

IN112x

Unbeatable Value

Part #: IN112x

InFocus

This model is Discontinued. Consider the [IN112xa](#) instead.

Key Features

- ◆ Ultra-low purchase price
- ◆ Long life lamp of up to 10,000 hours lowers costs even more
- ◆ 3,200 lumens of brightness
- ◆ High 15000:1 contrast ratio for darker blacks and whiter whites
- ◆ SVGA (800 x 600) resolution
- ◆ Accurate and vivid color reproduction with BrilliantColor™ technology
- ◆ HDMI connectivity
- ◆ Display 3D content from Blu-ray, PCs, cable boxes and more
- ◆ Instant on/off

"The colors are vivid and the picture is bright." -Customer Review via [B&H](#)

Lowest Total Cost of Ownership

The IN112x is one of the lowest priced office and classroom projectors we've ever offered. With lamps that last up to an amazing 10,000 hours and no filters to replace, it's an unbeatable value. Activate the Eco Blanking feature on the remote control when the projector isn't being used and lower the lamp's power usage by 70%, saving energy and significantly extending the life of the lamp.

Top-notch Image Quality

3,200 lumens mean bright, clear images even with the lights on. Preset modes give you the best image quality on a beige wall, whiteboard, blackboard or other surface. The IN112x supports multiple forms of 3D, including Blu-Ray, 3D broadcasting, video games and PC connectivity. All your audience needs are 144Hz DLP Link 3D glasses (sold separately).

Easy to Move and Install

At only 5.4 lbs. (2.45 kg), the IN112x projector's compact size and weight make it easy to move from room to room, but powerful enough to install. Built-in speaker and 3.5mm audio out port provide clear audio, and a RS232 port means it can be easily integrated into room control systems.

Specifications*

Projector	IN112x
Resolution – Native	SVGA (800 x 600)
Resolution – Maximum	WUXGA (1920 x 1200)
