Cover Story

Proper Lifting is Not Seasonal

At the United States Postal Service[®], lifting and handling injuries are a major contributor to lost workdays from injuries. Additionally, according to the National Institute of Occupational Safety and Health, back disorders are one of the leading causes of disability for people in their working years. With the Postal Service's increased emphasis on package delivery, employees and their supervisors must learn how to reduce the potential risk of injury from lifting.

Sometimes it's not what you are lifting, but how you are lifting that causes a painful back injury. Many back injuries are caused by everyday activities like lifting groceries, picking up a child, or reaching down to pick something up off the floor.

Lifting injuries can also be caused by sudden excessive exertion or develop over time with repetitive movement, such as:

- Bending, twisting, or reaching.
- Lifting loads heavier than an individual's physical capabilities.

The best way to avoid injury is to lift properly and know what you are lifting. Be sure to get help with a load that you cannot safely lift by yourself. When you find it necessary to lift a heavier object, think carefully about the smartest way to accomplish the task.

Reduce the risk of lifting injuries with the following tips:

- Elevate tubs, trays, and parcels to a raised surface to avoid lifting from the floor. Also, place items you lift frequently into the zone between the knees and shoulders where the body has the most available strength.
- When available, use table platforms, hamper inserts, and mechanical aids like pallet lifts or tilters to avoid bending and reaching.
- Use reach tools for items out of reach.

Also, practice proper lifting techniques to prevent injuries:

- **Size up the load.** Test the weight and assess the shape and position of the package. If the load is too heavy or awkward to move alone, get help or use a hand cart.

- **Plan your lift.** Decide on the route you will take and check your unloading spot so that you can anticipate any problems. Make sure your path and field of vision are clear.
- **Position yourself correctly.** Keep the load as close to the body as possible, maintaining a neutral back posture to avoid bending, while keeping your chin up and lifting with your legs. If possible, place your feet shoulder-width apart and straddle the load. If necessary, break the load into smaller parcels so you can see over it. Tuck in your pelvis and bend at your knees, not at your waist.
- **Lift correctly.** Let your legs do the work by using your strong thigh muscles to lift, rather than your weaker back. Don't twist your body if you need to turn. Move your feet instead of your trunk.
- **Unload items carefully.** If your load must go on the back of a deep shelf, put the load down on the edge and push it into place. If you are placing the item on a lower level, bend your knees and squat as you unload it.
- **For a heavy load, do a team lift.** Choose one person to oversee the process and tell everyone when to lift, move, and set the load down. Ideally, this person should be the last in line on a long load. If you use a hand truck, make sure it is in good repair before you lift.
- **Remove items from deep spaces carefully.** To retrieve an item from deep within a box or drawer, tip the container or modify the basic lift procedure. Get as close as you can to the object, squat slightly, and place your bent knees against the box or drawer before you lift. For lighter, smaller objects at the bottom of a deep container, swing one leg straight out behind you, flex the other knee, and use one hand to balance yourself on the edge of the container. Use the other hand to pick up the load.

Practice safe lifting to keep your back healthy and to prevent painful or disabling back injuries. For more information about safe lifting, visit blue.usps.gov/hr/safety/lifting.htm.

DMM Revision: New Mailing Standards for Domestic Mailing Services Products

Effective August 29, 2021, the Postal Service™ will revise *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* in various sections to include domestic mailing services products' price adjustments.

On July 19, 2021, the Postal Regulatory Commission (PRC) found that price adjustments that the Postal Service proposed to take effect August 29, 2021, may take effect as planned. On July 28, 2021, the PRC favorably reviewed the presorted postcard maximum size limitations that the Postal Service proposed. Final prices are available under Docket No. R2021-2 (Order No. 5937), and presorted postcard maximum size limitations are available under Docket No. MC2021-104 (Order No. 5946) on the PRC's website at prc.gov.

The Postal Service will not publish these revisions in the DMM until August 29, 2021, which is when these standards will take effect.

Schools are Opening: Watch Out for Distracted Children

August is the beginning of the new school year for many students. This means an increase in the number of pedestrians crossing streets and sidewalks as children walk to and from school or wait for school buses. Drivers need to take extra precautions to avoid accidents and keep children safe by staying alert and driving defensively.

Children are unpredictable and may not recognize the dangers of distracted walking caused by texting or talking on the phone. Wearing headphones and ear buds may block out sounds that would ordinarily warn them of potential dangers, like an approaching vehicle. They may be excited about finally being able to interact with friends after only being around their immediate families during the pandemic. They take risks, ignore hazards, and fail to look both ways when crossing the street, or while walking or riding their bikes.

Here are some precautions to take when driving through residential areas and especially near schools:

- Slow down and obey the speed limit.
- Adjust your mirrors so that you can see around your vehicle.
- Avoid backing up your vehicle.
- Avoid distracted driving.

A school zone sign with a flashing yellow light indicates you must reduce your speed to the limit posted on the sign. When you see a school zone sign, do not pass or change lanes, and obey the posted speed limit throughout the school zone. Always stay alert and use increased caution.

As with school zones, drivers must also be alert and slow down when near a school bus. A bus with flashing red lights or an extended stop sign means children are getting on or off the bus. Vehicles from both directions must stop at least 10 feet away to allow enough space for children to safely enter and exit the bus.

Drivers must remain stopped until:

- The red lights stop flashing,
- The stop sign has been drawn back,
- The driver waves you on, and
- The bus begins to move.

Failure to stop for a school bus with the stop indicators engaged can result in hefty fines. In many states, school buses are also required to stop at railroad crossings. You are breaking the law if you pass a school bus stopped at a railroad crossing.

The United States Postal Service® makes every effort to promote safe neighborhoods. Whether you are on the clock or off, be alert and aware of your surroundings to keep children safe.

Information Security

Email Users: Strictly Business Means Security

Organizations often invest in state-of-the-art firewalls and intrusion detection systems while ignoring the biggest risk to organizational security — the user.

Roughly 94 percent of all malware is delivered through email, which means having access to a USPS® email account comes with responsibility. Users must *only* use their email for business purposes, stay vigilant for suspicious communications, and report any suspected threats. Keeping USPS email accounts secure must be a top priority for Postal Service™ employees.

The CyberSafe at USPS® team offers the following tips to safely manage your email:

- **Use appropriate encryption in emails.** Emails containing sensitive information that are addressed to external audiences must be encrypted by adding **#sensitive#** to the subject line of the email. Sensitive information (requiring encryption) includes:
 - Personally identifiable information, such as birth-date, marital status, and addresses.

- Law enforcement information and any material about ongoing investigations.
- Information related to protection of the Postal Service.
- **Keep USPS and personal emails separate.** Sending emails from your USPS email address on a personal device or receiving personal emails on your USPS device is strictly prohibited.
- **Don't subscribe.** Do not use your USPS email address to subscribe to notifications unrelated to business purposes, such as newsletters, publications, and email updates from retailers.

For more helpful tips about email security, visit the CyberSafe web page at blue.usps.gov/cyber/communications.htm.

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Orderxxer Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

We have eliminated “Not Active” entries from the table below to save space and paper.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail™. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.
