

UNLOCK THE FUTURE OF BUSINESS PRINTING IN MONOCHROME.

Experience the prowess of the WF-M21000, part of the new WorkForce Enterprise series in monochrome. Increase your business productivity with print speed of up to 100 pages per minute and maximise performance with the new enhanced finishing options. Powered by Epson PrecisionCore Heat-Free Technology, the WorkForce Enterprise series consumes up to 85% less power than laser printers*, resulting in low running cost. Enjoy greater peace of mind for your business with fewer replacement parts and ultra high yield consumables that reduce impact on the environment.

IT'S IN THE DETAILS.

Exceptional Performance

Maximum productivity with consistent high speed printing of up to 100 pages per minute with fast, dry pigment ink - DURABrite Pro Ink.

Enhanced Finishing

Enjoy greater flexibility with new finishing options capable of booklet printing and hole-punching.

Heat-Free Technology

Achieve high speed quality printing at lower power consumption with Epson PrecisionCore Heat-Free Technology.

EPSON INKJET PRINTER

LASER PRINTER

Save time with consistent high speed printing

No heat is required to warm-up, allowing the printer to print immediately. Consistent high speed printing up to 100 pages per minute is possible, even for high coverage documents.

Less power consumption saves energy and money

With no fuser unit to heat, reduce energy consumption by up to 85%* compared to laser printers, resulting in cost savings for electricity bills.

Fewer replacement parts, lower environmental impact

Uses up to 59% fewer replacement parts** than laser printers. No heat damage to the printhead.

Less intervention increases productivity

With fewer parts to replace and printheads that last longer, the amount of intervention is decreased, providing improved reliability and reduced downtime.

Enhanced Finishing Capability

Increase productivity with advanced finishing such as auto-stapling, hole punching and booklet printing.

Disclaimers

⁴ Testing was commissioned by Epson to Keypoint Intelligence-Buyers Lab. Two comparison models were selected from colour laser multi-function printers in the 65-70 ppm class. Tests were conducted at the devices' default settings using Keypoint Intelligence-Buyers Lab standard energy consumption test methods. Calculations were based on a weekday workload of 2 x 4 hours printing + 16 hours in sleep/standby mode, and weekend energy use of 48 hours in sleep/standby mode. A total of 69 pages of workload test pattern .doc, .xls, .ppt, .html, and Outlook files were printed 6 times in each 4-hour printing period.

⁶ Testing was commissioned by Epson to Keypoint Intelligence-Buyers Lab, based on Epson WF-C20590. Two comparison models were selected from colour laser multi-function printers in the 65-70 ppm class. Calculations were based on the frequency and volume of consumables and replacement parts required to print 1 million pages (ISO/IEC 24712 test pattern) over a period of 5 years.

¹ Black print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. For more information, visit www.epson.com.sg/printspeed.

² With 2 black ink cartridges: up to 120,000 pages in black.

³ For simplex printing only.

⁴ Replacement cartridge yields are based on ISO/IEC 24711 tests in Default Mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. All ink colours are used for printing and printer maintenance, and all colours have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer setup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For more information, visit www.epson.com.sg/inkinfo.

⁵ Finisher Tray 2 for Fax output only.

⁶ Default mode in accordance with ISO7779.

⁷ Up to 50 sheets for letter, A4 and B5 size. Up to 30 sheets for A3, B4, Legal and 8.5 x 13".
