

DuraDrive ET

IDE(PATA) Solid State Drive

The DuraDrive ET is a solid state drive that provides high reliability and performance for industrial applications. The ET has excellent resistance to shock, vibration, dust, temperature extremes and other environmental hazards. It is built with the standard 2.5-inch form factor and a IDE(PATA) interface. This drive is geared specifically for the replacement of old IDE/PATA hard disk drives to improve the performance and reliability of old equipment.

Features

- 2.5" IDE(PATA) Interface
- Max Speed :Read up to 90 MB/s, Write up to 90 MB/s
- Capacities up to 512GB

Specifications

Form Factor	2.5"
Capacity	32GB ~ 512GB
Dimensions	69.85 x 100.0 x 9.5mm
Interface	IDE(PATA)
Power Supply	5.0V +/-10%
Performance(MB/sec)	90/90

Environmental Specifications

Operating Shock	1500G (duration : 5ms)
Operating Vibration	16G (7Hz~2KHz)
Operating Humidity	5% to 98%
Operating Temperature	-40°C to 85°C (I-temp)
	0°C to 70°C (C-temp)
