## Our History

Acme Steak & Seafood was founded in 1947 in Youngstown, Ohio by three brothers: Joseph, Michael and Thomas Mike.

It all began just after World War II. The three brothers had just been released from their military services in which each served four years. One day at a restaurant, they witnessed a local chef going through the laborious and seemingly icky task of making hamburger patties by hand.

The final product was that each of the brothers received different sized burgers. This gave them the idea to prepare and sell the burgers in advance so as to keep the size and portions consistent and save the chef some work. And so, Acme Steak was born!

Although selling frozen meat was uncommon in those days, the business eventually took off and as they say, the rest is history.

Over 70 years have passed, Acme Steak and Seafood remains a locally owned family business set on providing quality products and the best service to its customers. Today, Acme Steak & Seafood is the home to a USDA Meat processing plant, a leading supplier of quality burgers, Sausage products and Custom Cut Steaks to the Youngstown and surrounding area. Today, we stock over 5000 items and counting.

# OUR USDA PLANT

Our state of the art USDA inspected facility insures the highest standards in meat processing and Custom Cut Steaks. Prime, Black Angus, Choice or No roll, we got you covered. Each of our steaks is hand selected and carved to ensure you the best cut possible.

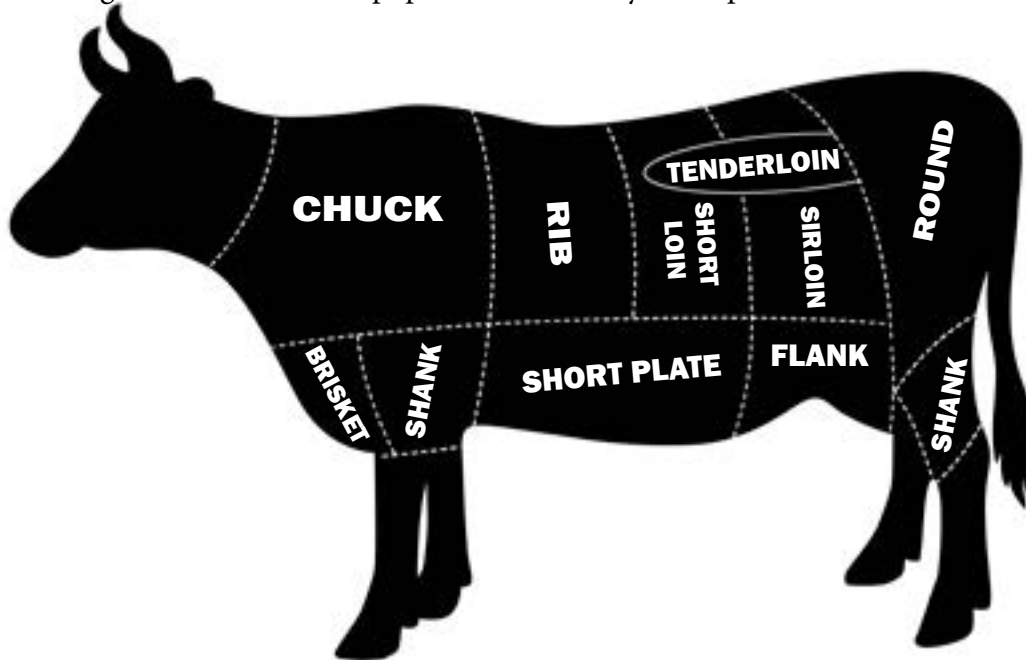

If you are considering a private label on burgers or sausage look no further, we got you covered. Our state of the art facility along with over 70years experiance.

# ACME MADE

ALCO  
Solutions for a Cleaner Environment

### DISINFECTANTS

The EPA Registration numbers 1839-83 (TB-Quat), 10324-154 (DC-7 & Wintafect) & 10324-63 (Sanni-Rinse), when used according to label directions for coronavirus, have been added to the EPA-registered disinfectant products that have qualified for use against SARS-CoV-2, the novel coronavirus that causes COVID-19.

**Clean First, Disinfect Second**  
It is important to remove soil from a surface before disinfecting even with disinfectant/cleaners. Debris can impede disinfection results.

**Dwell Time** is the length of time a surface must remain wet for the disinfectant to work properly.

Ask about our other items - spray bottles, microfibers, mops etc. that go along with our disinfectant line!

#### DC-7

Germicidal disinfectant, cleaner, virucide, fungicide & deodorant

Citrus fragrance

Neutral; Concentrate

10 minute dwell time

#DC7-1 4-1 Gallons/Case

#DC7-5 5 Gallon Pail

#DC7-55 55 Gallon Drum

#### Wintafect

Quaternary-based disinfectant, cleaner, virucide, fungicide & deodorant

Wintergreen scent

Neutral; Concentrate

10 minute dwell time

#0900-1 4-1 Gallons/Case

#0900-5 5 Gallon Pail

#0900-55 55 Gallon Drum

#### Sanni-Rinse

One-step disinfectant, sanitizer, virucide

Concentrate

10 minute dwell time

when used as a disinfectant/virucide

#0360-1 4-1 Gallons/Case

#0360-5 5 Gallon Pail

#### TB-Quat

Tuberculocidal disinfectant cleaner, deodorizer & mildewstat

Ready to use

10 minute dwell time for emerging viral claim

#0905-QT 12 Quarts/Case

#0905-55 55 Gallon Drum

### HAND SOAPS

The Center for Disease Control (CDC) recommends washing your hands often with soap & water for at least 20 seconds especially after you have been in a public place, and after blowing your nose, coughing, or sneezing.

Soap & Paper Towel Dispenser Options Available!

#### Lavish

Pleasant cherry scent

Leaves skin soft

Rinses away with no soap scum or greasy after feeling

Available in foaming

#0104-1 4-1 Gallons/Case

#0104-5 5 Gallon Pail

#0104-1F FOAMING 4-1 GL/Case

#### Security

Attacks dirt, grime and germs on contact

Does not cause drain problems or clog soap dispensers

Available in foaming

#0107-1 4-1 Gallons/Case

#0107-1F FOAMING 4-1 GL/Case
