KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

COLOR TRIAL SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color.

ESSAY SPECIMEN or PROOF: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

PRODUCTION MATERIAL: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

- 166 Theresienstadt Concentration Camp Currency Set, 1943 Czechoslovakia.... 1943, Full set of Theresienstadt Concentration Camp; 1,2,5,10,20,50, and 100 Kronen Notes. 1,2,5, and 10 Note have low serial numbers. On November 24, 1941, the Germans established a Jewish ghetto in the fortress town of Terezin, Czechoslovakia. Known by its German name, Theresienstadt, it functioned as a ghetto and transit camp on the route to Auschwitz, until its liberation on May 8, 1945. Currency used in Theresienstadt (Terezin) was designed by Czech artist Peter Kien, who was interned there and later died in Auschwitz. On the front of each bill was an engraved portrait of Moses holding the Ten Commandments in Hebrew. When Kien initially submitted his designs to Reinhard Heydrich, they were rejected. Because Heydrich objected to the fact that Moses looked too Aryan, the notes were modified to show Moses with more strongly stereotyped Semitic features; the design had to conform to the Nazi vision of Jewish appearance. The final design shows Moses with a long hooked nose and curly hair. Heydrich also demanded that the hand of Moses cover the commandment that stated "Thou Shalt Not Kill. Notes range from XF-UNC condition. (7)(Arthur C. Matz Collection) Est. \$230-450

Dec. 17th, 1864. \$2 Confederate Treasury Banknote, S/N95670, with poem on back of genuine \$2 - with several staple & similar holes & nick in upper center margin. Poem is: "In memoriam, Respectfully dedicated to the holders of Confederate Treasury Notes, Representing nothing on gods earth now, / And naught in the waters below it - / A pledge of the nation that's dead and gone, / Keep it, dear friend, and show it. / Show it to those who will lend an ear / Of liberty born, of the patriots dream- / Of the storm-cradled nation that fell. / Too poor to possess the precious ores / And too much of a stranger to borrow. / We issued one day our promises to pay, / And hoped to redeem on the morrow. / The days rolled on and weeks became years, / But our coffers were empty still, / Corn was so rare that the treasury quaked, / if a dollar should drop in the till. / But the faith that was in us was strong, indeed, / And our poverty well discerned, / And these little checks represented the pay / That our suffering volunteers earned. / We know it had hardly the value in gold, / Yet as gold our soldiers received it; / It gazed in our eyes with a promise to pay, / And each patriot soldier believed it. / But our boys thought little of price or pay, / Or of bills that were over due, / We knew if it brought us bread to-day, / 'Twas the best our poor country could do. / Keep it-it tells our history o'er- / From the birth of its dream to the last; / Modest and born in the angel Hope, / Like the hope of success it passed." 629 Monthly Financial Circular of Henry Clews & Co., 1883 Edition New York, 1883. 4 page periodical, dated March 17th, 1883, from Henry Clews & Co., Bankers and Commission Merchants. Black text on off-white paper. Discusses the investment market, the adjournment of Congress, the Public Debt, and other financial topics. Fine condition with fold lines, some slight splitting along center margin, and an off-center margin at top on back page. Henry Clews (August 14, 1834 – January 31, 1923) was a British-American financier and author. He organized the firm of Stout, Clews & Mason and eventually brought his brother James Clews over from England to help him manage a branch of the brokerage firm. In 1859, he co-founded Livermore, Clews, and Company, what was then the second largest marketer of federal bonds during the United States Civil War. In 1877, he split away and started Henry Clews & Company, a member of the New York Stock Exchange, which made him enormously wealthy. In politics, Clews was a Republican and organized the "Committee of 70," which deposed the corrupt ring associated with William M. Tweed in New York City. He was a friend of President Abraham Lincoln and served as an economic consultant to President Ulysses Grant. Towards the end of his life he wrote one of the most famous classics about life on Wall Street entitled "Fifty Years in Wall Street". Est. \$35-55

RHODE ISLAND

632 Memorial - To the General Assembly of the State of Rhode Island, 1839 Broadside Related to the Aftermath of the Panic of 1837 Cumberland, Rhode Island, 1839. Typeset, 16 x 8.5 inch document issued to the Hon. General Assembly of the State of Rhode Island, from Fenner Brown, Aaron White, Jr., and 4 other Freeman of the town of Cumberland. This piece protests against the recent recommendation that Rhode Island banks suspend payment of debts, and instead petitions the legislature to pass a law requiring banks to honor the paper currency they have issued. It also calls to "abolish the whole system of banks at once." Fenner Brown went on to represent Cumberland in the general assembly for many years, while Aaron White was a close political ally of Thomas Dorr, and one of the leaders of Dorr's Rebellion. Piece of history directly related to the aftermath of the Panic of 1837, which was a financial crisis in the United States that touched off a major depression, which lasted until the mid-1840s. Profits, prices, and wages went down; unemployment went up; and pessimism abounded. On May 10, 1837, banks in New York City suspended specie payments and so would no longer redeem commercial paper in specie at full face value. Despite a brief recovery in 1838, the recession persisted for approximately seven years. Banks collapsed, businesses failed, prices declined, and thousands of workers lost their jobs. From 1837 to 1844, general deflation in wages and prices occurred, which likely led to this public call for banking reform. Very Fine condition with some toning, Est. \$200-400

639 New York City, 1719 Land Deed Issued to Abraham de Peyster New York, 1719. Significant New York City historical land document. Ornate black handwritten text on a large sheet of vellum, dated December 1719, 6 years into the reign of King George I, "by the grace of God of Great Britain, France and Ireland, King defender of the faith." Describes the land in great detail, which was mortgaged to Abraham de Peyster for the sum of 285 Pounds and 10 Shillings by Francis Vincent. Also outlined throughout the piece are the legal terms of the deed. Included on the back is a handwritten memorandum that mentions Philip Cortlandt, with his signature underneath. Elsewhere on the back, the document is summarized as "Francis Vincent Deed to Co. Abrm. De Peyster for House & [Lot] in Broad Way." Fantastic condition for its age, with slight fading along fold lines and some staining, includes a pair of red wax seals attached by strips of vellum at bottom, also in Fine condition. Some text is difficult to decipher. Included are several signatures, including Abraham de Peyster's. Fascinating piece of early New York City history, which includes notable historic figures and locations. Interestingly, the piece also mentions Francis Vincent's wife, Hannah, at least two times. The Abraham de Peyster mentioned throughout the piece is likely Abraham de Peyster (July 8, 1657 – August 3, 1728), but could possibly be his son of the same name, who lived from 1696-1767 and served as treasurer of the Province of New York. The senior Abraham de Peyster was the 20th mayor of New York City from 1691 to 1694, who also served as Governor of New York, 1700–1701. From a wealthy merchant family, de Peyster also reportedly served in a number of public roles during his life, including stints as alderman, Associate Judge and later Chief Justice on the province's Supreme Court, president of the King's Council, and as treasurer for New York and New Jersey provinces. He also served as a colonel in the militia. His daughter, Catherine de Peyster (1688-1734) married Philip Van Cortlandt (1683-1746), a member of the prolific New York Van Cortlandt family, and who may be the same Philip Cortlandt who signed the back of this piece. The Van Cortlandt family was an influential political dynasty from the seventeenth-century Dutch origins of New York through its period as an English colony, then after it became a state, and into the nineteenth century. Among the family tree are members of the Philipse family, van Rensselaer family, Schuyler family, Livingston family, the de Peyster family, the Jay family (including John Jay, the Founding Father and first Chief Justice of the Supreme Court), and the Delanceys. EPHEMERA - HISTORIC FINANCIAL DOCUMENTS FRANCE

640 Reconstitution of Annuities, 1763 French Legal Document France, 1763. Several page typeset and handwritten document in French. Mentions the King (Louis XV), his advisors, notaries, keeper of notes and keepers of His Majesty at the "Chatelet de Paris." This piece is a reconstitution of annuities at 3% on the income coming from the duties on leathers, as well as other revenues for the king. Hereditary payments are also discussed at length. Black text with dark brown writing, black seal at top center. Fine condition with damage to margins, but in incredible condition for its age. Rare and possibly unique piece of French financial history that pre-dates the French Revolution by over 20 years. The King of France at the time was Louis XV (15 February 1710 – 10 May 1774), known as Louis the Beloved, who was King of France from 1 September 1715 until his death in 1774. He succeeded his great-grandfather Louis XIV at the age of five. His reign of almost 59 years (from 1715 to 1774) was the second longest in the history of France, exceeded only by his predecessor, Louis XIV, who had ruled for 72 years (from 1643 to 1715). In 1748, Louis returned the Austrian Netherlands, won at the Battle of Fontenoy of 1745. He ceded New France in North America to Great Britain and Spain at the conclusion of the disastrous Seven Years' War in 1763. He incorporated the territories of the Duchy of Lorraine and the Corsican Republic into the Kingdom of France. Historians generally criticize his reign, citing how reports of his corruption embarrassed the monarchy, while his wars drained the treasury while producing little gain. His grandson and successor Louis XVI would inherit a kingdom in need of financial and political reform, which ultimately would lead to the French Revolution of 1789. Est. \$325-450

641 Indented Final Agreement During the Reign of George III, 1769 United Kingdom, 1769. 17.5 x 9.5 inches Indented Final Agreement, dated Easter Day in the 9th year of the Reign of King George III. No tears, no holes, in tremendous condition and with ornate but legible handwriting. Indented left and top margins. VF condition and unique. George III (4 June 1738 - 29 January 1820) was King of Great Britain and Ireland from 25 October 1760 until the union of the two kingdoms on 1 January 1801, after which he was King of the United Kingdom of Great Britain and Ireland until his death in 1820. George's life and reign, which were longer than those of any of his predecessors, were marked by a series of military conflicts involving his kingdoms, much of the rest of Europe, and places farther afield in Africa, the Americas, and Asia. Early in his reign, Great Britain defeated France in the Seven Years' War, becoming the dominant European power in North America and India. However, many of Britain's American colonies were soon lost in the American War of Independence. Further wars against revolutionary and Napoleonic France from 1793 concluded in the defeat of Napoleon at the Battle of Waterloo in 1815. Est. \$120-200

649 William Carroll 1828 Hand Written Regarding General Andrew Jackson's Actions in the Battle of Horseshoe Bend. Nashville, Tennessee. February 8, 1828. Handwritten letter from William Carroll, an American politician, to Captain Andrew J. Donelson (likely a misspelling of Donelson), in which Carroll describes in great detail the actions of Andrew Jackson during the Battle of Horseshoe Bend. He writes that the Anti-Jackson convention of Virginia charged General Jackson "with the cold blooded massacre of the Indians at the horse shoe." Carroll states that he was present during the battle, and that the charges are "wholly destitute of foundation." He continues that an interpreter, George Mayfield, was sent to assure the Native Americans that "if they would surrender, they should be treated with the greatest humanity. They answered the proposition by firing upon, and wounding Mayfield severely in the shoulder. A similar proposition was also made through Lion King or old Chumbea, and the fire of the Indians was the only reply it did." After a number of our men were killed and wounded by those Indians, and after they had twice refused to surrender upon any terms the herd was set on fire and but few of them escaped death. The prisoners taken on that day were humanely treated by General Jackson. I have made the above statement.

The Commercial Cable Company was founded in New York in 1884 by John William Mackay and James Gordon Bennett, Jr. Their motivation was to break the then virtual monopoly of Jay Gould on transatlantic telegraphy and bring down prices. The technology was well established by this time, and they were able to lay cables from Waterville in Ireland to Canso, Nova Scotia, without the major technical problems of the first Transatlantic telegraph cable. Onward connections to New York City and beyond were initially overland and later submarine. It had a twenty-five percent share ownership in the Commercial Pacific Cable Company that operated a cable from San Francisco to Manila and Shanghai after 1906. Together these companies were all part of the Mackay Companies, also known as the Associated Companies. The company flourished for a time but in 1928, together with other elements of the Mackay System, came under the control of International Telephone and Telegraph (ITT) under a wholly owned subsidiary, the Postal Telegraph & Cable Corporation. This would be reorganized in 1935, with Commercial Cable becoming part of the American Cable and Radio Corporation. The undersea cables remained in use carrying telegraph traffic until 1962. In 1998, cables were briefly visible going out to sea at Waterville and are probably still there. Est. \$200-400

Signed by Theodore Vail New York, 1883, 9 Shares I/C Capital Stock Certificate, S/N A 73, Black text with black border. POCs and cancelled stamp at top center. Fine condition. Signed by Theodore Vail as President. The New England Telephone and Telegraph Company was a very early company set up to develop the then-new telephone. New England Telephone and Telegraph merged with the Bell Telephone Company (which was started on the basis of holding "potentially valuable patents"), on February 17, 1879, to form the National Bell Telephone Company, at which time Theodore Vail took over its operations. The National Bell Telephone Company merged with others on March 20, 1880 to form the American Bell Telephone Company. The American Bell Telephone Company was later purchased by its own subsidiary, American Telephone & Telegraph (AT&T) on December 30, 1899. Thus, share ownership of New England Telephone and Telegraph evolved into ownership of AT&T. Theodore Newton Vail (July 16, 1845 – April 16, 1920) was the first president of American Telephone & Telegraph (AT&T) between 1885 and 1889, and again from 1907 to 1919. Vail saw telephone service as a public utility and moved to consolidate telephone networks under the Bell system. In 1913 he oversaw the Kingsbury Commitment that led to a more open system for connection. When Vail passed away, telephone service across the United States was halted for one minute on the morning of April 18, 1920, while his funeral was being conducted in Parsippany, New Jersey. From 11:00 to 11:01, Eastern time, A T & T telephone operators disconnected calls. Est. \$200-350

ABNC. Upon the Non-Magnetic Watch Co. of America being placed into the hands of a receiver, A.C. Smith, and others, they immediately formed the Paillard Non-Magnetic Watch Co. The stated purpose of the new company (according to their August 1890 trade journal ad) was "... continuing the manufacture and sale of non-magnetic watches containing Paillard's inventions. ... The Paillard Non-Magnetic Watch Co. are licensees under the Paillard patents and no other organization possesses the right to use them. ..." However, Mr. Smith and his partners were a little premature with this ad. The Non-Magnetic Watch Co. was bought out by the A.C. Smith Watch Co. in August 1894 as seen in a press release published on August 8, 1894 and an ad printed September 5, 1894. Shortly thereafter, the A.C. Smith Watch Co. brought out a line of Swiss-made movements under the Princeton name and, "to make room for regular movements ..." discontinued the sale of complete (cased) Paillard Non-Magnetic (and other) watches. New York, 1885. 100 Shares I/U Capital Stock Certificate, S/N 799, Black text with brown border, Eagle with shield at center flanked by plowing and mining scenes. VF condition but cut close on left, ABNC. George B. McClellan, former commander of the Army of the Potomac, took up mining after the Civil War. He noticed copper deposits in northwest Texas while on an expedition in 1852. He formed the Grand Belt Copper Company in 1877 based on a geologic report and eyewitness accounts of plentiful copper deposits. The company purchased 200,000 acres in Hardeman County for 25 cents per acre. After a three-year suspension in operations while McClellan served as governor of New Jersey, mining resumed in 1884. He and his employees found ore mainly near the surface. They collected it from a broad area, including multiple sites within the present-day park. Up to 100 employees worked the steam-powered machinery and rock-crushing equipment. A nearby shantytown of saloons, brothels and other frontier businesses soon appeared. Major obstacles blocked McClellan's dream of riches, including fuel and water shortages, transportation issues, and unfortunately his death in 1885. The company continued limited operations for three more years before closing. Est. \$160-250

1004 James River & Kanawha Co. 1870 I/U Bond #18 Virginia, 1870. \$100 I/U 6% Second Mortgage Coupon Bond, Black text with ornate black border. Fine-VF condition, A. Hoen & Co. The James River and Kanawha Canal was a partially built canal in Virginia intended to facilitate shipments of passengers and freight by water between the western counties of Virginia and the coast. Ultimately its towpath became the roadbed for a rail line following the same course. Encouraged by George Washington, the canal project was begun in 1785 as the James River Company, and later restarted under the James River and Kanawha Canal Company. It was an expensive project which failed several times financially and was frequently damaged by floods. Though largely financed by the Commonwealth of Virginia through the Virginia Board of Public Works, it was only half completed by 1851, reaching Buchanan, in Botetourt County. When work to extend it further west stopped permanently, railroads were overtaking the canal as a far more productive mode of transportation. After the American Civil War, funds for resuming construction were unavailable from either the war-torn Commonwealth or private sources. The project also did poorly against railroad competition, finally succumbing to damage done by massive flooding in 1877. In the end, its right-of-way was bought and the canal was largely dismantled by the new Richmond and Allegheny Railroad, which laid tracks on the former towpath. Est. \$160-280

In 1863 he was appointed as the Tax Commissioner of Florida, to oversee confiscation and sales of Confederate properties in Union-occupied areas. In 1865 he was appointed as Postal Agent for the state. In 1868 he was elected as Governor under the new constitution, which enfranchised freedmen. CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20%* on the hammer price is payable by the buyer to the auctioneer (*See exceptions on next page for bids on internet).
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
 - (a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
 - (b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-
