Kensington®

Keyed Locks

MicroSaver® 2.0 Keyed Laptop Lock

Kensington, The Professionals' Choice™ for device security for nearly 25 years, has produced the latest standard in device security – the MicroSaver 2.0 Keyed Laptop Lock. Engineered to be Kensington's smallest, strongest lock for laptop and other devices, the MicroSaver 2.0 represents the next generation of laptop security. The MicroSaver 2.0 was developed using strict specifications, patented technologies, and rigorous testing against tough environmental conditions, and can stand the test of time in a smaller, compact size without compromise.

Tablet Charging Cabinets

Kensington® AC12 Security Charging Cabinet for Chromebooks & Tablets

With more tablets, Chromebooks™, and 2-in-1 hybrids being deployed in classrooms, healthcare offices and retail or hospitality businesses, the need for a solution that can store, charge and secure those devices overnight is greater than ever. The AC12 Security Charging Cabinet features slide-out drawers that provide an easier check-in/check-out experience for teachers or administrators. The cabinet holds 12 devices measuring up to 14", and with the cabinet running on AC power, it can safely charge all 12 devices simultaneously.

SKU	Product	MOQ
K64415EU	Kensington® AC12 Security Charging Cabinet for Chromebooks & Tablets	1

Charge & Sync Cabinet, Universal Tablet — Black

As more tablets are deployed into classrooms, businesses and retail spaces, providing a convenient and secure storage location is becoming a big need. Luckily, Kensington has the perfect answer with the new Charge & Sync Cabinet, Universal Tablet. With space for up to 10 tablets including iPads, Galaxy Tabs, Kindles and more, the cabinet is the perfect place to charge the tablets after everyone has gone home for the day so they're powered up and ready in the morning. Plus, with adjustable drawers, each bay can accommodate tablets in a protective rugged case. Stack up to three cabinets and you've got storage for up to 30 tablets in one classroom. A tamper-resistant, retracting front door offers security with customized key access, and the included mounting plate or cable lock keeps the cabinet in place.

SKU	Product	MOQ
K67862EU	Charge & Sync Cabinet, Universal Tablet — Black	1

Kensington® Secure Cabinet Trolley

When it's more convenient to move your tablets to the users than have the users come to the tablets, there's no better solution than the Secure Cabinet Trolley. Designed to hold up to two Kensington Charge & Sync Cabinets, Universal Tablet, the trolley allows you to mount the cabinets directly to the platform for a secure ride. The trolley has free-spinning wheels so it can be rolled in any direction for greater versatility, with dual pedal locks that severely limit the trolley's ability to move when engaged. And with each cabinet holding up to 10 tablets, the trolley lets you easily transport 20 tablets at a time.

Universal Laptop Docking Stations

Kensington® SD3650 Universal USB 3.0 Mountable Docking Station for Windows®

Preserve the convenience of one-cable connectivity to your entire desktop setup with the SD3650 Universal USB 3.0 Docking Station from Kensington, a trusted leader in productivity solutions for more than 30 years. What makes the SD3650 unique from the SD3600 is that you can output dual HD video using DisplayPort and HDMI ports, plus we increased the USB 3.0 accessory expansion ports to four, ideal for a flash drive so it can transfer data at 5Gbps. The dock also features Zero Footprint Mounting, so it can be mounted to the back of a VESA-compatible monitor using a Docking Station Mount (sold separately), perfect for desks with limited space.

SKU	Product	MOQ

SD3500v USB 3.0 Universal Dual Docking Station

Ultra-thin laptops and 2-in-1 convertibles like the Microsoft Surface Pro offer great mobile productivity and sleek good looks. But that also means they usually come up short on connectivity ports. As a result, you're constantly plugging and unplugging peripherals. That's where the SD3500v USB 3.0 Universal Docking Station comes in. It turns one USB port into six so you have access to all your peripherals, including keyboard, mouse, printer and external hard drive. And with dual HD video output, you can add two external monitors to boost productivity. The dock's two USB 3.0 ports support super-speed data transfer of up to 5 Gbps.

Video Adapters

Universal Multi-Display Adapter

The Kensington Multi-Display Adapter allows you to expand your viewing options and add a secondary screen to your laptop, Ultrabook, Windows 8 tablet, MacBook or other Apple computer. It allows a secondary display to increase your productivity or give you the confidence when presenting that you can connect to any projector or TV screen via a single USB. For instant connectivity and superb picture quality between laptop and additional display, the Kensington Universal Multi-Display Adapter uses a USB 3.0 SuperSpeed connection.

Research has shown that using multiple monitors can increase productivity by up to 50%. Common tasks such as copying and pasting are greatly improved with fewer errors thanks to not having to juggle or tab through your open windows within one display. The Kensington Multi-Display Adapter makes adding that extra screen easy. Simply connect one end to the monitor and the other to your laptop or Ultrabook USB port. The Universal Multi-Display Adapter can also be used on projectors or HDTV screens using the included DVI-VGA adapter, allowing display on any device with up to 2048x1152 pixel resolution or 1080p for video playback. Using USB means it's universally compatible with any brand and model, including Ultrabooks. All you need is one USB to add another display option.

USB Hubs & Adapters

UH7000C USB 3.0 7-Port Hub & Charger — Black

With USB ports on laptops becoming a precious commodity, an external hub can be the answer to maintaining optimal productivity. The UH7000C USB 3.0 7-Port Hub & Charger ensures you can connect all your peripheral desktop accessories to your laptop, as well as quickly charge your smartphone or tablet. Leveraging USB 3.0 technology, each of the seven ports can support lightning fast transfer speeds so you can work more efficiently. The ports also double as chargers, ensuring the battery on your favorite devices never runs out. With 4 AMPs available, you can use any of the ports to provide a fast charge for up to two tablets, a tablet and a smartphone, or any other combination of low power devices. Because there are no drivers to download, simply insert the USB cable it into your laptop, plug in the power cord, and you're ready to go.

Wireless Presenter Remotes

Kensington Expert Wireless Presenter with Green Laser Pointer, Cursor Control & 4GB Memory

Own what professionals use to take control of the room — and a laptop's cursor — with the Expert Wireless Presenter Expert with Green Laser Pointer, Cursor Control & 4GB Memory. The presenter stores your PowerPoint or Keynote files on the 4GB Micro SD card that fits into the wireless USB receiver. With a simple flick of a switch, you toggle between presentation and cursor control modes. Make your point with a green laser that's 10 times brighter than standard red lasers, ideal for bigger rooms and LED/LCD screens. The highly reliable 2.4GHz receiver resists device interference and gives you control from up to 150 feet away.

SKU	Product	MOQ
K72427EU	Kensington Expert Wireless Presenter with Green Laser Pointer, Cursor Control & 4	

Presenter Expert

The Presenter Expert's intuitive four-button design makes it easy to navigate your Keynote® or PowerPoint® presentation. And when you need to move your cursor, a quick flip of a button gives you full cursor control. The powerful 2.4Ghz remote resists interference and lets you control Keynote or PowerPoint from up to 150 feet (50 meters) away. The USB receiver stores inside the presenter so you won't have to worry about misplacing it. You won't have to worry about not being able to find the right remote button either, because the Kensington Presenter Expert has backlit buttons.

Kensington Wireless Presenter with Red Laser

Professionals count on Kensington for control of their presentations. With a highly reliable wireless connection and intuitive controls, this remote allows you to focus on what matters most — making an effective presentation. With a 4-button layout, you can easily go forward and back on your PowerPoint® or Keynote® slides, while the other two buttons offer a screen blackout option and a red laser pointer. The wireless 2.4GHz receiver stores conveniently inside the remote, and since it's uniquely paired, you don't have to worry about device interference.

Expert Mouse® Wired Trackball

The Expert Mouse Wired Trackball is the ultimate productivity enhancer that makes working at the desk quicker, more accurate and extremely comfortable for your hand and wrist. Featuring DiamondEye technology, the trackball uses optical tracking to precisely follow small flecks embedded in the large 55mm ball to provide smooth, accurate cursor control. The four buttons are customizable using our highly intuitive TrackballWorks™ software, while our award-winning Scroll Ring lets you quickly scan up and down web pages and large documents. Add it all up and you get exceptional comfort and ease-of-use that has set the industry standard for more than 20 years.

SlimBlade™ Trackball

Comfort and productivity are at your fingertips with the SlimBlade Trackball. Your computing experience gets smoother, faster and easier with a ball that can do it all. In addition to the usual productivity gains that come with a trackball, with a simple twist of the ball, you'll be scrolling up and down pages. It offers better ergonomics, with less wrist and hand movement that will ease the pain of repetitive-stress injuries. TrackballWorks also allows you to turn your trackball into the ultimate media controller so you can adjust volume, hit play/pause, stop, and forward/back. The sleek, low-profile design provides all-day comfort while advanced laser technology and a large 55mm ball deliver exceptional precision.

Stylus

Virtuoso™ Stylus and Pen for Tablets

Tablets are great fun to use—until you realise that every time you touch one to navigate or type, you're just adding another smudge to the tablet screen. The fact is, no matter how clean your hands are, they naturally emit oils. And oils and tablet screens don't get along. Before you know it, your screen is covered with grease and oils that not only make it difficult to see the screen but also attract dirt and grime that can permanently scratch and damage your tablet screen. Fortunately there's a simple solution that not only keeps your screen clean, but also adds accuracy and comfort. It's the Kensington Stylus.

Triple Trek™ Ultrabook™ Optimised Backpack

Your Ultrabook is sleek and light, but some of your other essentials? Not so much. Once you add a power brick, your tablet, accessories like a presenter, smartphone, files for the office and more, you suddenly find yourself needing something that can help you carry it all in comfort. Plus you need to make sure your precious Ultrabook and tablet are well padded and protected. That's where the Kensington Triple Trek Ultrabook Backpack comes in. It features fleece-lined compartments that keep an Ultrabook, tablet computer, and even your smartphone safe from scratches. In between the device compartments is plenty of room for files. You'll also appreciate the big accessory pocket that holds your power cord and other necessities. We also included a carabineer clip for holding your keys. No more fishing around the bottom of your bag trying to locate your keys! The padded back support system and wide, adjustable padded straps make sure you can take it all with you in comfort. The grab handle doubles as a roller strap to help you fly through the airport. And just to prove that we thought of everything, you'll find an easy access storage pocket, perfect for your MP3 player or smartphone, with a headphone outlet so you can talk or rock hands-free.

Laptop Bags

Briefcases / Messengers

Contour™ 15.6" Topload Laptop Case- Black

Our recipe for this bag was simple. We took a premium computer carrying case and sent it to a group of ergonomists. We had them look at how the case was used, so that they could think from the bottom-up about how to make the perfect bag. In the process, they added a few new features - like a sculpted pad to bring the weight of the laptop closer in to your centre-of-gravity to help reduce neck and shoulder strain. Or like an elasticised shoulder strap to help reduce shock as you carry the laptop on the road. Or special carrying handles to help reduce hand strain.

Sleeves

Soft Universal Sleeve

Laptops have become the go-to essential for mobile business professionals, and the sleek, lightweight Chromebook™ and MacBook Air® are becoming more popular every year. Now you have the perfect lightweight complement to help you carry your laptop or tablet around. The Kensington universal sleeve provides a soft layer of protection to a wide variety of devices, and the interior fleece lining is scratch-resistant to help keep the surface of the device free of marks. A reinforced carry handle allows you to easily hold on to the sleeve and an exterior pocket conveniently stores your device's accessories.

Sit Stand Workstations

Dual Monitor Arm for Kensington® SmartFit® Sit/Stand Workstation

Take productivity to a professional level by adding a dual monitor arm to your SmartFit® Sit/Stand Workstation. Studies have shown using two monitors can have a dramatic effect on workflow. With dual monitors on your workstation, not only are you getting the ergonomic and health benefits of standing while you work, you're also getting a lot more work done. Our patented SmartFit System lets you find your personal comfort color to set the monitors at the ideal viewing height, plus the arm installs quickly to your Sit/Stand workstation and is VESA-compatible for monitor screens up to 24 inches.

Sit Stand Workstations

SmartFit® Sit/Stand Workstation

The SmartFit® Sit/Stand Workstation lets you easily convert your traditional desk into a standing workspace, giving you ergonomic and health benefits. It installs quickly and requires minimal changes to your current setup. Our patented SmartFit System lets you find your personal comfort color and set the workstation to the ideal height for your monitor and keyboard/mouse platform. A pneumatic lift and articulating arm let you quickly transition from sitting to standing and adjust the unit from side to side.

SmartFit® Conform Back Rest

The SmartFit Conform Back Rest takes sitting comfort to a new level, with patented back support technology that works in nearly any type of chair. The SmartFit System allows you to customize the height of the back rest to your personal comfort color for maximum support for your spine and lumbar. Ventilated back panels conform to your body type through four independent springs that articulate when you shift your posture. And because the panels are ventilated, it dissipates heat to keep your back cool and dry throughout the workday.

Antiglare & Privacy Filters

Privacy Screen for Monitors

Trust Kensington, the choice of IT professionals, to help protect the sensitive information on your monitor and reduce the chances of wandering eyes viewing confidential data on your screen. FP Series Monitor Privacy Screens limit the field of vision to +/- 30 degrees so a person off to the side only sees a dark screen. They are easy to install, either with included frameless tab holders or double-sided tape. The reversible privacy screens also use an anti-reflective coating to reduce glare, and they filter out harmful blue light by up to 30 percent.

Rugged Cases

Kensington® BlackBelt™ 2nd Degree Rugged Case for Microsoft® Surface™ Pro 4

The Surface Pro 4 is being touted as the perfect laptop replacement, offering an incredible combination of productivity and portability. Valuable mobile investments like that need to be protected. Our designers have worked closely with Microsoft as a member of the Designed for Surface program and created the BlackBelt 2nd Degree Rugged Case. It surrounds the Surface Pro 4 in military-grade drop protection with an integrated hand strap for worry-free carrying. The Type Cover can be easily attached or detached with the case on, and a strategic cutout preserves full functionality of the Surface kick stand.
