooner than 30 days after notification to the Joint Legislative Budget Committee, adjust the rate to ensure a three-month reserve in the Public Employees' Contingency Reserve Fund.

SEC. 4.21. The Public Employees' Retirement System (PERS) will achieve a one-time savings of \$80,000,000 of General Fund moneys and \$35,704,000 of other funds' moneys in the 2011–12 Health Benefits Program. Beginning in the 2012–13 fiscal year, PERS will achieve an equivalent amount of ongoing savings in the Health Benefits Program based on the core health plan option or other cost saving measures, or both. Before October 10, 2011, PERS shall notify the Joint Legislative Budget Committee and the Director of Finance that these savings have been achieved and the source of these savings for the 2011–12 fiscal year.

SEC. 4.30. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in appropriation items for rental payments on lease-purchase and lease-revenue bonds, or in any category thereof including fees, insurance, and reimbursements in this act as a result of changes from amounts budgeted for the costs for the 2011–12 fiscal year.

(b) Notwithstanding any other provision of law, the allocation may be made from funds appropriated for this purpose or from any other funds legally available for this purpose.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 4.70. (a) Notwithstanding any other provision of law, the Department of General Services (DGS) shall recover the Architecture Revolving Fund (ARF) deficit beginning in the 2008–09 fiscal year. DGS shall work with the Department of Finance to allocate and collect at least half of the \$27,200,000 deficit incurred by client agencies as identified by DGS between the 2009–10 and 2014–15 fiscal years. DGS shall also assess a surcharge to specified new ARF projects during those fiscal years sufficient to recover the remainder of the ARF deficit.

(b) DGS shall provide to the chairpersons of the budget committees of each house of the Legislature and to the Legislative Analyst an annual written update on the following: DGS progress towards recovering the ARF deficit; the rate of the surcharge imposed on new ARF projects;

ARF project management training and accountability enhancements; and any unfunded project costs incurred through June 30, 2013.

(c) In implementing this section, DGS may not establish a reserve in the ARF.

SEC. 4.75. The Director of Finance may adjust any item of appropriation for departmental support for the purpose of reimbursing the Department of General Services for centralized costs billed through the statewide surcharge.

SEC. 4.80. In the event bonds authorized for issuance by the State Public Works Board are not sold and interim financing costs have been incurred, departments that have incurred those costs shall commit a sufficient portion of their support appropriations to repay the interim financing costs.

SEC. 4.90. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Architecture Revolving Fund back to the General Fund.

SEC. 4.95. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Inmate Construction Revolving Account back to the General Fund.

SEC. 5.25. (a) Payment of the attorney's fees specified in paragraphs (1) and (2) arising from actions in state courts against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus, or commissions, shall be paid from items of appropriation that support the state operations of the affected agency, department, board, bureau, or commission:

(1) State court actions filed pursuant to Section 1021.5 of the Code of Civil Procedure, the "private attorney general" doctrine, or the "substantial benefit" doctrine.

(2) Writ of mandate actions filed pursuant to Section 10962 of the Welfare and Institutions Code.

(b) Expenditures pursuant to subdivision (a) shall be made by the Controller, subject to the approval of the Director of Finance, and shall be charged to the fiscal year in which the disbursement is issued.

(c) A payment shall not be made by the Controller for expenditures pursuant to subdivision (a) except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney's fees incurred in connection with a single action.

(d) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Committee on Budget pursuant to Items 9840-001-0001, 9840-001-0494, and 9840-001-0988 of Section 2.00 when there are insufficient funds appropriated in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. No more than \$100,000 of the funds appropriated for support purposes under Section 1.80 or any other sections of this act may be

encumbered for acquisition or preliminary plans, working drawings, and construction of any project for the improvement of a state facility unless the Director of Finance determines that the proposed acquisition or improvement is critical and that it is necessary to proceed using funds appropriated for support purposes. Any approved critical project costing more than \$100,000 shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, not less than 30 days prior to initiating the project or requesting acquisition approval. The report shall detail those factors that make the project so critical that it must proceed using support funds. No project described by this section may cost more than \$600,000.

SEC. 8.00. (a) Notwithstanding Section 28.00, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for state or local assistance purposes or directly to local governments to address high-priority needs for costs of funding antiterrorism incurred in the 2010–11 fiscal year and ongoing or new costs for the 2011–12 fiscal year.

(b) Allocations made to state departments may be used to offset expenditures paid or to be paid from other funding sources. Allocations made for the purpose of an offset shall be applied as a negative expenditure to the appropriation where the expenditure has been or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner than 30 days after notification, to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairpersons of the committees in each house of the Legislature that consider appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal

funds, the 2011–12 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

(c) Any expenditure of federal Temporary Assistance for Needy Families (TANF) block grant funds in excess of the amounts specified and appropriated in this act are subject to the notification procedures and requirements set forth in Section 28.00, or Provision 4 of Item 5180-101-0001, or Item 5180-403, of Section 2.00, whichever is applicable. The notification and other requirements of Section 28.00 also shall apply to any proposed substitution of TANF block grant funds for other state or federal funds.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other provision of law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where prohibited by federal statutes. If the Director of Finance determines a state agency is not recovering allowable statewide indirect costs from the

federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the director may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the director.

(b) The Director shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the reduction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.65. Notwithstanding any other provision of law, each item of appropriation in this act shall be adjusted, as determined by the Director of Finance, to reflect changes to General Fund, Federal Trust Fund, and Reimbursement expenditures resulting from the new Section 1115 Medical Financing Waiver or other federal flexibilities the state is able to achieve. Adjustments authorized pursuant to this section shall not be implemented before notification is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the chairperson of the Joint Legislative Budget Committee.

SEC. 8.70. Notwithstanding any other provision of law, each item of appropriation in this act shall be adjusted, as determined by the Director of Finance, to reflect changes to General Fund, Federal Trust Fund, and Reimbursement expenditures resulting from the use of in-home medication dispensing systems for high-risk Medicaid beneficiaries. Adjustments authorized pursuant to this section shall not be implemented before notification is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee.

SEC. 8.88. Notwithstanding any other provision of law, a sum not to exceed \$34,964,000 is appropriated from various special and nongovernmental cost funds to the Financial Information System for California (FI\$Cal) Project for payment of costs to replace the systems that support the state's business operations. The Controller shall assess these funds in sufficient amounts to pay for the authorized FI\$Cal Project costs that are attributable to such funds pursuant to Section 15849.34 of the Government Code. The assessments in support of the expenditures for the FI\$Cal Project shall be made quarterly, and the total amount assessed from these funds in the 2011–12 fiscal year shall not exceed the total expenditures for the FI\$Cal Project that are attributable to those funds in that fiscal year.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with

any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code) shall be limited to the amount specified for those costs in the Supplemental Report of the Budget Act of 2011. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board.

Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.45. (a) Any state agency, department, board, or commission shall provide notification to the Department of Finance and the Joint Legislative Budget Committee not less than 30 days prior to committing funding from Proposition 40, 50, or 84 if all of the following criteria apply:

(1) The funds will be used, either directly or through a grant, for the purchase of interests in or the restoration or rehabilitation of property.

(2) The funds will be used for a grant or project that is not appropriated in statute by name or description.

(3) The total expenditure for the project, including, but not limited to, Proposition 40, 50, or 84 funds is in excess of \$25,000,000.

(b) The notification shall include a detailed description of the portion of the project being funded and a detailed description of the whole project. For the purposes of this section, the criteria set forth in subdivision (a) shall apply to both single transactions and cumulative transactions that involve the purchase of properties near or adjacent to each other.

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following notification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The seller or grantee must be explicitly notified in writing of this condition 10 days prior to any action taken.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. (a) A state agency to which state funds are appropriated by one or more statutes, including this act, for an information technology project may not enter into, or agree to, any contract or any contract amendment in the 2011–12 fiscal year that results, in the aggregate, in an increase in the budgeted cost of the project exceeding \$500,000, or 10 percent of the budgeted cost of the project, whichever is less, unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall (1) explain the necessity and rationale for the proposed contract or amendment, (2) identify the cost savings, revenue increase, or other fiscal benefit of the proposed contract or amendment, and (3) identify the funding source for the proposed contract or amendment.

(b) Subdivision (a) does not apply to a resulting increase in the budgeted cost of a project that is less than \$100,000, or that is funded by an augmentation authorized pursuant to Section 26.00.

(c) The following definitions apply for the purposes of this section:

(1) “Budgeted cost of a project” means the total cost of the project as identified in the most recent feasibility study report, special project report, or equivalent document submitted to the Legislature in connection with its consideration of a bill that appropriated any state funding for that project.

(2) “State agency” means each agency of the state that is subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years,

the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

(1) Explain the necessity and rationale for the proposed agreement.
 (2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.

(3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, “statewide software license agreement” means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than \$1,000,000 in the aggregate.

SEC. 11.11. In order to protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Personnel Administration shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state “appropriations limit” of \$81,799,000,000 for the 2011–12 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the “appropriations limit” for the 2011–12 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2011–12 Final Change Book for the 2011–12 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or his or her designee, determines.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the object for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2011–12 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2011–12 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the object for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2011–12 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2012, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 15.45. (a) The Controller shall offset General Fund expenditures with any funds received from county auditor-controllers for state program costs, other than costs of trial courts, pursuant to Section 100.06 of the Revenue and Taxation Code. These offsets shall be recorded as a reduction of total expenditures for each agency under which the state program expenditures occur and shall not be a reduction to any department or program budget item. The Director of Finance shall identify the specific non-Budget Act items against which to record the payments.

(b) The Controller shall offset payments to the Trial Court Trust Fund from Item 0250-111-0001 of Section 2.00 with any funds received from county auditor-controllers for reimbursement of trial court costs pursuant to Section 100.06 of the Revenue and Taxation Code.

If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2011–12 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in

each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2011–12 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2012–13 fiscal year should be included in the administration’s 2012–13 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2011–12 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2011–12 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2012.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2011–12 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2011–12 fiscal year that exceeds \$200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of

the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the fiscal year just enacted.

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in

accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

(b) The fiscal year budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to a monthly salary rate of \$6,808 or above (which is equivalent to the monthly maximum salary of the Staff Services Manager II Managerial classification as of July 1, 2011) and (2) the establishment of any new position not (i) specifically identified in the Governor's Budget and approved by the Legislature or (ii) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in section (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2011–12 fiscal year shall terminate on June 30, 2012, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2012–13 fiscal year as new positions or (2) approved by the Department of Finance after the 2012–13 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2012. The positions identified in (2) above may be reestablished by the Department of Finance during the 2012–13 fiscal year, provided that these positions are shown in the Governor's Budget for the 2013–14 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2012–13 fiscal year. The Department of Finance will notify the Legislature within 30 days of the reestablishment of positions approved in the 2012–13 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2011–12 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2012–13 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee,

or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d)(1) and (2) shall include information on the date the positions were administratively established. This information shall be included in the Administration's budget change proposals and finance letters. If the Administration requests to establish new positions in the 2012–13 fiscal year, and subsequently decides to administratively establish the positions in the 2011–12 fiscal year, the Department of Finance shall notify the Legislature within 30 days of the administrative establishment of the positions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of Mental Health, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (g) of Section 12, of Article IV of the California Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year before any transfer to the Budget Stabilization Account.

(b) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, “all appropriations from the General Fund for that fiscal year” shall not include any transfer to the Budget Stabilization Account to retire Economic Recovery Bonds because that amount is reflected in the “amount of any General Fund moneys transferred to the Budget Stabilization Account.”

(c) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2011–12 fiscal year pursuant to this act, as passed by the Legislature, is \$86,842,200,000.

(d) For purposes of subdivision (b) of Section 20 of Article XVI of the California Constitution, General Fund revenues shall be defined as revenues and transfers before any transfer to the Budget Stabilization Account, excluding any proceeds from Economic Recovery Bonds, as estimated in the enacted State Budget.

SEC. 35.60. (a) Whenever the Director of Finance determines that there is a shortfall in the General Fund reserve, the director shall order the transfer from the Budget Stabilization Account to the General Fund the amount determined by the Director of Finance to be sufficient to ensure there is a prudent General Fund reserve. Upon receipt of the order from the Director of Finance, the Controller shall make the transfer in the amount ordered.

(b) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations not more than 15 days after ordering the transfer pursuant to this section.
