**MANEUVERABILITY MATTERS**

The largest wheels in the industry provide the ultimate in maneuverability.

**SAFETY MATTERS**

SafeBrake™ system automatically engages when caregiver is separated from stroller. Secondary manual parking brake for added security. Adjustable 5 point harness sized to fit up to 50 lb. children. Extra-large canopy shields children from harmful UV rays.

**STRENGTH MATTERS**

Extra heavy-duty steel frame with double walled tubing in critical areas for unprecedented strength.

**DURABILITY MATTERS**

Wear resistant, shoe-less braking system eliminates need for adjustment or replacement. Extra durable, easy-to-clean fabrics protect your investment for years to come.

**COMFORT MATTERS**

Exclusive ComfortPush™ handle automatically disengages brake with forward motion of the stroller eliminating hand fatigue for caregiver.

**SIZE MATTERS**

Extra large seating area and headroom accommodates children up to **50 lbs.**

All Foundations strollers feature our innovative braking systems. The SafeBrake™ system engages when the caregiver releases the handle, eliminating risk of a runaway stroller. A secondary foot activated brake secures the stroller when parked.

Storage baskets provide ample space for diaper bags, blankets, toys, and caregiver's supplies. Wide opening makes accessing storage space effortless.

## CRIB SIZING LEGEND:

**AVAILABLE IN FULL-SIZE**  
SLEEPING SURFACE 28" x 52"  
• Most common size in home nurseries  
• Required by some regulations

**AVAILABLE IN COMPACT**  
SLEEPING SURFACE 24" x 38"  
• Most common size in child care centers  
• Fits through all doors for easy evacuation

### EVACUATION

The First Responder® crib is the only complete solution to infant evacuation. Every element of First Responder® crib has been carefully designed to make evacuation safe, stress free, and easy. The First Responder line also offers evacuation route signage and training materials for your staff to provide you a complete solution to infant evacuation.

### STORABLE STEEL

Storable steel cribs are ideal for child care centers that need easy storage to adapt to varying enrollment. The smooth metal surface is easy to clean and durable finish ensures long lasting beauty. Compact-size versions with 4" casters enable them to double as an evacuation crib.

### STORABLE WOOD

Storable wood cribs add the warmth of home to child care centers. User-friendly folding mechanism allows for fast and simple storage in centers with fluctuating attendance or that need more classroom space when cribs aren't in use. Compact-size versions with 4" casters enable them to be used as an evacuation crib.

### STEEL

Nonfolding steel cribs complement any child care nursery with their classic look and appeal. A great solution for child care centers that require high-quality cribs at a tremendous value. Easy-to-clean, ultra durable finish holds up to routine sanitizing. For added versatility, 4" casters are sold separately for converting to an evacuation crib.

### SOLID WOOD

Solid wood cribs offer a wide variety of designs and utilitarian features to meet the diverse needs of today's caregivers. Available in three distinctive styles to enable child care centers to select the design and options that are perfect for them. The compact cribs are evacuation compatible with purchase of an evacuation kit.

### PLAY YARD STYLE

Play yard cribs offer safety and quality at a price any child care center can afford. The ultimate in portability, play yards can be stored in carry bag when not in use. Several fashion options from fun to conservative add a personal touch to the infant room. Dense foam mattress pad provides unbelievable comfort to sleeping baby.

## Clean.

Play yards have been challenging to keep clean and sanitized... **until now.** SleepFresh® crib covers may be laundered to provide a fresh and comfortable sleep environment. High-quality, ultra-soft, wrinkle resistant microfiber fabric withstands repeated washings in your linen laundering protocol.

## Safe.

SleepFresh® cribs are compliant to new mandatory play yard safety standards. Designed for a perfect fit on Foundations® SleepFresh® play yards, SleepFresh® covers eliminate loose fabrics that cause suffocation hazards, and do not conceal required safety labels. The patented fastening system ensures the cover will remain securely in place and is intuitive to install.

## Affordable.

Child care centers need an economical solution to play yard hygiene. Crib covers include an integrated mattress sheet eliminating the purchase of additional bedding. SleepFresh® cribs & covers deliver a positive experience through superior hygiene and safety at an affordable cost.

## Convenient.

1 Insert mattress pad into integrated sheet, and place in play yard.

2 Pull sides of cover over top rails.

3 Secure all four velcro straps.
