Comments: Alternate bid, A+Care

Cost Effective Network Hardware Maintenance

Third Party Maintenance is the key to achieving cost saving benefits across a diverse set of products including Cisco, Juniper, Brocade and Avaya network hardware devices and phones. As a second line of defense along with manufacturer warranty, A+ Care can save an average of 60% off from OEM support list prices. Based on location and product type, the savings could even be greater.

What is important when considering A+Care over an OEM maintenance contract?

The decision is simple...

How much are you spending now and could you better allocate the funds saved by switching to A+Care?
