## ***Conditions of Sale***

All sheep are sold under the Conditions of Sale as displayed in the mart recommended by the Livestock Auctioneers Market Committee for England and Wales.

The following is an extraction taken from the above:

### **PART VIII - SHEEP**

#### **Female sheep not described as in Lamb**

- 76 A female sheep which is not described in the catalogue or at the time of sale as in lamb is warranted as not being in lamb.
- 77 If within 14 weeks after the day of sale a female sheep warranted as aforesaid proves to be in lamb, and within 14 weeks and 5 days after the day of sale, the purchaser gives to the auctioneer written notice supported by a certificate signed by a Slaughterhouse manager or a Veterinary surgeon or other competent person, that such female sheep has proved to be in lamb then, if the sheep lambs at a date which proves it to have been in lamb at the date of the sale, either the purchaser may return the sheep and her lamb, if any, to the vendor or, at the sole option of the purchaser, the vendor shall pay to the purchaser as and for ascertained and agreed liquidated damages, to cover all expenses, depreciation in value and other damages whatsoever, a sum equal to 25per cent of the purchase price of the sheep.

#### **Female Sheep described as Correct**

- 78 All female sheep described in the catalogue or at the time of sale as correct are warranted to be sound in mouth and udder.
- 79 If any such sheep is proved to be unsound in mouth or udder, that is to say is lacking any of the 8 broad teeth or has damaged or worn teeth or defective udder, and notice of such unsoundness is given by the auctioneers in writing within 5 clear days after the day of sale, supported by a certificate signed by a veterinary surgeon, then either the purchaser may return the sheep to the vendor, or, at the sole option of the purchaser, the vendor shall pay to the purchaser as and for ascertained and agreed liquidated damages, to cover all expenses, depreciation in value and other damages whatsoever, compensation at the rates set out in Appendix 1 (i) to these Conditions.

#### **Female Sheep proving Barren**

- 80 If any female sheep, which was described in the catalogue or at the time of sale as being in-lamb, proves not to have been in lamb at the time of sale and within 21 days after the day of sale the purchaser gives written notice to the auctioneers of his intention to return the animal, supported by a veterinary surgeon's certificate that such sheep has proved not to have been in lamb, then the purchaser may return such sheep to the vendor.

## Stock Rams, including Lambs

- 81 Any ram sold for the figure stated in Appendix 1 (i) or more is warranted to be capable of and effective at natural service. If any such ram is proved to be incapable of or ineffective at natural service and written notice to that effect, supported by a veterinary surgeon's certificate in the terms hereinafter mentioned, is given by the purchaser to the auctioneers within 14 weeks after the date of sale, then the purchaser may return the ram to the vendor, who shall, at the purchaser's option, replace the ram with another ram of equal value capable of stock-getting, or refund the purchase price of the animal together with such other costs and charges as the purchaser may be entitled to under these Conditions.
- 82 The veterinary surgeon's certificate shall certify:
- that the ram's incapacity or ineffectiveness is not the result of injury, accident or illness happening after the time of sale;
  - that the purchaser's female breeding stock has been found on examination to be in normal breeding condition; and
  - that they are not responsible for the ram's incapacity or ineffectiveness.
