NOTE:

If numbers 6 & 7, reported as unknown casualties yesterday out of convoy HX 231, are in addition to the three (8, 9 & 10) reported today, convoy HX231 has suffered 2 SUNK and 3 TORPEDOED. Because of the discrepancy in position reports, it is not easy to assume that today's report merely identifies the unknown ships reported yesterday. The ships are posted therefore as additional casualties.

RM- 6 & 7 are probably *(circled)* 5 ESCORTS from SC 124 *seen* & have been transferred to HX 231
