FINANCIAL REPORT.

STATE OF IOWA
TREASURY DEPARTMENT
DES MOINES.

To His Excellency A. B. Cummins, Governor of Iowa:

DEAR SIR:—

I have the honor to present herewith the biennial report of the transactions of the treasury department of the State of Iowa for the period beginning July 1, 1903, and ending June 30, 1905.

In general form this report will be found to follow former reports made by this department so that a comparison of this report with the one preceding is comparatively easy.

Attention is directed to the fact that for a number of years there has been an increase in the receipts as shown by each succeeding biennial report. The following table will show the increase in the receipts of general revenue for the three preceding periods:

		INCREASE OVER PRECEDING PERIOD.
Receipts for period ending June 30, 1890.....	\$5,079,403.29
Receipts for period ending June 30, 1901.....	5,120,059.54	\$ 40,656.25
Receipts for period ending June 30, 1903.....	6,177,865.50	1,075,784.88
Receipts for period ending June 30, 1905.....	6,800,847.71	422,492.21

The very large increase for the period ending June 30, 1903 may be accounted for in part by refunds on account of civil and Spanish war claims and unusually large collections of filing fees by the Secretary of State. During the period just closed the receipts of fees from state officers including receipts from state boards collected under the provisions of chapter seven of the Acts of the Thirtieth General Assembly have been very much reduced. This is true also of the receipts from miscellaneous sources, the receipts from these two sources being four hundred and sixty-six thousand dollars below the receipts from the same sources during the last preceding period.

Notwithstanding the decrease just noted, however, the receipts of general revenue from all sources have increased more than four hundred and twenty-two thousand dollars. The following comparative statement will show the source of increased and decreased receipts.

Source.	Period ending June 30, 1903.	Period ending June 30, 1905.	Increase '05 over 1903.	Decrease '05 over 1903.
Counties.....	\$ 4,193,812.08	\$ 4,925,213.12	\$ 736,401.04
Corporation tax.....	476,484.11	555,172.28	79,688.17
Fees state officers.....	481,228.12	406,984.87	\$ 75,243.25
Collateral inheritance tax.....	234,664.76	233,443.05	48,773.29
State institutions.....	163,558.12	187,902.28	23,744.16
Miscellaneous.....	634,106.31	249,232.11	890,876.20
Total.....	\$ 6,177,855.50	\$ 6,000,347.71	\$ 888,611.66	\$ 466,119.45
Total increase.....	\$ 888,611.66
Total decrease.....	466,119.45
Net increase.....	\$ 422,492.21

The actual receipts have exceeded estimates made by the several state departments and committees of the Thirtieth General Assembly, based on the most reliable information to be obtained at the time the legislature was in session. It was thought that owing to the refund by the United States of the civil war claim of \$456,417.00 and other unusual receipts during the period ending June 30, 1903, the receipts for the period just closed must fall below the receipts of the preceding period and would not exceed \$6,000,000. As a conservative estimate the amount was placed at \$5,800,000. The following statement will show the source of increased receipts:

Increase of receipts over estimate from \$ mill tax levy from counties.....	\$ 47,000.00
From institutions' under board of control and from counties for care of patients therein.....	855,000.00
Fees from state officers and boards.....	129,000.00
Insurance companies.....	75,000.00
Collateral inheritance tax.....	88,000.00
Federal aid to soldiers' home.....	44,000.00
Refund Spanish war claim.....	20,000.00
Miscellaneous sources not estimated.....	24,000.00
Interest on average daily deposits in banks.....	38,000.00
Total.....	\$ 800,000.00

The State Auditor's warrants redeemed during the period amount to \$6,795,794.32; during the preceding period the amount redeemed was \$5,751,264.79—showing an increase of \$1,044,529.53.

The amount expended on account of the state institutions under the board of control has increased only about eight thousand dollars. The general expenses of the state have been increased because of the increase by the Twenty-ninth General Assembly of the salaries of the judges of the supreme and district courts about sixty-five thousand dollars per annum and an increase by the Thirtieth General Assembly of the appropriation for the national guard. The legislature has added liberally to the existing annual appropriations for the support of the State University, Iowa State College and the State Normal School. These, with the expenditures for buildings and equipment for the educational institutions, repairs and improvement of the capitol building, completion of the Historical Building, monuments erected on southern battlefields, the St. Louis exposition, and others too numerous to mention in detail, will account for this increase. This increase in expenditure has reduced the balance on hand at the close of the period \$195,000 below the balance June 30, 1903.

The following table shows receipts, disbursements, and balance at end of the period, by periods of six months, beginning July 1, 1901.

	Receipts.	Disbursements.	Balance.
Six months ending December 31, 1901.....	\$ 966,531	\$ 1,329,891	\$ 780,527.25
Six months ending June 30, 1902.....	1,637,091	1,465,737	951,890.41
Six months ending December 31, 1902.....	1,578,520	1,905,488	926,916.65
Six months ending June 30, 1903.....	1,995,711	1,352,149	1,570,478.88
Six months ending December 31, 1903.....	1,224,626	1,596,250	1,198,754.68
Six months ending June 30, 1904.....	1,943,739	1,680,239	1,467,263.68
Six months ending December 30, 1904.....	1,373,279	1,756,580	1,083,962.29
Six months ending June 30, 1905.....	2,053,509	1,762,408	1,676,082.27

The balance that has been carried since the receipt of the refund of the civil war claim in July, 1902, has been larger than was necessary.

The receipts from the tax imposed on collateral inheritances have increased and it is believed will continue to do so. The collateral inheritance tax law is very crude and indefinite in some of its provisions, apparently conflicting and capable of different interpretations so that a uniform enforcement is almost impossible. A bill was prepared by this department and introduced in the Twenty-ninth General Assembly, which was intended to correct some of the existing defects in the present law. This bill met with the approval of the Attorney-General, and passed the Senate unanimously without change, but met with

such opposition from a few members of the House and was so amended that the friends of the bill asked that further consideration be indefinitely postponed. That the law should be re-enacted and simplified so as to be capable of more uniform interpretation and enforcement, is admitted by everyone at all conversant with it. A bill was introduced in the Thirtieth General Assembly proposing to amend the law so that the county where property of the estate paying a collateral tax is situated should receive a portion of the tax. It was claimed that such a provision would result in a more general enforcement of the law and increased revenue for the State. The present law imposes duties on county clerks for which no compensation is provided. County attorneys and appraisers appointed to appraise estates often neglect the duties imposed on them or ignore the law to such an extent that it is in some cases very difficult for this department to obtain sufficient information from which to determine the amount of tax an estate should pay. A division of the tax between the state and the county and a change in the law requiring clerks to report estates liable for the tax and allowing them compensation for the service, would undoubtedly help to secure a better observance of the law. This department should have a contingent fund to be used by the State Treasurer when necessary to secure a better observance of this and other revenue laws. The original law imposed a uniform tax of five per cent on all collateral estates. An amendment was made by the Thirtieth General Assembly increasing the tax on estates passing to aliens non-resident of the United States to ten per cent of the value passing to brothers or sisters and twenty per cent of the value passing to other aliens. It has been found that there exists between the United States and almost all foreign countries, treaties that prevent the collection of a tax in excess of the amount that the citizens or subjects of this country would pay in like cases. Believing in uniformity in the enforcement of law, and as this law can not be enforced against all aliens, we can see no good reason for undertaking to enforce it against any. It is our opinion therefore that this amendment should be repealed.

Respectfully submitted,

G. S. GILBERTSON,

Treasurer of State.

July 31, 1905.
