

JYR

*A professional manufacturer of
cooling fan assemblies*

2018

Jiann Yeh Auto Parts

***F**ounded in 1978, we are a specialist manufacturer of auto parts. Our product line ranges from auto radiator fan & air-conditioner cooling fan assemblies and fan motors to blower fan motors and other associated products. Our strong R&D capabilities enable us to constantly provide new items to satisfy all customer needs.*

High Production capacity plus low production costs have also contributed to the great success of our company.

Handling everything from mold development to parts processing in-house, we provide superior products at competitive prices, with prompt delivery, to meet all of our customer needs.

We believe that only through ceaseless research, development and improvement can a company stand out and increase the company's competence in the future.
