AW02: DCF77 Outdoor Antenna

DCF77 Outdoor Antenna AW02

Key Features

- Weather Resistant
- Temperature Resistant
- 360° Orientation
- Outdoor Mounting
- Plastic Case
- Holder for Wall Mounting

Description

Weatherproof, temperature resistant DCF77 antenna for outdoor use with plastic case. Ferrite rod with impregnated winding Remotely powered RF amplifier (no power cable required)

Characteristics

Form Factor	Unbreakable plastic case, specially for outdoor installation (IP56) The rubber sealing protects the electronic, the ferrite rod and the winding against external influence.
Control elements	For orientation the antenna is rotatable (360 deg). When the antenna cable is more than 500m lenght an antenna amplifier is needed.
Physical dimensions	245mm x 106mm x 68mm (width x height x depth)
Electrical connectors	
Antenna connector	Coaxial cabel RG58 for indoor/outdoor mounting (type-N connector) The cable is available in all lenghts and with the required connectors.
Ambient temperature	-25°C ... +65°C
RoHS-Status of the product	This product is fully RoHS compliant
WEEE status of the product	This product is handled as a B2B category product. In order to secure a WEEE compliant waste disposal it has to be returned to the manufacturer. Any transportation expenses for returning this product (at its end of life) have to be incurred by the end user, whereas Meinberg will bear the costs for the waste disposal itself.
