Timetable for library may exclude township

By Gary M. Cates staff writer

The decision timetable for accepting a \$200,000 federal jobs grant for an addition to Plymouth's Dunning-Hough Library may dictate whether Plymouth Township participates in the project.

After receiving preliminary approval on the grant last week, City Manager Henry Graper told city commissioners a decision must be made within two weeks.

A special meeting of the commission was called for tonight, at which time Graper expects the city to approve the project. The meeting, scheduled for 7 p.m., will be in the second-floor meeting room at the library, 223 S. Main, adjacent to City Hall.

Although Plymouth's final decision isn't due until Nov. 15, Graper said a decision must be made earlier so that blueprints can be completed. Construction must start by Dec. 30 under grant guidelines.

AS OF THURSDAY AFTERNOON, Township Supervisor Maurice Breen said he hadn't been officially notified by the city about the grant approval. "Officially I haven't received word. I

only know what I have heard and read in the newspaper," he said.

Without notification, Breen said the township board won't be asked to act on the library issue at Tuesday night's regular meeting.

Under the city's plans, the project is expected to cost almost \$600,000, of

which the township and city would pay \$200,000 each. The remaining \$200,000 would come from the grant.

Breen has asked the township accountants for a financial anylsis of the impact of the city's request to participate in the project.

"The board members don't have any information to take any action at this time. A decision can't be made until we have other information and the financial anylsis," he said.

"There are some serious discussions that probably could have taken place about the library. We've brought them up in the past and they've kinda scoffed at them," Breen said in reference to earlier meetings with the City Commission

pointment of a fact-finder "in violation

filing of unfair labor practices

"One issue is the design of the library as it has been requested by the city. Does it incorporate technological innovations, or does it simply provide more space to keep things the way they are?

What about the impact of the Henry Ford Hospital clinic on parking?" he said

BESIDES THE INITIAL capital investment, Breen questions the impact of the method of financing operations on future budgets.

"If the financial impact is adverse with our present budget structure, that will be a basic consideration in our decision.

"Those are things that should have been debated by now and haven't been debated," he said.

"There's a whole wide range of things that we don't seem to have much of an impact on.

"There needs to be some long-range planning with this type of investment. I think, unfortunately, it's been put to-gether rather quickly," Breen said.

"It's not a matter if it's good or bad for the community. We would love to have a first-class library. It's a matter of how you fund it.

"You have to remember we're a township and we have a limited millage," Breen said.

"Our residents have chosen not to be a city, so we can't support all the programs a city does," he said.

THE CITY IS SEEKING a 20-year agreement with the township to share

in the library's debt retirement and operational expenses

The plan calls for the Plymouth Building Authority to sell bonds to finance the township and city's combined \$400,000 share of building costs.

The proposal likely will require a vote of the township residents to approve an additional millage to cover the debt retirement.

The city allocates one mill toward the library and could levy an additional portion of a mill for debt retirement without a vote of the people - since the city is levying less than the charter limit.

If the township doesn't participate in the project, Graper said last week the city could go ahead with a 3,500- to 5,000-square-foot addition.

School strikers will seek court turn-aroun

Striking employees in the Plymouth-Canton school district have decided to fight fire with fire.

In the wake of legal action against them, the Michigan Education Association (MEA) and the Michigan Employment Relations Commission (MERC) will attempt to dissolve a court order prohibiting fact-finding in the week-old labor dispute.

Teachers, teacher aides, secretaries, custodians, cafeteria and transportaiton workers walked off the job Sept. 30 after contract and wage reopener talks reached an impasse. Idled are nearly 16,000 students, comprising Wayne County's fourth largest district.

District chief negotiator Tom Schwarze, a Detroit attorney, was granted a temporary restraining order Tuesday by Ingham County Circuit Court Judge Robert Bell barring factfinding. A show cause hearing was scheduled for Oct. 26. The Ingham bor for irregularities including the ap-Court handles the bulk of state-related

cases Bargaining sessions Wednesday and Thursday included full teams of negotiators for the district employee groups, however, no progress was made.

"We are going to intervene in the lawsuit in Ingham County . . . so that fact-finding can proceed," said Harvey Wax, a Southfield attorney representing the MEA

"WE'RE NOT going to wait till the 26th.

Wax and MERC attorney Jon De Horn "hopefully will be in court before Judge Bell Tuesday. The court has said we can come in on 24 hours notice."

Schwarze took several other legal actions Tuesday, among them: Initiating a lawsuit against

sociation, part of the MEA, has filed

two unfair labor practices with MERC, charging the board with refusal to go to fact finding and the altering of employee insurance policies without the knowledge of the PCEA.

The MEA will argue that "we are an interested party at this stage. We don't intend to argue the merits, truth or falsity of charges against MERC," said Wax.

"WE INTEND to tell the court that state statute gives us and any parties involved a right to fact finding and participation with MERC in the dispute. We want our statutory rights, and what

Said Wax, "that is directly contrary

to what the true situation is. I can't believe the Board of Education would authorize an attorney to make that statement.

Bell's statement likely was drafted by Schwarze or his firm "to persuade the judge to do something he might not otherwise do," added Wax. "In my opinion, a fact-finder is exactly what's needed

An Old Village merchant has been arrested and arraigned on a charge of obtaining money under false pretenses.

Michael K. O'Shea, 33, owner of the Village Paper Station, recently pleaded innocent to the charges and is expected to stand trial next month in Wayne County Circuit Court.

Plymouth police are investigating other complaints filed against O'Shea since his arrest in August.

The arrest stemmed from an alleged transaction with Richard Haywood of Ypsilanti.

In April, Haywood dropped off a couch at the Village Paper Station, 872 Starkweather, to have it reupholstered, according to Lt. Robert Commire.

Haywood told police he agreed to a total price of \$591.28 and paid \$200 as a down payment.

Despite numerous contacts with O'Shea, Haywood told police the couch wasn't delivered

ON JULY 16, Haywood went to the

store and received a written receipt stating the sofa, valued at \$700, would be delivered that night, Commire said. As of July 20, the day Haywood filed a complaint, neither the couch or \$200 deposit had been returned, police said.

On Aug. 10, O'Shea was arraigned before 35th District Court Judge James Garber: He was released on \$1,000 cash bond and was bound over to circuit court on Sept. 1.

During a recent pretrial examination O'Shea was offered a reduced charge of attempted obtaining money under false pretenses in exchange for a guilty plea. "We are waiting for his decision now,

before we go to trial," Commire said. The original charge carries a maximum penalty of 10 years in prison upon conviction, while the reduced charge carries a maximum of five years.

The other complaints being investigated allegedly involve similar transactions with a 62-year-old Livonia woman and a 57-year-old Plymouth man. Commire said.

Both people told police they dropped

off furniture and placed a deposit for The owner of this shop, Village Paper Station, has been arrested reupholstering and allegedly never and arraigned on a charge of obtaining money under false pre-received the furniture or a refund. tenses

School teachers receiving the tickets were Kristin M. Darby, 40, of Plymouth and Janet A. Williams, 35, of Brighton.

League to hold forum on strike

A public forum has been scheduled for Thursday night on the strike of employees of Plymouth-Canton Community Schools

The forum is being sponsored by the League of Women Voters of Plymouth, Northville, Canton, and Novi.

The event will begin at 7:30 p.m. in the Little Theatre of Plymouth Canton High School on Canton Center Road just south of Joy

Participating in the forum will be representatives of the Plymouth-Canton Board of Education and of the six unions involved.

The presentation will be very similar to the format of candidates forums sponsored before each election by the League of Women Voters.

Each side will make opening remarks with time allotments assigned to each. Members of the audience will be encouraged to submit questions in writing to either side, or both.

The questions will be screened by a panel to avoid duplications or unwarrented personal attacks. A moderator from the League will ask the questions to whomever it was intended.

The League is sponsoring the public forum on the strike in an attempt to help the residents of Plymouth and Canton become informed of the issues involved

the Canton Observer, and is used for other functions of the newspaper, such as circulation and advertising. The office had been located at 461 S. Main for the past nine years.

Earlier in its history, the Plymouth Observer (successor to the Plymouth Mail) was located in the building which now houses Growth Works Inc. on Main just north of Penniman Avenue adjacent to the Henry Ford Hospital clinic now under construction.

The new location is easily accessible from the short-term parking lot immediately to the south of the Mayflower Meeting House.

Canton editor Mary Beth Dillon-Ward and Plymouth editor Emory Daniels encourage organizations who regularly mail information to the Observer to update their mailing lists to reflect the 489 S. Main address.

"The office is better suited for the needs of our news staffs and also will be quite convenient for our readers and customers," Daniels commented.

Comic book hobby is now his business

By K.M. Kozlowski special writer

GW DO YOU transform a hobby into a flourishing business? Ask David Moffet, proprietor of Classic Movie and Comic Center, located in the Mid 7 Shopping Center, on Middlebelt at Seven Mile.

Moffet, a vintage comic book collector, was working on his masters in business administration at the University of Detroit when he began his venture into business. As a collector of first issue comic books, Moffet regularly made the rounds of area bookstores, looking for comic book finds.

bookstores, looking for comic book finds. "I struck up a friendship with a Farmington bookstore owner," said Moffet, a Farmington resident and 1966 graduate of North Farmington High School. "When he complained about paying rent on his unused basement, I suggested using the space for a comic bookstore. He liked the idea, and offered me a job running it."

Leaving school, Moffet joined the business as an employee in 1977, and gradually bought out the original owner. While the comic division grew, the bookstore upstairs also underwent some change; evolving, over a period of time, from a general bookstore into an entertainment bookstore, with movie books biographies, and music anthologys, in addition to movie and personality posters, old records, and movie stills.

As the business developed, decisions had to be made regarding its future. Opting for more space and a one story than two story layout, Moffet moved Classic from its Grand River and Farmington Road location to its present Livonia locale in 1981.

"PEOPLE WOULD go downstairs and never look around upstairs, and vice versa, at the Farmington store," Moffet said. "I wanted a layout where people could eyeball the entire store as they entered."

With the decision to move settled, another decision had to be made; what to fill the additional space with? Moffet looked at the booming videotape market. "At that time, everyone was getting into video. Video stores were springing up on every corner, like mushrooms. So I decided to go with being a complete 'paper' store (dealing with books, posters, lobby cards, and other paper goods).

Moffet does not rule video out altogether, however. Classic orders videotapes for some of its regular customers, shopping around for the best rate. "Evenutally, Classic will expand its video line, but not until the paper goods can wholly support the venture," Moffet said.

Differing from the conventional store, Classic combines modern sale techniques with the old style of retailing, bartering; not only selling, but buying and trading with customers.

"We have two types of suppliers; companies on each coast that furnish Classic with a large proportion of its paper goods; and people off the street, looking to expand or shorten their collections through trade or sale."

Demand also creates a market, as Classic found out most recently with its latest endeavor, baseball cards. "We had a lot of little boys coming up on their bicycles, asking about baseball cards. So, I picked up a few cards to see how they would do, and they were so well received that we have expanded our line of ball cards," Moffet said.

With the assistance of two managers, and five full-time, two part-time employees, Moffet's Classic Movie and Comic Center has handled its growing pains well. But does Moffet find the time to read the comics that got him started in this enterprise in the first place?

"Comics occupy all of my time as a business now."

that give you the ability not only to confront your deadliest enemy without fear but also to win out over evil forces bent on destroying the world.

It's easy — with the help of one of the many superhero comic books popular today. Although these comic books provide plots that are pure fantasy, their growing popularity and profitability with readers, collectors and dealers are very real.

As demand for current comics as well as collectable back issues has increased, comic book shows have become a popular way for comic book enthusiasts to buy, trade and search out their favorite issues.

Although many view comic book collecting as a "kid's hobby," comic book shows attract a variety of people.

Many customers in their 20s have continuously been reading comic books, while people in their 30s come back to collecting because of nostalgia. The youngers ones are into it because they are kids. "They have an excuse," said Tony Brown, coordinator of the comic book shows at Livonia's Holiday Inn on Plymouth Road.

Brown, a music instructor at Washtenaw Community College, got involved in the shows out of a need to sell his own collection and now finds it profitable to run shows continually, on a six-week basis. His table includes cheaper comics selling three

for a dollar, as well as early "Superman" comic books costing as much as \$210.

THAT \$210 price shocks no one in the comic book business, since a copy of Action Comic No. 1, containing the first appearance of Superman, sells for \$1,000 to \$1,6000, depending on it's condition.

According to Brown, comic book dealing can be a profitable business, "if you play your cards right.

"It is like any other investment. If something dies you are stuck with it. It's like a mini stock market," he said, while pointing to his copy of "Howard the Duck," a trendy comic fading in popularity.

This Livonia show, which Brown and his brother Mike put on every six weeks, attracts many collectors hoping to find that one comic that will complete their collection. Some collect every comic book by one artist, while others try to get every comic that contains their favorite superhero.

Brown began collecting hoping to get a complete run of Superman. He finally gave up when he realized he would need another \$7,500. Now he sells his supermans, with the exception of the ones that came out when he was young.

"Those are the ones that mean something to me," he said. "I collect them to recapture part of my childhood."

Brown stopped collecting "Superman" comics when he entered junior high, because it was consid'Many customers in their 20s have continuously been reading comic books, while people in their 30s come back to collecting because of nostalgia. ered "little kid's stuff." After sponsoring many shows, however, he has observed many kids who see more to it than that.

"Now you find kids buying multiple copies of new issues because they think they may become collectable. Before it was just a kid thing," he recalled.

COMIC BOOK shows attract not only independent dealers, but also area comic book stores. Store employees bring out store stock for promotion or to find buyers for "hard to move" merchandise.

According to David Moffet, owner of Livonia's Classic Movie and Comic Center, comic specialty stores sprang up after the conventions and shows legitimized the hobby. Now, these stores can provide as much diversity in comics as the shows do.

"Before 1966, there were no stores. Then, to find a back issue, you had to go to a garage sale," said Moffet.

By buying private collections, Moffet now manages one out of approximately 10 comic book stores in the metropolitan Detroit area. Although his stock contains almost anything a collector could want, there are some books he will not take in.

"We sell the middle-priced books," he said. "The economy is affecting the sale of the more expensive comic books. Now the \$200 and on up books are selling slowly, where before they would move quickly."

He describes his average customers as male, between the ages of 10 and 35, and primarily interested in collecting superhero comics.

"My personal theory of why they are so popular is because the superheros don't have to pay taxes and can go around beating people up," Moffet said.

Reader disputes board pay claim

To the editor:

As a concerned taxpaying citizen of Plymouth, I am confused about the salary issues regarding the continuing work stoppage in the Plymouth-Canton school district. The confusion results from the school board statement published in the Oct. 3 Observer which stated that the school board offered the teachers wage increases of 3 percent in 1983-84 and 5 percent in 1984-85, which translates into 8.2 percent over two years.

On the surface the issue was stated simply, but quickly became confusing when it was further stated that the board wage offer would benefit the most junior teachers by 8.2 percent while the most senior would get up to 25.2 percent. Is this a mathematical phenomenon when increases of 3 percent and 5 percent in two consecutive years can be interpreted as anything other than 8.2 percent for the two years or was this done to cause confusion and to mislead the taxpaying residents into believing that the board offer was over-benevolent?

The large disparity in numbers appears to be the result of salary agreements that are included in the previous contract. If so, these percents of increase are "old money" not "new money" and should be identified accordingly. After some analysis of the complete board statement, I concluded that the intent was to create confusion in the community, was deceptive and intended to distort the facts, inflame emotions and cause the people of the community to take sides.

I feel the issues should be dealt with honestly and that our elected board members owe the community answers to the following questions:

1. Is the board offer to the teachers 3 percent and 5 percent or, if not, what is

2. Were some teachers actually offered increases of 8.2 percent and while others were offered up to 25.8 percent as the statement implies or is the difference "old money" that is al-ready in the salary scale and not part of the issue?

secretaries, aides) on strike? Are they all wrong? Is the school board wrong? Or were the taxpayers wrong when we voted for the present school board? I offer no opinion other than to take exception to the "facts" offered in the

Observer article, and I feel strongly that the citizens are being misled and possibly conned into taking sides in an issue where only half of the facts, at best, have been provided.

Let's get the issues clearly on the table and settled, and if it takes factfinding, let's get it done.

Parents aren't backing strike

To the editor:

As a parent of three children in the school district, I am very concerned about the strike and the impact it is having on all - parents and students alike.

Until now, I felt we had the best teachers in the area. That has all changed. The teachers are NOT the dedicated professionals we thought they were. They do not care for the children as they claim. At our school, parents who brought their children to school on Friday were barred from the school grounds by picketers, with verbal harassment coming from the child's own teachers.

In light of the fact that they are striking illegally, I feel that the teachers should be released from service to our children. In this day of strong unions, teachers are forgetting that they service the community - like nurses, doctors, police, and firemen. Also, when they themselves were going to college for their degrees, they knew then that this was not a high-paying position. If they want to make more money, then they should leave teaching. There are plenty of qualified people to

(As an aside to the teachers — on last Friday the lack of students at the schools did not show support for the teachers. We did not want our children witnessing such "tacky" behavior by someone they should respect).

Reader urges: stop the MX

To the editor:

When Arthur Macy Cox spoke at the Newman House on Sept. 21, he pointed out that the MX, on a scale of one to ten, will have an accuracy of "ten" while the most accurate Soviet missile right now has an accuracy of "two." The Soviets are, therefore, not likely to see it as a logical "trade off" for thier missiles, but as an escalation of the arms race. Such a perception on their part is dangerous for us - we know the level of paranoia on which they oper-

ate. A year ago U.S. Rep. Carl Pursell was voting against the MX system and saying that he would continue to oppose such weapons systems. Many of his constituents are anxious to have him return to that position.

There are numerous Republican congressmen who oppose the current administration's plans for the MX, and properly so, for the desire to reduce the tensions created by a continuing arms race is not a partisan issue.

Concerned citizens from throughout the 2nd Congressional District will be at Rep. Pursell's Plymouth office at 10 a.m. on Friday, Oct. 14, to present the thousands of petition signatures gathered in just a few weeks by the "2nd Congressional District Emergency Campaign to Stop the MX."

We sincerely hope that he will reconsider and return to his earlier position before the final vote on appropriating funds takes place.

Fact finding: what is it?

To the editor:

An open letter to the citizens of the Plymouth-Canton community:

Fact finding. What a horrifying word. What is it? Very simply, it is a process whereby an impartial; unbi-ased, educated third party is given the opportunity to examine both sides of a dispute and render an opinion. Both sides present their views and substantiate their positions. The decision is not

binding on either party: That's it. Why, then, does it strike such terror in the hearts of Plymouth-Canton Com-munity Schools Board members? Teachers and support staff hold no fear of examination of the facts. Why, oh, why, is the board so fearful that they will go to any length, including sustain-ing a strike, to avoid fact finding? Perhaps the board does not wish to subject their finances to such scrutiny.

The members of the Board of Education were elected by the voters in this district to carry out business on their behalf. Did anyone elect Tom Schwarze, the board's all-powerful attorney? No. He was not elected, but he certainly has been running the show. In fact, no one seems ready or able to challenge him. The board has turned over the reins of the welfare of this district to a single power - attorney Schwarze.

Who stands to win in this conflict? Students - certainly not. They would benefit by a quick settlement. Employees - certainly not. We only

want to do our jobs effectively and be compensated equitably. Citizens - certainly not. Unrest and

disruption in the community benefits

A. Jahn

John Hoben — certainly not. Dr. Hoben needs to be given the ability to manage the district without having his hands tied by a dictatorial, close-minded board

Board of Education - certainly not: A strike in the district is a smudge on the fine reputation many have sought to maintain in Plymouth-Canton.

Attorney, Schwarte - Well, as long as he has an unsettled contract in this district he will continue to draw large fees from the district. Sounds sort of like a self-perpetuating job security program. When will we see an accounting of the district's legal fees?

Fellow citizens, we need to apply ressure to the board now. Help get both sides to the table now. Without your help, this strike could go on much too long. Act now. Contact your repre-sentative on the board listed below: David Artley, 459-1352; Elaine Kirchgatter, 453-8054; E.J. McLendon, 420-0476; Glenn Schroeder 459-4755; Roland Thomas, 453-3016; Flossie Ton-

da, 453-2534; Thomas Yack, 455-5827. Members of the negotiating teams stand waiting to negotiate. Help us make the wait a short one. Thank you. Rita Ringer,

Canton

Employees hold citizens hostage

To the editor:

We the citizens of the Plymouth-Can-

of education to provide proper admin-istration and quality for our school pro-grams. Acting on our behalf, the board has offered an economic package to school employees that equals or sur-passes most offered in industry today.

The school employees, including the "professional" teachers, have chosen to reject our offer. Instead of using legal means to reach an agreement, they have chosen to break Michigan law and a legal teachers' contract by striking. In so doing, the school employees are attempting to hold the public hostage through their children in order to obtain an increase in the economic offer.

If the teachers and school employees are successful in obtaining an increased economic package beyond that offered by the board, the public will be faced with an immediate significant millage increase or a drastic reduction in the quality of our school programs to finance that increase.

12

Ha

As concerned parents and citizens of the Plymouth-Canton community, we think the message should be quite clear:

First: The economic package offered by the board is fair and is strongly supported by the public.

Second: The "professional" teachers and school employees have chosen an illegal means of striking to hold the public hostage for an increased economic package.

Third: The public will not be held hostage. If the board does not notify striking teachers and school employees to return to work immediately or face . termination, it will be seen as condoning an illegal action and it may be time to recall that board and elect one that will carry out the public's wishes.

Cooling weather has whetted the fishes appetites.

Anglers are taking catfish on Pontiac Lake with nightcrawlers, good bass and panfish at night on both Lake Orion and Kent Lake and perch from Lake St. Clair's Anchor Bay.

For walleyes, try wading or casting from the shore of the St. Clair River between Marysville and St. Clair. They're in the 3- to 4-pound class. If drift-fishing is your style, try the St. Clair River from Algonac to St. Clair.

Little action except a few crappies at Belleville Lake.

THE FOUR Seasons Fishing Club will turn its attention to the scrapping steelhead when its meets at 7:30 p.m. Wednesday, Oct. 12. Schooling spot is the Daniel Lord K of C Hall at 39050 Schoolcraft (west of Newburgh), Livonia.

Bill Taylor will discussing tactics for hauling 'em in from surf, pier and small boats. Fishing reports and club activities will also be on the program.

A family-oriented club, Four Seasons opens the doors to all interested persons, according to club spokesman Tony Brehler.

WESTLAND

Alaska is soon to celebrate its silver anniversary as our 49th state Famed for its rugged wilderness and natural beauty, Alaska holds a certain mystique for most of us. While we may not be fortunate enough to travel to this beautiful frontier state, we can take advantage of its magnificent gift the superb seafoods which come from the clear, icv waters off the 34:000 miles of coastline. From these waters some of the world's finest fish and shellfish are harvested each year. Now, with technological advancements in freezing and processing and rapid, controlled transportation, choice Alaska seafoods can be enjoyed yearround

Seafoods fit beautifully into today's trend toward lighter foods. They are a valuable source of high-quality protein and provide other important nutrients. Alaska seafood dishes can also be prepared quickly whether cooked conventionally or in the microwave, which is also important with today's fast-paced lifestyles.

Featured here are several memorable Alaska seafood entrees, all of which are relatively light in calories and which can be prepared in double-quick time

Garden Salmon Salad features a wonderful combination of flavors and textures. Colorful chunks of canned salmon, crisp radishes, celery. hard-cooked egg, green onion, tomato and carrot are arranged in neat. colorful rows over torn spinach or lettuce in this attractive salad. Creamy Vinaigrette Dressing is served on the side

In another delicious seafood salad, snowy white poached Alaska halibut and Pink shrimp are combined with tiny peas, cucumber, green onion and a mayonnaise dressing flavored with tarragon. For an even lighter version of both salads, a sprinkling of lemon or lime juice can be substituted for the dressing.

Low in calories and delicately flavored. Alaska whitefish can be prepared in a variety of taste-tempting ways. Here, lean Alaska cod. pollock or rockfish fillets are filled with sauteed chopped onion and julienne strips of zucchim, then baked with a savory mushroom-tomato sauce accented with basil.

A delicious entree for two features succulent Alaska salmon steaks complemented with broccoli and herbs. Whether cooked in the microwave or conventionally, this choice seafood is ready for delicious eating in just minutes. Salmon, once a delicacy on the West Coast, is now more readily available nationwide.

Another West Coast favorite that can now be enjoyed around the country is Alaska Dungeness crab. While it can be served in a variety of ways, one of the most popular is simply cracked with a favorite dip. Here, this moist, delectable shellfish is served in its natural state accompanied with a tomato salsa dip which is not only tasty, but low in calories as well.

For delicious flavor and nourishing eating look to Alaska's precious gift of prime-quality seafood.

GARDEN SALMON SALAD

- 1 can (7.3 4 oz.) salmon 4 cubs form spinach or lettuce
- 1.2 cup thinly sliced radishes
- 1.2 cup chopped celery 1 hard-cooked egg, finely chopped

Lamb and pita: Love at first bite

When I was a kid in Chicago, my father occasionally brought home ready-to-eat leg of lamb from a Greek place on Halsted Street. I devoured it. Like most youngsters, I only avoided most vegetables.

Except for the times we were invited across the street by neighbors to partake of black olives, feta cheese and lamb, I didn't eat much Greek food. My favorite diet was purely American: hot dogs and hamburgers, especially enjoyed at Wrigley Field watching the Cubs.

Many people never develop a taste for lamb. But I recall my wife's old Italian friend from New York who used to love lamb chops. My wife made them for Mary during each of her visits, but we ate something else.

Then Anita recently came in contact with that Greek sandwich of lamb, lettuce, tomatoes, special sauce, etc., stuffed into pita bread, and it was love at first bite.

. So I decided to roast a leg of lamb, Greek style, and discovered what I had been missing. 🗠

THE LAMB tasted even better because of a tip from a friend: eating several spoonfuls of lime sherbet between mouthfuls of meat. It's the same principle as munching on cheese between sips of wine - the palate is cleansed.

The egg and lemon sauce isn't bad either. And it can double as a vegetable sauce, especially for asparagus, broccoli, cauliflower and spinach.

There are other ways to prepare leg of lamb, such as marinating it for 24 hours. Or fixing it French style: sprinkling on dried thyme and crumbled bay leaves instead of rosemary and making gravy from the pan drippings and one part water, three parts red wine.

style, and next time I won't forget the pita bread.

GREEK ROAST LEG OF LAMB 4%-lb. leg of lamb 1 tsp. salt 16 tsp. black pepper

2 garlic cloves, cut crosswise into 12 slivers 1/3 cup margarine, melted 15 cup lemon juice ¾ tsp. rosemary leaves

Preheat oven to 325 degrees. Wipe

lamb with damp paper toweling and rub surface with salt and pepper. Cut 12 slits about 1-inch deep and insert garlic. Place lamb fat side up in shallow roasting pan, brush with margarine, pour on lemon juice and sprinkle with rosemary. Roast uncovered 2 hours for medium doneness, basting every 30 minutes. Let stand 20 minutes before carving. Serves 6-8.

EGG AND LEMON SAUCE
2 tbsp. butter
3 tbsp. all-purpose flour
1/2 tsp. salt
1 can (14 % oz.) clear chicken broth
3 tbsp. lemon juice
4 egg volke

1 tbsp. chopped parsley

Melt butter in top of double boiler over direct heat. Remove from heat, stir in flour, 1 tablespoon at a time, and salt until smooth. Gradually stir in broth and lemon juice. Bring to boil over medium heat, occasionally stirring. Place top pot over hot, not boiling, water. Popular popcorn has a long history

What's poppin' in October?

Popcorn! It's national Popcorn Poppin' Month according to the Popcorn Institute, the Chicago-based association of United States popcorn processors. Until the end of October, popcorn

fans across the country can try out new popcorn recipes, sample flavored popcorn, hold popcorn fests, stage popcorn-eating contests and do 101 other things to salute this super snack food.

Popcorn poppin' and munchin' has been an on-going event in the Americas for thousands of years. Long before the Institute established a special popcorn month and even before Columbus set sail to the New World, American Indians were popping corn in hot sand, on hot stones, in shallow clay pots or right on the coob over an open fire. The original Americans knew a good thing when they tasted it.

Popcorn snackin' was not limited to North American tribes in those long ago days. There's proof that South American and Mexican Indians also munched on this food. A primitive popcorn cob about 4,445 years old was found in LaPerra Cave in the mountains of northeastern Mexico. In tombs on the east coast of Peru researchers discovered grains of popcorn believed to be over 1,000 years old that were so well preserved they still popped.

THE LONGTIME all-American favorite snack has a lot going for it. Besides being fun to eat and great tasting, popcorn is:

• Versatile - from breakfast to midnight snack.

The early colonists served popcorn with sugar and cream for breakfast the first "puffed" breakfast cereal. The use of popcorn has expanded greatly since then. Today popcorn is served as a before-dinner appetizer; kids love it list of seal-winning poppers, send a self-addressed, stamped business-size envelope to: The Popcorn Institute, c/o as a substitute for croutons or crackers in soup; popcorn is a college student's late-night study snack and it makes a great dessert as well.

• Nutritious - the experts agree, popcorn is a wholesome snack food.

The American Dental Association recommends popcorn as a sugar-free snack. Furthermore, chewing popcorn creates a mild cleansing and massaging action that is beneficial to both teeth and gums.

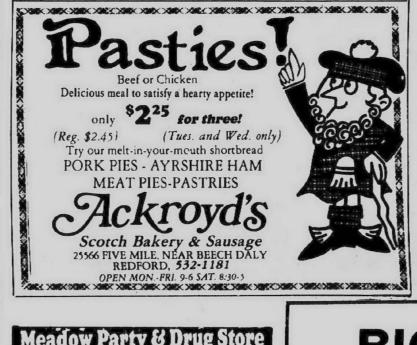

The American Cancer Society lists high-fiber food as one of the 11 things that don't cause cancer. Popcorn is a high-fiber food.

Weight Watchers International Inc. recognizes popcorn's wholesomeness and includes it in its weight reduction program. Popcorn is a natural for nutritious eating. It's low in calories, high in bulk and fiber and is an important carbohydrate.

• Popular - kids and adults love its taste. In 1982, Americans consumed 9.7 billion quarts of popped popcorn, or 42 quarts per person.

POPCORN IS a \$1-billion industry. Unpopped sales at the retail level amount to nearly \$200 million. Popcorn sales 'at leisure establishments (excluding bars and restaurants) are around \$700 million, with 30-35 percent of that coming from movie theater sales.

MIKE WHORF surprised his Plymouth Town Hall audience with the greeting, "You don't look like you sound, either." The general reaction of the townhallers when Mike entered the Penn Theater Wednesday morning had been a silent, "He doesn't look the way he sounds.'

Accompanied by Ronald Houser on the piano, Whorf combined prose, poetry and song in his entertaining presentation, "America on Parade." He even sang a couple of songs of his own composition.

Pianist Ron Houser took the audience on a musical tour. Using the theme, "Oh! Susanna," he started on the east coast, playing the tune Pilgrim style, and circumnavigated the globe, musically. "Oh! Susanna" took on the personality of the countries -China, India, Germany, African jazz, and others - as they traveled around the world.

- The celebrity luncheon after the lecture was in the Miles Standish Room of the Mayflower Hotel. The guests had an opportunity to present questions to the performers. Mike Whorf fielded inquiries about his family. He said, " I grew up in Plymouth, Massachusetts and here I am in Plymouth, Michigan."

Ron Houser said he was a public school music teacher and a church organist who had teamed up with

Mike for speaking engagements. Second celebrity in the Plymouth Friends of the Y Town Hall series will be author and hypnotist, Jim Hoke. Those who have seen him on television will enjoy meeting him personally Wednesday, Nov. 2 at the Penn and later at the celebrity luncheon. Call the Plymouth Family Y. 453-2904 for information.

Teresa Solak, Canton BPW woman of the year, helped found the club and was its charter president.

BPW clubs honor their women of the year

Canton Business and Professional Women's Club named their charter president, Teresa M. Solak, as their woman of the year. Solak is vice president and branch manager of the Wayne Bank on Ford Road in Canton. She is also marketing and public relations director of the bank.

A resident of Westland, Solak was instrumental in establishing the Canton BPW. She has worked on the BPW Healthorama, participated in various high school career days, spoken to high school business students and worked on the planning committee for Plymouth-

Canton High School career days.

She has served as a Girl Scout leader, as a member of St. Damian Christian Service Committee, as a volunteer speaker for Schoolcraft College Women's Resource Center, and as a speaker in the Senior Citizen's Direct Deposit program.

Her political activities include supporting legislators who promote wom-en's issues, attending the BPW legislative drive-in in Lansing, and attending local township meetings to keep informed.

THE WOMAN of the year also has worked on the Canton Country Festival and parade.

She suggests that a young woman just starting out in her career should join a networking organization such as BPW

"Even at my late start with the club, it has helped tremendously in my career. Only remember, do not get involved simply for what they can do for you, but what you can contribute to them.

"Also, pursue all the education you can and - most of all - do not be intimidated by the changing times," said Solak.

She said women can contribute most to their communities by by participation in activities that benefit the community at large. "Not only for self-fulfillment, but for the genuine needs that exist. Get other women involved and interested in the workings of their local government and actively supporting legislators that they believe will sincerely promote their issues to make their community the best place to live for them and their families."

SOLAK SAYS women are working their way up in the business world in larger numbers than ever before.

"However, the road is still rough and will be for a long time. I hope I live long enough to see more women at the top of significant United States corporations.

"It is still a struggle for a woman to prove herself, but the roles are changing. I admire the young women I see today with the determination and confidence they project."

SWEETEST DAY is Saturday and, believe it or not, it was not originated by a greeting card company. The true meaning of the day has been forgotten since its creation more than 50 years ago in Cleveland, Ohio.

The founder was Herbert Birch Kingston, a candy company employee. He recruited friends and neighbors to distribute candy and other small gifts to the city's orphans, shut-ins and other forgotten residents. He intended the day as a time to let the lonely or the erprivileged know that dy cared about them. More more Clevelanders participated nd the celebration became known Sweetest Day, and it spread to ties all over the country.

Sex education is becoming a family affair. Group discussions between parents and their children are important for opening lines of communication and understanding each other, according to Gail Zettell, project director of adolescent family life with Catholic Social Services of Wayne County.

One of its offices is at 17332 Farmington, Livonia. The phone number is 421-3730.

Embarrassment surfaces during explicit descriptions of the anatomy, and physical functions, Zettel said. But, most of the time it's a matter of learning about each other's feelings.

"A lot of parents say 'I would like to know where my kid's at, but he won't talk to me," Zettell said

They find that group discussions on sex offer an atmosphere they couldn't create at home. The sessions, sponsored by Catholic Social Services, are held periodically. They are titled "Communication Around Sexual Issues.

PARENTS OR guardians attend six sessions, 21/2 hours each, with their children, ages 11 through 17. The fee for the course depends on the ability to pay, and range between \$1 and \$10. The courses also are offered in Spanish.

Family members are encouraged to question each other, identify values and improve family communication skills.

One goal of the federally funded program is to prevent pregnancies, Zettell said

"We reach beyond the symptoms of premature sexual activity to the causes," she said. "We do not offer a band-aid, we offer hard work in dealing with difficult issues."

Teen-agers who are involved in a lot of sexual activity are looking for self adulation, physical love and some kind of purpose. in life, which they often don't receive from their families. Zettell said.

In these cases building self-esteem is vital, she said.

"We all know that adolescent pregnancy is epidemic and that sexually transmitted disases pose an extremely serious health problem," Zettel said. "Young people are faced each day with more and more overtly sexual material which offers slick, simplistic solutions to difficult problems." After the initial "ice-breaking" session the

participants discuss the male and female anatomy, which Zettel learned is often more beneficial to adults than the children.

SEX EDUCATION classes in the schools are teaching the students, correct terminology and physiology of the anatomy. Therefore, parents often feel inadequate talking about sex with their children.

The group, which is usually made up of six to 10 families, is asked to name common words for different parts of the body. This allows the fammily to have a common vocabulary, Zettel said.

The discussion sessions are especially important for single parent families. Sometimes a mother or father, who is the opposite sex of their child, doesn't understand the physical and social changes that occur during adolescence, Zettel said.

Parents are asked to look at their own sex education and to decide what they want to give to their children. The sessions are conducted by three instructors who emphasize that parents have the primary responsibility in teaching their children about sex.

The young men who attend the course talk about how they feel about being perceived as the "villain," during sexual encounters, Zettel said. They often admit they are the aggressors, but they feel they're being teased or led

"They say that women today are very expressive and say exactly how they feel about sex," she said.

ZETTEL said it's inappropriate to ask the teen-agers who attend the discussions if they are sexually active, but she would guess that most are not.

The instructors ask the children to evaluate their relationships and put their social lives in perspective. They teach parents to avoid making negative statements about their children, "Like bring the car home by midnight, you rotten kid." Parents shouldn't express their aggression toward their chil-dren. They should change that statement to, "It makes me very upset when you don't bring the car home by midnight," Zettel said.

The only criteria to attend the courses is that parents and children come together.

Religion doesn't affect the discussions un-

Actizen's advisory group, of 15 people from many different religions, professions and ethnic groups, reviews the program periodically.

2 new entries should appeal to pop-novice crowd

Accumulated news and observations. Noted in this column a year or so ago is the devoping battle between E. and J. Gallo and Coca-Cola, the latter via its Taylor of California Cellars issues. Taylor has since made gains, surpassing Almaden, and now the two giants have launched new wine labels with which to parry still further.

Both have announced wines aimed at the labrusca, pop-novice crowd. The wines will arrive here in the fall. Gallo's is Polo Brindisi, both a red and white, of low alcohol, priced at under \$3 the bottle. Coke's thrust is called Vivante, and a huge promotional cam-paign is under way for this in several restricted markets.

Speculation here is whether these constitute an upgrading of the Boone's Farm days, or are just another attempt to provide another alcoholic-swill dimension to the public.

LOVERS OF zinfandel should rush to local outlets to buy Tom Dehlinger's 1980 zinfandel. This is what it's all about: massive fruit, warm, complex, full of tannin and marvelous aromas. There is not much around. I found mine at a local wine shop for a dollar less than the 1979 issue.

Two more excellent issues recently available are San Martin's 1981 chablis and 1979 burgundy. At \$3.99 for 1.5liters, these are very attractive jug wines. And don't miss Mondavi's 1981 Red, his best yet of this genre, also

available in 1.5-liter bottles at about \$6 in general distribution.

Most overpriced recent releases is Wente's long-awaited 1980 Brut sparkling wine. Very citrusy. It is questionable whether this wine warrants a price tab of \$14 locally. A sad note: The death of Charles

Fournier has been reported. The dean of New York winemakers, he made great strides in introducing vinifera grapes to the Eastern United States at Gold Seal. He made some marvelous wines and also was Konstantin Frank's sponsor in the 1950s. A great wine man, a great man.

It seems the California wine inflation in prices has ended, finally. With shipments down nearly 4 percent from last year, it seems the message has begun to register. Nearly all issues coming out now are the same price as last year's, and some are even down a bit.

In the meantime, sales of French and Italian ordinaire wines are up dramatically.

THE WINEGROWERS Association of Washington State is all aglow these days. Washington's viticultural production has now grown to the point where it has surpassed New York as the No. 2 wine-growing state in the nation. In the last 15 years Washington's wine production has grown from 430 acres of grapes in the ground to nearly 8,000 to-day.

Of the new California wineries, the most impressive to date is the Girard Winery of Napa. The chardonnay it is

Lewis Collins is perfectly cast but in an unbelievable role, in "The Final Option."

Embassy takeover makes poor drama in 'Final Option'

There are several things a moviegoer should know about "The Final Option" (R). (1) It's a message movie. (2) The realism is in the violence, not in the twists and turns of plot which seriously test one's credulity. (3) The fortifying presence of Richard Widmark is absent for the first three-quarters of the movie.

The message of this movie is to distrust the peaceniks. The leaders of the English anti-nuclear movement are depicted as terrorists who would kill for peace. They would even detonate a nuclear bomb as a lesson to people. Those who are not wild-eyed extremists are misguided dupes, pawns of an unnamed foreign power.

A mysterious foreigner is shown donating large sums of money to leftist causes - any group that has the word "people's" in its name. We never learn for whom he is working.

Key event in "The Final Option" is the takeover of the American Embassy in London by these anti-nuclear radicals funded by the mystery man

THEY HOLD the American ambassador and a party of important dinner guests hostage while they wait for the British to carry out their demands.

Among the terrorists is Scanlon (Lewis Collins), who is actually an undercover agent from a crack team of British special services By prearrangement, he was drummed out of the service for sadistic treatment of his men. With this to recommend him, he quickly infiltrates the inner circle of the peace movement.

Although the movie asks to be taken seriously, it contradicts this intention by introducing a cool, suave hero cast in the mold of James Bondi Only the exotic vehicles are lacking.

Collins is a handsome hunk who fits the part perfectly. His role simply isn't believable. The same is true for Judy Davis (seen in "My Brilliant Career") who plays the daughter of a millionaire and the leader of the peace movement. She also is a dancer (shades of a leftist hangout, and she's a pus

DIN HOW Szechuan Restaurant is Livonia's only restaurant serving Szechuan and Man-darin-style food, said David Chen, owner of the new family-run restaurant at 29195 Plymouth.

Chen formerly owned the 200-seat restaurant New Peking in Garden City. After selling the New Peking to another Chinese owner, he has opened the 70-seat Din How (which means "the best" in Chinese

"American taste is changing. They want the real Chinese taste - traditional, hot and spicy Chinese food," Chen said.

Chen pointed out some of the specialties on the menu. The menu cover gives a hint of the work that goes into making Peking duck. "Preparations are as easy as 1-2-3 . . . 4-5-6-7 . . . Whew!" it reads.

"It has crusty skin outside and a juicy skin inside," Chen said, explaining the dish. "We use a pancake to wrap it." Because of the lengthy preparations, a one-day advance order is re-

At dinner, veal picante is often chosen. The chef also offers veal tino, a dish he says is "pretty rich."

Nicky's, at I-75 and Big Beaver Road, is open from 11 a.m. to midnight Mondays-Thursdays, until 1 a.m. Saturdays. Saturdays dinner is served from 6 p.m. Nicky's is closed Sundays but may host private parties.

A pink-canopied private room also is available for parties.

One or both partners is usually on the scene at Nicky's. "We work it day and night," Reaser said, "but we love it."

GIORGIO'S, which had its grand opening last week, is in the Great American Insurance Building at 280 N. Woodward, Birmingham.

Restaurauteur Giorgio Golematis takes over the location that formerly was Tweeny's run by Yvonne Gill. Greek-born Golematis has worked for a number of Detroit-area restaurants and formerly opened a 35-seat "gourmet" diner, which he opened in Oak Park in 1981.

The owner is doing much of the cooking in Giorgio's open kitchen.

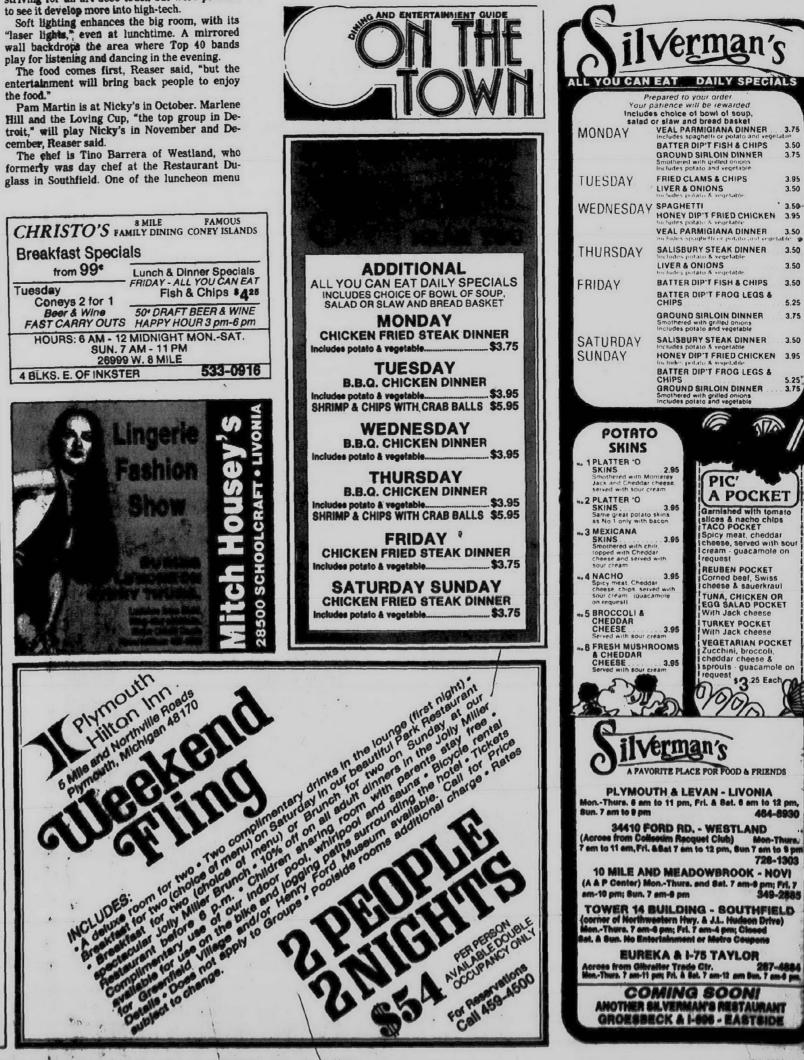

Among the many entrees available at dinner are veal marsala, steak au poivre, ocean floun-der, beef tenderloin and shrimp Dijon. Soup, salad and broccoli or baked potato accompanies the meal. At lunch the Giorgio-Burger is one of the features.

Hours are 11 a.m. to 10:30 p.m. Mondays-Thursdays, 11 a.m. to 11 p.m. Fridays-Saturdays.

CHI-CHI'S, national restaurant chain of Mexican eateries, has just opened two more locations in the northern and western suburbs.

Now there are Chi-Chi's at 29330 Schoolcraft, Livonia, opposite the Detroit Race Course, and at 32585 Concord Drive, Madison Heights, near Troy's Oakland Mall.

The restaurant's charm begins with its bright,

informal decor, resembling a Mexican hacienda. Colorful wall hangings, pottery and baskets accent the setting.

Corn chips with hot or medium dip may begin the meal, and Mexican hors d'ouevres including a version of pizza are available. For cocktails, the house specialty is a double marguerita, served in a huge saucer-champagne glass. Big portions are served for dinners or a la carte dishes. The chimichanga, a meat-filled burro, is Chi-Chi's specialty that may be ordered any of five different ways. Fried ice cream is a different dessert on the menu.

The Livonia restaurant is open from 11 a.m. to 11 p.m. Mondays-Thursdays, 11 a.m. to mid-night Fridays-Saturdays and 11:30 a.m. to 10 p.m. Sundays. In Madison Heights, hours are 11 a.m. to 11 p.m. Mondays-Thursdays, 11 a.m. to midnight Fridays-Saturdays and 11 a.m. to 10 p.m. Sundays.

NOPALITOS Restaurant and Cantina, with Mexican cuisine, opens Saturday at Somerset Mall in Troy. A Mexican interior of stucco and tile, with cactus plants for accent, replaces the formerly French setting of the Magic Pan creperie.

The restaurant offers gourmet Mexican food, with shrimp, red snapper, chicken, pork, beef and steak featured in entrees. Mexican beers and margueritas (a 17-ounce Rio Grande) are among drinks served.

Nopalitos has a 160-seat dining area and enlarged, 60-seat cantina.

Collins simply shows up at the cafe, introduces himself and says he wants to sleep with her. She, in the manner of Bonded females, immediately takes him into her home, her headquarters and her trust

MEANWHILE, WE note that Scanlon, the experienced superagent, visits his wife and child while undercover, is careless in meeting his contact and allows himself to be followed.

Widmark and Robert Webber fare much better with their brief roles. Widmark is the United States Secretary of State and Webber a top American general. They are among the hostages at the embasssy. They add a much needed steeliness to the movie, which is in danger of drowning in its own polemics. Widmark and Davis argue their differing points of view (Widmark calm and rational; Davis, the woman, emotional and irrational) in a lengthy dialogue that puts the action on hold.

It's been rumored that President Reagan and former Secretary of State Alexander Haig are enthusiastic about this movie. "The Final Option" makes a serious point about embassy takeovers, but does the point need to be made? All those in favor of embassy takeovers raise your hands.

When the movie tries to make a point about extremism, even in the cause of peace, it stumbles repeatedly and is ineffectual. It strains the limits of our belief with its far-fetched characters, irrational situations and obvious attempts to rabble-rouse. There is a serious question to be addressed on the extent and limits of political defiance within a democracy. This movie isn't the vehicle for doing it.

These employees follow the law

To the editor:

As members of the Plymouth-Canton Association of Educational Office Personnel (PCAEOP), we feel the time has arrived for the people in this community to hear the views of two members of this association. (We are going to work, even though we have to cross picket lines composed of teachers, maintenance people, aides, cafeteria, bus drivers, and secretaries. These secretaries are from our association which has chosen to go on strike).

The bottom line is "a strike is illegal for a public employee." We tried presenting this view at a meeting of our association and we were "put down."

We have been taught that if you think a law is unfair or unjust you work to change that law - YOU DON'T BREAK IT! Laws are usually made to protect someone — in this case we be-lieve this law was made for the protection of the children of our state.

To let the community know the true facts of this strike vote, we would like to relay how the vote came about. All excerpts in quotes come directly from the minutes of the PCAEOP.

It was suggested that we have a general membership meeting on Saturday, Sept. 17, 1983, to work together towards a settlement.

The reminder that was sent to the secretaries for this meeting stated that "a meeting of the support groups would be held on information on ALTERNA-TIVES to obtain a contract will be decided. Your vote counts."

Ah, the game within a game. Salem's Mary Beth Weast (14) and Canton's Marie Krashovetz (22) didn't figure much in the scoring in last Thursday's contest. But, oh my, did they ever do battle. Salem defeated Canton 55-39.

Rock trio topples Chiefs

By Chris McCosky staff writer

After two consecutive losses, Plymouth Salem coach Fred Thománn decided to alter his lineup for Thursday's game with neighboring Plymouth Canton.

He started Kelly Bemis and Reggie Rojeski, but it was the other three the triumvirate - that led the Rocks past the on-again, off-again Chiefs, 55-

Pam McBride (18) and Dawn Johnson (14) accounted for 32 of the Rock's points, while Fran Whittaker did just points, while Fran which chipped in about everything else. She chipped in point guard for a while.

"We are going to be looking at different players and different combinations of players," Thomann said, explaining the lineup change. "We'll see what we like and what we don't like. When we get into the conference championships, then we will put our best five players on the floor.

THE CHIEFS were coming off a well-played game Tuesday in which they were defeated by Walled Lake

girls basketball

Western. But the team that showed up Thursday night was nothing like the team that played Tuesday.

"We didn't come to play tonight," said an angry Canton coach Phyllis Cunningham Mulroy. "I tell you, it's spooky. The difference between this team Tuesday and tonight - it's

spooky. "These ese girls cannot beat Salem ve got it in their their heads that can't and they won't. I'd like to they say that that's not it, but I really believe that's what it is.

Canton matched Salem practically basket for basket in the early going. But, by the end of the quarter, Johnson and McBride began to exert their force. Johnson hit a freethrow and a basket and McBride canned a long jumper at the buzzer to lift the Rocks to a 16-12 first-quarter lead.

Salem extended its lead to nine points by halftime, 29-20. STILL, ONE sensed that the Chiefs

were not out of it. They were still scrapping.

The third quarter put an end to that. Johnson scored two quick baskets four minutes into the second half and then McBride tallied the last seven points of the half to put Salem ahead for good, 46-24.

'McBride has been playing super for said Thomann. "She's be better, we will too. And I thought D.J. 14. played well for us tonight, too."

Did she ever. Besides her 14 points, Dawn Johnson's menacing brand of defense forced numerous Chief turnovers.

FOR CANTON, the bright spots were few and far between - but there were some nevertheless.

One bright spot was the play of Lou Ann Hamblin. Still slowed by an injured ankle, she scrapped and hustled every minute she was on the floor. She scored eight points to tie Kathy Ross for Canton's top scorer. She also blocked two shots, forced three jump balls, several turnovers and made four steals.

(P,C)1C

The other bright spot was the play of Laura Darby. Darby, a strong inside performer, came off the bench in the fourth quarter to net five points.

But that little bit of light didn't do much to brighten Mulroy's disposition afterwards.

THEIR HEARTS just were not into it," she said. "They didn't move on defense. That zone we played out there was the worst zone I've ever seen. Before the game we said over and over hoot: McBride

"I'll get over this and so will they Hopefully they will have learned something. But we will not improve unless they begin to believe in themselves. They just do not believe in themselves at all.

The win puts Salem at 7-3, in third place behind Walled Lake Central and Livonia Bentley in the Western Lakes Lakes Division.

Canton is 3-7, far behind Western Division leaders Walled Lake Western.

Canton is no match for Hawks

By Chris McCosky staff writer

Plymouth Canton scored more points against Farmington Harrison than the Hawks' four previous opponents combined - seven.

Unfortunately for the Canton rooters, the Hawks countered with 55 points of their own to win their 28th consecutive football game.

"We knew our offense was due to explode," said Harrison coach John Herrington.

And explode it did. The Hawks amassed 414 yards against the Chiefs, 253 of them on the ground. Almost half of those 414 yards were earned by the Hawks' second and third strings

THE GAME MARKED the homecoming of Bob Wasczenski. Wasczenski, the All-Area receiver who transferred to Harrison from Canton after last season, was the target of jeers from the Canton crowd and a lot of double teaming from the Canton defense

"Look at this," Wasczenski said sarcastically after the game pointing to his torn jersey. "No, they weren't picking on me."

'Waz'' said he was nervous coming back to play at his old school, and it showed early in the game. He dropped a sure touchdown pass from quarterfootball

back Scott Glinski in the first quarter. Then, in the second quarter, after catching a 20-yarder, he had the ball stripped away by Canton's Jim Burczyk.

But, "Waz" got even. He made a punishing 10-yard run to help set up Harrison's third score of the night - a 5yard TD pass from Glinski to, you guessed it, Wasczenski.

That score may have been the turning point in the game, if one can be found in a 55-7 route.

CANTON HAD JUST scored on an impressive 66-yard drive engineered by sophomore quarterback Tony Aiken, to make the score 20-7 with just over two minutes left in the half.

Harrison had grabbed a quick 20point lead on three touchdowns by John Miller. Two 1-yard runs and a 2-yard run. The second TD came after Miller recovered an Aiken fumble and ran it to the 1. The fumble was forced by a Jerry Eizen tackle.

Miller, Harrison's All-State junior halfback, ended up with 128 yards and four touchdowns in about one half's from Glinski to Geoff Bissell.

worth of playing time. Down 20-0, Aiken rallied Canton. He hit David Knapp over the middle for 13 yards. Then he and halfback Rod Boyd ran for two more first downs. Then Aiken hit Knapp again for 13. Finally, from the Harrison 21, Aiken kept the ball on the option and darted past the Hawk secondary for the score

Jim Kaske added the point after and the Canton seemed back in the contest.

THAT'S WHEN Wasczenski got his revenge. Harrison took the ensuing kickoff and went 80 yards in seven plays in the final two minutes of the half to go up 27-7. It wasn't much of a game after that.

David Quarles, Harrison's soccer player and field goal kicker, kicked six of seven extra points, including one from 25 yards away following a penalty. Bill Wood kicked a 35-yard extra point following a Hawk penalty.

Miller scored his fourth touchdown early in the second half as Harrison went 44 yards in seven plays after a Canton fumble. Millers' 1-yard run was set up by a pretty 19-yard pass play

Glinski, improving with every week, completed five of nine passes for 86 yards and one TD. He had one pass picked off by Jody Spitz. Glinski, like all the Harrison starters, played only briefly in the second half.

Glinski's replacement, junior Vince Enright, came on and completed four of six passes for 76 yards including a 22-yard scoring strike to Bissell which put Harrison ahead 40-7.

HARRISON'S LAST two scores, engineered by third string quarterback Matt Dowd, came on runs of 1 and 2 yards by reserve fullback Steve Hoskins.

Despite the lopsided score, the game was not a total washout for Canton. Quarterback Aiken came of age. The sophomore excited the crowd with his crisp passing and his deceptive speed.

He completed nine of 15 passes for 141 yards and had one pass picked off that by Brian Smolinski.

"We made the decision last week to make a change at quarterback," said Canton coach Rich Barr. "We are going to live with him and die with him.

Canton's 221 yards in total offense were more than any other team has gained against Harrison this season.

Harrison, 5-0, faces its stiffest test next Saturday against undefeated Walled Lake Central. Canton, winless this season, travels to Walled Lake Western.

Arnold runs for 147, Rocks win big

After four wars in a row, and facing two or three more down the road, the Plymouth Salem football team took a little mid-season break Saturday.

That is, they took a break from playing in close games. They clobbered Farmington 46-17.

"This was good for us," Rock coach Tom Moshimer said. "We've been in nothing but dogfights all year long. It was nice for the kids to get out and run

'Run a bit''? Not hardly.

THE BOCKS rolled up 361 total yards, 262 of those on the ground.

"Our defense just collapsed," said Falcon coach Don Kuick. "We couldn't stop the option play, though we worked on it all week in practice. We knew that's all they ran, but we couldn't stop

Senior back Jeff Arnold had a big day, rushing for 147 yards in seven carries and two touchdowns.

Arnold set the tone on the third play of the game. He took a handoff from quarterback Mark Tindail and went 81

yards for the score. Tindall scored Salem's second TD on an 11-yard run. He then hit Craig Morton on a 20-yard TD pass. Mark Dixon

kicked two of three point afters and the Rocks led 20-0 after one quarter.

SALEM ADDED two more scores before the half. Back-up quarterback Steve Sobditch connected with Morton on a 27-yard TD pass and Kevin Riley, a reserve halfback, scored on a 36-yard run. It was 33-0 at the half.

Fun. It was so o at the main. Sophomore placekicker/end Bruce Kratt kicked a 26-yard field goal for Farmington in the third quarter.

Salem countered that with a 1-yard run by Chris Raymond. Dixson added the point after. Sophomore quarterback Joe Bob

Wenson played a strong game for Farmington. He passed for close to 90 yards and threw two TD passes. He hit Ab Hazen on an 11-yard score, then with time running out in the game, hit Kratt with a 7-yarder. Kratt added both point afters.

Another Falcon sophomore, fullback Dan Parilo, was the Falcons' leading rusher with 48 yards in just six carries.

The Rocks final score came on a 1-yard run by Arnold. Salem is 5-0, 3-0 in the Western Lakes Athletic Conference. Farmington is 1-4, winless in three league contests

Salem kickers top Canton

Plymouth Salem won the first half and Plymouth Canton won the second in their soccer contest at CEP field Thursday,

Unfortunately for Canton, Salem won its half by a wider margin. The Rocks two first-half goals were

enough to carry them to a 2-1 Western Lakes Activities Association (WLAA) triumph, raising their record to 7-1-1 for the season. Canton is now 4-5.

Randy Johnson's free kicks proved to be the difference, playing a part in both Salem scores. Johnson's indirect kick

six minutes into the game set up Evan Nash's goal.

Twelve minutes later Johnson got the eventual game-winner on a 30-yard direct free kick.

Salem's 2-0 lead at the half was narrowed to one by Steve Morell's blast 10 minutes into the second half. Morell was set up by Tom Wright, who centered a free kick.

Joe Knoerl faced 10 shots in the Salem nets while David Hawkins made 13 saves for Canton.

STEVENSON 2. CHURCHILL 2: John Gelmisi's second goal of the contest and 20th of the season pulled Livo-

nia Stevenson even with Livonia Churchill Thursday at Churchill.

Chris Rose and Phil Lussier each tallied for Churchill (4-3-3) in the first half as the Chargers took a 2-1 halftime lead. They couldn't hold it, however, as Stevenson (9-2-1) got the equalizer in the second half.

CATHOLIC CENTRAL 1, RICE 0: Tom Cotter broke up a scoreless duel midway through the second half, punching home a crossing pass from Andy Rama to boost Redford Catholic Central to a Catholic League victory over Birmingham Brother Rice Friday at Bell Creek Park

The game was a defensive battle throughout, with Rice goalie Mike Nagy handling only eight shots and CC netminder Pat Stocker just six. Bob Tataglia and Don Guss sparked the Shamrock defensive effort. CC is now 7-2-1. Rice is 7-6-1.

On Wednesday, the Shamrocks bombed Harper Woods Bishop Gal-lagher, 6-1, behind Rama's three goals

and one assist. Jim Moreau added two markers for CC and Jim Kowalski one. Both Moreau and Kowalski earned assists.

Stocker and Bob Sinnaeve divided goaltending duties, facing 11 shots. The Shamrocks had 29 at the Gallagher net.
