DECLARATION OF TODD M. FRIEDMAN

I, TODD M. FRIEDMAN, declare:

1. I am one of the attorneys for the plaintiffs in this action, Anne Wolf (“Ms. Wolf” or “Plaintiff”), as well as Plaintiffs Anthony Fehrenbach, Robin Sergi and Carlos Romero in the separate related actions of *Robin Sergi v. HP, Inc.*, Case No. 8:16-cv-02225-BRO-GJS *Carlos Romero v. Hewlett Packard Company*, Case No. 5:16-cv-05415-EJD (CA. N.D.) and *Anthony Fehrenbach v. Hewlett Packard Company*, Case No. 3:16-cv-02297-MMA-MDD (CA. S.D.).
2. I am an attorney licensed to practice law in the State of California since 2001, the State of Illinois since 2002, and the State of Pennsylvania since 2011. I have been continuously licensed in California since 2001, Illinois since 2002, and Pennsylvania since 2011, and am in good standing with the California State Bar, Illinois State Bar, and Pennsylvania State Bar. I have litigated cases in both state and federal courts in California and Illinois. I am also admitted in every Federal district in California and have handled federal litigation in the federal districts of California.
3. The declaration is based upon my personal knowledge, except where expressly noted otherwise.
4. I submit this declaration in support of the Plaintiff’s Motion for Final Approval of Class Action Settlement and Motion fro Attorneys’ Fee and Costs and Incentive Award in the action against defendant, HP Inc., formerly known as Hewlett-Packard Company (“HP” or “Defendant”).

CASE HISTORY

5. On June 22, 2015, Plaintiff Wolf filed a Complaint in the United States

1 District Court for the Central District of California (the “Court”) entitled
2 *Anne Wolf, et al. v. Hewlett Packard Company*, Case No. 5:15-cv-01221-
3 BRO-GJS (the “*Wolf Action*”). The Original Complaint in the *Wolf Action*
4 alleged that Defendant violated the Unfair Competition Law, Cal. Bus. &
5 Prof. Code §§ 17200 *et seq.* (UCL), and the False Advertising Law Cal.
6 Bus. & Prof. Code §§ 17500 *et seq.* (FAL). Thereafter, Plaintiff Wolf
7 filed a First Amended Complaint, which added a claim under the
8 California Consumers Legal Remedies Act, Cal. Civ. Code § 1750 *et seq.*
9 (“CLRA”), after the lapse of the statutory notice period, pursuant to Cal.
10 Civ. Code § 1782(a). Wolf’s allegation was that HP violated the CLRA
11 by advertising its HP LaserJet Pro P1102w printer as coming with a Smart
12 Install function, when in reality, the Smart Install function had already
13 been disabled.
14

15 6. Plaintiff’s allegations stem from HP’s mislabeling of its Smart Install
16 feature on the packaging of some of its LaserJet printers. Plaintiff alleges
17 that on the Printer’s carton, Defendant advertised a printer software
18 installation mechanism: “Start printing right away with effortless setup –
19 no CD installation required – using HP Smart Install.” Plaintiff further
20 alleges that she experienced difficulty in installing her Printer.

21 7. The evidence of the case showed that Plaintiff’s alleged difficulty
22 installing the Printer arose in part because the Windows 8 software
23 system’s auto-run capabilities could not recognize the Smart Install
24 Feature, a feature of convenience that HP developed, patented, and
25 trademarked to simplify the installation of its LaserJet printers. As a result
26 of the technical difficulties with the Smart Install Feature on Windows 8
27 computers, HP received complaints from customers. In response, HP
28

1 disabled the Smart Install Feature in all printers manufactured and sold
2 into the market. However, HP failed to coordinate the timeline for
3 deactivating Smart Install Feature with the scheduled updates to the
4 advertising on the Printers' packaging.

5 8. Two months after disabling the Smart Install Feature, HP updated the
6 pamphlet included inside the Printers' cartons explaining that the Smart
7 Install Feature had been disabled. Seven months after the disablement, HP
8 created new artwork for the packaging. Finally, approximately one year
9 after the disablement of the Smart Install Feature, HP updated the
10 advertising on the outside of the printers' cartons. The delay in updating
11 the carton itself allegedly occurred because HP's head of technical
12 marketing for LaserJet products determined that incurring a cost to scrap
13 and replace hundreds of thousands of stockpiled boxes bearing the Smart
14 Install Feature advertising was "hardly justified."
15

16 9. The parties attended an early mediation in San Francisco before Hon.
17 Judge Ron Sabraw of JAMS on November 10, 2015. The mediation was
18 unsuccessful, but gave insight into the Parties' respective positions on
19 certification, merits and damages. Plaintiff propounded and served written
20 discovery requests on or about December 4, 2015, including damages
21 discovery, to which Defendant objected, but after a meet and confer,
22 produced approximately 80,000 pages of documents on or about March
23 11, 2016. On March 4, 2016, Defendant filed a Motion for Judgment on
24 the Pleadings (Dkt. No. 37) and on April 18, 2016, the Honorable Court
25 granted Defendant's Motion in part, dismissed Plaintiff's FAL and UCL
26 claims, and ordered Plaintiff to file a Second Amended Complaint, with
27 only a CLRA claim.
28

1 10.Plaintiff thereafter deposed Defendant's representative pursuant to
2 F.R.C.P. 30(b)(6) on or about May 3, 2016. Plaintiff timely filed her
3 Motion for Class Certification on June 20, 2016. Dkt. No. 59. In support
4 of class certification, my office hired a damages expert, which resulted in
5 an expert bill in the amount of \$22,950.

6 11.Contemporaneously with the filing of the Class Certification Motion, the
7 Parties reengaged in settlement discussions with the assistance of Judge
8 Sabraw, throughout the month of June 2016. These discussions too were
9 unsuccessful, but further gave insight into the Parties' respective views of
10 the case. Defendant opposed class certification, and filed a Motion to
11 Strike the Declaration of Plaintiff's Expert Witness. The Honorable Court
12 heard oral argument on the Motion for Class Certification, and thereafter
13 granted class certification as to the following class:

14
15 All consumers, who, between in or about April 2014, and
16 the present, purchased one or more HP Laserjet P1102
17 printers at a physical, retail location in the state of
18 California, and whose printer was advertised to include
19 the HP Smart Install feature, but was in fact subject to
20 HP's disablement of the Smart Install Feature¹

21 12.Myself along with Adrian Bacon of my office were appointed Class
22 Counsel, and Anne Wolf was found to be an adequate Class
23 Representative.

24 13.Following certification, my office focused on four things: 1) proving the
25 merits of the case (primarily materiality of the mislabeling to consumer
26 purchases), 2) identifying and quantifying damages, 3) providing notice to

27 ¹ The certified Class did not include online purchasers, non-consumer purchasers,
28 purchasers of printers other than the P1102w model, and was limited to
California.

1 the Class, and 4) undertaking efforts to expand the scope of the certified
2 class by filing additional cases on behalf of other consumers who had
3 reached out to our office during the course of litigation regarding the same
4 alleged false advertising.

5 14.Regarding point four, Plaintiff Anthony Fehrenbach filed a class action
6 complaint on September 12, 2016, alleging similar counts relating to the
7 purchase of a HP LaserJet Pro 200 Color MFP M276nw printer, entitled
8 *Anthony Fehrenbach v. H.P. Inc.*, Case No. 3:16-cv-02297-MMA-MDD,
9 (the “*Fehrenbech* Action”). Plaintiff Robin Sergi filed a class action
10 complaint on December 20, 2016, alleging similar counts regarding the
11 purchase of an HP LaserJet Pro P1102w printer online, entitled, *Robin*
12 *Sergi. v. HP, Inc.*, Case No. 8:16-cv-02225-CJC-DFM (the “*Sergi*
13 *Action*”). Plaintiff Carlos Romero filed a class action complaint on
14 September 21, 2016, entitled, *Carlos Romero v. HP Inc.* Case No. 5:16-
15 cv-05415-EJD (the “*Romero* Action”). Plaintiff Romero purchased an HP
16 LaserJet Pro P1102w printer from www.officedepot.com, while Plaintiff
17 Romero was in Texas. Plaintiff Romero alleged claims on behalf of all
18 purchasers in Texas of all printer models, which were allegedly falsely
19 advertised as coming with Smart Install. Plaintiff Romero’s case involves
20 claims under the Texas Deceptive Trade Practices Act, Texas Business
21 and Commerce Code, § 17.50 *et seq* (“DTPA”), and is on behalf of all
22 purchasers, not just consumer purchasers. These cases sought to expand
23 the scope of the claims beyond those individuals whose claims were
24 certified in the *Wolf* Action.

25 15.Defendant filed Motions to dismiss in these additional actions, attempting
26 to narrow the scope of the classes, and the parties had engaged in
27
28

1 extensive briefing on the pleadings in the months leading up to the
2 settlement.

3 16.As to these points 1-3 above, my office engaged in further discovery. This
4 discovery included additional discovery requests to HP, as well as third
5 party subpoenas sent to retailers who carried HP products, and competitors
6 who sold competitive printers. We also hired a damages expert, Dr.
7 Anand Bodapati, who is a Marketing PHD from UCLA, and retained his
8 services in order to perform a conjoint survey of consumers, so as to
9 determine and isolate the value that Class Members attribute, as
10 reasonable consumers, to the mislabeled Smart Install feature. Dr.
11 Bodapati also assisted greatly in counseling my office with respect to
12 damages issues generally, including how damages would ultimately be
13 evaluated by experts, the Court and a jury. We also retained a merits
14 expert Cassie Holmes, a marketing professor from UCLA, who would
15 testify on the issue of consumer psychology relating to materiality,
16 perceptions and value.

17
18 17.These discussions framed Plaintiffs' views as to what would constitute a
19 reasonable and fair settlement value for the Class.

20 18.Regarding third party discovery, my office served two rounds of
21 subpoenas to the following retailers, and engaged in protracted meet and
22 confer efforts in order to gather as much data as possible about the
23 identities of potential class members, as well as sales data on Class
24 Printers: Fry's Electronics, Best Buy, Circuit City, eBay,
25 Microelectronics, Office Depot, Sears, Office Max, Staples Costco,
26 Target, Walmart, Amazon.com, among others. Plaintiff also served
27 subpoenas on several competitors of HP, on the advice of her expert,
28

1 including the following: Brother, Cannon, Epson, Dell, Xerox, Lexmark,
2 and Samsung.

3 19.Plaintiff Wolf filed a Motion for approval of class notice plan on
4 November 6, 2016. Dkt. No. 100. The Honorable Court approved the
5 notice plan on December 1, 2016. Dkt. No. 104. My office thereafter
6 hired KCC to provide Notice, and incurred the cost of sending out notice
7 to the class. This expense incurred by my office was \$53,960.53.

8 20.Following these efforts, the parties reengaged in settlement discussions
9 and agreed to attend a third mediation session, this time with the Hon.
10 Louis M. Meisinger, Ret. of ADR Services, Inc. on April 4, 2017. My
11 office prepared a mediation brief, complete with exhibits, extensively
12 reviewing the law and the facts, as yielded by the evidence to date.
13 Defendant did the same, and the parties exchanged briefs.

14 21.The mediation was a success, and the parties worked out the details of a
15 memorandum of understanding. With Judge Meisinger's guidance, a
16 Settlement Agreement and Release ("Settlement Agreement") was
17 ultimately agreed upon in principle by the Parties on or about April 4,
18 2017. The long form agreement was prepared thorough roughly half a
19 dozen redlines back and forth, over the course of several months of
20 negotiations, and involved the assistance of Judge Meisinger. Counsel
21 also diligently cooperated on the content and form of the Class Notice.

22 22.The Parties spent several months discussing the terms and negotiating the
23 precise language of the agreement. Attached to my Declaration in support
24 of Preliminary Approval (Dkt. No. 112-2) as Exhibit 1 was a true and
25 correct copy of the Settlement Agreement, which also includes attached
26 thereto a copy of the Proposed Final Judgment (Exhibit A), the Proposed
27
28

1 Long Form Class Notice (Exhibit B), a Proposed Press Release to be
2 issued by my Office (Exhibit C), the Proposed Postcard Notice (Exhibit
3 D), the Proposed Notice to be published in the L.A. Times (Exhibit E), the
4 Proposed Order Granting Preliminary Approval (Exhibit F), and the
5 Proposed Online Claim Form to be available on the Settlement Website
6 (Exhibit G). These items were all negotiated and approved by all Parties,
7 after extensive back and forth discussions between my office and counsel
8 for HP, and with the assistance and input of Judge Meisinger.

9
10 23.Regarding Notice to the Class, Plaintiff has obtained detailed sales records
11 via numerous subpoenas and extensive meet and confer efforts with
12 retailers. This data resulted in receipt of names, addresses, and sales
13 records of tens of thousands of individuals who purchased Class Printers.
14 HP also produced to my office similar data for thousands of individuals
15 who purchased Class Products directly from HP's website during the
16 relevant time period.

17 24.In total, my office obtained records with names and addresses for
18 approximately 40,000 potential Class Members, and also secured
19 agreements from Amazon, eBay, and Office Depot/Office Max to produce
20 Class Contact Data as well, which we anticipated could be another 10,000
21 or possibly more individuals.² This data was used to send direct mail
22 notice by postcard to every person identified, i.e. as many Class Members
23 as possible.

24
25 **SETTLEMENT TERMS AND CLASS DEFINITION**

26 25.Pursuant to the Settlement Agreement (the "Agreement"), those persons in

27
28 ² As discussed below, Amazon reneged on its agreement, but ultimately did
cooperate in providing class notice.

1 the Settlement Class (defined below) who submit a valid claim form
2 (Qualified Class Members), will receive a \$20 distribution for each Class
3 Printer³ that they purchased. There shall be no cap on the total number of
4 claims accepted. HP will also agree to separately pay Settlement Costs,
5 Administration Costs and reasonable Attorneys' Fees, in addition to the
6 amounts to be paid to Qualified Class Members. Consequently, the
7 amount of money that each Qualified Class Member receives will not be
8 affected at all by the payment of Attorney's fees or any Costs.

9
10 26. Pursuant to the Settlement Agreement, Class Counsel will move the Court
11 for an award of attorneys' fees and expenses to be paid by HP, completely
12 separate and apart from the compensation to be paid by HP to the Class.
13 For the limited purpose of the Court's consideration of Plaintiffs'
14 counsel's application for attorneys' fees and costs, HP has stipulated that
15 Plaintiffs are the "prevailing parties" under applicable state law, including
16 both the Consumer Legal Remedies Act and the Texas Deceptive Trade
17 Practices Act, which contain fee shifting provisions that entitle the
18 prevailing party to reasonable fees and costs of suit. However, there is no
19 clear sailing provision in the settlement agreement, and HP retains the
20 right to challenge the reasonableness of fees requested. Defendant will
21 pay for the Class Action Fairness Act Notice, which has been sent by the
22 Claims Administrator.

23 27. The Class or Settlement Class Members refers to:

24 "All persons or entities residing in the States of
25

26
27 ³ "Class Printer" means an HP LaserJet Pro P1102w printer purchased in
28 California or Texas, or an HP LaserJet Pro 200 Color MFP M276nw printer
purchased in California, between April 1, 2014, and the effective date of this
settlement.

1 California and Texas who purchased an HP LaserJet Pro
2 P1102w printer, as well as all persons or entities residing
3 in California who purchased an HP LaserJet Pro 200
4 Color MFP M276nw printer, between April 1, 2014, and
5 the effective date of this settlement” (Agreement at §
2.07).⁴

6 28. Available Settlement Funds will be apportioned in the form of a check
7 mailed to all Class Members who submit valid claim forms. The Claims
8 Administrator will send payment via mail by check to each such claimant.

9 29. It was very important to me in agreeing to this Settlement that the amount
10 received by Class Members was negotiated completely separately from
11 any discussion of attorney’s fees, so that we put the interests of the Class
12 Members first, and that Class Members received meaningful relief. In
13 fact, without revealing the confidential nature of mediation discussions, I
14 can say that Adrian Bacon and myself did not even discuss the treatment
15 of attorney’s fees in this action with the Mediator until after we had come
16 to a complete and final agreement in principle with respect to the funds
17 that were going to be made available to the Class.

18 30. In structuring this agreement as a claims-made settlement, as opposed to a
19 common fund settlement, there were several factors that made this
20 necessary. First and foremost, HP did not know the identities of the
21 majority of Class Members. Information had to be gathered from third
22 party retailers, who likewise did not all maintain data on the purchasers of
23 Class Printers, and also, even if they did maintain such data, the data
24

25
26
27 ⁴ The Settlement Class **did** include online purchasers, non-consumer purchasers,
28 purchasers of both the P1102w and LaserJet Pro 200 Color MFP M276nw, and
was expanded to include both Texas and California with respect to the P1102w,
the two largest states in the country.

1 would be imperfect and incomplete. People who, for instance, purchased
2 a Class Printer in a brick and mortar store with cash, and without a
3 rewards card, could not be traced. Some retailers did not maintain any
4 Class data. There was not a class list, as there are in many class actions,
5 which could be easily consulted. It was thus very challenging for the
6 parties to know how exactly how many Class Members there were,
7 making it hard to predict what a pro rata share of a settlement might look
8 like, and more importantly, whether it was both meaningful relief, and
9 reasonable relief.
10

11 31. Second, Class Members who purchased printers likely paid \$100-\$200 for
12 their printers. A common fund settlement with a pro rata share could very
13 well have resulted in Qualifying Class Members who made claims
14 receiving more than what they paid for as the price of their Class Printer, if
15 the take rate was lower than anticipated, or could have resulted in a very
16 low or negligible payout if the take rate was higher than anticipated. It
17 was especially difficult for the Parties to predict the take rate of this
18 Settlement, and it was derivatively challenging to come to any sort of
19 agreement on what a common fund settlement might look like due to 1)
20 not knowing how many Class Members there were, 2) not knowing the
21 identities of the Class Members, and 3) not being able to predict a take
22 rate. The parties believed that a settlement structure which struck a fair
23 balance of making available a reasonable fixed figure that would fairly
24 compensate Class Members for the alleged damage was preferable to a
25 structure where it would be uncertain what people would be receiving,
26 because Class Members would be in a better position to know the tangible
27 benefits of the Settlement, and would be more likely to participate. My
28

1 office believed that ensuring that figure was as high as possible and
2 practicable was important, because that would drive Class Members to
3 make claims if they knew that they were entitled to tangible and
4 substantial benefits.⁵ My office thus focused on negotiating the claim
5 value as high as we could, to a level we felt represented fair remuneration
6 to the Class, and also focused on ensuring that notice was the best notice
7 possible under the circumstances, so that making claims was easy for
8 Class Members.

9
10 32. Pursuant to the Settlement Agreement, notice was sent to the Class via
11 several methods. First, for individuals whose names and addresses were
12 obtained in discovery, a direct mail postcard, with return postage prepaid
13 was sent to the Class Member. The postcard could be returned with no
14 cost to the Class Member, and simply requested that they affirm that they
15 purchased a Class Printer, and identify how many were purchased. Due to
16 a discovery dispute that arose between Plaintiffs and Amazon, consumers
17 who purchased their printers through Amazon.com were sent direct email
18 notice instead of a notice postcard. Second, notice was also given by
19 publication through Google Display, with a total of 22,150,000
20 impressions. The publication linked to a Class Website, where the Long
21 Form Notice was available for viewing, along with a claim form, relevant
22 case documents, answers to frequently asked questions, and a list of
23 important dates. The claims administrator also provided telephone support
24 to address Class Member inquiries, and assist in the submission of claims
25 forms. This dual-notice method ensured the highest amount of
26

27
28 ⁵ We were right, there was a very high participation rate as described below
herein.

1 participation practicable, and resulted in the best possible notice for the
2 proposed class in my opinion. Ultimately, the participation rate in this
3 case was very high. My offices fielded hundreds of emails from class
4 members about the settlement, which were overwhelmingly positive.

5 33. In reaching agreement on this Settlement structure, it was also important
6 to me that HP not agree to any clear sailing provision in our attorneys'
7 fees. I did not want any settlement agreed to by my office to carry any
8 appearance of impropriety as to collusion between my office and HP's
9 counsel. At the mediation, with the counsel of Hon. Judge Meisinger, we
10 agreed instead of a clear sailing provision on a negotiated amount, that any
11 attorney's fees awarded in this action would be left to the discretion of the
12 Honorable Court, and that HP would retain its right to challenge the
13 reasonableness of the fee request (but not our right to request attorneys
14 fees), and would agree that by reaching this deal, that we had secured
15 valuable and fair remuneration for the Class and would be considered the
16 "prevailing parties" pursuant to California and Texas law. Given the
17 extensive amount of litigation surrounding these four actions over the past
18 three and a half years, this was both the most equitable approach to the
19 Parties, as well as the most ethical way of approaching the award of
20 attorney's fees with respect to fairness for the Class. As Class Counsel for
21 the certified Class, we wanted to be very clear that there was no agreement
22 that HP would pay my office any specific amount as a condition of this
23 Settlement, but that HP would agree to pay any amounts deemed
24 warranted by the Honorable Court under the various fee-shifting statutes at
25 issue in the case.
26
27
28

RULE 23 ANALYSIS

1
2 34.Plaintiff contends that the class as so defined satisfies the requirements of
3 Rule 23 because all persons in the Settlement Class are persons who
4 purchased a Class Printer in the states of either Texas or California,
5 between April 2014 to present, i.e. during the time frames that HP's Smart
6 Install feature was allegedly falsely mislabeled. Class Counsel believes
7 that the Class Size is over 50,000, based on information gained in
8 discovery from HP, and the responses of the third parties to the Subpoenas.
9 It became apparent that the number of anticipated Class Members was
10 premised on the sales figures, but that many Class Members, especially
11 business Class Members, purchased multiple Class Printers. Thus, the
12 actual number of Class Members was likely less than 50,000. For purposes
13 of take rate analysis, it is thus more helpful to think of the number of
14 printers validly claimed not the number of claims made.

15
16 35. Plaintiff was able to verify from a source other than HP the approximate
17 number of Class Members due to having sent numerous subpoenas to third
18 parties. Great expense and effort was undertaken to learn the identities of
19 Class Members, so that Notice could be direct and effective. These efforts
20 resulted in most of the Class Members being identified by name and
21 address, which made sending direct notice much easier, and resulted in a
22 higher participation rate.

23
24 36.The Settlement Class consists of all persons who purchased an HP
25 LaserJet Pro P1102w printer purchased in California or Texas, or an HP
26 LaserJet Pro 200 Color MFP M276nw printer in California, between April
27 1, 2014, and the effective date of this settlement.

28 37.After approval of Preliminary Approval of Settlement, the pertinent

1 names, addresses, email addresses and phone numbers of Class Members
2 were provided to the claims administrator approved by the Court to create
3 the Notice Database. My office possessed most of this information, but
4 additional entities have agreed to provide information directly to the
5 Claims Administrator, so as to protect the privacy of these consumers.
6 Amazon refused after the preliminary approval order to produce the class
7 data, necessitating my office's involvement of Magistrate Judge Standish.
8 After an informal motion to compel request was made, a compromise was
9 struck where Amazon sent direct email notice, drafted by my office, to the
10 class members who purchased through Amazon.com. I helped oversee
11 this process to make sure that it was carried out in a manner that would be
12 in the best interests of the Class. Amazon has submitted a declaration as
13 to its efforts, which is filed contemporaneously herewith.
14

15 38. Kurtzman Carson Consultants LLC ("KCC") was appointed as claims
16 administrator. KCC specializes in providing administrative services in
17 class action litigation, and has extensive experience in administering
18 consumer protection and privacy class action settlements. KCC has
19 fulfilled its duties as a class administrator to date, including sending the
20 CAFA notice, posting a website, sending class notice, regularly updating
21 counsel with status reports, maintaining a database of claimants, assisting
22 in locating false or erroneous claims and assisting the parties in excluding
23 such claims from the Settlement, and communicating with class members
24 to assist with the claims process.
25

26 39. It is my opinion that the Class as defined satisfies the requirements of Rule
27 23 because all persons in the Settlement Class are persons who purchased
28 Class Printers during the relevant time period and thus, were exposed to

1 mislabeling or false advertising, either online, in stores, or on the boxes of
2 Class Printers, during the relevant Class Period.

3 40. The Settlement Class Members for whom address information is known
4 were sent a direct mail postcard notice (or in the case of Amazon, an email
5 notice) explaining they are entitled to receive settlement benefits. For
6 Class Members for whom Plaintiff has been unable to obtain a valid mail
7 address, but whose names are known, a reverse lookup and/or skip trace
8 was conducted by KCC to determine a valid address, and then they will be
9 sent a direct mail postcard. In addition to direct mail notice, KCC
10 provided further notice by publication in the LA Times, as well as online
11 through over 22 million Google impressions via banner advertisements on
12 the Internet. Ultimately, 98% of Class Members were reached by direct
13 notice.
14

15 41. Class Members were informed that in order to receive monetary payment,
16 they must submit a valid Claim Form. Those individuals who submitted a
17 valid claim form are members of the Class and are entitled to a monetary
18 payment of \$20 per Class Printer purchased.

19 42. The claims administrator established and maintained a Settlement Website
20 that (i) enables Class Members to submit a claim and access and download
21 the Class Notice and Claim Form, (ii) provides contact information for
22 Class Counsel, (iii) and provides access to relevant documents. Such
23 documents shall include the Settlement Agreement and Class Notice, the
24 Preliminary Settlement Approval Order, a downloadable Claim Form for
25 anyone wanting to print a hard copy and mail in the Claim Form, a
26 downloadable Opt Out Form for anyone wanting to print a hard copy and
27 mail in the Opt Out Form, the Complaint, a list of frequently asked
28

1 questions and answers, and when filed, the Final Settlement Approval
2 Order. The Class Notice shall include the address (URL) of the Settlement
3 Website. The claims administrator shall maintain the Settlement Website
4 until at least 30 days following Final Approval of the Settlement.

5 43. The claims administrator set up a toll-free telephone number for receiving
6 toll-free calls related to the Settlement. That telephone number shall be
7 maintained until thirty (30) days after the Claims Deadline. The Claims
8 Administrator shall also provide notice to the United States Attorney
9 General and all State Attorney Generals of the settlement, pursuant to the
10 Class Action Fairness Act (“CAFA”) 28 U.S.C. § 1715.
11

12 ADEQUACY OF SETTLEMENT

13 44. Defendant shall provide class benefits of \$20 per Class Printer purchased
14 by Class Members during the Class Period. The Settlement Class
15 Members who submit a valid Claim Form stand to receive a cash payment
16 from the Settlement Fund in the form of a check per Approved Claim, in
17 the amount of \$20 per printer. The recovery of Class Members will not be
18 impacted in any way by the costs of administering the Settlement, by any
19 award of attorney’s fees or costs of suit, or by the incentive awards sought
20 by Plaintiffs. HP has agreed to pay these amounts separately from the
21 recovery of the Class.

22 45. Administration and Notice expenses will be paid for by HP. KCC has
23 provided a quote as to the anticipated expense of Notice and
24 Administration, which my office has shared with HP, and to which HP has
25 not objected.

26 46. Attorneys’ fees and costs to Class Counsel, will be paid for by HP
27 separately from the Settlement to the Class. The parties did not agree to
28

1 any clear sailing provision, and HP retains the right to challenge the
2 reasonableness of fees, thus there is zero possibility of collusion between
3 HP and Class Counsel, because they remain adversarial with respect to the
4 payment of attorney's fees and costs. The Honorable Court retains full
5 discretion as to the amount of such an award.

6 47. I believe the excellent results of this Settlement warrant attorney's fees in
7 the amount of the Lodestar incurred by my office over the past three and a
8 half years of litigation. This included over a dozen motions, class
9 certification, class notice, extensive discovery, dozens of subpoenas and
10 corresponding meet and confer efforts, and three mediations, across four
11 separate cases. The attorneys' fees and costs application will be prepared
12 solely by Class Counsel, and any attorneys' fees and costs shall be paid to
13 all counsel through Class Counsel.
14

15 48. HP has agreed to an incentive award of \$5,000 to Plaintiff Wolf, who sat
16 for a deposition and was certified as a class representative in this matter,
17 and \$2,000 for the other three named Plaintiffs, subject to Court approval.
18 In my experience, these amounts are routinely upheld as fair and
19 reasonable by Central District Courts. Defendant has agreed not to oppose
20 a request for such incentive awards in the agreed-upon amount.

21 49. As physical address information for many of the Settlement Class
22 Members has been obtained in discovery, Class Notice was provided by
23 mail to all persons with valid addresses, or in the case of Amazon
24 customers, by valid email. A direct mail notice was sent to those
25 individuals for whom address information was located by KCC.

26 50. I am unaware of any conflict of interest between Plaintiff and any putative
27 class member or between Plaintiff and Plaintiff's attorneys.
28

1 51.I am unaware of any competing litigation.

2 RISK OF CONTINUED LITIGATION

3 52.Taking into account the burdens, uncertainty and risks inherent in this
4 litigation, Class Counsel have concluded that further prosecution of this
5 action could be protracted, unduly burdensome, and expensive, and that it
6 is desirable, fair, and beneficial to the class that the action now be fully
7 and finally compromised, settled and terminated in the manner and upon
8 the terms and conditions set forth in the Settlement Agreement.

9
10 53.The named Plaintiffs and their counsel believe that the claims asserted in
11 the action have merit. However, taking into account the risks of continued
12 litigation, as well as the delays and uncertainties inherent in such litigation
13 including the risks in any subsequent appeal, they believe that it is
14 desirable that the action be fully and finally compromised, settled and
15 terminated now with prejudice, and forever barred pursuant to the terms
16 and conditions set forth in this Settlement Agreement. Class Counsel have
17 concluded that with the Settlement Benefit and with the deterrent effects
18 of the Settlement, the terms and conditions of this Settlement Agreement
19 are fair, reasonable and adequate to the proposed class, and that it is in the
20 best interests of the proposed class to settle the Action.

21 54.Further, while my office felt strongly about the merits of the case, and the
22 certification posture, there were challenges to this action with respect
23 primarily to the scope of application as well as the amount of damages that
24 would ultimately be recoverable by the Class. Defendant contended that a
25 significant percentage of the Class Printers were purchased by businesses,
26 not consumers, which presented a potential damages issue with respect to
27 differences in application that would have to be factored in by the experts.
28

1 Defendant also contended that since the class was certified on behalf of
2 consumers, under the CLRA, who bought in brick and mortar stores (not
3 online), that the class size was more limited.

4 55. Further, given that there were dozens of features that came with Class
5 Printers and were advertised in various materials on the packaging, inside
6 the packaging and in other forms of advertising, Defendant contended that
7 Class Member damages would be significantly limited to only a small
8 portion of the full price of the product. Moreover, most Class Printers
9 came with CDs with the installation software included. Although Smart
10 Install was not available, this was a secondary option, which somewhat cut
11 against the damages that could be obtained by Class Members. Based on
12 these issues, and others, Defendant contended that the damages
13 attributable to the Smart Install mislabeling would be so small as to be
14 immaterial to a reasonable consumer, and planned to file a summary
15 judgment motion on this issue once damages discovery was complete.
16

17 56. Given these issues, there was substantial risk that even if Plaintiff
18 prevailed at trial and was awarded a judgment, the amount of money
19 awarded to the Class might be relatively low, and the number of people
20 who might benefit from such a judgment would be more limited in scope
21 than the Class which is being settled.

22 57. While Plaintiff strongly contends that the mislabeling of the Smart Install
23 feature was material and significant, and also believed that Plaintiffs
24 Fehrenbach, Sergi and Romero would prevail in bringing their claims on a
25 broader basis than was certified in the *Wolf Matter*, Defendant's arguments
26 raise a significant risk to the claims at issue in the case, and were given
27 due weight in settlement discussions.
28

1 58. In considering the fairness of the settlement, Adrian Bacon from my office
2 also held numerous telephonic consultations with our expert Dr. Anand
3 Bodapati. Dr. Bodapati consulted my office on his views of a damages
4 model, and what factors would go into analyzing damages under a
5 conjoint analysis. Without revealing work product relating to the specifics
6 of these discussions, I can say that based on his advice, I believe that the
7 settlement reached strikes a very fair balance that has the potential of
8 being a higher per person award than the Class would have been awarded
9 at trial after the damages model had been completed and scrutinized by a
10 jury.

11
12 59. As such, it is my belief as class counsel that this Settlement represents an
13 outstanding result for the Class. The result that was achieved is highly
14 favorable in my opinion to the Class, and was achieved without subjecting
15 Class Members to the risks and delay associated with further litigation.

16 60. A settlement was finalized, agreed upon by all Parties and counsel and a
17 formal Settlement Agreement was executed. This motion for preliminary
18 approval of class action settlement followed, which Defendant has agreed
19 in the Settlement Agreement not to oppose.

20 **NOTICE GIVEN**

21 61. For the details involved in giving the notice, and administering the claims
22 procedure, and the claims received, see Alex Thomas Declaration, filed
23 concurrently.

24 62. I am informed that data relating to potential class members was provided
25 to KCC in connection with disseminating the class notice. This data was
26 provided in two sources: 1) by my office after lengthy meet and confer and
27 discovery efforts with nearly two dozen retailers of Defendant's products
28

1 and from Defendant in the case of direct purchasers, and 2) direct to KCC
2 by retailers who were concerned about customer privacy issues.

3 63. Because of the methods in which records were maintained by Defendant
4 and verified sellers of Class Printers, it was important to my office that we
5 err on the side of caution, and give notice to anyone who potentially could
6 be a class member, for whom we had data and information, including
7 name, address and phone number, even if that notice was slightly
8 overbroad. Notice was given by KCC via direct mail postcard to all such
9 class members except Amazon purchasers, who were given email notice,
10 for reasons explained in more detail below.

11 64. With respect to mail notice, after deduplicating the data (excluding
12 multiple notices for purchasers of multiple printers, a total number of
13 35,963 potential unique class members with mailing addresses were
14 located. Of these individuals, all but 1,280 were ultimately reached by
15 direct notice postcard by KCC's efforts.

16 65. In addition to direct mail notice, Amazon.com customers had to be
17 provided notice directly by Amazon, via email, as a result of a discovery
18 dispute that was mediated by Judge Standish. The Court ruled that
19 Amazon sending email notices, with oversight by Class Counsel and in the
20 form approved by Class Counsel, was a reasonable means of reaching
21 class members and garnering participation.

22 66. Amazon provided a declaration, filed contemporaneously herewith stating
23 that it was able to locate 21,755 unique purchasers of Class Printers in its
24 records, and that emails were sent to and successfully delivered to every
25 one of those email addresses. In sum, this means that over 98% of the
26 Class were reached by direct notice be either postcard or email.
27
28

1 67. Class Members could make claims one or two ways. First, they could fill
2 out the postcard and mail it back to KCC. The postcard has postage
3 prepaid, so this was relatively easy to do. Alternatively, class members
4 could visit the settlement website and submit an online claim.

5 68. In addition to mail notice, a notice was also published in the LA Times, as
6 well as through banner ads online, as described in the declaration of Alex
7 Thomas.

8 69. My office believed, through discovery with HP, that the Number of Class
9 Printers was likely approximately 50,000, meaning that 50,000 Class
10 Printers were sold in California and Texas during the time periods in
11 question. This did not equate to unique class members necessarily,
12 because many class members purchased multiple units, for instances
13 business purchasers. As of today, there have been valid claims for 8,203
14 Class Printers. In Class Counsel's estimate, that equates to approximately
15 16.4% of purchasers, a very high take rate for a low value consumer class
16 action. I believe that the strong settlement figure reached for the Class,
17 coupled with our strong efforts to track down class members and give
18 direct notice, as well as easy to follow opt in procedures all contributed to
19 this successful participation rate.
20

21 **OPT OUTS AND OBJECTIONS**

22 70. Class Members were permitted to opt-out or to file an objection. KCC has
23 received only three opt outs and received zero objections. This is
24 described in more detail in the Declaration of Alex Thomas

25 71. The deadline to submit a Request for Exclusion or Object was June 21,
26 2018. Class Members can object to the Fee petition until October 15,
27 2018, but that seems unlikely to happen given that the fees are not tied in
28

1 any way to the settlement received by Class Members, and there was no
2 clear sailing provision.

3 72.I believe that the low number of opt outs and lack of any objections from
4 the approximately 50,000 Class Members, highly supports the adequacy of
5 the proposed Settlement. I also believe that the take rate in this case of
6 over 16% is an above average take rate in a consumer class action,
7 indicative of a high level of interest by Class Members in this settlement,
8 and a belief generally that it was a fair deal. I personally have not been
9 involved in a claims made settlement where the participation rate is that
10 high ever before.

11
12 73.Therefore, I believe that, overall, the Class Members have responded very
13 favorably to the Settlement.

14 CLASS COUNSEL'S EXPERIENCE

15 74.The Law Offices of Todd M. Friedman, P.C. seeks appointment as Class
16 Counsel in this Action. I am informed and believe that Class Counsel are
17 qualified and able to conduct this litigation as a class action.

18 75.As one of the main plaintiff litigators of consumer rights cases in the
19 Southern of California, I have been requested to and have made regular
20 presentations to community organizations regarding debt collection laws
21 and consumer rights.

22 76.I have extensive experience prosecuting cases related to consumer issues.
23 My firm, The Law Offices of Todd M. Friedman, P.C., in which I am a
24 principal, has litigated over 1000 individual based consumer cases and
25 litigated over 100 consumer class actions. These class actions were
26 litigated in federal courts in California, as well as California State Courts.
27 Approximately 100% percent of my practice concerns consumer and
28

1 employment litigation in general, with approximately 90% of my class
2 action experience involving consumer protection, and approximately 20%
3 percent of my class action practice involves litigating claims relating to the
4 UCL, FAL and/or CLRA.

5 77. Therefore, my experience in litigating class actions and my years in
6 practice allow me to provide outstanding representation to the Settlement
7 Class. I will continue to strive to fairly, responsibly, vigorously and
8 adequately represent the putative class members in this action.

9 78. I have served as plaintiff's counsel in at least the following cases
10 involving various consumer rights claims (including class actions claims):

- 11 a. *Vacarro v. I.C. Systems, Inc.*, 12-CV-02371-JAH-NLS (S.D. Cal.);

4

5 81. Based on The Law Offices of Todd M. Friedman, P.C.'s extensive
6 experience litigating consumer class actions, I believe my firm is adequate
7 counsel. Further, I believe that after over three years of litigating these
8 various matters, including after having been appointed Class Counsel in the
9 *Wolf* Matter, by contested motion, my office was in a well-informed
10 position to make settlement decisions on behalf of the Class, and that our
11 opinions about the fairness and reasonableness of the Settlement as
12 structured and negotiated should be given deference and significant weight.

13 82. It is my belief that this Settlement represents an outstanding result for the
14 Class. I strongly advocate that it should be approved by the Honorable
15 Court.

16 II. Overview of Law Offices of Todd M. Friedman, P.C.'s
17 Efforts in this Action

18 A. CONTINGENT NATURE OF ACTION

19 83. Defendant has vigorously contested the claims asserted by Plaintiffs in this
20 Litigation. Defendant's position throughout the case was that the class
21 could not be certified, would be subject to decertification due to
22 manageability concerns, that the mislabeling at issue was not material to a
23 reasonable consumer's purchase, and that even if it was, damages were
24 very low. The case would have been subject to numerous potentially
25 terminating or death knell motions if a settlement was not reached.

26 84. This action, required the Law Offices of Todd M. Friedman, P.C. to spend
27 time on this litigation that could have been spent on other matters. At
28 various times during the litigation of this class action, this lawsuit has

1 consumed my time as well as my firm's resources. My firm has not been
2 paid anything for our work on this case since it was filed. We spent
3 \$98,428.40 in costs alone on this matter, which was a very large
4 investment of out of pocket resources for a small firm.

5 85. It is my opinion that law firms in such a position expect to receive a
6 multiplier in cases such as these because of the risk taken, the extent to
7 which firms are unable to take on other cases, the delay in getting paid and
8 the costs we have to advance. Be that as it may, we are not requesting a
9 multiplier here, even though I believe we certainly could.

10
11 **B. LAW OFFICES OF TODD M. FRIEDMAN, P.C.'S LODESTAR**

12 86. Law Offices of Todd M. Friedman, P.C. has maintained contemporaneous
13 time records since the commencement of this action. To date, I have
14 incurred 2,015.1 hours of attorney time for this case,⁶ with a total lodestar
15 of \$1,157,352.00. This figure does not include the estimated hours for
16 preparing for and appearing at the final approval hearing and overseeing
17 the settlement administration. I anticipate my firm will expend
18 approximately 20 hours working on these matters, in addition to the hours
19 described herein. My figure also does not include all of the time worked
20 on the matter, including time spent by junior associates and paralegals. My
21 billing rate is \$675 per hour in this case, and the billing rate for Adrian R.
22 Bacon is \$575 per hour. The billing rate of other attorneys who worked on
23 this matter, along with their experience levels are set forth below.

24
25 ⁶ In calculating these hours, I have excluded time spent by legal clerks and
26 paralegals. While dozens of hours' worth of time were spent by such individuals
27 on this case, we have not included those hours in the lodestar calculation, because
28 the lodestar of just the attorneys comprise enough billable time as to reach a
lodestar cross-check amount roughly equivalent to the amount of attorney's fees
requested.

C. LAW OFFICES OF TODD M. FRIEDMAN, P.C.’S COSTS

87. My firm has incurred litigation costs in this matter in the amount of \$98,428.40, for which my firm is seeking reimbursement. These costs are comprised of costs for filing and serving the complaint, transmitting copies of ECF filings to the Honorable Court, payment of mediation fees to two mediators, hiring of experts, payment of class notice costs for the class certification notice, parking expenses, mileage traveling to court and to mediation, transportation, meals, hotel and airline reservations, expenses paid for third party costs associated with data pulls, service of dozens of subpoenas on third parties, and court reporter fees for depositions and other transcripts of proceedings. The breakdown of costs is as follows:

Airfare	\$1,015.92
Hotel	\$1,613.80
Service of Subpoenas and Data Pull Costs	\$9,348.35
Service on Defendant	\$847.02
Service of chambers copies to court	\$764.70
Court Reporter/Deposition Fees	\$2,740.10
Expert Fees	\$13,000.00
Class Notice	\$53,960.53
Filing fees	\$1,600.00
Meals	\$60.16
Parking	\$203.00
Mileage	\$329.46
Transportation	\$300.36
Mediation Fees	\$12,645.00
TOTAL	\$98,428.40

88. Should my firm incur costs through final approval of this action, Plaintiff

1 will seek reimbursement of such costs, as set forth in the Settlement
2 Agreement. At this time, I have no reason to believe that my firm's costs
3 will exceed \$100,000 by the conclusion of the case.

4 **D. REASONABLENESS OF HOURLY RATES**

5 89. Law Offices of Todd M. Friedman, P.C.'s hourly rates are reasonable in
6 respect to the ranges charged by comparable law firms in the State of
7 California.⁷ My billing rate is \$725 per hour in this case, and the billing
8 rate for Adrian R. Bacon is \$625 per hour.

9 90. The hourly rates sought herein for myself and Mr. Bacon are reasonable.
10 Mr. Bacon and I have not raised our hourly rates for the last two years, and
11 previously were approved at \$675 and \$575 per hour respectively by
12 numerous courts, including in the following class action cases where
13 my firm was granted final approval and full fees that we requested: *Payton*
14 *v Luxe Valet*, Case No. BC588462 (LASC); *Shelby v Two Jinn, Inc.*, Case
15 No. 2:15-cv-03794-AB-GJS (C.D. Cal.); *Couser v Dish One Satellite*,
16 Case No. 5:15-cv-02218-CBM-DTB (C.D. Cal.); *De La Paz v Accurate*
17 *Courier NCA LLC*; *Ross v Zurixx LLC*, Case No. 34-2016-00190874
18 (Sacramento SC); *Jonathan Weisberg, v. HD Supply, Inc.*, Case No. 15-
19 cv-08248-FMO (MRWx); *Tahmasian v Midway Rent A Car*, Case No. 30-
20 2015-00813013-CU-OE-CXC (LASC); *Fernandez v Reliance Home*
21 *Services, Inc.* Case No. BC607572 Los Angeles Superior Court; *Ryoo*
22 *Dental, Inc. v OCO Biomedical, Inc.*, Case No. 8:16-cv-01626-DOC-KES.

23 91. Regarding my rate, I have been practicing law since 2001, and am the
24 managing partner of one of the most active consumer protection law firms
25
26

27
28 ⁷ See Laffey Matrix attached hereto as Exhibit B.

1 in California. I have been counsel of record on hundreds of class action
2 lawsuits, dozens of which have resolved on a class-wide basis. In the past
3 four years alone, my firm has been counsel on cases totaling over \$95
4 million in class-wide relief for consumers.

5 92. My partner, Adrian R Bacon, was the managing associate attorney at the
6 time this case was filed, and has since been transitioned into a partnership
7 role. He has been practicing law since 2011, and has practiced primarily
8 class action litigation. He began working on consumer protection class
9 action litigation, including extensive work on the Toyota Unintended
10 Acceleration Litigation. Mr. Bacon played a pivotal role in drafting
11 numerous complex class action briefs in his first year of practice,
12 including drafting significant portions of the briefs in notable cases such as
13 *Nguyen v. Barnes & Noble, Inc.*, 2012 WL 3711081 (C.D. Cal. August 28,
14 2012) affirmed at *Nguyen v. Barnes & Noble Inc.*, 763 F.3d 1171 (9th Cir.
15 2014), and *Corvello v. Wells Fargo Bank, NA*, 728 F.3d 878 (9th Cir.
16 2013).

17
18 93. In only his third year of practice he was approved as class counsel, at an
19 hourly billing rate of \$475 per hour in three class action matters that were
20 granted final approval:

21 g. *Miller v. Ikea California, LLC*, Case No.: 30-2009 00331682,
22 California Superior Court County of Orange (\$5.75M class
23 settlement granted final approval and motion for fees and approved
24 at a rate of \$475 per hour);

25 h. *David Paiva et al v. Denny Corporation et al.*, Case No. 37-2010-
26 00103831-CU-OE-CTL, California Superior Court County of San
27 Diego (granted final approval and motion for fees and approved at a
28 rate of \$475 per hour); and

- 1 i. *Juan Martinez et al v. Valley Pride, Inc. et al.*, Case No. M108688,
2 California Superior Court County of Monterey

3 94.Mr. Bacon is responsible for drafting and filing the majority of the
4 Complex Motions filed by my firm in Class Action cases, as well as
5 managing discovery, taking depositions and overseeing and engaging in
6 virtually every aspect of litigation as either lead or co-lead counsel in
7 hundreds of active cases handled by my firm. He also oversees and
8 managers the firm's Orange County office. My office recently
9 successfully achieved class certification by contested motion in five hotly
10 contested class actions, the motions for which Mr. Bacon took point in
11 drafting:
12

- 13 j. *Sheena Raffin v Medicredit, Inc. et. al.*, Case No. 2:15-cv-04912-
14 MWF-PJW (C.D. Cal.) (Cal. Penal Code § 632.7 class action
15 certified under Rule 23(b)(2) and (b)(3) on behalf of approximately
16 100,000 class members whose calls were recorded without
17 knowledge or consent; potential damages of over \$250 million); and
18 k. *Anne Wolf v Hewlett Packard Company*, Case No. 5:15-cv-01221-
19 BRO-GJS (C.D. Cal.) (CLRA class action certified on behalf of tens
20 of thousands of class members who purchased printer that was
21 falsely advertised to include Smart Install feature);
22 l. *Caldera v. American Medical Collection Association*, (C.D. Cal.)
23 Case No. 2:16-cv-00381-CBM-AJW (TCPA class action on behalf
24 of 30,000-100,000 class members, certified by contested motion);
25 m. *Alfred Zaklit, et. al. v. Nationstar Mortgage LLC*, Case No. 5:15-cv-
26 02190-CAS-KK (C.D. Cal.) Cal. Penal Code § 632.7 class action
27 certified under Rule 23(b)(2) and (b)(3) on behalf of approximately
28

1 70,000 class members whose calls were recorded without knowledge
2 or consent; potential damages of over \$300 million);

3 n. *Edward Makaron v. Enagic USA, Inc.*, Case No. 2:15-cv-05145-
4 DDP-E (C.D. Cal.) (TCPA class action certified on behalf of
5 approximately 1,000,000 class members under Rule 23(b)(2) and
6 23(b)(3)).

7
8 95. In light of this experience, an hourly rate of \$625 is warranted, and is
9 further warranted in light of customary rates for junior partners on the
10 Laffey Matrix.

11 96. I anticipate Law Offices of Todd M. Friedman, P.C. will incur at least an
12 additional 30-40 hours preparing for and appearing at the final approval
13 hearing, filing a potential reply in support of final approval and/or the
14 motion for fees and costs, and overseeing the settlement administration.

15 97. With regard to a bare bones loadstar amount, our current billing records
16 reflect approximately 2,015.1 hours of time. My hourly billing rate is
17 \$725 per hour. The hourly rate of Adrian R. Bacon is \$625 per hour.
18 Other members of my firm, including junior associates, paralegals and law
19 clerks contributed to the work on this matter, and their hourly rates are all
20 reflected in a lower figure than the hourly rates in the Laffey Matrix.
21 Based on these rates, and the accompanying time entries for each
22 corresponding individual, the loadstar estimate for this Case is
23 \$1,157,352.00.

24
25 98. Here is a breakdown and summary of the fees incurred by Plaintiff's
26 counsel in connection with this Case:

Name	Number of Hours	Rate/Hr	Total
Todd M. Friedman – Managing Partner	435.6	\$725	\$315,810.00
Adrian R. Bacon – Partner	1209.7	\$625	\$756,062.50
Meghan George – Senior Associate (8 years)	21.5	\$575	\$12,362.50
Thomas Wheeler – Associate (3 years)	62.1	\$370	\$22,997.00
Yoel Hanohov – Law Clerk/Junior Associate (1 year)	214	\$175	\$37,485
Gianfranco De Girolamo (Law Clerk)	72.2	\$175	\$12,635
TOTAL	2,015.1		\$1,157,352.00

99. Attached hereto as Exhibit A is a true and correct list of all time entries in my firm's records for this matter.

100. Attached hereto as Exhibit B is a true and correct copy of the Laffey Matrix, which sets forth reasonable hourly rates for attorneys.

101. Attached hereto as Exhibit C are true and correct copies of the invoices that my firm has records of showing out of pocket costs. Not all of the expenses incurred by my firm have an associated invoice to go with the expense, but I have thoroughly checked my files and ensured that the expenses requested herein are if anything underinclusive of the actual costs my firm bore in litigating this case. With respect to the other costs to which I attest hereto, firm billing records were maintained contemporaneously with these expenses and corroborate my testimony herein.

102. Based on the foregoing, I submit that our request for reimbursement of costs and for reasonable attorneys' fees is reasonable, and that the

1 Settlement should be finally approved.

2 I declare under penalty of perjury under the laws of California and the
3 United States of America that the foregoing is true and correct, and that this
4 declaration was executed on September 4, 2018.

The methodology of calculation and benchmarking for this Updated Laffey Matrix has been approved in a number of cases. See, e.g., McDowell v. District of Columbia, Civ. A. No. 00-594 (RCL), LEXSEE 2001 U.S. Dist. LEXIS 8114 (D.D.C. June 4, 2001); Salazar v. Dist. of Col., 123 F.Supp.2d 8 (D.D.C. 2000).

* “Years Out of Law School” is calculated from June 1 of each year, when most law students graduate. “1-3” includes an attorney in his 1st, 2nd and 3rd years of practice, measured from date of graduation (June 1). “4-7” applies to attorneys in their 4th, 5th, 6th and 7th years of practice. An attorney who graduated in May 1996 would be in tier “1-3” from June 1, 1996 until May 31, 1999, would move into tier “4-7” on June 1, 1999, and tier “8-10” on June 1, 2003.

** The Adjustment Factor refers to the nation-wide Legal Services Component of the Consumer Price Index produced by the Bureau of Labor Statistics of the United States Department of Labor.

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.

PROOF OF SERVICE BY MAIL	DATE:	TIME:	DEPT/DIV:	CASE NUMBER: 5:16-cv-05820-EJD-SVK

BY FAX

I am a citizen of the United States, over the age of 18 and not a party to the within action. My business address is 504 Redwood Blvd #223, Novato, CA 94947.

On 08/11/2017, after substituted service under section CCP 415.20(a) or 415.20(b) or FRCP 4(e)(2)(B) or FRCP 4(h)(1)(B) was made (if applicable), I mailed copies of the:

Subpoena to Produce Documents, Information or Objects or to Permit Inspection of Premises in a Civil Action

to the person to be served at the place where the copies were left by placing a true copy thereof enclosed in a sealed envelope, with First Class postage thereon fully prepaid, in the United States Mail at Los Angeles, California, addressed as follows:

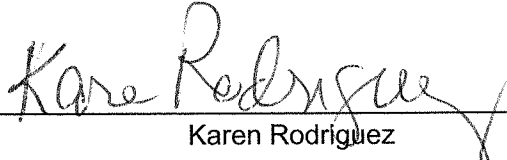

CompAndSave.com Inc.
TAK SHING YEUNG
38929 CHERRY ST
NEWARK, CA 94560

I am readily familiar with the firm's practice for collection and processing of documents for mailing. Under that practice, it would be deposited within the United States Postal Service, on that same day, with postage thereon fully prepaid, in the ordinary course of business. I am aware that on motion of the party served, service is presumed invalid if postal cancellation date or postage meter date is more than one (1) day after date of deposit for mailing in affidavit.

Fee for Service: \$ 81.90
