shop.xma.co.uk

A collaborative
contract placed
on behalf of the
Scottish Public Sector
by Scottish Procurement

The Scottish Government

# We are XMA.

We deliver innovative IT solutions that enhance how people learn, teach, govern, deliver healthcare and do business. We are a team of over 250 specialists, based across the UK who bring together over 30 years of experience, world class vendor partnerships and broad service delivery capabilities on the ground and in the cloud.

Part of an independently owned British group, we are based in Nottingham, Reading, Halifax, Glasgow, Cwmbran and London. We have national reach and a local touch. Our UK-based data centre and ISO:27001 accreditation means we can host your data, applications and infrastructure in the cloud, securely.

We are a compliant route to purchase, with presence on local and national frameworks for hardware supply and services. Our partners are the biggest names in computing, infrastructure and print. We take their products and build, deliver and maintain solutions that work for you.

## About the Framework

XMA has been awarded the Scottish Government National Framework Agreement for Tablet Client Devices (SP-16-001) with a live start date of 20th June 2016. The framework enables schools, colleges, universities and all public sector bodies in Scotland to purchase from the enclosed range of tablets, accessories and services.

Buyers are reminded of the obligations contained in the Procurement Reform (Scotland) Act 2014 in relation to the award of contracts valued equal to or greater than £50,000 including those awarded as a result of a framework call-off/mini competition. In particular, Buyers should note that in accordance with Section 23(2) the award of contracts must be publicised on the Public Contracts Scotland website and in accordance with Section 35 contracts must be registered in the contracting authority's "contracts register".

# XMA Shop

You can purchase everything you see in this buyers guide, and thousands more accessories, at the online XMA Shop - **shop.xma.co.uk**
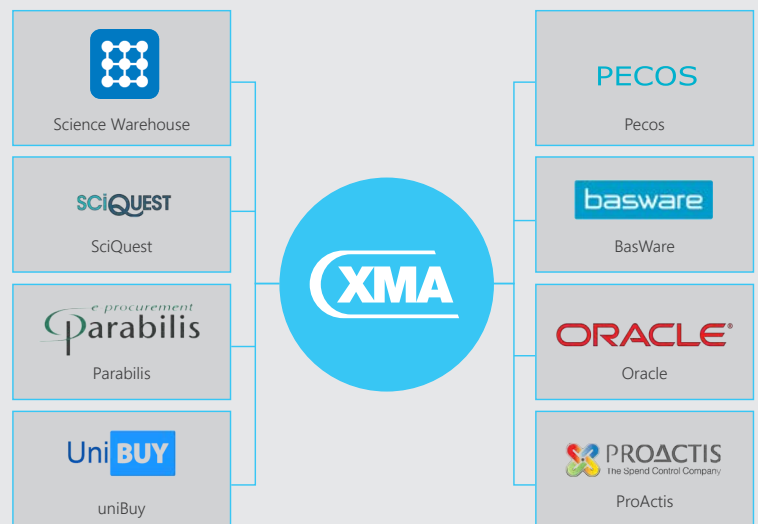

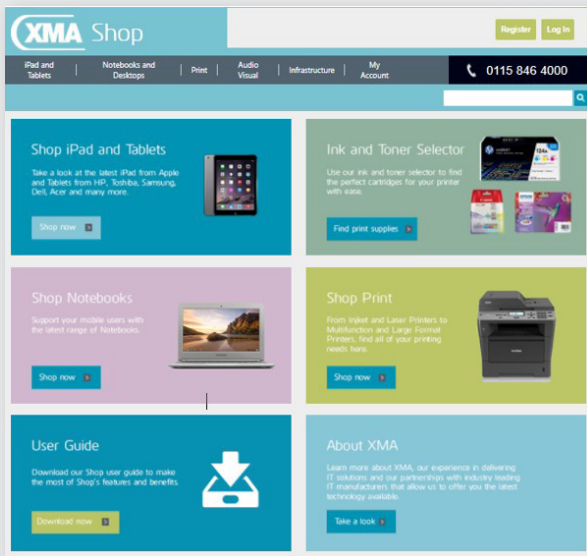

Please contact your XMA account manager to have your own personal log in details set up.

A single platform for compliant, cost-effective and efficient purchasing. XMA's world-class eCommerce site, XMA Shop, gives public sector procurement specialists an intuitive and user-friendly way to purchase technology products.

## MISSION to MARS

## SPRK+
www.sphero.com/education

## SPRK+ POWER PACK
Charge, store, and carry SPRK+ robots by the dozen

It's not our role to limit young minds and place them on an established path, but to knock down the barriers and let them forge their own. While coding and 21st century skills are necessary, our program also goes beyond code by incorporating robotics and technology with collaborative STEAM activities, nurturing students' imaginations in ways no other education program can.

Our cross-platform apps are approachable for all skill levels and allow users to progress with ease, enabling us to reach as many minds as possible and provide ongoing challenges. This is Sphero Edu.

XMA are pleased to announce the inclusion of the Samsung Android tablet range to the Tablet Framework Agreement. Samsung offer the most secure Android platform and the proactive relationship with the major MDM providers gives confidence on deployment and management of the devices.

XMA can offer the assurance that devices purchased through the Scottish Government Framework will offer the ability to make full use of the Samsung Knox Solution for security, mobile management, device customisation, and workspace productivity. The range of devices is wide to meet all business use cases and the 2 year warranty offers peace of mind - Samsung have the lowest return rate of any manufacturer. There is also support for Microsoft Office 365, CISCO, SAP, Citrix, and many more apps available through Google Play...

Also available:
Carrier 30 Cart™
Carrier 40 Cart™

# lockncharge

# Designed by Teachers, for Teachers.

Technology has many advantages in the classroom, but unlike textbooks, Chromebooks, laptops and tablets have to be 'managed'. LocknCharge helps solve this problem. It is world famous for its unique and innovative baskets, which keep devices safe and reduce the time spent by teachers in distrbuting devices, as well as the time spent by students queuing up to put them away, compared to a traditional cabinet style solution.

Foulds school purchased Chromebooks and LocknCharge Carrier 20 carts last year and is already seeing the benefits.

Mrs Browett, Head Teacher and previous Head of ICT, says:
"Our school building is old and the infrastructure poses problems for us in terms of ICT. We were pleased with how the Chromebooks were supporting teaching and learning but were struggling with storing and charging them. We were won over by the fact it has one central plug and by the fact it is so secure. It was the best option for us".

Other solutions include:

**iQ 10 Charging Station™**

**Carrier 10 Charging Station™**

LocknCharge Carrier Carts are designed to work with almost any device. Equipped with Large Baskets by LocknCharge, Carrier Carts are compatible with smaller tablets, right up to a 13" Chromebook. And if you decide to go bigger, a device rack is available that caters for devices up to 17" in size.

LocknCharge Carrier Carts also feature a remote controlled ECO Safe Charge™ power management system. ECO Safe Charge ensures devices are charged safely and prevents the possibility of an overload.

A LocknCharge purchase is a smart choice for ensuring the devices you have today and the devices you have in the future will be charged and secure.

## LocknCharge. It just makes life easier.

# Training and Services

Our experienced team includes both Curriculum Specialists with backgrounds in education and Technical Specialists who are experts in the deployment of tablet technology.

This unique mix of skills allows us to support you with all aspects of your mobile device deployment - from planning to ongoing support.

## Who are CommonTime?

CommonTime is the UK's leading provider of enterprise mobile applications since 1995. Through a combination of unique technology, amazing people & visionary attitude, we're delivering the benefits of bespoke mobile apps into organisations across the globe.

CommonTime will offer XMA's customers more than app development, and see a long-term partnership to deliver true value:

- Partner with over 20 years' experience in the mobile space
- References of successful projects with many organisations across multiple sectors
- Rapid app development capability with integrated messaging
- BUILD ONCE - Out of the box cross platform app capability (iOS, Android and Windows)
- Experience of complex app developments in multiple integration environments
- Capability for Full internationalisation of Apps automated using CommonTime infinity platform

## CommonTime Core Values and Commitment

CommonTime's success over many years is built upon values that we share with XMA:
- Building long-term relationships with customers and suppliers founded on honesty, openness, and effective communication
- Ensuring that CommonTime can be relied upon to do what is promised, to be respectful of each other's needs, provide support where and when needed, and recognise that success is mutually dependent
- To have a passion and enthusiasm to achieve our best and strive for operational excellence through consistent professional delivery of software products and services

## CommonTime Customers

CommonTime has key customers in the areas of Logistics, Construction, Facilities Management, Transport, Healthcare, Local Government, Social Housing and Finance. Although our customers are from a wide range of industry sectors our core proposition is essentially the same. Our expertise is in developing robust, intuitive, and innovative applications (apps) either for internal use (Enterprise Apps) or Consumers (Public Apps).

### Driver & Courier Apps
- jobs sent to the device     • routing     • 5000 users
- digitised forms for expenses, mileage etc.

### Driver Information System App
- Complete process     • Vehicle Inspection, Damage recording, e proof of delivery, Memo app (HR and Fleet fully tracked), key fuels, secure parking, telephone directory, fuel analytics     • 600 Users

### Home Care App
- roll out in 2 months     • home care function     • 900 Users
- Roads maintenance app in progress

Please contact your XMA account manager to
arrange an initial discussion or meeting with CommonTime

# Jamf Pro - The Standard for Apple Ecosystem Management

## How Jamf manages macOS, iOS and tvOS

Jamf helps organisations succeed with Apple. Jamf Pro is the leading device management tool used by IT Admins to deploy, inventory and secure Mac, iPad, iPhone and Apple TV.

### Devices Deployment

#### Mac, iOS and tvOS

• Zero-touch enrolment that simplifies new device deployment
• Delight users with automated "out of the box" experience
• Apple School Manager & Device Enrolment Program (DEP)
    **iOS and tvOS features**
• Support for Apple Configurator enrolment Mac features
• Toolset to build custom images & provisioning workflows

### Configuration Management

#### Mac, iOS and tvOS

• Full mobile device management (MDM) framework support
• Rapid update cycle for new Apple OS capabilities Mac features
• Proprietary jamf agent for advanced macOS management
• Policy framework that goes beyond MDM-only capabilities
• Run custom scripts for infinite customisation of macOS
• Create and manage local user accounts and AD binding

### Security

#### Mac, iOS and tvOS

• Password policy enforcement and management
• Enforce security configurations and restrict apps/software
• Remote lock and wipe devices iOS features
• Lost Mode locks a device and enables location services
    **Mac features**
• Native disk encryption enforcement and management
• Enforce and manage firmware passwords

### App/Software Deployment

#### Mac and iOS

• Volume Purchase Program (VPP) support with multiple tokens
• App/Software license tracking
• Patch management for Apple and 3rd party software
    **iOS features**
• Native app deployment and managed app configuration
    Mac features
• Build, sign, and deploy custom software packages
• Deploy printer configurations and drivers
    **tvOS features**
• Custom in-house & tvOS enterprise app deployment

### End-user Enablement

#### Mac and iOS

• Self Service catalog for apps, book, settings, and resources
• User flexibility while retaining IT control
• Pure native Apple user experience (no app wrapping)
• Push notifications to users through Self Service
• Customisable with organisation logo/image

### Inventory Management

#### Mac, iOS and tvOS

• Detailed inventory data collected via MDM
• Automate management tasks based on inventory data
• AppleCare warranty information lookups
**Mac features**
• Additional inventory data collected via jamf agent
• Customisable recurring check-ins
• Application usage logging

### Product Integrations

• Leverage Apple programs: DEP (also for tvOS), VPP, Apple School Manager
• Identity management integration (Active Directory)
• APIs and plug-ins for SCCM
• Cisco ISE integration for network access control
• Jamf and Microsoft Enterprise Mobility + Security (EMS) partnership, which provides an automated compliance management solution for Mac devices accessing applications set up with Azure AD.

## Accessories and Upgrades

We offer a whole range of accessories for mobile devices to ensure you get the most out of your purchase.
From protective cases, to power adapters and batteries, earphones, headphones, keyboards, charging units, adapters to connect your device up to all sorts of displays and projectors, we have it all. There are new accessories appearing on the market all the time and we keep our ears close to the ground to make sure we can supply them for you.

If you are looking for a device with additional storage or extra functionality, such as cellular connectivity, then we can offer these too.  Please log onto the XMA shop for full details of part codes, descriptions and prices:
https://shop.xma.co.uk

## Insurance

When purchasing devices outright, XMA can provide options for accidental damage and theft insurance. The cover offered has no excess to pay and covers the device at work, home and even whilst travelling internationally.

## Warranty Extension

Every device offered on the framework includes a collect and return warranty, all administered by XMA via our helpline and online framework portal. XMA can extend the term of the warranty to 3 years and provide onsite options. Where data security is especially important we can provide options that allow you to retain the storage from a faulty device or have us destroy it onsite.

## Services

XMA can offer a number of services to assist in the deployment of mobile devices in your school or institution. We can asset tag or laser etch (minimum 10 units) your devices with asset numbers and your institution's logo, pre-configure your devices with applications and settings and store your device in our bonded warehouse for staged rollouts.

# Get Advice and Order

XMA's team in Glasgow can advise you on the devices available under this framework as well as associated accessories and services.  Contact the team by phone or e-mail using the details below.

Call     **0115 846 4100**          **Monday to Friday, 09.00 - 17.30**
Visit    **shop.xma.co.uk**

Our dedicated ordering portal, XMA Shop, is available now offering access to pricing, online ordering, order tracking and more.  https://shop.xma.co.uk

---

# Delivery and Returns

## Technical Support and Dead on Arrival (DOA)

Every device offered on the framework includes a collect and return warranty. That means if something goes wrong that we can't help you with over the phone, we will arrange to have the device collected, repaired and returned to you.

If a problem develops with a device purchased through the framework, call our help desk on the number below, ensuring you have the device in front of you and the serial number to hand. We may ask you to perform some basic troubleshooting that could get you back up and running immediately.

Call    0115 918 3540        **Monday to Friday, 08.00 - 18.00**

If you prefer to e-mail us with details of the problem, use the address below.

Email   **ScotlandWarranty@xma.co.uk**

**These details should also be used to report any devices that are Dead On Arrival (DOA) i.e. they do not function as expected out of the box, within 30 days of delivery.**

---

## Warranty Cover

### What is covered by standard warranty?

• Any hardware failure or defect under conditions of normal use during the 1 year life of the limited warranty
• A battery which has depleted to less than 50% of its capacity
• Any manufacturer options or accessories sold as standard at the original point of sale and which are specifically designed and authorized for the device under cover

### What is not covered by warranty?

• A battery that has a reduced capacity but still holding more than 50% of its charge
• Damage to the machine or lack of functionality caused by fluid or accidental damage
• Cosmetic damage
• Software and applications other than where exclusively supported by the manufacturer under their standard warranty
• Defective media retention – an enhanced warranty service is offered for institutions that require to maintain device storage or have it securely destroyed.
