SPECIAL REPORT

Give general condition of your schoolroom with regard to cleanliness, desks, stove, windows and decorations
 School-house Very clean, desks in good condition, have twelve
new desks, stove very good condition, decorations good.
 No. volumes in library 20 General condition of library books Very good Do you keep a
 Library Record? No Sir Have you a suitable book-case? No Sir Give full name of dictionary as it appears on the
 cover Webster's International Condition fair Kind of blackboard in use wood
 Condition bad What is the general condition of your school grounds? The school grounds
are in a fair condition, except we have no shade trees.
 No. living trees on school grounds None State condition of outbuildings, Boys' Bad condition,
 Girls' Very good, Coal house Good coal house Teacher's salary per month, \$ 45
 Term ends April, 7, 1908
 Teacher's name Elizabeth Walton, Address while teaching Hettick, Ill. R. # 30.

TEACHER'S REMARKS ON CLASSIFICATION

Found school very poorly classified, On account of most of them living at a great distance, they are very irregular in attendance and therefore cannot keep up with those that attend regular, making it very hard to keep them classified correctly, Nos. 10, 13, 17, 28, 29, 54, 56, 58, 59, 60, 61, 62, attend too irregular to do good work.
 No. 1 is doing excellent seventh year work, has taken the seventh and eighth year work before. She intends to take the Pupils Examination in the spring.
 No. 20 is only 4 yrs. old but is doing excellent first year work. No. 36 was not apt. stopped the second month.

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

1909 SPECIAL REPORT

Give general condition of your schoolroom with regard to cleanliness, desks, stove, windows and decorations
Our school room is in very good condition, having been cleaned in the fall; new desks, a very good stove, good windows, but few decorations.

No. volumes in library 28 General condition of library books Very good Do you keep a Library Record? no Have you a suitable book-case? fairly good Give full name of dictionary as it appears on the cover Webster's International Condition poor Kind of blackboard in use felt and board Condition good What is the general condition of your school grounds? It is not in a very good condition

No. living trees on school grounds none State condition of outbuildings, Boys' Very poor Girls' Very good Coal house good Teacher's salary per month, \$ 50

Term ends February, 10, 1910 1910

Teacher's name Elizabeth Walton Address while teaching Hettick, Ill.

TEACHER'S REMARKS ON CLASSIFICATION

I have the school classified all right, but some of the pupils ~~attend~~ on account of long distance do not attend very regularly. Nos. 10, 29, 30 and 31 live about three mile from the school house and therefore do not come all the time, and are nearly always tardy. Number 27, does not come enough to be rightly classed in any grade, he comes about one day out of every week, lives only one mile from school and could learn if made to attend, also a healthy boy. No. 10, takes the fourth years work except in arithmetic, too weak to take fourth year arithmetic. Nos. 16 and 51 are ready for the third year's work.

TO THE TEACHER:

64 — 120

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

Condition fair What is the general condition of your school grounds? no fence, not enough playground, neglected to a great extent.

No. living trees on school grounds one State condition of outbuildings, Boys' good

Girls' poor Coal house good condition Teacher's salary per month, \$ 50

Term ends April 3, 1911.

Teacher's name S. G. Hilburn Address while teaching Hettick Ill.

TEACHER'S REMARKS ON CLASSIFICATION

The school is well classified but on account of the number of pupils and the irregular attendance of so many of them the work of the course cannot be given as effectually as it could be under more favorable conditions. The people of the district are not on very cordial terms with each other and are not of a very progressive nature. They need the shaking up that Miss Barney gave to that school she had charge of and it would require a pretty severe jolt to make some of them wake up. I have a good board of directors and they are aiding me in many ways to bring the school to a more progressive plane and I think we can make a marked improvement on many lines. We changed the text books and have all the ones you have recommended.

TO THE TEACHER:

SPECIAL REPORT

Give general condition of your schoolroom with regard to cleanliness, desks, stove, windows and decorations

Clean, well ventilated. Desks are not very nice. A stove in the corner of school, from the Waterbury Co. Eight large windows with new curtains on them.

No. volumes in library 10 General condition of library books Fair Do you keep a

Library Record? no Have you a suitable book-case? no Give full name of dictionary as it appears on the cover Webster's Natl. Condition good Kind of blackboard in use Painted black.

Condition is no shade trees What is the general condition of your school grounds? Good, but there

No. living trees on school grounds none State condition of outbuildings, Boys' Poor

Girls' Fair Coal house Good Teacher's salary per month, \$ 45.00

Term ends February fourth, 1913

Teacher's name Rosella Grace Fitzgerald. Address while teaching Hettick, Illinois.

TEACHER'S REMARKS ON CLASSIFICATION

Most of the pupils have been doing good work and I have classified them according to the work they have been doing. We finished the eighth last year and are taking the work as outlined in the State Course ^{seventh year} the fifth year finished the fourth last year and are taking up the fifth now and all are carrying it. The fourth year also finished the third last ^{year} and are taking the fourth now and all doing good work. And the same with the third and second year.

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

SPECIAL REPORT

Give general condition of your schoolroom with regard to cleanliness, desks, stove, windows and decorations

The school room is in poor condition as regards seating room - not enough desks and in poor shape.

No volumes in library 90 General condition of library books Fair Do you keep a

Library Record? No Have you a suitable book-case? Yes Give full name of dictionary as it appears on the

cover Webster's International Condition Fair Kind of blackboard in use Tiber board

Condition Unfit for use What is the general condition of your school grounds? School house is on a hill and has no play ground worth mentioning.

No. living trees on school grounds None State condition of outbuildings, Boys' Fair

Girls' In need of repair Coal house good Teacher's salary per month, \$ 66-

Term ends February 8 1913

Teacher's name Tom Huseon Address while teaching Hettick, Ill.

TEACHER'S REMARKS ON CLASSIFICATION

You will notice by the report that this is an extremely large school - very much overcrowded. I am doing the very best I can in the limited time I have allotted to the classes. You will note that the 5th year class has 20 members with an average recitation period of 10 to 15 min. It is impossible to do a class of this size justice in that time. I have been urging the patrons to enlarge their building and employ two teachers. They are taking great interest in the school this winter and are waking up to the needs of the district.

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

County Superintendent of Schools.

SPECIAL REPORT

64 1916-1917

Give general condition of your schoolroom with regard to cleanliness, desks, stove, windows and decorations

The room was clean and the house was newly painted. The windows were fixed but material was provided to fix them up, there were no decorations

No. volumes in library 108 General condition of library books Good Do you keep a

Library Record? No Have you a suitable book-case? Yes Give full name of dictionary as it appears on the

cover Webster's International Condition just fair Kind of blackboard in use slate

Condition good (but not enough) What is the general condition of your school grounds? Poor

No. living trees on school grounds _____ State condition of outbuildings, Boys' Poor

Girls' Poor Coal house Fair Teacher's salary per month, \$ 60.00

Term ends Feb 4 1916 Was the classification record properly filled out at the close of last term? Yes

Teacher's name Chas. D. McCollom Address while teaching Hettick Illinois

TEACHER'S REMARKS ON CLASSIFICATION

I found the school fairly well classified and had to make very few changes. But the pupils are as a whole very poor workers and are weak in most of their studies.

Respectfully yours
Chas. D. McCollom

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me immediately after school is organized. Due credit will be given you for filing this report promptly.

SPECIAL REPORT

Give general condition of your schoolroom with regard to cleanliness, desks, stove, windows and decorations. *The floor is not oiled which makes lots of dust, the desks are new, the windows have no weights and are nailed down, and there are no decorations whatever.*

No. volumes in library *58* General condition of library books *Fair* Do you keep a Library Record? *yes* Have you a suitable book-case? *Hardly* Give full name of dictionary as it appears on the cover *Webster's International* Condition *Fair* Kind of blackboard in use *slate*

Condition *Fair* Has your school a flag? *No* What is the general condition of your school grounds? *The yard is grown up with weeds and considerable rubbish is scattered about.*

Number living trees on school grounds *3* State condition of outbuildings, Boys' *Fair*

Girls' *Fair* Coal house *Fair* Teacher's salary per month, \$ *80*

Term ends *April 1* 19 *19*

Teacher's name *Ruth Brown* Address while teaching *Hettick, Ill.*

Director's name *Craft Sonneborne* Address *Hettick, Ill.*

TEACHER'S REMARKS ON CLASSIFICATION

Some of the pupils have been placed in grades in which the work is too difficult for them to master. In all the classes are pupils who do not keep up with the rest of the class as well as they should.

TO THE TEACHER:

This Primary Report should show the present organization of your school, and the condition of your school-room and grounds. It will give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to _____ of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

SPECIAL REPORT

Give general condition of your schoolroom with regard to cleanliness, desks, stove, windows and decorations. *poor windows no decorations, walls unattractive and dirty - desks good. Board has promised to oil floor and kalsomine walls & ceiling.*

No. volumes in library *40* General condition of library books *fair* Do you keep a Library Record? *no* Have you a suitable book-case? *yes* Give full name of dictionary as it appears on the cover *Websters International Dictionary* Condition *depreciated* Kind of blackboard in use *slate*

Condition *good* Has your school a flag? *no* What is the general condition of your school grounds? *poor playground. Spruce woods near cub. just a little space back of the school to play.*

Number living trees on school grounds *two* State condition of outbuildings, Boys' *fair*

Girls' *fair* Coal house *sidney loose* Teacher's salary per month, \$ *100.00*

Term ends *April 1st* 19*20*

Teacher's name *Albert Hanes* Address while teaching *Greenfield Illinois*

Director's name *Chas. Mc Collum* Address *Nettie Illinois*

TEACHER'S REMARKS ON CLASSIFICATION

The first year's classification is very very uneven. I have to make two classes. The best are not good enough for the second yr. I hope two or three in the first yr. class that are invalids in mind. (3, 4, 9.) None of the classes are wholly strong and together.

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your school-room and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? It is.

Do you make daily preparation for your work? I do.

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? I do.

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes.

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? I do.

Do you give Number Work to the lower grades daily? Yes.

Do you try to decorate your school room? I do.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

TEACHER'S REMARKS TO SUPERINTENDENT

(NOTE.—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

An Excellent Report.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? It is

Do you make daily preparation for your work? It do

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily?

Yes
Do you spend at least fifteen minutes daily in giving special drills in writing to all grades?

It do
Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Yes

Do you give Number Work to the lower grades daily? It do

Do you try to decorate your school room? It do

(NOTE.—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

The ^{names} grades of those ^{grades} who are not given did not attend regular enough to take the examination. Several of those who have taken the examination did not have books for several weeks after school started. Some of them have not their books yet but think they will get them as soon as possible.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make daily preparation for your work? No

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Not much oral work but writing

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Yes

Do you give Number Work to the lower grades daily? Yes

Do you try to decorate your school room? _____

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

All pupils provided with books. Decorations for inside walls are the greatest need of the school. A few good story books are also needed for the library.

To COUNTY SUPERINTENDENT:—Dear Sir:
 In accordance with Section 9808, School Laws of Missouri, I herewith submit the required report for the term ending this _____ day of _____ 191____.

1. Enrollment: { White—Male, _____; female, _____; total, _____; grand total, _____; Colored—Male, _____; female, _____; total, _____; }
 2. Total days attendance by all pupils, _____; average daily attendance, _____.
 3. No. cases tardiness, _____; truancy, _____; Corporal punishment, _____.
 4. *Length of school term in days, _____; colored, _____; total, _____.
 5. No. pupils that may be seated in school, _____; white, _____; female, _____; total, _____.
 6. No. pupils completing common school course of study—male, _____; female, _____; total, _____.
 7. No. of teachers employed, _____; Average wages per month, _____.
 8. No. volumes in library, _____; value of library, \$ _____; amount spent this year for library, \$ _____.

I CERTIFY THAT THE ABOVE AND WITHIN REPORTS ARE CORRECT

Teacher _____ District No. _____

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Section 9808. "The county superintendent shall require of each teacher under his supervision a term report, giving name, classification and grades of each pupil: Provided, that in schools employing more than one teacher the term report for the entire school shall be prepared and filed by the principal in charge. No teacher shall receive the last month's salary until he presents a receipt for the term report, signed by the county superintendent." (Revised Statutes 1909.)

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make *daily* preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Not daily

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Give language daily

Do you give Number Work to the lower grades daily? Yes

Do you try to decorate your school room? Yes

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

This school is very hard to classify owing to the irregularity of attendance

1913-1914

To COUNTY SUPERINTENDENT:—Dear Sir:

In accordance with Section 9808, School Laws of Missouri, I herewith submit the required report for the term ending this _____ day of _____, 191_____.

1. Enrollment: { White—Male, _____; female, _____; total, _____; grand total, _____; Colored—Male, _____; female, _____; total, _____; average daily attendance, _____; average wages per month, _____; corporal punishment, _____; truancy, _____; No. of pupils that may be seated in school—white, _____; colored, _____; total, _____; No. pupils completing common school course of study—male, _____; female, _____; total, _____; No. of teachers employed, _____; Average wages per month, _____; No. volumes in library, _____; value of library, \$ _____; amount spent this year for library, \$ _____.

I CERTIFY THAT THE ABOVE AND WITHIN REPORTS ARE CORRECT

Teacher: _____ District No. _____

Holidays are counted as school days, and pupils belonging are counted present on those days. This includes amount derived from entertainments and private sources. Please be careful to report every item. If you mean zero, please use the cipher instead of leaving the blank not fill'd.

General Remarks _____

I hereby certify that the above report is correct.

Roy M. McCollom

TEACHER.

Failure to File this Report in the Superintendent's Office will be entered in his Record against the Teacher as a Dereliction of Duty.

This reporting sheet corresponds to the classification section of your Combined Register; please fill it out with ink from your Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Combined Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that your school may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of forms and the work that each form includes.

2d. Ascertain in which form of the Course each pupil has most of his work, and classify him in that form. If he has not all of his studies in this form, mark the form in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just

finished. In making your recommendations in the section at right of "Pages Canvassed this Term," be just. This section classifies this school for your successor. Make no recommendation that you would not follow scrupulously were you to continue work in this school next term.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents are valuable helps, and may be obtained from the County Superintendent.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

The following will assist you in making your Report accurately:

Total Number of Days of Absence—This will be the sum of the days of absence of all pupils enrolled during the term. Do not count the days a pupil was "dropped" as "days of absence." When a pupil is "dropped" he is not a member of your school and hence cannot be considered as "absent" in the sense in which the word "absent" is here used.

Absence that is less than half a day will be reported as a half day's absence; for example, if a pupil comes before the close of the forenoon recess, count him tardy only; but if he should not arrive until after the forenoon recess, count him absent a half day. Observe the same rule for the afternoon session.

Total Number of Days of Attendance—This will be the sum of the days of attendance of all pupils enrolled during the term. The total number of days of attendance, plus the total number days of absence, should ALWAYS equal the total number days of membership. This fact will enable you to test the accuracy of your results.

Average Daily Attendance—This is found by dividing the total days of attendance by the number of days taught. Always express the quotient as a whole number. A fraction that is less than a half should be dropped, but a fraction that is a half or more should be called 1.

Number Violating Compulsory Attendance Law—The law requires all pupils between the ages of seven and sixteen to attend school regularly at least twenty-four consecutive weeks. It does not apply to pupils who live more than two miles from school.

Whole Number of Days Taught—Count every day for which you draw pay as taught.

Average Cost of Tuition per Month per Pupil—This is found by dividing the amount paid the teacher per month by the average daily attendance for the term

Write Answers to the Following Questions:

1. Is your daily program posted up in your school room? *yes*
 2. Do you make daily preparation for your work? *yes*
 3. Do you give Oral Language Lessons to the First and Second Reader Classes, and have them write from ten to twenty minutes daily? *yes*
 4. Do you spend at least fifteen minutes daily in giving special drills in writing in all grades? *yes*
 5. Do you have your pupils use pen and ink in the Writing Lessons? *yes*
 6. Where do you expect to teach next term? *yes*
 7. If you do not at present have a position for next term, will you notify this office as soon as you get the promise of a position—and give the name of the school? *Washington*

Attendance very irregular

Please use the space below to report any books you use which are not adopted by this county and to give the grade in which used.

Name of books. Used in which grade.

Failure to fill this report and file it with the county superintendent and to leave a copy of it in the Classification register, will be sufficient cause to refuse renewal or registration of the certificate.

This report agrees with the outline for this County and the State Course.

Pupils shall complete the work outlined for each year and spend the rest of the time in review.

The classification report in your register and the daily program you leave will be of much help to your successor. They should be filled very carefully.

The following will assist you in making your Report accurately:

Total Number of Days of Absence—This will be the sum of the days of absence of all pupils enrolled during the term. Do not count the days a pupil was "dropped" as "days of absence". When a pupil is "dropped" he is not a member of your school, and hence cannot be considered as "absent" in the sense in which the word "absent" is here used.

CONVENIENT DIRECTIONS

(How to find)

1. Number Belonging Each Day.—From total number enrolled subtract the number whose names have been dropped.

2. Average Number Belonging. — Divide the total number of days all pupils belonged by number of days taught.

3. Average Daily Attendance.—Divide the total number of days attended by the number of days taught. Express the quotient as a whole number.

4. Average Cost of Tuition per Month.—Divide amount paid teacher per month by the average daily attendance for term.

5. The Total Number of different persons enrolled during the year is found by taking the sum of the total enrollment for the first term, the number enrolled second not enrolled the first, and the number enrolled the third not enrolled the first or second term.

COMPULSORY ATTENDANCE LAW

The law requires all pupils between the ages of seven and sixteen to attend school regularly at least twenty-four consecutive weeks, beginning Sept. 1st.

Whole Number of Days Taught—Count every day for which you draw pay as taught.

PLEASE ANSWER FULLY

Is your daily program posted? At beginning of school
Do you make daily preparation for your recitations? Only those subjects desired for me
Do you use the language text in your second grade? No

Do you use the Number Primer in your first and second grades? Yes

Do you teach writing at least 45 minutes each week? No

Do your pupils use pen and ink above the second grade? Yes

Do your pupils have the writing manual or books? No

Are you teaching drawing from the books at least twice each week? No

Do you have the Primer Class and First Reader Class at least three times each day? No

Do you have the Second Reader Class read at least twice each day? No

Do your children know and give the flag salute each day? They know it, but is not given each day

Is your certificate registered? Yes

What Reading Circle Books have you read this term? Dynamos, Americanism, Teaching of Arithmetic

Number of visits from Parents. 1
Director. _____ Co. Supt. 1

Have you sent report card to parents at the end of each month? At end of quarter

Number of eighth grade pupils who expect to graduate. 2 Have they finished all of the books as per Course of Study Outline? Yes

Are you allowing your pupils to do more than the number of pages outlined for each grade each year? No, lucky to get in the required work

Are they doing supplementary and review work after they finish the work outlined for the grade? Yes, complete work in time

What Educational Meetings have you attended this term? Several

Number of books read by children this term? None

Do you do the Janitor work after 4 P. M. each day? Yes

Where do you expect to teach next term? Wherever I'm hired

Give date of beginning of next term. 1st Monday in September

Do you teach Phy. Ed. ten minutes each day? No

H. Marie Redfern
Teacher.

COMPULSORY ATTENDANCE
Pupils between 7 and 16 not complying with the law.

* 4b. Total days attendance of all high school pupils (above 8th grade)

* 4c. Average daily attendance of all high school pupils (above 8th grade) (See note below).....

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

 Co. Supt.

TEACHERS' ANNUAL REPORT

SCHOOL YEAR 1923-1924

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

* 1. Name of School Mt. Ragan 64 Dist. No. Macoupin County, Illinois.
 Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

Elementary

Enrollment	Kindergarten		1st Yr.		2nd Yr.		3rd Yr.		4th Yr.		5th Yr.		6th Yr.		7th Yr.		8th Yr.		Total	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls
			5	1	3	1	3	6	2	0	0	0	5	5	0	0	2	18	15	

* 2. Secondary (High)—(See note after "Enrollment" above).

Enrollment	8th Yr.		10th Yr.		11th Yr.		12th Yr.		Total		Grand Total (Elem. and High)	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls

* 2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district two Boys 1 Girls 1 Total 2

* 3a. Length of school year in months seven

* 3f. Actual number of days school was in session 153

* 4. Total days attendance of all pupils enrolled in both elementary and high school 3343

* 4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below 4c) 21 139/153

* 4b. Total days attendance of all high school pupils (above 8th grade)

* 4c. Average daily attendance of all high school pupils (above 8th grade) (See note below)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

TEACHER'S ANNUAL REPORT

SCHOOL YEAR 1943-1944

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

Name of School Mr. Ragan Dist. No. 64 County, Illinois

Enrollment; Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

 - * 3ax. Average daily attendance of all pupils in grades kindergarten to eight inclusive, exclusive of tuition pupils 24.39
(Same as item 6a on claim for state aid)
- NOTE: Do not allow more than 1/2 day per day for Kindergarten in items 3, 3a, 3x, 3ax.**
- 3b. Total days attendance of all pupils enrolled in high schools _____
(Same as item 5 on claim for state aid)
 - 3c. Average daily attendance of all pupils enrolled in high school. (See note below 3cx) _____
(Same as item 6 on claim for state aid)
 - 3bx. Total days attendance of all pupils enrolled in high school, exclusive of tuition pupils _____
(Same as item 5a on claim for state aid)
 - 3cx. Average daily attendance of all pupils enrolled in high school, exclusive of tuition pupils _____
(Same as item 6ax on claim for state aid)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the average of the units composing the group. For example: The principal of a two-room school should enter in item 3a the sum of the average of the two rooms. The superintendent of a city system of schools should enter in item 3a the sum of the average of the various ward schools. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

Hettick

September 28, 1943

Mr. James Ribble, Clerk
District 64
Hettick, Illinois

Gentlemen:

On September 24, I visited the Mt. Ragan School, District 64. Your teacher, Miss Ethel Butler, has had a lot of experience and is very capable and thorough in her work. I am sure you appreciate the efforts she is making to give you a good school.

You are to be congratulated on the new equipment and improvements you have made in your school. The new seats, teacher's desk, and kindergarten table are very appropriate. The new doors which you put on your building are also a valuable addition. You have kept up your library in good shape. I am glad you have ordered the new Reading Circle books as they are the best and cheapest you can buy. I hope you will always order them every year. The new metal bookcases are also a valuable addition to your equipment.

When you have the money, it would be well to build an enclosed porch on your building for a cloakroom. Also a drinking fountain and individual paper cups are necessary. When you have additional funds, some more playground equipment would be appreciated by the children.

If we can be of further service to you at any time, let us know.

Sincerely yours,

I. K. Juergensmeyer
County Superintendent of Schools

ADDRESS ALL CORRESPONDENCE TO THE ACTING DIRECTOR
IN REPLY REFER TO FILE S. E.

Subject: Schools- Macoupin County.
Mt. Ragan School, Dist. #64
Inspection report.

Board of Directors.
School District #64 Att: J. L. Stratton, Clerk.
Pottick, Ill.

Gentlemen:

Based on an inspection of the sanitary facilities at Mt. Ragan School Dist. #64, Macoupin County made July 27, 1935 we conclude that the following sanitary defects exist:

a) The well is subject to contamination by shallow ground water seepage which may enter through cracks that can develop in the brick well lining; rain, waste passage, dust, bird and dog contamination which may enter the well through cracks in and around the boards which support the pump; dust, bird and dog contamination that may be washed into the well through cracks in the split-base pump; contaminated waste passage which will saturate the ground surrounding the well and which may re-enter it.

b) The privies are insanitary as they are accessible to flies, insects and rodents because of the open-back type of vaults, the unprotected openings in the seats and vaults, the non-self closing lids in one privy, the absence of lids in the other privy.

c) The privies are in poor structural condition.

In order to correct these sanitary defects at the school, we recommend the following improvements:

1. Pour a 6 inch reinforced concrete wall around the outside of the present well lining to a depth of at least 8 feet below the surrounding ground surface. Directions for such construction are shown on page 3 of the enclosed bulletin.

2. Reconstruct the well platform with a 4 inch concrete slab extending beyond the walls at least one foot in all directions. A short iron pipe sleeve, whose diameter will allow the passage of the pump cylinder, should be placed in the platform at the time of construction. Sleeve should extend about one inch into the pump base. The pump should rest directly on the concrete and be firmly bolted in place. This is shown in Fig. 6 of the enclosed bulletin.

3. Replace the split-base pump with a pump having a one piece circular base. If considered economical, the directors may choose to have the split-base welded together so that there will be no openings in the base.

4. Provide a substantial, water tight trough 15 feet in length to carry waste passage away from the immediate vicinity of the well.

DIVISION OF
SANITARY ENGINEERING
CHIEF SANITARY ENGINEER
CLARENCE W. KLASSEN

(Page 2)

5. Sterilize the well water after the above improvements have been made and before it is used for drinking purposes. The procedure for sterilization is described on pages 15 and 17 of the enclosed bulletin.

6. Seal the open-back on the vaults so that they will be flytight. This can be done by placing a tight fitting wood cover over the back and then backfilling with earth.

7. Seal the unprotected openings in the seats and vaults so that the vaults will be flytight.

8. Provide the privies with hinged, self-closing lids. These lids when closed should fit so as to exclude flies.

9. Reconstruct the privies so that they will be in good structural condition.

In view of the poor condition of the privies and the number of improvements necessary to make them sanitary, we suggest that the Board of Directors consider the installation of the "Sanitary Pit" privy. This type of privy has many advantages over other types of privies, the principal advantage being the prevention of disease by fly transmission. For a limited period, these privies can be obtained through a U.S.A. project in Macoupin County, the only cost to the school district being the cost of material, and hauling. Mr. Virbel F. Nolen is in charge of this project, and further information may be had by addressing him at Box 77, Milwood, Ill.

Since the school officials are responsible for the protection of the pupils' while at school, it is important that the above recommendations be fulfilled.

If the engineer of this department can be of service in connection with your water supply or sewerage problems, we shall be pleased to be so advised.

Subject: SCHOOLS--Macoupin County
Mt. Ragan School, Dist. #64
Improved well

Board of Directors
Mt. Ragan School, Dist. #64
Attention: Maggie Starkweather, Clerk
Hettick, Illinois

Gentlemen:

The well recently completed at the Mt. Ragan School under the Macoupin County W.P.A. School Well Reconstruction Project has been inspected and found to be properly protected against entrance of surface contamination. A sample of water was collected from the well after the improvements had been made and an analysis of this water showed it to be safe for drinking at the time of collection. This was previously reported to you.

We wish to commend you upon your action in having improvements made to your school water supply. This well should continue to furnish a safe water supply as long as it remains in its present condition.

It is suggested that samples of water be collected from the well occasionally for analysis as a check upon the condition of the water. Sample containers will be forwarded for this purpose upon request.

By direction of the Director

SANITARY ANALYSES OF SAMPLES OF WATER FROM **MACOUPIN CO., HETTICK, MT. RAGAN SCHOOL, DIST. #64**

Source	Dug at Mt. Ragan School, Dist. #64																
Field No.																	
Laboratory No.	224883																
Date collected	March 20, 1942																
Collected by	R. A. Wilson																
Turbidity																	
Odor																	
Chlorides																	
Alkalinity, methyl orange phenolphthalein																	
pH (H-ion)																	
Hardness, total																	
Iron (Fe)																	
Bacteria (per ml.)	4800																
Coli-Aerogenes in portions of	10 ml.	1.0 ml.	0.1 ml.	0.01	0.001	10	1.0	0.1	10	1.0	0.1	10	1.0	0.1	10	1.0	0.1
Presumptive																	
Confirmatory	5-																
Number per 100 ml.																	

This analysis indicates the water was safe for drinking at the time of collection of the sample.

It is suggested that a sample container be requested and another sample taken after a few weeks as a check on the condition of this water.

LABORATORY REPORT

NO. 1000

CHICAGO, ILLINOIS

APRIL 1934

CONCERNING SANITARY ANALYSES

The statements on the reverse side are based not only on the analytical results, but also on the description of the source as furnished by you or already on file with the Illinois Department of Public Health. It is further recommended as follows:

- (a) If the water is unsafe to drink, abandon it for one of known safety or bring the water to a boil before use, until the suggested improvements have made the supply safe.
- (b) If the source is not satisfactory, make the suggested improvements immediately.
- (c) If the water is safe, take care to keep it safe by protecting the supply from contamination.

A laboratory examination of the water has been made to show the presence or absence of waste matter of human or animal origin. If the water is contaminated by surface wash or sewage, then parasitic intestinal worms, amebic cysts, or germs of intestinal diseases, such as cause diarrhea, dysentery or typhoid fever, may be present in the water, thus endangering the health of persons drinking the water. The analytical terms and results are briefly explained as follows:

Physical and Chemical Tests: "Turbidity" through "Iron." A desirable water has an attractive appearance (no turbidity or color) and has no objectionable odor or taste. The alkalinity, pH, iron and residual chlorine tests are of significance on chemically treated water from filtration plants, swimming pools, etc. The "total hardness" represents the soap-consuming power of the water. Chemical results are given in parts per million.

Bacteriological Tests: "Bacteria (per ml.)" indicates the number of microorganisms present in one cubic milliliter (ml.) of water (20 drops). The reported result is the number of bacteria which will grow at body temperature (37°C or 98.6°F). These bacteria may not be of intestinal origin and therefore may not be of sanitary importance.

Occasionally the test plates are overcrowded so that no bacterial count can be obtained. In such cases the report shows "Innumerable" indicating more than 1000 bacteria per ml.

"Coli-Aerogenes"; "Presumptive" "Confirmatory". A water containing bacteria of intestinal origin (colon bacteria), if placed in a sugar broth (lactose) will cause fermentation and production of gas in 24 or 48 hours. By means of further laboratory tests the presence of these bacteria in the various portions (10, 1.0, and 0.1 ml.) is indicated by a +, their absence by a -. The numeral preceding the sign shows the number of portions giving that result. Example: 2+3- indicates that two 10 ml. portions of the sample did show and three portions did not show colon bacteria present. "Coliform" or "Colitype" are other names used for these bacteria which predominate in fresh sewage. These bacteria in themselves do not cause water-borne diseases, but serve as danger signals, pointing to the possibility of actual pathogenic bacteria being present.

"Number per 100 ml." Some reports are given on the basis of number of coli-aerogenes per 100 ml. (almost 4 ounces) of water. River waters may contain large numbers, but drinking water should contain none. However, the standards of the U. S. Public Health Service permit the presence of a few occasionally, if the location and construction of source of water are satisfactory.

After receipt of the sample in the laboratory it requires from two to six days to complete the sanitary or bacteriological analysis.

SUPERINTENDENT OF PUBLIC INSTRUCTION

RURAL SCHOOL ANNUAL REPORT AND APPLICATION FOR RECOGNITION

For School Year 1944-1945

To be filed by all districts with one or two teachers

This report is to be made in triplicate by the teacher and signed by both the teacher and the clerk of the board. The teacher is to keep one copy for the files of the school. Not later than October 1st, two copies are to be delivered to the county superintendent of schools who, in turn, will forward a copy to the State Office. For assistance in filling in the report, see the Rural Elementary School Handbook, Office of Superintendent of Public Instruction.
