- The global economy has grown over 28% in the past 10 years³.
- 96% of consumers and two-thirds of the world's purchasing power are located outside the U.S.⁴

- U.S. exports are expected to grow by double digits each year for the next few years due to:
 - a weakening U.S. dollar
 - improved technology
 - lower taxes and tariffs
 - increasing incomes abroad
- At 113% growth from 2004 to 2009, the products offered by mail order catalogs and e-tailers are the fastest-growing segment of business⁵.
- Free trade agreements with Australia, Chile, Singapore, Jordan, Israel, Canada, Mexico, and Central America have opened up marketing opportunities for U.S. companies⁶.

THE STEPS TO SUCCESS

- 1. Familiarize yourself with the information and the materials.** Be prepared to talk enthusiastically about the convenience and economy of our international services.
- 2. Order materials from inventory. Refer to the Inventory Sheet to order materials.** Make sure you have enough to leave with customers.
- 3. Contact companies with international potential.** Contact your customers using the Opportunity Tool Kit (found via the Business Connect Resource Blue Page) to locate good prospects for international business. When you contact these businesses, let them know you want to talk to them about the potential to expand their business internationally.
- 4. Play the presentation DVD for group events.** The DVD is designed for events such as Grow Your Business Days. For one-on-one presentations, refer to your leave-behind materials and go to the usps.com/international landing page to demonstrate the easy online shipping process.
- 5. Share leave-behind materials with customers.** We've created a folder that provides comprehensive information about our international shipping services. As you go through the materials, highlight the features of our products based on their needs.
- 6. Help Letter Carriers do their part.** Letter Carriers can be a great resource for leads. Distribute sheets from the enclosed tear pads to Letter and Rural Carriers to pass out to businesses during their route.

Policies, Procedures, and Forms Updates

Manuals

DMM Revision: USPS Return Services

Effective November 7, 2011, the Postal Service™ will revise the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 126.1, 136.1, 156.1 and 705 to introduce new options designed for the return of merchandise, and to add a new subchapter 505 to consolidate all other USPS® return service standards.

Many merchants prefer to provide convenience labels to their customers for the return of goods purchased by paying shipping charges from the merchant's account. Current return options provided by the Postal Service often require a weighing and rating process that can be inefficient for both the Postal Service and the merchant.

To provide a more comprehensive selection, the Postal Service is introducing:

- Priority Mail® Return Service: An expedited return service that will be processed through USPS networks similarly to Priority Mail outbound parcels.
- First-Class™ Package Return Service: A lightweight return service that will be processed similarly to First-Class Mail outbound parcels.
- Ground Return Service: A ground return service that will be processed similarly to Parcel Post® outbound parcels.

These optional services feature processing, transportation, pricing, and service objectives that correspond with their respective outbound products.

With this revision, the Postal Service will implement an optional supporting postage payment program called scan-based payment (SBP), with some similarities to the current Electronic Verification System (eVS®). The SBP program will record data from delivery, acceptance, and other USPS scanning events, and will use this data to debit the permit holder's account. The SBP program uses a statistically valid sampling program to calculate postage, in lieu of weighing and rating each individual piece. This program will be available for customers who receive a minimum of 10,000 combined SBP parcel returns at one location for Priority Mail Return Service, First-Class Package Return Service, and Ground Return Service only. Mailpieces bearing traditional Merchandise Return Service (MRS) and Bulk Parcel Return Service (BPRS) markings are not eligible for SBP. Participation in SBP is a requirement for any of the USPS returns options.

The pricing for these new returns options will be based on the existing pricing schedules for their corresponding outbound products. The Postal Service will also offer com-

mercial base pricing for each of the three new returns service options, predicated on the use of a USPS-approved barcoded label and participation in the SBP program. Commercial base pricing for Ground Return Service will parallel that for regular Parcel Post pricing.

Commercial plus pricing is available only for Priority Mail Return Service and First-Class Package Return Service, and is available to mailers who meet the qualifications for commercial base pricing and:

- Have cumulative Priority Mail Return Service and First-Class Package Return Service volume exceeding a combined total of 25,000 return pieces in the previous calendar year, or
- Have cumulative returns commercial plus cubic volume exceeding a combined total of 85,000 pieces returned in approved packaging in the previous calendar year, or
- Have cumulative returns and outbound volume exceeding a combined total of 90,000 pieces in the previous calendar year, or
- Have a signed commercial plus returns customer commitment agreement with USPS.

The Postal Service is also providing a process to obtain scan data for mailpieces addressed to participating merchants when their customers pay their own postage for return parcels. Within this process, tracking barcodes will be applied when customers pay retail postage for mailpieces being returned to a participating merchant, at an Automated Postal Center® (APC®) or at a retail window with Point of Service (POS) ONE capability. Tracking information will then be made available at no additional charge. For more information on this process, contact your local shipping solutions specialist.

This new suite of mailing choices, under the umbrella of USPS returns, enables the Postal Service to offer competitive return shipping options that meet the service needs of customers. These new options will streamline the process for doing business with USPS by including barcodes on every piece, a streamlined payment protocol, enhanced tracking, and more label distribution choices. The new options will also enable the Postal Service to better identify shipments, while providing customers with tracking and visibility in a simple and convenient process.

Mailers may begin the application process for the new returns options immediately.

If it is not possible to cover all that information, remove the old labels, mark them out completely with a permanent marker, or cover them completely with blank labels that cannot be seen through. 24.0 Scan-based Payment

24.1 Basic Information

24.1.1 Description

The scan-based payment (SBP) program is designed to calculate postage based on sampling, rather than weighing and rating each individual piece. Participation in this program, subject to application and authorization, is available for customers who receive a minimum of 10,000 combined SBP parcel returns to a single location in 505.2.0 through 505.5.0. Prices are calculated as follows:

- a. Applicants are provided with an initial agreed-upon uniform price per mailpiece, from the published price schedules, though an initial USPS/mailer agreement.

- b. Mailpieces are identified by the presence of one or more USPS scan events.
- c. Program volume is sampled for each participant, and an adjusted average uniform price, from the published price schedules, is developed through revolving 4-week sampling periods. During these sampling periods, postage and fees are assessed based upon the weight and zone of sampled pieces.
- d. The participant's initial uniform price, from the published price schedules, is adjusted in accordance with the result of the sampling.
- e. A new SBP value is calculated and applied monthly, based on the previous 4 weeks of sampling data. The adjusted uniform price, from the published price schedules, will become effective on the 11th of each month.
- f. If there is a general change in the published price schedules, prices under this program will automatically adjust to reflect the new prices.

24.1.2 Eligibility

SBP participation may be authorized for applicants who receive a minimum of 10,000 combined returns per year at a single destination. Returns include Ground Return Service, First-Class Package Return Service, Priority Mail Return Service, and Parcel Return Service shipments. Only parcels and flat rate parcels and flats may be processed through the SBP program.

24.2 Authorization

24.2.1 Application

Application for this program is available through the Business Customer Gateway via the USPS.com website.

24.2.2 Approval

The manager, New Business Opportunities authorizes participation in this program. If the application is approved, an authorization letter is provided to the mailer.

24.2.3 Denial

If the application is denied, the mailer may file a written appeal within 15 days from the receipt of the notice, includ-

ing additional evidence explaining why the SBP request should be approved, to the vice president, Domestic Products (see 608.1 for address) who reviews the appeal and issues the final agency decision.

24.2.4 Authorization Period

Authorization remains in effect until the manager, New Business Opportunities or the customer cancels the agreement. The authorization or agreement may be modified with concurrence by the manager, New Business Opportunities and the mailer.

24.2.5 USPS Suspension

The manager, New Business Opportunities may suspend an SBP authorization at any time, pending investigation, if the authorization does not provide adequate revenue protection, or the customer (or agent) fails to meet the criteria established by the authorization. The decision to suspend the authorization may be appealed to the vice president, Domestic Products within 15 days of the receipt of the notice, by submitting a written appeal with explanation.

24.2.6 Mailer Cancellation

The customer may cancel an SBP authorization by writing to the manager, New Business Opportunities. Customers are responsible for payment on all outstanding packages even after cancellation of the SBP agreement.

24.3 Price Adjustment

Each price change will take effect on the 11th of the month. Following a price adjustment, the customer will have 10 days to dispute the change in writing to the manager, New Business Opportunities.

DMM Revision: Service Standards for Express Mail Military Service

Effective October 3, 2011, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 703.2.0, which clarifies the USPS® service commitment for Express Mail® items sent to and from APO/FPO and DPO destinations.

After a review of the logistical network that supports the transportation and delivery of the Express Mail Military Service (EMMS) product, the Postal Service, in conjunction with the Military Postal Service Agency (MPSA), is revising the service commitment from a universal 2- to 3-day stan-

dard, to one which accurately reflects the actual number of days necessary to deliver the mail to the overseas Military Post Office (MPO), which is currently 3 to 5 business days.

In addition, the Postal Service has updated the Service Delivery Calculator available at <http://webapps.usps.com/expressmailcommitments/landing.jsp> to include MPO/DPO ZIP Codes™ so that customers will be accurately informed at time of mailing of the scheduled delivery date for their EMMS shipment.

EMMS is *not available between* APO/FPO and DPO destinations.

EMMS may not be available at or between all Post Offices. An EMMS directory, showing EMMS APO/FPO and DPO ZIP Code availability, can be obtained at https://ribbs.usps.gov/apo_fpo/documents/tech_guides/EMMSdirectory.pdf.

DMM Revision: Post Office Box Fee Groups for Merged Locations

Effective November 7, 2011, the Postal Service™ will revise the *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* 508.4 to allow Post Office Box™ (PO Box™) fee groups to be merged into a single location due to Post Office™ mergers and to have the ability to change a fee group more than one higher or lower level at a time in limited circumstances.

Current mailing standards limit changes for a PO Box fee group assignment for a 5-digit ZIP Code™ to one level higher or lower, and only once per calendar year. Absent

this change, where a box section is merged with a ZIP Code location whose box section is more than one fee group level different, the location would need to charge two different fee groups. This revision will allow the fee group of the merged (receiving) location to apply to all customers receiving PO Box service in that location. This rule does not affect the standards for Group E PO Box eligibility.

Prior to any such merger, existing PO Box customers will have the option to renew their box rentals at their cur-

rent fees for another period, even if the resulting fee will have been paid for more than 1 year in advance.

This revision reflects the final rule *Federal Register* notice published on September 6, 2011 (76 FR 54931–54932), which can be found on Postal Explorer® at <http://pe.usps.com>.

4.5.3 Fee Changes

[Revise 4.5.3 as follows:]

A change in Post Office Box service fees applicable to a 5-digit ZIP Code can arise from a general fee change. In addition, the USPS may assign a fee group to a new ZIP Code, may reassign one or more 5-digit ZIP Codes to the next higher or lower fee group if fee group assignments were in error, or may regroup 5-digit ZIP Codes. Except when boxes from two or more ZIP Codes are being merged into one location, a ZIP Code may be moved only into the next higher or lower fee group. If boxes in two or more ZIP Codes merge, the fee group will be that of the receiving location, even if one of the fee groups changes by more than one level. No ZIP Code may be moved into a different fee group more than once a calendar year. A change in Post Office Box service fees takes effect on the date of the action that caused the change unless an official announcement specifies another date. If Post Office Box service fees are increased, no customer must pay the new price until the end of the current service period, and no retroactive adjustment will be made for a payment received before the date of the change. The fee charged is that in effect on the date of payment.

4.5.4 Payment

[Revise the introductory text of 4.5.4 as follows:]

All fees for Post Office Box service are for 6- or 12-month prepaid periods, except as noted under 4.5.6, 4.5.7, and 4.5.10. The general rule is that a fee may be paid up to 1 year in advance; however, when boxes from two or more ZIP Codes are being merged into one location, a customer

has the option, prior to the merger, to renew at the current fee for another rental period, even when this results in a fee being paid more than 1 year in advance. Customers may pay the fee using any of the following methods:

* * * * *

4.5.5 Payment Period

[Revise 4.5.5 as follows:]

Except under 4.5.7, the beginning date for a Post Office Box fee payment period is determined by the approval date of the application. The period begins on the first day of the same month if the application is approved on or before the 15th of the month, or the next month if approved after the 15th of the month. Fees for service renewal may be paid any time during the last 30 days of the service period, except under 4.5.4, but no later than the last day of the service period.

* * * * *

4.5.8 Change of Payment Period

[Revise 4.5.8 as follows:]

Except for customers at Post Offices subject to 4.5.7, a Post Office Box customer of record may change the payment period by submitting a new application noting the month to be used as the start of the revised payment period. The date selected must be before the end of the current payment period. The unused fee for the period being discontinued may be refunded under 4.7, and the fee for the new payment period must be fully paid in advance. Except when boxes from two or more ZIP Codes are being merged into one location, a change of payment period date must not be used to circumvent a change in box fees.

* * * * *

4.6 Fee Group Assignments

4.6.1 Regular Fee Groups

[Revise 4.6.1 as follows:]

For Post Office Box fee groups, see Notice 123, *Price List*. Post Office Boxes are assigned to fee groups and classified as competitive or market dominant based upon the Post Office location. Local Post Offices can provide information about fees for a particular ZIP Code.

Publications

Publication 75, Mover's Guide, News

The October 2011 issue of Publication 75, *Mover's Guide* is in process of being shipped to all Post Office™ facilities. All shipments should be received by September 30, 2011. As of October 1, 2011, recycle all expired versions.

The cover of the *Mover's Guide* envelope now includes color-coded up/down arrows along with the in-market dates to convey its effective quarter. The corresponding color code of the up/down arrow for the October 2011 issue is *orange*.

Mover's Guide Information

- Offices will receive copies of *Mover's Guide* in one or two shipments. The first shipments will arrive at the end of September. The second shipments will arrive 3 to 5 weeks later. Shipments are sent in quantities of 25, 100, and 300.
- Your facility may receive copies of *Mover's Guide* addressed to other offices. Break down each pallet in accordance with the posted plaque, check the labels, and forward the guides as appropriate.

Behind the Counter Program

Below are a few points about program compliance:

- Effective immediately, sales and service associates may no longer distribute more than three copies of *Mover's Guide* per customer. Instruct customers who need more than three copies to change their additional address(es) online at www.usps.com.
- Copies of *Mover's Guide* must be kept behind the counter. No copies of *Mover's Guide* should be placed in the inner or outer lobby or on the clerk counters. *If you have copies of Mover's Guide in the lobby at this time, remove them and place them behind the counter.*
- Retail associates should first encourage their customers requesting change-of-address materials to go online at www.usps.com. ICOA transactions provide customers with the most convenient, safe, and secure way to change their address.
- Customers unwilling or unable to submit their change of address at www.usps.com should be given a complete, unopened copy of *Mover's Guide*. The enve-

lope contains instructions and valuable offers that generate revenue for the Postal Service™. When you throw out the envelope and its contents, the Postal Service loses money.

Note: The Mover's Guide Behind the Counter Program is part of the ad-hoc section of the 2010 Retail Customer Experience Program, so it is critical that your Post Office be compliant with the program throughout the year by keeping copies of *Mover's Guide* out of Post Office lobbies.

ICOA Message Card Information

- If your Post Office has an ICOA Message Card display, *do not throw it away*. The display is required to be in the lobby and expected to have the ICOA Message Cards in it at all times. Replenishment cards and updated banners are mailed with your *Mover's Guide* shipments.
- If your Post Office does not have an ICOA Message Card display, you must call the replenishment phone number below for ICOA Message Card replenishment.
- If any Post Office runs out of ICOA Message Cards between shipments, call Imagitas at 800-816-6837 for replenishment.
- All Post Offices must have ICOA Message Cards in their lobbies for customer reference.

Invalid Express Mail Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate an Express Mail Corporate Account (EMCA) number online. For all other locations, online EMCA validation is preferred. The online validation process is outlined in the EMCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Express Mail® shipments bearing an invalid EMCA number in the “Payment by Account” or “Agreement Number” section of the Express Mail label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at www.usps.com/missingmoneyorders/security.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO/DPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

Misuse of the GSA SmartPay 2 Individually Billed Government Travel Cards

GSA SmartPay 2 individually billed government travel cards are issued to employees who are required to travel on official business. These cards are to be used for official government travel and travel-related expenses *only*. These expenses include air and rail tickets, lodging, meals, and car rental. They may also be used to obtain cash advances at automated teller machines. *These cards are not to be used for personal, family, or household purposes.* Nor should the card be used to pay for travel expenses of another employee.

Individually billed government travel cardholders have agreed to pay the balance in full by the due date. Failure to pay in full may result in suspension or cancellation of the card pursuant to the cardholder account agreement with Citibank.

If an employee's individually billed government travel card is cancelled, the employee will be expected to use personal means to cover all official travel-related expenses such as transportation and lodging then file for reimbursement through the eTravel system. The Postal Service™ will not reimburse for any interest incurred as a result of using

a personal credit card for official travel. Travel charges in excess of the government rate, incurred due to the use of a personal credit card, will only be reimbursed up to the government rate.

Misuse of the Government travel card, either by failure to pay the balance in full or by using it for personal purposes, will result in disciplinary action, up to and including removal. The cardholder must ensure that the travel card is used responsibly, and that the account is kept in good standing.

The travel card policy and cardholder account agreement can be found in the individually billed travel cards section on the Travelhelp website. The website is available from the Blue page under "Essential Links"; click *Relocation and Travel*, and also at <http://blue.usps.gov/travelhelp/>.

Household Diary Study

The Postal Service's Household Diary Study (HDS), conducted since 1987, provides information about the contents of the mail sent and received by our customers in U.S. households. The Postal Service™ uses this information to help understand why and how customers use the mail. The results are used to:

- Forecast mail volume.
- Plan marketing strategies.
- Provide information for rate-setting purposes.

The HDS is administered at Headquarters by the Office of Demand Forecasting and Analysis, Finance. NuStats, the HDS survey research firm contractor since July 1999, conducts the interviews and collects and analyzes the HDS data throughout the year.

HDS is a two-stage survey. Stage 1 is the Household Interview. NuStats sends an advance letter, signed by the postmaster general, to a representative sample of U.S. households. This letter emphasizes the importance of the HDS and asks for participation. Sample households are contacted either by telephone or in person and asked about the mail they send and receive, their adoption and use of various communications' technologies, their attitudes about mail service in general, and information relating to their household and personal demographics. Respondent households are recruited to participate in HDS Stage 2.

Stage 2 is the Mail Diary. NuStats asks households that agree to participate in Stage 2 to record information about the mail they send and receive for a 7-day period from Monday to Sunday. Information recorded includes number of mailpieces received and sent, industry mail source, mail characteristics, and attitudes regarding mail received. As

an incentive for HDS Stage 2 participation, households are offered the options of receiving \$30 or a roll of 100 First-Class Mail® stamps.

Customers who participate in Stage 2 of the HDS can expect to receive their incentive about 2 months after they return the diary packet to NuStats.

Data gathered in both HDS stages is available in a final report, *The Household Diary Study — Mail Use and Attitudes*. The report is published in hard copy and an electronic file. Order forms for the latest HDS report may be obtained via the Postal Service Internet at www.usps.com/householddiary.

Stop Sending Copies of PS form 8176, Premium Forwarding Service Application to Headquarters

Offices are no longer required to send a copy of PS Form 8176, *Premium Forwarding Service*[®] (*PFS*[®]) *Application*, to Headquarters (HQ). In 2005, the application was a four-part form and "Distribution: Copy 3 — HQ" was sent to Headquarters. The form has been revised multiple times and "Distribution: Copy 3 — HQ" has not been a part of the application for several years, but we continue to get copies of the application. Many offices continue to use the 2005 or 2006 edition of the form, and others are making copies of "Distribution: Copy 1 — Post Office" and sending it to HQ.

Please use the most current, January 2011, edition of the form. It has a new format and the Terms and Conditions have been updated. You can order the current edition of the form from the Material Distribution Center and use touch-tone order entry (TTOE). Call 800-273-1509.

Note: You must be registered to use TTOE. To register, call 800-332-0317, option 1, extension 2925, and follow the prompts to leave a message. (Wait 48 hours after registering before placing your first order.)

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum size of all digital color postmarks is 2" high by 4" long.

Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Supply Management

eBuy2 Yearly Purchases of 5-Gallon Bottled Drinking Water Services From Nestle and DS Waters for Fiscal Year 2012

All sites purchasing yearly 5-gallon bottled water service from Nestle, marketed as Arrowhead, Calistoga, Deer Park, Ice Mountain, Ozarka, Poland Spring, or Zephyrhills, or from DS Waters, marketed as Alhambra, Belmont, Crystal Springs, Hinckley Springs, Kentwood Springs, Sierra Springs, or Sparkletts, are required to reorder yearly via eBuy2 “on-catalog” and are requested to process their requisitions for fiscal year (FY) 2012 after October 1, 2011. All requisitions must be processed and approved *before* October 15, 2011, to avoid a lapse in service. Processing of requisitions is required during this period because the supplier needs to have your FY 2012 on-catalog requisition in the eBuy2 system in order to invoice your FEDSTRIP.

This service is *not* for “emergency” national disaster-type bottled water purchases. For all emergency bottled water requirements, refer to Material Logistics Bulletin (MLB) MLB-CO-07-001 (http://blue.usps.gov/purchase/_pdf/ops_mlb07-001.pdf).

Note: There are some sites that cannot receive service directly from Nestle or DS Waters. These sites are authorized to purchase “off-catalog” as long as Nestle or DS Waters have stated that they will not service those specific locations.

See the following MLBs for more bottled drinking water information, including step-by-step ordering instructions:

- MLB-CO-07-009 — Nestle: http://blue.usps.gov/purchase/_pdf/ops_mlb07-009.pdf.
- MLB-CO-07-010 — DS Waters: http://blue.usps.gov/purchase/_pdf/ops_mlb07-010.pdf.

USPS Headquarters Managers and Field Installation Heads: Follow-up Action for the Semi-Annual Capital Property Review

The August 2011 Semi-Annual Capital Property Review has concluded. All field activities and Headquarters departments that submitted a Semi-Annual Capital Property Certification report with adjustments (items not found) are reminded to review their latest Property Changes for the Month (PCFM) report to verify that the adjustment(s) were made. The PCFM report is available from the Electronic Data Warehouse (EDW).

The verification of adjustments with the PCFM report is an important Sarbanes-Oxley (SOX) control and is subject to audit. If you need help with the report, contact the supporting Asset Accountability Service Center (AASC) (see http://blue.usps.gov/purchase/assetmgnt/am_aasc_home.htm).
