HIGH-SPEED DOCUMENT SCANNERS

Capture, manage, and distribute information with greater speed, ease, and efficiency than ever before with high-performance document scanning solutions from Canon.

Canon's high-speed imageFORMULA DR-Series and ScanFront scanners are integral elements of enterprise content management solutions. As front-end scan capture hardware components, the scanners' reliability, performance, and feature-rich functionality are critical for ensuring the accuracy and overall effectiveness of any document management workflow.

The imageFORMULA scanners are built upon superior image quality and reliability drawn from Canon's high-precision optical and rotary microfilm technology expertise. They offer enhanced sensor technology, a reliable feeding system, and unparalleled scanning speeds. The DR-Series and ScanFront scanners are capable of handling high volumes of mixed paper sizes or other challenging scan operations and offer exceptional image quality, capturing fine lines and intricate image details with utmost precision and clarity–without sacrificing maximum scanning speeds.

High-Performance Scanning

High-Speed Scanning
With fast throughput, efficient paper handling, and intuitive image processing functions, Canon document scanners help manage documents in record speed.

Built-in ADF
A high-capacity Automatic Document Feeder allows for fast, unattended scanning of batches of documents in mixed sizes.

Simultaneous Double-Sided Scanning
Scan double-sided pages just as quickly as single-sided pages. Each scanner is equipped with dual sensor units to capture both sides of a page in one pass.

User-Friendly Operation
Increased operator handling comfort through ergonomic, compact, and lightweight designs. Plus, easy maintenance with user-replaceable feed rollers and quick access to routine scanning tasks through programmable pre-registered Scan-to-Job buttons.

Advanced Scanning Features
Intelligent devices designed for tasks at hand, loaded with the right mix of automatic and customizable functions to enhance the image capture process.

Unbeatable Price/Performance
Fast, high-performance duplex document scanners, feature rich, reliable, and durable with an industry-leading combination of price and performance.

Advanced Image Processing Technology

3-Dimensional Color Correction*

Thanks to an incorporated color conversion chip, the 3-Dimensional Color Correction achieves unprecedented color accuracy that's true to the original. The end result is superior color quality plus enhanced readability for OCR scanning applications.

Automatic Color Detection

This function automatically determines which documents of a mixed batch should be scanned in color, so it's no longer necessary to separate black-and-white and color documents prior to scanning.

Deskew

If a document is fed into the scanner at an angle, this function automatically straightens the scanned image.

Text Orientation Recognition

Perfect for scanning batches of documents that are facing different directions, this feature recognizes the text orientation of each fed document and rotates the scanned images accordingly.

Text Enhancement

For clearer, more legible images from documents with hard-to-scan elements such as light text or handwriting.

Color Dropout**

Red, green, or blue can be removed from document images for improved readability in OCR applications. Additionally, a range of specified colors can be dropped out on certain scanners.

Auto Page Size Detection

Save the time and trouble of sorting batches by paper size. This function automatically checks the size of each fed document and ensures accurately cropped images for each page.

Skip Blank Page

Useful for scanning batches that include single- and double-sided documents, this feature automatically removes unnecessary blank pages from the image file.

Advanced CMOS Contact Image Sensor***

Capture fine lines and intricate image details with Canon's advanced CMOS CIS technology. In addition to providing superior image output, CIS technology also helps reduce energy consumption and eliminates warm-up time.

Superior Paper Handling

Reliable Paper Feeding

Canon's revolutionary feeding mechanism with separation roller achieves highly reliable page separation, while preventing problems due to partial double-feeding or dust damage.

Ultrasonic Double-Feed Detection▲

Ultrasonic sensors detect the gap between over-lapping pages and prevent multiple pages from being fed together, reliably ensuring that each page of a document is scanned.

U-turn/Straight Path Feeding▲▲

For enhanced efficiency and flexible scanning of a range of document types, including plastic cards and thick documents, select scanner models feature a straight paper path in addition to the standard U-turn path.

Automatic Retry Feeding Mechanism▲▲▲

Upon double-feed detection, this mechanism will reverse the documents and try to feed them again.

Staple Detection▪

Staple Detection sensors detect any irregular document movement caused by staples and stop the feeding in order to avoid any damage to the document.

* Available on the DR-X10C/9050C/7550C/6050C/6010C/5010C/4010C models, plus DR-3010C/2510C/2510M/2010C/2010M/2020U/P-150/150M models, which feature a 3-D Color Correction algorithm.
** Custom Color Dropout on the DR-X10C/9050C/7550C/7090C/6050C/6010C/5010C/4010C models only.
*** All models, excluding DR-7090C, DR-2020U, and the flatbed options for DR-Series Scanners which feature CCD technology.
▲ Available on the DR-X10C/9050C/7550C/6050C/6010C/5010C/4010C/3010C/2580C/2510C/2510M and ScanFront 220P/220eP models.
▲▲ Available on the DR-6010C/5010C/4010C/2580C models.
▲▲▲ Available on the DR-X10C only.

ScanFront 220
ScanFront 220P

SCAN TO SHARE THROUGH THE NETWORK

The Canon imageFORMULA ScanFront 220/220P network scanners are ideal for distributed, ad-hoc, and general-purpose scanning. These compact, secure, and easy-to-use scanners feature direct network connectivity for fast and easy installation, reducing the need for difficult-to-manage, power-hungry, dedicated PCs. The ScanFront 220/220P scanners offer a user-friendly interface with full-color 8.5-inch touch-screen convenience plus state-of-the-art imaging technology for superior scanning accuracy. They move capture closer to the point of origin within the business process, eliminating complexity, reducing costs, and improving productivity and workflow efficiency.

Specifications

Type:	Network Scanner
Document Feeding:	Automatic or Manual Sheetfed
Network Functions:	Scan-to-E-mail, Scan-to-Folder, Scan-to-FTP, Scan-to-USB Memory
Network Protocols:	TCP/IP, SMTP, SMB, LDAP, NTP
File Formats:	PDF, Searchable and/or Encrypted PDF, TIFF, JPEG

Scanning Speeds*	Simplex	Duplex
B/W:	Up to 26 ppm	Up to 35 ipm
Grayscale:	Up to 23 ppm	Up to 23 ipm
Color:**	Up to 16 ppm	Up to 16 ipm

Scanning Element:	One-Line CMOS CIS

Document Size	
Width:	2" - 8.5"
Length:	2.1" - 14"

ADF Capacity:	50 Sheets
Interface:	2x USB 2.0, Ethernet, 2x PS/2
Dimensions (H x W x D):	6.2" x 12.2" x 9.2"
Weight:	7.5 lb.
Suggested Daily Volume:***	1,500 Scans

FEATURES

DR-5010C

FAST, FLEXIBLE DEPARTMENTAL SCANNING

Today's document imaging requirements are more varied than ever. With this understanding, Canon designed the imageFORMULA DR-5010C departmental scanner to be a versatile image processing machine. A robust color scanner, the DR-5010C scanner is small enough to sit on a desktop, yet it's ready to capture hard-to-handle source materials for immediate work efficiency. It's also ultra-fast, scanning color at the same rapid rate it processes black and white. And this user-friendly machine is loaded with diverse automatic and customizable functions that will change any image capture process.

Specifications

Type:	Departmental Scanner
Document Feeding:	Automatic or Manual Sheetfed

Scanning Speeds*	Simplex	Duplex
B/W:	Up to 50 ppm	Up to 100 ipm
Grayscale:	Up to 50 ppm	Up to 100 ipm
Color:	Up to 50 ppm	Up to 100 ipm

Scanning Element:	Three-Line CMOS CIS

Document Size	
Width:	2.1" x 11.8"
Length:	2.8" x 17"
Long Doc. Mode:	Up to 39.4"

ADF Capacity:	100 Sheets
Interface:	Hi-Speed USB 2.0, SCSI-III
Dimensions (H x W x D):	7.5" x 15.6" x 12.3"
Weight:	23 lb.
Suggested Daily Volume:**	6,000 Scans

* Examples based on typical settings, rated in pages/images per minute with letter-sized landscape documents at 200 dpi unless specified. Actual processing speeds may vary based on PC performance and application software.

** Calculation based on scanning speed and assumed daily use.

FEATURES

• Advanced Text Enhancement (Three Types)	• Moiré Reduction
• Auto Color Detection	• MultiStream
• Auto Page Size Detection	• Skip Blank Page
• Batch Separation	• Ultrasonic Double-Feed Detection
• Bleed-through Prevention/ Background Removal	• ISIS/TWAIN Drivers
• Custom Color Dropout/Enhance Color	• Bundled Canon CapturePerfect
• Deskew	• Bundled Adobe Acrobat Standard
• Landscape Orientation Scanning	• Bundled Kofax VirtualReScan

OPTIONS

• Back Imprinter	• Front Imprinter
• Barcode Module III	• Nine-Month CarePAK (On-site Service)
• Exchange Roller Kit	• One-Year CarePAK (On-site Service)

imageFORMULA
DR-6010C

HIGH SPEED DEPARTMENTAL SCANNING

The imageFORMULA DR-6010C color departmental scanner delivers high-speed, reliable document handling and high-quality images in a small package. Flexibility, rich features, and ease of use help maximize return on investment at all levels of the business system.

The DR-6010C was developed to offer another option for decentralized capture scanning needs. In combination with its sister product, the imageFORMULA DR-4010C, these scanners offer competitive document imaging platforms designed to increase efficiencies and workflows in decentralized scanning environments.

Specifications

Type:	Departmental Scanner	
Document Feeding:	Automatic or Manual Sheetfed	
Scanning Speeds*	Simplex	Duplex
B/W:	Up to 60 ppm	Up to 120 ipm
Grayscale:	Up to 60 ppm	Up to 120 ipm
Color:	Up to 60 ppm	Up to 120 ipm
Scanning Element:	Three-Line CMOS CIS	
Document Size		
Width:	2.1" x 8.6"	
Length:	2.8" x 14"	
Long Doc. Mode:	Up to 39.4"	
ADF Capacity:	100 Sheets	
Interface:	Hi-Speed USB 2.0, SCSI-III	
Dimensions (H x W x D):	7.3" x 12.5" x 10.9"	
Weight:	14.3 lb.	
Suggested Daily Volume:**	7,500 Scans	

* Examples based on typical settings, rated in pages/images per minute with letter-sized portrait documents at 200 dpi unless specified. Actual processing speeds may vary based on PC performance and application software.

** Calculation based on scanning speed and assumed daily use.

FEATURES

- Advanced Text Enhancement (Three Types)
- Auto Color Detection
- Auto Page Size Detection
- Batch Separation
- Bleed-through Prevention/ Background Removal
- Custom Color Dropout/Enhance Color
- Deskew
- Folio Mode
- Moiré Reduction

- MultiStream
- Rapid Recovery System
- Skip Blank Page
- Ultrasonic Double-Feed Detection
- ISIS/TWAIN Drivers
- Bundled Canon CapturePerfect
- Bundled Adobe Acrobat Standard
- Bundled Kofax VirtualReScan

OPTIONS

- Barcode Module III
- Exchange Roller Kit
- Flatbed Scanner Unit 101

- One-Year CarePAK (Exchange Service)
- Two-Year CarePAK(Exchange Service)

imageFORMULA
DR-7090C

ULTIMATE SCANNING FLEXIBILITY AND IMAGE QUALITY

The Canon imageFORMULA DR-7090C universal production scanner delivers incredible flexibility, image quality, and reliability, all at high scanning speeds, by leveraging the technologies from its award-winning imageFORMULA and imageRUNNER product lines.

This combination flatbed/sheetfed color production scanner provides leading value that enables it to reduce costs and increase scanning efficiencies in the production environment.

Specifications

Type:	Universal Production Scanner	
Document Feeding:	Automatic Sheetfed, Manual Flatbed	
Scanning Speeds*	Simplex	Duplex
B/W:	Up to 70 ppm	Up to 88 ipm
Grayscale:	Up to 70 ppm	Up to 88 ipm
Color:	Up to 70 ppm	Up to 88 ipm
Scanning Element		
Front:	CCD	
Back:	Three-line CMOS CIS	
Document Size		
Width:	5.5" x 12"	
Length:	5" x 17"	
Long Doc. Mode:	Up to 24.8"	
ADF Capacity:	100 Sheets	
Interface:	Hi-Speed USB 2.0, SCSI-III	
Dimensions (H x W x D):	12.5" x 24.3" x 23.7"	
Weight:	90.4 lb.	
Suggested Daily Volume:**	8,000 Scans	

* Examples based on typical settings, rated in pages/images per minute with letter-sized landscape documents at 200 dpi unless specified. Actual processing speeds may vary based on PC performance and application software.

** Calculation based on scanning speed and assumed daily use.

FEATURES

- Advanced Text Enhancement (Two Types)
- Bleed-through Prevention/ Background Removal
- Custom Color Dropout/Enhance Color
- Count Only Mode
- Deskew
- Error Diffusion
- MultiStream
- Punch Hole Removal
- Scan-to-Job Buttons
- Skip Blank Page
- Text Orientation Recognition
- ISIS/TWAIN Drivers
- Bundled Canon CapturePerfect
- Bundled Kofax VirtualReScan

OPTIONS

- Exchange Roller Kit
- Nine-Month CarePAK (On-site Service)
- One-Year CarePAK (On-site Service)

imageFORMULA
DR-6050C

HIGH-SPEED, HIGH-QUALITY SCANNING FOR ULTIMATE PRODUCTION EFFICIENCY

The Canon imageFORMULA DR-6050C production scanner delivers true high-speed scanning that provides enterprises with reliable, high image quality and flexible scanning solutions to enhance any document management system.

Physical handling, off-site storage and retrieval, and labor costs can be drastically reduced with efficient document management systems. For mission-critical production scanning environments, the DR-6050C scanner's winning combination of leading value, increased scanning speed, reliability, and efficiencies can help companies reduce their overhead costs associated with document management and retention.

Specifications

Type:	Production Scanner
Document Feeding:	Automatic or Manual Sheetfed

Scanning Speeds*	Simplex	Duplex
B/W:	Up to 70 ppm	Up to 140 ipm
Grayscale:	Up to 70 ppm	Up to 140 ipm
Color:	Up to 70 ppm	Up to 140 ipm

Scanning Element:	Three-Line CMOS CIS

Document Size	
Width:	2" x 12"
Length:	2.8" x 17"
Long Doc. Mode:	Up to 118.1"

ADF Capacity:	300 Sheets
Interface:	Hi-Speed USB 2.0, SCSI-III
Dimensions (H x W x D):	12.2" x 18.9" x 20.9"
Weight:	50 lb.
Suggested Daily Volume:**	12,000 Scans

* Examples based on typical settings, rated in pages/images per minute with letter-sized landscape documents at 200 dpi unless specified. Actual processing speeds may vary based on PC performance and application software.

** Calculation based on scanning speed and assumed daily use.

FEATURES

- Advanced Text Enhancement (Two Types)
- Paper Feed Tray – Two Positions
- Auto Color Detection
- Rapid Recovery System
- Auto Page Size Detection
- Staple Detection
- Bleed-through Prevention/ Background Removal
- Ultrasonic Double-Feed Detection
- Count Only Mode/Verify Scan
- ISIS/TWAIN Drivers
- Custom Color Dropout/Enhance Color
- Bundled Canon CapturePerfect
- Deskew
- Bundled Kofax VirtualReScan
- Folio Mode

OPTIONS

- Barcode Module III
- Imprinter
- Batch Separation
- Patchcode Decoder
- Exchange Roller Kit
- Nine-Month CarePAK (On-site Service)
- Flatbed Scanner Unit 101
- One-Year CarePAK (On-site Service)

imageFORMULA
DR-9050C
DR-7550C

HIGH-SPEED, HIGH-QUALITY SCANNING FOR ULTIMATE PRODUCTION EFFICIENCY

The Canon imageFORMULA DR-9050C and DR-7550C production scanners deliver true high-speed scanning that provide enterprises with reliable, high image quality and flexible scanning solutions to enhance any document management system.

Physical handling, off-site storage and retrieval, and labor costs can be drastically reduced with efficient document management systems. For mission-critical production scanning environments, the DR-9050C and DR-7550C scanners' winning combination of leading value, increased scanning speed, reliability, and efficiencies can help companies reduce their overhead costs associated with document management and retention.

imageFORMULA
DR-X10C

TAKING PRODUCTION SCANNING TO A NEW LEVEL

The Canon imageFORMULA DR-X10C color production scanner uses state-of-the-art technology to deliver high-speed, high-quality image scanning, reliable document handling capabilities and superior durability.

The DR-X10C scanner offers enhanced sensor technology and a reliable feeding system to ensure that high volumes of mixed paper sizes or other challenging scan operations are handled with minimal operator intervention at maximum scanning speed. Plus, the robust, compact design, energy-saving performance, and advanced functionality tackle the high demands of production-level environments.

Specifications

Type:	Production Scanner
Document Feeding:	Automatic or Manual Sheetfed

Scanning Speeds*	Simplex	Duplex
B/W:	Up to 128 ppm	Up to 256 ipm
Grayscale:	Up to 128 ppm	Up to 256 ipm
Color:	Up to 128 ppm	Up to 256 ipm

Scanning Element:	Three-Line CMOS CIS
