Pilot Announcement: Parcel Return Service — It’s Growing!

Beginning February 23, 2009, UPS launched a pilot service called “UPS Returns Flexible Access” using USPS® PRS. UPS will allow customers to return items — originally shipped by UPS — to participating retailers using the Postal Service™ for pickup. Consumers will gain the convenience of USPS access points for a return pickup — collection boxes, Post Offices™, and Free Package Pickup from home or business addresses. With the launch of this pilot, UPS becomes a participant in the national PRS return delivery unit (RDU) program, which includes our current partner Newgistics. Only those customers who have a combination UPS and USPS-PRS label will be participating in this pilot and will be allowed to hand off their return packages to the Postal Service. It will be critical that personnel in all retail offices, all carriers, plant personnel, and bulk mail center (BMC) personnel be able to identify, accept, and process these packages according to their respective service talks.

Return packages are a growing market segment, thanks to increased Internet and catalog sales and the recycling of small electronics. Market studies indicate that in order to maintain consumer loyalty and repeat business, the returns process must be easy. PRS was developed for merchants that experience a large number of returns and want to provide their customers with a convenient return solution, and for shipping consolidators or reverse logistics providers. PRS has shown steady volume and revenue growth since its launch in 2003. PRS offers two pricing options for two entry levels, designated RDUs and return bulk mail centers (RBMC).

PRS/UPS Pilot Stand-up Talk for Back Office Employees

As of February 23, 2009, UPS partnered with the U.S. Postal Service® and launched a pilot program called “UPS Returns Flexible Access”. With the launch of this program, UPS becomes a participant in the national PRS RDU Program. The program is called “Flexible Access” because the customer can choose to return the parcel with UPS or the Postal Service. We’re hoping the convenience we can offer will persuade customers to mail with us, generating new revenue for the Postal Service. Customers can give parcels to their mail carrier, leave parcels in their mailbox, drop them in a collection box, drop them off at the retail counter, or request Carrier Pickup™ service.

If you get a parcel with a UPS label — *read from the bottom up*. Look for our Postal Service PRS label on the bottom with the unique ZIP Code of 56902 and an alpha code of **B**. Carriers will identify these parcels, bring them back, and place them in the designated area.

Unique Mailer ID and ZIP Code

Sample UPS Label

If you are a designated RDU for UPS, your office will have on file an Authorized Agent Notification for Parcel Return Services — Return Delivery Unit letter. This letter will also have a PS Form 3801, *Standing Delivery Order*, attached, with instructions for pickup by UPS or its agent.

When processing PRS items, you must look for the designated unique ZIP Code (56902) and Mailer ID (“B”) that were mentioned in the UPS letter. If you are currently an RDU for Newgistics (56901), you still are and there are no changes to the procedure for its packages. If you are an RDU for both UPS and Newgistics, you will need to identify both and make two separations. Any other items with a unique 569XX ZIP Code and other Mailer ID must *not* be held or scanned at your facility. They are sent to the BMC with other outgoing mail.

Two mandatory PRS scans

1. **Available for pickup** — triggers pickup and payment. Perform this scan the day the parcel is received. ***No Scan — We do not get paid***.
2. **Picked up by agent** — change of custody. Perform this scan when the UPS driver picks up the parcel.

To identify UPS PRS items:

1. Look for the designated unique ZIP Code “56902”.
2. Ensure the Mailer ID is “B”.

The success of this program depends on you — identify, scan, and properly handle PRS packages. Ask your supervisor if you have any questions.

PRS/UPS Pilot Stand-up Talk for Retail Associates

As of February 23, 2009, UPS partnered with the U.S. Postal Service and launched a pilot program called “Flexible Access”. With the launch of this program UPS becomes a participant in the national PRS RDU Program. The program is called “Flexible Access” because the customer can choose to return the parcel with UPS or the Postal Service. We’re hoping the convenience we offer will persuade customers to mail with us, generating new revenue for the Postal Service. Customers can give parcels to their mail carrier, leave parcels in their mailbox, drop them in a collection box, drop them off at the retail counter, or request Carrier Pickup service.

If you get a parcel with a UPS label — *read from the bottom up*. Look for our Postal Service label on the bottom with the unique ZIP Code of 56902 and an alpha code of **B**. If you see these identifiers, accept the package. It is a Postal Service PRS package.

Points to Remember for the Retail Window

- Retail associates are required to ask the Hazmat question for all parcels accepted over the retail window.
- Retail associates accepting PRS packages *do not* enter the PRS ZIP Code into the POS or IRT system; simply thank the customer and deposit the package into the appropriate designated container for back-office/dispatch separation and scanning.
- Make sure PRS packages are not marked or prepared for expedited handling (Priority Mail® or Express Mail® service).
- Special services are not permitted *with the exception of Certificate of Mailing*. You may offer this optional service.
- Handwritten or customer prepared labels are not permitted for PRS service.
- *Do not* line out PRS ZIP Code or barcodes or the UPS information.
- ZIP Code range 56900 thru 56999 is valid for PRS packages.

Remember: No acceptance scan or retail transaction is required. Special service add-ons are not allowed, other than Certificate of Mailing. This makes the PRS transaction a very simple one.

If we do it right, we can build volume and that will give us more PRS packages to accept, collect, and process. PRS has generated significant new revenue since it launched in October 2003, and retailers count on us to process returns correctly. We need your help to keep PRS successful. Keeping these simple processes in mind will help us serve customers better as more of them learn about — and use — this great service.

Ask your supervisor if you have any questions.

PRS/UPS Pilot Stand-up Talk for All Carriers

Beginning February 23, 2009, UPS partnered with the U.S. Postal Service and launched a pilot program called “UPS Returns Flexible Access”. With the launch of this program, UPS becomes a participant in the national PRS RDU Program. The program is called “Flexible Access” because the customer can choose to return the parcel with UPS or the Postal Service. Customers can give parcels to their mail carrier, leave parcels in their mailbox, drop them in a collection box, drop them off at the retail counter, or request Carrier Pickup service.

If you get a parcel with a UPS label, *read from the bottom up*. Look for our Postal Service PRS label on the bottom with the unique ZIP Code of 56902 and an alpha code of **B**. Carriers will identify these parcels, bring them back, and place them in the designated area.

Key Points

- To identify UPS PRS items:
 - Look for the designated unique ZIP Code “56902”.
 - Ensure the Mailer ID is “B”.
- Bring the parcels back and place them in the area designated by your supervisor.

The success of this program depends on you to identify and properly handle PRS packages.

Ask your supervisor if you have any questions.

PRS/UPS Pilot Stand-up Talk for BMCs

Beginning February 23, 2009, USPS and UPS launched a pilot service called “UPS Returns Flexible Access” using USPS Parcel Return Service. With the launch of this service, UPS became a new partner in our national PRS initiative. The service is called “Flexible Access” because customers have the option of returning the parcel directly to UPS or giving it to the Postal Service.

This service leverages the convenience of the Postal Service’s extensive network of drop-off and pickup points. Customers have the option of requesting Carrier Pickup service on USPS.com®, handing the parcels to their mail carrier, dropping the parcels in a collection box, or taking the parcels to any Post Office. Postage is paid when these packages are scanned.

Most UPS PRS parcels will be identified and retained at RDUs for pickup by UPS. However, because these packages may be mixed with collection mail, it is possible these pieces will arrive at a P&DC. UPS PRS parcels identified in a P&DC will be dispatched to the BMC for scanning and pickup.

When UPS PRS parcels arrive at the BMC, they will be sorted like other parcels. Because the labels on these parcels contain both USPS and UPS shipping information, it is essential that you be familiar with the design and be able to identify the USPS section. (*Provide the attached sample for employee review and post in keying areas.*) The USPS section and ZIP Code are on the bottom half of the label, and employees should read the label from the bottom up.

Once sorted, the parcels must be containerized, placarded, and staged for pickup by UPS. To ensure appropriate postage fees are collected, every parcel must be scanned as ‘Enroute’ by a BMEU employee prior to being released to UPS. In summary, there are two things you need to remember:

- UPS is a new PRS partner and its unique ZIP Code is 56902.
- The label on UPS PRS parcels will contain both USPS and UPS shipping information. The USPS information will be on the bottom half of the label.

If you have any questions or are not sure what to look for, contact your supervisor. We are counting on you to make this test and the continued growth of PRS a success!

Combination USPS/UPS PRS Labels

Sample UPS Label

1. The label will be a combination UPS and USPS PRS label — *read from the bottom up*.
2. USPS PRS information will be on the bottom half of the label.
3. The label will bear two unique identifiers:
 - a. Unique ZIP Code 56902.
 - b. Alpha code B (Brown for UPS).
4. Place scanned items ready for pickup in designated area.
5. Other PRS parcels with different unique 569XX ZIP Codes or Mailer IDs must *not* be commingled with UPS returns. They must remain separate at all times.

Frequently Asked Questions

Q. What is Parcel Return Service?

A. Parcel Return Service (PRS) is a service developed for merchants who receive a large volume of returns and want to provide their customers with the convenience of a return solution and for shipping consolidators or reverse logistics providers. Customers will receive a return shipping label with their original shipment, through a call center, through the mail, or online at the merchants' website. PRS features Free Package Pickup for customers and competitive pricing options for merchants.

Q. How does the package get back to the merchant?

A. USPS will consolidate PRS packages at designated postal facilities where they will be picked up by qualifying merchants or agents. Packages are retrieved on an agreed upon basis. In exchange for picking up return packages, merchants or their agents receive lower postage rates and the Postal Service benefits from reduced transportation and handling costs.

Q. Can I bring my return package to any Post Office?

A. Yes, if you have a PRS label you can bring your package to any Post Office, deposit it in any postal collection box, or request Free Package Pickup.

Q. How do I get Free Package Pickup?

A. Follow the instructions provided by the merchant, or you can request Free Package Pickup at www.usps.com/pickup.

Q. What are the price categories for PRS?

A. PRS features two pricing options — one for packages picked up at RDUs, and one for packages picked up at BMCs. The unique 569 ZIP Code and Mailer ID appear on all PRS mailing labels. Pricing can be published or contracted. The Postal Service charges merchants, or their agents who pick up these packages, prices based on weight, including a charge for oversized packages.

Q. How is the postage paid?

A. The postage is paid by the merchant. The merchant provides a return shipping label with the original shipment, through a call center, through the mail, or online through their website.

Q. How does a merchant or agent become a PRS participant?

A. A merchant or agent that wishes to participate must submit a request on its company letterhead to the manager of Business Mailer Support. The specifics for making requests are available at www.usps.com/parcelreturnservices or by referring to *Mailing Standards of the United States Postal Service, Domestic Mail Manual*.

Q. Is there a permit fee associated with PRS?

A. Participants must pay an annual permit fee of \$180.00 and an advance deposit accounting fee of \$565.00. The Postal Service requires only a single permit fee for price categories, regardless of the number of locations from which the agent retrieves packages.

Q. What is the difference between PRS and Merchandise Return Service (MRS)?

A. Both services offer merchants postage paid return labels. However, with MRS the Postal Service processes and transports the package to the merchants. With PRS, the merchants or their agents come to a designated postal facility to pick up their returned items at a cost savings to them.

Q. Will all Postal Service facilities hold PRS packages for pickup?

A. All BMCs are designated as RBMCs. Only specifically designated Post Offices will serve as RDUs.

Q. How will I know if my office is a specifically designated RDU?

A. Specifically designated RDUs will be notified by the merchant/agent via the Authorization Agent Notification for Parcel Return Services — Return Delivery Unit letter including the PS Form 3801, which will be placed on file. Training is provided to all designated RDUs by area/district PRS coordinators.

Q. If I am an RDU for one agent, am I an RDU for all agents?

A. No. Each agent uses various methods to determine which sites will be an RDU and where they will pick up. Your facility will receive a separate letter of notification from each merchant/agent.

Q. What if I'm an RDU for one agent and not for another?

A. You will scan and hold the PRS packages for the agent for whom you are a designated RDU, and you will placard and dispatch the other PRS packages to the RBMC.

Q. Does PRS offer tracking?

A. PRS labels include a barcode that allows a customer to confirm the date and time when the return is available for pickup and when the merchant or agent retrieves packages at the RDU. Enroute status and picked up by agent information is also provided once returns are manifested from a RBMC.

Q. Can a merchant or agent consolidate returns at only one RDU or RBMC?

A. No. A participating merchants or agents can retrieve at all BMCs and specifically designated RDUs.

Q. Can any extra services be used with PRS?

A. Only one extra service is available with PRS. For a fee, the mailer may purchase Certificate of Mailing.

Q. Where can I get more information about PRS?

A. Additional information about PRS on available at www.usps.com/parcelreturnservices.

DMM Revision: Optional Documentation for Nonpresorted Bound Printed Matter Mailings with Nonidentical-Weight Mailpieces

Effective April 6, 2009, we are revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) parts 364 and 464 to provide a new option for mailers to document postage payment for nonpresorted Bound Printed Matter (BPM) mailings. In addition, revisions were made to streamline, simplify, and clarify the mailing standards for postage payment and documentation.

This revision allows mailers who present a maximum of 299 nonpresorted, nonidentical-weight BPM flats or parcels the option to use the new PS Form 8042, *Bound Printed Matter Documentation Form*. Previously, when using permit imprint for postage payment, customers were required to obtain authorization for all nonpresorted, nonidentical-weight mailings regardless of the number of mailpieces.

The use of PS Form 8042 will eliminate the labor-intensive task of completing multiple postage statements due to nonidentical-weight mailpieces and will expedite the Postal Service™ mail acceptance process. For customer convenience and ease of use, PS Form 8042 may be obtained online via Postal Explorer® at <http://pe.usps.com> by clicking *Postage Statements* in the left frame.

We will incorporate these revisions into the next printed version of the DMM and into the monthly update of the online DMM, which is available via Postal Explorer® at <http://pe.usps.com>.

DMM Revision: Elimination of Labeling Lists L603 and L604

Effective May 11, 2009, irregular parcels may no longer be prepared in 3-digit or area distribution center (ADC) and mixed ADC containers.

To synchronize mail processing and distribution, the Postal Service™ is removing all references to irregular parcels from labeling list L009 and eliminating the use of labeling lists L603, which is used for 3-digit Standard Mail® irregular parcels, and L604, which is used for 3-digit mixed ADC Standard Mail irregular parcels. Also, existing content identifier numbers (CINs) for irregular parcels will be revised to reflect sectional center facility (SCF) preparation or bulk mail center (BMC)/auxiliary sectional facility (ASF) and mixed BMC preparation.

As a result, labeling procedures for irregular parcels will be modified, and use of the following labeling lists will be required:

- L601 — describes the service area by individual 3-digit ZIP™ Code prefix for Standard Mail and Package Services items that must be sorted to BMC destinations.
- L602 — describes the service area by individual 3-digit ZIP Code prefix for Standard Mail and Package Services items that must be sorted to ASF destinations.

L601 must be used when preparing irregular parcels as follows: Irregular Standard Mail parcels except ASF mail (other than mail for the Buffalo ASF service area) prepared and claimed at destination bulk mail center (DBMC) prices; irregular Standard Mail parcels for the Buffalo ASF service area prepared and claimed at DBMC prices must be sorted to the Pittsburgh BMC.

L602 must be used for irregular Standard Mail parcels if mail is destined for ASF locations (other than mail for the Buffalo ASF service area) and prepared/claimed at DBMC prices.

We will incorporate these revisions into the next printed version of the DMM and into the May update of the online DMM, which is available via Postal Explorer® at <http://pe.usps.com>.

20-2 Customer International Claims

20-2.1 Overview

[Revise 20-2.1 to read as follows:]

An *inquiry* refers to requests for information or complaints about the disposition of an article entered in international mail.

The International Inquiry Center (IIC) handles all inquiries for international articles.

Customers must contact the IIC at 800-222-1811 to report the loss, damage, or rifling (missing contents) of articles mailed via Global Express Guaranteed (GXG), Express Mail International (EMI), Priority Mail International (PMI), Registered Mail, Insured, or ordinary service.

Inquiries are not accepted for ordinary letters, Priority Mail International flat-rate envelopes, Priority Mail International small flat-rate boxes, or M-bags.

After an inquiry is received by the IIC, the IIC will correspond with the post in the foreign country. If the IIC determines that a claim for the item should be initiated, the IIC will send a claim packet to the customer with instructions for completing the claim and mailing the claim to Accounting Services, International Accounting Branch (IAB).

Accounting Services handles the adjudication of claims (claim processing) functions for all international articles.

PRUs must not adjudicate any claims locally, regardless of the amount.

- Article number appearing under the barcode.
- Names, addresses, and telephone numbers of the mailer and addressee.
- Date of mailing.

Inquiries for Priority Mail International flat-rate envelopes and small flat-rate boxes will not be accepted unless registered service is purchased.

Before initiating an inquiry of an article mailed to a foreign country, the customer must allow sufficient time for delivery of the mailpiece to the foreign country. PS Form 1000 contains a table listing the time limits for filing customer claims for both domestic and international services.

20-2.3 Damaged, Rifled, or Missing Items

[Revise 20-2.3 to read as follows:]

For damaged articles that are held in the United States, an inquiry is not required. For damaged articles that are held in a foreign country, the customer must initiate an inquiry by calling the IIC.

Customers who receive a damaged article or one that has missing contents from Canada must contact the Canadian

sender and instruct him/her to file a claim with Canada Post.

Customers who receive a damaged article or one that has missing contents from a foreign country, except an item from Canada, must take the item to any PRU immediately for inspection.

To file a claim for a damaged international article, customers must do the following:

- a. Complete a PS Form 1000.
- b. Submit the PS Form 1000 and the damaged article to a PRU.
- c. Supply the following documentation to accompany the claim form:
 1. Evidence of Mailing — original mailer receipt or an original sales receipt form a point of service (POS) retail terminal that includes the mailing receipt number and insurance amount, or for inbound articles, the article number.

 - For purchases made using an Internet account, a final or completed transaction sheet indicating the amount deducted from the account and a description of the item(s).

Upon receipt of a damage claim presented by a customer, retail associates (RAs) do the following:

- a. Ensure the customer completes and submits a PS Form 1000.
- b. Perform the verification of the damaged article and documents submitted by the customer of evidence of mailing and value.
- c. Prepare a PS Form 2856, *Damage Report of Insured Parcel and Contents*.

Handbook F-101 Revision: Handling Partial Blocks of Domestic Money Orders

Effective immediately, all postal retail units (PRUs), and contract postal units (CPUs) must send all partial and full blocks of blank money orders that cannot be issued within the unit to the servicing stamp distribution office (SDO) or stamp services center (SSC). PRUs no longer destroy partial blocks of money orders locally. This also includes the old style money orders that are no longer saleable.

Handbook F-101, *Field Accounting Procedures*, is being revised to update the procedures for handling partial blocks of blank money orders. (This policy change does not apply to voided/spoiled money orders or mutilated/damaged money orders submitted for replacement.)

Partial blocks of domestic money orders must be submitted to the SDO or SSC during the regular schedule for returning items for destruction provided by the SDO or SSC. **Exception:** Units that are closing or are converting to point of service (POS) must coordinate with the servicing SDO or SSC the immediate return of all blank money orders.

Upon receipt of partial blocks of domestic blank money orders, SDOs and SSCs submit them to the stamp destruction committee (SDC) for destruction and follow the same procedure for destruction of stamps.

[Revise 11-6.11 to read as follows:]

Postal retail units (PRUs) and contract postal units (CPUs) must send partial and full blocks of blank money orders that cannot be reissued within the unit to the servicing SDO or SSC.

* * * * *

[Add section 11-6.11.1 to read as follows:]

11-6.11.1 Returning Blank Money Order Stock for Reissue

PRUs and CPUs must send unopened full blocks of domestic money orders and all international money orders that cannot be reissued within the unit to the SDO or SSC for redistribution. PRUs and CPUs must receive authorization from the servicing SDO or SSC prior to returning unopened full blocks of domestic money orders or any international money orders

When returning blank money orders to the servicing SDO or SSC for reissue, the unit reserve stock custodian does the following:

- Prepares an original and three copies of PS Form 17 and marks the forms as “Returned Money Orders”.
- Prepares a separate PS Form 17 for each carton. The PS Form 17 must equal the exact contents of the carton.
- With a witness, independently verifies the unopened full blocks of money orders and any international money orders and enters the item number, quantity, and serial number ranges on PS Form 17.

Prepare and submit blank money order stock for return as follows:

- Place the original PS Form 17 in a sealed envelope and tape the envelope to the outside of the carton.
- Place two copies of the PS Form 17 inside the carton and file the third copy locally.
- Do not include partial blocks of domestic blank money orders or stamp stock.

- Use Registered Mail service to ship the carton to the servicing SDO or SSC.

[Add section 11-6.11.2 to read as follows:]

- Prepares a separate PS Form 17 for each carton. The PS Form 17 must equal the exact contents of the carton.
- With a witness, independently counts the individual blank money orders and enters the item number, quantity, and serial number ranges on PS Form 17.

Prepare and submit shipments of partial blocks of domestic blank money orders returned for destruction as follows:

- Place the original PS Form 17 in a sealed envelope and tape the envelope to the outside of the carton.
- Place two copies of the PS Form 17 inside the carton and file the third copy locally.
- Do not include full blocks of domestic money orders, international money orders, or stamp stock.

Domestic Mail

Business Mail Acceptance

The Postal Service™ is revising the allowable tolerance for a Mail Evaluation Readability Lookup Instrument (MERLIN) barcode readability verification to eliminate the 80–89 percent threshold. The Postal Service is also revising the process for mailers who request an appeal when a mailing processed on the MERLIN or manual barcode verification falls below the acceptable tolerance for barcode readability verification.

The Postal Service has allowed a three-tiered barcode readability verification threshold for letter and flat mailings. The threshold allows for mailings that score from 90 to 100 percent to pass the verification. Mailings with a verification result from 80 to 89 percent have additional postage calculated based on the actual percent of error applied to the total automation price pieces in the mailing. Mailings with a verification result below 80 percent have additional postage applied based on 100 percent of the total automation price pieces in the mailing. In either case, additional postage is assessed for the difference between the automation prices and the nonautomation prices. As with all verifications, mailers have the option to withdraw the mailing to make corrections or to pay the additional postage.

Additionally, mailers may request an appeal when a mailing is processed on MERLIN and the barcode readability verification result falls below the 90 percent threshold. The mail sample that was verified on MERLIN is sent via Express Mail® service to the national appeal site at the Pricing and Classification Service Center (PCSC) in New

York. Upon completion of the appeal, mailers may have the sample returned via Express Mail service or directly entered into the mailstream in New York. The Postal Service bears the cost of the Express Mail shipments.

Effective May 11, 2009, the 80–89 percent threshold for barcode readability verification will be eliminated. When a MERLIN or manual barcode readability verification falls below the 90 percent threshold, additional postage will be assessed based on the difference between the automation prices and the non-automation prices for the total automation price pieces in the mailing.

Also effective May 11, 2009, if mailers desire to appeal a MERLIN barcode readability verification failure, then they must agree to pay for the Express Mail shipment (both to and from the PCSC) from their permit imprint or additional postage account. Sufficient funds must be in the account to cover the Express Mail costs. Mailers will receive a refund for the Express Mail costs for any appeal upheld by the PCSC. Mailers will not receive a refund when the PCSC denies an appeal. The PCSC will notify the mailers and the origin acceptance site of the results of the appeal and whether or not a refund is authorized.

Federal Income Tax Withholding

New tables for federal income tax withholding have been developed due to changes to the tax law made in the American Recovery and Reinvestment Act of 2009. The biweekly personal exemption value for each federal tax allowance will remain \$140.38. Based upon provisions in

the Jobs and Growth Tax Relief Reconciliation Act of 2003, the six tax percentages remain at 10, 15, 25, 28, 33, and 35 percent, respectively. All information in this article is based upon both a biweekly payroll period (PP) and the withholding tables contained in IRS Publication 15.

* Wages are determined after subtracting withholding allowances, CPP, FEDVIP, FEHB, FSA, and TSP contributions from your gross earnings.

Commuter Program Pretax (CPP), Federal Employees Dental and Vision Insurance Program (FEDVIP), Federal Employees Health Benefits (FEHB), Flexible Spending Accounts (FSA), and Thrift Savings Plan (TSP) contributions made by employees are treated as pretax monies for these computations. When calculating your taxes, remember to subtract your withholding allowances and all of these contribution amounts from your gross earnings.

Note: There are two technical exceptions to this pretax rule. TSP contributions are tax-deferred; however, they are deducted during these computations. Additionally, in rare instances, if an employee has signed a pretax waiver for FEHB benefits, they are considered to be taxable income and not used in these calculations.

To determine the amount of withholding, follow the steps listed below:

1. Determine normal biweekly gross wages from the earnings statement.
2. Determine normal biweekly TSP contributions from the earnings statement.
3. Determine normal biweekly FSA contributions from the earnings statement. If applicable, add the amounts from both the FSA Dependent Child (FSADC) subaccount and the FSA Health Care (FSAHC) subaccount.
4. Determine normal biweekly FEHB pretax employee contribution from the earnings statement (abbreviated as HP).

5. Determine the normal commuter program pretax (CPP) employee contribution from the earnings statement. **[Note:** This program is administered on a monthly basis. The CPP contribution is deducted in every second PP.]
6. Determine the normal Federal Employees Dental and Vision Insurance Program (FEDVIP) employee contribution from the earnings statement.
7. Multiply the number of exemptions claimed by the new biweekly exemption value of \$140.38 (withholding allowance). The federal tax line on the earnings statement shows the number of exemptions claimed (e.g., S1 = Single with One Exemption, M3 = Married with Three Exemptions).
8. Subtract the amounts in Step 2 (TSP), Step 3 (FSA), Step 4 (FEHB), Step 5 (CPP), Step 6 (FEDVIP), and Step 7 (Exemptions) from Step 1 (Biweekly gross wages). The remainder is the amount that is subject to withholding.
9. Determine which range this amount falls into on the Federal Income Tax Withholding Table, and follow the instructions listed in the table.

The following is an example of how to compute federal income taxes for a Federal Employee Retirement System (FERS) employee who claims Married with Three Exemptions, and makes pretax contributions to the TSP, FSA, FEHB, CPP, and FEDVIP.

Example:

A FERS employee receives \$3,826.35 as biweekly gross wages. The employee makes the following contributions: 11 percent of gross (\$420.90) per PP to the TSP; \$65.00 per PP to the FSADC subaccount; \$95.00 per PP to the FSAHC subaccount; \$131.48 per PP for FEHB (\$131.48 is the actual cost for a Postal Service™ employee paying for High Option Self and Family (Category One) with the GEHA Benefit Plan); \$105.00 for this PP to the CPP; and \$43.00 for the GEHA PPO High Option Dental Biweekly Premium (Rating Region 2). Please note that this plan amount did not change for 2009. The employee claims Married with Three Exemptions (M3 on the Federal Tax line of the earnings statement). Using the information provided above in the Federal Income Tax Withholding Table, federal taxes are computed as follows:

1. Total biweekly gross wages	\$3,826.35
2. TSP contributions	420.90
3. FSADC contribution	65.00
FSAHC contribution	95.00
Total FSA contribution	160.00
4. FEHB contribution	131.48
5. CPP contribution	105.00
6. FEDVIP contribution	43.00
7. Exemptions (3 x \$140.38)	421.14

Computation continues as follows:

1. Biweekly gross wages	\$3,826.35
2. Minus TSP contributions	-420.90
3. Minus FSA contributions	-160.00
4. Minus FEHB contributions	-131.48
5. Minus CPP contributions	-105.00
6. Minus FEDVIP contributions	-43.00
7. Minus exemptions	-421.14
Amount of wages subject to withholding	\$2,544.83

To complete the computation, refer to the Married/ Biweekly segment of the Federal Income Tax Withholding Table. The amount of wages subject to withholding, \$2,544.83, falls within the “over \$940 but not over \$2,910” range. Using the information provided within that range, the final computation is as follows:

Amount subject to withholding	\$2,544.83
Subtract \$940 from \$2,544.83	1,604.83
Multiply \$1,604.83 by .15 (15%)	240.72
Add from the table	33.40
Add \$240.72 and \$33.40	274.12
Total federal income tax* that should be withheld from this employee's biweekly check	\$274.12

* Rounding may vary this total by a few cents.

“Monumental Opportunity” Business Connect Contest — Quarter 3

“Monumental Opportunity,” the Business Connect™ contest for Quarter 3, FY 2009, runs from April 1, 2009, to June 30, 2009, and is focused on domestic Priority Mail® service. The objective is to conduct a minimum of five Business Connect activities — all of which must focus on domestic Priority Mail service.

Competition Rules

Qualified participants include postmasters, station managers, customer service managers, branch managers, and supervisors. Customer relations coordinators and business development team members are not eligible to enter, but they will be critical in the support and success of participants.

Activities throughout the competition will automatically count towards monthly program targets, but to qualify for the contest, activities listed as requirements for that quarter must be completed and documented in the Business Connect Data Center (BCDC) at <http://blue.usps.gov/marketing/businessconnect/welcome.htm>; click *Go to Business Connect Data Center/Reports* in the right side box. (An activity can be an individual meeting, group presentation, or lobby event.)

After the quarter (i.e., after June 30, 2009), the names of all qualified participants (i.e., those who have met the minimum activity requirements) will be entered into a prize drawing for one Grand Prize winner and 50 runner-up winners.

Bonus Points: For every sale for at least \$5,000 in estimated annualized revenue, the qualified participant will have his/her name entered an additional time into the drawing. For example, a qualified participant who doesn't make a sale for \$5,000 will have his/her name entered once in the drawing (for having completed the requirements); a qualified participant who makes one sale for \$5,000 will have his/her name entered twice (once for having completed the requirements, and once for the \$5,000 sale); and a qualified participant who makes one sale for \$5,000 and

one sale for \$10,000 will have his/her name entered three times (once for having completed the requirements, once for the \$5,000 sale, and once for the \$10,000 sale).

Additional Rules

Participants must complete five Business Connect Priority Mail activities that all focus on domestic Priority Mail service. To be credited, participants must document their activities in the BCDC by 11:59 P.M. CT on June 30, 2009. To qualify, document activities in the BCDC. Select the drop-down choice “Domestic Priority Mail (BC Contest)” as your activity.

Prizes

A drawing will be conducted after each quarter to award the Grand Prize and the 50 runner-up prizes. After Quarter 3, a qualified participant will have his/her name entered into a drawing for the Grand Prize — a trip for two to the Mega Stamp Show in New York City, in October 2009. Also, 50 runner-up winners will be selected to receive a gift certificate for a prize selection of their choice (\$50 value). To qualify, a winner must be a career employee of the U.S. Postal Service® through October 2009 to accept the Grand Prize.

Additional Information

For questions about the “Monumental Opportunity” Business Connect contest, send an e-mail to BDTHQ@usps.gov. In the subject line, include the word “Contest” and your district name (for example: “Contest — Houston District”). Manual offices that don't have computers should contact their local district business development team manager for manual activity forms. In order to qualify for the contest, manual offices must complete and submit manual forms to district offices for input into the BCDC to meet the above contest deadlines.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out on their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district “Missing Children” coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

It doesn't get bigger than this.

A new national campaign. A new focus on Priority Mail® service. And a New York City trip for two.

“The great service I get from the Postal Service™ lets me offer great service to my customers.”

Paul Taylor, founder of Arborwear, faces a challenge most entrepreneurs can only dream about: trying to keep up with the demand for his products. By combining the durability of heavy-duty canvas work pants with the fit and flexibility of rock-climbing pants, Taylor created work pants for tree-care specialists – spawning an entire clothing line and global enterprise. He needed to produce – and ship – products fast. The solution? Priority Mail® Flat Rate Boxes from the U.S. Postal Service®.

“All my customers were amazed – as was I – by the efficiency of the delivery when I shipped with the Priority Mail® Flat Rate Boxes.”

Taylor discovered that he could fill each Flat Rate Box with as much of his merchandise as would fit and still pay just one flat price*. And with no need to take them to the Post Office™ (he uses Free Package Pickup†), he saves valuable time that could be better spent producing his clothing line.

“A really nice package with ‘Priority Mail’ printed on it helps us look professional.”

Taylor feels that shipping his clothing in a Priority Mail® Flat Rate Box demonstrates his commitment to delivering quality products and service.

“Now, my customers know that if they order pants, they will have them in two or three days.”

— Paul Taylor, Arborwear

Also provided are illustrations of those postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

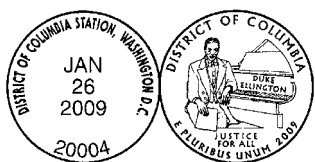

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.
